Ye writer and hubby Frances and Beverly enjoyed dinner on Saturday at our daughter's and family, Mr and Mrs. J Repp, then on to Wainwright to visit our son and his wife, Les and Rona.

Wainwright is certainly a nice town with a grand pet shop.

Don't forget our next service at Pleasant Valley church is our Christmas eve.

Mr and Mrs Lippert were Sunday visitors to Wainwright.

George Gow kindly took his car to Edmonton on Monday accompanying him were Mary and Margaret Miss S. Cross and Tom Sherwood.

The Gow family were guests for a turkey supper at the home of Mr and Mrs O Repp Sunday.

We are all pleased to know that Mrs Till is now home from the hospital but is having to use crutches.

Mr and Mrs Walker and William were recent visitors at the Sherwood home we also enjoyed a visit by Mr Harold Reid and Ken Mr Reid plans on spending Xmas at the coast.

The carol singing on the P.A. system at Craig's store was certainly enjoyed Saturday by many doing their Christmas shopping.

Mrs Knutson visited Monday afternoon at the Dodolly home.

Wedding Bells

BARR - BEATTY

Miss Ruth Beatty, daughter of Mrs. James Chalmers, became the bride of Mr. Stuart Barr, son of Mr and Mrs. Clarence Barr in a quiet wedding solemnized at the First United church, Vermilion, on Friday evening December 7th. The Rev. C. W. MacKay officiated at the ceremony.

The bride was given in marriage by Mr James Chalmers. Her attendant was Miss Rhea Ireland, while Mr Bud Baddock was best man.

An informal reception was held at the home of the bride following the service.

Ex-Vermilion Girl Gains Promotion

The following story is about a former Vermilion girl, A. Mary Morrison who was born in Vermilion but moved east quite a number of years ago with her parents Mr and Mrs Jingo Morrison. The family homesteaded in 1909 in the Maughan district. Mary went to school at Queenie Creek, Fidelity and Bird Hill.

Mary's mother now lives at 15 St. George Street, Ste. Anne de Bellevue, P.Q.

The story, taken from the Lakeshore Ont., News, follows:

"Word has ben received that Lieut. A. Mary Morrison has been promoted to rank of Lieutenant Commander.

Mary Morrison is the second daughter of Mr and Mrs. R. H. Morrison, 15 St. George St., Ste Anne's. She was born in Vermilion, Alberta and came to Ste Anne's with the rest of the family in 1929. She is a graduate of MacDonald High school and of the Montreal General hospital and holds a Diploma in Teaching and Administration.

After nursing at the Ste. Anne's Military hospital in 1942-43, she joined the R.C.N. and was stationed first at Halifax, then at St. John's Nfld., for the rest of the war.

After further duty in Halifax, Dartmouth Coverdale and Cornwallis, Lieut. Morrison was appointed matron at H.M.C.S. "Naden", Esquimalt, B. C., which post she still holds."

Marwayne H. & S. Hear Report

MARWAYNE — The regular meeting of the Marwayne Home and School was held on Tuesday evening Nov 13th with an increased attendance.

A report on the Home and School conference held in Vegreville on Nov 9th was given by Mrs. H. Hutchinson.

Mr Gardiner gave the list of scholarships available for grades nine and 12 graduates. Mr. Gutzowaty explained the high school program and credit system. A very interesting discussion followed with many questions asked and answered.

The grade 9 room won the library book for November for having the largest number of parents present at the meeting. This competition is being continued. Two dollars will be spent on the book each month so parents please try to attend, help your child's class win the book and at the same time find out what your Home and School is doing.

The photo on the front page was taken by Tony Korpel.

Pallister-Norris Double-Ring Ceremony Held At Onoway

At a double-ring evening ceremony on Nov. 24th performed by Rev. W. E. Cowie in St. John's Anglican church, Onoway, Miss Margaret Norris, daughter of Mr. and Mrs. Henry Norris of Calahoo, became the bride of Mr. D. Ian Pallister, son of Mr. E. A. Pallister and the late Mrs. Pallister of Vermilion.

Bronze, yellow and white baby mums decorated the altar. Mrs. Kettle Sr. played the wedding music.

Given in marriage by her father, the bride chose a dressmaker suit of mixed blue English worsted wool, complemented with a white sweetheart hat and white accessories. She wore a necklet and earrings of matched sapphire blue rhinestones, a gift of the groom. Her corsage was of white gardenias, lily of the valley and fern.

She carried a white prayer book garlanded with lily of the valley, knotted into white ribbon streamers. This prayer book was given to her maternal grandfather, the late Mr. T. Ellwood, on the occasion of his marriage 54 years ago.

Miss Gladys Walker, cousin of the bride, was the only attendant. She wore a wine gabardine suit with all white accessories. Her corsage was a white baby gardenia, lily of the valley and fern.

Mr. Sydney Cooper of Vermilion was the best man.

A reception for one hundred guests was held in the F. U. A. hall, Callahoo. Rev. W. E. Cowie proposed the bridal toast.

Mr. and Mrs. Ian Pallister will make their home on the groom's farm in the Buffalo Coulee district near Vermilion.

PROTECTIVE FOIL "Wraps" 60,000-TON CARRIER

Any housewife would have thought of it! But credit goes to the builders of the U.S. Navy's mighty new carrier, U.S.S. Ranger, for using aluminum foil to keep their product "fresh".

During construction, a ship rests on wooden blocks, which absorb a lot of moisture. To protect their costly steel hull from rust and corrosion during the 18-month construction period, the Navy simply covered the blocks with ordinary household foil. This brainwave was a natural for a marine builder, since nowadays he uses shiny, non-corroding aluminum so widely for superstructures, lifeboats and other important shipbuilding components.

Vermilion Waterfowl Studies Reveal Many Interesting Habits

Each summer along No. 41 highway, from a point south of the Saskatchewan River south almost to the Battle River, motorists are likely to see a Canadian Wildlife Service car on the highway. Most of you who live along the highway recognize the members of the Wildlife Service as the "duck counters". Some may still wonder what the crazy airplane is doing when it flies down the road periodically, just clearing poplars and power lines. The plane belongs to the U.S. Fish and Wildlife Service and carries a pilot and observer to count ducks along the highway. Down below the boys of the Canadian Wildlife Service are doing the same thing, only the foot-slogging way. The reason for the two relatively simultaneously counts is to compare results made by air and ground observers in the same areas. This gives the aircrew a rough check on their accuracy in counting and shows them approximately what per cent of the ducks they are not seeing, as ground observers always count more birds than aerial observers do. Each spring the air observers fly east and west along present flight routes, beginning at the U.S. boundary and going as far north as Elk Point. From their counts and the information obtained on the ground, forecasts can be made of how many ducks there will be in the hunting season, and the hunting regulations can be set accordingly.

When most of the counting is finished, a banding program is started. Banding usually commences Aug. 1 and lasts for 20 to 30 days. There are three main methods used to catch ducks. These are, with a drive trap, by using a dog and with a bait trap. The first two methods have been used most often at Vermilion.

During August the ponds are dotted with broods of ducks. The adult males have flown earlier to the large lakes and are moulting their bright breeding plumage which will be replaced by drab female-like plumage. Many of the young ducks are partially grown but still flightless. With their mothers, the young are driven around the lake until they come to the long funnel entrance to the drive trap. Along the funnel they go into the trap. Some of them may dive under and some flop over the funnel, but with careful guidance from 20 to 100 ducks may be caught in one drive.

Some species such as mallards and pintails often take to land and hide in the weeds when they are being driven. This is when a good soft-mouthed dog is most useful, as it can find and catch these 'upland' birds. In Saskatchewan, during the last four years, crews have caught and banded over 3000 mallards, using dogs. The bait trap is a wire trap with a small entrance constructed in such a way that the ducks enter but are unable to leave. Grain spread on the ground induces the ducks to enter the trap.

When the birds are "in the bag" they are separated by species, sex and age, and an aluminum band is placed around one leg of each. The band is numbered and reads: "Notify U.S. Fish and Wildlife Service, Washington". All bands used in North America are supplied from Washington and duplicate records are kept in Ottawa of all birds banded in Canada.

MANY DUCKS BANDED IN VERMILION AREA

Band recoveries for ducks banded at Vermilion in 1956 have not yet been processed, but in 1955, 715 ducks were banded here and 54 of the bands have been returned by hunters.

What has been learned from these recoveries?

Perhaps some of you, when driving along No. 41 highway wondered where all the ducks went after that November storm. Actually, banding records show that of the ten different species banded at Vermilion, only some of the mallards stayed until the big storm. Some of the others such as pintails and blue-winged teal moved out as early as September.

COVER WIDE AREA

Of the 715 ducks banded, 10 were killed by residents of Vermilion and 3 by residents of Derwent. Eight others were killed in Canada. Of all the ducks killed, 28 per cent were killed in this country. Few hunters appreciate that the kill in Canada is so high.

Three mallards were shot in Canada, one in Utah and one in Missouri. One baldpate or widgeon ended up in Southern Ontario in October, 1956, one went as far east as Pennsylvania. Several headed for California and other Western States and the others drifted south and south east to the Gulf of Mexico.

AS FAR SOUTH AS MEXICO

On August 14, 1955 on a pond southeast of Vermilion, 41 gadwall were banded. One of these went to Mexico, two to Texas, two to Louisiana, one to Wyoming, one to Colorado, and one Kansas. Two were shot near Vermilion.

One blue-winged teal was killed at Laguna Verda, Tenencia de San Felipe los Alzati Ziticuaro Cichoaca, Mexico. Five were killed in Canada, most of them near Vermilion). One was killed in the Panama, and others in South Dakota, Kansas, Nebraska, Texas and Wyoming. Many blue-winged teal winter in South America, but few returns are received from there.

One of the scaup or bluebills banded was shot at Kitscoty, while one was killed in Maryland and one in Virginia. This species fly in a southeasterly direction and winter on the Atlantic coast.

Few pintails were banded in 1955 but one banded pintail was shot at Wainwright and one at Derwent. Previous bandings show that most Alberta pintails spend the winters in the valleys of California.

BROODS WIDELY SCATTERED

Records show that in some species even members of the same brood will migrate in different directions. Some end up in California, while their sisters or brothers may be wintering in Louisiana or Texas.

Banding records tell which of the four main flyways the birds use and when they use them. They tell how long a bird lives when subjected to hunting pressure and how long some of them manage to elude the hunter. Banding also indicates where the heaviest kill takes place and which species and age class are subjected to the heaviest kill.

The Wildlife Service hopes the information contained in this article will interest some readers and answer some questions that may have been in their minds. Perhaps it will stimulate interest in waterfowl and wildlife management. Next spring when you see a pair of blue-winged teal swimming quietly around in a roadside ditch, you may remember that they were the last ducks to arrive in the spring, one of the last to nest and raise their young, and one of the earliest to leave Vermilion. No wonder - they are long distance flyers, and feel more at home in the winter among the Central and South Americas - - and that's a mighty long trip!

By Edna M. Craig, District Home Economist

"HELLO, HOMEMAKERS"

Christmas is not far away. As Christmas approaches each year, a warning is issued - - that of Christmas tree safety. This warning bears repeating so I am going to include this week a few of the precautions you should take with your tree to prevent fire.

PRECAUTIONS:

1. Keep the tree moist by placing the base in water- cut the base at an angle about one inch above original cut.
2. Never use lighted candles.
3. Be sure the wiring and connections for tree lights are in good order. Don't overload the circuits.
4. Keep the bulbs from touching branches.
5. Don't allow the children to play with spark-producing electrical toys beneath the tree.
6. Turn off the lights when you leave the house or go to bed.
7. Don't keep the tree too long, it becomes increasingly dry and inflammable.

With the proper care you can enjoy your Cristmas tree safely. Why not establish a traditional Christmas Eve tree decorating party? Then your tree will be fresh for Christmas Day.

GIFTS

You'll be thinking about gift wrapping and looking for a few ideas. The wrapping paper, ribbon and seals available give an unlimited range for variety and originality.

WRAPPING ROUND BOXES

Lay the box on its side on a piece of paper long enough to go around and to overlap 1½ inches. Have it wide enough to extend a little more than ½ the diameter at each end. Roll the paper around the box and fasten tightly. Fold the ends down in small pleats and fasten with seals. Add a bow to the top.

UNUSUAL SHAPES

Such as jars etc. can be attractively wrapped without disguising the shape. They will add a note of interest to the otherwise square or rectangular boxes.

Tip For The Week

Shiny stars can be easily made by cutting the tops from tin cans with tin shears. Pierce a hole in the centre and hang on the Christmas tree. However be careful of sharp edges.

NOTHING BUT THE TRUTH by Ross Arnold

Fishy Secrets

The sea is a fish bowl now as scientists delve deep for fish's secrets that will help them make the best of resources. At St. Andrews, N.B., the federal biological station is getting answers to "Why do herring swim in schools? Is there a cure for disease among oysters? When do codfish reach maturity? Are steel lobster traps feasible? Is it possible to produce super salmon? Why do scallops react adversely to changes in water temperatures?"

Even the smallest fish is a whale-sized puzzle. In an interview with Dr. Hart and his staff in New Brunswick's federal biological station Cecil Chapman got a fascinating story on life under the sea and his article has been published in this week's Star Weekly.

About one out of three families in Canada are childless.

Extra Hours For Xmas Shoppers

During the week before Xmas there is always a demand for extra Christmas shopping hours. With this in mind the Retail committee of the Board of Trade have agreed on the following schedule which provides quite a number of additional hours in which to buy that last minute gift.

WEDNESDAY, DEC. 19—Open from 9 a.m. to 6 p.m.

FRIDAY, DEC. 21—Open from 9 a.m. to 9 p.m.

SATURDAY DEC. 22 — Open from 9 a.m. to 9 p.m.

Stores will close at 6 p.m. Monday, Dec. 24th, Christmas eve.

Stores will be closed December 25th and 26th, Xmas and Boxing days. 23-5

Shifting of Gears Soon A Lost Art

WINDSOR. — The automobile driver whose skill was measured by his ability to shift gears smoothly and quickly will soon be as rare as the buggy whip, Chrysler of Canada officials say.

The heavy demand for cars equipped with push-button automatic transmission has increased to the point where the new Torque-Flite transmission with push-button control is being installed as standard equipment on all Chrysler, DeSoto and Dodge Custom Royal cars in 1957. Dealers report that 90 per cent of Dodge Mayfair and Plymouth Belvedere models are being ordered with the new transmission too. Last year 57 per cent of all Chrysler of Canada models were ordered with the push-button transmission.

An improved manually operated transmission is still available on models in the Plymouth and Dodge lines.

We are very happy to bring you this outstanding picture for three days of the holiday season. "The Lady and The Tramp" is the greatest comedy Walt Disney ever produced. It is the story of a romance between two dogs — a pedigreed Cocker Spaniel named Lady, and a wise-cracking tramp dog from the wrong side of the tracks who had been everywhere and seen everything. Make your holiday season complete by taking the whole family to see "LADY AND THE TRAMP."

TEMPER & HOW TO CONTROL A CHILD'S OUTBURSTS

Temper is quite common at two years. Parents are often surprised when their "little angel", of a year and a half or two years of age begins to have temper spells. The baby's "temper cry" usually means that the baby is hungry or physically uncomfortable for any of a dozen reasons, and he is telling the world how he feels about it.

But there is a stage of development around two years of age, when the child is walking and talking at which temper tantrums are especially common. At this age, even children who are usually placid will shatter the peace with angry outbursts.

What is happening is that your baby is becoming a person able to make his demands more clearly known. He is demanding his right to explore his expanding world and to make a few decisions for himself. While he is a helpless baby we expect him to behave as such, but when he begins to walk and talk we expect him suddenly to have almost as much self-control as an adult.

Anger and resistance are natural reactions to "stop" signs. It is important that parents limit their controls over the child to the most necessary ones. If you restrict him excessively you can expect not only outburst of temper throughout the early years, but a feeling of frustration that may lead to difficulties later.

WHAT YOU SHOULD DO

When your child resists dressing, eating or giving up some treasured object, two courses are open to you. One is to hold fast to your determination, thus creating even stronger resistance in him. The other way is to respect his resistance, to see the situation from his eyes, to try to appreciate and support his effort to "do it myself." If the job must be pushed through, a firm but friendly way of going about it is highly desirable. The resisting child can respect authority if it is not turned against him. To build a co-operative relationship with your child rather than an antagonistic one is the aim.

It takes time, for the trial and error ways of a small child are fatiguing to an adult. There is no quick way out.

Even in the midst of a temper tantrum it is far better to take the child off to some quiet place with new objects of interest, not in isolation, but with an adult close by—an adult who is available and understanding. Security is what he lacks when he loses control of himself. Punishment only increases his feeling of insecurity.

Preventing temper spells is far better for all concerned than having to cure them. Hunger and fatigue make such outburst more likely to happen, so be sure the child is getting enough sleep and having his meals on time. He has a strong need for play materials suited to his development and for the companionship of other children his own age just as much as he needs the right kind of food. Repeating "bad" and "naughty" to your child is to be avoided.

HE NEEDS HIS ENERGY

The early temper spells disappear for a period of time, but usually reappear in bold fashion sometime during the four and five-year old period. The new outbursts, following a period of more controlled behaviour, are indications of new growth and are not a "back track." In this period parents tend to become exasperated and a more rigid control usually goes into force. "Surely by four and a half he should be able to put away his toys," a mother says. In fact, his new laziness and resistance stem from a hundred new interests and abilities that he has just grown into. From his point of view there isn't time to pick up his toys. He needs his energy to explore these new interests.

Affectionate assistance for him at this age may prevent displays of temper and a feeling of hatred of his parents. It can help him to become more responsible, as a result of which he will voluntarily take hold of many responsibilities during his fifth and sixth years.

If his temper spell causes an outburst on your part, it will only increase his opposition. Give him plenty of attention at other times, reading to him, talking to him, and spending more time in his company. When it is obvious that he is trying to make you give in to his wishes by a temper spell, it may be advisable to isolate him for a few minutes. And don't worry if he yells, "I hate you!" He will get over this habit of talking back, because he will eventually copy his parents' example of courtesy. He will learn to master his tongue also because he wants to be liked by his companions. It is possible to love and hate at the same time and it is better that your child express his hate. If you curb him sharply on this point he may become sullen.

SET A GOOD EXAMPLE

Prevent anger from becoming a serious handicap to your child. As an adult you can't afford to have a "hair trigger" temper exploding every time things go badly. Avoid this type of behaviour in your child by setting a good example. See to it that he does not meet too many frustrations in early life. Be sure that his training and his opportunities are suited to his age level.

Anger is not something that you can eradicate from a child's nature, but you can help him to manage it.

Mannville H. & S. To Hear Proposed Building Plans

MANNVILLE. — The Home and School meeting to be held on Thursday, Dec. 20th should prove to be a very interesting and informative one. The first hour will be sent in room visits and these will have to start prompt at 8 to leave time for the rest of the program. A report of the Banff Workshop will be given by Mrs. Pedersen, and Mrs. Younge will report on the Regional conference at Vegreville.

Mr. R. J. Whitson will be present to answer questions on the proposed building program for the Division. Mr. Facey reported on this at the last Home and School and Mr. Whitson will have the information on the cost of the proposed building and what it will actually cost the ratepayer. Write your questions down and bring them to the meeting.

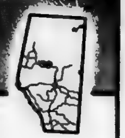
YOUR ALBERTA



THIS WILL BE THE FINAL "Your Alberta" column until after the Holiday Season, when this informative series will continue with the objective of explaining the workings of the Government of this great Province of ours—Alberta.

DID YOU SEE, IN A RECENT ISSUE of "Within our Borders", the story about the new canals dug by the Department of Agriculture's Water Resources Branch in the Girouxville, McLennan area? From the length of the canals, one would be justified in believing those residents next summer when they say they're going to enjoy a "long, cool drink of water".

The scheme brought water some 10 miles across country to serve areas where they'd been importing water by railway tank car; and been often flooded out by too much water in the spring.

JASPER NATIONAL PARK—one of Alberta's popular tourist resorts.

ANYONE WHO DOUBTS THE VALUE of good roads to the Province's tourist industry had better have a chat with the chap at the park gates at Jasper. The hardtop highway to Jasper was completed this year, opened for travel in August. The man who sells the tickets at the park gates said that travel over that road since August was up 100 percent over last year. When you consider tourists spent about $[illegible] here last year, we can expect bigger things next year.

JUST TO SAVE YOU PENCIL AND BRAIN WORK, that tourist revenue works out to about $20 per person in direct revenue and untold amounts in indirect income through jobs being made available and products made to serve the visitors. Got your share?

THIS MATTER OF EDUCATION, is, as you know, a terrific thing. Trouble is, few people are aware of just how far it goes. Take for example the new school for the deaf opened at Edmonton. Special education is needed there. Not only for humanitarian purposes, which is a good enough reason in itself, but also from the economic point of view. A deaf, or mute person, is worth more to himself and to society if he is the equal in education to his neighbors. He has as much right to it, as you have to yours.
So, as a result of this new school, there will be 120 pupils a year taking special education in lip reading, sound appreciation through vibration recognition, and talking without hearing. All these and more will be taught at the school. And, if you are the commercial type, it is worth mentioning that the school cost $2½ million and three years to build.

Someone recently told of his reactions when he suddenly came upon the scene of an accident on one of our highways a short time ago. He arrived just as they were taking the victims from a smashed car. One was a young woman, scarcely more than a girl. She was dead. He was vehement in his declaration that "something should be done".

EVERYONE AGREES. But what? Highway people are no more astute than anyone else in attempting to find a solution to the death toll. That's why, next spring, there is going to be another conference of all interested peoples, to try to find some way of making our roads safer.
As a word of caution—please for your own safety's sake and that of others, drive carefully over the Holiday Season. Make sure you don't wind up by being just a statistic!

BE SEEING YOU SOON!

HOW THE U.K. REGARDS CANADIAN WHEAT

The United Kingdom has long been Canada's best customer for wheat and it is likely to so continue. Reassuring to Canadian producers, therefore, is the statement which recently appeared in the Corn Trade News of Liverpool to the effect that, while millers in the U.K. are now called upon to absorb a much larger supply of native wheat than before the war and that while some of the wheat types produced there have aimed at strength, the need for strong Manitobas is greater today than at any time during the inter-war years.

Emphasized is the fact that Canada's hold on the U.K. market does not depend on bilateral or multilateral agreements; it depends on the ability of the Canadian west to maintain the quality of strength of her wheats and to keep prices competitive. Nor need we fear, apparently, the introduction by Britain of 'intermediate' types of semi-hard wheat or 'fillers' as they are sometimes called which Argentina supplied in some quantity before the war. During the six year period 1933 to 1938, for instance, exports of Argentine wheat to the U.K. totalled close to 200 million bushels and in one year reached the high figure of 65 million bushels. Argentina today is seemingly more concerned with the production of harder type wheats and of making sure of remunerative markets in South America than with the production of large quantities of low protein wheats for the European market.

Dresses of "Terylene"

Pretty enough for parties, yet practical for every-day wear, little girls' dresses are now being made of "Terylene" in a variety of colorful fabrics. Mothers are delighted to find that some need no ironing whatsoever. Others benefit from a quick touch-up after washing. On the left, a dainty blue and red print is topped by a fashionable red cummerbund fastened with a flat bow at the back. At right, a dress of white "Terylene" tricot with a red pin-stripe has soft horizontal bands from the shoulder to the hem. Children's [illegible] by Tempo Togs, Montreal, about $13.00.

Canadian Legion Nominates Officers At Mannville Meeting

The regular meeting of the Mannville-Minburn branch of the Canadian Legion was held in the Legion hall, Mannville, on Tuesday, Nov. 27.

The main business of the meeting was the nomination of officers for 1957 with the following being nominated: Honorary President, Mayor A. E. Williams; President, J. J. Coxford; Secy., R. G. Rudd; treasurers, M. C. Malin and J. A. Finlay; first vice-presidents, I. C. Holter and R. L. Boe; second vice president, M. A. Smith; executive, W. N. Crooks, R. L. Boe, R. J. Whitson, R. E. White and C. C. MacPherson. Elections will be held at the December meeting.

As a result of the executive meeting held on Nov. 18, the branch voted to sponsor a juvenile hockey team in the Eastern Alberta Juvenile hockey league. The president was to look after the appointment of a committee to operate the team. The executive had also recommended that 25 year badges be presented to two of our charter members who were still active in the branch. This recommendation was supported and the badges were to be ordered.

Reports were received from the various committees. The armistice service had been a success and the Poppy campaign one of the best yet conducted. It was noted that the 30th anniversary of the granting of the charter to the Mannville branch would occur on Thursday, Dec. 20 and it was unanimously decided to hold a 30th anniversary celebration on that date along with the regular December meeting.

The members were asked to bring their wives or escorts to the meeting which would afterwards be turned into a social evening to be highlighted by the presentation of the 25 year badges.

Discussion on the kiddies' Christmas party followed and a special effort was to be made to hold it this year since the weather of last December had made the holding of one impossible. Wednesday, December 19 was selected as the date and the party was to be held in the afternoon as soon after school as possible. The Ladies' Auxiliary was to be asked to assist.

The president appointed a color party to consist of the following: L. Emmot, M. A. Smith, R. G. Rudd, M. C. Malin and J. J. Coxford. These members were asked to secure proper Legion dress and that practices would be arranged later.

The matter of the zone rally was discussed and the branch thought it advisable to have a nominee from one of the smaller branches in the zone. W. N. Crooks and I. C. Holter nominated R. G. Rudd to stand for zone commander at the forthcoming zone rally.

Under general welfare, the dispersement of Christmas hampers was dicussed and it was ultimately decided to carry on the same as last year and to ask the Ladies' Auxiliary to purchase and wrap up hampers for delivery.

The matter of the Legion conducting a "Community Chest" campaign was brought before the branch. It has been in the past one of the benevolent agencies of the Legion to conduct a collection campaign with the High School Students' Union for the C N I B. It has also been the case over the past four years to conduct our own polio campaign and the branch had also been requested by other charitable units to conduct campaigns for them in the town and district. The members were asked to give serious consideration of the "chest" idea toward an end of making one appeal in the district exclusive of the Poppy campaign, and combine all non-denominational agencies under the one campaign and divide the amount collected among the number of agencies represented.

Considerable ground work would have to be done before such a scheme could be instituted, so all present were requested to study the proposal.

It was decided to hold a Christmas hamper raffle as usual and also to hold the annual Boxing Day dance. Particulars were let to the committee in charge.

Next meeting will be Thursday, Dec. 20 at 8 00 p.m.

Highway Safety

Anyone who has gone through the nerve-shaking experience of having his automobile headlights suddenly go out while driving at night knows why those lights are vital to a car's operations. Without them, the vehicle is useless after dark, a menace not only to everyone else on the highway and a potential deathtrap to its occupants.

Properly used, headlights turn night into day for the driver and at the same time let all other drivers know that your car is there. But drivers so easily and, unfortunately, so frequently forget how dangerous misused headlights can be. Their operation is efficient and the man behind the wheel doesn't realize that his failure to switch to the lower beam in passing or driving other traffic can turn beneficial beacons into veritable instruments of destruction.

He also fails to realize that the destruction may come to him involving serious property damage, injuries, death. The Canadian Highway Safety Conference reminds you that a slight pressure of the toe on the "dim" button can, with a minimum of effort, frequently mean the difference between a pleasant drive in the evening and a catastrophe that could disrupt the lives of a dozen people.

Safe driving is easy. It's no disgrace to be considerate and live!

HOW . . . DOES A STRONG FINANCIAL SERVICE Sell Groceries?

The rural grocer is a little like the general practitioner — he cannot narrow his business down to specialization. His customers rely on him to provide them with a wide range of necessities.
To do this he needs the services of a strong financial institution such as the Provincial Treasury Branches. Drafts, loans, current accounts, money orders, safety deposit boxes are just some of the many conveniences of our organization. By working in close partnership and co-operation with the local Provincial Treasury Branch the rural grocer can better serve his customers which will naturally increase his profits.
Today as never before rural families are making more and SPENDING MORE. For the grocer it is a healthy market with plenty of buying power.
The Provincial Treasury Branches are ready and able to help the rural merchants of Alberta service their customers efficiently and profitably.

November With The W.I.

CREIGHTON

Meeting held at the home of Mrs. R. Weaver with 7 members present. It was decided to send clothing to the Unitarian Service Committee of Canada. Clothing and practical broad shoes are wanted immediately. All gifts are given out regardless of creed or nationality, only according to greatest need. It was decided that all the W.I. members would attend the showing of Cancer films that will be shown in Mannville in the latter part of January. A Bake Sale was planned to be held on Farmer's Day.

VERMILION

Meeting held at the home of Mrs. Ethel Rooke with 11 members present and three visitors. Mrs T.H. Davis as guest speaker choose as her topic a "Demonstration on artificial flowers." Each member made a wood fibre carnation then each member paid ten cents for a lucky draw on the bouquet — Mrs. M. Perrier winning the lucky draw. The roll call was answered with hints for a bazaar. Final plans were made for the bake sale and lucky draw on a $20 food hamper—date set is Dec. 8th. Handicraft list was discussed. Plans were made to collect old woolens to be made into blankets. Blankets to be raffled and money given to some worthy project. Twenty sick calls were reported and two get well and one sympathy card sent. Annual meeting to take the form of a pot luck supper and exchange of gifts.

WILDMERE BEAVERS

Meeting held at the home of Miss Joan Dibben with 13 members present and the supervisor Mrs. Roy Dibben. Two new members were enrolled, namely Misses Betty and Shirley Sweeney. The Secretary, Miss Marie Smith reported it was a long interesting meeting. Each member to bring ten cents as a donation to Marjorie Golenukie, next meeting. Three dollars was sent to the U.N.I.C.E.F. for the Shell out fund and also a dollar for cards which goes towards buying things for the needy children. A dance sponsored by the Girls Club raised the necessary money for their funds. A senior and junior handicraft list was planned for the year and each member draw for their secret pal. It was decided to present a gift to their previous supervisor, Mrs. Martin.

RAMSAY — NOV. 7th

Meeting held at the home of Mrs. Alex Henderson with six members present. Mrs. Alex Henderson gave as her topic, Mr H.E. Smith's article, "The forgotten patient." in which he states, of the 4200 men, women and children in Mental Hospitals in Alberta a third never receive a visitor, and hundreds never receive a gift except from fellow patients."

A series of Household Economics subjects will be studied in the coming months.

Ramsay will co-operate with other local W.I. groups in sponsoring Cancer films to be shown in Mannville in January. A letter of thanks was received from Mr. H. Schreyer the 1956 winner of our W.I. Scholarship.

All much regret the postponement of the A.C.W.W. Meeting in Ceylon.

Owing to the stress of harvest work Ramsay did not meet in October.

WILDMERE — NOV 7th

This meeting held at the home of Mrs. A.N. Garnett with 13 members and two visitors. Mrs. W.J. Garnett as guest speaker took as her subject, "History of the town of Vermilion." Most of Xmas and Get Well Cards. Mrs. Gibson and Mrs. Rendell to attend the committee meeting in Vermilion on Nov 22. The directors of the branch were reminded to have the 1957 year program books ready for the Dec meeting. The remainder of the meeting was spent in arranging for the tenth anniversary program of the Wildmere W.I. to be held in the school on Nov. 20th. Supper, a short program and a picture show to be the schedule for the meeting.

This report was written on Dec 5th and it should be added that the Wildmere W. I. held its tenth anniversary as planned and it was a most successful and enjoyable evening.

Mrs. Gibson won Johnny Jump up.

KITSCOTY—NOV. 20

Meeting held at the home of Mrs. R. Speelman with 7 members present. The meeting was spent discussing routine business and preparations for the tea and sale of work.

HAZELDENE—NOV. 2

This meeting held at the home of Mrs. Graham Gardiner with ten members present and one visitor, Mrs. Rock Mead. This was their birthday meeting as it was just one year ago on October 27 that they were organized by Mrs. Mead. They had 16 Charter members at that time. Roll Call was answered by naming a favorite singer. A bake sale to be held in Marwayne on Saturday evening, Nov. 17th.

As this was a birthday meeting, the usual topic was dispensed with and games were played instead. Mrs. F. MacLean, Mrs. W. Romanchuk and Mrs. W. A. Anderson were in charge of entertainment and provided a group of very interesting games and contests. Mrs. W. Braithwaite and Mrs. E. Mirbeck served a very delightful birthday lunch. The birthday cake was made and appropriately decorated by Mrs. E. Mirbeck.

SALTAUX—NOV. 21

Meeting held at Mrs. Dud Staden's home with nine members present. It was decided to send their Christmas parcel to the Bethany Home for children at Gwynne, Alta. It is operated by Mr. and Mrs. Jesperson. Mr. Jesperson was studying for a minister but stopped in order to start this home and it is said they operate on a "shoe string".

Contributions were made to the T. B. Fund.

Officers were elected for the New Year as the December meeting is to take the form of a Christmas party.

CLAYSMORE — NOV. 14

Meeting was held at the home of Mrs. R. Bauer with nine members present and three visitors, Mrs. P. Pidruchney, Mrs. Mike Woywitka and Mrs. Bill Woywitka. Roll Call, "My favorite hobby". Mrs Jack Willes the Social Service convener, reported a cup and saucer sent to Mrs. F. Groeneveld and a thank you note from Mrs. Groeneveld was read. A letter from the blind was read and appeal to be considered later. Letter from Const. Convener re Committee meeting read and tentative handicraft list was discussed and possible revisions noted. A donation of fifteen dollars was made to the Claysmore Social Society for repairs and coal for the Claysmore Hall. Mrs Oliver Willes gave as her topic, "Short Cuts in Sewing". Mrs. R. Bauer chose as her subject, "Frozen Foods".

PRINCESS ANNE—NOV. 8

Meeting held at the home of Mrs. Norman Armstrong with 9 members present and 1 visitor. Roll Call was answered with a Gift Idea for Christmas. The branch ladies are to pack a box of Linens to send to a new bride, a former resident of the district. The branch held a presentation and farewell tea on Sunday Nov. [illegible] and a reminder to all of the Love 4th for Mrs. Cordey Brown, a member, who is leaving to reside at the coast. Plans were made for a Christmas party for the youngsters of the two districts, sponsored by the branch and the members are to supply the treats. The parents supply the gifts. Party to beheld in the Island Hill School. Mrs. Percy Sloan chose as her subject, "Work of the Individual Branches."

FIVE POINT—NOV. 1

Meeting held at the home of Mrs. Ethel J. McVauley with 11 members present and 1 visitor, Mrs. Elsa Calder. Roll Call was answered with an Armistice poem or story. A letter of thanks was read from Bucky Schreyer the 1956 winner of the W. I. scholarship. United Nations Association receipt for $5.00 received. Letter read concerning Hobby Fair to be held on Nov. 17th in Mannville sponsored by Happy Centre W. I. Several members are contributing articles. The Handicraft list was discussed. Five Point to cooperate with other local W. I. groups in sponsoring cancer film to be shown sometime in January. Bazaar and Home baking sale to be held Dec. 8th. Mrs Calder reported receiving 2 premiums from Fairfields, a bedspread and wool blanket. Bedspread to be raffled at bazaar. A paper on 'Adult Education' was read by Mrs. Calder. October was such a busy month with harvesting in full operation, that Five Point did not hold a meeting so held their November meeting earlier this month.

CONVENER'S LETTER

DEAR MEMBERS:

Another year has nearly passed and now it is time to send greeting and good wishes to all the readers and our W. I. members "May your Christmas be bright with happy memories and the New Year leave nothing to be desired."

Have you ever thought what the year would be like without Christmas? Not just the lapse of greetings and gifts and family reunions, but a year without the renewal of all that Christmas means to people throughout the world. It would seem as if the very light of civilized living had been snuffed out, the golden thread of faith and hope withdrawn.

Instead, for nearly 2000 years now, Christmas has been celebrated whatever the state the world has been in. In heyday of peace and prosperity it was gay, joyous and generous. In the white heat of cruel war, the magic of Christmas kindled kindly, selfless hearts. Now, among the frustrations and turmoil of a challenging, changing world, Christmas comes again to bring fresh heart to the saddened, renewed hope to the bewildered, and Humility of the Christ Child.

"Who taught mankind on that first Christmas Day,
What 'twas to be a man: to give, not take
To serve, not rule; to nourish not devour,
To help, not crush; if need, to die, not live."

Sincerely,

THOSE WERE THE DAYS

You're Quite Right, Sweetheart

My car doesn't work by remote control. Henceforth I shall not ride the centre line but keep within my lane of traffic. Sure, I'll "back the attack"—proposed by Alberta Safety Council, against traffic accidents, watch my speed and look out for thoughtless pedestrians, if you'll just come home.

CHRYSLER FOR 1957 OFFERS WINDSOR AND NEW TOWER MODELS

Nine body styles in two series are offered in Chrysler automobiles for 1957, including the Windsor four-door sedan shown above. The new "Torque-Flite" automatic transmission features gear ranges adjustable to driving conditions, and neutral-button starting. Under the hood are such features as increased power and efficiency and a revolutionary new air filter. Tested on stock car tracks, this new filter is cleaned by tapping it against any solid object, and need be replaced only after 15,000 miles of driving. An all-new suspension system known as "Torsion-Aire" ride places Chrysler in a "ride class" by itself.

Mannville Church Is Scene Of Mytz-Gamble Nuptials Recently

MANNVILLE. — A honeymoon to Vancouver and Kimberley followed a five o'clock candlelight service on November 9th in McQueen United church, Mannville, when Miss Joyce Irene Gamble and Mr. Fred Mytz exchanged vows in a double ring ceremony.

Rev. Ian Holter performed the ceremony for the daughter of Mr. and Mrs. Chester Gamble and the son of Mr. and Mrs. Mike Mytz, all of Mannville.

A slipper-length gown of nylon net over satin with full length sleeves, heavy lace shoulder cape and fingertip insertion was the bride's choice for a gown. Her full length veil was held in place with a cap of white lace. She carried a cascade of red roses.

The maid of honor, Shirley Gamble, sister of the bride, wore a blue cocktail-length dress of nylon tulle over taffeta. The other three bridesmaids Ruth Gamble, Lilly Anne Allen and Bernice Topilka wore cocktail-length gowns of nylon net over taffeta in shrimp, blue and yellow. They all wore identical white feather head pieces, pearl jewelry and carried contrasting bouquets of carnations.

Attending the groom were Messrs. Walter Mytz, Jackie Tod, Jack Gamble and Mike Borysiuk. Steve Smart and Andrew Grech acted as ushers. Master Glen Walker, nephew of the bride, wearing a white dinner jacket and black trousers was ring bearer, and little Susanne Metrunec in a blue taffeta and nylon net dress, was flower girl.

Miss Carol Mercer played the wedding music and also accompanied Miss Ruth Gamble who sang the "Wedding Prayer", during the signing of the register.

A wedding dinner for the wedding party and relatives followed in the church hall where Mr. E. H. Buckingham gave the toast to the bride in his usual pleasing manner.

Under the terms of the B.N.A. Act provincial representation in the House of Commons is based on population as recorded in the regular ten-year census.

NEW CITY?

French interests are reported to be among the prime movers in one of Canada's biggest integrated land development schemes which envisages the ultimate creation of a city of 50,000 people on the south shore of the St. Lawrence River, just west of Laprairie, Que., reports The Financial Post.

The 2500 acre municipality is to be named Candiac and is being developed by Candiac Development Corp., a recently formed company in which North American Utilities Corp., a holding company for French interests took a leading part.

The city's name Candiac commemorates the birthplace of General Montcalm, the French commander who was defeated by General Wolfe at Quebec in the battle of the Plains of Abraham.

OUR LETTER FROM EDMONTON

Producer Controlled Marketing Board For Eggs Is Set Up

EDMONTON. — The Alberta Federation of Agriculture is now ready to go ahead any time with a plan to set up a producer-controlled marketing board which would take over the marketing of eggs throughout the province.

The only obstacles to be hurdled are an Ontario Supreme Court case on which a decision is awaited, and a plebiscite clause in Alberta's Marketing Act which may have already doomed the plan to defeat.

Officials of the AFA recently released details of the plan, which has been approved by the provincial government. It would give a seven-man board with headquarters in Edmonton the power to regulate all aspects of egg marketing, including the fixing of prices.

The major hitch is that before the plan can go into effect, there must be a plebiscite among the registered poultry producers to determine whether the majority of them do in fact want their produce marketed through such a board. Officials estimated that some [illegible] poultry men may be called upon to vote.

But at last reports, the AFA and the government felt no action could be taken until the Supreme Court of Canada hands down a ruling in a test case of the Ontario Marketing Act. The legal question which must be answered is whether fees paid by the producer and passed on in the form of higher prices to the consumer constitute indirect taxation. If so, the legislation may be invalid.

The last word from the A.F.A. was that the plebiscite won't be held at least until early next year.

51 PER CENT NEEDED

Officials of the AFA and the Alberta Poultry Federation are somewhat pessimistic about their chances of drumming up enough support among producers to carry the plan through. The legislation says there must be a "yes" vote from 51 per cent of all registered producers. This means there must be a majority of all those eligible to vote, rather than of those who actually turn out and cast ballots. The A.F.A. thinks this is too stiff a restriction, and seriously doubts whether enough interest can be aroused among farmers.

Agriculture groups fought vigorously against the 51 per cent majority when the marketing board bill was introduced in the house last year. They wanted it to require a majority of 66 and two-thirds per cent of those who actually vote.

Some observers think the government insisted on the stiffer requirements to appease factions within the Social Credit party itself which were strongly opposed to the marketing bill in any form. The opposition was mainly to compulsory features. For example if a majority favors a marketing board all registered producers must participate even those who want no part of it.

However, agricultural groups which had fought for years to secure enabling legislation for marketing boards are determined to give it a good try under the existing restrictions. They feel that's the least they can do since the government wouldn't have introduced the legislation at all had it not been for constant pressure from the farmer organizations.

But if the egg plan goes to a vote and fails through, you can expect renewed demands for relaxation of the voting restriction.

Whether the AFA and its member organizations will ever get what they want is another question. Government spokesmen refused to budge an inch on their stand that there should be no marketing boards unless approved by a clear majority of producers. And the same factions in the Social Credit party would never stand for amendments making it easier to establish compulsory boards.

The egg plan is only a start providing the producers are interested. The act allows marketing boards for all producers except sheep and cattle.

CROP YIELDS HIGH

This has been another good year for Alberta grain growers, from the standpoint of crop yields. Statistics released by the provincial agriculture department last week estimate Alberta's 1956 wheat crop at 138,000,000 bushels.

This represents an increase of 3,000,000 bushels over 1955 despite the fact that acreage sown to wheat was down by almost 600,000 acres. The average wheat yield this year was 26.5 bushels an acre compared with 23.3 last year.

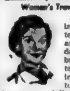
Tips on Touring

By Carol Lane
Women's Travel Authority



Night driving increases in winter. Not only are hours of darkness longer, but motorists extend their driving time to get to their destination — especially when heading south!

Darkness and drowsiness are friends — but they're not the driver's friends.

Here are some tips to help you avoid fatigue or sleepiness:

1 Eat lightly if you're planning extended night driving. A heavy dinner and heavy eyelids go together.

2 Occasional 'coffee stops' are good 'picker-uppers'.

3 Keep the car well ventilated. Avoid excessive use of the heater.

4 Make sure the car seat is adjusted to insure maximum comfort, since poor steering posture can drain your much-needed energy.

5 A car radio is a big help but select lively 'wake-up' music to keep you on the alert.

If, in spite of all your precautions, the temptation to sleep becomes irresistible, pull off to the side of the road and take Oscar Wilde's advice. He said: "The only way to overcome temptation is to give in to it."

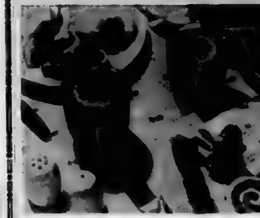
WAKE UP AND SMILE



With a cheery breakfast, your gang of sleepyheads will wake up and smile! You [illegible] what's ahead in the [illegible] alarm clocks almost unnecessary

Start the day out right with a peppy thirst-quencher . . . glasses of garden-flavored V-8, either steaming hot or frosty cold. Whichever way, it's lively flavor will open up eyes and put a smile on faces. V-8 juice supplies good quotas of vitamins A and C, both valuable for keeping folks "in the pink". Garnish with scalloped lemon slices, or serve plain. All hands will clamour for seconds.

Follow with a fluffy omelet, crisp bacon slices, easy hot cinnamon biscuits and your favorite beverage. With a little "plan ahead", the smart homemaker can make an attractive, taste-stimulating breakfast that's fun and good as "it should be" for the most important meal of the day.

MENU

V-8 Juice
Hot cinnamon biscuits
Fluffy omelet with bacon slices
Coffee, Tea or Milk

FRENCH OMELET

2 eggs
2 tablespoons milk or cream
Dash salt
Dash pepper
2 teaspoons butter

Beat eggs until fluffy. Beat in milk or cream and salt and pepper. Melt butter in small skillet. Pour in egg mixture. Cook slowly, over low heat. As the omelet begins to set, lift slightly with a spatula to let uncooked portion flow underneath. As soon as all of mixture is set, fold; serve immediately. Makes 1 serving.

Wildmere Winks

Several curlers from out our way attended the Farmers' Bonspiel in Vermilion last week. Cliff Cruthers' rink comprised of Dick Donlly, Howard Coburn and Jimmie Powell won fourth in the second event. Albert Smith's rink of Frank Gibson, Bobby Graham and Jack McFayden won third in the same event. Another rink of Wildmere curlers won first in the second event. This was Geo. Harrison, skip, Billie Veitch, Bryon Fraser and Forest Seale. All are very pleased with our curlers from out this way.

Other curlers from Wildmere who were not fortunate enough to get in the prizes were: Skip Ray Osterberg, Ian Clark, George Riley and Charlie Gool; and Skip Art Lysons, Carey Seite, Duff McGrath and Fred Slocum. They all enjoyed the curling.

Wildmere United church W.A. group held a Christmas church service in our little church on Sunday, Dec. 9th in the afternoon with about 60 attending. Each one of our members had a little part in the service and the children entered into the Christmas spirit by singing the hymn "Noel." We were pleased to see Mr. and Mrs. Geo. Harrison and Sandra attend. It was our student, Mr. B. Smith last summer who gave us this idea, and we are sure he was with us in thought last Sunday. The sermon "Hope of Christmas" was read by Mrs. Gibson. Mrs. Rendell gave the children's story, "Three Wise Men." Mrs. Cosh read the Scripture, and Mrs Holte and Mrs. Cruthers sang a duet "In the Garden." Mrs Hughes and Mrs. R. Dibben led in prayer. Mrs. Wallington call to worship and responsive reading. Mrs. Wilson and Mrs. W. T Garnett announced the hymns. Mrs. A. Smith and Mrs. F. Haines took up the collection. Benediction Mrs. C. Cruthers. Mrs. Holte was in charge of the service and a lot of praise goes to this fine lady for her tireless efforts and leadership in the W.A.

A good film was shown at the Preston Central school last Friday evening by Mr. Cosh. Proceeds were in aid of the Christmas tree fund.

Noel Garnett of Basswood is in Edmonton this week attending the Farmers Union Convention.

Laurence Graham took in a few dart games at the turkey shoot on Saturday but did not win a turkey.

We are indeed sorry to see Mrs. R. Mead with her arm in a sling. She broke her wrist not long ago. May it soon be better, Mrs. Mead.

Congratulations to Mr. and Mrs. Joe Thursby of Vermilion on the birth of a baby son on November 20th.

While in the hospital last Thursday we chatted with Mrs. Elward of Buffalo Coulee who had been in there a month. Also Mrs. Macnab Sr. and Mrs. Roger Rowe. We hope you are all feeling much better. Our finger is healing nicely.

Congratulations to Minnie Robbie and Frank Graham on their recent marriage.

BRIDE-ELECT SHOWERED

Friends of Marion Hancock held a shower on Saturday afternoon in the United Church hall decorated with a Christmas tree. Mrs. Hancock, Mrs. Lowrie and her sister Mrs A. Lowrie received and opened the gifts with her. Miss Bernice Koskie of Edmonton looked after the gift book. Santa Claus came in with a well-filled pack and when it was opened found many beautiful and useful gifts. A lovely lunch was served later to nearly fifty guests. Mrs. W Campbell held a shower earlier for Marion which many former Marwayne people attended.

A shower was held recently in South Ferriby school for Donna George, daughter of Mr. and Mrs. Byron George. Mrs. S. Hall and Mrs B. McLean were co-hostesses and entertainment was a whist drive followed by a shower of gifts to the bride-to-be. Mr. and Mrs. B. George, Mr. and Mrs. Albert George, Mr. and Mrs. A. Bystrum and girls, Mr. and Mrs. R A. Swanson and Mrs. O Franklin all attended the wedding in the Metropolitan church, Edmonton. The newly-weds will live at Fort McLeod where the groom has an engineering job on a big bridge.

The United Church service next Sunday will be at 7:30 p.m. when the C.G.I.T. will hold their annual candle-lighting service. On DeDc 23rd service will be at 2:30 p.m. Lloydminster minister will conduct the service

The Elks are having free shows at 1:30 and 3:30 p.m. on Saturday, Dec. 15th for the children of the town and district.

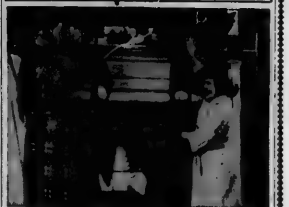
the Snapshot Guild



For this picture, a professional photographer worked in subdued room light and made a time exposure of the fire, then moved his subjects into place and shot the picture with flash. For the amateur, it is easier to use a flood light or flash bulb to simulate the firelight.

It's Open Season on Shooting Fireplaces

Some of our readers must either be in an "Alice-sit-by-the-fire" mood or are planning to hang Christmas stockings "by the fire with care"—because we've had a number of inquiries about taking pictures around the fireplace.

With time exposures, of course, you can shoot excellent pictures by real firelight. But most people don't hold still during the exposure and that naturally doesn't make for good clear snapshots.

So we'd like to make this suggestion: instead of having a real fire, just tuck a flood lamp way back in a corner of the fireplace. And then all you have to do is set up another flood in a reflector at a distance of about five feet from your subjects' faces. To keep the firelight effect, dim your room lights before shooting.

Following this easy procedure for fireplace shots, you'll get fine results with even the simplest camera. The effect will be one of a happily blazing hearth—so true to life it would fool even the most [illegible] [illegible].

If you're planning a fireplace shot as part of your Christmas shooting, don't be afraid to do a little "faking." Flood or flash lamps make wonderful "firelight" scenes — so gather the family around the fireplace, aim your camera, and fire away!

Double-Ring Ceremony Features Alm-McFadden Wedding, Mannville

MANNVILLE—Roses, carnations, and chrysanthemums provided the setting for the beautiful candle-light ceremony at McQueen United Church, which united in marriage Shirley, daughter of Mr. and Mrs. Delbert McFadden, and Albert, son of Mr. and Mrs. Olaf Alm of Kelliher, Sask.

The bride, who was given in marriage by her father, wore a strapless gown of lace and net, underlined with taffeta over a hooped skirt, and enhanced by a lace bolero with lily-point sleeves. She carried a cascade of red roses and lilies-of-the valley.

The bridesmaid was Miss Edith McFadden, cousin of the bride, who wore a coral gown with matching coral-colored feather head-piece. She carried a bouquet of carnations.

The flower girl, Miss Judy Holden, niece of the bride, wore a pastel blue dress with matching floral head-piece, and carried a bouquet of rosebuds.

The groom was attended by his brother, Mr. Rudolph Alm of Kelliher, while ushers were Mr. Shan Arnett and Mr. Roy Johns.

Miss Arlene Leitch played the wedding music.

The bride's mother chose a charcoal tweed suit with pink accessories and Talisman roses en corsage. The groom's mother wore a navy dress with acqua accessories and Talisman roses en corsage.

A wedding supper for seventy guests was held in the Church Hall with Mr. Hugh Doherty proposing the toast to the bride, and the groom answering in fitting manner. Mr. Rudolph Alm read telegrams of congratulations from Mr. and Mrs. Andrew Alm of Kelliher, Mr. and Mrs. Verner Alm of The Pass, Manitoba, and Mr. and Mrs. Donald Linton of Eyebrow, Sask.

For travelling the bride donned a charcoal suit with avocado and beige accessories, complimented by a white orchid en corsage. On return from a honeymoon trip to the West Coast, the young couple will make their home in Lloydminster, Sask.

Out of town guests included: Mr. and Mrs. Olaf Alm and Rudolph Alm of Kelliher, Sask.; Mr. and Mrs. Robert Alm of Touchwood, Sask.; Mr. and Mrs. Robert Gray, of Calgary; Mr. Roy Johns, Mr. Hugh McBride, Miss Helen Mills, Miss Lee O'Connor, Miss Olga Harris, Mr. and Mrs. J. Gallagher of Lloydminster. Miss Edith McFadden, Mrs. Freda McFadden, Miss Arlene Leitch, and Miss Florence Otto of Edmonton; Mr. and Mrs. S. Arnett, of Viking; and Mr. and Mrs. Alex Laboucan, of Minburn.

Wildmere Women's Institute Observes Tenth Anniversary

Wildmere W. I. celebrated its tenth anniversary with a meeting at Preston Central school which started with a supper for the members, along with ex-members and all their families. Mrs. Culford, who formed the group in 1946 along with Mr. and Mrs. Percy Sloan also attended. Mrs. Sloan is the present W. I. director for this area and comes from Mannville. Seventy-four in all sat down to three well laden tables, completing a sumptuous repast with strawberry shortcake.

After the tables were cleared a short program took place, opening as a W. I. meeting is usually carried out, with the singing of O Canada and the Creed. The president, Mrs. Gibson, welcomed everyone, and had Mrs. Culford and Mrs. Sloan come to the front. The first president Mrs. J. Wilson then took the chair. She expressed her pleasure at having Mrs. Culford, our first director, and Mrs. Sloan present. She then called on the charter members, who came forward, followed by the present members, and all had their pictures taken.

The program consisted of a monologue "Grandma's Photograph Album" given by Mrs. J. Wallington. Mrs. W. T. Garnett then gave a short skit called "Gathering Nuts in May."

Mrs. W. J. Garnett then outlined the W. I. work, the W. I. being an organization to unite any race, color, creed, and is non political, to unite country women. Mrs. Hoodless of Stony Creek, Ontario, was the first to start Women's Institutes. Alberta's first W. I. was formed by Mrs. Graham at Lea Park, Alberta. Mrs. Fred Maddex now living in Vermilion, was a member of that first group.

Mrs. A. Watt formed the first W. I. in England and she was the first A.C.C.W. president. The first A.C.C.W. meeting to be held in Canada was held in Toronto in 1953. This year they were to meet in Ceylon but this had to be cancelled owing to unsettled conditions over in Europe.

Winner of the grocery hamper was Mrs. F. Welsh, Vermilion.

The meeting was then turned over to Mr. R. Cosh who showed a film called "Royal Destiny," which was very good entertainment. The pleasant evening was closed with the singing of God Save the Queen.

—Mrs. J. Wallington,

CHRISTMAS TRADE

A substantial increase in the Christmas trade this year over last is expected by Canadian retailers, The Finanical Post reports.

Prospects vary province by province and trade by trade, but a gain of 7% is about the nation's average.

It will rocket the year's retail total to a massive $13.9 billion compared with last year's $13 billion, plus.

Through the provinces, retail prospects range from Ontario's 5.7% increase on 1955 to B.C.'s 10.5%.

Through different kinds of business, the outlook starts with the meat stores in line for a 4.2 per cent increase and soars head and shoulders higher to the 17.5 per cent of fuel dealers.

Since 1930 spending by the ten provincial governments combined has increased from $942 million to about $1.5 billion. In the same period spending by the federal government has increased from $2.3 billion to more than $5 billion.

RIGHT-of-WAY RULES (Con'd)

There are various situations in which one should not assert his 'rights". The driver on the right is not given the right to proceed under all circumstances. The implication is that the right-of-way is his, but he must use good judgment as to where and when he claims it.

Suppose, for example, that an elderly person starts across the street on a red light. You are approaching on a green light. Your right-of-way does not let you go honking and swerving past that one. Then, suppose that green light gives the driver permission to turn right, it also gives the pedestrian the right to cross, here is a conflict of right-of-ways. In this incidence, the law specically states that the driver shall yield the right-of-way to the pedestrian.

Suppose a car is sliding down a hill, entirely out of control, with a red light against it. You are entering from the cross street at the right of the sliding car; the light is green in your favor. You would be foolish to claim the right-of-way.

The driver who fails to yield his right-of-way in an emergency situation is flirting with the same sad fate as Mr. Gray—

"Here lies the body of Julian Gray
Who died while taking the right of way
He was right, dead right, as he sped along,
But he's just as dead as if he'd been wrong"

LAST CLEAR CHANCE

Fixing blame for an accident involves, not only the right-of-way but another fundamental legal principal the doctrine of the 'last clear Chance'

Lying in the hospital wrapped in bandages, you might take some small comfort in knowing you had the right-of-way and it was the other driver's mistake that put you there. But to have dodged the accident would surely have been better

As the driver of an automobile, you are obligated to do what you can to protect another driver even from his own mistakes. No matter how foolish or illegal his actions may be, you have no right to let his actions result in an accident if you have the last clear chance to prevent it. This may not seem reasonable at times, but it is a principle which may be invoked in court

General Sir Isaac Brock, acknowledged the ablest general on either side in the only war ever fought between Canada and the United States, enlisted in the British Army at the age of fifteen.

While most of Canada's Eskimos today live north of the tree-line, about 2,000 years ago their ancestors are thought to have lived among the forests north of Lake Superior

CHRYSLER for 1957

Revolutionary New Torsion-Aire Ride—exclusive with Chrysler in the fine-car field—achieves a road smoothness never before possible. Bumps practically disappear. And you can take corners like a sports car, without sidesway. Annoying brake-dive, too, becomes a thing of the past with Torsion-Aire Ride!
Dramatic New Shape of Motion. Pride of the *Forward Look*, the long, rakishly low Chrysler for 1957 exemplifies the most modern of all automotive designs. Jet-inspired from its eager, forward-thrust front profile to its dashing upswept tail fins, every soft-flowing line reflects a look of beauty in motion!
Thrilling New Push-button Torque-Flite Shifting. As standard equipment, your new Chrysler brings you the speed-trigger get-away and amazing economy of the world's first fully automatic 3-speed torque-converter transmission. And, of course, you have Chrysler-pioneered push-button controls.
Here is a motorcar that will send your pride *soaring* . . . an automobile of such breathless beauty and unmatched engineering excellence that you will admire it more every mile you drive. >
Totally new . . . with ultra-smooth Torsion-Aire Ride, new flash-ahead Torque-Flite automatic transmission and still greater power . . . the brilliant Chrysler for 1957 truly knows no rival. Only in price can it be compared to lesser cars. > Come in and *drive* it!

Mince meat tartlets and turnovers and Christmas cookies are Chef L. Manfred Roebling's idea of a festive addition to the traditional Christmas and New Year's dinners. According to Roebling, chef of Canadian Pacific's famed "Alouette Room" in Montreal's Windsor Station, the tartlets, turnovers and cookies are taste treats especially appropriate during Yuletide season.

The ladies of the Greenlawn Goodwill Club met at the home of Margaret Sweet on December 6th with nine members present.

It was a very cold day with the thermometer hovering around the 20 below mark all day.

The main item of the agenda was the Christmas Concert which will be held on December 20 in the Greenlawn Hall.

In view of the fact that there are a number of needy children throughout the community and district it was decided that only those of 14 years and under would receive a candy bag in order that we could perhaps contribute some to the less fortunate youngsters to brighten their Christmas.

The annual meeting will be held on January 17th, at the home of Alma Rainey.

A lovely lunch was served by our hostess.

Vermilion Agricultural Society Closes Successful Year

The annual meeting of the Vermilion Agricultural Society was held on Thursday, Dec. 13th with a large attendance of district residents indicating keen interest in the extension work of this active organization which has served the Vermilion district for just over fifty years. The president, E. M. Stewart, occupied the chair and gave a resume of the work conducted by the Society in the past twelve months.

In addition to the three day annual exhibition, one which is said to compare most favorably with any similar fair in Western Canada, the Society carried out a great deal of agricultural extension work in co-operation with the Provincial Department of Agriculture, the Dominion Department, the Provincial School of Agriculture and the District Agriculturist and representatives of the Veterans Land Act.

Major activities, in addition to the fair which drew a large attendance and featured junior exhibits in its several departments, the Society carried on a Farm Boys and Girls' Camp, with 120 young people from Northern and Central Alberta in residence at the School of Agriculture for five days, including the three days of the fair; special attention was given to practical instruction for those who returned to their farm homes with a new and keen interest. The Junior Fair including classes in School Work is said to be the nearest approach to the old time school fairs which were so popular in Alberta 20 years ago. This section drew more than 1600 entries from a wide area and is to be further stressed in 1957 according to present plans.

FARM AND HOME IMPROVEMENT PROJECT

One of the few farm and home improvement projects carried on in Alberta was fostered by the Agricultural Society; twenty-four young farm couples entered into the spirit of the project with enthusiasm and District Agriculturist Buckingham, with the aid of his assistant and the local supervisors of the Veterans Land Act worked with the youthful farmers and their wives in planning and effecting improvements to the farms and homes of those taking part. In this project the participants do not compete with others, but plan projects designed to improve conditions on the farm or in the farm home and then work towards the desired end, with the assistance so freely available. The project is designed to extend over a period of years and will continue for the ensuing year.

The Society sponsored the 4-H Club movement in the area and assisted with the show and sale of beef calves by providing accommodation, buyer co-operation and by means of grants to each participant to assist in trucking animals to the exhibition. The 1957 Club program has been organized and all farm boys and girls are urged to take part in some phases of this valuable adjunct to life on the farm.

PUREBRED LIVESTOCK SALE

The annual fall sale of purebred livestock was again carried out, resulting in the distribution of fine beef cattle and hogs for herd improvement; the hog sale was held under the Alberta Purebred Boar policy, with the result that average hog prices at the Vermilion sale were among the highest received anywhere in the Province. Strict culling resulted in only high class animals being offered for sale.

Improvement of the physical plant was carried out during the year and the provision of permanent livestock judging rings and a fine new entrance added much to a plant which has already earned a reputation for completeness among the fairs of the prairie provinces. Additional improvements to the facilities are already in course of planning for the coming year.

OFFICERS ELECTED

After reports of the financial standing and a resume of the achievements of the current year were given, officers for 1957 were elected as follows:

Immediate Past President, E. M. Stewart; President, Orton A. Strome; 1st Vice-President, N. N. Bentley; 2nd Vice-President, Gordon Larson; 3rd Vice-President, Gordon Ross.

Directors: C. Barr, M. Barr, Jas. Bennett, J. R. Boake, C. N. Brennan, J. Bryden, W. Bryden, Homer Campbell, W. R. Cornish, J. S. Cross, W. E. Cross, W. H. Duncan, Walter Fulkerth, Chester Gamble, E. W. Hart, J. H. Hart, S. C. Heckbert, V. T. Jansen, W. R. Jory, Keith King, Geo. Maggs, A. MacMillan, Keith McIntyre, Peter Noster, W. L. Robinson, Thos. Smith, A. G. Stone, Wm. Russell, Geo. C. Webb, A. M. West, W. D. Williams, Donald Wilson and Bruce Winters.

COMPLETES 23 YEARS AS SECY.-MANAGER

At a subsequent Directors' meeting S. Carl Heckbert was renamed as Secretary Manager of the Society. It is just twenty three years since Mr. Heckbert was first appointed as manager of the work of the Society and in that time he has seen the work progress to a point where Vermilion Fair and its many allied activities have assumed a place of prominence throughout Western Canada. In addition to a maintained interest in all the activities of the local Society, Mr. Heckbert has been on occasion president or secretary of the Alberta Agricultural Fairs Association and has been twice president of the Western Canada Fairs Association, an organization comprised of B Class Fairs of Manitoba, Saskatchewan and Alberta.

ENTHUSIASM EVIDENT

The enthusiasm of the large gathering in attendance at the annual meeting augurs well for the continued success of the work of the Vermilion Agricultural Society for the coming year and it is hoped that the generous support that has been given by the other organizations in the area may continue, so that the full value of the work among the farming communities may be continued and expanded.

Stores Open Friday Evening

Stores in Vermilion will remain open to 9:00 p.m. this Friday, December 21st to give Christmas shoppers an extra three hours to select their gifts.

Stores will be open as usual to 9 p.m. on Saturday, Dec. 22nd. They will close at 6:00 p.m. on December 24th — Christmas Eve.

Vermilion (Health Unit Office) 10 to 12 noon.

THURSDAY, JAN. 3rd —
Kitscoty (Office) 10 to 12 noon.
Marwayne (School) 2 to 3 p.m.
Clandonald (Separate school) 2 to 3 p.m.
Derwent (School) 10:30 to 12 noon.

FRIDAY, JAN. 4th —
Dewberry (School) 2 to 3 p.m.

MONDAY, JAN. 7th
Innisfree (Office) 10 to 11 a.m.

Clandonald and Derwent districts please note that the date for the session in your districts has been changed from December 27th to January 3rd 1957.

These polio clinics are for pre-school children and expectant mothers who have only received their first injection this year. Expectant mothers who received two injections in 1955 may receive their third injection. *NO FIRST INJECTIONS WILL BE GIVEN AT THESE CLINICS.*

Dewberry Boys Take Opener From Knight-Sponsored Juveniles

In a bang-up opener, the Juvenile hockey league got under way in no uncertain fashion at the local arena last Saturday night when the team from Dewberry outscored the locals three goals to two.

Mayor Hill officially inaugurated the new league and following his fitting remarks dropped the puck between centre iceman Brian Ford of the Vermilion team and Jimmy Jones of Dewberry.

Dewberry concentrated all their scoring in the second period with Ron Mathison, John Machon from Jimmy Jones, and Jim Jones from Art Redman accounting for three goals.

Vermilion came back in the third to score two counters and made a valiant effort to notch the equaliser, but were held off by an equally determined Dewberry squad. For the locals it was Joe Taylor, and then Clarence Mistal from Brian Ford.

Frank Docking and Ed Mistal refereed.

LINE UPS

Dewberry: Dean Mullen, Rudy Holmen, Elmer Jones, Meredith Whiteside, Fred Rainey, Ray Poltras, Art Redman, Jim Jones, John Machon, Ronald Mathison, Delbert Jones, Frank Matheson, Walter Elliott, Cyril Romanchuk.

Vermilion: Waldenberger, Robinson, Stephens, Callaghan, Shepansky, Ford, Taylor, Schmidt, Coyne, Mistal, French, Yarmuch, Smith, Farkash.

Penalties: Waldenberger, Ford and Whiteside.

Despite the fact that the boys have only been on skates for a week, they all appeared in good condition and play was fast throughout. The Dewberry team showed a more deadly attack and tested the local goalie hard and often. There should be plenty of action and good hockey every time these two teams meet, and if Kitscoty and Mannville can be contenders of the same calibre the standard of hockey will soon make the fans forget the Eastern Alberta league.

Annual 4-H Club Show and Sale Held

Garry Seed, Vermilion, Exhibits Grand Champion Dressed Turkey

The annual 4-H Turkey Club show and sale was held in the Elks hall on December 15th with Garry Seed exhibiting the Grand Champion Dressed Turkey. It sold for $1.45 per pound to Craig's Ltd. of Vermilion bringing $31.-- to the young exhibitor. Ralph Dick, also of Vermilion exhibited the Reserve Grand Champion which was purchased by the Vermilion Food Locker Ltd. for $1.40 a pound, bringing a total of $44.10. Shop-Rite was the runner up on both of these turkeys.

A total of 190 dressed turkeys were sold for $1418.45 or an average of $7.63 per turkey.

Mr. Earl Chambers and Mr. A. Bjorge of the Canada Department of Agriculture, Edmonton, judged the dressed turkey classes. Mr. Chambers said that the dressed bird class and particularly the champion class and reserve champion were the best he had ever seen this year.

Winners were as follows:

Dressed Hen: 1st Garry Seed; 2nd Ralph Dick; 3rd Josie McDonald.

Dressed Tom: 1st Ralph Dick; 2nd Gary Seed; 3rd Shirley McDonald.

Live Tom: 1st Doreen Dick; 2nd Shirley McDonald; 3rd Loraine Dick.

Live Hen: 1st Josie McDonald; 2nd Arleigh Stephenson; 3rd Garry Seed.

The live turkeys were judged by F. J. Higginson, former poultry Commissioner and R. H. MacMillan, Poultry Commissioner.

R. Cooper, Ass't Supervisor of 4-H Clubs for Alberta was present at the show. He expressed himself as highly pleased with the show and sale. Mr. Cooper said that the Vermilion Club is the oldest poultry club in Alberta. Year after year the members bring in excellent live and dressed turkeys for the show and auction sale.

Josie McDonald of Mannville is president of this club and ... secretary. The turkeys were sold by the well known auctioneer Chester Gamble of Mannville, and arrangements for the Show & Sale were handled by E. H. Buckingham, District Agriculturist, Alex Letts, Ass't District Agriculturist and K. E. Rowe of the Poultry Branch. Treasury Branch Manager, Al Locke handled the finances.

Special prizes awarded were as follows:

Shirley McDonald won the special prize of 50 day old chicks offered by Co-op Hatcheries, Edmonton for the most points obtained at the Show. The Co-op also offered 20 poults for the most points obtained during the year's club work. This efficiency award will be announced later.

Geo. Lyons Hatchery, Vermilion will give 25 chicks to Garry Seed for winning the champion dressed turkey. The Anstey Electric Hatchery of Lloydminster offer of 25 chicks goes to Ralph Dick for the best dressed tom. This firm also gave 25 chicks to Doreen Dick for the best dressed live tom.

Josie McDonald won the 10 broad breasted poults offered by Swift Canadian Co. for the best live hen.

Pioneer Lady, Mrs. William Telford, Passes Away

One of the pioneer ladies of the town of Vermilion, Mrs. Francis Elizabeth Telford, passed away on Monday, December 17 at the Vermilion hospital. She was the widow of the late William Telford, who died in December, 1946. Mrs. Telford was 77 years of age and had lived in Vermilion since 1907.

Mrs. Telford is survived by her daughter, Mrs. Muriel Anderson of Seattle, Wash. There are two grandchildren, Dr. Telford Anderson of Seattle and Miss Shirley Anderson of Tokio, Japan.

Funeral services will be held Friday afternoon, Dec. 21st at 1:00 o'clock at the First United Church, Vermilion. Interment will take place in the Vermilion cemetery.

Moyer's Funeral Home is in charge of arrangements.

Elks Plan Gala Dance For New Year's Eve

Vermilion and district people will be given a grand opportunity to usher in the New Year 1957 in a fitting manner as the Elks are again having an open dance in their ... New Year's eve ...

Junior Choir To Present Concert December 21st

Do you like to hear young people sing?

Then be at the United Church on Friday, Dec. 21st and hear 23 girls, ranging in age from 11 years to 16 years, sing Christmas carols. They have a widely varied program and are working hard to present to you an evening of enjoyable music.

You will hear the German carol "Lo How a Rose e'er Blooming", English version by Dr. Theodore Baker and "Angels We Have Heard on High" sung to the tune taken from the old French carol "Les Anges dans Nos Campagnes". They will sing "Cantique de Noel" "O Holy Night". You will certainly enjoy this evening of carols by these young people.

The admission is a collection at the door and the proceeds go to build up the Junior Choir's library of music. Nothing helps children more than letting them know that they and their efforts are appreciated, so let us turn out and give them a boost.

Squares Count In Richards Family

Stanley Richards of Mannville was observed walking down the main street in Vermilion last Saturday. His jaunty step and pleased demeanor indicated that something unusual had happened so the Editor of the Standard hailed him and asked him just what was up. His reply was that he was the proud father of a set of twin daughters in the Mannville hospital and that mother and babies were doing fine. "And to make matters even better" says Stan "the pair of girls squares the count in our family as we previously had three boys and only one girl."

Issue of Standard Dec. 27th Cancelled

Following the custom of recent years which is now quite commonly observed by weekly newspapers, the issue of The Standard between Christmas and New Year's Day, Dec. 27th will be suspended. As pointed out in previous years the week itself is well punctured by holidays, the business men are never in their best ad writing mood and the Standard staff needs one week when they are not desperately striving to beat a deadline.

The next issue of The Standard will therefore be on Thursday, January 3rd, 1957.

The staff will not be on holidays, however and the office will be open for business as usual, with job work customers getting the preference for what is left of the week.

Weiller & Williams Purchases Union Stockyards, Lloyd.

Mr. Lee S. Williams of Weiller and Williams Co. Ltd., Livestock Commission agents is announcing in this issue of the Standard that he has purchased the Union Stockyards at Lloydminster and will commence operations there on Wednesday, Jan. 2nd under the name Weiller & Williams (Lloydminster) Ltd. They will provide a complete livestock marketing service for the producers of the Lloydminster district.

Allan Gannon, who is working with Halliburton Oil Well Cementing Co. and who is presently stationed at Wildwood, west of Edmonton, spent the first four days of this week with his parents in town.

Post Office Staff Appreciates Co-operation

Our Post office staff have just about completed another Xmas rush period and through the hours of overtime plus extra help, have kept up the heavy flow of mail both incoming and outgoing. The P.O. staff wish to thank all patrons who took the trouble to separate their first class mail from the Xmas cards. Only those handling know just what a help this is. They wish all "A Very Merry Christmas".

Schools Open Thursday, Jan. 3

Schools in the Vermilion School Division will close on ... for the Christmas holidays. They will re-open on Thursday morning, January 3rd, 1957. This allows the students and pupils just about as long a Christmas vacation as it is possible to have.

Holy Day or "Holi-Daze"

Christmas isn't what it used to be" said the man in the bus
Now when I was a boy

Christmas is getting to be a bit of a racket" muttered the harassed worker as she looked in her slender purse trying to fig ure out a way to get some of the things her young ones expected from Santa.

Christmas is just give and takin." cynically remarked the footsore young lady as she push ed through the crowds around the display counters

And perhaps Christmas isn't what it used to be. For the first was a holy day, when the Christ Child was born in a manger in Bethlehem. Over the years the celebration has lengthened by days and weeks, until now the Christmas season starts early in November when Santa Claus makes his first appearance and extends almost into the New Year

In many homes the holy day has become a series of "hali daze". A mixture of last-minute shopping, home celebrations, office drinking parties (on which there has been a justified crack down in recent years distracting holiday sights and sounds, ran used to ala sometimes tragic state

But Christmas is still a holy day. It is the anniversary of the birth of a Man who came not to bring carols and turkey or trim Christmas trees, but to give the world one gift the gift of love

Why not make this Christmas a holy day in your home Have fun, enjoy your gifts, your children, the feasting and all that goes with a family Christmas But take a minute or two from the day's festivities and consider your Christmas hope for the world as we approach a New Year which in itself, brings suggestion of courage and of hope

A new prayer for the New Year
In hurry, heavenly Father
I plead
The former things are passed away
Make all things new for Thy present day
Give to us the best Thou hast to give,
By which alone we still may live

A new heart and a new birth
For a new heaven and a new earth

There are no tides on the Great Lakes although considerable vari

"HELLO, HOMEMAKERS"

"Deck the halls with boughs of holly . . . "

The Christmas season is here at last — with the happy rustle of carol singers, and the shining eyes of little children. Shopping, gift wrapping and preliminary baking should be well under control by now. The next and biggest problem to be faced is the Christmas dinner.

The menu itself is almost traditional Turkey, cranberry sauce minee pie, — doesn't the very thought make your mouth water?

Here's a recipe for Cranberry Almond sauce which is definitely different.

CRANBERRY ALMOND SAUCE
1 cup sugar
½ cup water
2 cups cranberries
2½ tablespoons lemon juice
1 tsp. grated lemon peel
¾ cup blanched, slivered, toasted almonds

Combine sugar and water in a saucepan. Bring to boil and cook slowly for 5 minutes. Add cranberries and cook (covered) 5 minutes or until cranberry skins pop open. Stir in lemon juice and peel; cool. Add almonds; refrigerate until serving time.

Sounds good, doesn't it?

TIP FOR THE WEEK

With frig crowded to overflow ing with Christmas food, here's a hint you may welcome. Put a few drops of vanilla in a small glass in the refrigerator. It helps to banish food odors.

Merry Christmas Everyone!

Special Offering for Hungarian Relief At Salvation Army

Commissioner W. Wycliffe Booth, head of The Salvation Army in Canada, has asked all Salvation Army Corps throughout Canada to receive a special offering during their regular evening services Sunday, Dec. 30 for the relief and re-settlement of Hungarian refugees

Commissioner Booth, who has spent many years in various levels of Salvation Army administration in Europe, has a great knowledge and love for it's people. Through him the Canadian Salvation Army has been a leader in supplying for the relief of the Hungarian people — through the National Council of Churches — and directly to the immediate needs of refugees through the Salvation Army in Austria. The Commissioner, who sees a bright future for these hard-working and gallant people who will shortly become new Canadian citizens, is desirous that every avenue of service might be opened to them.

The Salvation Army was the first to offer assistance to the authorities, and have already set up a relief and distribution centre at Gander airport where hundreds of refugees have already been assisted, and are ready to assist the hundreds more scheduled to arrive in Canada through this centre.

Receipts deductible for income tax purposes will be issued for all donations received. For those who will not be attending the service of Dec 30th, contributions marked Hungarian Relief should be sent to The Salvation Army, Box 1924, Vermilion, Alberta.

Guard Against Fire This Yule Season

Guard against fire in your home this Yule season

The average Christmas tree can go up in smoke in only a minute or so and that doesn't leave much time to call for help

A live tree with roots packed in a bucket of earth is the safest. Be sure and keep the dirt moistened. A small tree is safer than a large one and festive trimmings can make up what is lacking in size

Don't use lighted candles (This may seem an unnecessary precaution in this day of electric lights, but lighted candles contribute to tragic fires every year)

Check the wiring for the tree to see that it's not frayed and is in perfect condition. The switch for turning off and on electric lights should be at some distance from the tree Don't plug or unplug lights beneath the tree

Don't leave tree lights on when it isn't necessary and especially when the family is away from home. From time to time, check over the tree and see if candles near the lights are turning brown If they have, move the lights.

Watch the calendar. New Year's is the day for the tree to go down If you should outlast the time, don't leave the lights on the tree for more than a half hour at a time.

Place the tree well away from stoves, radiators, and other sources of heat. When you undress, stay away from the tree Also be sure that the tree is secured in such a way that it cannot fall. Do not put it near a doorway where it will block an avenue of escape. should a fire occur

Dr. Clement Moore Was Ashamed of His Famous Poem

Dr Clement Clarke Moore, author of his famous poem, "Night Before Christmas" would not acknowledge that he wrote it for more than 20 years Today the poem which begins—

'Twas the night before Christmas, when all through the house
Not a creature was stirring, not even a mouse—

is one of the most beloved of all Christmas writings

Dr Moore was an adept professor of Greek and Oriental literature in the Episcopal Seminary in New York He wrote the poem on Christmas Eve 1823 and read it to his seven children

He had not planned for the piece to go further than his own family but a relative who was visiting the Moores put a copy in her diary The next year the relative's father sent it to a newspaper

Other newspapers printed the jingles and they quickly became known all over the country The dignified Dr Moore was embarrassed and considered it beneath a man of his pedagogic standing to be the author of children's jingles

Twenty-two years later however, he finally publicly acknowledged authorship of the jingles and it was published in book form under his name for the first time.

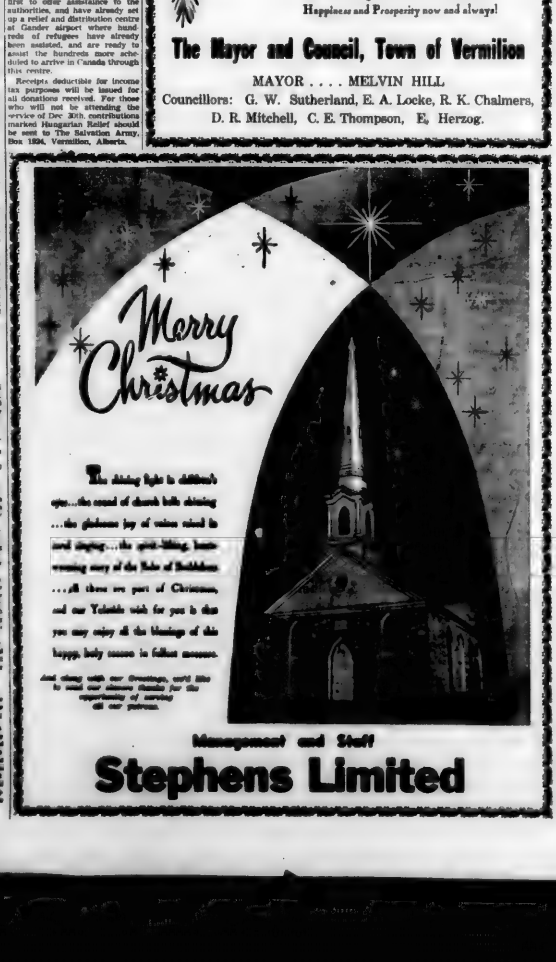
Councillors: G. W. Sutherland, E. A. Locke, R. K. Chalmers, D. R. Mitchell, C. E. Thompson, E. Herzog.

Many Win Turkeys At Bingo

The annual turkey bingo of the Senior Hockey club was well attended and those in charge express their appreciation for the good support enjoyed. Turkeys were won by Mrs. Burdett; Mrs. Tom Beatty, Joe Perrier, Dan Pottgrow and Mr. Ted Riley were winners of two turkeys each and Mr. Bill Hunter won the ham.

"What's 'wrong?" yelled the pedestrian. "Are you blind?"

"Blind?" shouted the driver. "I hit you, didn't I?"



Merry Christmas
The shining light in children's eyes...the sound of church bells chiming ...the gladsome joy of voices raised in carol singing...the spirit-filling, heart-warming story of the Babe of Bethlehem ...all these are part of Christmas, and our Yuletide wish for you is that you may enjoy all the blessings of this happy, holy season in fullest measure.

Outstanding Film At Columbia For Holiday Season

Nick Kowalchuk, manager of the Columbia theatre has been able to secure the outstanding picture "The Lady and the Tramp" for three days of the holiday season. "The Lady and the Tramp" is the greatest comedy Walt Disney has ever produced.

It is the story of a romance between two dogs, a pedigreed cocker spaniel named Lady and a wise-cracking tramp dog from the wrong side of the tracks who had been everywhere and seen everything.

Make your holiday complete by taking the whole family to see "The Lady and the Tramp" at the Columbia theatre Dec. 24, 25 and 26.

HI-SCHOOL HI-LITES

The Vermilion High School students through their fine efforts have raised enough money to have a lithographed Year Book for 1956-57. The merchants of the local stores were very cooperative and the students would like to thank the following merchants and business men for their generous support which will make this effort possible.

Another successful High School dance was held in the form of an "Eskaahmoo Ball" on Friday, November 23. Gay streamers, pennants, and realistic pictures carried out the theme very fittingly. The winner of the radio raffle was picked that night and the congratulations go to Mr. T. Milligan of Vermilion.

On Tuesday, November 27 the Vermilion high school was host to the Two Hills students for a basketball game between the boys of both high schools. The game was well played by both teams and ended in a score of 34 to 19 for Two Hills. Cheerleaders from both schools supplied some good-natured competition which added to the game. The evening was enjoyed very much by everyone. After the game the Two Hills students and V.H.S. team were served lunch in the high school.

Last Friday, December 15, the high school "A" team was motored to Vegreville in private cars to play the Vegreville school team. This game ended in a 48-41 score in favor of Vegreville. There were no V.H.S. spectators along in this trip

There will be a basketball game between the Vermilion and Mannville girls' and boys' "A" teams on January 4. This game will take place in the College auditorium. We hope there will be many ardent high school fans in attendance

The curling activities in the school will begin soon after the Christmas holidays.

BUFFALO COULEE ACTIVITIES

Curling got in to full swing at the Buffalo Coulee rink this past week end with a mixed bonspiel. With a real cold spell, Henning Haverslew was able to get ice in good shape. Rinks for the winter are now being drawn up and the regular schedule will soon get under way. There is just one complete ladies' rink, the rest of the ladies are on men's rinks. This seems to work out better on account of travelling conditions.

Wayne Green has been getting the skating rink flooded and the school children are looking forward to getting on the shining blades this week.

Full concert preparations are under way at the school, with the program being held on Friday evening, Dec. 21.

The Home and School are holding their regular meeting and Christmas party on Wednesday night with the executive going a bit early to fill the bags for the Christmas tree.

The C.G.I.T. girls held their tea and initiation service last Wednesday night. The leaders and girls carried out a candle-lighting initiation ceremony. Eleven girls took part and one was absent due to illness. Best wishes to you, Fay, from the girls and leaders. A few of the girls went into Vermilion to the candle-lighting service Sunday evening.

The annual meeting of the Auburndale W. A. groups was held at the home of Mrs. John Eyben last Tuesday evening. Mrs. Forest Seale, the president, was in the chair with Mrs. June Symes secretary. Mrs. Alex Stone conducted the devotion period which took the form of a Christmas program. Forms were distributed to the presidents of each group to have their year's work reported and sent in to the secretary before Jan. 10th.

Officers elected for the next two years were as follows: President, Mrs. George Eyben; secretary, Mrs. Wm. Crabb; devotional convener, Mrs. H. Wear; literature convener, Mrs. Bill Arthur; Christian Fellowship, Mrs. Henning Haverslew; Press, Mrs. Alex Stone.

A vote of thanks was given to the retiring officers. A delicious lunch was served by the ladies of the Willowby group and a social hour enjoyed. The next meeting, in March, is to be held at the home of Mrs. Ruth Haverslew.

Rev. C. W. MacKay held service at the school on Sunday afternoon and will be here again on Dec. 30th at 3 p.m., when it is hoped there will be a larger congregation.

Best wishes to one and all for a Merry Christmas and Happy New Year. Let us not forget to give thanks for our many blessings and for the greatest Gift of all.

Treating Trees To Preserve Needles

Dropping needles or leaves of Christmas trees, which strip the trees of color and litter the floor, long have been a Yuletide bane. Therefore, the discovery of the New York State College of Forestry that waterglass spray will prevent the spruce leaves from falling comes as welcome news to family and housewife alike.

Besides preserving the foliage, the waterglass spray adds to the decorative effect of the spruce by casting a slight silver sheen to the green of the needle-like leaves. The waterglass also has been found to be a good fire retardant.

The college found that the shedding of spruce leaves also can be retarded by placing the base of the tree in a bucket of moist earth, peat moss or water. Users have reported the success of this treatment.

Presentations Made At Mannville 4-H Luncheon and Rally

MANNVILLE. — On Friday evening, Nov. 30, Mannville 4-H members held their annual buffet luncheon and social evening. Parents were invited and guest speakers were Mr. Dickens, Miss Mewah and Mr. Buckingham.

After a very delicious luncheon, Miss Mewah, who is connected with 4-H work in Alberta gave a very interesting talk on members of 4-H clubs and their work. She told of a trip to Montana on which she chaperoned 4-H boys and girls on a visit to American boys and girls at a 4-H camp.

Mr. Dickens showed a film on the Toronto Fair, featuring dairy cattle, explaining the picture as he showed it.

In awarding all the 4-H members with their money, Mr. Buckingham mentioned the grain and beef club members eligible as efficiency winners for this coming year — Arleen McLaughlin or Lillian Fedeshko for the grain club and Josie McDonald or Bob Willes for the beef club. Two of these members will be entitled to a week at the Vermilion Agricultural college during 4-H week.

On behalf of the Canadian Bank of Commerce, Mr. McLeod presented Josie MacDonald with a watch for having the highest number of points in the beef club. Then Miss MacDonald presented Mr. and Mrs. Gamble with a gift in appreciation of their untiring work in leading and helping the 4-H clubs.

To close this part of the program Mr. Gamble showed a film on American and European 4-H clubs and their work.

The seats were then cleared away and a dance was enjoyed with music by Panter's orchestra. Lunch was served to close the evening and another successful 4-H rally was over for this year.

Ornament Making A Cottage Industry

These colored glass ornaments that we hang on our Christmas trees used to come from Germany, Czechoslovakia and Poland. A small number were made in Japan. When the war cut off these supplies, American glass manufacturers, who had never bothered with these products before, turned part of their facilities over to making the pretty gewgaws. Mechanical methods were soon developed that could blow as many ornaments in an hour as a European glassblower could make in a month. Thus modern efficiency may doom this picturesque little industry, carried on in the mountainous towns of eastern Europe.

Ornament making is a typical "cottage industry" in the little villages that cling to the steep mountainsides. Families specialize in certain shapes and designs," patterns that may date back for hundreds of years unchanged. The father, using a bunsen burner, carefully blows the thin glass tubing to the desired shape, with the aid of an iron mold. His son, acting as mold boy, removes the hot ornament to a cooling table. Next the mother silvers the inside, and finally the daughter applies paint and perhaps decorative designs.

Oil is the dynamic force in the currently expanding economy of Saskatchewan, one known solely for its reputation as Canada's "wheat province."

Lillian Wasylyk Wins At Mannville A.C.T. "Search for Talent" Show

MANNVILLE. — Letters from grateful parents for the assistance given to the crippled children prove over and over again the worthwhile effort of the A.C.T. Search for Talent show which was held again in Mannville school auditorium on Saturday night. Despite the cold night there was an excellent attendance and the calibre of the first part of the program was very good. There were several entries who have appeared on the show each year that it has been in Mannville and a number appearing for the first time. There were 18 entries in all but two were unable to attend. Among those entertaining were: Michael Poliakiwski of Myrnam; George Stewart, Alex Stewart and Mary Stewart of Vermilion; David Lotoski of Innisfree; Lillian Wasylyk of Vermilion; Anne and Marion Yacak, Lily Poliakiwksi, June Metrunec and Edith Gadke, Howard Ferguson, Doreen Ferguson, Verla Arnold and Tommy Metrunec, Norma McLuckie, Frank Lichak, Harry Stelmaschuk, Kenneth Stelmaschuk, Tommy Metrunec, all of Mannville. Instrumental selections with violin, accordian and guitar intermixed with solos and duets, made the program an enjoyable one. At the end of the evening the standings were as follows: 1st, Lillian Wasylyk; 2, Harry and Kenneth Stelmaschuk; 3, Frank Lichak; 4, Norma McLuckie and Verla Arnold.

After an intermission when the audience took a stretch, the travellers were introduced by Mr. Ernie Majeau, who himself is a former Mannvillite. These travellers give their time on Saturdays to travel to the various towns with the Search for Talent show in aid of the fund for crippled children.

Mr. Jack Dennistoun again gave his version of a 'dial twister' and later in the program gave an excellent impersonation of Elvis Presley. Mr Van Le Meent, virtuoso of the harmonica and Mr. Tony Biamonte as the genial M. C. were welcomed as old friends by the audience. Newcomers were Mr. Frank Gay who accompanied several of the local artists on a guitar designed and made by himself, and then played both classical and modern selections on different types of guitars; Mr. Allen Farrell, comedian, with his impersonations of a "Farmer from Arkinsall", and Mr. Bernie Boyd whose dance routines by himself and with Mr. Farrell were well received and enjoyed by the audience. We hope these entertainers will return again.

The Search for Talent show is for a very worthy cause and the A.C.T. appreciate the support of the district. It is hoped to have the show after Jan. 1st next year when it will not be such a busy time and the local business people will be able to attend as well with stores closing at 7:00 rather than 9:00 as they do at this time of the year.

Wassail Bowl For Auld Lang Syne

The Wassail bowl goes around in Scotland—and elsewhere—at New Year's time.

The origin of the custom is really lost in antiquity; [illegible] ancestors probably quaffed their ale from the polished skulls of defeated enemies, and the Rowena legend must be classified as "presumably fiction."

Rowena is reported to have offered her father's guest—Prince Vortigren—a bowl of wine with the salutation "Lord King, wass-heal," literally, "To Your Health." Draining the bowl with one draught, Vortigren fell in love with Rowena and they lived happily ever after.

Anyway, in time the bowl itself became an ornament of graceful design—decorated with branches of greenery which formed a canopy over the bowl. The mixture within was warm and included ale, sugar, spices, sweetened wine was added by hosts who could afford it, apples floated on top of the decoction, sometimes called "lamb's wool" or the "old man's beard." The poorer classes carried a bowl decorated with ribbons around the neighborhood, begging that it be filled, so they, too, might enjoy the Wassail.

The custom of making short calls on New Year's Day was in full swing throughout America about 1900. Newspapers carried columns of "at home" notices specifying the hours during which visitors would be received. A succession of "open houses" and punch bowls sometimes minimized the courtesy accorded to hostesses — receptions were often "crashed" by bibulous strangers; hence, the publicity announced "open house" custom has fallen into decline and, New Year's calls now being exchanged only by intimates, the Wassail bowl goes 'round in private.

Mistletoe Distinct As Yule Decoration

Mistletoe, that distinctive Christmas green so common in many parts of America, is usually thought of as merely good holiday decoration or as a creator of open season on ladies fair for otherwise bashful swains.

Mistletoe did not always hold this position in our lives. The Druids called it "all-heal," and thought it held many miraculous virtues. The Scandinavians dedicated it to their goddess of love, Friga. Probably this goddess of love is responsible for the custom of kissing under the mistletoe.

The power to heal, to protect against sickness, to perform magic deeds—all these and more are the qualities ascribed to this plant in legends, traditions and even in ancient histories and literature.

Mistletoe is a parasite, which infests branches of various trees of both hardwood and conifers, but mainly on hardwoods. One species is found exclusively, however, on conifers.

Among the Celts and others mistletoe which grew from the oak was considered to have peculiar magical virtues not possessed by that from any other trees. Some even considered it so rare as to be only cut with a gold knife.

Another old tradition is that the mistletoe supplied the wood for the holy cross, as previous to that time it was a forest tree but after the crucifixion was condemned to exist only as a dwarf parasite.

Mistletoe was taken over into the Christian tradition in due course and dedicated to the Christ Child. An old rhyme reads:

The mistletoe bough
At our Christmas board
Shall hang in the honor
Of Christ our Lord.

APPRECIATION

On leaving my practise after twelve years in Vermilion, I would like to take this opportunity to publicly thank the people of the town and district for the pleasant associations made in the practise of my profession, in community work and in social contacts. I now say goodbye to you all, and extend best wishes for a Very Merry Christmas and a Happy New Year.

Christmas Day

On Christmas Day we repeat the old familiar greeting that, each year, in some mystic way rings fresh and true—"Merry Christmas." Like such words as "hello" and "good-by," there really isn't anything else to say that pulls at our heartstrings as do these old dear words. And so again we say

Merry Christmas—to the littlest ones who skip downstairs in the gray dawn to explore their stockings and the wondrous tree and to look at Christmas with the special radiance of youth who lend to the rest of us little glimmers of the real Christmas glamour

Merry Christmas—to father who'll strain a point any day to give us all the things we want . . who probably works much too hard and yet keeps younger and more alert because of the responsibility of a family and the competition of business who makes the gesture of tut-tutting all the fuss and feathers yet beams with affection and excitement

Merry Christmas—to mother who really calls the tune for the holidays and does the planning and pulling together who flutters and bustles radiantly for weeks ahead and undoubtedly has the best and busiest time of all.

Merry Christmas—to the butcher the baker, the candlestick-maker not to mention all those who sold us shoes and ships and sealing wax for what would Christmas be without them? For through them we've all been able to share our own little prosperity in the most wholesome way of all—by spending it.

Merry Christmas—to dear friends far and near who've sent us greetings and gifts . . most especially do we cherish the greetings because even more than gifts they express the true spirit of Christmas.

Merry Christmas—to the droppers-in who come with holiday cheer and friendship who come to our [illegible] of extra elegant jelly or an original privately invented relish.

Merry Christmas—to ourself, for that matter. But then we feel pretty sure that we'll have one for we've put so much work and excitement and loving getting ready into it. For of course we all get out of Christmas just about what we put in.

Those who give themselves grow richer.

The kindly word, the spontaneous smile, the thoughtful deed — these are outward expressions of the goodness inside the hearts and minds of [illegible]

Those of us in the newspaper business must record the little things that make news day by day. Often we wish there were less of pettiness in the world and more of the spirit of Christmas scattered throughout the year. But the day that marks the birth of Jesus brings with it a rebirth of faith and hope and a realization that deep down inside each person there are Christ-like qualities of unselfishness, loyalty and devotion to the highest principles of God and man. It is these qualities which make Christmas the most joyous season of all.

Truly, there is "joy to the world" in abundant evidence of self-giving, of hands clasped in friendship, of hearty good wishes. How insignificant are the little troublesome things of the world in the light of the Christmas spirit that pervades the world!

And so we again join in the gladness of the season to wish all our friends and subscribers

Dorothy Boys Killian

YOUNG Mrs. Frank Sanderson hung up the telephone receiver and stared bleakly at the beautifully set dining table. The Santa Claus sleigh centerpiece filled with red and white striped candy canes, the sprig of holly at each place setting, the gleaming silver—was it all to be for nothing?

"I'm so terribly sorry," her mother had just said over the phone. "We simply aren't going to be able to make it for Christmas dinner. The roads are just a sheet of ice—"

"Oh, Mother!" Eva had exclaimed. "It won't seem like Christmas at all without you here. And Frank and I were so excited about it being our first time to have the family."

"I know how disappointed you'd be, Eva," Mother answered. "But Dad says it's just impossible."

"Oh, Frank!" Eva was close to tears. "It's going to seem so queer without Mom and Dad."

"I know how you feel, honey." Frank put an arm around her comfortingly. "And what's more,

"I know how you feel, honey." Frank put an arm around her comfortingly.

what about all that food sitting around in the kitchen?"

"We'll just have to find somebody to eat with us." Eva wiped her eyes and looked thoughtful. "Let's see, can you think of any of our friends here in town who hadn't planned anything special for today?"

"Well," Frank said, "the Springers are eating with his folks, the Albrights left by train yesterday for Detroit, the McCalls—oh, you know as well as I do that everybody's dated up. You just don't leave Christmas dinner to chance."

"Frank! What about the Aarongaards? You know that fisherman and his family who live in the cottage down by the docks?"

"You mean that tall, quiet guy with three or four tow-headed kids?"

"Yes, and I heard someone in the post office yesterday saying they've been having a struggle lately—the river's been so ice-blocked that he can't get his boat out to the lake, and there's nothing coming in for them."

"Honey, that's a swell idea!" Frank agreed heartily. "But what'll we tell them?"

"Why, just the plain truth, that our folks couldn't make it at the last minute and we'd be so glad if they'd substitute for them."

"Maybe they won't believe it," Frank said. "They've got their pride, you know; people like that don't want charity."

"Just try anyway, Frank," Eva pleaded. "Go ahead and phone him right now."

"O.K., here goes." And Frank went to the phone.

A minute or two later Frank hung up the receiver and shook his head. "Just what I was afraid of," he sighed. "When I first started to talk and wished him Merry Christmas he seemed tickled to death that we'd thought of them, but the minute I mentioned the invitation he froze up and said very politely that they had their own [illegible]. He just didn't believe the story."

Eva looked crestfallen. But after a moment's silence she suddenly said, "Let me have that phone," and hastily dialed a number.

"Mr. Aarongaard, this is Mrs. Sanderson. We're so sorry you can't come to dinner here, it would have meant a lot to us. But I'm calling this time to ask a favor of you.

"I understand that you go inland to Brinkville every week or so to deliver some fish orders. I just wonder if, the next time you go, you'd be kind enough to take my family's gifts to them—their farm is right on your way.

"—Yes, all their things are under the tree here. We naturally expected them to pick them up when they came to dinner, but—"

Eva began to smile as she listened, and then said cordially, "Oh, fine, we'll expect all of you at about three o'clock. Good-bye till then." And she hung up the receiver.

"They guess they'll come after all, if we don't mind their changing their minds," she reported happily.

"You're a smart little wife if I do say it myself," Frank grinned. "Come on, let's shove that bird in the oven."

How about that SUB date?

Wedding Bells

SMITH—WATT

A quiet but pretty wedding was solemnized in the Viking United church on Nov. 21st at 2:00 p.m. when Marjorie Doris, daughter of Mr. and Mrs. Erle Watt of Viking, became the bride of Victor Roy, son of Mr. and Mrs. Wesley Smith of Bruce. The marriage ceremony was conducted by the Rev. Swallow.

The bride, who was given in marriage by her father, looked lovely in an afternoon dress of pink chrystalette with an all-over, brocaded black and white floral design and matching accessories. She wore a corsage of yellow artificial flowers.

Miss Hazel Whitlock, a friend of the bride, was her only attendant. She chose an afternoon dress of natural chrystalette with brocaded gold and black design and brown accessories. Her corsage was of pink artificial flowers.

Attending the groom was Mr. Bud Hammermaster. Mr. Gerald Miller, brother-in-law of the bride and Mr Dan Watt, brother of the bride, were ushers.

Following the ceremony a reception for forty guests was held at the bride's home. For receiving her guests Mrs. Watt chose an afternoon dress of brown hammered taffeta. Mrs Smith wore a black and white dress with matching accessories. Both ladies wore corsages of white carnations. Mr Ed McKinney proposed the toast to the bride, to which the groom suitably responded.

Out-of-town guests included Mr. and Mrs. Clayton Smith and family and Mr. Dan Watt of Wainwright; Mrs. Don Christie of Kitscoty; Mr. and Mrs. Gerald Miller, Mr. Harold Clark, Miss Sylvia Steele, Mr. Dennis Simmonds and Mrs. John King all of Vermilion.

The happy couple will make their home in Whitecourt.

NEWS from ISLAY

Next Sunday, Dec. 23rd Xmas service will be at 7:30 p.m. in the United church. Christmas service also in the Sunday school at 11 a.m. by the children—open to all.

Mrs. Henry Olds was in Islay the week end of the 8th. She attended the bazaar but couldn't wait over for the W.A. Xmas party meeting. We had a very nice meeting, most of the members were present. The same officers were voted in again with exception of one. Gladys Stone handed over to Mrs. Vi Schaffer as the secretary for Missionary Monthly. The W.A. had a good year. The travelling apron was opened and out fell $13.11 for our missionary work. In reply to a letter from Dr Villette of the Alberta College, the members voted $50. It is our own church school. Then, in request for one of our own Vermilion-born girls who has gone to be a missionary a project for the year was voted in. At that time Santa called out Ho-Ho-Ho in a loud voice and all were soon absorbed in opening their gifts. This was followed by a delicious lunch and then it was six o'clock. The January meeting will be at Mrs Sweet's on the second Thursday as the first Thursday is too soon after New Year's.

Liddon Buchanan returned on Sunday from visiting in Vancouver and Victoria. He saw many of the old time Islay folk including Jim Heburn, Tom White, Mrs. Buchanan's mother and many more. He had a fine holiday. The folks at home did not fare quite so well as Mrs Buchanan was in hospital for a week and Hamar had the misfortune to have his foot broken.

The turkey draw and dance in aid of the Cubs was satisfying. They can now get a bit of equipment. Harry Waterfield is very pleased, we are told — he got the turkey.

Friday the 21st is the school ...

Quite a number from the south, Russell Buchanan, Harry and Art Waterfield, Jack Knoll, Emerson Ternoster, Lyle Anson, Merril McKerrihan, Bill Barfoot and Gerald Coulton, enjoyed a good hunting trip. Not too much game was brought out but with such mild weather a fine holiday was had by all.

Candy and cookie bees seem to be in order in the Kenilworth district. Last week sixty-four pounds of Xmas candy and one thousand seven hundred cookies were made! The eight ladies have these safely hidden away for Christmas!

Mrs. Fred Watling Elected President Claysmore W. I.

The annual meeting of the Claysmore W.I. was held on Dec 12th at the home of the president Mrs J Willes. Eight members and two visitors were present. Included in the visitors was Mrs. Vern Shreyer of New Westminster and Mrs. Fred Leveredge of Claysmore. The meeting opened with the Creed, followed by the roll call, "Carol Singing". Several numbers were sung by the members in unison.

Minutes of the last annual meeting were read by the secretary as well as those of November meeting and were approved by the president. Yearly reports were given by the president, the secretary and auditors.

Our representative to the library board, Mrs. O. Willes reported that nothing definite had been done. A larger building is required to take the place of the old one as there is no room for books coming in on the monthly grant.

The president and handicraft convener attended the meeting at Mannville on Nov. 22nd. The secretary was advised to order "Home and Country" for 12.

The date of the annual Xmas party was set for the evening of Dec 22 and committees were appointed.

The following officers were elected for 1957:

President — Mrs. F. Watling
Vice-Pres. — Mrs. G. Watling
Secretary — Mrs. O. Willes
Treasurer — Mrs. R. Bauer
Directors — Mrs. R. MacMillan, Mrs. G King, Mrs. R. Bauer.
Press Reporter — Mrs. H. Williamson.

The next meeting will be at Mrs. M Woywitka's home on Jan. 9th.

The meeting was adjourned and the ladies enjoyed a delicious lunch provided by all members of the group.

Return From Visit To Oklahoma

Mr and Mrs. Jim Johnson and Mrs. Charlie Hollen left Vermilion on November 13th for Oklahoma City where a friend met them and went from there to Crescent, Oklahoma to visit Mrs. Hollen's daughter and mother Mrs. Belle Knowles. Then on to Twendy to see the Owens family and the Johnson's old home place. This was very disappointing as it has been very dry in that area for years, but they did see a few old school mates. Mrs. Hollen went on to see her grandson while Mr and Mrs. Johnson travelled to Wichita, Kansas, then to Fort Kent and Horten to see cousins. Kansas City and Lexington were next in the travels to see Jim's cousins, then to Oddessa, Mo. to visit graves of his three little brothers who were buried all in one day, 76 years ago. They saw on their travels here flowers in bloom, wheat six inches high, picking cotton and gathering corn. One fortunate thing was that they just missed a tornado by twenty-four hours. On leaving the sunny south the temperature was 79 above, but arrival at Winnipeg it was an even 30 below. However it was a grand trip, and Lulu and Jim Johnston say that there is no place like Vermilion in sunny Alberta.

Christmas in the Bush — Bringing in the Christmas tree is easy when you live in a northern woodlands community where the surrounding forests are managed, conserved, and harvested so that they will yield continuous crops of pulpwood to supply the nation's pulp and paper mills. Marwayne Home and School Association Regular Meeting

MARWAYNE — The regular meeting of the Marwayne Home and School was held on Tuesday, December 11th.

A motion was made and carried, that it be the responsibility of the parents to arrange for placing their children in town homes if an emergency such as was experienced last year should arise again. Notices have been sent out with the children to this effect.

There will be a series of whist parties on the second and fourth Fridays of the month, starting January 11th; the object, to raise a little money.

Miss Baldwin's Grade 4 and 5 class won the free reading book for having the most parents present at the meeting.

There are now 35 paid up members, which is a very small percentage of parents. A lot more could be accomplished if more parents would only make the effort to attend meetings.

Following the business session a panel discussion was held on the Value of Parent and Teacher Interviews. The panel was composed of Mrs. Culford and Mrs. Harrington, Messrs. Gray and Gardiner with Mr. Petryshen as chairman. A number of questions were addressed to members on the floor. Everyone got a great deal out of this as to the value to the teacher, the parent and the child.

Two films were shown, one on the Slemna Trapline, and the other, "Why Am I Self Conscious?"

The next meeting will be on Tuesday, January 8th.

THE BORRADAILE TIMES

Mr. and Mrs. J. R. Freestone recently went on a Saturday fishing trip.

The Alberta Pacific and National Grain elevators were quite busy loading cars last week.

The temperature dropped to a very low 36 degrees below zero in Borradaile last week.

Mr. and Mrs. James Hinton are riding around in a different car again.

Everyone around the district is getting ready for the coming Christmas festivities. It is quite hard to find a live turkey around these days.

Mr. Robinson had a near call recently when a fire started in the attic of his house. He was successful in putting out the fire with the help of a fire extinguisher borrowed from one of the near-by elevators.

Mr. Freestone has increased his family by three now, when he took in another family to play bridge with. The male member of this family works as second man for the United Grain Growers in Vermilion.

People around the Borradaile district thought we would have a repetition of events of a year ago when the winds got up to about 40 miles an hour last week. Fortunately there was not enough snow on the ground to cause serious drifting.

Saskatchewan has a total area of 251,700 square miles.

The Vermilion Board of Trade

Princess Anne W. I.

The annual meeting of the Princess Anne W. I. was held December 10th at the home of Mrs. C. Mix with only 9 members present owing to the stormy night.

Each member answered the roll call with a gift which was dropped into a box which was prettily decorated by Mrs. Mix.

The minutes of the last meeting were read and adopted; also the treasurer's report.

Our president gave us a very nice talk in which she summed up our achievements of the past year and thanked all the members for the co-operation they had given her.

The other standing committees then gave their reports.

Election of officers then followed. President Mrs. West was returned by acclamation. Vice-president Mrs. G. Mead was unable to attend but it is hoped she will stand for another year. Mrs. Richardson was elected secretary and Mrs. Wm. McIntyre treasurer.

It was decided to elect standing committees at the next meeting if more members were able to attend.

Final arrangements were made for our Christmas party at the Island Hill school.

The meeting closed with "God Save the Queen." A delicious lunch was served by Mrs. Mix, Mrs. Scarfe and Mrs. Richardson after which each member drew a gift from the box.

The next meeting will be on January 7th, 1957.

Christmas Dinners In Britain

No Christmas in Britain would be complete without roast goose or turkey, mince pies and plum pudding with rum-butter sauce. The pudding, made weeks ahead of Christmas is customarily stirred by each member of the family while making a wish.

For hundreds of years families have observed the custom of placing in the pudding a silver coin (good fortune), a ring (for a wedding), and a thimble (a life of single blessedness), as well as other charms and trinkets. Generally the pudding is doused with brandy and served lighted.

CHRISTMAS MESSAGES from THE CHURCHES

THE ANGLICAN PARISH OF ST. SAVIOUR'S

"AND it came to pass, as the Angels were gone away from them into heaven, the shepherds said to one another, 'Let us now go even unto Bethlehem'."

(Luke 2:15)

If we were to go to Bethlehem with the shepherds what would we see? The peacefulness of the little stable, the animals standing quietly in their stalls, a little baby lying in a straw-filled manger, a mother and a father bending tenderly over it; yes we would see all these things, and yet, if we were to look even more closely, we would see other things too; things which are not quite so apparent, but which are just as important.

How little the great world knew that night of all that was happening at the inn! The inn itself was crowded; every corner of it housed a traveller! Men were talking eagerly and excitedly on a hundred subjects of the hour. And the great subject of eternity — the birth that was to alter all the future — unobserved, was at their very hand. Nobody was discussing that. Even the innkeeper would probably want to keep it quiet. A few might wonder what was going on in the manger, but they would give it only a passing thought. And it was thus that the Redeemer came; for the King is really like the Kingdom, and cometh not with observation.

The Old Greeks used to say that the Gods come to us on feet of wool. And this was just the way that God came, when His Son was born, in the greatest moment of all history. Men were talking and doing business; little children were playing, and women were going over the affairs of the day beside the well — and lo! The Kingdom of Heaven was among them!

Here, in Bethlehem, was the heavenly purpose of the ages, fulfilled in a Baby, lying in a manger. Here, was the long expected and eagerly awaited Messiah — but the last thing that anyone expected was that he would be a manger-child, unable to find housing in an inn!

But, "My ways are not your ways, neither are my thoughts your thoughts." The manger scene is forever teaching us that, and we are forever slow to take it in. We can never seem really to understand it. When we are tempted to dictate to heaven, and to tell God what to do, and to "limit the Holy One of Israel", let us instantly turn our thoughts to Bethlehem and remember the simple little stable scene.

"They all were looking for a King
To slay their foes and lift them high:
Thou cam'st, a little baby thing
That made a woman cry."

Sincerest Christmas Greetings to you all and best wishes for a Happy and Prosperous New Year

THE SALVATION ARMY

HAVE you ever wondered why the Shepherds and the Wise Men seemingly were the only ones aware of the great events taking place that Christmas night so many years ago? I have, and often have thought how unjust it seemed that wise men, through their special knowledge and profession were given this special sign to follow, or how the little group of shepherds were singled out for the angelic visitors and their great proclamation, while thousands of devout people were left without knowledge of the important event in their midst.

As I have pondered the subject my mind has automatically asked if Christ had been born in 1956, to whom would the announcement be made?

This was a busy time throughout Judea, when homecoming parties and celebrations would be the order of the day, and no doubt trips through the camps of the travellers seeking out relatives and old friends were all part of the busy season of the year.

There would no doubt be many fine committees to be served on, such as relief for destitute travellers, a housing committee to try and ease the situation as much as possible, an entertainment committee perhaps, and endless other tasks to be done.

In contrast, the Wisemen from the East, unaffected by Caesar Augustus' decree, were following their study of nature, and in a close bond with the Creator God, born from hours of marvelling at the wondrous works of His hands, and His ways in the Heavens, saw with unshakeable faith this new revelation of God. They took time to know God, and so were led by Him.

Far away from the revelry and raucous trumpeting of Herod's palace, the quiet shepherds sat, thinking no doubt about the affairs of their land, and their people, and the promise of God to send a Messiah, the deliverer. And as they had done so many times, anxiously prayed and pleaded with God . . . "How long Lord, how long?" When suddenly the angelic hosts were heard. As they strained to hear, clearer and clearer came the message— their prayer was answered!

Do not let the gaiety and revelry, the rush and bustle and excitement of this season shut you out from the message of peace and goodwill from God to man. Remember that primarily Christmas is celebrated as the birthday of Jesus the Christ, and only those who take the time and the opportunity to join in the rejoicing of the angels will find the true blessings of the Christmas time.

Wishing you all a very joyous Christmas

TREES FOR CHRISTMAS

Among Scotland's newer industries is the export of young Christmas trees. Already more than a million have been sent to Canada by air, but they will not have grown sufficiently for use before the Xmas festivities of 1960.

Compared to prewar the Canadian factory employee works, on the average, thirteen per cent fewer hours per week earns more than three times as many dollars.

Women Who Make Alberta

Even before Florence Nightingale, "The Lady with the Lamp", started the profession of nursing, women have been devoting their lives to the work of relieving human suffering and ministering to the infirm.

Today, in hospitals and homes throughout the country, the Registered Nurse carries on the tradition of this work of mercy.

Her years of training, her skill and gentleness ease the burden of pain. We look to her for help from infancy to the day of our departure from this life — and we do not look in vain.

There is no greater service than that directed towards helping a suffering fellow human . . . and no group stands higher in service than the nurses of Alberta.

WILDMERE WINKS

We wish Dr King Mrs. King and family every success in their new home in Boston, and to the Doctor the very best in his studies for the years that lie ahead. We, and many others, will miss them very much.

The Wildmere W.I. Xmas tree and concert presented annually at Basswood was held last Saturday evening with a good attendance. It was a voluntary program, no practices had been held and it went over very nicely. Several wee tots took part, also many of the older children and adults as well. The "itchy tramp and the W.I. ladies" was really good. In fact, the whole show was enjoyed to the utmost. The W.I. wish to thank everyone for their co-operation, especially Albert Smith, M. C.; Mrs. Gibson and Mrs. Hughes for their fine work in planning the program; Wm. Garnett Jr. for donating the tree; Mrs. Holte for filling the candy bags. Of course we cannot forget Old Santa who came to find a well-laden tree and all the eager kiddies awaiting his arrival.

The writer attended the Carol Service held at Preston Central by Rev. Minchin on Sunday afternoon. It was splendid and made more impressive by the men reading a few verses of scripture before each carol. It does help so much to make the Spirit of Christmas more real to us. Mr and Mrs J Veitch and Mr. and Mrs. Geo. Harrison and Sandra attended the service as well. Christmas service will be held at the same school on Dec. 30th. Plan to attend.

Sunday evening Mr. and Mrs. Cliff Cruthers, Mrs. Batke and the writer attended the mixed chorus carol concert held in the Columbia theatre Sunday night. It was grand and what a lot of work must have gone into the planning and practising of all those carols, especially "I Saw Three Ships". Dr. Stephens does his part on the piano exceptionally well. Mr. Brown and the chorus group are to be heartily congratulated for their grand evening of entertainment. The hearty applause after each number denoted the appreciation of the audience.

Our deepest sympathy goes out to Mr. John Yuill and John Coates on the loss of a loving wife and grandmother. They can be comforted in knowing that she lived a good and a long life. May God be with you in your bereavement.

Mr Frank Gibson of Basswood left on Sunday morning on the first lap of his journey to visit his parents Mr and Mrs. G. Gibson at Cloverdale, B.C., where a family re-union will be held at Christmas. Five daughters, Mrs. Keast of Woodside Man.; Mrs. York of Finnigan, Alta.; Mrs. Madill of Vermilion, Mrs. Pare of Langley Prairie, B.C., and Mrs. Schroeder of Surrey, B.C., and three sons Donald, and Howard of Woodside. Frank and family and Mrs. Madill of Vermilion leave this week end for Cloverdale. May you all enjoy a very happy Christmas together.

Mr. and Mrs. Albert Holte leave this Thursday to spend Christmas with their son Kenneth and family in Winnipeg.

Thos. Best of Wildmere has started on the first lap of his journey to Smith Falls, Ont., leaving Monday to visit with relatives for Christmas and the winter months.

Gary Cruthers is home for a few days this week with a sore knee. He has been working at Wainwright and will return just as soon as his knee improves.

Sitter's Eve

By SHIRLEY SARGENT

ON ACCOUNT of being the oldest in a big family, I've been baby sitting longer than I remember. Since I was twelve—that'd be four years now that I'm within hinting distance of my sixteenth birthday—I've been sitting for other people for pay. I've always welcomed jobs but tonight what I'd welcome is a date—so what happens? Four times I'm called to our wall phone and four times I have to turn people down 'cause I already promised the Laytons. The Laytons are kinda old to have Jennie, four, and Jimmy six, but they planned it so their first two would be grown-up before they had any more.

'Anyway, nobody calls me for a date, not that anyone does very often, so I'm off for an evening of fun and hilarity. Baby sitting, hah! They aren't babies, and try and sit with those two. For example, Jennie gnaws a fruitcake while I'm helping Jimmy with his train, they have two fights, Jimmy turns on all the lights as fast as I turn them off and finally Jennie knocks the Christmas tree over. It was a big tree with a standard and all, but she catches it with her jump rope.

Quick-like I run in and pull out the plug, thanking my stars that no fire started, then herd them up to bed. Three stories later they're both asleep and I hurry [illegible].

Tired now, I'm thinking of the good time my friends are having and wondering again why I don't have more dates. The hall mirror shows the same old reflection.

"Oh, please," his face is all eager, "stay I hate to be alone."

Short brown hair, brown eyes and a big mouth that hides my crooked teeth, if I don't forget and grin.

Soon's I have a little more money I can afford braces.

Jennie yells and I wake her from a nightmare. By the time I'm back downstairs, it's nearly ten o'clock and I've still got that darned tree to set up. Like I say it's a beautiful [illegible], ceiling high, loaded with decorations. There I am half under the tree trying to hold it straight and keep the globes on at the same time when I hear the front door open. Somebody yells, "Anybody home?"

I'm so startled I let the tree sway, so this voice yells, "Timber!" and a long arm grabs for the trunk.

Looking up between the branches, I see a tall, dark-haired boy, neither handsome nor homely. "Thanks." I'm a little breathless.

"I'm Oliver Layton," he explains, "isn't that a heck of a name?"

Pine needles are thick in the air. "Not so awful," I laugh back. "I'm Margie, the sitter. You [illegible]."

"I know. Look here, can't we do something about this tree?"

A few minutes later we collapse into chairs, staring at the still lovely tree. "Thanks so much. Can I get you something to eat or anything?"

"Say, that'd be keen. Would you?"

Well, of course, I do and, while Oliver eats, he tells me how he's staying at a friend's this vacation but decided to come home and take his girl to a dance. "So I called her and came clear in by bus, but she didn't wait. She went with somebody else. Heck," he grins, "now I'm sorta glad she stood me up."

"I'd better be on my way now that you're here to baby sit," I say reluctantly.

"Oh, please," his face is all eager, "stay. I hate to be alone."

Back in the living room then, he asks me all about the kids and about me until, to hear us talk you'd think we were old friends. [illegible] the way he talks, slow and quiet, and the way his grin lights up his whole face. He tells me about boarding school and his friends and what he wants to do. Suddenly, he jumps up. "Let's dance. We can roll up the rug."

It turns out we're both such [illegible] we have to take our shoes off so's not to hurt each other. But we [illegible] a lot and the radio sounds fine and I fit right in Oliver's arms. At midnight, he kisses me lightly on the cheek.

Well, it's the happiest [illegible] I've ever spent and, from the look in his eyes, I can tell it's going to be [illegible].

STRAWS IN THE WIND

It's easy to over-estimate the significance of the small local changes in statistical measurements of Canada's growth, but there have recently been a number of indications that industrial and commercial expansion may be increasing in povinces that have up to now been lagging a bit behind in the boom, and slowing in the provinces that have led the way, says The Financial Post. From now on, we may see a more even distribution of economic growth, fewer sharp regional differences in prosperity. This would be natural. Opportunities affording easy access to the developer are always taken up first, in any industrial expansion.

How did it feel to have your face washed with the 'floor mop' Johnny, on Sunday evening?

We heartily wish our editor and staff, all the scribes and our readers a very merry Christmas. Please obey all the rules in the book so you will be here to welcome in a glad new year!

CHRISTMAS TREES ARE NOW A LARGE CANADIAN INDUSTRY

The gay and green Christmas tree that brightens the hearts and homes of millions of Canadians is the product of a growing industry whose total sales this year will be well over $8,000,000.

The Forestry Branch, Department of Northern Affairs and Natural Resources, estimates that more than 16,000,000 Christmas trees will be cut this year, more than half of them in the Provinces of Quebec, Nova Scotia and British Columbia.

Christmas tree production in Canada has increased from an estimated 10,900,000 trees in 1949 to 16,700,000 in 1955. While domestic consumption has stayed fairly steady, increasing by 300,000 trees in the 1949-1955 period, exports have climbed steeply. Sales of Canadian trees to the United States increased from 7,400,000 in 1949 to 12,800,000 in 1955.

Approximately a third of all Christmas trees sold in the U. S. come from Canada. The big U. S. markets for Canadian trees are Boston, Philadelphia, Detroit, Chicago and New York. Nova Scotia and Quebec together account for 52 percent of all trees exported. New Brunswick and British Columbia for 38 percent and Ontario for nine percent.

Balsam fir, the most popular Christmas tree in Eastern Canada, is also the most popular tree tree for American export. Canadian exports of balsam fir to the U. S. have increased from 46 percent of the total in 1949 to 70 percent in 1954. Douglas fir, which gets the nod from most people in Western Canada, accounts for 19 percent of the export total, Scots pine for six percent and spruce for five percent.

The Canadian Christmas tree industry, although becoming more highly organized each year, still offers opportunity for small but profitable enterprise. Federal forestry research officers point out that 50 to 60 Christmas trees can be grown in the space and time required to grow one mature spruce and the value of the Christmas trees would be four times that of the timber tree.

"Stump culture" also helps the Christmas tree producer by reducing the time needed for a tree to grow to merchantable size. A Christmas tree may take 12 to 18 years to reach a six-foot height but if the tree is cut so as to leave some large and strong branches on the stump, these branches may be made to grow into trees suitable for market.

Few people who buy Christmas trees know what they are buying. The needles provide the best means of identification. Try to roll the needles between your fingers; if they can be rolled the tree is a spruce; if the needles are soft and won't roll, then it is a balsam fir. Scots pine can be identified by its reddish-brown bark and short, bluish green needles borne two in a bundle.

The needles of the white pine come in bundles of five and the red pine and jack pine carry their needles in bundles of two. Red pine has long needles and a bark that is light red, and the jack pine can be identified by its short, yellowish-green needles and greyish brown bark.

when it comes to expressing our wishes for you and your family at this glad season there is no phrase like Merry Christmas your

Other Business: Macleods Ltd. re foundation for proposed building By-law 9-56 third and final reading.

Mr. L. Slipec of the Provincial Planning and Advisory Board attended the meeting [illegible] discussed the proposed new Building and Zoning By-law with the Council.

The following motions carried: That the proposed subdivision of part of NW 32-50-6 be approved.

That the remainder of Parcel 'A' be leased to the Vermilion School Division on a year to year basis for the sum of $1, subject to sale at any time.

That permission be granted to North Star Oil to erect sign on the north side of highway opposite their present location, subject to approval of the Dept. of Highways.

That Lot 7, Blk. 33, Plan 635V be sold to M. Knapp for $200, subject to usual building by-law.

That by-law 9-56 re closing of street, be given third reading and finally passed.

That town accounts and water and sewer accounts be passed for payment.

Secretary was instructed to prepare statement of outstanding taxes for Dec. 17th meeting.

Two-thirds of Canadian families still carry no installment debt and official statistics show that of the 1,500,000 Canadians who are buying things on time, [illegible] have savings greater than the amounts they owe.

There are no tides on the Great Lakes although considerable variation in water levels results from strong winds.

DOUBLE CHRISTMAS

By Lillian E. Mitchell

EVERYONE in the [illegible] thought it an excellent and [illegible] double Christmas! Wonderful! Two connecting rooms which would accommodate any number of members and guests—one room a really modern Christmas tree, the other an old-fashioned tree.

"All right, then," laughed the president when the clamor had died down. "It's voted, definitely. Now, for the two committees to handle the two trees. I'd like volunteers. I know how busy everyone is at this time of year and if I may have volunteers, I shan't be imposing on anyone."

Unfortunately, all those who volunteered wanted to trim the modern tree. No one offered to take the old fashioned tree in the old-fashioned room. Linda [illegible] was almost as astonished as anyone when she said she would be responsible for it.

Outside in the clear, cool night she wondered why she had offered. She was a stranger in this community and knew no young man who would put up the thirty-foot tree for her. A teacher of [illegible] English in a small [illegible] school does not meet many [illegible] men.

At last she decided to let the putting-up of the tree wait and get the ornaments ready: mostly homemade, the Christmas committee had told her. [illegible] like pioneer life, the tree [illegible]. So she went into a grocery store and asked for popcorn. It was the same answer in five stores: usually they had an excess of popcorn but now they were entirely out.

"Popcorn!" his voice and blue eyes were both incredulous. "First time I ever saw a young lady running around in the dark for popcorn!"

Linda Lou was getting panic stricken by half past eight that night.

At nearly [illegible] o'clock she saw a man in a small grocery store window reach up to pull out the light. "Oh, wait, wait, please," she said breathlessly as she pushed open the big door.

"Well, you must be really hungry!" laughed the tall, dark young man teasingly. "What'll it be?"

"Popcorn!" she said.

"Popcorn!" his voice and blue eyes were both incredulous. "First time I ever saw a young lady running around in the dark for popcorn!"

So Linda told him all about the old-fashioned tree and how she had been unable to buy any popcorn which must be popped and strung and ready for the tree.

"They gave you little enough time," he grumbled as he went back to the shelf. "Whoever heard of [illegible] up a thing like that in one day? I'd best help you, I think. I'll pop tomorrow morning while you are in your school."

"But your job here?"

"Oh, this isn't any job. I'm a newspaper photographer. Just came down to visit my aunt and uncle and helped out in the store while they went for a visit with a sick friend. Seems rather strange, doesn't it? I got time off which was unusual. Came down here although I could have gone for the holidays to any one of a dozen places. You offered to trim a tree. I have the popcorn—" he hesitated.

"—and you offer to pop it," Linda Lou added in her breathless fashion. "Why—it—it's like a story, almost, isn't it?"

"It certainly is," he agreed, [illegible] his black hair back as he stared down at her. "Now I never wrote a story in my life but I have noticed that in the stories it all ends happily."

Linda felt the color rising in her cheeks.

"Well, I'm sure it will make a very happy ending if that tree is up and trimmed in time for the party, the Christmas party—"

"Ah, now, don't just use words to drag this out. Christmas party indeed! Of course, they don't use Christmas trees at any time except Christmas. Well, I'll get the tree up and pop the corn and we'll enjoy it [illegible]. How does that sound?"

"It sounds wonderful," she answered.

"Yes, the whole thing [illegible] wonderful to me, too. [illegible] a bit of mistletoe on [illegible] branch."

Linda Lou only nodded. It seemed a part of a huge pattern, she thought. A pattern marked MERRY CHRISTMAS.

A Kiss Under The Mistletoe

Houses and buildings in Britain are decorated with holly and mistletoe—under whose pale green leaves and milky berries every woman may permissably be kissed on pain of forfeit. Mistletoe is never included in church decorations in Britain, however, for in remote pre-Christian times the Druids, priests of Celtic tribes, featured it in their religious festivals.

THOUGHTS ABOUT CHRISTMAS

"Daddy, tell us about Christmas when you were small," begged my twin daughters.

It's hard to tell any one what Christmas meant to you when you were a boy.

Many of my memories involve physical senses. The wonderful taste of mixed candy when eaten together with freshly shelled nuts. The smell of Japanese oranges. The rattle of paper and other mysterious noises drifting up the back stairs just as you were finally falling asleep on Christmas Eve. And I recall crisp winter air nipping my nose as I walked behind my big brother to the skating rink on Christmas day. He was whistling "Ramona" and "Girl of My Dreams". I used to think that if I could ever whistle as good as he I wouldn't ask for anything better from this world.

Sometimes your most vivid memories are of people you loved very much who came to visit at your home for Christmas. So you tell about the uncle who never failed to bring just the perfect toy, and who always took the time to help you play with it. You never mention uncle's tendency to imbibe a bit too much. Looking back, it doesn't seem to matter that he kept the town awake into the dawn of Christmas day by singing carols in the streets. He did have a mighty tenor voice, didn't he?

And as you try to tell the twins of Christmas Past you find yourself dwelling more and more on people you loved, your parents and friends. Until the twins protest, "No, No, No, Daddy.....tell about the toys....the nuts and candy...and the stockings..."

So that is what you do.

But at the same time, you know that someday when the twins look back on Christmas, and try to tell their children all about it, they, too, will find themselves remembering people most of all. For that's the essence of Christmas—people you love; and the One who is Love!

Christmas Tree In Britain

It is only just over 100 years since the Christmas tree custom became popular in Britain, when Prince Albert introduced it from Germany. But in fact it was given to Germany in the first place by the 8th Century English missionary Boniface, who replaced the pagan sacrifices to Odin's sacred oak by a fir tree adorned in tribute to the Christ child.

New Year's Day Was Not Always On January 1

New Year's was not always celebrated on January 1. In fact, even today New Years comes on different dates for some peoples.

Prior to September 14, 1752, England and her colonies regarded January 1 with indifference because New Year's day was observed on March 25.

Today, many people who continue to use the Gregorian calendar still solemnize traditional feasts, including New Year, on different days. The Gregorian calendar was not presented to the world until 1582 by Pope Gregory XIII.

The Jews observe a 10-day New Year season at the time of the autumn equinox, beginning on Rosh Hashana and ends on Yom Kippur.

The Moslem calendar (dating from 622, A. D.) has 12 months of the year that begin with the approximate new moon without any intercalation to keep them geared to the seasonal equinoxes. As a result New Years and months retrograde through the entire year in about 32½ years.

Canada's 1955 total of 1,382 tuberculosis deaths registered a new low.

At the end of 1955 some 6,600,000 Canadians were covered by voluntary hospital insurance.

During 1955 the average Canadian family income went up 9% to $4,400.00.

OUR LETTER FROM EDMONTON

Agricultural Producer Licenses Discussed At F.U.A. Convention

EDMONTON. — The Farmers Union of Alberta apparently hasn't abandoned the idea of making it compulsory for all farmers in the province to become members, whether they want to or not.

At the annual convention of the FUA in Edmonton last week, some 200 delegates voted almost unanimously in favor of a resolution asking that farmers be required to purchase agricultural producer licences. The licence fee of course would include the FUA membership dues.

The effect would be compulsory membership in the farm union something that has been attempted before, but never successfully. The provincial government would have to impose the licence and collect the fees. A farmer would have to obtain a license before he would be permitted to sell any produce.

Although the resolution was passed almost unanimously by those in attendance, there is no way of knowing whether the proposal actually has the support of the majority of FUA members. There were some 200 delegates in the convention hall at the time, on the last day of the meetings, out of more than 600 who had registered earlier in the week.

It is too early to say what the outcome will be, but from past experience it would appear that the resolution won't get support from the government.

Earlier attempts were made to have union fees collected by the municipalities through municipal taxes. The municipalities turned thumbs down on the idea and the province rejected it on the grounds of compulsory membership.

There has been nothing to indicate the government has since changed its mind. The main argument is the obvious one that a farmer who doesn't support the views of the farm union should not be compelled to join it. Added to that is the known fact that many Social Crediters hate any form of compulsion with a deep and abiding hatred.

On the other hand, delegates in favor of the plan pointed out that teachers, doctors, lawyers must be licensed through their own association. Most delegates felt farmers should belong to the FUA whether they are interested in it or not for their own protection.

However, an important aspect of licensing which apparently was overlooked is that control and regulation usually goes along with licensing. Doctors, lawyers and teachers, for example, must meet rigid standards before they are licensed. Would the farmers of Alberta submit to government control of their operations in return for protection from the FUA through compulsory membership?

Mind you, this writer isn't arguing for or against the proposal but it should be pointed out that the FUA executives will have to think up some pretty sharp answers for vigorous opposition they are going to encounter from many quarters.

For example could the demand for compulsory membership be an admission that the farm union is weak and is not supported by the majority of farmers? If the union was a strong organization with the farmers solidly behind it, would the executive feel any need for compulsory membership?

The fact that voluntary membership is apparently failing might be interpreted by the government as an indication that the majority of farmers do not support the FUA. The preamble to the resolution admitted that the system of having volunteers canvass for memberships has failed.

Proponents of the scheme pointed out that farming is about the only industry which is not licensed and the only industry which can't pay a standard wage and doesn't have compensation or unemployment benefits.

The attitude of those in favor was that the farm union will never become a powerful organization able to obtain benefits for farmers unless membership is compulsory. It was pointed out that those who aren't interested would at least be able to help financially.

Undoubtedly there are sound arguments on both sides, but it is clear the FUA has a tough selling job ahead of it — not only to the government, but to many farmers as well.

Arnold W. Platt of Edmonton and formerly of Lethbridge, was elected by acclamation to his second term as president of the FUA. Henry Young, Millet, was re-elected vice-president. Other executive members are: A. B Wood, Dewberry; E. Nelson, Brightview; Mrs. C. T. Armstrong Calgary FWUA president, and Mrs. W. C. Taylor, of Wainwright.

The Derivation of Boxing Day

The day after Christmas is known as Boxing Day, a name derived, it is believed, from the custom of apprentices, in medieval times in Britain, who collected gifts of money and food for themselves in earthenware boxes.

The custom persists today in gifts by the householders to postmen, garbage men and tradesmen who have served them druing the past year.

Boxing day in Britain brings the opening of the pantomime season, a British institution which is the delight of all children. Pantomimes, mostly fairy tales, are descended from morality plays and religious masques of hundreds of years ago. They have become modernized since the 19th Century, and are now lavish and entertaining musical productions.

Our Christmas message is wreathed in good wishes and garlanded with gratitude for the privilege of serving all our many friends.

FEAR!

FEAR CAN HARM YOUR CHILD

It is normal for your child to be frightened at times. But if his fears are too intense or too prolonged, they can be harmful and cause much permanent damage to his developing personality. For this reason take his fears and worries seriously and make every effort to relieve them.

Some fears are brief and immediately forgotten, like a loud noise, or a scary Hallowe'en mask. Others are lasting and deeply injurious. Fear of authority may develop from a father who is too stern; fear of soiling from too rigid toilet training; fear of dirt from constant harsh scolding for getting dirty during play. The list is a long one. Whatever seems to make you withdraw your love will worry your child because he loves and needs you so much. Avoid the growth of such fears in your child by being tolerant and friendly about his progress, or lack of it, in his eating, playing or keeping dry. Praise him for his efforts even if they are clumsy. If you make him feel a failure he will be full of fears.

Afraid of being alone in the dark at bedtime is common—and the child cannot be persuaded there is nothing to fear. Ridicule or stern measure only make it harder for him. He is showing how badly he needs comfort, love and reassurance, not just at bedtime but during the day, too. The usual couse is a lack of self-confidence. Ease up on your scoldings. They make him feel guilty, a failure. Halt the battles over toilet training and eating. And if Dad has been using the "stern" father method, he'll soften up when he realizes his child needs less managing and more affection and approval. Praise your child's little successes and so build up his inner security.

For the two-year-old, leaving the bedroom door partly open will help. Fear of bed-wetting can make a child of this age afraid to go to sleep. His bladder control is not yet perfect and he may be afraid he'll lose his mother's love if he wets his bed. Such a child needs to be told his mother loves him wet or dry.

THE WORLD CAN BE FRIGHTENING

A child of three or four often fears thunderstorms, snakes, cats, dogs, etc., especially if the parent has shown similar fears in his presence. Or he may imagine frightening things. Reassure him and avoid ridicule. He needs affection to help him over the insecurity that is the basis for such fears. And show him that you are not afraid, but appreciate his feeling the way he does.

Your child is more disturbed about family matters than you probably realize. Discuss such domestic troubles out of his hearing. Fear of death shows up at this age and you can try to [illegible] worries by treating the subject reassuringly, telling your child that people don't usually die until they are old and (with a cheerful [illegible]) we'll all be happy together for a long time. Meet his questions honestly and cheerfully.

Parents often promote a child's fears through ambition for him to shine. If you want him to be the tidiest, best-dressed and best mannered of all children and push him [illegible] reach unnatural and impossibly high standards, he'll very likely react by not showing [illegible]. Instead he'll show symptoms of fear may be [illegible] but in some nervous habits.

DO YOU CRITICIZE TOO MUCH?

Many parents criticize a child constantly. They feel that unless they do this he won't have the urge to improve [illegible] grow up properly. Criticism is a form of punishment. It can make your child feel afraid and insecure. Don't with-hold your praise and admiration because you think your child will become conceited. He should know that his parents are always ready to appreciate and enjoy him. He will come along faster if you tell him now and then what a wonderful child he is.

A child who cringes as a result of harsh or frequent punishment has been made emotionally sick. His days and nights are full of fears. He may start lying and deceiving just to protect himself against pain and humiliation. No thoughtful parent will use such punishment.

Puritans Outlawed Yule as Frivolous

The Puritan government of England outlawed Christmas in 164[illegible]. With the restoration of the Stuart Christmas customs and traditions were revived but Christmas never regained its former prestige in England.

It is observed religiously in the churches and as a day for family reunions and social gatherings in contrast to the lavish feasting and boisterous merry-making of olden time.

Merry-making and gift giving come in for their share however on December 26 which is Boxing Day. The origin of Boxing Day antedates Christmas and can be traced to the custom of gift giving during the Roman festival of Saturnalia.

In Christian liturgy December 26 is observed as the feast of St. Stephen, the first Christian martyr, and during the centuries when journeymen and apprentices were in the habit of levying upon the masters customers, Christmas "Boxes" were collected on St. Stephen's day.

A helicopter may hover like a bird, but when it comes down to roost on a roof it weighs plenty, and sets up quite a strain. So engineers have devised a gimmick. The whirly-bird lands on an aluminum raft floating in a shallow pool of water. The machine's weight is spread over the area of the raft instead of just that covered by the landing gear.

No doubt they figured out, too, how passengers can get "ashore". Certainly men who work with aluminum are mighty resourceful. In fact, they keep us busy supplying them with this versatile modern metal, at home and in foreign markets.

St. Paul Loses Two Hills' Line

The Two Hills line of Marshall Dehid centre man, wingmen Nestor Hryciw and George Pundick left Monday for Falher where they will play in the North River league.

The line had been starring for St. Paul the past two years and last season made a good showing in the Eastern Alberta Hockey League. Dehid was presented the most valuable player award by Conroy Motors.

The Two Hills boys had been negotiating with St. Paul for another hockey berth this year and both Dehid and Hyrciw had agreed to terms with the executive to play for the Hornets.

However the agreement was broken in favor of a reputed offer of $350 per man monthly by Falher, fabulous terms St. Paul was not prepared to match.

"TIDE RIPS"

by JIM BRAHAN

Rather they should have tried to swipe an admiral than make off with the newly aquired mascot of the Naval cadets at Esquimalt, B. C.

Buffer, the two year old English bulldog pet belonging to HMCS "VENTURE" the RCN's Junior Officers' training school became the near victim of a friendly kidnapping at the hands of the Cadets from the Canadian Services College at Royal Roads. The attempt to make off with the pug nosed pooch took place after a recent football tilt held in Victoria between the two schools of Cadets. The men from HMCS "Venture" foiled the attempt and kept their mascot out of the clutches of their football rivals.

Although he has been named Buffer, which is the sailor's nickname for a chief bos'ns mate, he comes from canine nobility. His pedigreed name is Ogden Guinea Gold. The dog was purchased by Mrs. D. W. Groos, wife of the Captain of HMCS "VENTURE" and presented to the establishment as mascot.

The 132 Cadets training at VENTURE lavish attention on their bow legged canine sailor at every opportunity, and he returns their feelings with a heart large enough to take in the whole fleet.

However all is not fun and games to the mascot. When other dogs are racing carefree across neighborhood lawns he has to get dressed up in his navy blue jacket and lead the cadets in their march past during daily divisions. He also attends all athletic contests, whether it be a football match or a badminton tournament.

Two Cadets have been assigned to look after him during their off duty time. They look after his food and training. Also one of their duties is to see their charge gets a walk of at least two miles a day. Buffer looks forward to these [illegible] with eager anticipation, for during these walks naval discipline relaxes and everything takes on an informal air. He is allowed to sniff all the hydrants and trees he wishes and sometimes he even gets the thrill of barking at a snooty cat.

WOODVALE NOTES

Back from a three weeks' vacation much refreshed, and here is some news kind neighbors have told me. The hard time dance held at Woodvale Community centre was a great success with a large crowd enjoying the affair. The bingo games held a few weeks later on a very cold night saw not so many taking part. And now another dance is planned for Jan. 4th, 1957! Before the winter season opened the centre was cleaned and the floor oiled and polished so smooth that quite a few tumbles were made by unsuspecting folks! Another improvement at the centre is a light plant that is easily connected and taken away again, giving much better light than the old gasoline lamps.

A marriage of interest to the community took place last Friday when Florence Tattersall became Mrs. Frank Gannon. Many of her friends and former neighbors of the Thorncliffe, Union and Woodvale district, attended the wedding dance in the Islay hall.

Chickenpox is still doing the rounds. Latest victims are the Ruud children. Flu and colds are very prevalent right now too.

Johnny Isley left two weeks ago for Wetaskiwin to visit his uncle Harold Isley and to look for a job in the oilfields. Jimmy Isley is now working for his uncle Fred Kottmeier.

Mrs. Wallington has already expressed sympathy to the sisters and brothers of Mrs. [illegible] Keays, in her Winks of Dec. 6th. We would like to add ours, most sincerely, though belatedly.

Mrs. E. Lysons visited her son Brooks and family in Edmonton for a short while in November.

We hope that Bert Portsmith who has been in and out of the hospital so many times these last few months will soon be completely recovered from his operation. We hear that he might spend the winter in Vermilion.

November saw many hunters go west to try their luck at big game hunting. Art and Brooks Lysons with Herman Wolters brought back an elk from the Moon Lake area. Otto and Frankie Wolters and later Herman and Elmer Wolters had no luck around there. Kaare Selte, Rolf Mathison and Bill McGrath tried it in the Edson district and after Kaare and Rolf had returned home Bill shot a moose. Bill Lamport and Cliff Crocker each bagged an elk west of Rocky Mountain House.

A Tolland rink made up of F. Slocum, Duff McGrath, Kaare Selte and Art Lysons played in the farmers' bonspiel in Vermilion but did not bring home a prize, winning two and losing two games.

Fred McGrath acted as a delegate for the Tolland F.U.A. to the convention in Edmonton.

Mrs. Harry Preston very kindly did the housekeeping for our son when the writer and husband were both away for a week.

Snow and blowing snow all day Monday, a blizzard tonight. We wonder what the roads will look like in the morning. No repetition of last year we hope!

We wish a Merry Christmas and Happy New Year to the editor and staff of the Vermilion Standard, and all our readers.

Christmas Dinners Being Featured On C. N. R. Diners

WINNIPEG. During the holiday season, the Canadian National Railways dining cars will feature special Christmas dinners including roast turkey with all the trimmings.

More than 1,000 turkeys and some three tons of plum pudding will be required to serve the traditional dinners to travellers in C N R trains across the system. The plum pudding, made from a famous century-old recipe, has been a favorite with patrons for years, said Joseph Neilis, supervising chef of the C N R sleeping and dining car department.

Carol Singing In Britain

For many days before Christmas, one of the oldest customs, carol singing, is in full swing in Britain. Children go from house to house, and parties of choristers who carry lanterns or torches, tour towns and villages singing and collecting for charity. The youngsters are rewarded with candies and pennies, and the adult choristers are often invited in for a Christmas toast.

A SERVICE TO PRODUCERS

Our up-to-date Laboratory, equipped to provide producers with a Germination Test on their seed grain, stands ready to give this service during the coming season. Many of the crops harvested this year were affected by frost and a reliable germination test of the seed intended for planting in 1957 will, therefore, be very important.

Those interested should apply to their nearest Searle Agent who will be glad to arrange this service for them.

MARWAYNE

The choral festival will be held Dec. 20th in the community hall.

Mrs. Lawrence Fleming is in the Lloydminster hospital and Mr. Fleming is in Edmonton for a check-up. Larry Hancock is home from hospital.

Miss Helen Swyripa of Whitehorse, is visiting her parents Mr. and Mrs. J. Hnatow. Mrs. Reibe has left to spend the winter with her daughter in Hazzar. Mr. and Mrs. Jas. Hale and Mrs. Reinheimer spent Thursday in Edmonton. Mr. and Mrs. T. Rea are away on holidays for two weeks. Mrs. Hancock, Neil and Mac; Gordon and Eloa Hancock, Mr. and Mrs. W. Ashworth and Buster; Mrs. Jas. Lowrie and Mr. and Mrs. Wm. [illegible] were in Edmonton on Saturday to attend the Lowrie-Hancock wedding.

Sympathy is extended for the second time in no less than six weeks to Mrs. Ted Quist. On Nov. 8th her brother Bert was killed and on Dec. 13th her sister Amy's husband Tom Hopley died of a heart attack in Victoria.

Dale and Merle George and Jimmy and Donnie Hames were involved in a head-on accident of the two cars near Jumbo Hill. All four were taken to hospital but all are fortunately able to be out now.

There will be service in the United church at 2:30 p.m. by the Salvation Army from Lloydminster. On Dec. 30th the service will be held at 7:30.

On Dec. 16th the W.M. S. gave a Baby Band party for all the mothers and children of preschool age. Sunday evening the C.G.I.T. gave their annual candlelighting service. This is a beautiful and impressive service and was very well carried out by the girls.

All the Marwayne places of business are putting on a free show Friday evening. On Saturday there are four shows, one at 2 p.m., 4:15, 8 and 10. Last Saturday the Elks held a free show and treats for the children.

A warm and friendly wish of cheer, for Christmas and the coming year!

J. R. ROBSON, Secretary,
VERMILION SCHOOL DIVISION No. 25,
VERMILION, ALBERTA. 25-6-7

PUBLIC NOTICE

By the Board of Trustees of the VEGREVILLE SCHOOL DIVISION No. 19 of the Province of Alberta

WHEREAS it is deemed expedient by the Board of Trustees of the VEGREVILLE SCHOOL DIVISION No. 19 of the Province of Alberta, that the sum of TWO HUNDRED and NINETY EIGHT THOUSAND DOLLARS should be borrowed on the security of the said Division by the issue of Debentures repayable to the bearer in twenty-five equal consecutive annual instalments with interest at the rate of not more than six per centum per annum for the purpose of erection and equipping the following school buildings:

(1) At Mannville — four general classrooms, an Industrial Arts classroom, a Home Economics classroom and corridor connecting two present buildings, frame construction, furniture and fixtures.

(2) At Innisfree — an audio-visual classroom and a gymnasium-auditorium, frame construction, furniture and fixtures.

(3) At Vegreville — eleven general classrooms, science classroom, an audio-visual classroom, gymnasium, an Industrial Arts classroom and auxiliary facilities, frame and masonry construction, additional site, furniture and fixtures.

THEREFORE notice is hereby given by the Board of the said School Division that unless a poll of the proprietary electors of the said School Division for and against the said debenture loan is demanded as provided by The School Act the said Board will apply to the Board of Public Utility Commissioners for authority to borrow the said sum by debentures.

Of which all persons interested are hereby notified, and they are required to govern themselves accordingly.

"S. HINTON" (CHAIRMAN)

DATED at VEGREVILLE
this 17th day of December 1956.

Instructions to Proprietary Electors in a School Division

A poll may be demanded in a School Division by a demand signed by five proprietary electors of each of at least twenty per cent of the districts in the division.

Every demand for a poll must be delivered to the Secretary of the Division or, in his absence, to the Chairman of the Board of Trustees, within Fifteen days after the date of posting or of the last publication in a newspaper of this notice. A certified copy of the demand must be forwarded forthwith to the Board of Public Utility Commissioners of Alberta at Edmonton.

"Proprietary elector" means an elector who is liable to assessment and taxation for school purposes in respect of any property situate in the School Division.

Many Progressive Agricultural Projects Proposed by Agricultural Service Board

A combined meeting of the Agricultural Service Board and the Council of Vermilion River Municipality No. 71 was held in the municipal office at Kitscoty with J. C. Allington, chairman of the Board and members J. C. Anderson, Henry Haan, Sol Lemp and E. H. Buckingham, D.A. of the Service Board, and Councillors R. D. Heath, J. D. Stone, P. McGuigan, J. H. Kelly and F. H. Wheat present. Also in attendance were Albert Hozack, Field Supervisor and Dr. Young, Federal Veterinarian.

DISTRICT AGRICULTURIST REPORT

E. H. Buckingham, District Agriculturist, in his report asked for consideration of programmes similar to those considered in the year 1947 in which eleven points were adopted and many of them carried out. His request was for a new look at programming.

REPORT OF FIELD SUPERVISOR

A. Hozack, Field Supervisor reported that Polybor Chlorate and Sodium Chlorate have not been used as extensively this year as in the past. He also stated that badly infested areas were not being given enough consideration, and asked that consideration be given to a policy of the Municipal District for taking over control of noxious weeds on road allowances. A further request was for a greater degree of co-operation from the Veterinarians in reporting those not vaccinating for Bangs Control. A report on Rat Control gave statistics by range of the distribution of poison. There was a total of 2442 lbs. of Dry Warfarin and 1021 pks. of Water Soluble Warfarin distributed in the Municipal District.

H. Haan moved that the Council seriously consider a policy of control of weeds on road allowances, and this motion carried.

A. Hozack was instructed to attend a Civil Defence Course on biological warfare conducted especially for District Agriculturists and Field Supervisors.

T. B. AREA

The following motion made by J. C. Wallington was carried:

WHEREAS the M.D. Vermilion River No. 71 is the last Municipality in Alberta to obtain T.B. testing in spite of the fact that the district was signed up six years ago and a number of districts that never petitioned the ratepayers at all are now tested.

NOW THEREFORE be it resolved that the Health of Animals Branch be asked to start testing for T. B. in this Municipality this winter or at the latest by March 1st, 1957. The reason for asking is that a lot of herds are summer pastured at a distance from the home farm and it will be a big expense to get cattle home for testing.

T.B. TESTING PROGRESS

Dr. Young, Federal Veterinarian, reported on the progress to date in the Eagle municipal district. Policy of testing was outlined which tends to indicate summer testing most successful. Advice was given on preparation of facilities on the part of the stock owners. Details were also given of publicity campaign to be conducted on local level which would be most beneficial to most successful accomplishment of the testing. A squeeze 28 inches wide to hold three head is most successful. Reactors must be marketed immediately and sold at market price plus $40.00 for grade animals and up to $100.00 for registered animals. All stock must be done.

RAT CONTROL

A motion was passed by the Board appreciating the good work being done by the Supervisor and the Pest Control officer in rat control work and that these officers be instructed to continue to enforce the act as required by the regulations.

The Board instructed the Supervisor to enter an advertisement in the paper requesting cooperation in [illegible] control.

The Board favored the adoption of the [illegible] between the Municipal District of Vermilion River No. 71 and the Veterinarians as used in previous years, in a motion to this effect was carried.

TREE PLANTING AND BACK SLOPING RECOMMENDED

Moved by E. H. Buckingham that tree planting and back sloping programme as set forth in the minutes of May 24th Agricultural Service Board meeting be recommended to the council for reconsideration.

PUREBRED SIRE AREA

WHEREAS boars were exempted from the provisions of the enforcement of the Purebred Sire Area Act at the time it was set up in this Municipality.

NOW THEREFORE be it resolved that the provincial government be asked to remove the said exemption and that boars be now considered as livestock to come under the provisions of the Act as required by Section 3 Paragraph 3 of the act.

The motion carried.

SOIL EROSION AND GULLY CONTROL

The Board recommended to the Council that grass seed be supplied at the rate of one-third paid by the farmer, one-third paid by the Municipal District and one-third paid by the Provincial Government, for control of gullies, it being understood that land be levelled and inspected by the supervisor before the grass seed will be distributed.

Faith and Peace Are Eternal ...

TWENTY centuries have [illegible] since the inn at Bethlehem was overcrowded because of Caesar Augustus and his census.

The bigwigs who crowded the inn were committed to oblivion by their contemporaries and, except for the census and resultant conditions at Bethlehem, it wouldn't matter too much if Augustus completely vanished from the history books.

It is generally immaterial that, as puppet king of Judea, Herod fortified the kingdom and kept it out of the clutches of Cleopatra, rebuilt the city of Samaria, and endowed several pagan temples long since crumbled into dust. Few people know, and fewer care, that his wife and two sons were murdered at his command. This sort of a Romanized Jew is remembered chiefly because of his hypocritical treatment of the Wise Men and because he authorized the slaughter of the Holy Innocents—and even this deed of incredible cruelty might have been forgotten if the Innocents were not associated with the Babe of Bethlehem who grew into the Christ and bequeathed a new philosophy of love and peace to all mankind.

New Year in France Day Par Excellence

January 1, le jour de la bonne année, is the day par excellence in France.

It is the day of gift-giving and of ringing doorbells. Besides friends who come to present gifts, tradespeople are accustomed to call to offer compliments of the day and receive, in turn, small sums of money.

The atmosphere is full of joy and gaiety and hospitality. Gifts are proudly displayed and callers come and go amid many compliments and the toasting of everyone's health.

Jour de l'an has its serious side, too. Many families visit the graves of departed members, since this day is considered an appropriate time to remember the dead as well as the living.

The churches generally are crowded on New Year's Eve, which is also the Vigil of St. Sylvester, an early pontiff and father of the Church. In various rural communities, the cattle are driven to the door of the village church where they are blessed by the priest who also says Mass for their protection during the New Year.

Notice

MUNICIPAL DISTRICT OF VERMILION RIVER No. 71

TAKE NOTICE that the Council of the Municipal District of Vermilion River No. 71 proposes to pass a Zoning By-law in accordance with the provisions of the Town and Rural Planning Act, 1953.

The proposed zoning by-law is required, amongst other things, for the purpose of:

(a) dividing the municipality into districts.

(b) prescribing the purposes for which buildings and land within a district may be used and prohibiting or regulating their use for any other purpose.

(c) regulating as to any district the height, ground area and bulk of buildings ... the size of rooms and means of lighting and ventilating buildings.

(d) prescribing as to any district the minimum size of parcels into which land may be subdivided, and the minimum site area required for any particular class of use, or ... of buildings or ... to which a building is or may be put.

(e) prescribing building regulations ... controlling the design, character and appearance of buildings erected in a district.

(f) prohibiting the erection of any building until provision has been made for the supply of light, water, sewerage, street, transit and other facilities, or any of them.

(g) regulating the public display of advertisements.

(h) prescribing a system of building permits.

A copy of the by-law (and of the maps referred to therein) is now deposited at the office of the Secretary-Treasurer and may be inspected there at all reasonable times.

At 2:00 p.m. on WEDNESDAY the 9th day of JANUARY 1957, the Council will hold a public hearing at M.D. OFFICE, KIT... objections to the proposed by-law may be ...

DATED this 10th day of December, 1956.

SATURDAY, DEC. 22 — Open from 9 a.m. to 9 p.m.

Stores will close at 6 p.m. Monday, Dec. 24th, Christmas eve.

Stores will be closed December 25th and 26th, Xmas and Boxing days.

the Snapshot Guild

Scenes like this prove the importance of having your movie camera—be it old or new this Christmas—ready for action throughout the holiday season.

Don't Hide the Movie Camera in Christmas Wrappings

Should your house be one in which a movie camera will be among the family's Christmas gifts—forget all about "Don't open 'til Christmas." This is fine advice to follow most of the time—but not when there's a movie camera ready to roll right within arm's length! The days before Christmas are usually the best part of the holidays—the time when excitement reigns amid a flurry of packages and preparations, decorating and doorbell-ringing.

We think you'll agree that the coming weeks are the most exciting and pleasurable of the entire year. The children have Christmas stars in their eyes, Mother is handling expected and unexpected crises with her usual skill, while Father's doing "as well as can be expected" with boughs and branches and a few trial runs of the new electric train.

Yes, these are days when everybody's in a gay, busy whirl of activity—perfect days for movie making in every home across the country. A famous author once observed that "Christmas is everyone's birthday, with the party going on all over the world." And like any party, the preparations are half the fun—and more than half the story of Christmas at your house.

That's why we suggest you use your movie camera long before the actual day of Christmas dawns. By not waiting to open this special gift package, you may lose a bit of the "surprise" element. But the whole family will gain much added pleasure from capturing all the high points of the holiday preparations—the only way you can really get the complete Christmas '56 story from start to finish.

If you haven't yet seen the new line of movie cameras currently on display, we recommend that you do so very soon. For there's a tremendous surprise in store for you these days at your neighborhood camera shop. Imagine — you can now get a compact, easy-to-operate movie camera for under $40! And that should dispel the notion many people have about a movie camera's being quite an expensive piece of equipment.

LOCAL NEWS

During the Christmas season there will be scores of visitors to Vermilion and district, and just as many Vermilion people visiting away from town. The Standard would like a news item about each and every one, and would appreciate a phone call or note telling us about your guests, or your visit away.

Dr. and Mrs. A. Ben King and the children left last Saturday for Saskatoon where they will spend the Yuletide with Mr. and Mrs. W. H. Prescott, Mrs. King's parents. They will then proceed on to Boston where they plan to reside for the next four or five years while Dr. King takes post graduate work.

Mr. and Mrs. Carman Long and family have purchased the Dr. King residence in the west end of town and have already moved into their new home.

Bob Stonehouse of the Toronto-Dominion Bank staff at Dawson Creek arrived Thursday and will spend Christmas here with his mother, Mrs. L. Stonehouse.

Mrs. H. P. Long plans to spend Christmas and New Year's with her daughter and family, Mr. and Mrs. J. M. Morgan at Calgary. She is leaving for the southern Alberta city this Thursday.

Stan Manyluk has also been appointed an official referee for the Eastern Alberta Hockey League. The other two referees are Ralph Rudd of Mannville, with Elmer Kreller as referee-in-chief.

Martin Challman who lives 6 miles south-west of Vermilion picked up a weather radio-sonde on Monday morning Dec. 10th. The instrument was complete even to parachute with a portion of the rubber balloon still attached thereto. This was one sent up by a Canadian Weather station and did not require returning.

Friends here will be very interested to learn that Mr. and Mrs. H. S. "Tommy" Atkins, who have lived at Innisfree for the past twenty years, will shortly move to Foremost. In fact, Tommy has already commenced new duties there as secretary-treasurer of the Foremost School Division. Mrs. Atkins is completing the business of disposing of the stock of the general store at Innisfree before making the move south.

Winner of the $60.00 cash prize at the Legion draw on Wednesday evening was a tiny little miss, Jane Kowalchuk whose name appeared on the ticket stub drawn. The number was 396.

Mr. and Mrs. Edwin Hicks and infant son Richard of Uranium City are in town for the Christmas season, during which time they will be guests at the homes of their respective parents, Mr. and Mrs. Clyde Hicks and Mrs. L. Giles.

MILK DELIVERIES FOR THE HOLIDAYS

Milk deliveries will be curtailed somewhat during the holiday season. There will be no milk delivered on Christmas or Boxing days, Dec. 25th and 26th, or on New Year's day, Jan. 1st and January 2nd. Lay in an extra supply beforehand.

Newlyweds Feted

Mr. and Mrs. Stuart Barr spent Saturday evening at the home of his parents, Mr. and Mrs. Clarence Barr, and were taken by surprise when the neighbors dropped in to greet this young couple. Mr. Jack Tucker in well chosen words expressed the good wishes of the community, after which Stuart and Ruth were presented with many beautiful and useful gifts. Both bride and groom responded with words of sincere appreciation. A delicious lunch served by the ladies brought a very pleasant evening to a close.

APPRECIATION

St. Saviour's W. A. wish to thank most sincerely all those who so generously gave to, helped with, or in any way contributed to the success of their recent church bazaar. All this help and co-operation was very much appreciated.

Andrew Wood of Dewberry was re-elected to the executive of the Farm Union of Alberta at the annual convention of that body held in Edmonton last week.

Mannville and District Local News

Local news is scarce this week as everyone approached is too busy with Christmas preparations but your reporter wishes to take this opportunity to thank the local folk for their co-operation during the year in gathering news and especially to the various organizations in town for reporting meetings, social evenings, gatherings, etc. And I wish the many former Mannvillites as well as all the local people a Very Merry Christmas and a Happy, Happy New Year!

Mrs. M. Ross left last week for Toronto where she will visit with her daughter and family for a few months.

A guest at the home of Mr. and Mrs. E. B. Allen on Wednesday last, Mrs. McCullough, Supreme Honored Royal Lady, spoke to the wives of the Elks lodge on Wednesday evening. A Royal Purple lodge is being organized in Mannville.

Word was recived of the death of Mr. Lee McCollum, an old timer of Mannville and Ramsey. Funeral services were held on Friday of last week. Mr. McCollum who resided at Cloverdale, B.C., had been in ill health for some time.

More than 500 children received bags of candy, oranges and nuts from Santa Claus when he arrived at the Elks hall on Saturday afternoon on Children's Day in Mannville. A free show at the Alta theatre was attended by most of the children.

Mrs. Homer Le Bourveau returned to Calgary on the week end after a visit with her mother and sister Mrs. Cain and Roberta. It was unfortunate that Mrs. Le Bourveau was stricken with the flu that has been going the rounds and spent part of her visit in the local hospital.

While in Toronto Mr. and Mrs. Angus Stuart were talking to Mrs. Crighton by phone and Rev. and Mrs. Crighton wish to be remembered to their many friends in Mannville and district.

Mr. and Mrs. Elmer Kreller and girls left by car on Wednesday morning for the Coast to spend Xmas and New Year's with Mrs. Kreller's parents.

This week has been taken up with Christmas concerts and parties in the various churches, schools, the Legion etc. and we hope to have a report of most of them in the New Year.

Religious Christmas

For the fourth successive year The United Church's Board of Evangelism and Social Service will launch a week's project to remind Canadians of the religious significance of Christmas.

Rev. Dr. Homer R. Lane, Associate Secretary of the Board, announced today that from 3,000 United Church pulpits the campaign will be launched to be followed by announcements in the press, on the radio and by television. ... will also be used to ... [illegible] support the drive which is non-denominational in character and is aimed at reminding citizens generally to make Christmas temperate and simple.

In the four previous years of the campaign, office parties and drunk driving have been curtailed considerably as a result of the program, Dr. Lane said.

The campaign will urge consideration for the needs of the ... new Canadians, old ... [illegible]

Women's Institutes' Head "Backs Attack" On Holiday Accidents

Heartbreak or happiness – the choice is often up to the hostess who entertains during the Christmas and New Year's holidays", declared Mrs. J. W. Adams, Ethelton, Sask., president of the Federated Women's Institute of Canada in a pre-holiday statement.

"Canadian housewives must realize the heavy responsibility which rests on their shoulders during this holiday period", she said, "and they must accept this responsibility and act accordingly."

Traffic fatalities during this festive period have been on the increase in recent years, Mrs. Adams pointed out, and many of these accidents could have been avoided if more thought had been put into the planning of holiday parties and the refreshment served at them.

In the gaiety and warmth of family reunions, and the visits of dear and old friends, caution is sometimes 'flung to the winds' and what started out to be a wonderful evening often ends in tragedy.

In concluding, Mrs. Adams suggested a few simple rules to be followed by the Canadian hostess this year in order to ensure a happy and safe holiday season for all.

1. Always have food available for your guests. Tasty spreads and dips for crackers and potato chips, cold meat cuts and a variety of cheeses are always welcome and easy to serve.

2. If you are among the many Canadians who serve alcoholic beverages keep the safety of your guests in mind and be moderate. Give them a cup of hot soup, chocolate, coffee or other alertness beverage before they leave.

3. Night driving in the winter on icy roads or in the glare of snow packed roads is hard on the nerves and the eyes. Suggest to the wives that they take a spell at the wheel if any distance is to be covered.

4. Listen carefully to weather reports on your radio before your guests leave and invite them to stay overnight if a storm is predicted. Saving their lives is worth any inconvenience to you.

5. Suggest to your guests that they carry with them a thermos of coffee to provide a break when they have to travel in isolated areas. This will help them to stay alert and alive.

With road conditions the way they are at this time of the year, a driver needs all of his faculties, says Mrs. Adams. Not only must he take the utmost care with his own driving, but he must constantly be on the watch for the often hazardous driving of others.

Christmas Trees, Cribs and Ceppi

Christmas trees and cribs, within respective spheres of influence, provide focal points for [illegible] of the season.

Various legends claim to tell the story of the first Christmas tree, actually, evergreen decorations were so closely associated with pagan celebrations that they were banned by many ecclesiastics of the early church.

According to literature, the first Christmas tree was set up at Strasbourg, Germany, in 1604, [illegible] the cry rose against heathen [illegible], as late as 1851, the Rev Henry Schwan was severely criticized for setting up a Christmas tree in his church in Cleveland, Ohio.

St. Francis of Assisi received special permission from the pope to present a tableau of the nativity scene. This first crib, set up at Greccio, Italy, in 1223, was an immediate sensation, the renaissance endowed the cribs with ornate pageantry and, modernly, the crib is to southern Europe and Catholic countries what the tree is to America and northern lands.

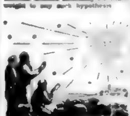
Eighteenth century Italians were fond of a fantastic [illegible] called the Ceppo. Pyramidical in construction, the Ceppi were made on a framework of lathes with transverse shelves rising to three or four stories, depending on the over all size of the Ceppo.

The whole thing was covered with colored paper, tufts, tassels, fringes, tiny pine cones, and little flags, a manger scene was represented on the lowest shelf while the upper ones were covered with small gifts etc. wax tapers were placed along the sides and a large gilt cone ornamented the top. Although the original designer probably never saw a Christmas tree, the Ceppo—aided by a little imagination — bridges the gap between [illegible].

Star of Bethlehem Phenomenon of Age

The Star of Bethlehem has been the subject of [illegible] research and discussion.

Modern astronomers have conceived several [illegible] too much weight to any such hypothesis.



Skeptics regard the whole thing as mere invention, colored with [illegible] imagery designed to honor Christ and faith accepts the star as the supernatural phenomenon which proclaimed the birth of Jesus.

The first chapter of the gospel according to St. Matthew begins:

"The book of the generation of Jesus Christ, the son of David, the son of Abraham ..."

And confirming Bethlehem as the city of David, the angel of the Lord [illegible]

"For unto you is born this day in the city of David, a SAVIOUR which is CHRIST the Lord." St. Luke 2:11

Considering tradition, which accepts that King David's shield formed a six-pointed star, the Star of Bethlehem appropriately

"... stood over where the young Child was." St. Matthew 2:9

Inaugurates New Juvenile Hockey League

Photo by Tony Korpel

Mayor Melvin Hill started the newly formed Juvenile Hockey League off on the right path at the Vermilion arena when he dropped the puck between the sticks of centremen Brian Ford of Vermilion Bobcats on the left and Jimmie Jones of Dewberry on the right. Prior to starting the game Mayor Hill made a few remarks on the value of sport and athletics, and hoped that the new juvenile league would flourish every winter from now on.

The new juvenile league is formed by teams from Mannville, Kitscoty, Dewberry and Vermilion. In the game pictured above Dewberry boys won by a score of three goals to two in a thrilling contest.

The Vermilion Bob Cats are being sponsored and coached by the Knights of Columbus.

Rotarians, Student Guests, Hear New School Project Described

A very interesting talk on the new junior and high school proposed for Vermilion, the presence of eight young men home from Varsity for the Christmas vacation, community singing and a general holiday atmosphere, all combined to make the Rotary meeting on Friday last a jolly and interesting one. The meeting was in charge of the Youth Committee chairman, Ashley Cooper.

Guest speaker was Claude N Brennan who represents the town of Vermilion on the school division board. He described the plans for the new junior high and high school building which is proposed for Vermilion this coming spring.

The new building has the equivalent of sixteen classrooms as well as home economic and shop accommodation. A large gymnasium is included. Mr. Brennan noted that this school would take care of all junior high school grades 7, 8 and 9, and the high school grades of 10, 11 and 12 and commercial students. The present school plants would each accommodate grades 1 to 6 with pupils being divided according to convenience or location.

The council of the Town of Vermilion has set aside two blocks in the east end for the new school.

The speaker was introduced by the chairman and following his exceedingly interesting address was wittily thanked by Jim Robson.

Adding much to the Youth atmosphere of the meeting was the attendance of nine young men as guests, eight of these attended universities, and the other is a C.P.A. pilot. They were introduced by proud fathers in four cases, and by hosts in the remaining five. The guests included Rex Boake, John Stewart, Al McPherson, Stewart Cooper, Ken Caron, Bob Bentley, Gerry Harle, Peter Kupin and Duncan Locke. Introduction in each case contained some remembered incident of earlier school days causing considerable merriment.

Gerry Stephens led some community singing, enjoyed by the members and guests in common. By the end of the gathering practically every member had contributed something to the meeting.

Conservatives Organize For Federal Election At Vermilion Meeting

Allen Ronaghan, Irma schoolteacher, was re-elected president of the Battle River-Camrose Progressive - Conservative Association at the annual meeting held in Vermilion Saturday night. Thirty persons from different points in the constituency elected a new executive and heard reports from delegates to the national leadership convention at Ottawa when John Diefenbaker was elected as party leader.

Also elected were John Anderson of Dewberry as vice-president and Dr. A. H. Sweet of Islay as secretary treasurer; directors are Roy Kent, Marwayne, H. A. Brown, Vermilion and Clifford Smallwood, Irma. Three other directors will be elected later.

Reports were heard from Mr Anderson, Mr Kent and Mr. Smallwood who were the three delegates to the leadership convention.

"The delegates at the convention were youthful and represented a cross-section of the average Canadian voter," said Mr Kent. "Agriculture was recognized as basic to the national welfare and the convention pledged itself to the development of a flexible price support program with a fair and reasonable price for various products announced well in advance of the production period," he said.

In the field of national defence Mr Anderson said the convention was careful to distinguish between maintaining the armed forces at "needed strength" rather than at "full strength". "It is necessary to have our armed forces at needed strength but extravagant to maintain them at full strength when not needed," he said.

"Strong support was developed in Quebec for Mr Diefenbaker at the convention and it is incorrect to say that they bitterly opposed his leadership," said Mr Smallwood. "One-third of the Quebec delegates cast their ballots for Mr Diefenbaker and almost all of the Quebec delegates accepted his leadership willingly," he said.

It was announced by the president that the delegates would report at a meeting in Irma and that this would be followed by a nominating convention at which a Conservative candidate would be named to contest the riding in the federal elections next summer.

Mannville versus Vermilion Bob Cats In Hockey Saturday

Mannville Juveniles will clash with the Vermilion Bob Cats in a regular league game on Saturday evening at 8:15 in the Vermilion arena.

To date Dewberry won from Vermilion 3 to 2 but in turn lost to Kitscoty. It remains to be seen how the Mannville team will stack up. At present it looks as if there are four evenly balanced teams in the loop. Turn out Saturday night and see these boys travel — they'll surprise you!

Big Prizes For First New Year Babies

Clendenning's Family Wear store is offering fine prizes to the first baby born in each of the Vermilion, Islay, Mannville and Myrnam hospitals in the year 1957. See the advertisement for full particulars in this issue of the Standard and watch for the name of each of the winners.

Stores Start Early Sat. Night Closing

Commencing this Saturday, Jan. 5th, stores in Vermilion will commence closing at 6 p.m. Closing at six will continue throughout the winter months. Remember, no Saturday night shopping from now on for at least three and maybe four months.

Farmers' 'Spiel At Derwent Jan. 11-12

DERWENT. — The annual Farmers' Bonspiel will be held at Derwent on Friday and Saturday Jan. 11 and 12. Two events with good prizes will be played off. Entries should be phoned to No. 5 or No. 15 not later than noon Thursday, Jan. 10th.

S. D. Simonson Is Re-elected Pres. Red Cross Branch

The annual meeting of the Vermilion Branch of the Red Cross was held recently at the Divisional office with a fair attendance. The president Mr. S. Simonson was in the chair. Reports from the various committees showed work had been done for the annual Red Cross Drive last March. ... the suggestion that next year the area around Vermilion be campaigned ... Ganton-Watson branch sent a report showing a busy and successful year. The Junior Red Cross reports were given, showing that the elementary schools are all organizing, also the Junior high, having such projects as Health Projects, Candy Sales, Sale of Calendars, etc.

A blood donor clinic was held at Mannville last year. Miss Keith, former matron of the Vermilion hospital, outlined the need for this very necessary project for our own local hospital. It is hoped to have a blood donor clinic in Vermilion in the spring.

The election of officers for 1957 resulted as follows:

President — Mr S. Simonson
Vice-Pres. — Mrs. J. Robson
Secretary — Mrs. L. Eldem
Treasurer — Mr S. Charrbuk
Campaign Managers — Mr J. Robson and Mr R. Mitchell
Women's Work Com. — Mrs. W. R. Jory
Blood Transfusion Service — Mrs. Buckingham
Swimming and Water Safety — to be appointed
Publicity — Mrs Buckingham
Shipping Director — Mrs. S.C. Hockley
Prov. Council — Mrs Buckingham

Mannville Legion Elects Officers

MANNVILLE. — On Dec 20 the Mannville Branch No. 33 of the Canadian Legion held its annual meeting and election of officers. The following were elected for 1957:

President — J. J. Conford
Hon. Pres. — Mayor A. E. Wilson
1st Vice-Pres. — R. L. Boe
2nd Vice-Pres. — M. A. Smith
Recording Sec. — R. G. Rudd
Treasurer — M. C. Malin
Executive — W. N. Crooks, R. J. Whitson, R. E. White, C. C. MacPherson

A social evening was held following the meeting to celebrate the 30th anniversary of granting of the Charter on Dec 20, 1926. Two remaining active Charter members, W. N. Crooks and S. E. McFadden were presented with 25 year badges by the president.

On the preceding Wednesday afternoon the annual kiddies' Xmas party was held for the [illegible] 75 children of veterans of the community. The children supplied their own impromptu program with Rev. I. Holter acting as M.C. Afterward, Santa Claus distributed candy bags and favors.

To close out the year's activities the annual Boxing Day Legion dance was held Wednesday evening. Another successful Legion year thus has been written into the records and hopes are high that 1957 will see an increase in both membership and activity.

WINS STAGETTE DOLL

Was Miss Lois Miller, daughter of Mr. and Mrs. Gerald Miller was the lucky winner of the Stagette doll which was drawn for Dec. 22nd.

Christmas Carol Concert Proves Outstanding Entertainment

An outstanding entertainment of the early Christmas season was the song service of carols given by the Vermilion Mixed Chorus at the Columbia theatre on the evening of Dec 16th.

Made up of old and new carols, the program comprised of sixteen numbers, gave the audience a great amount of pleasure. The carols, each and every one of them, seemed to be perfectly rendered.

So popular were the offerings that two of the carols were repeated, the audience being given their choice. It is safe to predict that if a poll of favorites for the evening had been taken, every one of the numbers would have had its following.

Mr. N. N. Bentley acted as master of ceremonies, and paid nice tribute to the director of the chorus, Mr. Jack Brown, who has contributed immeasurably to music since coming to Vermilion, giving freely of his great talent for directing and training to present such fine musical programs, bringing genuine pleasure to hundreds of listeners; to Dr C.W. Stephens, the accompanist who contributes so much to the success of the program such as enjoyed this evening.

Mr Brown in acknowledging the complimentary remarks also thanked every one of the members of the chorus for their cooperation with special thanks to Mr. Nick Kowalchuk for the use of the theatre gratis, and to the Vermilion Standard for donating all of the advertising. This allowed the collection taken at the door to be given to Christmas cheer fund for needy families, and this year would be administered by the Stagettes.

Members of the chorus singing in the annual carol service were Mrs. Edey, Mrs. MacKay, Mrs. Downey, Mrs. Logan, Mrs. Duncan, Mrs. Keyes, Mrs. Palin, Mrs. Lawrence Harouther, Mrs. Cambridge, Linda Long, Mrs. Jansen, Mrs. Roger Rowe, Mrs. Samuelson, Mrs. Letts, Mrs. Adams, Miss E. Schurban, and Miss M. Stephens.

Messrs. A. Hildreth, T. Watts, L. Smith, R. Watt, J. Kindrachuk, A. Kibblewhite, G. Stephens, F. Wilke, W. Fooks, J. Maxwell, H. Cooper.

Accompanist, Dr. C. W. Stephens. Director, Jack Brown.

Recording of the carol service was made by Mr. Alf Logan.

Board of Trade Meeting Wed., January 9th

Regular meetings of the Vermilion Board of Trade will be resumed on Wednesday next Jan 9th at 12:10 noon. Meeting place is the Rio Cafe and the meeting is preceded by a luncheon. All business men, farmers, clerks and visitors are welcome to attend this weekly gathering.

Mannville Elks Hold Installation Officers

Sponsor Successful Kiddies' Day

MANNVILLE. — Mannville Lodge of B.P.O. Elks on Saturday, December 15th sponsored a Kiddies Day. The children were treated with a visit from Santa Claus and also were given a bag of sweets and enjoyed a free show at the Alta theatre. Over [illegible] children took advantage of the celebration in spite of the cold weather.

Mannville Elks Lodge held the installation of officers for 1957 recently. The ceremony was conducted by Vermilion Lodge with Bro. Don Laxton, Past Exalted Ruler as Installing Officer with Bro. A. Kent as assistant.

Officers for 1957 are as follows: Exalted Ruler, John Muth; Past Exalted Ruler, Fred Proudfoot; Leading Knight, Paul Kaminsk; Loyal Knight, Harold Whitson; Lecturing Knight, M.M. Johnson; Treasurer, John Lenyer; Secretary, Steve Bodard; Chaplain, Rev. Hay; Esquire, Phil May; Inner Guard, M. Hancock; Tyler, Steve Zaharko; Organist, Castle [illegible]; Trustees, J. D. Allan, A. D. Boser, I. [illegible].

Eleven [illegible] months old, the Mannville Elks are proud of having a home of their own.

Annual Report Given On Marwayne Seed Cleaning Plant

MARWAYNE. — Fifth annual meeting of shareholders of the Marwayne Seed Cleaning Association was held recently and the year's report showed that 93,874 bushels of seed were cleaned.

Commercial cleaning amounted to 101,180 bushels, most of which was malting barley. Volume of seed treated was 27,635 bushels, down sharply from previous years. Sales of grass and forage seed continued at a high level, amounting to 29,413 pounds. The financial statement revealed a deficit of $230 for the year's operations.

LIVELY DISCUSSION

The meeting was short as there were other activities on that day, but there was a lively discussion of various aspects of seed plant operation. The board was authorized to increase the rate for cleaning malting barley. There was a recommendation that a reserve fund be established to compensate for depreciating value of the plant ... [illegible] ... at par.

No complaints were received and the shareholders expressed satisfaction with the year's operations and commended plant manager E. W. Quist and his staff for the smooth and efficient operation of the plant.

FINANCIAL REPORT

The financial report was approved and it was agreed unanimously, by resolution, that the services of the auditor, F. O. Seward be sought for next year. The three retiring directors, G. Boyce, W. B. Graham, and J. G. Inglis were re-elected unanimously for another three year term. B. Timanson is now vice-president succeeding G. Berry.

Because of his earlier commitments William Lobay, supervisor, crop protection service was unable to attend. He expressed desire to address a meeting here at a later date on the subject of seed treating and related topics. Such a meeting has now been arranged and will be Jan. 16th in Marwayne hall in the afternoon. Other speakers will be E. H. Burlingham, district agriculturist and A. Hosark, field supervisor.

There are now nineteen municipal seed cleaning plants in Alberta and more planned. The Marwayne plant was the fifth to be built and the first of its type in the province.

Sudden Death Of Mrs. Mabel McKay

Mrs. Mabel Curtis McKay passed suddenly away on Tuesday Jan. 1st at her home six miles north-east of Vermilion. She was 78 years of age and had been active and well right up to the time of her death.

Funeral services will be held at the First United church, Vermilion on Friday, January 4th at 4:00 o'clock in the afternoon. The remains will be taken to Bawlf for interment in the family plot on Monday, Jan. 7th. A service will be held at the United church there with interment in the Melville cemetery.

Mrs. McKay and the family homesteaded in the Bawlf district in 1901 and the deceased lived there until 1941 when she came to Vermilion to make her home with her son Francis on the farm north of town.

Surviving members of the family are three sons, Francis, Vermilion, Clifford, Bawlf and Kenneth, Leduc; two daughters, Mrs. V. E. Patterson of Vermilion and Mrs. Andrew Hutton, Port Coquitlam, B.C. There are 19 grandchildren and twelve great grandchildren. Moser's of Vermilion are in charge of funeral arrangements.

Vegreville School Division Passes Large Money By-Law

[illegible] Vegreville School [illegible] passed a money by-law [illegible] ... [illegible] Department of Education [illegible] of the Vegreville School [illegible].

[illegible] projects are as follows: At Mannville, four rooms [illegible] ... a Home Economics [illegible] ... construction. At Innisfree, [illegible] ... twelve general [illegible] ... Arts class room, an audio-visual classroom combined with stage, a gymnasium, administrative and auxiliary facilities, frame and masonry construction.

The estimated [illegible] cost at Mannville is $[illegible] and the grant would be $[illegible]; at Innisfree $[illegible] with a grant of $[illegible]; at Vegreville $[illegible] with a grant of $101,[illegible]. It is estimated that architects fees [illegible] and home economics [illegible] additional furniture [illegible] $7,[illegible].

It is proposed to borrow the $[illegible] from the Province of Alberta at 3 1/2% repayable on a serial debenture over a period of twenty-five years. This would cost the ratepayers of the division 1.77 mills of requisition money per year on the average over the period of time. Since the average assessment per quarter section in the M. D. Minburn is $[illegible] the cost in additional taxes would be $2.[illegible] for the average quarter section or for every $[illegible] of assessed property.

The alternative to the above would be to spread the program over three years. This however would result in a loss to the ratepayers of $[illegible] in reduction of building grants, since piecemeal construction of a building results in a lower rate per classroom unit.

To Take Special R.C.M.P. Course

Cpl. Stanley Surby of the Vermilion R.C.M.P. detachment has received word that he has been selected by headquarters to take a special two months course at the R.C.M.P. barracks in Regina. During his absence the local detachment will be in charge of Constable Metcalfe. Cpl. Surby leaves this week end for Brandon to visit his old family home for a day or two and will then go to Regina for the course.

Nurses Hold Enjoyable Party

The Doctors and their wives were entertained at an enjoyable Christmas party held at the hospital on Thursday December 20th by the Nurses' Association. The evening started with relay races and contests in which [illegible] took part.

Following playing bridge, whist and cribbage, a delicious lunch was served. The evening came to a close when Santa Claus distributed gifts.

The nurses are reminded of time fees to the A.A.R.N. before February.

Rotary Christmas Tree Receives Widespread Support

The Rotary Christmas Tree erected [illegible] weeks before Christmas attracted considerable interest and generous response from the public. [illegible] were invited to place on it gifts for needy children. During the week just prior to Christmas well over 100 gifts were placed on the tree. These were distributed to the children by the Salvation Army.

Pictured above are some members of the Vermilion Rotary Club who gathered to place their gifts and to get the project away to a good start. On the left of the tree they are: back row, Stewart, Jim Smith, Gordon Park, Ross [illegible], George Welsh; centre row, Bill Cross, George Ross, Ashley Cooper; front row, Mitchell Taylor, Gerald Stephens and Reg Mitchell. On the right hand side of the tree standing are Cliff McCormick and Bill Pettigrew and seated on the left is Jack Kowalski and right is Tom McPherson.

According to details released so far all Albertans would be entitled to hospital treatment and diagnostic services under the plan. The existing scheme, under which ratepayers are automatically covered and non-ratepayers have the option of purchasing contracts, would be abolished.

PROVINCIAL MUNICIPAL FINANCIAL RELATIONS

The most drawn-out and bitter debate may develop out of the government's proposed revamping of provincial-municipal financial relations.

By the middle of February the administration should have a fair idea what it thinks should be done to cure the financial woes besetting municipal governments in the province.

From talks given by Provincial Treasurer Ted Hinman it would appear any realignment will include some new form of taxation and if that happens you can expect feathers to hit the fan.

Even many Social Crediters are bound to be violently opposed to any new form of taxation, whether they speak in the house or confine their remarks to the party caucus. Mr Hinman's budget speech may contain the answer and most Albertans will be eagerly waiting to hear what he has to say regarding finances.

Room Visits And Reports Main Feature Of H. & S. At Mannville

MANNVILLE — The regular meeting of the Mannville Home and School Association was held in the auditorium on Thursday Dec 20th at 8 p.m. The parents had the privilege of visiting the rooms and speaking to the teachers before the regular meeting.

The president called the business meeting to order at 9 p.m. Following the opening exercises Mr Russell Whitson on behalf of the divisional board presented honor pins to the following students: Thelma Arnold, Donna Doherty, Jackie Hastnoff, Hans Pedersen, Eunice Sawchuk, Dixie Schreyer, Harold Keushnig, Doreen Gerhart and Howard Schreyer. (These pins were late in arriving, hence the delay in presenting them.) Mr Whitson then congratulated the students on their fine efforts, and also the teachers who so ably taught and encouraged them.

Mrs. Pedersen gave a very informative and interesting report of her time spent at the Home and School workshop at Banff. This was a two weeks' course crowded into three days. Program planning was one of the main items discussed. This should include items of interest to the group and to the community. It was suggested the Home and School might work on the alcohol problem amongst ...

The audience was then favored by two duets, "Silent Night" and "O Come All Ye Faithful" by Misses Semeniuk and Trynchuk.

Mrs. G. Younge reported on the Home and School conference held at Vegreville last November. An outstanding film was shown at this conference entitled "All God's Children" which gave much food for thought regarding teachers and our children entrusted to their care. It was felt a good deal of harm had been done to the teaching profession by lowering the teaching standards. If there was a little less emphasis placed on the dollar more good students might be encouraged to enter the teaching profession.

Mrs. Proudfoot on behalf of ... thanked Mrs Pedersen and Mrs. Younge for their excellent reports and the two little girls who sang.

The secretary read a letter from the C... Health and Accident Insurance Company re school insurance for pupils. This would cost $1.50 per pupil per year and be paid by the parents. After some discussion it was decided to turn the matter over to the local insurance agents for investigation and to be discussed again at a later date.

Mr Russell Whitson then addressed the meeting on the proposed building scheme. The matter was presented in a very clear and concise manner.

The shield was won by Mrs. Thompson's room.

Following the adjournment a lunch was served by Claysmore, Fidelity and Bird Hill ladies.

Dog's life

A dog's life isn't what it used to be. ... [illegible]

... United States — and science and industry are catering to their needs.

Today's dogs eat nutritionally-balanced rations and play with scientifically-designed toys. Photographers specialize in puppy portraits and canine beauty experts can primp up a backyard scavenger to look like a prize-winning ...

Dogs and cats are social climbers too. Today they're welcomed in many places where they formerly were forbidden to set paw. One directory lists over 4,000 hotels and motels that make special provisions for dogs, so you don't have to leave Fido home when you take a trip any more.

A few precautions are in order if you plan to motor with a dog. In one of his stories, James Thurber describes a show-dog that suffered from "a kind of Freudian car sickness" on his way to every performance. Dogs do suffer from motion sickness just as we do. The American Society for the Prevention of Cruelty to Animals suggests that several short rides can help get the dog used to the car's motion.

To prevent Fido from getting car sick you can buy Bonamine ... the long-lasting motion sickness tablets — at any drug store. It will ward off an unpleasant experience. Don't overload a dog in hot climates, and be sure he gets plenty of water. Exercise is important, so on long trips let the dog out of the car whenever you stop.

A dog often likes to ride with his head out the window. Don't let him. It could lead to a serious eye injury or other accident.

With a little care and attention, your pet doesn't have to be confined to the doghouse ... [illegible]

Vermilion River M.D. Approves Various Control Programs

The following is a summary of the minutes of M.D. of Vermilion River No. 71 held in the municipal office, Kitscoty, Dec 11 and 12, 1956.

Present were Reeve J. H. Kelly and Crs. Heath, Stone, Wallington, McGuigan, Wheat.

The minutes of the previous meeting of Council, held Nov. 13 were adopted as presented.

The financial statement for November was accepted.

The accounts, as approved by finance committee, were passed for payment.

Exchange in the amount of $86.49 for October and $88.97 for November, was approved for payment.

The Council went on record as supporting the tree planting and ...ping program as set forth in the May 24th meeting of the Agricultural Service Board, and will do everything to encourage the practice. They feel, however, that the success of the program depends on co-operation of the individual farmers.

The soil erosion and gully control program was considered, and given approval, with the understanding that grass seed be supplied at the rate of one-third paid by the farmer, one-third paid by the M.D. and one-third paid by the provincial government.

The municipal inspector's report was accepted as read.

By-law No. 873 concerning the appointment of A. R. Kay as secretary-treasurer was given 3 readings and passed.

A motion by Cr Stone that Mr. Kelly, councillor for Div 5 and reeve of the M.D. of Vermilion River, be appointed a delegate to attend the directors' meeting of the Alberta Municipal Financing Corporation, to be held in the Highways Bldg., on Dec. 17 and in him be vested all the powers accruing to this municipality by virtue of the ownership of 16 Class 'B' shares, was carried.

Moved by Cr Heath that the Mertin R.E.A.L. sub-site for new sub-station to be built on S.W. 2-49-1 be approved. Cd

Moved by Cr Kelly that approval be given to the proposed subdivision of Lot 6, Blk. 2, Plan 4348HW, Lloydminster. Cd

Moved by Cr. Wheat that C Espedveldt be granted permission to operate a "Husky House" cafe in Lloydminster Rural, subject to conditions laid down by the Sanitary Inspector of the Minburn-Vermilion Health Unit. Cd.

Moved by Cr. Wallington that A. J. Ganton be paid $18.60 pound fees. Cd.

Moved by Cr. Stone that C. Brown be paid $28.10 pound fees. Carried.

By-law No. 874 concerning the sale of SW 34-55-2 to Roy Morris was given 3 readings and passed.

Moved by Cr. Wheat that permission be given to Herman Ford to construct a private branch line of the R.E.A.L. across the NW 31-53-1 from the NW corner to the SE corner. Cd

Moved by Cr. Wallington that new Zoning and Building Permits By-law No. 875 be given first reading and that an official notice be published in two successive weeks in the Vermilion Standard and the Lloydminster Times. Public hearing of the by-law will be on Wednesday Jan. 9, 1957 at 2 p.m. Cd

Moved by Cr. McGuigan that the annual meeting be set for Feb. 16, and that nomination meeting be held at that time for Divs. 2, 4, 7. Cd

Moved by Cr. Stone that A.B Wood be appointed R.O. for the M.D. of Vermilion River. Cd.

Moved by Cr. McGuigan that Canadian Utilities be instructed to instal three additional street lights in the Hamlet of Clandonald to be located at sites approved by a local committee and Canadian Utilities representative. Carried.

Moved by Cr. Kelly that the M.D. approve the construction of buildings to house transmission and auxiliary equipment on the SE 13-49-1 at an estimated cost of $1000. Cd.

By-law No. 875 concerning the sale of one only HD5, Serial SB-1403, and one only TD18, Serial 9892, to Waterous Equipment Ltd of Edmonton given three readings and passed.

Icy Highway and Speeding Car Cause Costly Accidents

Three Vermilion men suffered badly damaged motor vehicles in accidents caused by icy patches on the highway just prior to Christmas, and one by a speeding car forcing him off the road on Saturday last.

On the Thursday before Christmas Bernie Gallagher hit an unexpected ice patch on the highway near Lavoy and went into the ditch, the car somersaulting and turning over. It was a 1956 model and was adjudged a complete wreck. Bernie escaped with bruises and a shaking up.

The day following the slippery highway claimed a new station wagon owned by Bernie Ackerman. It was extensively damaged after slipping off the icy highway and turning over in the ditch. The three passengers received cuts and bruises but no serious injuries. The accident happened on the way home from Edmonton.

On Saturday afternoon last Ray Jones of Checker Transport was forced into the ditch at the intersection near Stony Creek, by a speeding car. Ray was going to Mannville to make a delivery at the time and met the car which was travelling east at a high rate of speed. The driver was unable to make the turn on his own side and Ray went into the ditch to avoid a head-on collision. He would have been all right even at that, except for several big rocks in the ditch which upset the car and damaged the frame to such an extent that it is a complete loss. Ray was uninjured despite the bouncing around he took.

Canadian Legion Activities

By the time these notes are published, 1957 will be something to remember at any rate for the next twelve months.

Though we may be a little late we would like to wish all our members and friends a Happy and Prosperous year, and it would be a good opportunity to say Thank You, Vermilion Standard and staff for your kind cooperation in the past. We do appreciate your help and guidance very much, hoping we may all enjoy another successful year [illegible].

We are happy again to report a successful year in 1956, it is interesting to note the improvements made in the club rooms. Lack of funds only have prevented further development in this field, however we are hoping to continue our improvement program in this the new year, but to do so, we will need the help of every member of the Branch.

ACTIVITIES

We have had a busy program during the Xmas season, most notable being the draw for the Christmas hamper won by Nick Kowalchuk's twins. Good luck Nick and Joan, may your wee girls always be as lucky through life.

While speaking about this draw I should on behalf of the Legion, say a good big thank you to the top salesman of tickets, Art Tury who sold no less than sixteen books. Of course we thank all who helped in the sale but this accomplishment is certainly worthy of special mention. Thank you Comrade Tury!

SOCIAL EVENINGS

Please note change of day in future for our social evenings. These will be held on the first and third Saturday each month. So keep in mind Saturday Jan. 5th.

Our last social evening before Christmas went over with a bang, 70 people being present. Mrs. Colbourn won the turkey. Chas. Cawthorpe kindly donated another turkey which was eventually raffled off in the form of a dart throw, won by J. Chalmers with a score of 178 for 3 darts. Thank you Comrade Cawthorpe for your kind act.

We were not able to play the final in cribbage but this is fast drawing to a close and the winner will be announced in the very near future.

Mild, Mild Weather

The Christmas season for 1956 set new records for mild, delightful weather, little snow and wide open roads. Weather records were searched and it was back in 1903 before a temperature to equal that enjoyed on Christmas day was bettered.

In Vermilion high for Dec. 25 was 46 above, while the coolest it reached wasn't below freezing — just 32.

The weather turned decidedly mild on Dec. 18 and the following daily temperatures tell the delightful story:

NEWS from ISLAY

The school concert was of excellent calibre. We see some budding actors in our midst. It was nice to watch the children take their place at the piano. Elaine Sweet took the main part as she played the Carols for the school, assisted by Gerald Inman, Jim Shaw and Mickey Carey for some of the other songs.

We thought Santa Claus was beginning to show his age. He was quiet, no shouts, no jumps, but he was very generous and maintained his usual good manners.

The Sunday school on Sunday evening had a very lovely Xmas program. Elaine Sweet presided at the organ. There was a good attendance of adults.

Many journeyed around for the holidays. The Moncrieff family went to Calgary. Bill Young family of Dewberry had Christmas dinner at the Albert Anderson home. Mrs. Pyle and Charlie Robertson at the Jack Careys. Mr. and Mrs. Jim Allen at Dr. Sweet's home and on the 26th were at the Jack Carey home.

Mrs. Marge Summers of Portland, Oregon and Miss Gwen Torrance of Calgary were home to spend the week end with their mother, Mrs. Winnie Torrance and others of the family. Mr. and Mrs. Bill King and girls, the Charlie Redmond family, and Mr. and Mrs. Munroe were at the Bill Axley's for Christmas dinner. The Charlie Hannah's at Loyd Hanna's home at Dewberry. Mr. and Mrs. Stephen Olsen of Kinsella at the Neil McLennan's.

On Dec. 27 Muriel and Gladys Stone spent the day with the Ken Shaw family at the V.S.A.

Mr. and Mrs. Jim Miller were in Edmonton for Xmas and Boxing days at son Jim's home.

The Bill Shaw family and Mrs. Hilda Bell and family had Xmas at the S. Tuskey home.

Mr. and Mrs. Jimmie Miller of Edmonton had New Year's day with Jim's parents in Islay.

Charlie Robertson was in Edmonton this past week end and the girls Cathie and Mina came down and were in time for the New Year's frolic.

The new glassed freezing unit in the Jim Miller store greatly adds to the appearance. It is nice to just stand and gaze at the many good things inside. If you haven't seen it — better step in.

Miss Bertha Caro of Lloydminster and Mr. and Mrs. Caro spent New Year's at the Edgar Williams home.

The earlier lighted Christmas [illegible] from several windows and out on the Bill Shaw farm a huge tree on the front lawn looked beautiful with its lights twinkling. It could be seen from town.

CLANDONALD HALL

Showing at the Clandonald hall this week end Friday and Saturday Jan. 4 and 5 "Quentin Durward" and adventure of the Wild West starring Robert Taylor, Kay Kendall and Robert Morley in technicolor. Next week end "Queen City".

Mr. and Mrs. Bruce McLennan and Mrs. Neil McLennan had Sunday dinner at the home of Mr. and Mrs. Grech, Mannville.

A happy prosperous New Year to the Standard staff and all its readers.

New Task-Force '57 Chevrolet Trucks!
They "flattened" Yukon mountains with the most modern truck V8's of all!

New V8-powered '57 Chevrolet trucks, heavily loaded, made one of the world's toughest roads look easy! In a weight-checked test run, they rolled over the famous ALCAN Highway to Alaska – through towering mountains and treacherous mire – in less than 66 hours (normally a 72-hour trip). There's good-to-extra of power that'll handle your toughest jobs – and keep coming back for more!
ALCAN run supervised, verified by the AAA.
Rated G.V.W. of these payload-carrying heavyweights goes all the way up to 32,000 pounds!

Six-speed Powermatic with built-in retarder saved driver effort, added to safety on steep downgrades!
Six new Task-Force haulers made the run. And six ultra-modern Chevy engines proved their power and performance – with gas mileage ranging up to 20 miles per gallon! Two of the engines were not stopped once, and they hammered along at peak efficiency the entire 1,520 miles!
Chevy's big V8's – including the new 283 cu. in. Super Taskmaster – turned in top performance jobs. They hauled capital loads up and down breathtaking grades and through washouts that sucked wheels into hub-deep mud. They roared on through hundreds of miles of heavy dust that narrowed visibility to a few hundred feet. And in spite of the varying altitudes and temperatures, not a single truck dropped out or turned back due to mechanical failure!
Chevy trucks have got it, all right – everything it takes to stay on the toughest jobs going! Stop by and see them soon!

This truck, powered by the new Super Taskmaster V8, showed plenty of "scat" on steep grades.
Proved on the Alcan Highway
Champs of every weight class!

the Snapshot Guild

Someone ask us this one now to make. Just how far back should the subject.

Snapshot Silhouettes

You needn't be handy with the scissors, or trace something or someone else from, to make silhouettes. All you need is your camera and your imagination put into action at the same time—that'll give you original ones that are truly your own creation.

The first thing to know about composing a silhouette is the position. It definitely has to be side on to the subject.

For indoor silhouette making, a set makes a good background. Or a sunny day you can stretch the sheet over a window and pose your subject in profile, of course—in front of it. Darken the rest of the room as much as you can, and you are ready to make a silhouette. This will be a short time exposure, so place the camera on a tripod or other solid support.

You can also snap silhouettes indoors at night. Once again, you use a sheet for a background, this time stretching it across an open doorway so that you can put a light behind it.

Just as for daytime shots, you pose your subject, in profile, in front of the sheet and make your time.

You can make silhouettes of any subject that can be depended upon to remain still during the length of the time exposure. That rules out most babies and pets. But even then, it is worth taking a chance, even though they might move and ruin one picture if it does, the resulting pictures would be so much fun to have.

With Vermilion W. I.

The regular December meeting of the Vermilion W.I. was held at the home of Mrs. Margaret Perrier with eleven members present.

One minute silence was observed in memory of a departed member, Mrs Clara Cameron. She will be greatly missed by all.

A report was given on our ward at the local hospital. We have been allotted ward 4 to be known as the W I ward. It is planned to buy two stools for our ward and send flowers to any patient in this ward over Christmas.

We will also form a hospital aid to assist in hemming sheets or any sewing needing to be done.

The Sunshine committee reported sending seven sympathy cards, three get-well cards and flowers in memory of Mrs. C. Cameron.

A card of nickels known as "a foot of nickels" was filled to be sent to Edmonton Cerebral Palsy Association.

The handicraft list was filled out.

Mrs. M. Perrier presented Mrs. Helen Bell with a membership pin in recognition of her faithful service over the past years. Mrs. Bell warmly thanked the members for this gift.

The president, Mrs. Olive Clark turned the chair over to Mrs. Bell for nomination of officers. This proved to be a short piece of business as the complete slate of officers was re-elected for another year:

President — Mrs. Olive Clark
1st Vice-Pres. — Mrs. J. McCaig
2nd Vice-Pres. — Mrs. G. Dunsmore
Sec'y — Mrs. Marion Davis
Treas. — Mrs. M. Perrier
Sunshine — Mrs. E. Rooks

The members wish to thank all who supported their bake sale Dec. 8th and all who bought tickets on the large food hamper. Mrs. Champion of Champion's Shoe store was the lucky winner and was thrilled when informed of her good fortune over the phone. She said it was the first time she had ever won anything. Congratulations Mrs. Champion.

At the close of the meeting a delicious lunch was served by Mrs. Perrier, Mrs. Astley and Mrs. Bell and a very pleasant social hour was enjoyed.

You Can Have Him

An oddity of the season, no doubt engendered or hatched by the very mild weather, was on display at the Standard office last Saturday in the form of a very large and healthy mosquito. This spoiler of summer siestas was captured by Lawrence Miller outside of his house, seemingly unaware that he was not in the least out of place flitting around in Alberta on a December day. It is to be hoped that the mosquito is not developing some sort of anti-freeze with the idea of rounding out its span of activity to twelve months.

Almost 172,000 motor vehicles were sent to the scrap heap in Canada during 1955.

Grizzly Bear F.U.A.

After a year's lapse our F.U.A. local of Woodvale, Union and Bowtell known as Grizzly Bear local is going strong again with over twenty members signed up.

The first item on the agenda will be a meeting on Monday, Jan. 7th at 8 p.m. in the new Woodvale Central school. Our sub-district director Mr. Karl Marklund will be present to report on the annual convention.

Other items of business will be the election of officers and secretary for the year, plans for raising money to send a delegate to the convention next year and a proposed amalgamation with the Tolland local of the F.U.A.

All in all I think it will be a very busy and interesting evening and we hope to see a packed house. No one else will attend to your business if you can't attend to it yourself.

We would like to extend an invitation to Tolland F.U.A. to attend this meeting and put forth their views on amalgamation. We hope to see you all on the 7th.

Your F.U.A. Correspondent.

Criminal History on the Rue Scribe

This year more than a million tourists will troop through the front doors of a half-century old seven-story building at 11 Rue Scribe in Paris, across the street from the Opera. There they will greet friends, pick up mail from home, scan the visitor's book to see if they know anyone else in town, and ask the clerks for everything from a ticket on the next plane to Rome to help in locating a misplaced passport.

But few, if any, of the millions who have made this building their Parisian "home away from home" are aware that this venerable structure was the scene of one of the thrillers in the annals of international crime—the Robbery in the Rue Scribe.

It was in April 1901. American Express had occupied its offices in the building, which stands in the triangle where the Rue Scribe and the Rue Auber converge on the Place Charles Garnier, less than a year. A pre-dawn phone call brought the manager down to the office on the run one morning, to discover the company's iron safe had been dynamited. This was the first time that this new explosive, invented 34 years before in Sweden by Alfred Nobel, had been so used.

William Swift Dalliba, an enterprising Mid-Westerner, in charge of the Paris office for American Express, found that some of the company's most prized and expensive oriental rugs had been wrapped around the safe, to deaden the sound of the explosion. The rugs were burned and torn. Twisted gold Napoleons and other coins littered the floor.

The robbery was a financial fiasco for its perpetrators, a well-known criminal named Eddie Guerin, and his accomplices. The safe contained a considerable amount in American Express travelers cheques, but not too much actual cash.

The cheques had been introduced to the traveling public just a few years before. They were all numbered and easily identified. Guerin could not negotiate them and he abandoned a satchel-full of them in the cloak room of Victoria Station in London. Guerin and his henchmen, incidentally, were later captured, convicted of the crime and sentenced to long terms on Devil's Island.

Announcement

Mr. Lee S. Williams of Weiller & Williams Co. Ltd., Livestock Commission Agents, wishes to announce that he has purchased the Lloydminster Union Stockyards Limited and will commence operations at the Lloydminster Union Stockyards on Wednesday, January 2, under the name of Weiller & Williams (Lloydminster) Ltd., providing a complete and dependable marketing service for the producers of the Lloydminster district.

The Weiller & Williams organization have been in business in Western Canada for more than thirty years. With offices located in Edmonton, Saskatoon, Winnipeg and Calgary, and with connections in St. Paul, Minnesota they are in close touch with all markets and outlets, both in Canada and the United States, and are in the best position to provide the latest livestock market information and to locate the best outlets, thus securing the best prices for all classes of livestock.

Selling and order buying at the Lloydminster Union Stockyards will be in the hands of Mr. C. Ed. French and Mr. John A. Slen, the well known Lloydminster livestock buyer and dealer, who has joined the Weiller & Williams staff. The office will be in charge of Mr. Elmer J. Grunert and all operations will be under the personal supervision of Mr. Lee S. Williams, Edmonton. All personnel are fully experienced and well known in livestock circles in Western Canada, and with the Weiller & Williams connections are able to provide the farmers and producers of the Lloydminster district with an efficient and dependable livestock marketing service.

If you have butcher or feeder cattle and calves, or hogs and sheep to sell, or are in the market to purchase, contact your new marketing agency at the Lloydminster Union Stockyards. The phone number is Lloydminster [illegible] Weiller & Williams (Lloydminster) Ltd., or call in and discuss your needs with them when you are in Lloydminster.

Wins Top Cooking Prize

Mrs. John Bushko, of Vegreville, Alberta, was judged Canada's best cook of 1956 in a bakeoff with nine competitors, one a man, in Toronto (Tuesday, December 11). She is shown here receiving her cash prize of $2,500 from W. F. McLean, president of Canada Packers Ltd., sponsors of the three-month nation-wide bakefest. The contest drew more than 100,000 entries from coast to coast.

Mrs. Bushko won with her prize-winning recipe for Prize Velvet Cake. The top ten, of whom Mrs. Bushko was one, were brought to Toronto on an all-expenses-paid trip by Canada Packers to compete for the big prize.

Mannville Student Flies to New York

Mr. Fred Otto left on Christmas day for Edmonton and then by plane for New York where he will attend a conference as one of two delegates from his fraternity Delta Kappa Epsilon. Fred will also visit Montreal and Ottawa during his stay in the East.

By Edna M. Craig, District Home Economist

"HELLO, HOMEMAKERS"

Happy New Year, Homemakers!

With the Christmas and New Year festivities just over, we draw deep breath and prepare to resume an ordinary pace in life.

NEW YEAR'S RESOLUTIONS

Each and every year we decide to make resolutions. And it often seems no matter how hard we try, our resolve doesn't last.

This year why not take a long and searching look at your activities as a wife and mother. Do you seem to be forever washing, scrubbing, dusting, that you have no time for relaxation with family and friends? Or perhaps, are your Club and social activities so demanding that you've little time for the "art of making a home"? It is an art, you know; but it is also a science. When you think of science what comes to your mind? Something which is highly organized and can be expressed in point form. Something, in other words, which is stripped to its basic form and is strictly factual.

Is Your Homemaking Scientific?

You will be wondering how it is possible to put a home on a scientific basis. Well, in a sense it isn't! However, you can strip your activities in the homemaking line to the basic daily work and leave more time for your family.

Here's where careful planning comes in. It need be only a very brief outline of the jobs which need to be done daily. But put it on paper! Then it will serve as a constant reminder of your resolve.

Cut Down on Work

Isn't that a lovely thought! And it's not impossible. Remove from your working habits the "bric-a-brac" of daily living. The little things which aren't important, but make so much extra work. Recruit your family members for help with the tedious every day jobs which aren't so much demanding as time consuming. If you have school age children they can help with little chores. Besides helping you it is good training for them (but they'll complain, so be prepared for it).

BE A DEMOCRACY!

In your family life establish a basis for unemotional family discussions as a group. Have a family "quiet time" for enjoyment of yourselves as a family.

Talk over your problems together — you'll find you'll solve them to mutual satisfaction.

If you haven't already resolved this New Year's, I hope I have guided your thoughts in the direction of a worthwhile resolution. If you resolve to clear away the bric-a-brac and have more time to be a person, then run into problems, I'm here to help you. If at any time you need help or encouragement feel free to call or write your District Home Economist.

NOTHING BUT THE TRUTH by Ross Arnold

Harry Thomas Passes Away At Mannville

MANNVILLE. — Mr. Harry Thomas, old timer of Mannville passed away early on Tuesday morning in his 83rd year.

He came to Edmonton from Liverpool in 1904 and moved to Mannville district in 1905 where he had resided ever since.

Mr. Thomas was a long-time member of the Alberta Wheat Pool, was the first secretary of the Mannville school division and was bookkeeper for the local Co-op store for many years. He was always interested in local affairs, auditing the Vegreville S.D. and the local hospital books for a number of years. He was an ardent reader and kept up with world affairs too until his eyesight failed him.

He is survived by his widow, one son Harry, two daughters Elizabeth and Mary.

Moyer's Funeral Home of Vermilion was in charge of funeral arrangements.

45 Attend Dewberry Home and School Meeting

There were forty-five members and several visitors present at the December meeting of the Dewberry Home and School, a truly remarkable attendance considering the weather. The president read an article on "The True Meaning of Christmas" and this was followed by the singing of Christmas carols by all present. Minutes of the November meeting were then read and adopted. Matters relating to the New Year's Eve dance were then discussed and final arrangements made. The financial report was presented and adopted.

The new lunch committee consists of the following volunteers: Mrs. Oxton, Mrs. Filburn and Mrs. McMullen.

The January meeting is to be men's night, when the men will demonstrate to the ladies how to serve lunch in an efficient way. Heaven forbid that the men will have baked same lunch!

Omitted from the November report was the serving of lunch all day of November Parent-Teacher interviews by the ladies, thus serving a double purpose (a) keeping parents and teachers in an amiable mood, (b) realizing over $30.00.

The meeting adjourned and an excellent lunch was much appreciated.

As entertainment for the evening, Christmas Eve spent in a variety of ways was portrayed by different people. This was much enjoyed and when a vote was taken on the most appropriate way of spending it, and the most objectionable way, it was found all present were surprisingly well agreed.

Don't forget the first meeting in 1957.

It is hoped to have Mr. Ashley Cooper, Editor of the Vermilion Standard, speak on Civil Defence at the January meeting of the Home and School which will be held Wednesday, Jan. 16th. The film on the mock air raid and evacuation of the city of Calgary will also be shown by Mr. Cooper.

Population of the city of Toronto declined by 13,658 in the 1951-56 period; at the same time population of the city's metropolitan area increased by 230,435. —Quick Canadian Facts.

Lieber, chairman of the Edmonton Hungarian Relief Committee.

PARADISE VALLEY NEWS

The Paradise Valley 4H Beef Club which was re-organized in November met in the school auditorium Monday evening, Dec. 10. Plans were submitted by the executive who had met previously. After other business the parents and members had lunch together in the school lunch room.

We wish to congratulate the Paradise Valley Students' Union on their formal dance which they held on Dec 14th. The school auditorium was suitably decorated for the occasion. The Edgerton Star-Lite orchestra furnished the music. Each student invited their parents and others who are interested in the school affairs. This was our first invitation to their annual dance and we wish to say "thank you". Everyone had a wonderful time.

On Tuesday evening the Kitscoty choir under the leadership of Mrs. Batty held a Christmas concert in the P. V. hall. This was a real treat for the ones attending. It was disappointing that so few turned out to hear such a splendid program.

The past month has been a busy one for the group at the Church of God. The last of November saw the Ladies' Missionary Circle close out a successful year, when they held a sale of work in the church basement. Lunch was also served. December 9th was the tenth anniversary of the Church of God here in Paradise Valley. Present for the services that day were Rev. Wright and Rev. Dodge of Camrose. Film strips and emphasis on the Alberta Bible Institute were presented. The following Sunday evening a Christmas play "The Star that Shineth in Darkness" was given.

Two Sunday School programs were presented, both to appreciative audiences. The home program was held Dec. 19th with the other in Rivercourse the following night.

Friday evening, Dec 21st the Paradise Valley schools put on their annual Christmas concert. Every year it is attended by more and more children, parents and other interested parties. This year the concert was equal to the best: all the students did themselves credit. The pageant put on by the High School was the highlight of the concert. The costumes and the work in preparation must have taken a lot of work and reflects great credit on the part of the staff. For the younger ones, of course, it was Santa who was the highlight of the evening. All in all, it was a splendid concert and upheld the reputation that Paradise Valley has always had for the best concert to attend.

Mrs. Ruth Thibadeau left on Saturday for Vancouver by way of Wainwright where she will spend the holidays with her daughter and son-in-law, Mr. and Mrs. George Kitching.

Patients in the Lloydminster hospital include Mrs. A. Clarke, Mrs. Fred Towndrow, Johnnie Kitching and Jimmie Knutson.

Mr. Frank Venner of Edmonton arrived home for the Christmas holiday on Saturday, to be spent with his parents, Mr. and Mrs. George Venner, also Mr. and Mrs. Herb Foxwell and Sheril with relatives.

To the editor and staff we extend our best wishes for a happy New Year.

News from Campbell Lake

On the night of Dec. 21st the Princess Anne W. I. sponsored a Christmas party at the Island Hill school for the children of both districts. It was complete with concert, tree and treats and, of course, Santa Claus. But it was the children who stole the spotlight with their songs, plays and dialogues, etc. Princess Anne branch takes this opportunity to thank each one who contributed to make the evening success it was.

We welcome to the district the newlyweds, Mr and Mrs. Fred Dougan.

HOME FOR HOLIDAYS

"Home for the holidays", what a wonderful phrase! And those who took advantage of it were Misses Jean and Betty West and Mildred Scarfe, all of Edmonton, Miss Audrey McIntyre of Ponoka, Mary Ellen McIntyre from Lloydminster, Viola Maggs of Lamont, and Ray Armstrong of Calgary.

Mr and Mrs. Bert Scarfe, of Okanagan Landing, are spending the holidays at the home of their daughter, Mrs. Wm. Hall.

Also spending the Christmas and Boxing Day holidays in the district were Mrs. Dynes Sr., Mr. and Mrs Pat Dynes and family, and John and Luke Dynes at the home of Mr and Mrs. P McCambridge.

George Richardson Jr of Edmonton was with his parents for Christmas and the family gathered at the home of Mr. and Mrs. Ron Inman for the day.

Mr and Mrs Fred West made a quick trip to Edmonton on Dec 22, to pick up the girls.

Christmas is for children, and so baby Wilbur Ronald made his appearance at the home of [illegible] parents Mr and Mrs. [illegible] Strome in time for [illegible]. Congratulations, folks.

Leo McCambridge drove to Edmonton on Dec. 26th to visit at the home of his sister, Mrs. Pat Dynes.

Mr. Bob McIntyre drove to Marshall, Sask., to spend Christmas at the home of Miss Doreen McEwan.

Our deepest sympathy goes out to the family of Mrs. Mabel MacKay who passed away very suddenly at her home New Year's night. Especially the sympathy of the members of the Princess Anne W.I. of which she was a charter member, an ardent worker beloved by all.

May I take this opportunity at the close of the year, to thank the Editor and Staff for faithfully printing the Princess Anne W. I. column each month and to wish each and everyone health, wealth and happiness in 1957.

HAPPY NEW YEAR!

SCIENCE IN YOUR LIFE

The Great Foe

One of the most striking achievements of modern medicine has been its success in routing tuberculosis.

This story is well-documented with statistics. In the United States alone, for example, the disease has

plummeted from a first-ranking cause of death to tenth place, leaving hospital after hospital emptied of its victims.

Most TB specialists credit this drop primarily to the new anti-tuberculosis drugs developed towards the end of World War II, for the period in which these drugs have been available has encompassed the most rapid decline in tuberculosis mortality the world has ever seen.

The drug streptomycin marks the starting point of this chemical attack on the disease. Recently, the first human patient treated with the drug was re-visited, and a "before and after" report was made in the *American Review of Tuberculosis and Pulmonary Disease*.

The patient, a 21-year-old girl suffering from advanced tuberculosis, was given streptomycin in 1944. Now married, she is "the mother of three robust children who were born in 1950, 1952 and 1954 respectively," the report states.

This happy ending of an apparently hopeless case has been duplicated thousands of times since the TB wonder drugs were first developed, and new advances in therapy are today constantly adding examples. Cited by experts as particularly promising is the recently developed drug Streptohydrazid, which links the two powerful anti-TB weapons streptomycin and isoniazid so they can be given in a single injection.

Medical specialists from Howard University, reporting on its use at the recent Third Annual Antibiotics Symposium, stated that Streptohydrazid produced more rapid clinical improvement than did either isoniazid or streptomycin given alone. In addition, it helped to eliminate major problems arising from the prolonged use of the other drugs—problems such as dangerous side-effects and resistance.

Keep it under your hat!

The bright idea of a New York Fire Commissioner gives us an idea, too. He liked his dress cap, disliked the regulation fire helmet — but he recognized the ever-present danger of falling debris. So he simply had an inner shield of aluminum made and fitted into the cap.

And that's where our idea comes in. A lightweight aluminum shield that would fit under a wayward husband's fedora and save him many a skull abrasion when he sneaked in late at night to a rolling-pin reception by the little woman. Ah! aluminum, the useful metal!

CHILD SAFETY

Studies indicate that certain types of accidents are more likely to occur at one stage of a child's development than another, although no two children are alike and no two grow and develop at just the same rate or in just the same way. However, knowing something about their own children's typical growth and development patterns will enable many parents to foresee potential accident situations. Foreseeing them they can help to forestall them.

New born babies are helpless and need absolute protection. Soon they will move about and need an even more watchful eye kept on them. The sides of the crib should be kept up at all times and the bars should be so spaced that the baby cannot catch his head between them. Paints containing lead should not be used on furniture, toys or anyt[illegible] they might put in their mouth due to the risk of poisoning. Babies are helpless in water [illegible] never be left alone in [illegible] tub at any time.

Around 12 to 15 months they are eager to examine the world around them; they need freedom but they need limits, as well. Gates at the head and foot of stairways will prevent many a fall. Unused light sockets should be taped or capped and electric fans and heaters should be out of reach. All household poisons and medicines should be kept out of reach, and pins, buttons, needles and other small objects put away. Keep containers of hot food or liquids on the centre of the table and out of reach.

Two-year-olds are adventurers and doors that open to potential dangers should be locked so that they cannot dash out suddenly. Windows from which they enjoy viewing the world should have guards on them and car doors should be locked. They like to play with water so pools, ponds or cisterns have to be fenced in or covered over. Water is not safe until a child learns to respect it.

Three-year-olds have more self control and are nimble on their feet. Stairs should have a strong rail for support and should be kept clear of objects or defective coverings on which a child can trip. Stairs must never be waxed. Toy trucks or wagons should be strong enough to bear their weight as well as their playmates. They feel like important members of the family when asked to do small tasks suited to their ability; it is dangerous to ask them to carry glass containers or knives.

Four-year-olds are finding their place in the world and cover a lot of ground in all directions. They should be taught to ride tricycles on the sidewalk and to watch for car in the driveways. They will be safer playing in an enclosed area and it is important to teach them not to run after a ball if it rolls out into the street or driveway. They climb over fences and trees and can be protected from falls if taught how to get a good footing and a proper handhold. They will enjoy building simple things and can be taught to help safely in the kitchen or about the house.

Of Many Things . .

By AMBROSE HILLS

JOHN DIEFENBAKER

Politicking is not one of my activities, but for personal reasons I've followed the career of John Diefenbaker over many years.

When I was very young and my job was insignificant, I was sent to interview John Diefenbaker. He was a successful young lawyer and rising politician even then. I found myself being treated by him as if I were a star reporter or the publisher himself. He answered my questions without hedging. I was a saucy young man in those days, and I tried to make the questions embarrassing. He very easily could have turned the tables on me, but he chose instead to take me seriously and to try to convert me by persuasion.

As a result of that interview, I wrote some words of praise of him, but also some harsh things which, as I look back on it were completely unfair. Yet the next time we met, instead of showing bitterness he drew me aside and asked if we could "have another go at this argument. Maybe you're right but."

And so, although not a member of the Conservative hierarchy I was crossing my fingers for John Diefenbaker at the political convention before this last one and when they didn't elect him I was disappointed. I figured that some Toronto stuffed [illegible] had got together to squeeze him out. Later I somewhat reluctantly came to admire the man they did elect, but I still felt John Diefenbaker had been neglected.

All the same, he kept working as diligently as ever for the causes he believed in and showed no bitterness to those who had decided to oppose him on the grounds that he could not carry the provinces of Ontario and Quebec.

At long last, he has been rewarded. It turns out that Easterners, like anyone else respect men of dogged determination who do not run off and sulk at every defeat. They admire a fighter. And Diefenbaker is a [illegible].

This is not the main reason, however, why his supporters wanted him as leader. They wanted him because they know that he is an honest, sincere man who cannot be pushed around by any special interests. He is a Westerner who knows the problems of the west and will seek straightforward methods of solving these problems instead of hit-or-miss devices that are often political expedients rather than real solutions. And he'll find ways to solve problems without destroying individual freedom.

In other words, the Conservative party now has a leader that is not only respected and admired, but is also genuinely liked as a "good guy" by the average man.

From 1931 to 1951 the area of farmed land in [illegible] from 163 million acres to 174 million acres, the number of occupied farms decreased from 728,623 to 623,091, and the total farm population decreased from 3,289,140 to 2,911,986.

NEWS from ALLANDALE

Several days of cold weather, then some above temperatures, Christmas day was 60 above zero. The nicest for many a year.

The cantata "O Little Town of Bethlehem" in Vermilion on Dec. 9th was enjoyed by a large audience. It was nice to see so many holiday district folks out to see it.

Mrs. John Arnold took Mr. and Mrs. Linda Baldock to Elk Point hospital on Dec. 9th to visit Aunt Maude Hogaboam. She was getting on very well. Mrs. Rhodes was a patient at the same time. She had fallen and injured herself. All are better now and home.

On Dec. 9th Dave De Ford Jr. fell and broke his arm while skating. The DeFord family have had a siege of sickness all fall but are on the mend nicely now.

Our congratulations and best wishes to the newlyweds Mr and Mrs Fred Dougan. The bride was beautiful and the group lovely; may all your days be as happy as your wedding day. It was good to see the Dougan families at the reception, some we had not seen for some time.

Mr. and Mrs. Bobbie Strang and Ernest Strang from Toronto motored to Lloydminster to visit their parents Mr and Mrs. Ernest Strang Sr. and families, and to spend Xmas at home. Bobbie was married in the East on Dec. 15th. Our best wishes and congratulations to you both, and a safe journey home.

On Dec. 16th Mrs. Wm. Armstrong accompanied Mrs. Jimmy to the Fort where he was buying purebred calves, coming home the same day. He picked up at Royal Park and sister Joyce and family Adele and Lorraine came home for a week's visit. Mrs. Armstrong came home the following Tuesday with her sister-in-law Mrs. Alex Armstrong and her sister Kate McDonald. On the 19th the ladies motored to Elk Point to visit sister Carrie Swanson.

Armstrong and Mr. and Mrs. Warren Edwards and family from town were Xmas Day at daughter Myrtle and Norman Anderson's and family at Lloydminster. Jimmy Armstrong and family Valerie and Boyd spent Xmas Day with Mr. and Mrs. Krause.

Congrats to Mr. and Mrs. Jimmy Armstrong on the birth of a daughter on Dec. 23. Mr. and Mrs. Ralph Petty and Dave spent Christmas Day at Kitscoty which daughter Stetson and family at the Port. Mr. and Mrs. Baldock came from Mrs. Nora Monaghan in Nevada. Carl and Gertie Swanson Dec. 25th were enjoyed very much. Dec. 26th to Elk Point to visit Carrie Swanson

Mr. and Mrs. Bobbie Strang motored to Nevada with Mrs. Strang's parents Mr. and Mrs. Ernest Strang Sr. and families, there. Nora was leaving shortly for the East to visit her old sister-in-law Annie Easton, and then went back to Toronto. So from there is no place like home and Alberta.

Greetings came from Mrs. Stella Mayers from Litchfield, Saskatchewan, wishing the best and good time just around the Bentley corners.

Jimmy and Eileen Martin and daughter Barbara Jean motored to spent Xmas at Tilsee's folks, the McCormicks at Hardisty.

At the Herb McPhee home on Xmas day were sister Edna and John Bezak and son Keith, uncle Dave McPhee and daughter Jean from Canada Packers, Edmonton and Lorne and uncle Gordon, and Mr. and Mrs. Trychuk. In the evening uncle Sandy and Jack and Jim and Alice and his daughter Margaret from High Prairie.

The dinner at the Woody Wilson home were Mrs. Thelma Armstrong and family Carol, Karen, Neil Murray and Darlene. For supper and evening Thelma and family were at Lloydminster with sister Dorothy and Fred Glover and family. Woody and Mary Wilson and family spent Xmas at Lloydminster with brother Ralph and Kate Wilson's and family.

The Ononeses spent Christmas day at the home of daughter Hilda and Don Holmes and family.

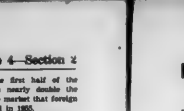
News from France from Orene and Paul Wheaton and family all are well. Orene's parents have rain instead. They miss the snow, expected around this festive time of the year.

Mr and Mrs. Allen Russell (nee Jane Johnson) from Red Deer, arrived home Dec. 28th. Allan had to work Xmas day in the oil field so Mrs. Russell will enjoy their Xmas dinner on the 29th when Mr and Mrs. Ed Lyons will be out from town.

Sorry to hear of Mrs. Bob Carter-Scott's illness. A speedy recovery Bob — we miss you.

Closing Thought: "The year 1957 stretches far out in front, to you all best wishes for good health and happiness; growth in tolerance and kindness to others."

Foreign countries increased their sales in the Canadian market by 20% in the first 8 months of 1956 compared to the same period of 1955.



SEED GERMINATION TESTS

Many farmers who are in the habit of making a home germination test of seed grain each winter have, at times, expressed disappointment at the results obtained.

However, even though such a test may not show up too well, that does not necessarily mean that the grain should be discarded as seed. For reasons which follow, the seed may actually give a much better performance in the field and, at worst, it may only be necessary to seed somewhat heavier than usual.

Unfortunately, much of the grain harvested last season, under poor weather conditions, was below the usual standards, so far as quality was concerned, some of it having been tough when harvested and some of it having been damaged by frost. Samples of this kind do not respond readily or fully to an ordinary germination test, mainly by for the reason that the seed because of its condition, is likely to be in a prolonged dormant spell and it is necessary to break this spell before its full germinating capacity can be assessed.

That is why samples under official lab tests, where pre-chilling at a temperature of 45° is carried on to stimulate the optimum conditions for germination in the soil, usually show a considerably higher percentage. In some cases however, one chilling is not sufficient and an additional chilling is necessary to break the dormancy.

Sales Imported Cars Increase In U. S.

Imported cars are selling well in the United States according to an analysis of U.S. auto sales figures for the first six months of 1956 published recently in "Foreign Trade", the fortnightly publication of Canada's department of Trade and Commerce.

Sales to the end of June of foreign makes of cars reached 42,400 units, an increase of 69% over the same period in 1955. Although this represents only 1.7 per cent of U.S. manufacturers' sales in the first half of the year, it is nearly double the share of the market that foreign cars enjoyed in 1955.

More important is the fact that foreign manufacturers have been able to increase their business although domestic manufacturers are running 10% below last year. In times past, British makes dominated the foreign car market but now Germany's famed Volkswagen is setting the sales pace. Altogether there are more than 80 makes of imported cars competing in the U.S. market.

Canadian Legion Plans Another Canvass In Aid Of Polio Fund

Vermilion Branch of the Canadian Legion will organize another Polio Fund campaign. This year it will start on January 15th, according to Thos. Thompson, president of the Vermilion Branch.

The canvass of the town and district will be carried on by a committee headed by Vic Tillett. The canvass in 1956 netted nearly $1600.00. It is sincerely hoped that the response in 1957 will exceed this amount

It might be of interest to citizens that most of the amount contributed here was returned as assistance to victims of polio in and around Vermilion

Everyone will remember the serious out break of polio in this area in 1953. It could happen again. The funds collected have been paid out for care and treatment of victims so in order to have funds available for the usual help for next year, a large sum must be made to the public.

The assistance this fund has begins where government help does not apply. Ambulance charges, home treatments, rail way fares to Edmonton for treatment, wheel chairs, etc. are some of the ways in which patients in this district have been helped. It is the hope that immediate help for children struck down with polio their chance of recovery is greatly reduced.

Mr Tillett's committee will arrange for a canvass of Vermilion business places and homes in and around Vermilion. They ask that you all will be very generous in this very worthy cause.

New Members Are Needed For The Mixed Chorus

Vermilion Mixed Chorus will meet in the high school on Monday, Jan. 14th at 8 p.m. The Chorus plans to present a concert in the spring and have some special music for the Festival. New members will be welcomed, especially tenors and persons who likes to sing will find they enjoy the evenings spent at the practice meetings. The chorus sphere is quite informal and friendly. Those people like to take away from the quality of the music made. Remember the song, yet are rather reluctant to join a chorus on this account, which is a mistake. Just go to the high school on Monday night and give it a try, you'll like it, and you will be doing yourself and the chorus a favor See you there!

Aldous Curls Against Scotties

Aldous Kent was a member of a rink composed of curlers from country clubs who are overseers of the Macdonald-Brier play-downs. The rink which curled against a rink of Scottish curlers in Edmonton on Tuesday Aldous and his rink mates won the handily. Glen Hamilton was a portion of the festivities however, as the Preliminary in Edmonton went all out to entertain the Scots, giving them luncheons and dinners. All in all it proved a very interesting outing. Aldous was accompanied to the city by Mrs. Kent

Married in Scotland, Celebrate Golden Wedding in Vermilion

Little did they think on their wedding day at Fraserburgh, Scotland on January 2nd, 1907, that they would observe their golden wedding on the same day another continent altogether. But such is the experience of Mr and Mrs. Walter Thompson who on Wednesday, January 2nd, 1957 continued their wedding anniversary at their home in Vermilion, surrounded by many friends, with their only daughter Lucy, now Mrs. Stanley Marshall of Edmonton, with them.

Mr. Walter Thompson and Miss Mary Jamieson were married in the Presbyterian church at Fraserburgh, Scotland on January 2nd, 1907 by the Rev. Samuel Blackwood.

They lived in their native land until they left for Canada in 1914. The young husband then went over to the mainland of Europe with a friend, apparently to help skeen the first German bid for world dominion. A month of action and he was taken prisoner and for the next four years, until the end of the war, he remained a German prisoner in the province of Westphalia His lot was probably made more endurable by the fact that he was a farmer by vocation and was sent to the country to work and to live with a German family on a farm. Food was scarce and even on the farm as much was taken for the war effort.

In 1922 Mr. and Mrs. Thompson decided to come to Canada and that year found them settled on a C.P.R. quarter in the Buffalo Lake in the Pass Athabasdie district some 25 miles south-west of Vermilion. They soon proved themselves kindly helpful neighbors and won many sincere friends in this new land. They moved from farming in 1950 and moved into Vermilion where they built on the south side, and after a year, into their present home in the west end of town. During the years they have landscaped the yard and are keen gardeners of flowers.

Last Wednesday last Jan. 2, an open reception was held from 2 to 5 o'clock in the afternoon. During this time the house was filled to capacity with friends from their many country district and by new friends made in the years moving into town.

The bride and groom of fifty years ago received their many guests behind a wedding table decked by a beautiful three tiered wedding cake baked by Mrs Alex Stone and decorated by Mrs. Gwen Fisher.

Filling tribute was paid to Mr and Mrs. Thompson in the toast proposed by Mr Hardy Wear, a friend since they first arrived in the Buffalo Coulee district back in 1922.

Mr. James A. Smith, Member of Parliament read a congratulatory telegram from the Rt. Hon Louis St. Laurent Premier of Canada and a congratulatory certificate sent by Premier E. C. Manning of Alberta On behalf of many friends in Buffalo Coulee and Vermilion Mrs. J. D. Cooper presented Mr. and Mrs. Thompson with a purse of money Among the many gifts received was a table lamp from the Golden Circle Legion Post 11 and a beautiful bouquet of cut flowers from the Vermilion W.A.

Following the presentations Mr. and Mrs. Thompson voiced their sincere appreciation to all for their kind gifts and good wishes received.

Presiding at the tea and refreshment table was Mrs. G. Slater Mrs. Ronald Bang and Mrs. W.J. Van Fleit. Servitrurs were Miss Donna Cooper, Miss Margaret Rooks, Miss Marilyn Smith and Miss Karen Bang. Miss Alayne Stone was in charge of the guest book.

Many were unable to attend on Wednesday called on Mr. and Mrs. Thompson to offer felicitations and best wishes for many more years of happy married life.

Citizens Contribute

During December a canvass was made in the Vermilion district for the Clennett family fund. A total of $618 is appreciated and forwarded to Mr Clennett

Everyone will reveal that the home of Rev Clennett was burned out with all of the family's fur nishings and belongings sometime in November when Mr Clennett was in the Elk Point Hospital Generous donations to this deserving cause were made by business places and citizens in general over a wide area.

Rev. Mr. Clennett has been Anglican Missionary to the Beaver Indians at Lake Brochet for a couple of years Previous to his appointment at Prog Lake he was in charge of Anglican Church congregations at Vermilion and Kitscoty.

A committee was appointed at a meeting held in the Anglican Church to canvass for donations to this fund The committee was made up of Mrs. Keith Chalmers, Jack Kneale, Mrs. Mitchell Mrs. Lloyd Cotton, Rev. Kirby, Mrs. Jim and E. H. Barkingham.

The committee wishes to thank everyone who contributed to the Clennett fund. It is hoped that this fund to help Rev. and Mrs. Clennett will be completed in the near future.

COMFORT STATION NEEDED

There is quite a demand for what is now called a comfort station, formerly known as rest rooms, in towns the size of Vermilion. While many business places provide toilet and washroom accommodation, women with children need something just a little more than that which is available. It does look as if Vermilion in its estimates for 1957 should make provision for such a convenience. It would be a matter of an expenditure to start with, but from there on caretaking should not cost too much, as such could be looked after by the present town public works staff.

The move would be a good one from public relations standpoint and would be a drawing card to the town where families with small children are concerned. It can be confidently expected that Vermilion will face keener competition than ever before for the farm trade this coming year and any move which will give shoppers added conveniences and facilities in the town will be very worthwhile.

NEW YEAR HOROSCOPE

You'll be surprised to know that among lesser accomplishments, I can read your horoscope for 1957 without even knowing your birthdate or your name. I can foretell for you — if you comply with a few simple rules I'll name — an exceedingly happy year, and probably a prosperous one as well. I do it in this way.

I look about me at all the men and women I know and they come from all classes of society. Some are quite sad while others are joyfully alive and gay. Then I ask myself what rules apply to the happy and what rules to the sad.

If you are determined to join the sad group, make up your mind that outside circumstances are extremely important to you. In other words, take the attitude that happiness is a gift from the world to those lucky who "get all the breaks". Once firmly set in that attitude, you can count on being a permanent member of the sad group: they are 100% dependent on circumstances outside themselves.

However, I'm hoping you'll have a thrilling horoscope for 1957 by making up your mind right now that young 1957 is as impersonal as a total stranger, and doesn't even know you are alive. 1957 has nothing against you, will play no favorites, and will leave it entirely up to yourself as to what you make of it.

Suppose, for adventure's sake, you decided that in 1957 you will extend yourself to the limit of your abilities: that you will, no matter what your job, do it the very best you know how. Suppose you decide just for the fun of it that you are going to try your best to give to society a bit more than society could possibly return to you? Do you begin to guess what would happen?

I am sure you have guessed. It is impossible to give out more than you will get back: that's a sort of natural law, you know, that none of us can change. In certain connections it is referred to as a Divine Paradox, and is put this way, "It is in giving that we receive. It is in loving that we are loved, and it is in dying that we are born to eternal life."

Wouldn't it be a wonderful 1957 here in this great free land of ours if everybody decided, all at once, to apply that law to our own lives? Within the year we would become the happiest, most prosperous and powerful country ever known in this universe! Shall we give it a whirl?

Rev. and Mrs. Nielsen Leave For New Parish

MANNVILLE.—Rev. and Mrs. John Nielsen left last week to take up residence in the Lutheran parish of Ponoka. Prior to their departure they were honored at a party in the Lutheran church where on behalf of the congregation Mrs. A. Schumacher presented them with a coffee table.

Signals Help Others

It's difficult for the average person to realize that thousands of dollars in damaged property, months of grief and pain from injuries, too frequently the finality of death, have already resulted from the mistaken belief that direction signals either hand-given or mechanical on an automobile are embarrassing concessions to the comfort of everybody but the person supposed to use them. The motorist who rages when the driver ahead makes a turn without signalling is so often the motorist who refuses to give the man behind the benefit of a signal. Let him, he thinks, guess. Or maybe it's just a little too much to run the window down and stick out an arm, or to flick the little lever on the steering column.

This driver seldom remembers or believes that failure to signal a turn or other movement by hand or flicker-light can send a truck or car crashing into him from the rear. And so often it is the approaching vehicle in back advancing at a considerable speed, that could be amply warned by so little effort.

The Canadian Highway Safety Conference reminds you that it's not a nice feeling to see a big black shape looming at you from the side, seconds before screaming tires and screaming voices prelude a grinding crash, a shower of splintered glass, and a writhing sea of twisted metal with you in the middle.

Wildmere Winks

Starting our 25th year of writing Winks and we would like [illegible] all the folks who said they enjoy reading the Winks and hoped we would keep on as correspondent. We will do so for another year anyway, if given strength to do it.

We wish to thank all those who remembered us at Xmas time. Over 180 cards entered our home.

In starting the New Year we must mention the Christmas concert put on by Mr. Cosh and Mrs. Hughes at Preston Central school. It was a splendid concert and when you look over all those children one realizes what a big undertaking it must be to work them all into some part of the program. Santa found a well-laden tree and many eager faces awaiting his arrival. Mr. Cosh, Mrs. Hughes and the children deserve a hearty vote of thanks for all their hard work.

Another concert enjoyed very much was the one at Islay, as Mrs. Wilson, one of our closest neighbors, teaches there. For such a huge number of pupils everything went off very orderly and quietly. Santa paid his visit there also, to the delight of the many wee tots and grown-ups alike.

Christmas saw visitors here and there: the Cruthers family were at Albert Smith's home; Tom Wilson of Edmonton spent Christmas with his brother John of Wildmere, also Mr. and Mrs. Alex Morrison of Bowtell were dinner guests at the same home; Mr. and Mrs. L. Fadden and family at Mr. and Mrs. A. Frissell's in Vermilion; Mr. and Mrs. W. Westman and family and Mrs. Batke spent Xmas with Bud Batke and family at Lloydminster; Mr. and Mrs. W. J. Garnett and Anne with Bill Garnett and family; At New Year's Albert Smith and family were at the Cruthers' home where 27 sat down to dinner.

Peggy Graham who is nursing at Elk Point did not get home either for Xmas or New Year's. She made a short visit home the day after Christmas for an hour or two.

Miss Marlene Smith, eldest daughter of Mr and Mrs. Albert Smith graduated as a Certified Nurses' Aide on Dec. 21st at Calgary. She is home for a short visit before going to work at the Claresholm hospital. Well done Marlene.

Mr. and Mrs. Albert Holte returned on Thursday Jan. 3 from Winnipeg where they spent Christmas and New Year's with their son and family. They enjoyed the holiday very much seeing their two grandchildren, also Ken and Marge's new home they have recently built.

Mr. and Mrs. F. Gibson, Isabelle and Ernest returned home on Saturday evening Jan. 5th from Cloverdale, B.C. Mary Gibson returned Monday evening Dec. 31st to attend school when it re-opened. They reported a splendid holiday too. Frank got in a bit of curling while at the coast. A holiday does one a world of good.

Several attended parties to welcome in the New Year. Some went to the Elks, others to Islay and the writer and husband took in the Gay 90's at the Legion. A very enjoyable time was enjoyed and at midnight hats and noise-makers added to the fun. A large circle was formed and "Auld Lang Syne" sung. We were pleased to see our member of parliament for the federal house Mr. Jas. Smith and his wife present. Also Magistrate Basler and Mrs. Basler, Mr. and Mrs. Edgar Williams of Bowtell and Mr. and Mrs. Jim Millar of Edmonton. It was nice chatting with Marion again, also to see Mrs. W. Waldenberger who is able to enjoy our Gay 90's again. T. Thompson was M.C. and Fortin and Young furnished the music.

We wish to extend our deepest sympathy to the sorrowing families who have lost loved ones recently: Mrs. M. Anderson who was bereaved by the death of her mother Mrs. W. Telford; the McKay family on the loss of a loving mother, Mrs. McKay's friendly smile and kindly word will be greatly missed by all. Another good friend, Mr. D. Gerber of Paradise Valley passed away last Thursday. He was laid to rest in the Vermilion cemetery beside his son who predeceased him. To all the sorrowing relatives of these fine people we extend our heartfelt sympathy and may you all be comforted in knowing they are at rest. Their memory will live on and on amongst us.

In closing we wish our Editor and staff and all our readers a very Happy, Healthy New Year!

'Gay Nineties' Plan Banquet and Dance

So please pick up tickets for yourself and for your guests before then, at any of the following convenient places: Vivian's, Locker Plant, Bob Pettigrew (McColl Frontenac agent), Reg Ireland at Wainoco Service, in Islay at the J. E. Miller store. 27-8

Tips on Touring

By Carol Lane
Women's Travel Authority

Don't let yourself be "snowed" by the snow, sleet, ice and other vicissitudes of Wintertime driving. You can put your Wintertime worries "on the skids" by following a few basic safe driving rules.

Here is my list of tried and tested "musts" for safe cold weather motoring:

1. Accept your responsibility to drive without accident. Don't expect Jack Frost to take the blame for a possible accident when you're at the wheel. Such factors as reduced visibility, inadequate traction and temperature changes make the winter months more accident-prone ones. Visibility is reduced by more hours of darkness, bad weather and coated windshields and windows. Snow, sleet, ice and wet some combine to decrease your car's traction. All too few motorists realize that temperature plays an all-important role in braking distances as the temperature rises, ice and snow become much more slippery.

2. Get the "feel" of the road by applying brakes while driving slowly and in uncongested areas. Since you cannot stop on an icy time, adjust your speed to road [illegible].

3. Keep your windshield clear of fog, frost, snow and ice. You have to see danger to avoid it, so keep your headlights, windshield wiper blades and defroster in tiptop condition.

4. Pump your brakes to slow down or stop. Slamming them on can throw you into a skid.

5. Keep well back of the car ahead giving yourself ample room to stop.

"GREEN ACRES"

MINBURN M.D. ACCREDITED

Dr. E. J. Young, Canada Department of Agriculture, Veterinarian at Vermilion reports that T.B. testing in Minburn Municipality has been completed. A total of 30709 head of cattle were tested for T.B. in the municipality. Only 15 head of T.B. infected cattle were found but the important thing is that the reactors were destroyed and the menace to other cattle and to human beings has been stamped out.

Dr. Young says that from now on no cattle can be brought in to Minburn Municipality without a test. Anyone planning on importing cattle should see or telephone Dr. Young. I can only add, watch that you do not run up against the law.

CATTLE CHUTES

Veterinarians who are vaccinating calves for Bang's Disease report that there are still a few cattle owners who have not as yet fixed up a chute through which calves or cattle may be run for vaccination or branding. Plans are available from this office. The cost of building chutes is very low. It is mostly a matter of using poles and a couple of planks for the head stall. Maybe it is mostly a matter of making up your mind. I understand that [illegible] Vermilion River in the matter of good chutes.

CREDIT UNION

At this time I would like to put in a plug for Credit Union. This beneficial organization is very popular over Alberta. The group at Vermilion is showing a slow but steady growth. Farmers can use this plan of investing money. Also, farmers who are members can borrow money in emergencies. See your secretary for further information.

TREES AVAILABLE

This is the call for farmers who have land summerfallowed to order free trees for 1957 planting.

I am informed by the Alberta Department of Agriculture that trees are available for Agriculture Society Grounds, playgrounds, cemetaries and school grounds.

This area is not getting as many free trees as some others in Alberta.

FARM GATES

Plans are available from this office for the building of farm gates. It is better to put up a "non-sag" gate while you are about it. It certainly looks and handles better than three strands of barbed wire. Get a plan and build yourself something handy and useful.

HAIRLESS PIGS

Sometimes pigs are born hairless in this area. Some are born weak and soon die. Both these conditions are caused by a lack of iodine in the sow's feed. It can be corrected by feeding potassium iodine. Nearly every hog raiser uses this remedy. Get a circular from this office on feeding sows that are in pig.

Given Huge Job By Chrysler

Windsor, Ont. Jan. 5 — A 49-year-old Windsor man who came to this country from England as a boy has been placed in charge of Chrysler of Canada's multi-million-dollar purchasing program.

He is R.J. "Jack" Downey whose appointment as director of purchasing for the corporation is announced today by Ron W. Todgham, president of the company.

In this new capacity Downey succeeds Russel J. Jones whose retirement was announced earlier this week.

As director of purchases Downey will supervise a buying program which involves an annual expenditure of approximately 130 million dollars, distributed among more than 300 business firms in eight of the 10 Canadian provinces, as well as in the United States.

The new purchasing head was born in Ipswich, Suffolk, and came to Canada with his parents at the age of 16. He joined the Chrysler organization in 1928 as a member of the service division, transferring to purchasing eight years later. Early in 1954 he was promoted to general purchasing agent.

C.N.R. Tests New Box Car

WINNIPEG. — The third new type of freight car to be developed by Canadian National Railways in the past year has undergone its first test.

The "all-purpose" boxcar is designed to provide door openings varying from 15'6" (for easy merchandise loading with forklift trucks) down to 5'8" (for grain traffic).

Resembling an ordinary boxcar from the outside, this car has movable side-wall sections on the inside. Large folding panels on heavy hinges convert the side openings in a few minutes.

The prototype all-purpose car recently carried its first load of grain successfully and now is being tested in merchandise service.

BUFFALO COULEE ACTIVITIES

Holidays are over for another year and everyone settled down to routine living again. It is going to be a long haul for the school children with no more holidays until after the middle of April, Easter being late this year.

Fine weather and good roads allowed people to do considerable visiting and travelling during the holidays. Most of the former B.C. students who are attending schools elsewhere were home.

Miss Rita Everett of Vanderhoof, B.C., and Miss Fay Everett of Edmonton spent several days at the family home.

Betty Barlow, nurse-in-training at the University hospital, was home for a few days.

Mr. and Mrs. Geo. Rodgers, Mr. and Mrs. Bert Smith of Edmonton, Mr. and Mrs. A. J. Little of Vegreville spent Xmas at the home of Mr. and Mrs. Alex Stone also present were Mr. and Mrs. Wm. Smith of Vermilion and Mr. and Mrs. Tom Smith and family.

Mr. and Mrs. A. C. Majury and Matt spent Christmas in Edmonton with their daughters Mrs. H. Myers and Mrs. A. Watson.

Mr. and Mrs. Stuart Little of Vegreville and Mr. and Mrs. A. Miller of Edmonton spent Xmas with all the other members of the family at the F. H. Kyben home.

The Cunningham family and Mr. and Mrs. Earl Towe spent Christmas day at the home of Mrs. Towe's sister at Innisfree.

The Christmas concert put on by the pupils was a decided success and much credit is due the teachers for the work and time which must have gone into its preparation. The little one's in their many costumed numbers were particularly good and Mr. Bauman's work in teaching dramatics was very evident in the play put on by the senior students.

A number of people from Buffalo Coulee attended the Golden Wedding reception of Mr. and Mrs. W. Thompson in Vermilion on Jan. 2nd.

Last Friday a shower was held in the gym for Mr. and Mrs. Ian Pallister who were married a short time ago. A nice crowd was in attendance with whist being played the first part of the evening. First went to Mrs. S. May and for the gents Mr. Bert Duncan with consolations to Mrs. Jim Emsland and Mr. Hennig Haverslew.

Ian, or "Pop" as he is familiarly known, has been catcher for the local baseball team for many years. Brent Macnab on behalf of the neighbors and friends extended best wishes to the newly weds for a long and happy married life and then called the bat boy little Roddy Emsland [illegible] was equipped with mask pads and all, who brought in the bat bag loaded with gifts which he presented to the guests of honor. Ian very fittingly thanked all those present after which lunch was served.

All organizations are getting into full swing after the holidays. Regular curling draws are underway. Farm Forums met on Monday night, C.G.I.T. and Boy Scouts met Wednesday night. Heatherbell W.A. meets Thursday at Mrs. Majury's and the Autumn Leaf W.M.S. at Mrs. Geo. Eyben's the same day. Next Wednesday Jan. 16th will be the regular Home and School meeting when it is hoped to have a good [illegible] to start discussions on the theme of Discipline. The skating rinks at the school are ready for use and there are rumors of a Students' Union skating party soon.

WILDMERE FUA

The Wildmere F.U.A. will hold their regular meeting on Wednesday, Jan. 23rd at 8 p.m. at the Preston Central school. The delegates will give reports of the Provincial F.U.A. convention.

Wedding Bells

LEVITT—SAMPSON

A very pretty wedding was solemnized recently at the Camrose United church when Joan Marion, eldest daughter of Mr. and Mrs. Arthur S. Sampson of Camrose became the bride of Donald Arthur, only son of Mr. and Mrs. Arthur M. Levitt of Paradise Valley. Rev. Gerald Payne heard the vows before an altar decorated with multi-colored chrysanthemums.

The bride, given in marriage by her father, was radiant in a full-length gown of white appliqued lace and net poised over taffeta featuring a full skirt and matching bolero styled with lily-point sleeves and a Peter Pan collar. Her fingertip veil of soft illusion net misted from a beaded tulle halo and she carried a cascading bouquet of red roses and white baby chrysanthemums.

Miss Joyce Sampson, her sister's maid of honor, was gowned in a waltz-length dress of turquoise. Her bridesmaid, Miss Norma Jacobsen chose an identical gown of pink. Both attendants wore white stoles and headdresses. They carried Colonial bouquets of carnations.

The best man was Mr. David Bergum. The guests were ushered to their seats by Mr. Mervin Ness and Mr. Bill Bruyer. Mrs. Woodhams played the wedding music and Miss Betty MacDonald was soloist. She sang "The Lord's Prayer" during the ceremony and "Because" while the young couple were signing the register.

For her daughter's wedding Mrs. Sampson chose a blue sheath dress accented by a crystal pink hat and gloves and a pink rose corsage. Mrs. Levitt, mother of the groom chose a dusty pink dress with honey beige accessories and wore a corsage of yellow roses.

The reception was held in the church parlor with Mr. Bruyer as master of ceremonies. The toast to the bride was proposed by her aunt, Mrs. L. R. Sampson and aptly responded to by the groom. Miss McDonald sang "Walk Hand in Hand" accompanied by Miss Elaine Steale. Mrs. P. Powell and Mrs. I. Bell sang "Melody of Love".

For travelling the bride wore a black wool dress with gray and white matching jacket. Her accessories were rose and black and she wore a camelia corsage.

After a short weding trip the young couple will reside in Red Deer where the groom is employed by Core Laboratories.

KITSCOTY

Miss Nan Marshall of Edmonton visited with Miss Beth Tyler and Mrs W. L. Apperson during the holiday week, also visiting at Mrs. Apperson's was Rev. H. Dicker of Mont Nebo, Sask.

Home for Christmas with their parents Mr and Mrs. P. Bohan were Miss Mae Bohan, Mr Joe Bohan from Edmonton and Mr and Mrs. Thomas Bohan from Calgary. Congratulations are extended to this young couple on their recent marriage.

Mr and Mrs Wilson of Detroit Mich., spent the holiday week here with Mr. and Mrs. R. D. Trask and Nita. Mr Wilson and Mrs. Trask are brother and sister.

Mrs. E. A. Sheppard has spent the past two weeks in Vermilion with her daughter and son-in-law Mr and Mrs J. L. Parkin and Ted.

Merne Dale of Wainwright was in town at the week end visiting his mother Mrs Dale and in Lloydminster visiting his father, who has been a patient in the hospital there for several days.

Mr and Mrs Sofus Olsen left by train last Sunday for an extended visit to relatives and friends in Nova Scotia.

Miss Beth Tyler and Rev. A. E. Potter spent Boxing day in Calgary with Mr. Potter's mother and other members of the family.

Mr Stan Byrt of Estevan, Sask. spent New Year's day with Mrs Byrt and the children here and at present is back again for a longer visit with his family.

Sorry to hear Mrs W. A. McCourt is still a patient in the Lloydminster hospital and that Mrs. Alex Potter who has been visiting her family in Edmonton is a patient in the Royal Alex there. Best wishes are extended to all who are ill for a speedy and complete recovery.

Mr and Mrs Joe Batty, Winnifred and Joe Jr. of Beverly were in town on Saturday seeing old friends while on their way to spend the week end with their daughter and family Mr and Mrs Jack Allen and family of Lloydminster.

During 1956 Canadian National Railways continued to experiment with new types of motive power. A diesel locomotive equipped with hydraulic transmission instead of the customary electrical transmission, is now in Western Canada where it will be observed for winter performance.

Dewberry High School News

Dewberry High school used the Curtis Publishing plan and held a very successful magazine drive. The campaign was managed by Rudie Heimen and captains of the three teams were Jimmy Jones, Betty Timanson and Goldie Lisec. Yvonne Butz, Jimmy Jones, Betty Timanson, Garry Protch, Dean McMullen, Shirley Mathison, Ken Porter and Joe Misiak were given certificates for selling over thirty dollars worth of subscriptions. We would like to thank those people who bought subscriptions and made our magazine drive a success. The money will be used for athletic equipment. The Students' Union has decided to buy a ping pong table and set with part of the funds.

CHRISTMAS PARTY HELD IN GREENLAWN HALL

The Dewberry High school Christmas party was held in the Greenlawn hall on Dec 14th. The hall was appropriately decorated with red, white and green streamers. A Xmas tree stood in one corner and spruce boughs trimmed the walls. An enjoyable time was held despite the frigidity of the hall. Music for dancing was supplied by Mudryk's orchestra from Derwent. After lunch a group of high school girls sang Christmas carols and the French II class rendered a number in French. The students wish to thank the teachers and chaperones who [illegible] to make [illegible] evening a success.

On the afternoon of Dec. 21 the high school teachers and students gathered in the grade 12 home room. Gifts were distributed from under the Christmas tree. Candy and oranges were passed and the group sang Christmas carols.

CURLING STARTS

Curling has started and will soon be in full swing, so get your brooms ready. It will be supervised by Mr. Brown this year.

HOCKEY ACTION

The Dewberry hockey boys started the season off right by defeating Vermilion 3 to 2, but were defeated by Kitscoty 11-4. Home games were to have been played against Mannville and Heinsburg during the holidays but were postponed because of the weather. We wish the boys the best of luck in 1957.

Dewberry Bantam League Banter

On Saturday, January 5th, the first games of the four-team league were played, with the following results: Maple Leafs 6, and Red Wings 2, in the first game. Rangers 8 and the Black Hawks 1 in the second game.

Francis Maliais, with a six-goal effort led the Leafs to their win. Dwight Mawhinney picked up the other two goals for the Leafs. All eight were unassisted. For the Wings, Billy Bakala and defenceman Arley Jones scored, these also unassisted. Dwaine Rainey fell too hard once during the game and had to be assisted from the ice, but he was back on digging when his next turn came.

The second game was as lopsided as the first, with the powerful Rangers downing the hapless Hawks by an 8 to 1 count. Art Mead (young Frank) paced the Rangers with four goals and an [illegible]. Jerry Hartwell was second high on the Rangers with two goals and an assist. Richard Willlecroft and Robert Hartwell picked up singletons to round out the scoring. The captain of the Hawks, Gary Mathison, picked up their lone goal. The prettiest counter of the day came when Art Mead crossed the Hawks' blue line, pulled the defenceman over and passed to Jerry Hartwell who made no mistake as he picked the corner neatly. Passing of this calibre is nice to watch and is not ordinarily found in hockey played by boys of this age. Normally the individualist [illegible]. We all know how the individualist fares as the boys get older, so let's have a little more of the same, fellows!

Mr. Stan Chodak and Mr. Smith were time-keepers for the day. You don't have to worry if you drop your paper on the ice when these fellows are playing, eh Stan? The help given by the high school boys was also appreciated.

A nice crowd was on hand to watch the boys don their new sweaters for the first time. The boys and coaches really appreciate the parents' enthusiasm.

The boys would like to thank Mr. C. M. Curtis, Mr. and Mrs. S. Webdale, Mrs. Witzaney, Mr. Odelle Curtis, Mr. Steve Romanchuk, Mr. J. L. Machon, Eaton's of Canada, Mrs. Craige and the Junior and Senior high school Students' Unions who all gave money donations. Of course they also thank all of those people who gave bottles for the bottle drive. Mr. Powell generously bought four goal sticks in order to start the boys out.

Speaking of the bottle drive, there are still some prizes to be given to the top collectors whose names will be given in the next report.

There will be two games next Saturday also, with the first one starting at 1:30. See you there!

Canadian Legion Activities

POLIO FUND DRIVE

The Vermilion Branch is again putting on a Polio Drive. The date set for this event is January 15th, and any person wishing to help with collections for this very worth-while cause please contact Vic Tillett. Vic is the organizer for this effort and will be glad of any assistance which can be given. It is hoped that people in rural areas will rally with their help as in the past. So don't forget folks, if you have a small district you would like to canvass, by all means let Comrade Tillett know. He will appreciate your help very much.

VETERANS' MEETING

On Tuesday also, January 15th, the Legion is sponsoring a meeting for all veterans. Speakers will deal with problems such as Housing, Land Settlement, and items of vital interest to all veterans. The time 2.00 p.m. to 5.00 p.m. in the Legion Hall. Lunch will be served. As an added interest, all veterans attending this meeting have been granted free access to all club room facilities for that particular day.

SOCIAL EVENINGS

These affairs continue to be a success as last Saturday saw our Club Rooms packed. However, due to the renting of the hall we find we must again alter our dates. In future one social evening will be held on the second and fourth Saturday each month. That means we will have three this month, the next being this coming Saturday.

CRIBBAGE TOURNAMENT

The winner of the cribbage tournament was Jack McIntosh. Congratulations, Jack.

New Colors For 1957 Car Plates

Alberta's car license plates for 1957 will have blue letters on a white background, according to provincial government officials.

The plates will conform to standards advocated by manufacturers and licensing officials in others parts of Canada and the United States.

Standard specifications call for a plate six inches by 12 inches which Alberta has been using for years. Holes are located seven inches apart and 4½ inches from top to bottom.

In preparation for the new license year which opens April 1, 400,000 plates made by prisoners at Fort Saskatchewan provincial jail are completed and in storage.

A Faithful Reporter

The dean of Standard rural correspondents, Mrs. James Wallington, has completed 24 years writing for the Standard, and with this issue submits her Wildmere Winks bulletin, thus commencing her 25th year. Readers in the Wildmere area often tell the Editor they first open their Standard to "Wildmere Winks." Mrs. Wallington renders the Standard a much appreciated service and at the same time sees that her community is kept very much in the public eye — something which towns, villages and communities deem very worthwhile and strive to [illegible].

Our thanks again to Mrs. Wallington for her long and faithful service as a rural correspondent. On the very rare occasions when Mrs. Wallington takes a well deserved holiday, the Standard just doesn't seem the same.

Junior Red Cross Magazine Reaches Many Places

MANNVILLE.—In a card sent to the "Apple Selling Juniors of Mannville Jr. School", Miss Ruth Gray, a former junior teacher here writes from Germany: "Today my class of Grade 2's received the Junior Red Cross magazine and what a thrill I got to see a picture of a Mannville group of Juniors. Well I remember when the idea of apple selling for Junior Red Cross in the Mannville school began. What a busy time we all had! Just wanted to let you know how far reaching the Junior Red Cross is. Keep up the good work. I am sure you have helped brighten the lives of those less fortunate than [illegible].

"A Merry Christmas to you and the teachers of Mannville."

PUBLISHING IS COSTLY

The cost of publishing a newspaper has become alarmingly high. Quite a few conscientious publishers who have tried to give their readers a really good print job have wound up, at year's end, without any profits. Yet while the newspapers struggle to improve, they face more and more competition from the most surprising quarters.

For example, the federal government gives millions of dollars to subsidize radio and television, while at the same time establishing a huge printing plant of their own at Hull, across the river from Ottawa.

Now the government proposes to pay out millions of dollars to a Canadian Arts Council to encourage culture. No doubt the Arts Council, like the CBC, will expect the newspapers to publish pages and pages of free publicity about their activities.

Do none of these culture-loving politicians realize that a weekly newspaper is probably the most important reading matter in a vast number of Canadian homes? [illegible] this is part of our national culture if anything is!

Newspapers certainly don't [illegible], but at the same time they cannot help but resent seeing so much of their tax money being spent in direct competition to them.

WILD OATS - TREATMENT

Wild oats, still the No. 1 weed in the prairie provinces, were discussed at some length at the annual meeting in Lethbridge of the National Weed Committee. For the time being farmers who have a wild oats problem will have to depend on such means as delayed seeding, post seeding cultivation and early maturing crops which have been fertilized says G.R. Sterling, Supervisor of Soil Conservation and Weed Control, Alberta Department of Agriculture.

As yet no chemical agents can be recommended for wild oats control in cereal crops. In some special crops, however, such as peas, sugar beets, etc. chemicals may be used.

Princess Anne W. I. Notes

The meeting was held at the home of Mrs. Anthony Simonet on the afternoon of Jan. 7 with ten members present.

After the singing of 'O Canada' and repeating the Creed, one minute's silence was observed in memory of our departed member, Mrs. Mabel MacKay.

Roll call was answered with a suggestion for the new program for the year.

A motion was passed that the A. W. I. and Constituency dues be paid.

Plans were made for a Telephone Whist party to be held the night of January 11th.

Another drive for used clothing for Unitarian services is in charge of Mrs. Geo. Mead.

Mrs. N. Armstrong and Mrs. R. Reeves were appointed as conveners for a Home Baking and apron sale, to be held in the latter part of January. Watch the Standard for the exact date and place.

Two new directors were appointed, [illegible] N. Armstrong and Mrs. M. Simonet. The third director is Mrs. Wm. McIntyre.

Mrs. Reeves was appointed as convener of Sunshine Committee.

As the program had not yet been drafted for the year, there was no topic or social for [illegible] day.

[illegible] books will be made before the February meeting.

Mrs. Francis Elizabeth Telford

Funeral services for Mrs. Francis Elizabeth Telford, [illegible] of the late William T[illegible], [illegible] held at the First [illegible] church, V[illegible] on [illegible], December 21st. Interment followed in the Vermilion cemetery. The Rev. C. W. MacKay officiated.

The pall bearers were Messrs. J. S. Cross, Carman Long, Melvin Hill, Loyal Amos, Albert West and Wm. Cross.

Mrs. Telford passed away at the Vermilion hospital on Dec. 17th following a long illness.

The deceased was born at Winnipeg, Man., on May 6th, 1879, the second daughter of Jessie and James Armstrong. She lived in Winnipeg through her girlhood years and in 18[illegible] married the late William Telford who predeceased her on Dec. 8th, 1946. Mr. and Mrs. Telford lived in Winnipegosis until 1907 when they moved to Vermilion where they became quite prominent in the life of the town. After living in Vermilion for a number of years they moved into the country and farmed quite successfully in the Allandale district until retiring from active life to once again live in Vermilion.

Mrs. Telford is survived by her daughter, Mrs. Muriel Anderson of Seattle, two grandchildren, Dr. Telford Anderson of Seattle and Miss Shirley [illegible] of Tokyo, Japan, and by four sisters, Mrs. L. Danforth of Vancouver, B.C.; Mrs. A. S. Harvey [illegible] Robert Gallagher of Winnipeg and Mrs. Wm. Tydd of Chicago, Ill.

Moyer's Funeral Home had charge of arrangements.

Beautiful floral tributes were received from:

Family, Muriel, Shirley and Telford; Mr. and Mrs. Bert Duncan; Alice Keith; Lena, Hiram and Elma; [illegible]nelly; J. W. G. Morrison; Beth Witherbe; Owen and Jessie Burns; Mr. and Mrs. R. H. Norton; Mr. and Mrs. S. C. Heckbert; Mr. and Mrs. Albert West, Mr. and Mrs. Elmore Stewart, Macnab Family; Helen and Clarence Barr and family; Jack and Jean Cross; Mr. and Mrs. Lyle Robinson; Mrs. Oakley, Eva and May; Mrs. Lillian Kearns; Mrs. Sarah Carroll and family; Mrs. A. Wayne; Marion and Tom Davis; Mr. and Mrs. P. Fitzell; Mr. and Mrs. Gordon Dunsmore and Gwen; Old Timers' Association.

Cancer Fund: Mr. and Mrs. Hugh Evans and Eleanor; Butler Family; Bill and Hilda Cross; Mr. and Mrs. O. Curtis and Esta; Loyal and Mabel Amos; Mrs. Pauline Dixon, Mr. and Mrs. W. R. Jory; Mr and Mrs Ort Stroms and Beverly.

Crippled Children's Fund: Leona and Billy McLaughlin, Mrs Kehoe; The Simonets; Henry and Nell Powell. Mr. and Mrs. Jas. McLaughlin.

Cemetery Fund: Mr and Mrs. Melvin Hill; Gib and Jessie [illegible].

CARD OF THANKS

I wish to express my sincere thanks and appreciation to all who were so kind to my mother Mrs. Telford during her long illness with special mention of Miss A. Keith and Miss J. McPhee, for the many helpful acts, kindness, sympathy, flowers and memorial tributes received in my bereavement.

Mrs. Muriel (Telford) Anderson.

Whoopers Show Sharp Decline

AUSTWELL, Texas — The world's only known flock of whooping cranes is believed to have been reduced by almost 18 per cent during its annual migration to nesting grounds in Canada and the return trip to the Aransas National Wildlife Refuge, Claude Lard, refuge manager, said Tuesday.

Lard said an aerial survey shows only 23 of the big birds have returned to the refuge, including two young ones. Last year there were 28 birds in the [illegible].

"We counted 23 whoopers on Dec 4 and the same number on Dec. 28. We have been holding out, hoping some more would arrive. However, we have now decided no others will return and we believe the five birds missing may be dead." Lard [illegible].

"It is possible, although not likely, that some of the birds have selected other winter grounds. On rare occasions some of the whoopers have been reported in other South Texas areas. However the refuge area is the traditional winter grounds for the birds and none have been reported elsewhere this year."

The whoopers are only a breath away from extinction. At one time in recent years the flock was down to 15 birds.

OBITUARY

[illegible]

[illegible] services for the late Edward Victor Bowe, who passed away at his home near Kitscoty on December 23rd, were held at the Holy Name Catholic church, Vermilion, on Saturday, Dec. 29. Interment was in the Vermilion Catholic cemetery. Rev. Father Landrigan officiated.

Edward Bowe was a veteran of the first world war in which he was severely gassed, never fully recovering from the effects. He first saw service in the trenches on October 16th, 1915, with the 49th Regiment from Edmonton commanded by the late General Griesbach. Some of the battles in which Mr. Bowe saw action were Sanctuary Wood, Ypres, Kimmel Hill, Lens and Wolvergem. He returned to Canada in February of 1919 following the end of the war.

In search of health he returned to England a number of years ago finding the climate there a little easier on his condition. He returned to Canada in the summer of 1956 and lived at his home four miles west of Kitscoty. At the time of his death he was 62 years of age.

Showing respect for their [illegible] comrade, the funeral was attended by Canadian Legion Post 11 en masse.

Surviving members of the family are two brothers and three sisters, Bernard Bowe of Kitscoty, Dennis Bowe of Los Angeles, Mrs. A. Coullard, Vegreville; Mrs. Wm. Donahue, Minneapolis; Mrs. Dan Leary, Bayonne, N.J.

Moyer's Funeral Home was in charge of arrangements.

CARD OF THANKS

We wish to extend our sincere thanks for the kindness, help, sympathy and flowers received during our bereavement by the [illegible] our brother Edward Victor Bowe, with special mention of Rev. Father Landrigan Mr Harold Moyer and members of Vermilion Branch, Canadian Legion.

[illegible] and Mrs. A. Coullard.

Glamour In Casual Wear

[illegible]. Right, another black beauty in velvet with the continental straight vamp accentuated with brilliants. Completing the picture is a fiery red charmer in calf, wedge-heeled and completely backless with a well cut vamp that hugs your instep with care.

Glamour needn't be forsaken for casual wear. Slipping your feet into these Canadian made "at home" shoes is bound to make you feel glamorous. Left a jewel encrusted version of the slip-on, in inky black velvet with a deeply inverted V at the throatline.

Trans-Canada Micro-Wave Will Be Complete By 1958

NIAGARA FALLS, Ont. — Canada is now recognized as one of the most highly electrified nations in the world, Col. R.D. Harkness, newly-elected president of the Canadian Electrical Manufacturers Association said here today.

Speaking during CEMA's annual convention, Col Harkness stated that "Canada by virtue of its many sources of hydro-electric power, has come to be known as an electrical country and the transmission towers which dot the landscape have become almost a national symbol.

"The developments of Kitimat, at Knob Lake, in the mining and petroleum industries, in the pulp and paper industry and in rural electrification have created requirements in electrical equipment and wire and cable on a scale which has never before been encountered," he added.

Col Harkness cited the "unprecedented expansion which is taking place in Canadian communication systems" as an impressive feature of the present period of electrical development in Canada. As an example, he pointed to the "Trans-Canada microwave system which will be completed by 1958".

"This network," he said, "is designed to accommodate twelve one-way channels—six in each direction—each pair of which will in turn accommodate six hundred telephone conversations or one two-way television channel in black and white or color with 120 telephone conversations. In addition, Canada's electrical manufacturing industry has been called upon to supply large quantities of highly technical equipment for the northern defence system".

In addition to communications, Col. Harkness further stated, "it is estimated that electrical equipment does about four-fifths of all work in manufacturing, and as far as the home is concerned 70 different electrical appliances are now available, compared with only 10 appliances in 1930."

Commenting on the fact that the electrical manufacturing industry produced more than a billion dollars worth of goods in 1955, he explained that "this rise in production amounted to an increase of ten per cent between 1954 and 1955, and I think I may safely say that there will be another increase in 1956. This is not an inconsiderable achievement when one remembers the situation in respect to competition from Europe with its lower labour costs and the United States with their mass production of so many articles.

Wintery scenes such as this—pictured in their true colors—are just as effective as more colorful views.

Color Doesn't Have to Be Bright

Maybe we can blame it on the deep impression [illegible] us by the traditional [illegible] and green Christmas decorations — or the bright red and green crayons we [illegible]ured in our kindergarten days—or the constant warnings we heard about watching the red and green traffic lights. But somehow too many of us have a preconceived notion about color film—a misguided idea that it should be used only when the scene is rich in tones of red or green.

Most of us think about color film when the fresh greens of spring first appear—when summer's brilliant sunshine lights up the dark green foliage—when autumn leaves blaze into their [illegible] crimson glory. Not so, however, when November gives the nod to December—then we just let our cameras retreat into a world of black-and-white until spring rolls around again.

Personally, we've always regarded this as a mistake. For there are remarkably beautiful color pictures to be made all through the bleaker months that lack the brilliant tones of other seasons.

Artists have known this for centuries. That's why so many of them have given their best efforts to capturing the mauve-browns and grays of leafless landscapes, ice-blue waters and silvery [illegible] blue-gray crags and rock[illegible] coasts. And the world would have missed many a masterpiece had the artist's eye not seen the tonal beauty and harmony in these softer, more subtle colorations.

So, our advice to you is, don't drop your color film when the temperature starts dropping. Load your camera and catch the "fair and cooler" palette that Nature provides at this time of year!

WOODVALE NOTES

We have to go back to a few first notes of 1957.

On Dec. 20 Fred McGrath gave items in December in these, our his report to the Tolland F.U.A. on the [illegible] convention and a very [illegible] one it was, showing that the younger members [illegible] a keen interest and [illegible] in the organization's aims and its policies. Maybe that is why, in their Jan. 3rd meeting a completely new and younger executive was chosen. Elmer Wolters heads the Tolland F.U.A. as president, Keith Lysons, vice-president and Franklin Wolters secretary - treasurer. Several municipal affairs were discussed and a delegation was appointed to protest against the new zoning by-law, at the council meeting in Kitscoty on the 9th.

Then there was the Woodvale school concert on the 21st with an excellent, but rather long program or maybe it just seemed long because the room was so packed with a large crowd that it became uncomfortably warm. As usual, Santa brought gifts and gaiety and the delicious lunch revived everyone. Teachers and children can be complimented on the fine performance.

A lot of cases of flu were reported, spoiling Xmas day for many who had to stay in bed for several days and that during a Christmas season of spring-like weather! No wonder mosquitoes thought it was time to put in an appearance. We swatted one too on Boxing day!

Christmas and New Year's always brings many gatherings, the largest one being at the home of Mrs Euna Lysons, where all the children and grandchildren came together with the exception of Brooks and family. All in all there were fifteen grown-ups and fifteen children to enjoy a turkey dinner and the day together.

Bert Portsmith, looking well after his recent illness, spent Christmas day with Mr. and Mrs. Harry Portsmith. He is now living in Vermilion and staying with an old friend, Mr. Wib Elliott.

The mild weather and smooth ice on local sloughs brought skating parties where mostly the young folks, and some older, enjoyed themselves immensely. The first one was at the Wolters farm on Dec. 28th and the second in the evening on New Year's day at Bob Lamport's with a wiener roast and a great big lunch to satisfy ravenous appetites.

Mrs. C. McGrath is in the Islay hospital for a check-up. She went in shortly after Xmas. We all hope she'll soon be able to come home again feeling like her old self.

The first dance of the year drew a large crowd at the Woodvale community centre and plans were made for further activities during the winter. We hope to hear about them soon.

Ernie Isley and his grandfather, Jim Ross, spent a few days in Edmonton.

Gordon Dickson was a patient in Vermilion hospital with pneumonia and pleurisy. Thanks to new drugs which bring quick relief these days he is now home again.

Johnny Isley is at present working in the seed cleaning plant.

Three C.N.R. Special Trains Bring Hungarians West

WINNIPEG. — More than 700 Hungarian refugees travelling on Canadian National Railways special trains arrived in Western Canada during the week from Atlantic coast ports.

A CNR special carrying some 350 Hungarians destined for Winnipeg reached that city Tuesday while another 200 bound for Edmonton on a second special train reached their destination Wednesday.

More than 300 Hungarians bound for Matsqui, B.C., will arrive there [illegible] a CN special on Friday.

Smaller groups of refugees were taken to Brandon, Portage la Prairie, Regina and Calgary on regular CNR trains.

Mr. and Mrs. Ed Herzog returned home on Sunday after spending Christmas and New Year's at Victoria, V.I.

CARD OF THANKS

We wish to thank the many kind people of Vermilion, Landonville and Clandonald for their generous gift to us in our recent troubles. Your warm-heartedness has made this Christmas season one we shall never forget. May God bless you in the New Year.

Mannville and District Local News

Curling has finally gotten underway with the arrival of colder weather. The mild winter we enjoyed over the Xmas season was a bit hard on ice-making. The ladies held a meeting on Saturday evening and then had a pick-up game. They have four rinks to date. Mrs. Len Manz, Mrs. Jack Coxford, Mrs Hasinoff and Mrs. A. Gerhart are the skips. Mrs. Francis McLaughlin is president taking over from Mrs. R. Lugg who reverts to vice-president this year due to illness; Mrs. M. Mercer is secretary and Mrs. F. Proudfoot treasurer.

The men started curling soon after the New Year with fourteen rinks to date.

On Sunday Mr. and Mrs Harold Whitson, Georgie and Wendy and Mrs. G. Whitson were guests of Mrs. McLean at Irma. Mr and Mrs H. Whitson and Georgie went on to Wainwright where George caught the train to return to Brantford, Ont., where he is attending school.

Fred Slorum of the Tolland district left Jan. 9th via Canadian National for a trip east to Toronto.

Mr. Alexander Peslivets returned last week end to the Indian school near Edmonton where he is teaching. While he was home Alexander with his sister Jenet and parents Mr. and Mrs. Peslivets visited friends and relatives at Hanna and at points in Saskatchewan.

Miss Phyllis Webb is home from Innisfail for a few days with her parents Mr. and Mrs. Wyndham Webb.

Mrs. N. McFadden was a week end visitor at Barrhead.

Mr. and Mrs. R. Lugg and Mr. Ralph Leitch motored to Edmonton on Tuesday. Mrs. Lugg will enter the hospital in the very near future to undergo surgery on her chest.

Don't forget the Home and School meeting on Thursday, Jan. 17th. A speaker is being arranged for and other entertainment as well.

SCIENCE IN YOUR LIFE

Telltale Rash

What causes the skin to betray in hives, blotches, eczema and other ways—a strong feeling? Doctors are not all in accord on the answer. Some say emotional stress causes allergic sensitivity. But many psychiatrists caution against thinking of a physical symptom as the direct result of a state of mind.

Subtle and intricate biochemical changes occur, they say, before the skin registers stress. Many things may provoke a rash, just as many the cause a fever.

When anxiety mounts too high, says Dr. Richard L. Jenkins of the Veterans Administration, it impedes our abilities and contributes to illness and suffering. Dr. Jenkins thinks it is not the doctor's duty to abolish anxiety, but to help the sufferer control it.

Recent studies indicate that a new "peace of mind" drug called Atarax does just that. Dr. Harry Robinson, of the University of Maryland School of Medicine, reports that the drug helped most of the 110 patients he treated for a variety of skin ailments "in which emotional tension was considered to be a factor."

Many specialists share the view that the skin, like the hands or voice, is an organ of expression. A British dermatologist, Dr. Robert Warin, says young children with eczema and "high strung" in such cases, he often prescribes for the mother as well. Her ruffled nerves, frequently aggravated by loss of sleep, may kindle family tension, he says, and thereby worsen the baby's rash.

Esteemed Citizens Observe 46th Anniversary

On December 20th Mr and Mrs. Curtis Wilson were pleasantly surprised to hear congratulations over the radio on their 46th wedding anniversary and to hear "When You and I Were Young Maggie" so beautifully rendered by Harry Boone. Then boxes of flowers preceded 24 members of their family who met to extend best wishes. A goodly number of grandchildren were unable to be there being a school day. A specially decorated cake for the occasion and other lunch was brought in and enjoyed by all. Much interest was added by Woodrow taking [illegible] pictures.

Bob Cats Win 12-4 At Dewberry

Jim Ferguson's Bob Cats travelled to Dewberry last Friday evening and trimmed the Juveniles there 12 to 4. Dewberry had won the league opener here 7 goals to 2.

Shepansky was going places and notched five goals — a real achievement. Lee Coyne tallied twice with singletons coming off the sticks of Ford Taylor, Mistal, Schmidt and French.

For Dewberry Jones, Rainey, Machon and Redman each scored once.

At the same time Kitscoty handed Mannville boys a 4-1 setback at Kitscoty.

Mr. and Mrs. R. C. Mead Honored On 25th Wedding Anniversary

Mr and Mrs. R. C Mead were the honored guests at a big surprise party at their home on the evening of January 4th when relatives, friends and neighbors from near and far, joined forces to help them celebrate their Silvery Wedding anniversary. There were one hundred and thirty present.

With a few well chosen and witty words Mr. Ross Taylor presented the 'bride and groom' with a corsage of red roses and a white carnation which were tied to a long ribbon winding through the house. This he instructed them to follow to its beginning, which they did, and found it fastened to a large, beautifully wrapped gift in a car outside. On opening, it was found to contain a chest of silver in South Seas pattern.

Mr Mead then, on behalf of his wife and himself, thanked one and all for the kind expressions of friendship in the wonderful gift, with which they had been presented.

Mr Gus Throndson, a lifelong friend, was called upon to propose the toast to the 'bride', and rose admirably to the occasion, wishing them, among other things, many more happy anniversaries together.

One and all then heartily joined in singing "For They Are Jolly Good Fellows."

A white lace cloth covered the table which held the two-tiered wedding cake, made by Mrs. Wm. Mead for the occasion.

While the bride and groom of twenty-five years cut the cake, balloons broke over their heads, showering them with confetti.

Out-of-town relatives included Mrs. Rena Pollard and Mr. and Mrs. Sib Thorne of Ft Saskatchewan, Mr. and Mrs. Wm. Mead of Edmonton and Mr and Mrs. Frank Mead of Dewberry.

After a delicious lunch was served and the party about to end, Mrs. Melvin Hill rose to thank Mr. and Mrs. Mead for their hospitality and all those responsible for making the evening such a wonderful success.

Suffers Loss In Edmonton Fire

Fire, smoke and water caused heavy damage in the Imperial Drug store at 6527-118 avenue, Edmonton on Sunday morning. The fire was discovered by a tenant in a suite above the drug store. It had apparently started near a garbage can by the dispensary counter located about the centre of the building.

The drug store and building is owned jointly by J. R. Boake of Vermilion and Ralph Skitch of Edmonton who manages the business.

Acting from the warmness of their hearts during the Christmas season, many friends contributed to a sum of money which was sent to the Provincial Hospital at Oliver to bring some Christmas happiness to the patients there, showing them that were not forgotten.

The gift was collected by Mrs. Wlochar Sr. and Mrs. Steele and thanks are extended to everyone who contributed for their generosity.

Mrs. Wlochar has already received recognition of the gift from the hospital officials.

Contributions were received as follow:

Mike Coma, Tom King, Mrs. Alice Riley, Eileen Steele, Neil McLean, Mike Hynek, Mary Radesh, Mr and Mrs. Arnold Ruud, Mr. and Mrs. J. Wallington, Mrs. Osinchuk, J. R. Boake, Mrs. Fred Haines, Mrs. Kwapelz, Mr. and Mrs. Elmer Isley, Wm. Wynnychuk, Mrs. Jacula, Mrs. Dwernychuk, Mrs. Kyzuk, Mrs Glushyk, Mrs. A. Wlochar, Mrs. Mary Malyk, Olga Dutchuk, Geo. Martin, Mr and Mrs. Mike Wynnychuk, Nick Kowalchuk, Harvey Amos, Mike Woyewitka, Mrs. Tulodzicki, Mrs. Mike Kaziecyka, Mrs. Peter Starko, Charlie Stewart, Mrs. K. Betz, Mike Malik.

Rotarians See Wild Life Movie

Rotarians were entertained at their last meeting by Milo Fleming of the Alberta Wheat Pool. Milo showed an amazing colored movie taken of wild life in Africa. This depicted such animals as lions, hippos, alligators, a variety of deer and antelope, monkeys in their natural habitat in Africa, as they went about the business of hunting feeding, or just drowsing in the sun.

Visiting Rotarians Art Shortell and Alvin Thorpe were present from Lloydminster. Ralph Skitch, a visitor from Edmonton, was the guest of Ross Boake.

President Reg Mitchell chaired the meeting which was arranged by Ernie Buckingham. Ernie introduced Milo with the thanks of the club being extended following the program, by Ashley Cooper.

Milk Price Increase

Northern Alberta Dairy Pool has announced an increase of 1 cent in the price per quart of milk. The milk man would appreciate the proper change left in the milk bottles as this facilitates delivery. The change in milk price was effective Jan. 1st. 27

ALF JONES SENDS GREETINGS

Many old friends will remember Alf Jones, an early resident of the town of Vermilion who now lives with his son Clinton at Sudbury, Ontario. Alf, in a letter to an old neighbor, S. R. P. Cooper sends along New Year greetings to his many old acquaintances here. He tells of his annual hunting trip with son Clint and wife who is an excellent shot. Alf, despite his more than eighty years really enjoys these hunting trips and always manages to bring down his deer, and get his quota of ducks and partridges with the odd fish or two thrown in for good measure.

Mr Ralph Skitch of Edmonton was a business visitor in Vermilion for several days last week a guest of Mr Ross Boake.

Mr and Mrs. L. R. Maskell, Olive and Ron were in town from Beverly to visit Mrs. F. P. Maskell, Mr. and Mrs. Vincent Cooper and Mr and Mrs. Vernie Swan last week end.

A helicopter may hover like a bird, but when it comes down to roost on a roof it weighs plenty, and sets up quite a strain. So engineers have devised a gimmick. The whirly-bird lands on an aluminum raft floating in a shallow pool of water. The machine's weight is spread over the area of the raft instead of just that covered by the landing gear.

No doubt they figured out, too, how passengers can get "ashore". Certainly men who work with aluminum are mighty resourceful. In fact, they keep us busy supplying them with this versatile modern metal, at home and in foreign markets.

"HELLO, HOMEMAKERS"

Have you been considering a change in the color scheme of your home? If you have, perhaps you'd welcome a few suggestions.

It is surprising how much color can affect our emotions and reactions. When you walk into a room that is painted blue don't you feel rested and relaxed. On the other hand when you walk into a red or yellow room you feel energetic or perhaps, nervous.

WARM AND COOL COLORS

Red and yellow colors and colors related to them are known as warm colors. These colors are stimulating and also do give the impression of warmth. On the other hand blues, greens and related colors are restful quiet colors. Perhaps because of their association with the earth and sky they give a feeling of coolness.

CONSIDER THE ACTIVITY

When you begin to plan your color scheme decide whether it should be a warm or cool scheme. Kitchens, bathrooms and rumpus or utility rooms can usually be done with a greater proportion of warm colors. Living rooms and bedrooms should usually include cool colors, using warm for accent.

NEUTRAL COLORS

Black, white, brown and greys are considered as neutral colors. These colors are neither warm or cool. There are exceptions such as red-brown and blue-grey, but in general, brown and greys are neutral.

COLOR SCHEMES

Color schemes should include no more than three colors. This applies to rooms, cloths and anything else requiring a color scheme. Choose a main color for most largest areas, a second color for less important areas. Then add an accent color for cushions, lampshades, etc. The neutral colors can be used as well as your three colors. Here for example is a living room color scheme.

Blue walls; blue-green floor covering or upholstery, coral cushions, lampshades, mahogany or blonde furniture.

Would you like to know more? Then our booklet "Color in Your Home" would be helpful. It is available to you upon request from my office.

Celebrate Golden Wedding At Mission, B. C.

Four generations celebrated the 50th anniversary of Mr. and Mrs. Archie Beckett of Mission, B.C. on December 18 1956.

Married on December 18, 1906 by Rev. Simons in First United Church in Vermilion, Mr. and Mrs. Beckett homesteaded there until 1917 then moved to Wainwright where he was employed by CNR until 1937 when he retired and moved to Chilliwack, B.C.

Three years later he took up residence in Mission where they now live.

Out of town guests were daughter Peggy Murray and only grandchild Wallace Murray, also Mrs. Wally Murray and two great grandchildren Phillip and Charlotte Murray all of Wainwright, also daughter and son-in-law Mr. and Mrs. H. Barnard of Chilliwack only brother of Billie McKay of Slave Lake Alta.

During the course of the day many friends and neighbors called and many lovely gifts were received. Mr. and Mrs. Beckett enjoy fairly good health.

Plastic Toys Delight the Children

Realistic toys like this miniature telephone are delighting children today. Improved toy designs have been made possible by improved materials. In this case the same polythene plastic as is used in flexible ice cube trays. Molded plastic provides the imitative detail so dear to a little girl's heart — and it's unbreakable!

Hungarian Relief Fund at $365,306

Contributions to the Canadian Hungarian Relief Fund now total $365,306. The figure represents 73.06 per cent of the national objective of $500,000.

Fund officials are urging committees throughout Canada to report their collections as soon as possible as they believe many areas have neglected to report.

G. S. Thorvaldson and G. G. Temesvary, co-chairmen of the appeal, stated contributions were up considerably over the holidays over previous weeks but stated the fund objective must be achieved or oversubscribed if Canada is to do her share of the massive relief operation in Austria and Hungary.

They emphasized all contributions to the Canadian Hungarian Relief fund will be used to assist Hungarian refugees in Austria and Hungary. The fund is being administered by the Canadian Red Cross Society.

Contributions may be sent to the Canadian Hungarian Relief Fund 95 Wellesley St., East, Toronto or to any Canadian Red Cross Branch.

Death of Mannville Old Timer in B. C.

Mr Lee McCollum of White Rock, B.C., passed away in White Rock on December 11th after a brief illness. He was an old-timer originally of Edmonton and Mannville. Born in New York state in 1878, Mr McCollum came to Edmonton in 1912 from California and in 1914 moved to Mannville where he farmed until 1943. During that period he served for many years as a member of the Municipal Hospital board, the Claysmore school board and as a councillor in the M.D. of Melberta and Minburn. He was instrumental in instituting the municipal doctor plan for the Melberta M.D. and always an ardent supporter of all community activities. In 1943 Mr. and Mrs. McCollum moved to Edmonton and in 1951 returned to White Rock. He is survived by his widow, one son Kenneth [illegible] Island B.C., three daughters, Mrs. L. [illegible] White Rock, Mrs. A. [illegible] Edmonton and Mrs. Le Beau Saskatoon and ten grandchildren.

Marwayne FWUA Holds Xmas Meeting

MARWAYNE. — The Xmas meeting of the F.W.U.A. was held Saturday evening Dec. 22 at the home of Gladys Hutchinson with Frances Gray and Kay Hillaby as co-hostesses. Christmas carols were sung and the roll call — "What Christmas means to me" was answered by 19 members.

It was decided to do sewing for the hospital again.

A motion was made that each member is to make an article of their own choosing for the Hobby fair. These articles are to be entered in their own separate classes for judging and to belong to the club after the Hobby fair.

A [illegible] of $30 has been realized from the sale of Xmas cards.

Cups and saucers were presented to Golline Kvill and Frances Gray, past president and secretary, by our new president Lillian Tupper.

Exchange of Christmas gifts was made and very pleasant social time enjoyed.

The next meeting will be held at the home of Irene Johnson on Monday evening, Jan. 28.

On Friday evening Dec. 28th the F.W.U.A. entertained the F.U.A. and their families at a social evening in the Elks hall. The young folk played games, enjoyed music and made a noise while the older folk played court whist. Winners were Marney Lafoy and Albert Pinske, while consolation winners were Grace Hale and Allen Midgley. A bountiful lunch was served to close the delightful evening.

Dear Editor

My garbage can has gone from it's moorings,
Perhaps it has gone up a tree.
It had the name MEAD printed [illegible].
Oh, where can my garbage can be?
Bring back, bring back, please bring back my new garbage can to me
Bring back, bring back, oh, please bring my garbage can back to me.
The lid and the chain have gone with it,
Oh, where can the three of them be?
I'll have to stack bags in the alley
'Till the garbage can comes back to me!

Respectfully,
[illegible]

January with the W.I.

FIVE POINT — DEC. 5

Meeting held at the home of Mrs. Don Smith with 12 members present and two visitors, Mrs. Don Lugg and Mrs. Maurice Smith. The roll call was answered with a verse or story pertaining to Christmas. The secretary reported ten meetings held during the years and two members had a perfect attendance. Welfare conveners to send clothing to Unitarian Service committee in Edmonton. The revised handicraft list was read and each member given her assignment. The articles for the bazaar were priced and a Fairfield blanket was donated to the Clennett family who had recently lost their home and belongings by a disastrous fire. The president gave her yearly report and thanked all the members for co-operation and thoughtfulness during her term of office. The election of officers resulted as follows: President - Mrs. Calder; Vice-Pres. - Mrs. te Kampe, Secretary - Mrs McCauley, Treasurer - Mrs. Ed Summers. The Standing committee conveners to remain in office until the end of June.

Lunch was served by the two hostesses Mrs. Smith and Mrs. Gordon. Two birthday draws followed.

WILDMERE — DEC. 5

Meeting held at the home of Mrs. W J Garnett with thirteen members present. One new member enrolled, Mrs. Cosh. A very successful banquet, program and picture show was held at Preston school celebrating the tenth anniversary of the Wildmere W.I. branch. Mrs. Culford the district convener who organized the branch was present, also Mrs. Sloan, the present convener.

As this was the annual meeting the election of officers followed. Elected were: President W. T Garnett, Vice-Pres. - Mrs. Lloyd Howard; Secretary - Mrs. Cliff Cruthers; Treasurer - Mrs. W J Garnett; Press Reporter — Mrs. J Wallington: Sick Convener — Mrs. F. Haines; Directors — Mrs. Cosh, Mrs. Sweeney, Mrs. A. N. Garnett.

The members are planning a Christmas concert for the members and children of [illegible]. The hamper which [illegible] and drawn for at the [illegible] netted $20.

VERMILION — DEC. 11

Meeting held at the home of Mrs J Perrier with eleven members present. The meeting was opened with a minute's silence for the departed member, Mrs. Clara Cameron. Flowers were sent to the daughter of the deceased. Report from the hospital received. The Vermilion W I have been allotted a room with [illegible] crest on the door. The hospital wishes the branch to help sew and repair sheets. Welfare convener reported sending seven sympathy cards and three get-well cards. Also filled a card "full of nickels" for cerebral palsy clinic. The handicraft list was discussed and members chose the articles they wished to do. The bake sale and draw for hampers of groceries was most successful. Each member donated 50 cents for CARE instead of exchanging gifts.

Flowers to be sent to their hospital ward for Xmas and Christmas cards to all hospital patients.

The complete slate of officers returned for 1957 by acclamation.

A membership pin was presented to Mrs. Helen Bell.

KITSCOTY - DEC. 4

Meeting held at the home of Mrs. R Fox with six members present and one visitor. Report was given by Mrs Pidcock re handicraft meeting held at Vermilion on Nov 22. Election of officers followed: President - Mrs. Roy Speelman; Vice-Pres - Mrs. Robert Fox; Secretary - Mrs. M K McDonald, Treasurer — Mrs. R. S. Pidcock, Directors - Mrs. H. Batty, Mrs. B. Parker, Mrs. Ted Joy.

PRINCESS ANNE - DEC 10

Meeting held at Mrs. Chas Mix's home with nine members present and one visitor. This was the annual meeting and only two officers up for election, the secretary and treasurer. Mrs Geo Richardson was elected secretary and Mrs. Wm. McIntyre treasurer. The [illegible] secretary Mrs Kae Reeves was appointed press correspondent. The president gave a very nice address, urging all members to greater efforts.

Reports were given by the secretary, treasurer and four standing committee conveners.

Home & Country subscriptions renewed for the fifteen members.

Mrs. Searle was appointed to head a committee to work out details and arrangements for the Dec. 21st Xmas party for the children.

HAZELDINE — DEC. 4

Meeting held at the home of Mrs. W. Braithwaite with nine members present and one visitor, Mrs. Lloyd Hanna. The meeting was called by the vice-president Mrs. F. D MacLean. Roll call answered by naming favorite Christmas carol. A letter was read from Mrs. Percy Sloan regarding W. I. membership fees. Mrs. N. Romanick nominated as director to replace Mrs. J. Maltais. Mrs. W Braithwaite was appointed Health convener for 1957. The other slate of officers remained the same. Mrs. W. A. Anderson gave a report on the Handicraft meeting held on Nov. 22nd at Vermilion. $10 was donated to the Rheumatism and Arthritis Society and $10 to the Hazeldine Xmas tree fund. The secretary was authorized to send in the required dues for 1956. It was decided to hold the January meeting on Jan. 8th. The secretary wishes to take this opportunity to thank all the members for their excellent co-operation in making her duties easier and most interesting.

A lovely lunch was served by Mrs. L. Quist and Mrs. J. Whitehead.

SALTAUX — DEC. 12

Meeting held at the home of Mrs. Walter Hinton with eight members present and one visitor. The Saltaux branch donated $15 to the Bethany Home for Children at Gwynne, Alberta. After completion of the business Xmas gifts were exchanged and each member had to sing, say, do or pay for the roll call. This made for a most enjoyable social afternoon.

CREIGHTON - DEC. 13

Meeting held at the home of Mrs. L. Donnenworth with nine members present. The roll was answered with a Xmas reading. $5 was donated to the library. The members are buying a Christmas gift for Mrs. Hanning who has been ill. A bake sale was to be held on Dec. 13.

Election of officers was held and all were returned by acclamation. The secretary for 1957 will be Mrs. A. Hess, succeeding Mrs. L. Donnenworth.

RAMSAY — DEC. 5

Meeting held at the home of Mrs. Joe Horricks with five members present and one visitor, Mrs. E. Sneider of Mannville. All officers were returned for another year.

Subscriptions will be renewed to "The Healer Magazine", "The Countrywoman" and enough "Home & Country" to put one in each home. Donations were made to the Mannville library and A.W.I. fund. The Mannville Hobby Fair reported as a huge success, but too big to enjoy completely in one day. January meeting to be held Jan. 4. Roll call: New Year's [illegible] resolutions to be sealed in envelopes and kept for scanning in January, 1958.

Mrs. A. Henderson gave a short talk on Textile Finishes. Mrs. P. Sloan gave a talk on the A.C.W.W. which all enjoyed.

A letter of congratulation to be sent to Happy Centre re their successful Hobby Fair. The handicraft list for 1957 pronounced excellent and the fall conference a good success.

CLAYSMORE — DEC. 7

Meeting held at the home of Mrs. J. Willes with seven members present and three visitors, Mrs. F. Leversedge, Mrs. M. Woywitka and Mrs. V. Shrayer. Mrs. Woywitka enrolled as a new member. The president gave an inspiring talk on what the W. I. has meant to her and what W.I.'s have accomplished over the years, also pointers on making the president's duties easier.

"Home & Country" subscriptions were renewed. Two more W. I. pins to be purchased and given to members. Mrs. O. Willes gave a brief report on the library meeting held at Mannville and the handicraft meeting at Vermilion.

Mrs. Olstad, Mrs. R. Bauer, Mrs. J. Willes and Mrs. H. Williamson committee in charge of preparing program books for 1957. Annual Xmas party was discussed and committee formed. Mrs. J. Willes and Mrs. F. Watling are in charge of entertainment. Mrs. Willes and Mrs. G. Watling to prepare children's treats. Mrs. Olstad to provide the tree. Mrs. H. Williamson, Mrs. R. Bauer and Mrs. M. Woywitka to serve lunch.

The W.I. is to sponsor the New Year's party.

Election of officers resulted as follows: President — Mrs. Fred Watling; Vice-Pres. — Mrs. Geo. Watling; Secretary - Mrs. O. Willes; Treasurer — Mrs. R. Bauer. The standing committees will remain the same for 1957.

DEAR W.I. MEMBERS:

While looking over the branch reports I was most impressed with the outstanding activities of all the branches. Nothing is outside your province from supporting scholarship funds, public libraries, rest rooms, etc., to the sending of clothing to Korean children. You have a wonderful record of service and one which you must strive to maintain. That means continued and continual work. It will never rain roses — if we want more roses we must plant more trees.

With this thought in our minds may we resolve as members of the Alberta Women's Institutes to prepare ourselves to assume responsibility in whatever field our interest lies — with our motto ever before us — "For Home and Country".

Your Constituency Convener,
(Edna Sloan).

MARWAYNE

Mr. Ure has moved his little house from the corner onto the lot behind his town house and Mr. and Mrs Guy Williams Sr. are now living in it.

Mr and Mrs. J. Murray and family have moved into the United Church Manse.

NEWS from ALLANDALE

Marvelous weather for the holidays, from Dec. 18th. to Jan. 3rd. all above zero. Jan. 4th. was six below.

It was a pleasure to have sister Flora and Gus Throndson from town spent the night with us on Dec. 28th.; also Raymond Wilson our grandson.

Mr. and Mrs. Tommy Greaves, Brenda and Brian from the city arrived at the latters parents home, the Baldock's, on Dec.29th. to spend New Year's. New Year's eve [illegible] Georgina [illegible] Morris Broadfoot from [illegible] arrived for the [illegible] returned home with the Broadfoots for a short holiday.

A nephew of the Omnesses, Mr. and Mrs. Earl Kepke and family from the city, passed through Vermilion on Dec. 29th on their way to Elk Point to spend New Year's at home with Mother Swanson. Orley had a chat 8th them in town. Daughter Myrtle and Howard Robertson and family from Provost would be home. Son Lawrence and Vera Swanson and family from Kelowna surprised their mother, coming home for Xmas and the holidays.

The Phillip family were the guests of daughter Rita (the Gosseling family) at Wainwright for Christmas. Sons Gordon and Morris were home. They are working on highway 45. During the holidays Edwin had the misfortune of rollig their truck and Morris his car. The car went into the deep ravine on the grade east of the church due to icy roads. No one was injured.

Mrs. Giles and friend from town spent the afternoon and evening at the Arnold home on Dec. 30th.

For New Year's the McPhees were at sister Edna and John David's in town.

On Jan. 2 Mr. and Mrs. John Nelson were dinner guests at the Arnold home, and visiting in the district. Alva was visiting at the home of her aunt and uncle Mr. and Mrs. Milton Lee in town for the day.

Mr. Joe Killion and Bob Maggs from town called at the Omness home on the afternoon of Jan. 2. The men folk had a jolly time reminiscing.

A good crowd gathered on Jan. 2nd for the Clandonald Promenaders square dance. Walter [illegible].

On Jan 3rd Orley Omness had a chat while in town with his great-nieces Joan and Morgan Darling, Mrs. Edna Darling and Mr. and Mrs. Calvin Laughlan from Spring Park.

Our congrats and very best wishes to Mr. and Mrs. Rock Mead on their silver wedding aniversary Jan. 4th. A surprise to them and a grand gathering. A write-up in more detail will appear later.

On Jan. 8th Mrs. John Arnold and son Dick, Betty and family motored to the city.

Mrs. Idelore Nelson and daughter Anna spent a few days in the city recently.

Dorothy Wilson had a jolly party for a number on school mates in the afternoon of Dec 29th to celebrate her 7th birthday.

Church service was attended in Clandonald Jan. 6th at 3 p.m. when Rev. MacKay gave an excellent sermon.

Closing Thought: "The man who deals in sunshine is the man who gets the crowds. He does a lot more business than the man who peddles clouds.

THE WORLD OF WHEAT

by
W. G. MALAHER,
Director,
Research Department,
UNITED GRAIN GROWERS LIMITED

A COMMENTARY ON WHEAT COSTS

Two factors which are always in the background and which stand to affect the price of wheat somewhere along the line to a greater or lesser extent have come into play much more prominently during recent months. These are first greatly increased ocean freight rates and second the increasing spread between the Canadian and the U.S. dollar.

As a direct result of the Suez Canal situation and the active competition in the freight market for all available tonnage ocean freight rates have continued to spiral upwards and now stand at an average of about 40 per cent higher than they were a year ago. This increase in ocean rates does not of course affect the Western farmer directly being borne by the importer but since to him it does represent an added cost it may mean that there will be a tendency to substitute more home-grown wheat in the grist or to use [illegible] sparingly.

The foreign exchange factor on the other hand is reflected to a [illegible] degree in the price received for wheat in Canada and ultimately in any final payment received by the Western Canadian farmer. [illegible] the Canadian [illegible] as high as 4½ per cent and some most [illegible] the basis of [illegible] every time our dollar [illegible] as in the case with the price of many other raw materials we export Canada stands to lose that much more.

At the moment there appears to be no immediate prospect of either of the factors mentioned diminishing in importance to any extent.

OUR LETTER FROM EDMONTON

License Fee Possible on House Trailers — Municipalities to Benefit

EDMONTON. — News leaked out last week about a measure which may bring some financial relief to a few of Alberta's hard-pressed municipal governments.

Apparently the province is considering the possibility of imposing a license fee on house trailers. It could mean a fair slice of revenue for municipalities in which new industrial development has caused an unusual influx of population.

According to officials, legislation is expected to be introduced during the 1957 session of the legislature. It would be similar to recent bills imposing license fees on mobile construction equipment and seismograph units.

House trailers have been creating a problem particularly in new towns where industrial growth brings in a flood of new residents. They generate a demand for municipal services, but because they live in portable homes there is no property tax to pay for these services.

Some towns, villages and municipal districts have partially solved the problem by levying a personal property tax, but this is unwieldly and difficult to collect. It can be imposed only after property has been in a municipality for at least thirty days.

Construction equipment and seismic units were taxed as personal property until the government moved in with the licensing scheme. The trailer fees likely will work along the same lines. The government will collect the fees and the revenue will be distributed with the major portion presumably going to the municipalities which have a large population of trailer dwellers.

Municipal organizations have been passing resolutions asking for trailer licensing. New towns such as Drayton Valley, in the Pembina oil sector and Hinton, site of a new pulp mill, are prime examples of communities facing hardships, as a result of rapid population growth.

DEATH OF HON. J. C. BOWEN

Alberta lost a devoted public servant with the death last week of Hon. J. C. Bowen, 84, who served as lieutenant governor for twelve years until he retired in 1950. He had been in failing health for some time.

Mr. Bowen was prominent in public life for more than forty years. He served as a Baptist minister, then went overseas as a chaplain with the Canadian army during the First World war.

Following the war, he served Edmonton as a city alderman, and in 1921 was elected to the legislature as a Liberal member. Later he became house leader for the Liberal party and sat in the legislature until 1926. He was appointed lieutenant governor in 1937 and held that office during the stormy days after Social Credit first came to power in Alberta.

GOVERNMENT ACTS QUICKLY

The provincial government acted last week to keep supplies rolling during the firemen's strike which has paralyzed the C.P.R.

The highway traffic board raised to 60,000 pounds from 56,000 pounds the load limit for five-axle refrigerator trucks on highways 2, 3 and 4 — the main arteries of the province.

Highway minister Gordon Taylor said the action was taken primarily to keep supplies of meat moving from southern Alberta packing plants. At last reports it was feared the plants might soon have to refuse shipments.

Mr Taylor admitted the action would not solve the problem, but he said it would keep about 25 per cent more meat out of cold storage lockers and might salvage some of the eastern markets for our meat. He said the board also will consider on their own merits all applications for increased loads of other commodities. He mentioned specifically fuels, such as propane, which will have to be carried to some communities by truck. Although the weight increase for refrigerator trucks is designed mainly to ease the meat situation, it applies to vehicles carrying all types of refrigerated foodstuffs.

By the use of centralized traffic control, a signalling and switching system, known as CTC, it has been possible for Canadian National Railways to increase its average train speeds and traffic volume by [illegible] per cent [illegible] physical [illegible]. There are now more than [illegible] miles of CTC on CNR Railway lines.

NO DISHWASHING TO THIS

This will bring a glint to the eye of the cook who hates dishwashing: A new brand of corn bread mix is being packaged in a polythene bag into which you break an egg and pour some milk. Then squeeze the air from the upper part of the bag and knead your plastic pouch of batter. Empty it into the aluminum foil baking dish included with the mix and pop it into the oven. That's all. Not even a spoon to wash!

CAN YOU THINK OF ANY ONE BRANCH of a department in your government that makes sure the cleanliness of the cafe or restaurant you frequent is maintained to a definite health standard; that the garbage disposal field in your community is located properly and maintained adequately; that makes sure the proposed site of any new hospital is suitable; that inspects slaughter houses; and examines all waterworks and sewage line, and disposal areas, as well as myriad other aspects of municipal health devices?

CALGARY
RESIDENTIAL DISTRICT

THE SANITARY ENGINEERING BRANCH of the Department of Health is the organization on which depends, to a tremendous degree, your health and that of your family and neighbors. The inspectors of the branch ensure your dairy delivers pure milk; their engineers save municipalities thousands of dollars and possibly scores of lives by recommending and stipulating when they instal water utilities.

THE FACT THEY ARE SO LITTLE KNOWN and their duties receive such little publicity is a comforting assurance the branch is doing its job quietly and efficiently. You and your family are the ones who benefit.

THE DEPARTMENT OF HEALTH'S ACTIVITIES cover much ground. Today there is ready recognition of the requirements of mental health and one of the means by which this objective is being maintained is through the Guidance Clinics. One each is operated full time at Edmonton, Calgary and others part time at smaller Alberta communities.

AT THE CLINICS, a staff skilled in child guidance evaluates the emotional disturbances of youngsters who are referred to them, diagnoses their problem cause and suggests remedial action. More than 3,000 people were treated last year and the number grows each year. Those who are treated are almost always improved in their adjustment to their environment. So, they lead happier lives.

BE SEEING YOU SOON!

Health Unit Notes

ESTABLISHING GOOD FOOD HABITS IN CHILDREN

Simple well-cooked meals served at regular time, in pleasant surroundings will go far toward encouraging good food habits in children. The most important consideration is to see that children eat a variety of foods and do not fill up on one food they like best. When introducing new food to a baby, prevent it at the beginning of the meal, when the baby is hungry, and give only small amounts. If the baby appears not to like it do not get concerned and avoid then he gives him another small bite in a month. It may be necessary to refuse and it is a food that is very desirable you may find he will take it. If you mix it with some other food to which he is accustomed the chances are there is a good idea to wait several days before trying the new food a second time.

Parent's sanctity should their children's eating is frequently the result of poor food habits. Even babies and very young children may refuse to eat, as a means of getting attention. Habitual refusal should always be a sign for talking things over with the doctor. Children's appetites like those of adults, may vary from day to day, so that occasional lack of appetite should not cause alarm. No attempt should be made to force the child to eat as it is likely to result in an emotional upset, which may have a permanent effect on his attitude toward food. Also when a child who has always had a good appetite refuses to eat it may mean that the child is not well or is not getting enough rest.

THE CHILD'S DAY

The very young baby sleeps from 20 to 22 hours out of the 24, but gradually the length of time his sleeps gets less, until at six months he is sleeping about 16 to 18 hours.

From the first he should have his longest sleep period at night, but your baby as well as his own. By the time he is nine months old, he should be having a 12 unbroken hours of sleep at night. As the amount of sleep your baby needs grows less, you will find that one of his daytime naps becomes shorter. Between the 18 months old he will no longer need two naps a day. Between the ages of two and six years the number of hours a child sleeps gradually decreases from about 13 to 11 hours out of the 24.

Early to bed should be the rule all through childhood. Also, children need regular naps a nap during the day. Some children tend to omit the nap earlier than they need, and undoubtedly for which you stick to a certain hour for naps will greatly encourage the continuance of the habit.

The place where your baby sleeps should not be too bright and should be protected from disturbing noises. However, it will not always be possible for him to sleep where it is completely dark and quiet, so it is advisable not to pull the shades all the way down, not to shut out every bit of noise. The baby should be put to bed as soon when possible. Both he and the baby will rest more quietly and the baby will not form the habit of not going to sleep down beside him when he goes to bed. A young child needs regular hours for sleep. There should be constant elimination of friends who "happen" which your baby or young child is to be put to bed for his sleep. An open windows should be well screened against flies and mosquitoes. Use screens generously adequate to the temperature of the room.

"TIDE RIPS"
by JOE BRAHAM

Being a Santa Claus at Christmas can be a gratifying, and at times, tiresome, somewhat of a trying experience.

At least the petty officer, who had volunteered to act the roll of Santa for the children's Christmas party aboard the destroyer HMCS "Sioux," at Esquimalt, thought so on the 20th.

The whole day seemed to go wrong for him. It began with the weather turning bad. Rain driven by gale force winds kept the crowd of more than 300 youngsters below decks in the ship. And the smoke funnel of the crowded Santa is not able to perform to the best of his ability.

His mental clock at home was showing eleven ten minutes to go. He was scheduled to make his appearance at the ship's gangway at 2 p.m. Due to his lack of timepiece, and the congestion of Xmas traffic downtown on the docks, he found it necessary to slightly exceed the speed limit as he was going to be at the ship on time.

According to the traffic policeman who flagged him down and handed him a ticket for speeding, "Santa or no Santa, the speed limit is thirty miles per hour and it will be obeyed at all times".

With all this happening he did make his appearance on schedule and the day was perfect for the children. However, two years Santa's Ho-Ho-Ho-ing moustache insisted on removing unstuck from its proper spot. Every time he answered one of the million or so questions shot at him by the children, he felt he never sure he wouldn't eat the moustache or else have it fall on top of some youngsters head.

Of course he had to pose for pictures. Some of the kiddies expressed, while others, when placed on his knee, were more than bashful and wanted no part of him. Some decided he would look nicer without whiskers and tried to rip them off.

When it was all over, and the ship had returned to normal the petty officer was pretty effete sat back in a chair and muttered, "Next time the common Joes Class only comes away from the North Pole once each year".

Thirteen of the best quarters of lady curlers in this district will play off in the Vermilion Curling rink Monday and Tuesday to determine which rink will continue on to represent this district in the Zone section playoffs for the Alberta championship. This competition is sponsored by the Macdonald Brier for the men.

Curling clubs represented will be Lloydminster with Mrs. Mamchur; Vermilion, Mrs. Cash; Kitscoty, Mrs. Hall; Dewberry, 2; Clandonald, 1; Buffalo Coulee, 1. Vermilion, three.

Four draws each day will be played with the first at 9 a.m. A small charge of 25 cents per day will be made per spectators. The four top rinks from this competition will compete in the Eaton Northern Alberta playdowns, also to be played here on February 4, 5 and 6.

Basketball Officials' Clinic Success At Vermilion School of Agriculture

Thirty-three basketball coaches, referees and players from neighboring high schools gathered at the School of Agriculture for an "Officials' Clinic" last Saturday afternoon, Jan. 12th.

Schools represented in the attendance list included Dewberry, Vegreville, Lloydminster, Dunvegan, Wainwright, Mannville and the School of Agriculture. The program was under the direction of J. McLachlin of the school of physical education, University of Alberta.

Prof. McLachlin discussed decisions of the basketball committee published by the official basketball association and explained the interpretation to be made of them in actual game situations. His talk was illustrated materially in the discussion given. Following this discussion, demonstrations on the basketball court were used to illustrate the proper procedures to be followed and the decisions to be made by officials in charge of basketball games.

In view of the number of newly established gymnasiums in this area and the increasing interest in basketball there has been very urgent need for coaching in the rules of the games, instruction in rules, and in the duties of referees. The program which was held Saturday proved highly successful in serving this need and undoubtedly will be an asset to quality of basketball officiating played in the local high schools.

Value of Probation For First Offenders Discussed at AOTS

The value of a probationary term for first offenders was discussed by Mr. A. Hosking of Vegreville when he addressed a well attended meeting of the A. O. T. S. club of the United Church on Friday evening last. The address was given following the banquet in the church hall. Mr. Hosking was accompanied by Mr. Fedoruk of the Vegreville branch of the Society.

Mr. Hosking who has long had an interest in the John Howard Society, had a wealth of material to present to his listeners, all pointing to the fact that the 90 day sentence should be replaced by probation. The Society's interest is the one most commonly used.

A test was recently carried out in Toronto when magistrates instead of giving the customary 90 days in jail for many offences placed the offender on probation. One year later 85 of them had given no trouble whatever. 9 had been in trouble once more, 6 twice, and one was really bad with five offences. The 85 who had been given a fair chance to learn and set on the right path was adequate proof that probation is the better method in dealing with first offenders

Mr. Hosking was introduced by D. C. Folk and thanked joint by Lloyd Smith and Rev C.W. MacKay. G. Rampling, the Club president, was chairman

Smocking Mrs. G. Barnyth, phone 182.

Sewing Mrs. G. Pooks, ph. 221

Anyone interested in taking these classes please contact the instructress by phone, as soon as possible.

After the meeting adjourned Miss Craig, District Home Economist from Wainwright, gave a very interesting talk and display on handicrafts.

Junior High School Activities

Basketball is still in full swing at the Junior High. The girls 'A' team was chosen with the following players: Gloria Wilson, Shirley Porter, Margaret Rooks, Rose Anne Nelson, Dorothy Jean Stewart, Donna Bottorff, Lorlelle Thompson, Lynn McPherson, Merilyn Smith, Carol Hines, Frances Cambridge, Rose Forster.

Wainwright was challenged to a doubleheader on Saturday, Jan. 12th. During the first game Carol Hines made three baskets, Shirley Porter one, to tie the score at 8 all.

The boys' "A" teams also played a fast game which Vermilion won with a sweeping victory of 30 to 8.

The games were followed by a lunch at the school which was enjoyed by all.

The Junior high sponsored two dances at the Redmen's hall on Saturday Dec. 12th, and Saturday Jan. 12th. Both were high school boys. Bill Tough and Lee Coyne who have reformed many of the Junior high games. Fred Forb McLaughlin from the school of physical education at the Alberta college was in charge. The Redcrest school was held at the V.S.A.

Curling has been scheduled for Mondays and Fridays after school. We hope to have a big turn out.

Standard Ad. Returns Pet To Children

A small "Lost Ad.", costing only 35c, returned a pet to the children of Mr. and Mrs. Ken Ferguson last week. Their Pomeranian-Labrador pup had was lost, and was very much missed by everyone in the family. The little advert was inserted in the paper, the Standard was in the hands of the public Friday morning and by noon the pup was back with the family by noon of that day. And while this is not a daily ad, everyone was happy once again!

Elections Loom for School Trustees

Nomination papers for the office of divisional trustee for the Vermilion School Division No. 2 and 5 of the Province of Alberta will be received by the undersigned on Jan. 15th. The following nominations were read by the Returning Officer, J. R. Robson, Vermilion No. 2 — J. J. Davies, Streamstown; J. E. Miller, Kitscoty.

Vermilion No. 4 — C. Arner Brown, Vermilion; Duff C. McGinnis, Island.

Wm. L. Roebuck Is New Secy.-Treas. Hospital District

William L. Roebuck, well known citizen of the Vermilion and Islay districts, and presently secretary-treasurer of the Vermilion Agricultural Society has been appointed secretary-treasurer of the Vermilion hospital district.

His full time duties here will commence early in March. Mr. Roebuck was selected at a meeting of the hospital board held on Saturday last, from a number of applications. Mr. Roebuck succeeds Mr. Moffatt who has resigned from the position.

Keen Interest In Basketball At The V. S. A.

Students at the School of Agriculture have organized an active interest in basketball for the present term. Three girls' teams and five teams of boys are playing in a house league. In addition teams to represent the school are being recruited for outside competition.

With the return of the season brought the V.S.A. boys against school rivals from the Vermilion High school. The boys, fresh of a keen contest the V. H. S. boys were behind to carry away a win by a score of 32 to 27.

The girls' basketball team and girls' teams from the Lloydminster High school visited the V.S.A. on Saturday when both games. The Lloydminster girls were particularly impressive playing an inexperienced V.S.A. team and won handily 34 to 8. The boys' game was a 'rip' and was not finished in the prescribed in score only some five or six points.

Following the games the visiting teams and their supporters joined in a social evening with at the popular college orchestra providing the dance music.

Successful Year Reviewed By Men's Club

Alex Falls broiled T-bone steaks, French fries a la Mitch Taylor and strawberry shortcake dreamed up by Keith Chalmers' wife made up the regular monthly supper meeting of the Men's club held in the church hall on Tuesday evening. What is more surprising, all the cooking was done right on the spot. The three men in question must be a real help to their wives!

Following such a supper it was no wonder that the election of officers went through unopposed quiet affair, everyone was too interested to digest such matters with the following being chosen:

Hon. Pres. — Rev Kells Mingle

Hon President — Jack Kneale
1st Vice-Pres. — Gib Stephen
2nd Vice — J. W. G. Morrison
Sec.-Treas. — Jim Hebden

Although the club is not looked upon as a money raising institution they still handled $335 in 1956 and have a bank balance on hand of $69.91. Chief expenditures have been $50 to the Christmas Fund and three to Dunvegan club of $25 and $7.17 for a basketball for the boys' club.

Meetings are held the first Monday evening of each month in the parish hall. Everyone interested is welcome to join the men on this occasion

Bob Cats, Dewberry Meet This Saturday

A thrilling hockey battle crammed full of action is in store at the Vermilion arena this Saturday evening when the Bob Cats team of Juveniles from Dewberry will meet the Vermilion team of the local Bob Cats at 8.15 p.m.

These teams played at Dewberry on Saturday when the Bob Cats coming out the winners by a score of 5 to 3 in a free scoring, exciting game that had the fans just screaming for the whole sixty minutes.

In their first appearances on local ice these two aggregations of boys was a real thriller 8 goals in all.

If you have not seen the Juvenile play be sure to see the game on Saturday evening. The Juvenile is wearing away and this is the last of the regular season games which Dewberry will play here until the play-offs.

Vermilion Bob Cats Come From Behind To Tumble Kitscoty 5-4

Vermilion Juvenile Bob Cats came from behind with a 2 goals last Saturday night to overcome Kitscoty in the first game of their defeat suffered by that team at Kitscoty a couple of weeks ago by far fighting paved the way for two of Vermilion's goals, the first which followed the second goal at 4 min. 55 sec. of the third.

It was at this point in the play seconds of the period that Fort McMurray took after Garry Schmidt and was bewildered for slightly Garry sustained a black by cut lip in the mix-up and was out for the rest of the game.

Vermilion scored the 3rd goal in the third the Bob Cats went to town and received two which the Fort was still doing penance. Don Widdersgreen converted Brian Ford's pass, and the same play was repeated a moment later, Ford scored the count at 4 all.

A brave minute before the final whistle Donald Hertz carried the puck from the Vermilion defence zone and shot, with Clarence Hintz right on the job to bat in the rebound for the winning marker, five goals to four.

Russell Carroll refereed.

Impressive Sacramental Service Held In Christ Church, Mannville

MANNVILLE — At 7:30 p.m. on January 13 in Christ Church, Mannville, the Rt. Rev. H. R. Clark, Anglican Bishop of Edmonton received twelve new members into the Church of God and administered the ancient and impressive rite of confirmation to eleven members of the congregation. The impressive service had added significance in that this marked the first occasion that the new church had been used for these sacraments.

In his sermon the Bishop spoke most ably on the scriptural basis of baptism and of the necessity of passing along life's journey to gain strength and power through the gift of the Holy Spirit in the laying on of hands. He stressed that the individual never earns his way to heaven but that true faith in God and Christ is the primary requisite for the life eternal. He also reminded the confirmation candidates that the measure of strength was theirs but not as a latent gift to lie dormant but as a power to be developed and to be drawn on throughout their lives.

The Bishop administered the Sacrament of Holy Baptism were Brian Stephen Hall the infant son of Mr and Mrs Doug Clark and sponsored by his Godparents Mr. and Mrs. J. Thompson and Mrs. Hamilton; Robert John Allen, son of Mr. and Mrs. Harry Allen and sponsored by his Godparents Mr. and Mrs. C. Hamilton; Miss Cindy MacPhee, infant daughter of Rev. C. and Mrs. MacPhee and sponsored by Rev. W. Rowland and Mrs. W. Johnston, all of Edmonton.

Those confirmed were from the parish of Chauley, as follows: Arlene Berna Cotter; Kenneth Blackburn; John Scott Blackburn.

From the Parish of Saltzan: Shirley Marguerite Hillman; Barbara Louise Hinton; Judith Ann Hinton; Katherine Elizabeth Bennett; Mrs Margaret Ann Bennett; Mr. Frank A. Bennett; Mrs. Lois E. Staden and Mr. Dudley I. Staden.

Mr James A. and Mrs. Mary Hinton of Borradaile.

From the parish of Mannville; Ruth A. Hughes; Jeannette A. Smallwood; Patricia F. R. Keeley

At the completion of the service a social hour was held in the church basement where refreshments were served by the ladies of the congregation.

The infant was brought to the font by the Godparents at the beginning of the service.

A happy conclusion another successful day in the life of the Mannville Mission.

Mrs. Katherine MacPhee Passes Away at 91 Years

On Wednesday, January 16th Mrs. Katherine MacPhee passed away at her home in Vermilion at the age of 91 years. Funeral services will be held at the St. Andrews Catholic church on Saturday morning, Jan. 19th at 10 o'clock. A prayer service will take place at Meyer's Funeral Home at 8:00 p.m. Friday. The Rev. Father Brennan of Clandonald will officiate at the interment.

Mrs. MacPhee is survived by one son Donald in Vermilion, one daughter Mrs. George Lawrence also of Vermilion. There are ten grandchildren and three great grandchildren.

Annual Meeting

The annual meeting of St. Saviour's church will be held on Tuesday, Jan. 29th beginning at 6.30 p.m. with a pot luck supper in the parish hall

QUOTA FOR VERMILION SET AT $1560.00

Polio Fund Canvass Under Way

Vermilion Branch of Canadian Polio Fund has a quota of $1560 in the province wide appeal for funds to strengthen the Polio Fund. The quota for all Alberta is $70,000.

The Legion hopes that every body in Vermilion and district will support this very worthwhile cause in the same way which they did in the past four years The need is if anything greater now than it was last year There are a number of Vermilion children and adults obtaining help from this fund

The Polio fund provides help where the government leaves off. Ambulances when no polio help is available. Many polio cases are sent to Edmonton for treatments, iron lungs, etc. In Vermilion a mother was stricken with polio. The fund paid for the care of the baby for some time

Some people ask if only the veterans and their families are assisted and to this question there is an emphatic "No", as everyone who needs help gets it whether or not they are veterans.

Families with children should be very ready to help as it is not known when or where polio may strike. Many polio cases are sent to Edmonton where children relieved of living lives like other boys and girls.

There will be a canvass of business places and the Ladies' Auxiliary of the Legion will visit every home in Vermilion. It is the hope of the canvass committee that everyone will have some donation to make to the Legion Polio fund.

AN ILL [illegible]

It's an ill wind that bows nobody good. For Canada, European tribulations mean a gain of many thousands of potential new citizens in the months ahead.

From sorrowing and stricken Hungary came the brave Magyars, from hard pressed Britain and the other West European countries growing numbers of men and women seeking new opportunities. Let them all be welcomed with gladness and enthusiasm. This sparsely-populated land can turn them to good account.

The voice of the native Canadian is occasionally heard to express doubt — even resentment — about the entry of so many immigrants. Such feelings are not common, but they do exist.

In large measure they stem from fear, fear for jobs, living standards and vague apprehension [illegible] the social and other consequences of so much new blood. Though very human, such fears are hardly justified by experience.

The facts are that Canada's lack of people is the root of nearly all her problems, the source of nearly all her economic weaknesses. There is cause for concern in that fact not that we are getting too many newcomers but that we are not getting enough.

It is no more possible for Canada's population to remain at 16 millions today that it was for it to stay at 6 millions 50 years ago. Nor is natural increase the whole answer, even though we are among the more prolific of the white nations of the world.

In 1913 no fewer than 400,000 immigrants entered Canada. Nothing like as many have arrived here in any single year since. Even in 1957 we shall be fortunate if we get half that number.

Canada was not the poorer for the New Canadians of 1913, any more than she is the poorer for the one-and-a-quarter million who have been absorbed into the nation since 1945. For the most part they have joined with the Canadian of native birth in shaping the thriving land we see today. They have added to, not subtracted from, our wealth.

The New Canadians of 1957, if given every encouragement, will not play a lesser role in building the Canada of tomorrow.

WRONG EMPHASIS

Within two years Canada will be short of cattle according to W. E. Watson, manager of Public Stockyards Markets of St Boniface, Man. There is little doubt about that, says The Financial Post in regard to cattle and a lot of other food products too. By 1975, it has been estimated, wheat will be about the only Canadian farm product which we will be producing much in excess of our own requirements.

Actually there is no good reason why Canadian farmers should not be able to meet most future demands for cattle and other farm products that will be needed. But this won't happen as long as it is much easier and more profitable to grow wheat and sell it to a government board to be piled into storage even if we can't find an export outlet for it.

But that is exactly what our official wheat policy is doing. It's about time we used some common sense and put the emphasis on those farm lines for which there is an assured demand.

Pay Tribute To Long Time Church Member, Mannville

MANNVILLE. — Funeral services for the late Mr. Harry Thomas of Mannville, who passed away Jan. 1st in his 83rd [illegible] held at Christ church, [illegible] on Friday, Jan. 4th. Rev C. C. MacPherson officiated and interment was in the Mannville cemetery.

The pallbearers were Messrs. Jack Clark, Bruce Hanning, Tom Henderson, Bert Williams, Ralph Boe and Jim McLaughlin, all old timers of the district.

The deceased was born in Liverpool and came to Edmonton in 1904. He homesteaded at Mannville in 1905, and was the bookkeeper for J. B. Burch's store for a few years. He took part in community affairs in many ways, being first secretary of Mannville school, later bookkeeper for the Co-op store, the auditor for Vegreville school division and the municipal hospital. Mr. MacPherson paid fine tribute to Mr Thomas in saying that he was one of the best versed laymen of the Church, and one of the pioneers of church building here.

Mr Thomas is survived by his wife, one son Harry, two daughters, Mrs. L. S. Cotter and Mrs. M Morrison, and three grandchildren, all of Mannville.

Moyer's Funeral Home had charge of arrangements.

Many beautiful floral tributes as well as memorial donations and cards of sympathy were received.

Mannville W. A. Group Holds Annual Meeting

MANNVILLE. — The annual meeting of the Christ Church W. A., afternoon branch, was held at the home of Mrs. C. Hamilton on January 7th. The yearly reports showed a very [illegible] year, with [illegible] donations and pledges filled.

Mrs. Rutherford took the chair for the election of officers with the slate of officers for 1957 as follows: Hon. President, Mrs. C. MacPherson; President, Mrs. R. Whitson; 1st Vice, Mrs. J. I. Jones; 2nd Vice, Mrs. C. Hamilton. Secretary-treasurer, Mrs. E. Williams; Dorcas Secy., Mrs. A. Rutherford Educational Secy., Mrs. S. Legg; E. C. D. Secy., Mrs. G. Jackson; Thank Offering Sec., Mrs. C. Manz. Prayer Partner, Mrs. C. Hamilton; Sick Committee Mrs. Rutherford, Mrs. T. Allen, Mrs. C. Hamilton, Mrs. C. Mercer and Mrs. J. I. Jones.

Mrs. Rutherford expressed thanks to the W. A. members and officers for their work done during the year.

It was decided to have a shower at the next meeting for the Frog Lake Mission, also members to bring all Christmas cards and scrapbooks, as members of the Junior Girls' will make these up for the hospitals.

The next meeting will be held at the home of Mrs. C. Manz on Wednesday afternoon, Feb. 13.

WILDMERE WINKS

We wish to heartily thank our kind Editor for the nice piece he had in his paper about the "Winks". We sometimes wonder if we deserve it.

On Saturday evening a jolly party was held at Gibson's for the young folks. It was to have been a skating party but old Jack Frost ruled otherwise so games and music were enjoyed in the house.

We were pleased to read in the Standard that Robert Dibben had spent Xmas at his brother Frank's home in Vermilion. It would be a nice break for him to be out of hospital for a little while. Glad to hear you are improving Robert.

You Gay 90 [illegible] — don't forget to get your tickets by Jan. 19th for the banquet to be held on Jan. 23. Plan to attend.

The annual meeting of the Basswood Community centre was held at Preston Central school on Friday night with a small turn out. Mrs. W. J Garnett was re-elected as president for the next year, as was our good secretary, Mrs. J. Wilson. Directors are Bill Garnett, Baillie Holte and Mrs. Wellington. After the many improvements to the hall a nice sum is on hand to start another year. Exit signs and a panic bolt are to be added and then the hall will be ready for the inspector. We wish to thank the men who gave so generously of their time and talent to improve Basswood hall like they did.

Wildmere curling rink is just about ready to start the year's activity, making ice has been going on early and late recently. President George Harrison has been trying hard to get it operating and he has had some very willing helpers. Here's hoping they may enjoy many hours of fun when they do start curling.

Many folks will remember Mr. and Mrs. John Lewis who lived for many years in Battleview district on the farm Gilbert Harrison now owns. In a recent letter from Mrs. Lewis who now lives at Loon Lake, Sask., she said Mr. Lewis passed away last July from a heart attack. He was in his 94th year. She herself was 81 last month. Her son Earl who suffers from multiple sclerosis and is confined to a wheel chair, also lives at Loon Lake. A daughter, Mrs. Boler, lives near by. Mrs. Lewis went to Meadow Lake and played the Wedding March for a great granddaughter's wedding on Dec. 22nd. She still writes a very good letter She also mentioned Mrs. George Symes and Mrs Pitterson in her letter

AN ODE TO OUR CURLERS
We know of some curlers
Who on curling were bent—
They entered the spiel held at
Derwent
With prizes galore
And only twelve rinks to score
Winning a prize will be easy
[illegible]
Says Lloyd Howard the lead
That's our ambition I reckon
Said the voice of Howard Coburn the second
Keep our "rocks" out of a herd
Came from Dick Danily, the third.
But after one win and two "others"
"Boys, we are out", shouted Skip Cliff Cruthers.
While Wildmere's rink was not the best
They really enjoyed curling with the rest
While no prizes they won
You'll still hear them say
We sure had fun!

BIG LITTERS

Can anyone beat this? Frank Gibson of Basswood had three sows that had 16, 17 and 19 pigs each. Some litters we'd say

Dougan-Feenstra Nuptials Unite Well Known District Families

A beautiful afternoon wedding was recently solemnized in the United church, Vermilion, when Miss Kathryn Ann Feenstra, daughter of Mr. and Mrs. Roel Feenstra of Clandonald, became the bride of Mr. Frederick Clarke Dougan, son of Mr. and Mrs. Bill Dougan of Vermilion.

Chrysanthemums and carnations banked the altar for the double-ring ceremony performed by Rev. C. W. MacKay.

The bride, given in marriage by her father, looked lovely in a floor-length gown of brocaded satin with lily point sleeves. She carried a bouquet of red roses. Her jewelry consisted of a three-strand pearl necklace and earrings, gift of the groom. The train-length veil of matching lace draped from a nylon-net crown with set-in pearls was daintily carried by the bride's nieces Linda and Roseanne Feenstra. The flower girls wore floor-length dresses of pink taffeta and they carried pink and blue nosegays.

Miss Lorraine Poleschuk attended the bride wearing a blue floor-length nylon taffeta with a crowning pearl headdress and carried a bouquet of pink carnations and roses.

Accompanying the groom was his brother Mr. Bill Dougan from Manitoba.

Guests were ushered in by Mr. Johnny Feenstra and Mr. Les Coyne to pews marked by bows of white [illegible].

The bride's mother wore a rose crepe dress trimmed with lace. Her accessories were navy blue with pink roses en corsage.

The groom's mother chose a navy blue crepe dress with matching accessories and a corsage of pink roses.

During the signing of the register Mr. Don Muzankowski sang "I Love You Truly".

The wedding reception was held in the Orange hall in Clandonald where a number of guests attended. Rev. MacKay proposed the toast to the bride to which the groom replied very fittingly.

Telegrams were read by Rev. MacKay from Mr. and Mrs. Fraser in Saskatchewan; Mr. Dougherty, Kinsella; Dr. and Mrs. Caldwell, Dr. and Mrs. Klien, Mr Alec Forsythe, Mrs. Anderson, Mrs. Damer Anderson, all of Viking, and Mr. and Mrs. Russ McFarland of Irma.

Miss Judy Feenstra was in charge of the guest book.

A wedding dance was held later in the Columbus hall where all guests and friends thoroughly enjoyed the evening.

For travelling, the bride changed to a brown tweed suit with green accessories and yellow roses en corsage. The happy couple will make their home on a farm near Vermilion.

Out-of-town guests included Mr and Mrs. Ross Fitzmaurice, Mr and Mrs. Ab Brower, Mr. and Mrs. Ken Child, Mr Carol Swanson, Miss Margaret Dorward, Miss Iris Osatanko and Mrs Albina Pratt, all of Viking; Mr Don Muzankowski of Innisfree; Mrs Anna Vries and Orville of Granum; Mr. and Mrs. George Dougan of Lethbridge; Mr and Mrs. Decker, Wainwright; Mr and Mrs Mel Hutchinson, Edmonton

32 Missionaries, Church Workers From Alliance Chapel in Vermilion

The Christian and Missionary Alliance, the local church of which in Vermilion is the Alliance Chapel, has set as its goal one thousand active missionaries in 1960. This worldwide missionary organization, founded in 1887 by Dr A B. Simpson in New York, had, by 1955, 720 missionaries on 20 fields. In 1956 the goal was sighted when 102 new missionaries were appointed.

The first group of missionaries to be sent out by the Alliance was five young men to the Congo in 1884. One of these became the first martyr of the organization.

Today the Alliance has nearly 1100 churches in the U.S. and Canada and four Bible colleges for the training of missionaries and home pastors. Its training centre in Canada is the Canadian Bible College located in Regina. Plans for the 1960 goal of expansion will require 191 newly trained missionaries and pastors each year. To produce a new missionary, five years of formal training and practical experience are necessary.

The distinctive task of the Christian and Missionary Alliance is to pioneer the unevangelized sections of the world with the Gospel. The newest area for occupation is New Guinea, with its primitive inhabitants and stone-age civilization. Early last November, a new Alliance plane was destroyed, mission buildings were burned, and several Indonesian Alliance teachers were killed by the superstitious Kapaukus of the Wissel Lake region.

The Alliance Chapel in Vermilion was established as an Alliance centre of worship in 1934 under the leadership of the Rev. Edward Kirk. The Rev J Schroeder is the present pastor. A total of thirty-two missionaries and Christian workers from the Vermilion church have already entered full-time service and two of its young people are now training in Bible school.

CLAYSHORE CLIPPINGS

Mr and Mrs. Robert MacMillan, Mrs. V. Schroyen and two small sons were dinner guests at the home of Mr. and Mrs. H. Williamson, January 6th.

The January meeting of the W. I. was held at the home of Mrs. M. Woyewitka Wednesday afternoon, January 9th, and all were very pleased to have three ladies join the group. This gives the Claysmore branch sixteen members.

The February meeting will be held at the home of the president, Mrs F Watling.

Mr and Mrs. O. Willes visited the MacMillan family one evening last week.

On Sunday evening Jim and Jack Winters spent a very enjoyable time at the Woyewitka's playing canasta. After Orest and Jack had won the game, Ewhen served a very tasty lunch. On this night they all decided to quit smoking. Ostap carried the remaining tobacco out and buried it. Now please, folks, dont offer these boys a smoke!

Mr. and Mrs. Tom McCauley and family enjoyed a lovely turkey supper with Mr. and Mrs. Oliver Willes Friday evening.

Saturday evening supper guests with Mr. and Mrs. Allan Olstad were Mr. and Mrs. Fred Watling and Mr. and Mrs. Joe Bauer of Mannville.

Deepest sympathy is extended to the family of the late W. F. [redacted] accident near Valleyview. Bill was well known here, having hauled grain for the farmers in the district before moving to Ed-[redacted]

Mr. and Mrs. Jack Willes, Mr. and Mrs. Fred Leveradge, and Mr. and Mrs. George Watling were callers at the Ernie Livingstone home Saturday evening. Glad to hear you are feeling better, Ev.

Mr. Chris Emsland of Lloydminster was an overnight visitor at the H. J. Horne home one evening.

Claysmore W. I.

The January meeting of the Claysmore W. I. was held at the home of Mrs. M. Woywitka with ten members and three visitors present. Included in the visitors were Mrs. F. Leveradge, Mrs. P. Pidruchney and Mrs. W. Woywitka. These three later joined bringing the membership to 13—a good number to carry on the work for 1957.

The new president, Mrs. F. Watling was welcomed by the group and she very efficiently carried on the business of the afternoon. After the Creed, the members responded to the roll: "Suggestions for Improving Our Bazaar." Minutes of the previous meeting were read by the secretary and declared approved by the president. The treasurer's report was adopted as read. There was a brief discussion on the Christmas party.

All members plan to attend the showing of the Cancer film at the school auditorium, Mannville, on Jan. 25th at 8 o'clock p.m. There will be a speaker after the film, also lunch.

Mrs. R. Bauer and Mrs. J. Willes were appointed to order bazaar material. The Handicraft list was discussed; having the Cup in mind each member chose the item she could do [redacted]

Four W. I. pins were ordered and it was decided to send the annual dues as soon as possible, namely, Provincial, Constituency and District. The program books for 1957 were distributed.

The fun period was conducted by Mrs. A. Olstad. Prizes went to Mrs. R. MacMillan, first, and Mrs. P. Pidruchney second. A generous collection was taken, and the meeting was adjourned. All enjoyed the delicious lunch that followed.

Next meeting will be held at the [redacted] of Mrs. F. Watling on February 13th.

Buick Century 2-Door Riviera

What's it Got that Everyone's After?

We figured folks would go for the '57 Buick—and big.

But we sure didn't figure *this*—the most rousing reception we've ever seen in all our years of selling new Buicks.

We're getting more enthusiastic talk—along with the signed orders—than ever before. And, neighbor, if you want to know why—listen:

This '57 Buick has that sleek low-sweep styling that today's moderns want—and it's here in extra-long measure, in *the lowest* Buick yet. It has the room they want—for Buick's new wide-frame chassis permits a sports-car silhouette with more interior roominess than even last year's spacious Buicks. It has newness everywhere, and newness that's *needed*...

A smart new panoramic windshield of vaster dimensions and greater visibility. The sweet, solid surety of a new "nested" ride. A brilliant new handling and cornering and levelized braking that come of an ingenious new ball-joint suspension. It even has the modern answer for today's driving—a new Safety-Minder* that watches your miles-per-hour for you.

But even more important, this rakish sweep of automobile has a new kind of *instant* response—and that's the biggest reason for the soaring popularity of the newest Buick yet.

For here is performance—smooth as spun silk—unleashed by a totally new V8 engine 364 cubic inches big, and with the highest compression, torque and horsepower in Buick annals.

And here, to deliver that might, is the power-pitch action of an advanced new Variable Pitch Dynaflow.* A Dynaflow of such instantaneous obedience, such smooth and versatile control in "Drive"—the need for "Low" is virtually ended.

In all truth, you've never bossed a car so keenly alive, so smooth in motion, so solid in feel. It's ahead of its time, ahead of the industry—even ahead of your great expectations.

Come check up on all this for yourself. Come drive this shoulder-high sweetheart with the strong he-and-she appeal. Come be our guest—*today*.

**New Advanced Variable Pitch Dynaflow is the only Dynaflow Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special. Safety-Minder standard on Roadmaster only.*

Wildmere Women's Institute Notes

Wildmere Women's Institute met at the home of Mrs. W. T. Garnett with 13 members present. Meeting opened with "O Canada" and the Creed. The new officers were in the chair, Mrs. W. T. Garnett, president, and Mrs. C. Cruthers secretary. Minutes were read and approved, and the treasurer's report was accepted as read. The Christmas tree at the W. I. concert was sold to Danny Watt, who had it re-sold to W. Westman, and it netted $2.75. Mrs. L. Howard sold Christmas cards and handed in $8.00 to the W. I.

At the last meeting no one had been appointed to send for the denim to make uniforms; Mrs. W. J. Garnett was appointed at this meeting.

Correspondence re: a letter to Mrs. Wallington to renew C.A.C. bulletin. It was decided to send for them in a group again, and each member to pay 25c to pay for them as the Feb. project.

Mrs. W. J. Garnett read two letters from Mrs. Davis of Barbon W. I., England. She always writes interesting letters and they were greatly enjoyed. Mrs. Garnett also had a questionaire re: Drop Out from School, which is sent to all groups.

Mrs. Wallington reported re: the rest room in Vermilion. All agreed that it was something badly needed in town one on the street level so that mothers and elderly people could use it.

Handicraft items were given out, everyone agreeing to do their very best work on them.

Secret pals were re-drawn, as some members were not present at the annual meeting.

Secretary was instructed to write the Home Economist, Miss Craig at Wainwright, inviting her to attend one of the meetings.

Topic was by Mrs. D. Dibben, "Too Hot for Comfort." It was on drinks and food being eaten too hot. Canadians use three pounds of tea per capita, while the United States uses less than one pound. Men take tea hotter than women. In Holland, they eat very hot food and stomach cancer is quite high in that country. Too hot food causes ulcers, too. It was a very good paper.

Johnny Jump Up was won by Mrs. Wallington. There was no social as Mrs. Sweeney was absent. Next meeting is on Feb. 6th at Mrs. Gibson's. Roll call: Exchange of Valentine Candy. Topic: Mrs. Roy Dibben. Social: Mrs. Wallington. Lunch: Mrs. Wilson, Mrs. Cosh and Mrs. Wallington.

The meeting closed with "The Queen" and Mrs. Garnett served a tasty lunch.

Good housekeeping is one of the most important factors in productivity and efficiency regardless of the size of your plant.

ENGAGEMENT ANNOUNCED

Mr. and Mrs. L. R. Metcalf of Vermilion wish to announce the engagement of their daughter Ann, to Mr. Laurie Alho, son of Mr. and Mrs. A. Alho of Thorhild. The marriage to take place on Saturday, February 9th at Knox United Church, Edmonton.

Bob Barr was home from Marlboro last Thursday, visiting his parents Mr. and Mrs. Manson Barr and the other members of the family.

The following floral tributes have been received in memory of Mrs. Francis Telford since the obituary was published: Mrs. Lily Todd, Mr. and Mrs. A. Nickle, Mr. and Mrs. Gordon Brock, Edith Cooper, Ellen Nelson, Fern Burch, Abby Kuehn.

Always remembered and loved by the Family.

Mrs. Mary Iverson returned to her home in Winnipeg recently after visiting for a week with her friend Miss Eleanor Evans. Mr Iverson who came west with his wife is now working with Caron & Calvert on the new school at Kinsella.

Mrs. H. Wear and Mrs. A. Tovell left by Canadian National on Monday bound for St. Mary's, Ontario, where they will visit their brother and sister Arthur Brown and Miss Angeline Brown.

Mr. and Mrs. J. T. Johnson have just returned from visiting friends in Edmonton, their son Jimmy and family at Devon and their two nieces and families at Rimbey, Alberta.

Miss Marion Barr was home last week end from the Royal Alexandra hospital in Edmonton. She was accompanied by Miss Hildegarde Schnare.

Tom Wilson is in Calgary at present where he is taking a course in electricity at the Provincial Technical school. He will be there for eight weeks in all, returning home at the end of February.

A party comprised of Peter Noster of Derwent, Roy Watkins and Cliff McCormick left on Wednesday for Ontario where they will spend a week or two. Peter will take delivery of a new car in the east and the return trip will be by motor. Going east they travelled as far as Saskatoon by Canadian National and from there on by TCA. Quite a number of places will be visited while in eastern Canada and one of the stops is Ottawa where they intend to contact Jim Smith, M.P., and to spend a day in the House of Commons.

1956 Sets Record For Alberta Traffic Fatalities

Last year an all-time high for traffic deaths in Alberta with a total of 257, according to a summary of reports from the R.C.M.P. and city police forces, compiled by the Alberta Safety Council. The total for the previous year was 208. The 257 deaths was 7 more than the forecast made by the Safety Council earlier this year.

At the end of June the death toll was only one more than at the corresponding date in 1955, leaving only the last six months of the year to account for all but one of the 47 death increase. The holiday months of July and August saw only small increases while the September toll was down. Two bad months, October and November with 41 and 26 deaths respectively accounted for an increase of 34 deaths over the same months of 1955.

December, a notoriously bad traffic month all over the continent ended with only 13 deaths in Alberta, a fact that strengthens Safety Council's belief that intense safety campaigns save lives. Such campaigns have been conducted for the past two Decembers with the death toll reduced to 13 and 4 from the 1951 and '53 figures of 30 and 37 respectively. This is 46 deaths less in the last two Decembers preceding.

The heavier volume of motor vehicle traffic is believed to be largely responsible for the increased number of accidents and persons injured. The accident total rose from 17,579 to 19,439 and injuries from 4,061 to 4,802.

In December, 13 of the fatalities were reported by the R.C.M.P. at rural points. In addition Edmonton had one and Lethbridge one. In the same month of 1955, there were four deaths, all at rural points.

CARD OF THANKS

I wish to thank all those who were so good to my husband and family and myself during the time I was in hospital. Thanks so much for the lovely flowers, baskets of fruit, chocolates, gifts, cards and personal notes, and all those who visited me. All was deeply appreciated. Thanks to Dr. Stephens and the efficient nursing staff and matron of our most modern hospital.

Record Insurance

Canadians bought a record amount of new life insurance during November following a several-month-long trend toward substantially greater year to year purchases, reports The Financial Post.

During the month life companies report sales topped $441 million, 31% higher than in the same month in 1955. And this compares with the month before's $371 million which represents a 25% year to year gain.

MARWAYNE NEWS

The Home and School held their meeting Jan. 9th. A film was shown and a good discussion followed. There were eight tables for whist on Friday night, the winners being Mrs. Harrington and Mrs. W. Hancock playing as gentleman, for first and Mrs. Sinclair and Mr. Ferguson for consolation. The next whist drive will be Jan. 25th. Everyone welcome. For the next H. and S. meeting which will be Wednesday, Feb 13th at 8:15 p.m., the guest speaker will be Mrs. Hunter, Vice-President Extension and Conferences of the Alberta Federation of Home and School. We would like to see a good crowd out that night, invitations are being sent to several associations around. Please note the date.

Following are the names of the winners for our beautifully decorated houses during the Christmas season: 1st, H. Wilson; 2, J. Spence; 3, J. Reinheimer.

Jim Hale is in the hospital, while those just returning home from there include Mrs. Fleming, Dennis Lumley and Baby Allen.

Mr. and Mrs. G. Hancock are taking Larry to a specialist in Edmonton.

Mrs. Ruth Anderson, Mr. and Mrs. M. Gudzowaty and Maurey spent their Christmas holiday in Edmonton.

Mr. and Mrs. W. Kinshella, Karen and Wayne, Mr. and Mrs. Lloyd Berg, Dwight and baby were in Edmonton to see Mr. and Mrs. Norman Murray and their new daughter Cindy Lou. Congratulations Norman and Marion.

Mr. and Mrs. Perks, Mr. and Mrs. Craig and Dale went to Lamont to see Betty and Muriel get their caps.

Bishop Clark will be in Marwayne on Sunday, Jan. 20th at 11 a.m. to dedicate the new St. George's church. A cordial invitation is extended to anyone wishing to attend.

Our genial Canadian Utilities man, Jack Wright, is being promoted to another position, so Mr. and Mrs. Wright and family will be leaving to make their new home in Vegreville as soon as another man is posted here.

CLANDONALD HALL
Showing on Fri. and Sat., Jan. 18 and 19 at the Clandonald Hall, "The Story of Sea Biscuit", a drama starring Shirley Temple, Barrie Fitzgerald and Lon McAllister. Communist China: Jan. 25 and 26 — "My Pal Gus".

Traffic Safety Lane

MR. J. W. McKAY, Director of Safety Education, Department of Highways.

RESPONSIBILITIES IN CASE OF ACCIDENT

Any accident situation discloses your personality, character and sense of social responsibility. It imposes definite, clear cut obligations on everyone involved.

Your first obligation in an accident is to "stand by". Running away from an accident is as cowardly a thing as one can do, especially if someone has been injured. The hit-and-run driver is held in the lowest possible esteem by his fellow men, for he proves himself without honor and humanity.

A driver's obligations, when involved in an accident, are both moral and legal. The absolute minimum he should do is:

- Stop immediately
- Render assistance
- Obtain medical help if needed
- Call an ambulance if required
- Give his name, address and license number
- Remain at the scene until no further help is needed
- Make an accident report promptly to police and insurance company

When rendering assistance to injured persons, use extreme care in handling them. Wanting to help an injured person is natural impulse. But Red Cross and First Aid experts warn that good intentions are not enough. Exact knowledge and skills are needed. Unskilled handling when there are broken bones can easily increase the injury and even cause death. Avoid hurriedly moving an injured person to wrap him in a blanket and rush him off in a passing car. The natural impulse to assist him may be the cause of his death.

The fundamentals of First Aid are a nice thing to know by everybody. Your knowledge may save a life. Every driver should take it upon himself to learn emergency First Aid. Every automobile should carry an "Emergency First Aid Kit".

In these days of continuous heavy traffic and with a steady growth of "reckless driving", accidents can happen anywhere at any time. As you drive along our highways, you may run onto an accident where injury is involved, that person needs help. Could you render that needed help?

Knights of Columbus regular meeting changed to Tuesday, Jan. 22nd. 27-8

NEWS from ISLAY

The January meeting of the United Church W.A. met on Thursday afternoon at the home of Mrs. Sweet. The cold weather did not deter the women as 25 were in attendance and full of enthusiasm. Scripture was the parable of the Good Samaritan, the hymn, "Standing at the Portal". A letter from Miss Marion Boyd, B.A., who is studying in Lisbon, the language in preparation for doing missionary work in Angola, was read. At a previous meeting it was decided to have a project for making some money to send for her use in mission work. Ideas were put forth for doing same and one was accepted. A sort of thank offering, 5 cents for each year of one's age to be given at the February or March meeting. The women are remembering Miss Mae Shields also, who is in Bolivia. Both girls are considered of Vermilion. The Islay W.A. ladies were fortunate in having Miss Mae Shields speak to them when she was home on furlough. The program for the year was arranged; money was voted to the Bazaar committee as there will be a bazaar in the [illegible]. The financial report showed a [illegible] year and the building [illegible] is growing, besides contributions last year to the Bible Society, the M. and M., Lake Whitney Camp, the Naramata School, Alberta College, and the W.M.S. allocation was met. We must not forget the delicious lunch served by hostesses Mrs. Sweet and Mrs. King and a pleasant visit all round.

The Home and School Association expects Don Claytor to speak in the hall on Feb. 1st.

Mr. Clarence Robertson enters [illegible] this Monday for an [illegible] operation. We all wish him the [illegible] and a quick return home. His business will be attended by Ken Reid, so business as usual all patrons. Call 10 for your needs.

Ah yes! You should step into the J. E. Miller store, another addition has been made, a huge Coolmaster, to keep vegetables and fruits in best condition. An open deep freeze, a beauty too, and also another closed deep freeze for meats and other frozen foods. Just have a look — you will be tempted to buy.

Islay may be a small place, but it's a good place to live — we have some excellent facilities and prices are reasonable too, let us use them and keep them here, right at your fingertips.

Noticed Max Kneen in town Saturday — he says Islay is a good place. "I'm using the hospital". He was taking home one of the wee folk who had been ill.

Congratulations to Mrs. Wallington — may you write for "The Standard" many more years. We have often heard it said of our paper "Isn't it the friendly paper?"

The 4-H Sewing club met in the school Jan. 9th. The next meeting will be Jan. 16th if the weather is favorable, if not, on Jan. 23rd. The roll call for next meeting is a time or labor saving hint. Sharon Redmond is press correspondent.

Church service will be held on Sunday Jan. 20th at 7:30 p.m. Everybody welcome.

Veterans Building With V. L. A. Assistance Highest in Edmonton Area

Veterans building with V. L. A. assistance in the Edmonton area outstripped the rest of Canada in 1956 and another big program is expected in 1957. This is especially true under Part 11 of the Veteran's Land Act where a veteran may be his own contractor and build his own home on a city or town lot.

Part 11 of the Act, which was sponsored by the Canadian Legion has been in effect for two years. Montgomery, Kingsway, Wainwright, Redwater, Vegreville, St. Paul, Wetaskiwin and Athabaska branches have all contributed to the success of our plan.

The benefits of the Act under Part 11 are particularly attractive to veterans with limited capital who wish to build a modest, attractive and modern home. All that is required for veterans of World War 11 and the Korean War to be able to qualify is to have the necessary service, a job paying sufficient to qualify for the C M H C loan, a lot worth at least $800.00 or the funds to purchase and a small amount of capital to take care of incidentals. Applications may be made at the V. L. A. Regional Office in Edmonton or with the Settlement Officer at points out of the city.

On being qualified a veteran will then be eligible to attend construction courses either in Edmonton or at points outside the city where there may be groups of five or more.

A five week construction course, with classes two evenings each week will commence in Edmonton on January 28th for those already qualified and a second school will start on March 12th. The purpose of these schools is to teach the fundamentals of home building so that a veteran may be capable of taking care of the details of his own contract and do a substantial part of the construction.

Under Part 11 of the Act a veteran has the advantage of acting as his own contractor, being able to attend construction classes, interest free legal service and V. L. A. construction supervision.

For veterans who wish to become established on small holdings, the benefits under Part 1 and 11 of the V. L. A. are still available. A considerable number of veterans built their homes under these sections of the Act in 1956. Parts 1 and 111 incorporate the advantages mentioned under Part 11 plus the opportunity of earning a substantial grant in ten years, low interest rate, small monthly payments and a comparatively small capital debt. However, in most cases considerably more capital is required because of the necessity to repay Re-establishment Credits, pay a deposit of $1300 on the $8100 available and pay any excess over $8100 the establishment might require.

The Edmonton Regional Office of the V. L. A. and Settlement Officers at points outside of the city will be pleased to give further information to veterans who may be interested.

THE STAGETTES

A happy 1957 to all you lucky people, especially the progressive office holders in the Stagette club . . . "A mutual admiration society". Diamonds, diamonds, diamonds were flashed around before the end of '57 by the president, secretary and treasurer. Girls! The end of the year is really the end of May.

Getting back to the club room and activities of a more strenuous nature. We hope to have a few full fledged members shortly. The financial report showed a small profit for activities before the end of '56. Thank you notes were received and good will messages related. We had a wonderful Christmas party, thanks to Kae and Tanis — two perfect hostesses. Hope the next meeting can be arranged so we all can attend. The writer missed going. By the way, girls, we won our game.

The next major step will be Convention. Who will be the delegate? Or who will have the Convention? Put your thoughts together, gals, and think deep!

See you all at the next meeting. What! No checking?

SQUARE NOTES From Circle 8

The Circle Eight Club got the New Year off to a real fine start with thirteen squares responding when local caller, Johnny Maxwell called, "Sets in order". As an added attraction, a blindfolded square danced in their stocking feet around, over and on a "cream pie" in the centre of the set.

This Saturday, January 19th, is our regular dance night in the Legion Hall with Harold Schacher at the 'mike'. Art Ziegler will be our guest caller on Feb. 2.

We have had so many requests from non-square dancers to get into the fun that we are sponsoring another series of lessons. Any member of the executive or Johnny Maxwell will be pleased to supply further details. If you already belong, why not tell your friends of the fun we are having so that they will get in on it too.

If you have been forced to miss a number of dances and hesitate to return because you feel stale, you are welcome to attend the lessons and brush up. Remember if you are a new member or an old one, the Circle Eight invites you to Square Up!

'Gay Nineties' Plan Banquet and Dance

A banquet and dance will be held at the Legion hall Jan. 23 at 6.30 p.m. To assure accommodation and avoid disappointment a ticket deadline date has been set for Jan 19th. So please pick up tickets for yourself and for your guests before then, at any of the following convenient places: Vivian's, Locker Plant, Bob Pettigrew (McColl Frontenac agent), Reg Ireland at Wainco Service, in Islay at the J. E. Miller store. 27-8

Mannville and District Local News

Sunday visitors at the home of Rev. and Mrs. MacPherson were Mr. and Mrs. W. Johnson and Rev. and Mrs. Sewell of Edmonton.

Mr. and Mrs. Twe Horton (nee Adele Matney) are the proud parents of a baby daughter born Monday, Jan. 14. Mr. and Mrs. E. Matney made a quick trip to the city to see their daughter and granddaughter.

Mrs. E. Hubbard and Karen, Mrs. E. J. Lugg accompanied Mr. Ralph Leitch to Edmonton on Sunday. Mrs. Hubbard reports Mrs. Reg Lugg as well as can be expected after such a serious operation. She is in the Misericordia hospital. Her many friends wish her a speedy recovery.

Mr. John Burke of Montreal who is with the Bell Telephone Co. made a quick trip to visit with his sister Mrs. J. J. McLaughlin last week end. He was on a job in Regina in connection with micro wave transmission lines.

Mr. Jack Bryden has returned from a visit to the Pacific coast. He reports a wonderful time visiting former Mannville folk.

Mrs. Chris Gadke left on the week end for a holiday trip to California. She will visit at Lodhi, for a month with a sister that she hasn't seen for more than thirty years.

Mr. A. E. Williams motored to Barrhead on Sunday to visit his brother Frank who is a patient in the hospital there. He was accompanied by Mr. and Mrs. Gordon Williams of Vermilion.

The sympathy of the district is extended to Mrs. W. F. Smith and family in the death of husband and father, [illegible] Smith in a [illegible] accident last week end. Funeral services were held in Edmonton with Rev. [illegible] MacPherson officiating.

Mr. and Mrs. N. Crooks left on Sunday for Edmonton. Mrs. Crooks will visit there while Mr. Crooks will go on to the coast for a three week holiday. Mrs. E. Pedersen is assisting in the post office during his absence.

Pleasant Valley News

He came upon a midnight clear on Dec. 21th to be exact, when a son was born to Mr. and Mrs. Lloyd Gould. They have named him Arthur John. Betty spent Xmas in the hospital but rather enjoyed it being the only patient in that ward she did not lack for either attention or goodies.

Christmas is over again but why not be as happy all the year through without the glitter and litter to say nothing of all the turkey dinners and trimmings.

The weather and roads certainly keep people on the move. It seems as if the old time house party is on the upsurge again with all its old tricks and games.

The writer noticed Leslie and Rena out loading bundles. Good for your health Rena.

Mrs. Potvin and son Billie spent a few days in Edmonton last week.

Congratulations to Mr. and Mrs. George Purves on the birth of a daughter.

Nicely done Mrs. Burton, we just heard over the Aylmer program that you won $40. This should call for a party the next time we meet!

Sorry that we missed you on Saturday Mrs. Moore, where did you hide? Still cannot find Mrs. Wallington on Saturdays — next time we'll look in the dress shops.

Have a nice narcissus in bloom and three hyacinths in bud. Seed catalogs are arriving, next thing we know it will be spring!

C.G.I.T. Will Learn Copper Tooling At Mannville

MANNVILLE — The Mannville C.G.I.T. held their regular meeting on Monday evening in the United Church hall with four members present. The roll call was answered with a Bible verse from the book of St. Mark.

Mrs. A. Hubbard read an article on how the carol "Silent Night" was written. Mrs. Hubbard and Miss Joan Lynch are the C.G.I.T. leaders.

Plans were made to start copper tooling at the next meeting under the direction of Miss Jean Allenach.

Mrs. Hubbard served a delicious lunch.

During 1956, Canadian National Railways invested more than $96 million in new freight and passengers cars and diesel locomotives.

Former Local Man Dies In Edmonton

Neil Albert Taylor passed away on January 9th at the age of 28 years in the Aberhart Memorial hospital, Edmonton, following a lengthy illness.

Neil is survived by his loving wife, his parents Mr and Mrs. Bert Taylor of Edmonton, one sister Mrs. Norma Donnelly, and one brother Lorne.

Neil was well known in Vermilion, having been born and growing up here. A more complete obituary will appear in a later issue.

OBITUARY

MRS. RODERICK McKENZIE

On January 13th Mrs. Roderick McKenzie passed away at New Westminster, B. C. She leaves her sorrowing husband and two daughters, Mrs. Gordon Dow (Nellie) of Clandonald, and Mrs. Philip Walker (Carmie) of Vancouver. Another daughter, Rhoda, predeceased her mother. There are also eight grandchildren.

Mr and Mrs. McKenzie farmed in the King Edward district for many years before moving to the Pacific coast.

Mrs. McKenzie visited the home of her daughter and son-in-law, Mr. and Mrs. Gordon Dow, renewing old acquaintances in the district. Mrs. Dow flew to her mother's bedside when hearing of her illness, but returned to spend Christmas with her family.

Regional Official Stresses Child Welfare At Islay Home & School

A very interesting address was given at the meeting of the Islay Home and School Association which was held on Monday, Jan 14th, by Mr. Lawson Allan of Chauvin.

Home and School officials are more aware than ever of the importance of Child Welfare. Education is only as good as you the parent can make it. The way a child and his teacher get along reflects on the parents' attitude to education. All problems a child runs into at school springs from the student's background. This is where the Home and School plays such a vital part. The parents and teachers are brought together to get a better insight into the problems arising in school today. The teacher can only get as far as the parents let him.

With new industries springing up all around us there are more job opportunities than ever before but it is an education that lands you the top jobs. Taking the 1943 class of beginners we find that only 9% of this class got their high school. The Home and School can and will aid financially and show the students who can't afford their schooling where they can get the aid to put them through school.

Mr. Allan stressed here the importance of giving the teacher encouragement when things are going well. It is a poor parent who comes only to criticize.

There are a multitude of reasons why there is a teacher shortage. There is no one reason you could point to. One of the first is lack of prestige. Just a parent's criticism of teachers will discourage a student from taking up the profession. In the thirties teaching was a last resort in making a living. This has built an unfavorable impression that we still have with us today. Today, a large percentage of our [illegible] women. We would be in a terrible predicament if they decided to turn back to their homes.

At all Home and School executive meetings the Department of Education sends a representative. These people are very encouraging with advice on problems arising. All provincial conventions are attended by the Deputy Minister of Education and representatives of the A. T. A. The school superintendents work willingly with the H. and S. too and often aid in establishing new associations.

Mr. Allan stressed the importance of attending the conventions. There is such enthusiasm created in the members attending that very often it creates new interest in local Home and School for the people only mildly interested.

The Federal Home and School has been limited in their activities by the per capita fees sent in by the local organizations. It was pointed out that many on the executive have done their work on their own funds. A fee of 50 cents would cover activities better but this raising up to 50 cents is still up to the locals. Breaking down the 25 cent [illegible] 13 cents paid the two secretaries at the Federal office in Calgary; office space is free; 5 cents paid expenses for the president, vice-president and secretary. These expenses paid for the conferences held with local organizations and different executive groups. This also pays expenses for conference organization. Two cents paid for three executive meetings a year plus two sub-executive meetings; Four cents went to pay membership to the Canadian Federations of Home and School; 6 cents paid for conventions. This would not be needed if the local organizations sent in their $4; 3 cents paid for publishing the Home and School News. It is hoped that in a little while this paper will be on its own feet; one cent for special programs such as teacher recruitment. A lot of these programs are financed by the people concerned with the executives working on no salary.

Finally Mr. Allan spoke on local problems arising. The Home and School does not work in vain. The different committees and federal officials are always willing to answer questions and help with problems. Personal contact is very important and more of it is being planned.

Mr. Allan was pleased to see the President refer to the literature sent out and to see that these were brought up and not neglected. It is a problem in many places to get the people to participate in discussion.

The guest speaker was warmly applauded and everyone came away enlightened on Home and School activities.

Revival Campaign Planned For Alliance Tabernacle At Marwayne

MARWAYNE—Rev. Roland M. Gray of Butler, Pa. will begin a Revival Campaign, Tuesday, January 29th at 8 p.m. in the Alliance Tabernacle in Marwayne. The Campaign will continue through to Sunday, Feb 10th.

Mr. Gray has been in the ministry for over 35 years. He has two sons in the ministry in the United States. As an evangelist for the Christian and Missionary Alliance, he has travelled extensively in the United States and Canada.

The services will be held each night at 8 p.m. (except Saturday) and on Sunday at 3 p.m. On each Sunday there will be a special Healing Service. Watch for the time announcement.

The Alliance Tabernacle, in Marwayne, is part of the world wide Missionary organization founded in 1887 by A. B. Simpson. Today the Alliance have almost 1,100 Churches in United States and Canada and have 730 missionaries working on 20 fields in the world.

Come and bring a friend.

Sportsmen's 'Spiel Cancelled; Lack Of Entries Cause

Only some twelve rinks were interested in curling for the big prizes in the Sportsmen's 'spiel scheduled for the Vermilion rink this week, consequently it was necessary to cancel the event. Of the entries five were from Edmonton and the names of the skips apparently discouraged local and district competitors.

Mr. and Mrs. Francis D. Gannon of Red Deer
—Photo by PHOTOCRAFT

Holy Name Church Recently Scene of Pretty Wedding

A quiet but pretty wedding was solemnized at the Holy Name Catholic Church in Vermilion when Florence Virginia Tattersall only daughter of Mr. and Mrs. John Tattersall of Kitscoty became the bride of Francis Derrick Gannon, second eldest son of Mr. and Mrs. Tom Gannon of Vermilion. The wedding took place on Friday, December 7th at 11 a.m. Rev. Father Landrigan officiated at the service.

The bride, who entered the church on the arm of the groom's uncle, looked charming in a white net over satin wedding dress of white lace bodice trimmed with pearls and sequins. Her three-quarter length veil, which matched the bodice of her dress, was held in place by a beaded coronet and her only jewelry was a matched set of rhinestone ear rings and necklace, a gift of the groom. She carried a bouquet of sweetheart roses and heather.

The two bridesmaids, Miss Gloria Gannon and Miss Marge Cowan of Red Deer, wore cocktail length gowns. Miss Gannon's dress was of ice-blue nylon chiffon and Miss Cowan's was coral net over taffeta. They wore identical matching headdresses and mittens. Their jewelry was matched sets of Alaskan Black Diamond earrings and necklaces, gifts of the bride. They carried bouquets of white carnations with fern.

The two best men were Leo and Bill Gannon, brothers of the groom. Gifts of the groom were gold cuff links and tie pins. Jack McLean, brother-in-law of the groom, ushered the guests to the pews.

The bridal party entered the church to the strains of the wedding music played by Jim McGaughey. During the marriage service the choir sang "On This Day O Beautiful Mother."

As the bride and groom left the church, they were showered with confetti and good wishes. A few flash pictures were taken.

The bride's mother chose for the occasion a navy blue dress with pink accessories. Her corsage was of white carnations and fern. The groom's mother wore an avocado green dress trimmed with white. She wore matching accessories and her corsage was also white carnations with fern.

A wedding reception was held in the Brunswick hotel at which guests gathered for a turkey dinner with all the trimmings.

The bride's table was centred with a three-tiered wedding cake flanked by pink roses. Two love birds holding rings on a stand made an attractive top for the wedding cake.

Rev. Father Landrigan proposed the toast to the bride to which the groom responded.

During the reception Mr Peter Falyk of Edmonton took a number of colored flash pictures. Miss Sheilah Gannon of Edmonton was in charge of the guest book.

The wedding dance was held in the evening at Islay which numerous friends attended. For going away the bride chose an arnel tweed suit dress of charcoal grey with white flecks. The young couple are residing in Red Deer.

Out of town guests were Miss Sheilah Gannon, Edmonton; Mr Peter Falyk, of the city Police Force; Mr and Mrs Henry Ton[illegible], Wainwright; Mr and Mrs Jack McLean, Lloydminster; Miss Marge Cowan, Red Deer; Miss Helen Drysdale, Lloydminster; Mrs Gloria Gannon, Vegreville; Mr and Mrs Durward Bowan, Dewberry; Mr Bill Gannon and Mr Leo Gannon, both of Drayton Valley.

Vermilion School Trustees Hold Annual Meeting At Kitscoty

The general meeting sponsored by the Vermilion Trustees Association was held in Kitscoty recently. The meeting was opened by the singing of "O Canada". The president, Mr. R. Golightly, was the chairman, assisted by Mr. J. R. Robson and Mr. Jas. McCorry. Mrs. R. Golightly, secretary, took down the minutes.

Mr. H. Stokes welcomed the audience, and this was followed by the president's address. Fraternal greetings were given by Mr. R. Mead of the Vermilion School Division and Mr. D. Clark, ATA president.

Mr. S. Simonson, the superintendent of schools, gave an inspiring talk on "Classroom Problems" outlining the many difficulties facing our educationists today. He gave some information on the problems of the over-bright and the immature children, and homework. He praised local boards for their fine work during last winter's difficult times.

During the lunch hour the new additions to the Kitscoty High school were inspected and Mr Richardson, the principal, kindly showed the visitors around and answered questions.

Mr. L. Brown, official trustee gave his address on "Education Costs" which was concise and enlightening. He compared the costs of 1939 with today, the difference today is very great. As every division wants new equipment, etc., experts are needed to help maintain our position.

Mr. E. Parr spoke on "Other Viewpoints". He is the new president of the Alberta School Trustee Association and lives in the Athabasca S.D. where many negroes along with white people pioneered. From very small beginnings their division has become well settled through co-operation and friendly relationship, and have modern schools and a fine attendance.

Mr Wiedmhamer the new ASTA secretary spoke briefly on the Association work and impressed on the gathering that the Department of [illegible] and administrators need every assistance and much of this can be had through local school boards.

Mr. Johnson of the Edmonton Home and School gave a fine talk on their work and aims. While trustees and divisional boards are concerned over education costs, the Home and School are interested in the children — bettering the welfare of the high school students and helping the younger children to be better citizens. The citizens of tomorrow must be endowed with intelligence to avoid disaster, and they must do a better job than the adults of today as they will live in a future world.

Miss Beverly Jack sang two lovely solos entitled "Anytime is Kissing Time" and "I'm Happy to be Good". The ladies of Kitscoty served a delicious lunch donated by the town which was much appreciated.

Hon. Mr Anders Aalborg, the minister of education, spoke on "Time For a New Deal in Municipal Finance". As conditions today change rapidly soaring costs cause grave concern. He compared costs of education in 1947 with today and the difference was astounding. He [illegible] the different forms of taxation and the methods by which they are collected. He assured those present that Alberta would not have a sales tax as has been rumored. Complications have arisen over distributing grants and a more favorable formula is soon to be found. Many questions were asked and were ably answered by Mr Aalborg who then read the resolutions. There were seven and three were passed. One on school textbooks rental plan has gone through to the department.

Mr E. Schurman gave a vote of thanks to Kitscoty musicians; Chairman of Divisional Board Mr. Clark; Mr. Brown, Mr Simonson; Mr. Parr; Mr. Johnson; the guest speaker Hon. A. O. Aalborg; Mrs. R. Golightly, the secretary; Mr R. Golightly, the president, and all the ladies and the Town Council of Kitscoty and everyone who helped with the convention.

The meeting was adjourned at 7 p.m. with the singing of "God Save the Queenn", all being satisfied that the convention had been very successful.

Championship Win

For the first time in history, an Albertan carried away the Joyce Trophy at the British Columbia Poultry Show. The Trophy emblematic of the best bird in the show, was awarded to Ed Brewitt and Sons of Michichi, Alberta. They won with their entry of a Black Red Modern Game Bantam Cockerel. The competitions were held at Exhibition Park, Vancouver Dec 1st to 3rd.

The Brewitt's are consistent winners and captured eight firsts at last year's B.C. Winter Poultry Show.

Vermilion W. I. Has Active Year

Vermilion W. I. was held Jan. 8 at the home of Mrs. J. D. Perkins with 11 members reporting. Six sick calls, and 3 get well and 7 sympathy cards sent. Fowers were sent to the patient in the W. I. ward of the local hospital at Christmas, as well as Christmas cards to all hospital patients confined at that time.

All were happy to welcome a new member Mrs. Flo Maskell.

Tribute was paid to memory of a departed member, Mrs. Clara Cameron, and one minute's silence observed.

Yearly reports were read and showed an active and worthwhile year. There are 20 members, reported 148 sick calls, sent 36 get well cards and 22 sympathy cards, donated to all worthy projects as well as new and used clothing for Korea and Unitarian Relief. Members are saving woollens to be sent to be made into blankets in the near future.

Mrs. Dell Astley gave an interesting paper on Home Economics followed by a buzz session when each member was given a slip of paper with a question on it. These questions were read out and fully discussed by all, which proved both interesting and instructive.

The program for 1957 was planned and will be ready to distribute at the February meeting.

A delicious lunch complete with Christmas cake was served by the hostess, Mrs. J. D. Perkins, assisted by Mrs. O. Clark and Mrs. M. Clark.

The mystery box was won by Mrs. M. Clark.

Next meeting will be held on Feb. 12th at the home of Mrs. Helen Bell, with a demonstration of making artificial flowers from wood fibre by Mrs. M. Davis.

LIVING COSTS UP

Living costs edged up again between November and December, reports The Financial Post. Although the increase is smaller than in earlier months. In December the consumer price index reached 120.4, fractionally higher than the month before's 120.3 with a slight dip in food prices more than offset by higher shelter, clothing, household operation and other service costs. Index stands almost 3% [illegible] year-earlier level.

The magnificent new
CHRYSLER '57
The new Chrysler for 1957 has most assuredly earned the distinction of being called "...Ideal."
For in its long, graceful lines there is a kind of beauty that is both timely . . . and timeless. A beauty perfectly in harmony with today, yet possessed of an enduring quality that will enable it to pleasure for many years.
And, as you'd expect, the engineering of the new Chrysler is as flawless as its styling. Chrysler, this year, brings you many new developments, such as auto-smooth Torsion-Aire Ride . . . a remarkable new three-speed automatic transmission . . . and an engine with greater power than any in Chrysler history by the new Chrysler room. We know you will be pleased.
A new sense of action is yours in the '57 Chrysler with Torsion-Aire Ride. There is no feeling of bouncing as you round corners, virtually no bumpiness, even on rough roads, and no uncomfortable dip of the head when you brake.
A new pride of ownership is yours, too, with the 1957 Chrysler. For its Flight-Sweep styling reflects not only a look of supreme beauty, but of good taste. It is the car for those with an intuitive appreciation for the finest.

OUR LETTER FROM EDMONTON

Few Changes Are Foreseen In Alberta's Liquor Laws

EDMONTON Alta — If the news that leaked out last week is entirely accurate — and there are strong indications that it is — there will be few changes in the amended by the legislative committee on liquor.

According to word from very reliable sources the only big change would be abolition of the liquor permit system and provision for local option votes on mixed drinking in Edmonton and Calgary beer parlors.

The committee also is expected to recommend identification cards for person between 21 and 25 years to prove their age when entering beer parlors, and a reduction in the number of rooms a hotel must have to obtain a beer license. It also may ask the government to allocate funds for advertising and educational campaigns to promote modern...

Beyond that, and to the surprise of many observers, it appears the committee has done very little. Of course, its report still is to go before the legislature but if the government supports it there is little doubt about it being endorsed.

It should be pointed out that the report of the committee's findings was unofficial, and the leak caused considerable consternation around the legislative building. So far as the committee is concerned, it has reached nothing until the house is in session next week.

But the unofficial report came as a surprise to many observers, because the committee had been expected to recommend sweeping changes, including provision for new liquor outlets such as cocktail lounges. It is known that at the start of the investigation some members of the Roman committee favored relaxation of the Liquor Control Act.

Even more surprising was the report that four of the eight committee members are not entirely in agreement with the report and will hand in minority reports. They are the chairman himself, Social Creditor Edgar Gerhart of Edmonton; Liberal Richard Hall, Athabasca; CCF'er Nick Dechenski, Wilkinson and Social Creditor Ira McLaughlin, Grande Prairie.

The other four members are Social Creditors Anders Aalborg; J. Percy Page, Conservative MLA for Edmonton and Social Creditors Chester Sayer of Camrose and Harry Strom of Cypress.

The big question here is what happened in the committee's earlier attitude that the liquor laws were outmoded and needed changing? There have been suggestions that Mr Aalborg, the only cabinet minister on the committee, was placed there to represent the government's viewpoints and steer the group toward that viewpoint.

It could well be that after their year-long study the members found no need for major changes, but the four dissenters seem to eliminate that possibility.

It should be noted that when the committee was set up by the legislature on the motion of Premier Manning, it was stated that the liquor laws are outmoded and should be changed because they do not serve the purpose for which they were intended. The committee was instructed to study the problem and find a solution.

Some of the questions may be answered when the report is tabled in the legislature.

I still predict that Premier Manning will call for a free vote on recommended changes, especially if the government introduces bills to implement them. There are bound to be disagreements on both sides, and the premier won't want to run the risk of the government's being defeated.

All in all it shapes up as an interesting session when members of the legislature gather again in the capital city Feb. 14 to open hostilities for 1957.

WOODVALE

Dance at Woodvale Community Centre on Feb. 1st, 1957. Young's orchestra. Everybody welcome. 29-4

WOODVALE

The dance at the Woodvale community centre on Jan. 4th was such a success that immediately a date was set for another on Feb. 1st with the Young orchestra again furnishing music. No regular card parties are being held this year, though a few seniors into fairs as debates will be organized.

The Willing Workers club of the Woodvale schoolchildren can look back on a very successful year. They raised enough money to buy 100 bags of Xmas treats and are very proud of the film strip projector they got for use in the school. It is so easy to put up and can be run even in daylight and helps tremendously in illustrating subjects under study. The parents have been most co-operative in helping the youngsters to finance their projects. At the recent meeting of the club they chose a new executive and new Bill Sweeney is president, Dorothy McLean is vice - president, Marjorie Perry, smith secretary and Patricia Farnsmith treasurer.

Two of the Walkermeyer children are again staying with their aunt, Mrs. Gordon Farnsmith while their mother is in the hospital.

Several Tolland F.U.A. members attended the Grizzly Bear F.U.A. meeting at the Woodvale school on the 7th. There will be no amalgamation of the two groups as the territory covered by the organizations is already very large. Occasional meetings however will be held together in the future.

The Tolland delegation to the municipal meeting on 8th were very glad to learn they have the proposed zoning by-law does not apply to the farm community here. The full by-law, five pages of it, is posted at the Tolland store for anyone interested to study.

The Ganton-Watson Auxiliary met at the home of Mrs. Harry Portsmith on Jan. 8th and while making another quilt, the nine members caught up on the Christmas and other entertainments and the happenings of the past few weeks. Two thank you letters were read and having handed in articles for used clothing for Hungarian refugees in Edmonton members will leave clothing at the store to be forwarded as soon as possible. After the busy afternoon the delicious lunch served by the hostess was much enjoyed. The next meeting will be held on Feb. 6th at the home of Mrs. Ray McQuat.

Mrs. Margaret Watson has another grandson born on Dec. 25. Glenn Douglas. She went to see him on Dec 31st. when Lily was just home from the hospital with the baby.

Johnny Watson is working at present in a lumber camp near Marlborough with the Erik Nelson outfit.

Herman Wolters is building himself a nice new house on his farm and with the help of Harry Portsmith the progress is rapid and the house should soon be ready.

Appoint Specialist In Home Designing

New tasks in the New Year confront Miss Carol Sanderson. She is the newly appointed Home Designing Specialist for the Alberta Department of Agriculture who hails from Minnedosa, Manitoba, announces Hon. L.C. Halmrast, Minister of Agriculture. She will fill the vacancy left by Miss Eileen Crowther.

This talented young lady received her Bachelor of Interior Designing Degree from the University of Manitoba. Aside from experience in lecturing at Technical Vocational High School in Winnipeg, Miss Sanderson also has architectural training. She is in a position not only to deal with interior decorating problems but also with the planning of new homes and remodelling old ones.

In this regard the Home Economics Service, through which she works, has bulletins available on "10 Farm House Plans" and Kitchen and Utility Rooms. The blue prints for these are available at a nominal charge.

If you have any special problems or desire help in this field Miss Sanderson will be glad to look after your needs. She may be contacted through The District Home Economists or by writing direct to her at the Home Economics Branch Services, Department of Agriculture.

Chiffon Leads For Evening

From debutante to dowager, this year's fashion story for evening is chiffon. Chiffon artfully controlled for a short dress after five. Chiffon dirtying out in a mist of folds for the mid night ball.

Dior started it. Leading designers in world fashion capitals went along with it. But biggest news from local sewing centres is that the woman who sews her own no longer fears to put her scissors into fabrics as delicate as chiffon.

Chief reason for this new confidence is the precision perform ance of the latest model electric sewing machines. The secret is sewing flimsy material according to finger expertise. Even though your sewing machine is handle the fabric to the best advantage.

Here are some tips on stitching chiffon from your local sewing centre advisers. Select fine sharp needles for both hand and machine stitching to avoid puckering. Lighten the machine pressure a shade and sew with light balanced tensions. Test these adjustments by trying them out on a double snatch of chiffon before beginning to sew your dress.

One more word to the wise—chiffon is a material which may be worn effectively in any season of the year.

THE WORLD OF WHEAT
W. S. McLAREN, Director, Seasonal Departments, CANADA PACKERS COMPANY LIMITED

Challenging the long reign of Marquis wheat which held away in Western Canada for a twenty-five period ending in 1935, the variety Thatcher has now given twenty years of service to farmers the length and breadth of the prairies At its peak, in 1953, it represented approximately 70% of all wheat grown in the west but since the severe epidemic of Selkirk to meet the threat of race 15B, its importance has diminished in the eastern areas of Saskatchewan and Manitoba Despite this quite natural swing to Selkirk for protection against rust, Thatcher in 1956 still accounted for 46% of the wheat acreage in the west or an acreage greater than any other single variety. For the first time since its steady climb after the 20% mark reached in 1942, however, it has failed to occupy more of the wheat acreage than all other varieties put together.

Noted with interest is that the percentage of Thatcher seeded in Alberta during the past year actually increased slightly over the 1955 acreage. Manitoba, where about 63% of the wheat acreage is now seeded to Selkirk and where Thatcher comprises less than 5% is likely to adhere fairly closely to the present variety pattern. Reports from Saskatchewan, where an 11% drop in Thatcher acreage in 1956 was taken up by Selkirk, indicate that next year may see some thing of a swing back to the old particularly in parts of the province which lie outside of the normal rust area. Thatcher, as a variety, therefore, is by no means on the way out. Indeed, it appears that it may have a modest comeback and that it will continue to predominate in Western Canada for several years yet.

"HELLO, HOMEMAKERS"

Last week, my column dealt with color schemes. This week it's a follow up. If you are planning to change your color scheme, you may wish to do your own painting. This week I have a few suggestions on painting which you might find helpful.

CHOOSE PAINT TO SUIT NEEDS

For surfaces that require a good deal of washing, a glossy enamel paint is best This category includes woodwork, bathroom and kitchen walls. Semi-gloss and flat paints are glare free and restful and should be used for the living rooms, dining rooms and bedrooms.

PAINTING

You can paint faster with suitably sized brushes, and though you may need two or even three brushes, the job will be more satisfactory. Use either a roller-coater or four inch brush for walls and ceilings. Use a two of three inch brush for woodwork, a one inch brush for molding and window frames. If you use a roller-coater, a brush is necessary for touching up the corners.

PREPAINTING PREPARATION

(1) Clear room of everything you can. What can't be moved out should be placed in the centre of the room and covered with old sheets.

(2) Spread newspapers on the floor. Wash all woodwork thoroughly. Dust walls and if greasy wash with soap and warm water.

(3) Fill cracks and small holes with patching plaster; let it dry and sand lightly.

(4) Scrape off flaking paint. Seal the bare plaster with a commercial sealer.

(5) When surfaces are dry you are ready to paint.

PAINTING

Stir paint thoroughly. Have a container ready in which to put small amounts of paint. It's easier to handle than a full can. If you use a roller-coater a paint container is supplied with it. If you use a brush, use a coffee tin for paint. Punch holes on either side of the tin just below the rim. Put a stiff piece of wire through the holes and turn ends up or down to suit. Press excess paint from brush onto wire. It also makes a handy rack for resting brush.

I will continue these painting hints next week.

Health Unit Notes

HARD AND ALKALI WATERS

Many of the underground waters in this province contain large quantities of mineral salts. These waters are often referred to as Alkali waters, but this is a term which is misleading. The nature of the salt must be taken into consideration and most of the so called Alkali waters are more correctly termed 'sulphate' waters.

The high mineral salt content of most underground waters is accounted for partly at least, by huge deposits of sodium sulphate commonly known as Glauber's salt, which are found in this part of the province. Not only is Glauber's salt very soluble in water but its presence in solution makes the water a better and not a worse other salts.

Other prominent mineral salts found in underground waters are sodium chloride or common salt, magnesium carbonate and calcium and magnesium chloride. Where there is an excess of limestone rock in the soil formation, calcium carbonate is contributing alkali. It may contain a small proportion of all of these salts in different proportions.

The sulphate salts in water are conveniently divided into two classes, namely, the hardening salts and the non-hardening salts. The amount of hardening salts present is important when the water is intended for washing or as a boiler feed water.

The presence of sulphate salts will tend to make water taste as a laxative particularly on people not used to it. Water with a sum chloride or common salt when in large quantities renders water unfit to drink.

Waters are frequently found which contain iron in solution. Large amounts of iron give the water an inky taste, but even a trace affect the colour of the water. When such a water stands exposed to air the iron in solution undergoes a change from ferrous to ferric oxide and is deposited in the latter form it settles out as a reddish brown sediment at the bottom of the container. During the course of the change a light brownish gas will form on the water and the water will become cloudy. Water containing a considerable amount of iron will stain porcelain, crockeware and clothing and when used for drinking has a tendency to cause constipation. In most cases the iron can be almost completely removed by aeration and filtration.

NITRATE POISONING IN BABIES

No baby should get untested well-water in a formula or between feedings. Do you know that well water containing too much nitrate can make your infant ill? The nitrate is changed in the body to nitrite which is poison and can cause a chemical change in the blood of a newborn baby giving the baby a blue colour. This condition is called Methaemoglobinaemia of the newborn or well-water cyanosis. Immediate attention is necessary because this condition quickly becomes serious.

Boiling the water will kill bacteria and viruses but it will not make it safe for a baby. Boiling will only concentrate the nitrate for a young baby.

3 Have your well water tested as a part of your preparation for the arrival of the infant.

4 Ask your local Health Officer or Public Health Nurse for information.

HOW to get water tested.

Bring sample to Mothers Vermilion Health Unit, Vermilion, Telephone No. 302. Kitscoty Office No. 56, or the Provincial Laboratory, Edmonton.

Station CKSA, Lloydminster, Appoints Engin'r

LLOYDMINSTER — One of Western Canada's leading radio station technicians has been appointed chief engineer at Radio Station CKSA, Lloydminster. The new radio station is currently making technical tests with its 5-tower directional array in preparation for broadcasting next month.

CKSA's chief engineer is Howard H. Simmonds of Olds, Alta. Simmonds comes to Lloydminster with 14 years' experience in technical radio and allied occupations.

Before leaving the broadcasting phase of radio four years ago, Mr. Simmonds was technical supervisor with CBK, Watrous, the Saskatchewan link of the Canadian Broadcasting Corp. network of 50,000 watt stations now operating across Canada. He spent eight years at Watrous.

Prior to this employment with the CBC he was with the technical division of Canadian Pacific Airlines (Prairie Region). For the past four years he was in his own business as radio and electrical contractor.

In his new capacity at radio station CKSA Mr. Simmonds is in charge of all the technical phases of radio operation. This breaks down into three major divisions — transmitter, studio and remote control broadcasting. At the present time he is supervising installation of equipment both at the transmitter site and at the studios. The site is located four miles south of Lloydminster and the studios are at 4918 Meridian Avenue.

The transmitter will be operated by remote control thus eliminating the need for a staff of operators at the transmitter site. All equipment at the site will be automatic. Three masts, one each at the tower bases and the major unit in the transmitter building which is situated near the Meridian highway. This equipment will be operated by remote control from the studios and the only attention it will require is a regular daily check by Mr. Simmonds.

Once CKSA commences broadcasting Mr. Simmonds will be responsible for the entire technical operation to keep the station on the air 18 hours daily. He will be working in close cooperation with the production department and the studio operator manager.

Mr. Simmonds is married and has wife Anne and thirteen-year-old son Allan. They now resident at Lloydminster.

Youll be seeing more of these four-to-five-hour movies, says The Financial Post. Some of the smaller studios are almost entirely devoted to TV film-making. However, the big studios are found to agree that "TV can't touch — supercolossals like Ben Hur, Cinemascope, Todd-AO and Peace. Now everybody's happy making money again.

Ladies' Northern Alberta Curling Play-downs Here Feb. 4, 5, 6

Vermilion has been selected for the honor of playing host to the Ladies Northern Alberta Curling play-downs. This event will take place on Monday, Tuesday and Wednesday, Feb. 4, 5 and 6 and will find rinks from the Saskatchewan to the B.C. boundaries east and west, and from a wide section north and south including the cities of Edmonton, Camrose and Wetaskiwin.

Plans are already underway to give the visiting lady curlers a typical welcome to Vermilion, with a fine time during their stay here.

The Eaton Trophy for lady curlers corresponds to the Macdonald-Brier for men.

Four Winners in Playdowns Mon. and Tues.

Zone Representatives Decided In Ladies' Curling Championships

Four rinks of lady curlers will represent this zone in the Easton Northern Alberta Curling championships and include Mrs. Emma Lacho of Vermilion, Mrs. Wichan of Lloydminster, Mrs. Lloydminster, and Mrs. Ruby Larsen of Buffalo Coulee. The rinks emerged winners following two days of play-downs which have on Monday and Tuesday. The four rinks will continue on to the next step on the way to the provincial championship and Easton Trophy, the Northern Alberta play-off, which will also take place in Vermilion's artificial ice palace.

LOCKS MAKES CLEAN SWEEP

Twelve rinks competed and three were left in the running at round-robins of six each.

In round-robin action B Mrs. Emma Lacho with Louise Langhi at third, Amelia Paynter second, and Ivy Pare lead, swept through without a defeat for five straight wins; Mrs. Wichett of Lloydminster had four wins and one loss. Three rinks were the winners from section B.

THREE WAY TIE IN A

In section A a three way tie resulted with Mrs. Ruby Larsen of Buffalo Coulee, Mrs. Lena Williams of Vermilion, Mrs. Sayles of Lloydminster having three wins and two losses each. To settle the two winners a draw was made with Mrs. Larsen taking the lucky draw, drawing the lye and being the third rink to advance to the Northern Alberta play-downs.

Mrs. Larson and Mrs. Williams played with the second former emerging the winner. Mrs. Larson were Mrs. Art Pinsary, Mrs. Lil Smith and Mrs. Effie Dunne.

CURLING RINKS AND CHAMPIONSHIPS NEXT

The next step in the play-off for the Northern Alberta championships which will also be played in Vermilion on Feb. 4, 5 and 6. This means that four rinks of winners from each zone will meet in Vermilion to decide one of three winners for Alberta. Alberta is divided into four zones, Southern, Northern and Peace River

LEGION POLIO CANVASS NOW IN SECOND WEEK

Returns from the polio canvass have not been added up but the chairman of the canvass committee Mr Vic Tillett reports that the response from the public has been very good indeed. The quota for Vermilion Branch of the Canadian Legion has been set for $1500 but the way it looks now this amount may be exceeded.

As everyone knows polio may strike at any time. Not only children but adults as well are afflicted. We all know someone who was crippled by this dread disease

It must give parents of children contracting polio a feeling of relief when the polio fund representative calls and says the Legion has set the trust fund will be paid for transportation to and from hospitals

Many other bills of a similar nature are paid from the polio fund such as hospital bills, home treatments, iron lungs, etc. There is no overlapping as the government pays hospital bills only, so the polio fund picks up where the government leaves off.

People in this district who have friends or relatives in polio wards are ready supporters of the polio fund as can be seen by the collection also to families that have been stricken to be sure of. Well, I'm glad that I supported the polio fund when I had a chance.

It is very likely that some people may be missed by the canvass. They will no doubt wish to have a part in the campaign however, so for their convenience the following members of the Legion will have receipt books and will be pleased to take donations. Ted Earls, W. Tillett and E.H Buckingham

Vermilion High School Curlers Win Zone Championship

The Vermilion high school rink composed of Brent Long, skip, Don Sunert third Bill Tough second and Pat Bentley, lead, won the right to represent Zone 3 in the Tarfer Presents Cup, won play-offs for the Northern Alberta Championship.

The schools competing in Zone Eight and who played in Vermilion Friday and Saturday were Paradise Valley, Buffalo Coulee, Mannville, Marwayne, Dewberry, Derwent, Heinsberg, Chauvinist, Vermilion and Kitscoty.

The Vermilion foursome curling superbly won eight straight games going through the two days undefeated to win two games on Friday and no less than six, comprising 53 ends on Saturday. A double knockout draw was used.

The last game was played at 7.00 p.m. against Kitscoty. As Vermilion had dropped this one it would have necessitated another battle between the two rinks but the VHS boys were in fine form and they won a good lead through the entire game.

The Vermilion rink now advances to the play-offs in Edmonton where Zone champions meet for the high school curling championship of Northern Alberta, to be played this Friday and Saturday

Coach Richardson of the Kitscoty High school was the Master of Ceremonies and carried out the program of good fellowship through the repast

Mayor Hill welcomed the visitors to Vermilion with other speakers being Dr Ken Paynter president of the Vermilion Curling club and Aldous Kent, convenor for the high school play downs in this zone

Each rink of curlers participating were asked to stand and receive their awards before being called to tell the gathering who they were and how they were enjoying the bonspiel

Congratulations are extended to the Vermilion boys and good luck wished them in their future games

Bober Rink Wins Farmers Bonspiel At Derwent

DERWENT Annual Farmers' Bonspiel was played in the Derwent curling club was held Jan. 11 and 12 at Derwent. The rink composed of John R. Bober skip, Fred Sakowski, Carl Hendel and Joe Berka took the honors in the league. Second went to Albert Willmer of Derwent, 3rd Paul Bielsoki: 4th, E. Malachowski.

Winners in the Merchants' event were 1. Mr. Kaiser Elks Point, 2. John Porcina, Derwent, 3. John Karpluk, Derwent. 4. Emil Mudryk, Derwent.

Kitscoty Plays Here Saturday

The hockey attraction this week-end is provided by the Vermilion arena in the Juvenile league game featuring the two top teams in the circuit standing to date Kitscoty vs the Vermilion Bob Cats. The Kitscoty boys had the lead in the league playoff here until a minute from the final bell, and if they all set out to hand the fast-travelling Bob Cats a setback in this encounter at the Vermilion arena this Saturday evening. Production Line Farming Advocated by VLA Officials

At a series of meetings spon sored by Vermilion Lloydminster Marwayne and Lloydminster branches of the Legion this week, Veterans Land Act officials and Provincial Department Of Agriculture urged the veterans who are gathered to keep abreast of changing agricultural conditions and to plan their farms accordingly.

In his opening remarks Mr M. H Albers, Assistant Regional Supervisor for this area, thanked the Legion for its interest in the welfare of the farmer vet erans and for making their halls available for these meetings. He then introduced the subject of production line farming with a brief resume of why the Veterans Land Act is promoting these meetings. He stated that one reason is that the director of the Veterans Land Act was Brigadier T. J. Rutterford and all his staff are very interested in promoting production line farming methods.

Changing Trends in Farming

Mr Alec Letts Assistant Director Agricultural Representative gathered up the agricultural statistics for the province and showed a number of graphs and charts. He said that there was a definite tendency to change from mixed farming to specialization. Another trend was the increasing size of farms. In 1941 there were 1,000 farms in the province with 1,000 acres or more. In 1956 there were 3,000 farms with 1,000 acres or more. Mr Letts also stated that there was a definite trend from the smaller type of farm to a larger more specialized unit. There is a trend to mechanization and increased use of the grain situation and the need to market it through livestock. Veterans Land Act officials are important part of the farm cropping system and this situation will probably good because it will tend to lower the grain surplus and build up the soil.

The outlook for beef cattle production is very promising as Canada now consumes as much beef as she produces and with a steadily rising population, the consumption of meat will probably increase.

There will probably be increased specialization in the future with two or three enterprises at the most on a farm.

Farm planning and management is becoming increasingly important today because of the ever price squeeze which every farmer is facing. Many factors are used in determining if a farm business is being run efficiently or not and these are crop yields 2. livestock yields 3. labor use 4. capital use 5. size of business. 6. combination of enterprises.

A farmer should strive to be the most efficient producer possible in some and low in others. Also increased income is very important. as it is very difficult to

Islay F.U.A. Elect Bruce McLennan President; Hears Convention Report

ISLAY—The Islay F.U.A. met Wednesday, Jan. 16th to hear the reports of the delegates to conventions and to elect officers for the year. There was a good attendance at the meeting and the officers elected are: President, Bruce McLennan. Vice-President, Roland Buchanan. Secy-Treas., Dave Martin. Directors: Leo Hnatiuk, Williams, Ernie Carey, Doug Sherriff and Paddy McGuigan.

Mr. Doug. Sherriff reported on the convention in Edmonton which was the second delegate but as he has gone east, Mr. Sherriff handled the report by himself.

The convention opened on Dec. 10th in the Macdonald Hotel and following the usual invocation and welcoming, the F.U.A. president gave his address. It was his opinion that producing a scarcity will not bring the farmer his share of the national wealth. maybe there would be a better plan.

Mrs. Armstrong of the F.W.U.A. said that "Unity is our strength." The president of the Ontario farm organization, Mr. Cormack, says that it was Alberta which was instrumental in organizing Ontario. All the provinces must work together. One province is almost powerless to pass what the farmer needs. The Wheat Board is a wonderful organization but to obtain 100% membership is impossible under our present family type farm," which is the basis of democracy.

Mr. Sherriff reported Agriculture's opinion that several of the F.U.A. groups in the province were should join in sending delegates It was too heavy a load for one or two men and each man take certain portions to report upon. It proves quite a strenuous week-end to all for ten or twelve hours at a session and then to take notes for several days.

The meeting thanked Mr Sherriff heartily for his very complete report.

It was the opinion of the members that the directors might meet once a month, but roll must be called if members have three in a year A social half hour was spent and Bill McLean made some excellent coffee. Your organization is only as good as each one makes it — attend regularly and bring forth your ideas.

118 Persons To Lose Life-Long Homes On Indian Reserve

More than 1(0 persons may be expelled, without compensation, from Samsons Band Hobbema Indian Agency. They are said to be the descendants of three men who, it is alleged, received Metis land scrip about seventy years ago. These three men with their families were admitted to Indian status about fifty years ago under authority of a Privy Council Order of May, 1901. In addition each was formally accepted under a Letter of Authority issued by the Commissioner of Indian Affairs.

The revised Indian Act of 1951, ignoring the Indian treaties which guaranteed perpetuity of status, and over the protests of the Alberta Indians and tribes elsewhere in Canada, created a new definition of what constitutes a "legal" Indian. The Act further made it possible for any ten members of any Indian Band to lodge a protest at Ottawa against any number of members of the same Band. Those protested against would then be investigated.

Two hearings were held at Hobbema under Commissioner C. H. Grant, Q.C. of Edmonton. Indian Affairs was represented by M. McCrimmon of Ottawa while those under protest were assisted by Mrs J. C. Gorman of Calgary.

These 118 persons, born and accustomed to live on the reserve, have received formal notice of their expulsion effective early in February. They have one further chance to save themselves from becoming displaced persons. They may appeal to a District Court Judge for a final and conclusive hearing.

This wholesale expulsion matches that of 1940's when hundreds were expelled in Lesser Slave Lake Agency from Indian status, largely because of alleged illegitimacy or of having, some generations back, had ancestors who received land scrip.

Despite protests from the Indian Association itself, from missionary groups, service clubs, farm organization, Home and School across Canada and others, Hon. J. W. Pickersgill, Liberal Minister of Citizenship and Immigration, when questioned in the Commons, airily intimated that these people were "not Indians" and let it go at that.

Sixteen Years Ago

JAN. 23, 1941

Nineteen rinks are competing in the annual ladies' bonspiel with Mr H. R. Parker in charge of the draws.

Weather is damp, cloudy and foggy but temperatures have been above normal. Night readings hover around the zero mark with little variation during the day, highs being from 10 to 15 degrees above.

Terms of councillors Dr Scott and E. M. Stewart and Mayor Morrison, school trustees Don Taylor and Leigh Tyner were to expire with aspirants for the vacancies very scarce.

Albert West, president of the Board of Trade for two years, announced his impending retirement from that office. The annual meeting was scheduled for Wednesday, Jan. 29th.

The community was mourning the passing of Mrs M. G. Brimacombe on Sunday evening.

32 Years Ago

JAN. 22, 1925

For the first time in its history Vermilion will celebrate Burns' anniversary with a banquet and dance to be held in the C.N.R. community hall on Monday, Jan. 26th. Rev. M. S. Kerr will deliver the oration to the immortal poet.

Mrs M. Hunt was installed as Worthy Matron of the Queen Esther Chapter O.E.S.

School attendance in Alberta for 1924 was 147,500. There was an increase of 24 in the number of school districts bringing the number up to 3342.

Weather continues cold with 40 below being the usual temperature all week.

Mrs Robert A. Ganton who died in the Vermilion hospital at the age of 32 years was laid to rest on Thursday, Jan. 15th.

Production Line Farming Advocated By Veterans' Land Act Officials

NEED FOR ORGANIZATION

He made mention of the fact that if a farmer was prepared to organize his enterprise along production line methods he would achieve the desired net income. To illustrate the importance of good organization he stated that a farmer could so organize his chores to save ten minutes a day, this would amount to an annual saving of sixty hours or six ten hour days.

FACTORS AFFECTING NET INCOME

The three factors that affected net income are 1. Price you get for your commodity you have to sell, 2. Volume you have to sell, and 3. costs of production. While a farmer has very little control over the first item he can exert a definite control over the last two.

GRASSLAND FARMING

He went on to say that one method of specialization of enterprise that had proven very adaptable was grassland farming coupled with an adequate stock enterprise. He said he had no quarrel with a hog enterprise if a farmer chose that method but that by and large, the straight grain farming should be left to the areas more adapted to raising grain, than we are in this general area.

By grassland farming he meant the seeding of all cultivated acreage to a grass-legume mixture and the raising of cattle to utilize this roughage. This was certainly specialization with the result that costs of production would be at a minimum, which would result in a higher net income. He stated he knew that there would be a good deal of opposition to such a program, as it seemed rather unorthodox and somewhat revolutionary in scope. However, he stated that agriculture is going through a transition period and if the smaller farmer was to survive it would be necessary to change his methods. He reminded the audience that as short a time ago as fifty years there was an argument as to whether the horse would ever replace the oxen as a beast of burden. At the present time the majority of farmers in Western Canada don't even have a horse on their farms. Similarly when combines first came out it was generally agreed that they would never come into common usage in this area with the rolling topography. However, nearly every farmer is now using one.

ADVOCATES GREATER USE OF SILAGE

Mr Chalmers stated that in his opinion much greater use should be made of silage in this district and asked why farmers put up their grass in form of hay and suggested that it was a matter of habit and tradition as cows and hay went together much the same as bread and butter. The argument put up by most farmers against the use of silage was the cost. He suggested that if the farmer adopted the production line methods to which he had referred earlier, that this would be largely overcome. He stated farmers used balers which are more expensive than a forage harvester.

He stated that silage is merely summer pasture preserved for winter feeding and that silage had a greater feeding value than did hay. Further to that, so often hay got rained on, necessitating turning same with the loss of valuable nutrients.

HAY PUT UP TOO LATE

He said that farmers put up their hay too late as a general rule and sacrificed quality necessitating the purchase of high-priced supplements to help out the low quality hay they are feeding. Good quality grass-legume mixture put up in the form of silage afforded a very good feed, well liked by the cattle.

He was firmly convinced that if farmers once changed to putting up silage rather than hay, they would never go back to the old way any more than they would now go back to working horses rather than tractors, to cut their present high cost of production.

SOIL FERTILITY

Mr Chalmers stated that our soils in Alberta are deficient in phosphorous and that they become deficient in nitrogen by constant cropping. By including grasses and legumes, soil fertility was improved. In addition to this, farm manure should be spread on the fields. The use of commercial fertilizers was very advantageous when used on forage stands. He mentioned that grasses became root-bound but that this was merely nitrogen deficiency. Hence the necessity of seeding a grass-legume mixture as the legumes provided the necessary nitrogen. However, legumes required a high phosphate fertilizer if they were to withstand the competition of the grass.

In closing he urged all farmers to keep abreast of changing agricultural methods and not to be too hesitant in trying them out as many farmers had already proven to themselves the advantages of methods outlined here today.

FARM MANAGEMENT AND FARM PLANNING

Mr Don Keen, V.L.A. Supervisor for Vermilion North, then took part in the meeting, stating that in his opinion Farm Management goes hand in hand with Farm Planning. Farming today, is a business he said and there is as much need for the farmer to keep records as there is for any other business man. He stated that the farmer is unable to control the prices received for his produce. Therefore, in order to beat today's cost price squeeze, which the farmer is finding himself in, he has to fall back on good management and specialization so that he can increase production, lower costs and thus increase his net returns.

FARM PLAN

Mr. Keen then showed cards on a delineascope of a Farm Plan which he has worked out for a veteran farmer within his territory. He explained that the feed unit is in the equivalent of 100,000 calories and that feed units are used throughout the plan as a means whereby the farmer can satisfactorily compare the cost of producing and the relative feed value, of an acre of pasture, hay, silage or grain. He stated that a cow will eat approximately one feed unit per week.

From these computed figures, he showed that silage is higher in feeding value than hay and silage can be produced for approximately half of what it costs to produce grain. An unmeasured benefit received by growing legumes, he said, is the increase in soil fertility against the decrease in fertility from growing cereals.

This farm plan proves, that with efficient management, a good cropping program and a good livestock enterprise, good returns can still be obtained.

PRODUCTION LINE BASIS

In summing up, Mr Keen stated, if you are going to work out a farm plan and put your farming enterprise on a production line basis, it is necessary to integrate the various factors involved into one overall plan.

(1) You want a Soil Conservation Program — you have got to have higher yields and at the same time build up fertility.

(2) You want a livestock Program — increase the quality, get higher returns.

(3) You want to make efficient use of buildings and machinery. Watch that you are not over capitalized in either one and make sure your machinery matches your enterprise.

(4) Labor efficiency — make all your work count, work with nature, not against it.

(5) Management efficiency — keep records, they are important. They are a necessity in any business.

A discussion period followed centered around a scale model of a set-up used in dairying featuring pole type construction in the loose housing barn coupled with a milking parlor and a self feeding bunker silo. It was pointed out that with the exception of the milking parlor, the set-up was very adaptable to a beef cattle enterprise.

Milk production in England and Wales is just slightly more than in Canada. In the twelve months ending in September it totalled 17,450 million pounds as against Canada's estimated total for 1956 of 17,300 million pounds.

28 Rinks At Dewberry 'Spiel

Twenty-eight rinks competed at the annual bonspiel at Dewberry which was played from Monday through Wednesday this week. Fred Braithwaite of Lloydminster annexed the Grand Challenge event.

Two Vermilion rinks skipped by S. C. Heckbert and Charles Heckbert played in the 'spiel and report a very enjoyable and well run event. Chas. & Co. brought home fourth prize in the Grand Challenge.

Speaks On World Federation At Mannville Home and School

MANNVILLE. — The regular meeting of the Mannville Home and School Association was held in the school auditorium Thursday, Jan. 17. The meeting was called to order at 8 p.m. with the president presiding. Following the opening exercises, Mrs. Rea introduced Mr. Mitchell of the High school staff, guest speaker for the evening. Mr. Mitchell attended a conference in Copenhagen, Danmark in 1953 in the interests of world federal government. There were 500 delegates present from 27 countries. Mr. and Mrs Mitchell were the only Canadian representatives. Major Larsen, a Norwegian, is the leader of the World Federal Government plan. He is the same Larsen who piloted Amundsen over the North Pole. There is a small community just out of Toronto named "Little Norway" where young men are in training to serve their country. They do not like war and the idea of a world federal government appeals very strongly to them. The conference was held in Christenborg castle and English and French were the official languages. Several proposals were brought forth such as that the U.N. become a world federal government, atomic weapons be done away with, countries to be disarmed with just enough forces for internal policing, and an international court of justice.

Mr. Mitchell stated that the Canadian members in Ottawa met with Pearson and as a result this may have had a bearing on his stand re the international police force. Nothing will be done unless the public demands it. He said we must stand up for our rights as Christ did. The new British Prime Minister is in agreement with this scheme. Mr. Mitchell kindly answered questions at the close of his address.

Miss Donna McCauley then favored the audience with two delightful piano solos.

Mrs G. Younge, on behalf of the Home and School thanked Mr. Mitchell for the interesting address and Miss McCauley for her entertainment.

Mr Stefanyk then addressed the meeting re the proposed child insurance scheme. Anyone interested may contact Mr Stefanyk.

A letter was read from the provincial Home and School re the Indians on the Hobbema reserve. After much discussion it was agreed to support their resolution.

The annual school meeting will be held in Innisfree on Feb. 8th.

The Home and School will cater to the teachers' bonspiel on Saturday.

Mrs. North's room won the attendance shield. Lunch was served by Stellaville - Clovelly group.

BULLS ON LOAN

All orders for bulls on loan from the Federal Department of Agriculture must be completed by February 1st. All that is required is for 5 farmers to form a group with 30 cows or more. There are now 61 bulls out on loan in Vermilion River municipality. One good Hereford bull is waiting for placing now. We do not want to ship him back to Edmonton. Call, write or telephone this office if you want this bull or another good one in your district.

COLTS ARE SCARCE

Good prices are being paid for work horses. It would look like good business to raise a few colts. One farmer in this area proposed that we start a stallion club and get a good horse for use in the district. Anyone interested could let me know.

WOMEN WANTED

Miss Edna Craig, District Home Economist for the Vermilion and Wainwright districts asked me to get some girls' clubs going. Now we cannot start clubs without club leaders, so will eight or ten ladies between Lloydminster and Minburn, or between the Battle River and Saskatchewan River volunteer for this important job? Miss Craig directs the clubs and gives the talks, but leaders are needed to get the girls to join up, etc. There are cooking, sewing and garden clubs. This district is away behind in girls' club work.

WOMEN WORTH A FORTUNE

One authority claims that a good farm wife is worth $80,000. The price has sure gone up in the last few years. That is not $80,000 per year but for a life time, and they are all worth that or more. Just ask them.

RADIO BATTERIES

A report has come in that two head of cattle ate parts of a radio battery and died of lead poisoning. Old batteries or paint cans thrown out in the yard have poisoned quite a few cattle in the last few years.

—E. H. Buckingham,
District Agriculturist.

Old Timer Passes

MANNVILLE An old timer of the Mannville district, Mr John Blair Roushorn passed away in the Mannville hospital on Jan 22nd at the age of 91 years and 7 months.

Mr. Roushorn, one of the great horsemen of the early days came to the district in 1910 from Tweed, Ont and homesteaded north of town where he lived until his death.

He leaves to mourn his loss two sons James and Herbert at home, also two grandchildren and eight great grandchildren. He leaves one brother Wesley and two sisters Ellen and Mary of Central Lake Mich.

Funeral was held from United Church, Mannville on Friday, Jan. 25th, with interment in the Mannville cemetery. Rev. Ian Holter officiated.

Moyer's Funeral Home of Vermilion were in charge of arrangements.

WILDMERE WINKS

Heartiest congratulations to Mr and Mrs Fred Clark of Thorncliffe district who on Friday last celebrated their 25th wedding anniversary and were "at home" to many from town and country. May you enjoy many more years of happiness together.

Rev. H. Minchin held church at Preston Central on Sunday. We were sorry we could not attend owing to having company. We hope there was a good attendance.

Several from our corner went to the dance at Thorncliffe on Friday night where a good time was enjoyed by everyone. Young and Fortien furnished the music and Charlie Sweeney was M.C.

The Wildmere Beavers Girls' club are holding a dance at the Basswood community hall on Friday, Jan. 25. Plan to attend.

Cliff Cruthers was a member of a rink that went from town to the bonspiel held at Derwent Saturday and Sunday but they did not get into the prizes.

Peggy Graham of the Elk Point hospital staff spent Sunday at her home in Wildmere. Peggy is now assistant matron at the hospital. She has recently purchased herself a 1954 Ford car.

The Wildmere curling rink opened this week with a mixed spiel, 11 rinks taking part. They are only curling in the evening so as to give everyone a chance to get there. Draws are at 5, 7 and 9 o'clock. Good curling to all!

Ian Clarke of Wildmere, Geo. Riley of Basswood and Charlie Goal of Triangle have joined the Square Dance club and are taking lessons in town each week.

George Cruthers, formerly of Wildmere, but who has been working for Waldenberger Bros this past year, has accepted a job as manager of the Martin Mix ranch south of Minburn. He will be moving with his family to his new work this week end. Good luck George.

We had nice chats with Mrs. Woodruff, Mrs. Barlow, Mrs. Cosh, Mrs. Bob Martin, Mrs. Albert Smith, Mrs. Sherwood and Mr and Mrs. L. Mayhew on Saturday.

We were pleased to see Mr. Harry Young back in Vermilion on a visit last Saturday. He said Mrs. Young was also here but we did not see her. These fine folks operated a store in Islay for many years until selling out to Mr. J. Miller several months ago.

Mrs. H. Batke is visiting her daughter and family Mrs. W. Westman this week and while out here is curling in the bonspiel at Wildmere. We hear Bob Martin also of town, an old Wildmere curler, is in the spiel too. Nice to see these old members back again.

Tom Best arrived at Smith Falls, Ont., and spent Xmas and New Year's with his sisters and brother Fred. He will be returning to Alberta sometime in the near future. He intends to visit his brother Bob in Saskatchewan on his way home. A nice holiday is wished him.

Former Mannville Girl Weds at Coast

MANNVILLE — A pretty wedding was solemnized recently when Miss Doreen Grace Arnold, daughter of Mr. and Mrs. Clayton Arnold of Mannville became the bride of Mr. John Harold Persinger, son of Mr. and Mrs. Eli Persinger of Calgary.

Rev W Buckingham officiated at the double-ring ceremony held in the manse of the United Church at Sidney B.C.

The bride was charmingly gowned in a ballerina-length gown of white taffeta with nylon over net and lace bolero, her coronet headdress held a shoulder net veil and the bouquet was of pink chrysanthemums. The bride's only attendant was her twin sister Miss Eileen Arnold of Mannville who flew out for the occasion. Eileen wore a ballerina-length gown of mauve with headdress to match and she carried mauve mums. The groom's attendant was Mr Don Siren of Sidney.

A lovely reception given by Mrs Young and Mrs. Hunter, aunts of the bride, was held at the home of Mr and Mrs Wm. Hamilton. The toast to the bride was very capably given by Mr. Hamilton. Mr and Mrs. Persinger will leave about Feb 1 to visit relatives in Calgary and Mannville en route to Halifax where they will make their home.

JUST A FEW OF THE MANY GOOD, SOLID REASONS...

WHY NEW FARGO TRUCKS are sound buys for every hauling job!

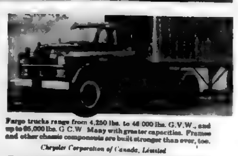
1. Fargo's new Forward Look styling—with distinctive hooded headlights—is *functional* as well as handsome. Its windshield (largest of any truck) gives you 1,023 square inches of vision area for greater "see-safety". Its optional wrap-around rear window adds extra vision area, too. Half-ton models, like the D100 express above, are available with exclusive push-button automatic transmission.

2. New high-compression, short-stroke V-8's are the most powerful in Fargo history—up to 232 h.p. And Fargo's exclusive full-opening hood allows the most elbowroom for servicing. Saves time, money.

3. Exclusive dome-shaped combustion chambers in Fargo V-8's get more GO out of every gallon, make "regular" gas fire like premium, minimize power-robbing carbon deposits. Fargo Sixes are extra thrifty, too.

4. Fargo's new comfort cab has a 5-way adjustable seat, extra roominess, centre-located dispatch box, many other features. Independent parking brake adjusts from inside cab without tools or trouble.

5. Fargo offers a complete range of husky models to meet every hauling requirement.



Fargo trucks range from 4,250 lbs. to 46 000 lbs. G.V.W., and up to 65,000 lbs. G C.W. Many with greater capacities. Frames and other chassis components are built stronger than ever, too.

NEWS from ISLAY

Islay had a nice surprise last Thursday when Mr and Mrs. H. G. Young (Harry and Annie) arrived here from Victoria, B.C.

Sunday evening a number of friends gathered at the home of Mr and Mrs. Jim Miller to visit Harry and Annie. They had brought along their tape recorder so we had the pleasure of hearing Bill and Rachel Barnes speak — and they sang a good old hymn, and fine too. Lyle Barnes' two children sang some hymns also, it was all very nice. The visitors were all recorded and some hymns were sung for Harry and Annie to take back. A very pleasant evening was spent and we are very grateful to the Millers. Annie told of visiting in Vancouver, calling on folk who used to be here including Mr. and Mrs. Bernie Lees, (Bernie was in the bank here and Mrs. Lees, the former Vera Clement taught our Junior school back about 1932). Sorry to report Bernie is in a wheelchair but can do bookkeeping, and Vera teaches kindergarten. They also saw Irene Newcombe Phillips and we learn that Scotty Patterson is still on the go; saw too, on the train from Vancouver a Mrs. Finlay who was Edith Hayes and who helped at the McInnes home here in 1918. She has a daughter who lives next door to Scotty Patterson's daughter in Vancouver. How people do meet! Oh yes, some will remember Mabel Proctor of Lloydminster who taught our Junior school — she is married now and living in Vancouver. They met in a store.

Two of our Islay men have entered hospital this week. A speedy recovery is wished them, Mr. Buchanan Sr and Clarence Robertson who is in the Lloydminster hospital having undergone an operation Monday.

Beware when you go to Lloydminster! Watch your step at the corners. Bill Axley was knocked down and run over — no, not by a car — but two girls running like deer. It happened so quickly — "Did they stop and beg your pardon?" he was asked. "No Sir, kept right on going. I had to pick myself up", Bill replied. He would like to find these 'hit and run' artists but hasn't got a clue to go on. That is where a movie camera by the street photographer would have been a help.

Jack Hurst was home Saturday but returned to his work early Sunday morning at Innisfree.

Omer Easton still does his good deed by visiting the men at the hospital and using his shaving outfit.

Mrs. McKay of Vermilion conducted the service on Sunday evening. A most interesting talk on Missions and Missionaries was enjoyed. If you are not at the service each Sunday you are missing much. Time of the service is 7:30 p.m. Everyone welcome.

The annual meeting of the United church was held Jan 16th in the afternoon with Rev Mr McKay in the chair. Reports were good. A committee of three was appointed to get estimates on cost of church remodelling. There is lack of space for Sunday school and other Young People's activities. Mr Moncrieff is superintendent of the Sunday school. We are very grateful to Mr. and Mrs McKay coming to us each Sunday.

Annual meetings are now coming up — be prepared — elections are in the air. In our division 4 of the school; also in our own local school board. The municipal meeting is Feb 16th and remember, that is where our hospital representative is chosen. There will be an election Feb. 15 for the school division, candidates are Mr. Duff McGrath and Mr Arnot Brown.

Wedding Bells

JORGENSON—SWAYNE

Grace United church, Lloydminster, was the scene of a pretty wedding on Saturday, January 12th at 2:30 p.m. when Kathleen Anna, second daughter of Mr and Mrs. H. E. Swayne of Paradise Valley, and Anselm Bertrand, son of Mr. and Mrs. A. B Jorgenson of Dawson Creek, were united in holy matrimony. The double-ring ceremony was performed by the Rev R. Smith.

Given in marriage by her father, Mr H. E. Swayne, the bride was beautiful in a ballerina-length gown of white nylon embroidered net over satin, designed with close V-neckline, a fitted bodice and lily point sleeves. Her fingertip veil of nylon net misted from a dainty cap with an all over design of seed pearls. The bride's bouquet was of pink roses, lily of the valley and fern. She wore single pearl earrings and a matching brooch of pearls, gift of the groom.

The bride's attendants were Miss Emily Swayne and Mrs Alex Henderson, sisters of the bride. Miss Swayne wore a ballerina length gown of sequin trimmed pink net over taffeta, a matching pink feather bandeau and lace mittens, and carried a nosegay of blue and white carnations and lily of the valley. Mrs. Henderson wore a dress of sculptured nylon in lilac blue with matching feather bandeau and lace mittens. She carried a pink and white nosegay of carnations and lily of the valley.

Mr Bill Bacock of Volmar Alberta and Mr Max Jones of Morningside, Alberta were the groom's attendants. Ushers were James and Arthur Swayne brothers of the bride.

Mr Round played the wedding music. During the signing of the register Mr David L. Clark, uncle of the bride sang "The Lord's Prayer".

For her daughter's wedding the bride's mother chose a dress of navy blue nylon and lace, with matching accessories and a corsage of red roses.

The groom's mother chose a dress of navy crepe with matching accessories and red roses en corsage.

Following the ceremony a reception was held in the church hall. Mr Clark Richardson proposed the toast to the bride to which the groom suitably responded. The best man read congratulatory messages from Mr and Mrs. Ingar Nergaard, Mr and Mrs Jens Olsen all of Norway, and from Mr and Mrs Norman Bergem of Edmonton.

Out-of-town guests included Mrs Henderson Sr., and Mr Alex Henderson of Mannville, Miss Elna Morgan R.N of Lullaby Lake, Mr and Mrs. H Leighton and Mr and Mrs. C Richardson of Kitscoty, Mr and Mrs A B Jorgensen and Mrs L. M Reaume of Dawson Creek B.C.

For travelling the bride wore a grey tweed tailored suit. Her accessories were in coral.

The young couple will make their home at Dawson Creek.

The Chief Scout for Canada is the Governor-General the Rt Hon. Vincent Massey, C H.

THE BORRADAILE TIMES

Mr and Mrs Freestone's eldest daughter is spending some time visiting with them.

The quota has gone up in the Borradaile district again. The total quota is now three bushels. Elevators are in good shape to handle the additional quota of grain. Quite a difference from last year when the quota was one bushel and elevators were plugged.

Mr and Mrs. F. Scott were happy to have their son Gordon home from Varsity for the recent holidays.

Mr Gow was also visited by his family during the holidays.

A ladies' gathering was held at the home of Mrs. C Bjork on Jan. 17th with a good meeting being reported.

Mr and Mrs James Hinton visited at the home of the latter's parents last week end.

Logan Gow was observed hard at work last week end, having four or five cars of grain to load.

Three district farmers, Mr. Joe Dixon, Mr. Thomas Payne and Mr Charlie Roberts will soon obtain nice sums of money in the form of Alberta Wheat Pool reserves. These reserves are only a small form of thanks for their fine contributions to the Alberta Wheat Pool in recent years.

Death and Funeral

Daniel C. Gerber

Daniel C. Gerber passed away at his home in Lloydminster on January 3rd, 1957. Born in Webster City, Iowa on February 1st, 1884, Mr. Gerber was married in 1909 to Ethel Evans. They moved to Red Deer Alberta in 1914, living there until 1918 in which year they came to the Vanesti district and resided until six years ago, when the move was made into Lloydminster.

Funeral services were held in Grace United Church in Lloydminster conducted by the Rev. R. R. Smith. Mrs. Hemstock presided at the organ. The hymns rendered by the quartet were: Abide With Me and What A Friend We Have In Jesus.

He was laid to rest in the family plot at Vermilion cemetery beside his son who predeceased him in 1950. Moyers of Vermilion were in charge of the funeral arrangements.

Pallbearers were Messrs. Clayton Flewell, M Backmann, Alf Redman, Roy Barber, Sheldon DeBolce and Fred Kottmeier.

He is survived by his loving wife and daughter-in-law, Mrs. A. R. Gerber.

The following beautiful floral tributes were received: Loving wife and Gladys; Mr. and Mrs. [illegible] Beckett; Grace Wilson and family, Mrs. Beatrice Twaddell, Mr. and Mrs. Alf Purser and family, Mr. and Mrs. Alf Redman and family, Mr. and Mrs. M. Wildmere Beavers Girls' Club

The Wildmere Beavers held their meeting on Jan. 12th at the Gibson home with 13 members and one visitor, Doreen Martin, present. The meeting was opened by singing O Canada, the saying of the Code and flag salute. The secretary read the minutes of the last meeting which were adopted as read. The treasurer gave her report as follows: $1 spent for UNICEF cards; $3 for 'Shell Out' fund; $1.00 for Marjorie Golinski. On hand $26.40. The treasurer also read thank you notes from UNICEF and the Red Cross hospital where some Xmas presents had been sent. Roll call, a home-made verse, was then answered.

From old business on hand Linda made a motion that the secretary write a letter to Mrs. Whitlock thanking her for the donation.

In new business, Diane made a motion that a Robbie Burns dance be held Jan. 25. Seconded by Maureen. Betty, Marie, Janet and Mary were put on the dance committee. It was decided to have a candy sale. Admission to dance to be $1 per couple.

Jean Cosh then made a motion that a Valentine party be held Feb. 15th. Joan, Diane, Maureen and Jean were put on the party committee.

The mystery box was opened by Maureen and Linda.

Notice to adjourn the meeting was made by Diane, seconded by Judy. After the singing of "God Save the Queen" a tasty lunch was served by the hostess.

For the next meeting hostess will be Joanne Hughes; lunch committee, Marie, Kathleen and Linda; Social, Diane. Roll call will be answered by a home-made Valentine.

Mr. and Mrs. Fred Barclay and family of Red Deer were week end visitors in Vermilion, guests at the home of Mr. and Mrs. Reg Mitchell.

Fred Braithwaite, skipping a foursome from Lloydminster was the winner of the Club 16 bonspiel held at Derwent over the week end. In the double knock-out Ralph Lunden of Dewberry emerged the winner in one competition with Braithwaite coming out in the other. In the play-off Fred bested his former club mate and annexed the $100 prize, second of $25.00 going to Ralph and company.

Miss Betty Bentley of Vermilion, grade one teacher at Calder school in Edmonton, was featured in a special story in the Journal of Jan. 9th. Betty has a streamlined plan whereby 34 little grade-oners can be bundled up and ready for the sub-zero weather prevailing in ten minutes. According to the story, complete with a picture of Betty in action with her little charges, it's a case of planning and co-operation. Apparently she has achieved marked success in this effort as well as many other avenues in her school work.

E. H. Buckingham spent last week in Edmonton where he attended a course in Civil Defence.

Mrs. Ron Williams and baby daughter Karen Lee are visitors in Vegreville for two weeks while Ron is spending the same time in Ontario on business. While in Vegreville Mrs. Williams and Karen Lee are guests at the home of Mr. and Mrs. Ray Halloway.

Mr. C. Roberts left on January 20th by Canadian National on a visit to Toronto, Ont.

Jack Colton of Herzog Motors left this past week end to spend a month at the technical school in Calgary. Jack is taking a course in acetylene and electric welding.

Mr. and Mrs. Tom Stack and daughters Donna and Marjorie from Redwater, were in town for the week end, visiting Mrs. Harry Elliott, Mr. and Mrs. K. G. Urquhart and Mr. and Mrs. D. S. Cooper.

Congratulations are extended to Mr. and Mrs. Harry Craige who were recently married at Salmo, B.C. The newlyweds are now visiting at the home of Mr. and Mrs. Harold Craige of Dewberry before continuing their journey to Blind River, Ontario, where they will reside, Harry having recently accepted a position there.

Several rinks of Vermilion curlers enjoyed the Club 16 bonspiel played at Derwent commencing last Friday evening. The local skips were Messrs. Aldous Kent, Bill Sutherland and R. N. Hitchcock.

Aldous Kent was in Edmonton on Wednesday attending a meeting of the Alberta Curling Association executive.

Mannville and District Local News

On Tuesday and Wednesday of last week Rev. Holter attended the annual meeting of the Christian Education Standing committee of the United church of Canada for Alberta, in Red Deer. Business discussed was the camping project of the church, the enlargement of present C.E. facilities in Edmonton, boys' work, the setting up of Christian education institutes across Alberta. Of particular interest to the people of this presbytery (St. Paul) is the news that the C.E. allocation was topped by $50 this year.

Mr. and Mrs. John Schock spent the week end in Vermilion with grandson Gordon while the latter's parents, Mr. and Mrs. Fred Schock visited in Lloydminster with Mr. and Mrs. Adolph Schock. The week end was enjoyed by all.

Mr. and Mrs. R. Glenn Pyle visited Glenn's parents in Irma on Sunday.

Mrs. Bid Davis and her daughter-in-law Mrs. Marvin Davis of Seattle travelled by train to Edmonton and then accompanied Mrs. John Batt of Namao to Mannville by car. They will remain in Mannville and district most of this week visiting relatives and friends.

Mr. Cory Chrysler stopped in Mannville for a short visit en route from Regina back to Edmonton.

Mr. A. C. McLeod of the local Bank of Commerce staff has been transferred to the staff at Manning. Mr. Lapicki from Jasper Place has joined the local Commerce staff.

A rink composed of Mrs. M. Mercer, Mrs. A. Gerhart, Mrs. A. Rich, Mrs. J. Goshko curled in the Eaton trophy event at Vermilion but were not successful in making the playoffs although they had several good games.

The Thrill That Comes Once in a Lifetime

SQUARE NOTES From Circle 8

The temperature may drop but square dance interest seems to soar higher and higher. The news has spread far and wide that the Circle Eight in Vermilion now dance on the first and third Saturdays of each month. Eleven squares gathered at our last dance on January 19th to dance to Harold and Irene Scharber of Bawlf. Our visitors travelled from Camrose, Edmonton, Lloydminster, Blackfoot, Paradise Valley, Manville, Myrnam, Derwent, Elk Point, Heinsberg and Wainwright. Just ask square dancers and the answer will be that never before have they ever known a recreation where they have made so many wonderful new friends.

February 2nd features caller Art Ziegler and his wife, Marge, of Vegreville. To many of the new dancers, this will be their first opportunity to dance to Art.

Because we feel that our proposal to offer square dance lessons was not well enough publicized, we have decided to schedule one more trial lesson on Wednesday, January 30th. If you intend to but have neglected to contact the executive, would you kindly do so immediately. We have some very enthusiastic dancers desiring to get in on the fun but just not enough as yet to sponsor a series of lessons. Remember you're welcome to come and try but not obligated in any way if you do not care to continue. People who never ever danced a step before in their lives are now enjoying both modern and square dancing.

Now honor your partner, then your corner girl,
Come to Vermilion to swing and whirl'
Sashay round that Legion Hall
On February 2nd, one and all.
Lessons are brewing, we're all full of vigor
The square dance movement gets bigger and bigger
Grab your taw and square your set
We're off for the best dancing season yet!

Wainwright Prod. Appoint Official to Important Position

EDMONTON. — A recent announcement from the office of Murray A. Schutz, executive vice-president and general manager of Wainwright Producers and Refiners Ltd., confirms the appointment of Robert I. Petrie to the position of sales and marketing manager for the company.

Mr. Petrie, a graduate in chemical engineering, Queen's University, has over fifteen years experience in refining, marketing, engineering, manufacturing and construction with various Canadian companies including the British American Oil in Calgary and Montreal Refinery Engineers, Tulsa and Toronto and with Regent Refining Company, Port Credit, Ont., where he was chief engineer before joining Wainwright Producers and Refiners Ltd.

Mr. Schutz also announced the appointment of Gilbert Millar as superintendent and assistant refinery manager of the company's plant at Wainwright, Alberta.

After serving with the R.C.A.F. during World War 2, Mr. Millar graduated from Tulane University in Louisiana. He was employed for over six years with Pan American Southern Corporation, a subsidiary of the Standard Oil of Indiana at their 9,000 barrel refinery near New Orleans. While heading several of the departments there he acquired great experience in the latest phases of petroleum and by-product production. Mr. Millar's headquarters will be at the company's Wainwright refinery while Mr. Petrie will be based at the executive offices in Edmonton.

Salesmanship In The West Started With Fur Traders

In giving his vocational talk to the Rotary club on Friday, Elmore Stewart introduced a new and interesting angle of salesmanship, touching on its history as related to this area. In so doing he touched on the early days of fur trading, dwelling more particularly on the trading posts located along the Saskatchewan River to etfhnorhto katchewan River to the north of Vermilion and the nature of the trading or salesmanship carried on between trader and Indian.

The speaker was introduced by Ashley Cooper and at the conclusion of his talk, thanked by George Webb. President Reg Mitchell was in the chair. Visitors included five members from Lloydminster Rotary.

Changes Are Announced In Columbia Theatre Programs

Due to circumstances beyond the control of the Columbia theatre management, the picture "Naked Dawn" will not be shown on Jan 28 and 29 as advertised. In its place will be a film on juvenile delinquency entitled "Running Wild". It is a rough action drama in which the boys carry switch knives, take part in a stolen car racket, etc. Children under 14 years will not be allowed to attend this show unless accompanied by their parents.

POSTPONE SHOWING OF SOLID GOLD CADILLAC

Due to the fact that "The Solid Gold Cadillac" is being brought back to two Edmonton Famous Players theatres at the same time that the film was booked for the Columbia, it will be unobtainable here until a later date, at which time prices will be regular. Therefore "Prize of Gold", a high-rated racketeer drama starring Richard Widmark will be shown Jan. 30 and 31. On Feb. 1 and 2 Randolph Scott will star in "Seventh Cavalry" a top action drama. 29c

DON CLAYTON AT ISLAY FRIDAY, FEB. 1st

Explorers Busy At Marwayne

MARWAYNE. — The Explorers under the leadership of Mrs. Rea with Iona Parker as assistant have been very busy.

They collected a box of toys and games for the United church Children's Home in Bonnyville.

A Christmas party was held at the home of Audrey Parker. Decorations were made for the Christmas tree in the church and flowers were placed in the church for the Christmas services.

At present the girls are busy on their Mission study. Plans are being made for a 'Family Night' program in February.

Attendance at the expeditions is good. Girls in this group are from 8 to 12 years of age. Their meetings are held in the United church every Thursday evening at 7:30 p.m.

Fast Game Ends in 10-6 Win For Bob Cats Over Dewberry

A fast, free-scoring game saw Vermilion Bob Cats win a 10 to 6 decision over Dewberry last Saturday evening in the local arena. The visitors were on the high end of the score until the early minutes of the final period but couldn't hold the Bob Cats who have built up a reputation of coming through in the last period of the game with most of their goals.

Scoring statistics show Taylor with 2 goals and 2 assists; Waldenberger 2 goals and 2 assists; Shepansky 1 goal, 2 assists; Ford 2 goals; Coyne 1 and 1; Mistal 1 and 1; Yarmuch, 1 goal.

For Dewberry Machon was travelling at a lightning clip and [illegible] and got one assist; Whiteside, 1 goal; Jones 1 goal and 2 assists; Redman 2 assists.

A crowd of more than 300 fans was on hand for the extra good game.

Next game at Vermilion arena Saturday, Jan. 26th, Bob Cats vs. Kitscoty. These are the two top teams in the league to date so don't pass this one up.

Kinsmen Midgets Swing Into Action; Win 8-1 Over Wainwright

On Wednesday, Jan. 23, the Vermilion Kinsmen Midgets scored a convincing 8 to 1 victory over the visiting Wainwright Midgets.

The play in the first period was close with Bob Green of the Vermilion squad scoring the only goal unassisted.

The second period was dominated by the Vermilion team and four goals were rattled in with only one reply from the visitors. Maggs converted a pass from Callaghan to make the score 2-0. On two quick plays Kindrachuk scored twice, both assisted by Link. Russell's attempted shut-out was foiled when Paradeene of the Wainwright club scored their only goal on a pass-out from Kennedy. Leahy completed the scoring in the middle frame on a solo effort, making the score 5 to 1.

The Vermilion squad added 3 more tallies in the final period. Hemmingway scored on a relay from Maggs and Ireland slapped in Green's rebound. Leahy carried the puck around the Wainwright net and scooped it into an open corner to finish off the scoring.

LINEUPS

Vermilion: Goal, Russell; defence, Green, Link, Gannon, Dargatz; Fwds. Leahy, Callaghan, Maggs, Ferguson, Hemmingway, Marfleet, Ackerman, Kindrachuk, Ireland.

Wainwright: Goal, Brink; defence, Moore, Turner, Jackson, Venance; Fwds., Kennedy, Smith, Davidson, Paradeene, Gardner, Bevans, Adams, Neff, Rattray.

Mannville "Legions" Split In Week End League Series

MANNVILLE. — In a week-end home-and-home series with the Kitscoty Monarchs, the Mannville Legions, local entry in the Eastern Alberta Juvenile Hockey League, came up with a split in games and points.

On Saturday, Jan. 19th before one of the best crowds witnessing a hockey game in Mannville for some time the Legions were outscored 9 to 5 in a free-wheeling game. The contest was a crowd-pleaser and except for lack of finish around the net, Mannville could have made the score much closer.

In the return game played in Kitscoty on Sunday afternoon the Legions turned the tables on their hosts and came up with a 3 to 2 win and their first victory in league play. Allan Mans came up with a hat trick for all Mannville's goals. This win should fire up the team somewhat and make them go all out for another victory against Dewberry Friday and Saturday.

The next home game is slated for Saturday, Jan. 26th against the Dewberry entry with whom Mannville is currently tied for third place in league standings.

Five members of the Mannville Legion Branch have indicated that they will put up a Canadian Legion Memorial Trophy for the most valuable player on Mannville Legions hockey team. The winner will have his name inscribed on a plate on the trophy and will receive for his own keeping a smaller trophy suitably engraved.

Following is the point summary of the Mannville players including Sunday's game in Kitscoty (P. — penalties in mins.; G.—goals, A.—assists; Pt.—points).

	Pen.	G	A	Pts.
Mans	0	4	4	8
Craft	0	2	4	6
Gerhart	0	2	3	5
Swain	6	2	0	2
Hadwell	2	0	1	1
Willis	2	1	0	1
Kufeldt	0	0	1	1
Winters	2	0	0	0
Kesterhaig	2	0	0	0
Prior	2	0	0	0

Snaggins (goal) allowed 22 goals in 4 games for an average of 5.5 per game.

Gerry Schmidt Gets Painful Injury In Hockey Game

Gerry Schmidt, the youngest member of the Vermilion Bob Cats Juvenile hockey team sustained a broken jaw when punched by a much larger boy in the hockey game played here Jan. 12th. Gerry's injuries became apparent that night and the next day he was taken to Edmonton for additional medical attention.

Gerry is still of midget hockey age but decided to try to make the juveniles seeing that a regular league had been formed, with the idea that he would probably be able to play more hockey that way. Gerry made the team despite being younger and smaller than the average player.

The injury was sustained when Gerry checked Fort McMurray of the Kitscoty team and was turning away to follow the puck when struck by the much bigger boy, apparently for no reason whatever.

League officials considered the case and banned McMurray for two games for punishment.

While Gerry is again back at school his hockey for the season has been spoiled as he will be unable to play any more this season. It will be two months before his jaw is completely healed.

"Ice Capades" To Feature "Peter Pan" at Edmonton Gardens in Feb.

"Peter Pan", the ever-popular story which is the feature presentation of the 1957 "Ice Capades" show, has delighted audiences the world over for half a century.

This year's "Ice Capades", to be presented in the Edmonton Gardens, Feb. 11 to 16, represents the first time Sir James M. Barrie's delightful story has been presented on ice.

The role of Peter, personified symbol of the perpetual state of youth, will be skated by British skating star Hazel Franklin.

In the past, on stage, this part has been played by such dramatic greats as Maude Addams, Marilyn Miller, Eve Le Gallienne, Cissie Loftus, Edna Best, Jean Arthur and Mary Martin. As a stage play it has been seen in London, New York, Los Angeles, Chicago and Philadelphia. As an "Ice Capades" feature, it will play to some 2,000,000 persons in 25 metropolitan centres.

The ice show retains all the sentimental appeals of its stage original, tracing the adventure of little Wendy Darling, pixie-like Peter Pan, fickle Tinker Bell and the melancholy Lost Boys. Portrayed too are the infamous and troublesome Captain Hook and all his crew of black-hearted pirates, the Indians, and a hungary crocodile, yearning for another taste of Captain Hook.

Several years before Barrie wrote his play, the story of a boy who wouldn't grow up was yet alive in the minds of Barrie's juvenile friends as they strolled together through London's famous Kensington Gardens.

But as the telling grew, so spread the fame of Peter Pan. All who heard the story were captivated, as it spread through the parks, in the homes, and throughout the land.

Barrie's adult friends became enamored of the pixie youth and so began to grow in the fertile mind of the great author his play, which was to bring to reality the youth who became the best-known boy in all the world.

As a play, "Peter Pan" was presented to the world for the first time at the Duke of York Theatre in London on December 27, 1904. For 51 years now, children have adored the story and stage play and adults have applauded it and been warmed under the spell of its charm.

Sailing into Never Never Land on the misty gauze of pure enchantment, "Peter Pan" throughout the years has proved that the Barrie story is no thin fairy tale directed only at young children. Barrie conceived it as adult entertainment and it has always been presented for the family as a group.

Other productions in the 1957 "Ice Capades" include "Fantasy in Pink," "Country Fair", "Black and White Ballet", and Autorama.

The box office opens Monday, January 21 at Mike's News Stand and is to be open week days from 8:30 a.m. to 5.30 p.m. Mail orders, which will be accepted now, should be addressed to Ice Capades International, in care of Edmonton Gardens. Cheques or money orders should be made payable to Ice Capades International.

Evening performances begin at 8:30 pm with a Saturday matinee at 2:30 pm.

Members of F.U.A. Executive To Attend Ottawa Session

EDMONTON. — At the meeting of the Farmers Union of Alberta Executive plans were finalized for sending two members to attend the remainder of the session of the Federal Government at Ottawa. Plans call for Mr. Henry Young, F.U.A. Vice-President, to leave this weekend. The following weekend Mr. A.R. Wood of Dewberry will go. Each will stay for approximately two weeks. Thus someone will be leaving Alberta every week to replace one of the people in Ottawa. Farm people cannot usually leave their farms for more than a two week period.

In addition to Mr. Young and Mr. Wood the following members are taking part in this work: Mr. Uri Powell of Sexsmith, Mr. Joe Dussault of Vimy, Mrs. Mildred G. Redman of Hardisty, Mr. Stan Perka of Roundhill, Mr. Stan Sanford of Vegreville, Mr. George Loree of Parkland, Mr. L. Hilton of Strathmore.

While in Ottawa these people will pay particular attention to legislation affecting agriculture and acquaint Members of Parliament with the problems faced by Alberta farmers and the F.U.A. polices and programs.

M. D. Vermilion River Council Met Jan. 8 & 9

Boars To Be Included In Purebred Sire Area Act

The following is a summary of the meeting of the Council of M.D. of Vermilion River No. 71, held on the 8th and 9th of January, in the municipal office, Kitscoty.

Present were: Reeve J. H. Kelly and Crs. Heath, Stone, Wallington, McGuigan, Wheat, Anderson.

Minutes of the previous meeting of council held Dec. 11 and 12 were adopted as presented.

Financial statement for the month of December, 1956 was accepted as read.

Accounts as approved by the finance committee were passed for payment.

Exchange in the amount of $46.61 for December was ordered paid.

The position of the R.C.M.P. with regard to Bangs program was discussed by council.

A policy was discussed by the Council re growth of weeds and brush on road allowances.

PUREBRED SIRE AREA

Moved by Cr. Heath that, WHEREAS boars were exempted from the provisions of the enforcement of the Purebred Sire Area Act at the time it was set up in the Municipality,

NOW THEREFORE BE it Resolved that the provincial government be asked to remove the said exemption and that boars be now considered as livestock to come under the provisions of the Act as required by Sec. 3, Para 3 of the Act.

ASK CONTINUATION OF McLAUGHLIN SERVICE

The proposed removal of the agent at McLaughlin was discussed and it was decided to communicate with the Board of Transport Commissioners, advising them that the ratepayers in the area feel that station should be kept open.

FAVOR CRUSHED GRAVEL

Policy of gravelling M. D. roads during 1957 was discussed thoroughly and it was decided that crushed gravel would be used more extensively than in the past.

Moved by Cr. Anderson that report of investigating committee be communicated to Mrs. L. P. McIntosh, SW 34-54-4 Cd.

By-law No. 877 concerning the leasing of the building on Lot 7, Blk. 3, Plan 1982EO, Paradise Valley to J. McAmmond for one year was given three readings and carried.

The matter of fire extinguishers for sheds and motor graders was considered and quotations received.

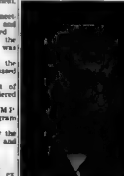
By-law No. 876 concerning the second and third readings of the Zoning by-law given 2nd and 3rd readings.



WILLIAM LOBAY

Takes New Position

The appointment of William Lobay as Supervisor of Soils and Weed Control with the Department of Agriculture, has been announced by the Hon. L. C. Halmrast, Alberta's Minister of Agriculture.

Mr. Lobay, for the past ten years, has been Supervisor of Crop Protection and Pest Control with the Provincial Department. In his new post he succeeds G. R. Sterling who was appointed, some time ago, Chairman of the Conservation and Utilization Committee.

Mr. Lobay was born and raised in the Speddon district, northeast of Edmonton. After attending Normal School he taught school for three years. He then enrolled at the University of Alberta, receiving his B.Sc. degree in 1943 and his Master's degree in 1947.

He joined the Department of Agriculture staff on a seasonal basis while attending University and in April 1947 was appointed Supervisor of Agricultural Service Boards, during which time he assisted with the formation of several Municipal Service Boards in the Province.

During his time as Supervisor of Pest Control several new programs were started by the Department of Agriculture including the coyote and rat control programs. Mr. Lobay has been closely associated with control of outbreaks of insect and plant diseases of economic importance including grasshoppers, grain aphids, rusty grain beetles and bacterial ring rot of potatoes.

In his new office he will be responsible for weed control and soil management policies carried on by the Department of Agriculture. A considerable amount of his time will be spent working with Agricultural Service Boards in Municipalities and Weed Inspectors in unorganized territories.

Mr. Lobay has assumed his new duties.

Gala Entertainment To Mark Opening Of New Auditoria

A gala week of entertainment is being planned to mark the official opening of the new provincial Golden Jubilee Auditoria at Edmonton and Calgary during the week of April 28 - May 4, according to an announcement today by the Hon. A. Russell Patrick, Minister of Economic Affairs.

A dedication ceremony to be held at both auditoria on Sunday, April 28 will be attended by government and civic officials as well as the general public. Choral groups will be in attendance.

Edmonton-born Betty-Jean Hagen, internationally known violinist will be guest artist with the Edmonton Symphony Orchestra at a concert to be presented in Edmonton April 29. Miss Hagen began her career in Edmonton as a child and later studied at Chicago, Toronto, New York, and Europe. She has been presented in concerts throughout Canada, United States, England, Holland, France, Switzerland and Italy.

The Orion Musical Theatre and Jack Unwin Varieties will take over the Edmonton program on May 2 with a variety musical. On May 3, Edmonton Civic Opera Society will present a popular opera, "Carmen."

Tentative programs for the balance of the week include Shakespeare's "A Midsummer Night's Dream" by Edmonton drama groups on April 30, an ethnic night on May 1, and a special musical wind-up production on the final day of opening ceremonies, May 4. It is anticipated that a number of famed guest artists may attend.

The Calgary auditorium program is expected to be similar.

Special Matinee for Jan. 25 & 26

As "Love Me or Leave Me" is an adult picture, we are playing a Special Matinee for Children this week end. It stars all kiddies favorite action, namely Gene Autry and his famous horse. The film is called "Apache Country" and has plenty of action for the younger generation, and adults as well.

"LOVE ME OR LEAVE ME" will commence at the usual time on Saturday of 6:00 o'clock p.m.

Changes in Theatre Program

Due to circumstances beyond our control, "NAKED DAWN" will not be shown on Jan. 28th and 29th as previously advertised. Instead, we will be showing a film on Juvenile Delinquency called "RUNNING WILD." It is a rough and realistic action drama, with latest rock and roll music. In this show the boys carry switch-blade knives, take part in a stolen car racket and indulge in drinking. Children under 14 years of age will not allowed in to this show unless accompanied by their parents.

Also, due to the fact that "THE SOLID GOLD CADILLAC" is being brought back to two Edmonton Famous Players theatres at the same time we had it booked, we will be unable to obtain the print until a later date, at which time prices will be regular. Therefore, we will be showing "PRIZE OF GOLD", a high rated racketeer drama starring Richard Widmark, Jan. 30 and 31. On Feb. 1st and 2nd, "SEVENTH CAVALRY" will be showing, starring Randolph Scott. It is one of his top action dramas.

Who Gets Fired?

Lazy people get fired more often than incompetents, reports The Financial Post. American Management Associated asked a group of personnel officers why the last person to be fired got the axe. 91 of 130 didn't like to work. Some of the others: Sassed the boss (3); were too drunk to come to work (4); were drunk but showed up anyway (3); stole (4).

BOWTELL BULLETIN

Sorry folks—long time no news but the writer had the flu bug in the family so was very busy choreing.

Grandma Till had to return to the hospital for a very serious operation but latest reports indicate that she is on the mend. Her daughter, Mrs. Neil Coutts of Dawson Creek flew out to be with her.

The writer extends her [redacted] and on behalf of the district deepest sympathy to Mrs. Bert Moses on the death of her father Mr. Phillips of North Battleford. Mr Phillips came from the same part of England as the writer so have enjoyed many chats together.

Mr and Mrs. Maggs and fam[redacted] were Friday evening visitors [redacted] the home of Mr and Mrs. E. Jones.

Many happy returns [redacted] to Mr. Jones who was 75 years old and Mr. H. Vandendelder who was 76, both [redacted] were on January 10th.

Mr. and Mrs. F Robinson and Bryan were dinner guests [redacted] day at the home of Mr. and Mrs. [redacted].

Mr. and Mrs. J. Roahfirds wee baby is at present a patient in the hospital with flu. Kathy Repp was a hospital patient recently with pneumonia.

Mrs. Knutson and Mrs. Hardie enjoyed a visit at the Harrison home on Monday.

Congratulations Mrs. W[redacted] on your 75th anniversary as writer of the Winks. We always look for that column ourselves.

Mrs. Bert Gould was a recent visitor to Edmonton for medical attention to [redacted] throat.

Mr and [redacted] Jim Repp and Francis were Sunday visitors at the home of Mr. and Mrs. C. Clarke.

Ten were present at church service held at Pleasant Valley on Sunday. Thanks to Frank Robinson the church was warm and comfortable. Where are our neighbors from over the hills—the roads are good folks.

BUSY BEES MEET

The last Busy Bee meeting was held at the home of Mrs. Bjork at Borradaile. Ten members and three visitors, Mrs. Caro, Mrs. Fulton and Mrs. Bjork were present. Letters were read form Mrs McClellen, Mrs. McGinnis, Mrs. Tweedy and Mrs. Jenkins.

APPROVE COMFORT STATION

The ladies are pleased to note some interest regarding a comfort station in Vermilion. How this would be welcomed by the country ladies, especially those with smaller children. The Standard is to be commended for promoting the idea in their editorial column.

The next B. B. meeting will be held at the home of Mrs. Fulton with lunch to be served by Mrs. A. Morrison and Mrs. Sherwood.

Mrs. DeDelly has been ill for some time, having to see the doctor a number of times. A quick recovery is wished her.

Rev. Minchin is giving Confirmation classes each Friday night at the Sherwood home. Anyone interested is very welcome.

Lyne Davidson spent the week end with Frances Sherwood.

Mr. and Mrs. R Repp are visitors to Calgary this week.

Say folks if you want a good pew story ask Betty Repp.

Don't forget the card party at the hall this Friday night folks.

Leading Canadian oil men will gather at Edmonton on Wednesday, February 13th, to attend the "Leduc 10th Anniversary Celebration" They will recall that same date back in 1947, when Imperial Oil Limited's Leduc No. 1 came in. In addition to the oil men, there will be representatives of other major Canadian industries, high ranking federal provincial and civic government officials. Those attending the celebration will reflect the tremendous contributions the growing oil industry has made to the economy of the country.

The Leduc Devonian Reef discovery was the spark that lighted oil exploration and development plans which have grown into today's large scale operations. Industrial development at an unprecedented rate in Alberta and Western Canada was drawn into the area by the magnetic power of the oil play coupled with a great faith in western Canada's future. While reviewing the past 10 years of progress, there likely will be forecasts concerning the industry's future growth—its place in the Canadian economy—its position in the world oil picture—and its role concerning Canada's [redacted].

It is estimated that by February 13th, Imperial Leduc No. 1 well will have produced 215,300 barrels of crude oil, and the total production at that rate for the Leduc-Woodbend field is estimated at 112,797,000 barrels. There are 1,255 wells capable of oil production in the Leduc-Woodbend field.

A prominent Canadian will be guest speaker following a banquet scheduled for Edmonton's Macdonald Hotel during the evening of February 13th. Leading government and business leaders will bring messages and some presentations are [redacted] planned.

Activities of the Leduc 10th Anniversary Celebration Committee are being coordinated by the [redacted]. Further details concerning the guest speaker and the one-day program will be announced shortly.

The Leduc Discovery Celebration Steering Committee is headed by J. P. Rennie, Calgary, Imperial Oil Limited. The following committee chairmen have been appointed:

Program and dinner committee W. J. Speerstra, Calgary, Shell Oil Company; Invitations committee, J. D. Balfour, Calgary, Home Oil Company; Publicity committee: T. A. Steele, Calgary, Hudson's Bay Oil and Gas Co. Ltd.; Edmonton committee co-ordinator: D. R. Menzies, Imperial Oil Limited.

Traffic Safety Lane

– By –
MR. J. W. McKAY, Director of [redacted]
Department of Highways.

The year 1956 ended with the highest traffic fatality figure in the history of our province. 256 deaths. It is true that our automobile registration has climbed to approximately 375,000 vehicles or an increase of 10%. Therefore, we can expect an increase in accidents and fatalities. But the fatality rate has increased 20% while the accident rate has increased 10% What seems to be the trouble?

The automobile is getting to be faster with a tremendous increase in horsepower. Our highways are smoother, straighter, and wider, with more of them: the vehicle volume is rapidly increasing. Should this sort of progress be the basic reason for accidents and death?

The cause of the trouble is not in the car or the highway, it is the driver himself. What is the driver's trouble? We can list a number of things that pertain to a driver. The one thing that is outstanding is the lack of knowledge. This takes in such phases as

(1) Lack of skills to operate and handle vehicle and keep it under control at all times.

(2) A lack of knowledge of personal responsibilities to his fellow highway users.

(3) A lack of knowledge of his own physical qualifications:
(a) of a permanent nature,
(b) of a temporary nature

(4) A lack of knowledge of the laws of nature and man.

If drivers had this knowledge and, of course, put it into practice then the automobile would be a much safer vehicle than it is today.

Sometimes I feel we are too prone to blame the automobile manufacture, the highway and the Police. But the responsibility boils right down to the driver himself.

Let each of us examine ourselves as drivers, let each of us get a determination to do something about it, let each of us determine to do our part to make our highways much safer for all concerned in 1957.

A lad from Brooklyn turned up in a mess line in a Texas camp, holding the rattles from a rattlesnake.

"Where'd you get em?" a buddy asked.

"Off a big worm", was the reply.

Health Unit Notes

ARE YOUR CHILDREN PROTECTED?

During this past year there have been a number of cases of diptheria in Canada, several of them fatal. Some of these cases were around this district. For one of several reasons, these children had not been given the innoculations against diptheria and so they were susceptable to the disease.

As Canada has such a large floating population and so many new immigrants, some of which could be diptheria carriers, it is very important that all the child population should have a high level of resistance to this disease.

Over the past number of years, innoculations have practically wiped out diptheria as a killing or crippling disease. Recently as there have been so few cases many people have become careless about innoculations and the danger of this has been demonstrated by the deaths during the past few months.

Below is set out the course of innoculations which is necessary to give protection against diptheria, whooping cough and tetanus.

[redacted]

Diptheria is a killing disease which spreads rapidly through communities which have not yet been immunized. It attacks all ages but young children are more susceptible and in them it is a more serious illness. Even when apparently mild it may leave serious heart and nerve complications.

[redacted]

Of all communicable diseases this one is most likely to affect the youngest members of the family. Many cases occur in infants of six months of age or less while the largest proportion occur between the ages of one and three years. In older children, while the disease may not be so severe, there is still the long drawn out convalescence, with its nights of coughing and wakefulness—which are perhaps harder on the parents than on the child. Permanent damage to the lung sometime occurs in the spasms of coughing leading to serious illness in later life.

[redacted]

Tetanus or lockjaw is a rather uncommon but serious disease which sometimes follows puncture woundsor other injuries.

TRIPLE PROTECTION

Complete protection can be given against these three diseases by a course of four injections starting when the child is four months old. To keep immunity at the required level the child should have a booster in one year and then again every two years until he or she starts school.

Reactions to the injections are uncommon and transient

[redacted]

Although an uncommon disease in Canada nowadays, it is still prevalent in some parts of the world and outbreaks in this country do still occur. It is a killing disease and at its mildest very disfiguring.

The only protection against smallpox is vaccination. This can be done when your child is three months old and at that age causes little upset and quite a small scar. People who have to be vaccinated in adult life for the first time if they travel abroad or enter certain professions, often have a very severe reaction to vaccination.

Revaccination is necessary every seven years to give complete protection against smallpox but a certain degree of protection lasts a life-time from one vaccination.

Don't delay, give your child this protection against communicable disease as soon as possible.

Anderson, Mrs. F. Graham, Mrs. V Quist, Mrs. J Milne, Wm. Hanernyk, Mrs. I Bobrosid (2), and Mrs. J. Murray who wone the $20 voucher.

At the first local bonspiel of the season of the Marwayne curling club, F. Tupper and V. Quist were winners of the first event and F. Graham and A. Johnson the second event.

HIGH SCHOOL CURLERS WIN AND LOSE

The Vermilion High School boys' curling rink won the right to represent this area at the Taylor & Pearson play-offs at the eliminations held in Vermilion on Friday and Saturday last. On Friday the Marwayne team of Dale Craig skip, Russell Shaw 3rd Ted Quist 2nd and Neil Hancock lead won over Mannville and lost to Kitscoty. On Saturday they turned back Paradise Valley but lost out in the finals against Vermilion. Good try boys.

Mrs. Holmes left this week for her yearly trip to points in Montana. We'll see her back with the geese in the spring.

A GREAT GAIN

You may not realize it, but you have gained a great deal as an individual because your country has welcomed thousands of men and women from Hungary. To every single one of us this arrival of Hungarians brings blessings of a moral, economic and political nature.

We have the satisfaction of knowing that what we have done was right from a moral point of view. To neglect to offer sanctuary at such a time would have been cruel indeed.

We will be better off from an economic point of view as well. We need more citizens to help develop Canada, to share the cost of maintaining our railroads, airways, radio and television networks, our publishing houses, our farming industry and all the rest. All of these endeavours have suffered for lack of a domestic market.

Politically we make our greatest gain. These Hungarians will bring with them a love of freedom born out of freedom's loss in their own land. To them such terms as "Freedom of Worship" "Freedom of the Ballot," and "Freedom of Enterprise" will be more than hackneyed catchwords of speechmakers. For they know how freedom can be lost, by slow degrees, to ideologies which place the state so far above the individual.

You and I may feel that in our time there is no danger of Canada becoming a state where a few powerful men control the destinies of each citizen. True we see a trend towards Big Government and Big Bureaucracy, and it frightens us a bit, but we tell ourselves that the men on top are after all pretty decent men and all will be well. But these Hungarians will be quick to spot those areas where freedom is dying, and will help to see that it [redacted]

So if you and I do not worry too much about the increasing trend toward an all-powerful central state these newcomers will prompt us to worry. And we should worry if only on behalf of our children. I think we would like to see Canada at least as free for our children as we found it. When we are tempted to give up some freedom in order to gain some economic safety, we should remember and these newcomers should remind us that when freedom disappears, the very concept of safety is a cruel jest. It is the kind of safety found only in jail'

So let us not be patronizing towards these Hungarian newcomers. Let us remember that they bring us gifts fully as valuable as the gifts we are offering to [redacted]

For all your banking...

Did you ever stop to consider all the things a chartered bank can do for you?

It is more than a convenient place to make a deposit, cash a cheque or see about a loan. You can also buy travellers cheques and money orders; rent a safety deposit box; purchase foreign currency; talk over your financial plans or problems. The list goes on and on . . . and all these services are available at the branch where you do your banking.

A branch bank is, in effect, a service centre and everyone on the staff is there to help you, to look after *all* your banking courteously, confidentially and well.

"HELLO, HOMEMAKERS"

Here are some tips about that painting job you're thinking about.

Glue a paper plate to the bottom of the can to avoid rings on the floor.

Have several clean cloths on hand for wiping up spatters. (Here's where an apron with several pockets is handy).

Cover hands with cleansing cream and rub in well. You'll find paint comes off easier when the job is done.

Do the ceiling first. If you use a brush, use the four-inch one. Paint in straight strokes in the corners, fan like strokes for the rest of it. Overlap edges of paint strips before they dry.

Use horizontal strokes on the wall. Start at the top and work down in overlapping strips about three feet wide.

When you finish a strip, wipe the brush dry and run the tips of the bristles lightly down the strip. This will eliminate brush strokes.

If you use a roller coater, work in straight overlapping stripes from the ceiling down. Smooth off horizontally by running roller lightly over strips.

Don't do woodwork until the walls are dry.

Protect glass in windows by holding a piece of cardboard over it. This is also good on woodwork. If spatters are found after they're dry remove with nail polish remover and absorbent cotton.

Don't hurry your painting. Care results in a good looking paint job but haste will give poor results.

Brush a good sized two coat paint sample on board or can cover. Make it a size you can use when shopping for harmonizing drapes, rugs and other furnishings.

HINTS FOR THE WEEK

Do you clean your toaster of bread crumbs with a violent shake? This may be effective but is harmful to the heating elements. Instead, use a small, soft paint brush and use it gently.

NEWS from ALLANDALE

Lovely weather again after a week of winter starting Jan. 7, the temperature going to 25 below. So far we have had very little snow and roads are icy in many places.

Congratulations to Mr and Mrs Paul Whelan (nee Orlene Omness) in St. Avold, Moselle, France on the birth of a daughter Lynn, on Dec 29th.

We were pleased to hear over the air of Margaret Burton winning $40 on '30 a day', Jan. 8th.

An error in Jan. 3rd Standard news: The new home mentioned in Lloydminster is that of Mr and Mrs. Art Roberge not Mr and Mrs. Johnny Nelson.

On Jan. 6th the Omnesses were supper guests at the Wm. Roebuck home in town. There we enjoyed many pieces played on the Hammond Organ by our hostess. The music is lovely.

Congratulations to Mr and Mrs. Ray Stetson (nee Betty Cross) in Fort Saskatchewan on the birth of a son, Robert Ray, on Jan. 7th.

The W.A. met at the McPhee home on Jan. 15th. The men too enjoy these evening meetings. It was good to have Mr. and Mrs. Gus Throndson and Mr Dave McPhee from town join us. The February meeting will be at the Baldock home on the 14th in the evening. Lunch, Mrs. Nelson and Mrs. McPhee.

It was nice to be with the Clandonald Promenaders again on Jan. 16th and at Greenlawn on the 19th. Both were much enjoyed.

Miss Lorna Nelson from Lloydminster was a visitor in the district over the week end of Jan. 20th.

Mrs. Nora Ronaghan is back in Alberta, last news was that she was at the Rufus Omness home at New Serepta.

Closing Thought: "When you list to the growl of the growler, as you hark to his ceaseless growl, you will please recall, that a dog is all it takes for an endless howl."

High School Drama

Doris Marshall, high school drama teacher, casts "troublesome" students in roles that bring out their better selves. And lo, reports the February Reader's Digest, bullies become enemies of injustice, wall flowers blossom, dunces turn into scholars. "I have the perfect medium," says Mrs. Marshall, "for dealing with the child who's really a brat: the young egotist. If a youngster is accustomed to raising Cain in geometry class, on stage he finds a chance to show off constructively!"

Flying alone, 63-year old Mrs. Marion Rice Hart of New York recently piloted her own airplane over the Andes Mountains in South America, reports the February Reader's Digest. She was the first woman to be graduated from Massachusetts Institute of Technology as a chemical engineer and was earlier interested in sailing and art before taking up flying at the age of 51.

SEEDTIME and HARVEST

FROSTED SEED GERMINATES POORLY

The early frosts of last September caused severe crop damage in many districts throughout the Prairie Provinces. As a result the ability of the grain to germinate has been seriously impaired.

Germination Results. Our own Seed Laboratory has completed germination tests on hundreds of farmers' seed samples of wheat, oats, barley and flax from the 1956 crop with the following results. Of the samples of wheat tested, 32% were affected by frost. The majority of the frosted samples germinated poorly—less than 65%. The average germination for all frosted wheat samples was 71%, whereas the average for all non-frosted samples was 88%. A similar situation was found in barley, with 34% of the samples being damaged by frost. Owing to frost damage, the germination picture in oats is very serious this year. No less than 59% of the farmers' seed samples of oats we tested for germination was found to be affected by frost. Many of the frosted oat samples germinated less than 30%, and the average for all frosted samples was only 51%. In comparison, the average germination of the non-frosted oat samples was 89%. With regard to flax. Our seed germination tests show that much of the flax seed harvested in Western Canada in 1956 is suffering from frost damage. The best advice we can give to flax growers is: (1) Be sure and have your seed tested for germination. (2) Exercise special care in cleaning your flax seed. (3) Treat all your flax seed this Spring with one of the recommended mercury seed treatment chemicals.

Conclusions. Farmers should not take a chance on using frost-damaged grain for seed. Free germination tests are offered by local Agents of the Line Elevator Companies listed above, and by other organizations. Play safe—get your seed tested for germination now. Use only "good seed" in 1957—seed that is pure to variety, high-germinating, and free of weeds. Make sure that the seed you plant this Spring has not been damaged by frost.

F.U.A. To Establish New Department Of Information

EDMONTON. — The Farmers' Union of Alberta announced today that following an Executive decision they are establishing a new department of information and extension. This department has been set up to service all district officials and locals of the organization with primary emphasis on the junior movement.

To head up this new department the President Mr. A.W. Platt announced today the appointment of Mr. Wm. A. Moisey, B.Sc. Mr. Moisey was born, raised and has farmed at Whitford, Alberta. He is a graduate of the Edmonton Normal School and the University of Alberta. During the thirties he taught school and worked in dairies in Elk Point and Edmonton in various capacities. For eleven years he was employed as a District Agriculturist with the Alberta Dept. of Agriculture. At present he is employed by the Dept. of Education in Edmonton. Mr. Moisey will assume his new duties March 1st of this year.

In speaking of Mr. Moisey, Mr. Platt said, "He is thoroughly dedicated to the ideals of the Farmers' Union and has a wonderful background of training and experience. I am sure he will be of great assistance, especially in our junior work."

The Chief Scout for Canada is the Governor-General the Rt. Hon. Vincent Massey, C. H.

Eating More Beef

Canadian exports of slaughter cattle to the U.S. this year will remain close to the all-time low level they reached last year — 1,463 animals, says The Financial Post. And they may even drop lower. Why? Because Mr. Consumer will gobble up these potential exports. Because hog prices are going up, the steak knife will be used even more this year than last.

Men Who Make Alberta

THE CATTLEMAN

Since 1872, when Albert and John MacDougall brought 100 head of steers and some breeding stock north from Montana, Alberta cattlemen have been steadily building one of this province's major industries. They've built it in size; but, what is more important, they have and still are breeding better and better quality stock, until today Alberta Cattle Sales receive the respected interest of Stockmen the world over.

The men behind the Alberta Cattle Industry, from the large ranchers to the working cowpunchers have left a deep and lasting impression on this Province. Names like Pat Burns, George Lane, A. E. Cross and Archie MacLean stand out in any history of the development of Alberta and the Canadian West. A host of others, among them John Ware and Guy Weadick, have helped shape the pattern of our colorful Western heritage.

There's been many changes since the early trail herds moved in from the South, but the spirit of the range lies deep in the heart of every Albertan . . . so that in centres all over the province, during the summer season, city and country folk alike join the working "Cow Waddie" in the only truly Western sport . . . the Rodeo. No better recognition could be offered the men who are so symbolic of the prairie and foothill country.

FINALISTS FOR NORTHERN ALBERTA HIGH SCHOOL CHAMPIONSHIP HONORED

The four boys pictured above won the district play-off in the Taylor - Pearson - Carson high school play-downs and last week competed for the Northern Alberta High School championship at the Thistle rink in Edmonton. They lost their first game in the double knockout competition, then settled down and won Section B. In winning the section they administered the first defeat to the Wetaskiwin rink by a score of 9 to 4.

This brought the two together in the play-off of the two sections for the championship. The V.H.S. rink got away to a shaky start, dropping a 2 and then a 3 end to trail 5-0 in two ends. At 7 ends they pulled up to 7-6, but the Wetaskiwin boys protected their lead and won the final 10-6.

In the above picture shown from left to right, standing, are Pat Bentley lead, Billy Tough 2nd, Donald Stewart 3rd, Brent Long skip. The boys were the guests of honor at a dinner meeting of the Board of Trade last week. Kneeling in front, on the left is F. J. Richardson, secretary, and R. Boake, retiring president of the Board is on the right.

The record of the games played is as follows:

Section A: V.H.S. 6, Stettler 13.
Section B: Vermilion 13, Edgerton 9; Vermilion 9, Redwater 5; Vermilion 12, Victoria Comp. 8; Vermilion 9, Wetaskiwin 4.
Play-off: Vermilion 6, Wetaskiwin 10.

5. Mothers who are expecting babies after July 1st, 1957, may receive their first injection.

NO FIRST INJECTIONS will be given to pre-school children at these sessions.

The Minburn-Vermilion Health Unit hopes to be able to give Salk Vaccine to all pre-school children over one year of age some time in the spring months.

Watch your Health Unit notes in the Standard for announcements during March.

By Way Of Explanation

In case any person travelling through Elk Point wonders at the profusion of whiskers in and around the village, I would like to make the following humble explanation.

This is a beard growing contest! Sponsored by a few who took it upon themselves to commemorate the 50th anniversary (more or less) of the founding of Elk Point and district.

The contest will expire Saturday the first day of June, 1957, at which time a bang-up celebration will take place and judges will award first and second prize money to the owners of the two best beards.

Beards will be judged for density and general appearance and must be at least one and one-half inches in length.

Deer Hunters Fined

Three deer hunters in the Wainwright district did not find their hunting very profitable. Harold Olson, John Roberts and William (Buster) Newman were found guilty recently and fined $50 and costs in magistrate's court at Wainwright on a hunting charge.

Newman also paid a $25 fine when he pleaded guilty to a charge of mischief for giving false information at the time they were checked.

FLASH! "Anchors Aweigh" will be shown at the Clandonald Hall this week end, Feb. 1 and 2 in place of "It's Always Fair Weather" as advertised.

Scales, Vermilion, and Dr. Smith, Lloyd., Deadlocked in Consols Play

Two outstanding rinks emerged from the thirteen club representatives playing in the British Consols Zone 8 play-offs here this week, Bill Scales of Vermilion and Dr. E. L. Smith of Lloydminster. They are now deadlocked with one win each in the play-off. The final game will be played here on Saturday night commencing at 9:00 o'clock. Judging from the performances of these two rinks in the first two games, the clincher will be well worth watching.

Thirteen clubs were represented in the Zone 8 British Consols play-offs. Type of draw was the double knock-out. This resulted in Dr. Smith of Lloydminster and Bill Scales of Vermilion going through to both finals undefeated.

Meeting in the final game in Section A at 7:30 Wednesday evening Dr. Smith came out the winner 9 to 5.

Smith	2	0	1	1	0	0	2	0	1	2	9
Scales	0	2	0	0	0	1	0	2	0	0	5

The final in Section B started immediately after and saw the decision reversed with Scales & Co holding an early lead throughout and winning 9 to 6.

Smith	0	0	1	0	1	1	1	0	2	0	6
Scales	2	1	0	2	0	0	0	3	0	1	9

The winners of the two sections now meet in a play-off and the winning rink continues on to Edmonton to play for the Northern Alberta title.

Dr. Smith has Jim Sellers at third, Dr. W. G. Jensen 2nd and Bob Richer lead.

The Vermilion rink is skipped by Bill Scales, George Webb Jr. 3rd, Harding Brix 2nd and Ken Martin lead.

Citizens Giving Generously To Legion Polio Fund

Headquarters of the Polio Fund canvassers reports that donations are coming in very well indeed. Vic Tillett, chairman of the Legion Polio Committee states that he is very pleased with results so far.

Canvassers will be at work in town and district for the next week or so. Ten Legion members are canvassing the business places and Legion Ladies' Auxiliary members are canvassing the homes.

Yesterday a farmer from south of town brought in $10.00 for the fund. Others will no doubt do likewise. Donations may be left with Vic Tillett, Thos. Watts and E. H. Buckingham.

Frank Molineux Dies At Clandonald

Frank Neville Y. Molineux passed away at his home ten miles north of Clandonald on Tuesday, Jan. 29th. He was 67 years of age and had lived in the district since 1909, where he was held in high esteem and respect. He was still actively engaged in farming at the time of his death.

Funeral services will be held on Friday, Feb. 1 at 2:00 o'clock in the Landonville Anglican church with the Rev. B. L. Brown of Clandonald officiating. Interment will follow in the Landonville cemetery.

He leaves to mourn his loss his loving wife, three sons, Frank of Landonville, David, Edmonton; Don, Leduc; and two daughters, Mrs. Lloyd Haberlin (Frances) Vancouver, Mrs. M. Danbrooke (Mildred), Edmonton. There are thirteen grandchildren; two brothers Cecil in Regina, Reg in Edmonton, and one sister in England.

Moyer's of Vermilion are in charge of funeral arrangements.

Mitchell Taylor Honors Robert Burns At Rotary

Members of the Vermilion Rotary club enjoyed the program at their weekly luncheon last Friday when Mitchell Taylor acting as Master of Ceremonies and as featured speaker did honor to the memory of Robert Burns in a most capable and colorful manner.

Mr. Taylor displayed remarkable agility in expressing himself in a dialect sometimes identifiable as related to the English language as he addressed the Haggis and quoted extensively from the poetry of the beloved Scottish bard. Neil MacLean piped the haggis into the dining room in his usual capable manner but even he failed to maintain an expression of full understanding as "Mitch" broadened out his native dialect to its full richness.

Rumor has it that some members of the club supplemented the haggis with more ordinary foods in order to make out a meal. Apparently the small sample of haggis forwarded to Tammas McPherson who was curling at St. Paul failed to enable his rink to achieve any notable measure of success in the bonspiel there.

Quotations from his poetry recited without benefit of notes were employed by the speaker in describing the many admirable qualities attributed to Robt. Burns whose memory has seldom if ever been more suitably honored at any gathering.

Conservatives To Rally At Islay

A public meeting in the interests of the Conservative party will be held in the Islay hall on Wednesday, Feb. 6th at 8 p.m. The speakers will include the candidate for Battle River-Camrose Mr. Clifford Smallwood of Irma with Mr. Allan Ronaghan will show a film on the Federal Government.

Microwave Cooking Demonstration Here February 7th & 8th

A demonstration of "Microwave" cooking will be held on the afternoons of Feb. 7 and 8 at the office of Canadian Utilities. Everyone is welcome to attend and to observe this revolutionary means of cooking. 30-1

Northern Alberta Ladies Curling Championships Here Feb. 4, 5, 6 — Gala Program Planned

Vermilion is all agog over the fact that the Northern Alberta Ladies' Curling Play-downs will take place here on Monday to Wednesday next week, Feb. 4th, 5th and 6th. This means that as many as 100 visiting lady curlers will invade the town, coming from across the whole of Alberta and for a goodly distance north and south.

Prominent among the visitors will be Mrs. Hull of Edmonton who last year carried off the provincial championship.

The province is divided into three sections for the play-downs, the Southern, Northern, and the Peace River.

GALA PROGRAM PLANNED

The curlers will leave the Brunswick hotel at 8:30 Monday morning Feb. 4th and the Vermilion Pipe Band will pipe them to the curling rink.

At the rink Mayor M. Hill will officially open the play-downs by throwing the first rock, and then for three days there will be action galore.

At 6:30 Monday evening the Vermilion Ladies Curling club are tendering a banquet to the visitors in the Legion hall. Immediately preceding the banquet the Board of Trade will be hosts at an informal reception.

Elsewhere in the columns of the Standard the business firms of the town have banded together to extend a hearty warming welcome to the visiting curlers. Everyone appreciates the fact that Vermilion has been chosen as the site for the playing of this portion of the Eaton trophy and are prepared to help make it a long-to-be-remembered event.

Israel Miller Elected President for 1957

Board of Trade Reviews Active Year At Annual Meeting

One of the most active years of the organization was reviewed at the annual meeting of the Board of Trade held on Wednesday, a year in which membership increased approximately one-third and average attendance at the weekly luncheon meetings showed a very material increase. All of this indicated a year of able leadership under the president Ross Boake. Mr. Boake at Wednesday's meeting handed over the presidency to Israel Miller unanimous choice for the chief official of the Board of Trade for the year 1957.

THE NEW PRESIDENT

Mr. Miller came to Vermilion in 1950, opening a new store the 5c to $1.00. This has proved a successful venture under his efficient direction and management. While a comparative newcomer to Vermilion, the new president is an old timer in Alberta. He came to the province in 1911 settling on a farm at Alliance before that town was founded. When it did come into being Alliance was located on a corner of Mr. Miller's farm. In the new town he opened a general store business and was very active in town and school affairs. He was chairman of the school board there for many years and is a past master of the Oddfellows Lodge as well as being a Past District Deputy. In 1944 he moved to Edmonton in order that his family could attend the University of Alberta.

Since coming to Vermilion he has taken a keen interest in all town activities, has been a regular attender at Board of Trade meetings and a very active committee worker. He is also a charter member of the Vermilion Rotary Club.

E. A. LOCKE VICE-PRES.

Elected to the office of vice-president is E. A. Locke, manager of the Provincial Treasury Branch for the past five years. He, too, is an ardent Board of Trade supporter, a town councillor, and is very active in golf and curling clubs.

Following their election, the president and vice-president were sworn into office by His Worship Mayor Melvin Hill.

The annual meeting attended by 45 business and professional men of the town, followed the regular weekly luncheon in the Rio Cafe.

The complete list of officers for 1957 follows:

Hon. President, Mayor M. Hill
Im. Past Pres. J. Ross Boake
President, Israel Miller
Vice-President, E. A. Locke
Sec. Treas. F. J. Richardson
Dir. Publicity, A. H. Cooper
Farmers' Rep., Don Wilson
Directors: T. E. McPherson, Roger Rowe, Angus MacMillan, A. J. Champion, Leo McKernan, Albert Hareuther, Warren Rosequist, C. J. McCormick and Paul Godt.

COMMITTEES APPOINTED

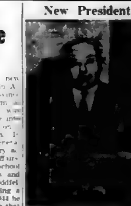
The executive met following the annual meeting and the following committees were appointed for the year. It is upon the initiative and interest of each and every person on these committees that much of the success of the Board of Trade depends.

AGRICULTURE
Chairman, Keith Chalmers, Don Wilson, E. H. Buckingham, Ralph Wilson.
RETAIL
Chairman, Paul Godt, Albert Hareuther, Roger Rowe.
INDUSTRIAL
Chairman, Tom McPherson, G. W. Sutherland.
ROADS
Chairman, C. McCormick; Ken Urquhart, E. M. Stewart.
PUBLICITY
Chairman, Ashley Cooper, F. J. Richardson, J. R. Boake.
ENTERTAINMENT AND [illegible]
Chairman, Warren Rosequist, A. J. Champion, A. E. Kaiser
[illegible]
Chairman, Angus MacMillan, Nick Adams, Nick Kowalchuk.
NATIONAL AFFAIRS
Chairman, Leo McKernan, M. Taylor.
AIRPORT
Chairman, Baden Anderson.
CIVIC
Chairman, E. Clendenning, Leo McKernan, Tom Watts.

A review of the activities of the Board for 1956 was given by the retiring president Mr. Boake, who in his opening remarks reminded the large gathering that the function of the Board is mainly to suggest, recommend and promote. The address will appear in following issues of The Standard and reprinted in pamphlet form.

Motions of thanks to the retiring president and his executive were enthusiastically recorded.

New President



ISRAEL MILLER
who on Wednesday was elected President of the Vermilion Board of Trade.

Prize Winners In Clendenning's Baby Contest

Winners of the generous prizes offered by Clendenning's Family Wear are being announced in the advertisement of that firm this week.

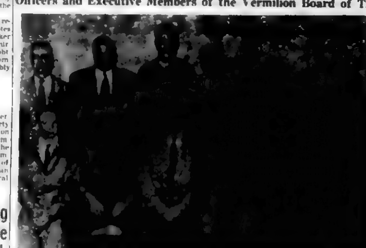
For Vermilion the first baby was born to Mr. and Mrs. John Fisher of Clandonald.

Mr. and Mrs. Inger Wilson were the proud parents of the first baby of the year at Mannville. Mr. and Mrs. Robbie Walker of Dewberry win the prize for the Islay hospital district. At Myrnam hospital the prize goes to Mr. and Mrs. John Eurovples of Boyle.

John Anderson of Dewberry in 'Movies'

Any doubt as to the attendance of the Conservative delegates from Battle River-Camrose at the recent convention in Toronto to elect a new party leader can now be dismissed. A recent news reel taken of the convention and played at the Dewberry theatre showed John Anderson very much there and apparently enjoying the convention proceedings.

Officers and Executive Members of the Vermilion Board of Trade



The above officers of the Vermilion Board of Trade took over the reins of office following the annual meeting on Wednesday of last week. Shown from left to right standing in the back row are A. J. Champion, Angus MacMillan, Warren Rosequist, Hon. President Mayor Melvin Hill, Leon McKernan and T. E. McPherson.

In the front row, left to right, are Albert Hareuther, Roger Rowe, Vice-President E. A. Locke, President I. Miller, Secretary F. J. Richardson, and Ashley H. Cooper. Missing from the picture are Paul Godt and Ross Boake.

MAKE IT A GOOD SHOW

The Vermilion ladies curling club will be hostess on Monday, Tuesday and Wednesday to approximately one hundred ladies taking part in the Northern Alberta curling playdowns. The curlers in Vermilion are to be congratulated on having facilities here for such an important event, and the ladies curling club executive is to be highly commended for such an ambitious undertaking.

Everyone in the town should join in and help play host and hostess to the lady visitors who will come from all over northern Alberta. Let the visitors go away praising the town for its sociability, courteousness, friendliness, service, facilities, sportsmanship and good fellowship.

CONGRATULATIONS [illegible]

In line for congratulations are the members of the Vermilion high school curling rink who gained the finals in quest of the Northern Alberta High School Curling championship last week end. They gave an excellent display of curling prowess and sportsmanship and brought to the town and district a large amount of valuable notice [illegible] publicity.

COMMERCIAL GRAIN

Up to 150 bushels of registered or certified wheat, oats, barley flax seed can again be obtained this year under the Canadian Wheat Board's exchange plan. Commercial grain over and above quota can be delivered to the elevator in trade for the registered or certified seed delivered but the commercial grain so delivered must not exceed 400 bushels.

To take advantage of this offer (last year half the registered seed sold in Alberta was marketed under this plan) you can do one of two things:

1. You can arrange to buy from a registered seed grower or bona fide dealer in registered or certified grain, obtain an invoice, take it to your elevator agent and arrange with him for payment. He will tell you how much commercial grain you will have to deliver, or

2. You can go to your elevator agent and have him order the seed for you. In either case your elevator agent can give you full particulars of the transaction.

Make your arrangements early. It pays to sow good seed, and here is an excellent opportunity to improve the quality of your grain.

THATCHER and SELKIRK

In spite of many claims that Selkirk wheat yields more than Thatcher this is not true. Generally speaking the yields of these two varieties are nearly the same. At Scott Saskatchewan in tests covering 5 years Thatcher yielded an average of 29.8 bushels and Selkirk 29.1 bushels. On drier years Thatcher will likely out yield Selkirk.

MASTITIS IN CATTLE

Sometimes called garget or inflammation of the udder is common in this area and causes big losses. Penicillen is used in treating this disease but it is better to prevent it's spread from one cow to another. Get circulars from this office on handling this disease.

[illegible]

On account of the frost last September a lot of the grain threshed in this area will not [illegible] good seed. Wheat, oats and barley showing frost damage should be germinated. If the germination is not up to 80 percent then it is best to look for other seed.

RATS NEAR VERMILION

Marshall Sharek, Pest Control Officer reports that [illegible] been found on a farm 3½ miles east of Vermilion. This is getting a little too close. People should be on the watch for rats around their buildings whether in town or country. Anyone suspicious of rats should report to the municipality or District Agriculturist and a check will be made.

CROSS BRED CHIX

New types, strains and crosses of the common breeds of poultry will go on the market this year. Although baby chicks of these strains will cost a little more they are well worth the extra money. The chicks grow faster on less feed. The pullets will produce more eggs. There are improved strains also for broilers and for turkeys. Anyway it will be worth while to look over the hatchery catalogues carefully.

SEED ON THE QUOTA

Registered or Certified seed can be paid for by delivering grain on the quota up to 400 bus. The freight can also be included. See your elevator agent about getting some pure seed and paying for it by delivering grain on the quota.

Health Unit Notes

FOUR KINDS OF FATIGUE

Physical fatigue is healthy fatigue. The body needs [illegible] stimulation, and fatigue from physical work seldom is dangerous.

Fatigue caused by mental work is [illegible] because it usually involves no physical activity with accompanying stimulation of circulation, and must therefore be carefully handled for recuperation.

Emotional fatigue, the third form of tiredness, is generally recognized as the most harmful form of fatigue because it alters glandular activities of the body and makes it difficult to obtain relaxation or sleep for real restoration of well-being. It may arise from severe fright or anger. Or it may arise, and does more usually, from temperamental disturbances.

To these three forms of fatigue should [illegible] be added a fourth — the fatigue that cannot be accounted for or explained. Such fatigue may be a warning signal of danger [illegible]. Disturbances of the thyroid gland often causes undue fatigue. One of the common symptoms of early tuberculosis is tiredness without apparent cause. Any abnormal tiredness [illegible] prompt one to visit the doctor and to let him decide the cause of the fatigue.

RELAXATION

We cannot afford to go to bed whenever a feeling of tiredness comes over us. But we can during the day frequently relax, let go, stretch out and thus give the body a chance to catch up on its energy debt. One high school has provided lounging rooms for those of its students who need rest occasionally from the strain of school work. Students who have recently had a serious illness, those who are not up to par in health and those who tire easily make use of these special rooms, under the supervision of trained health counsellors. A busy doctor states that when patients crowd his office, he manages to relax physically and mentally a few minutes between each consultation and that enables him to get through hours of taxing concentration without exhaus[illegible].

Mind and body cannot be separated, hence any tenseness of one affects the other. "At ease" is a good old army phrase which means just that. It is the opposite of "attention!". Being at ease does not mean a sloppy, sleepy attitude, but one of composure without strain. To learn to do a task without tenseness helps to prevent fatigue and results in better work. The musician who is tense gives a "stiff performance". The public speaker who is tense "cramps his style". A boy who stuttered hopelessly in the classroom was taught by his patient teacher to relax, to be calm and oblivious to the class before beginning to recite. Improvement in speaking clearly and evenly was remarkable in a short time.

Vermilion, Alberta,
Jan. 18th, 1957.

The Editor,
Vermilion Standard.
Dear Mr. Cooper:

At the January meeting of the Bowtell Busy Bees I was instructed to write to you expressing our approval of your suggestion made in the editorial columns of the Standard that Vermilion should build a comfort station this year.

A comfort station is badly needed and it would surprise you how many mothers with young [illegible] a few miles further to Lloydminster and Wainwright where very nice comfort stations are provided [illegible] where [illegible] small children can be adequately looked after, and do their shopping in those centres.

[illegible] thoughts expressed in regard to such a building [illegible] that it should be in a central part of the town, and should not be in a [illegible] or up a stairway, but on the street level. Old folks would use it, mothers with babies and small children would find it a great blessing, therefore make it easy of access.

We know that your suggestion is being hailed with delight all over this area, and hope that your idea will meet with widespread support in town, and that the coming summer will see a commodious comfort station in our home town and shopping centre.

Thanking you for the use of your space,

Yours truly,
Mrs. T. Sherwood, Sec'y.,
Bowtell Busy Bees.

Kitscoty, Alberta,
Jan. 28, 1957.

The Vermilion Standard,
Vermilion, Alberta.
Dear Sir:

I believe the Standard was guilty of a bit of partisan reporting in the account of the injury sustained by Gerry Schmidt on Jan. 12th during a game between the Vermilion and Kitscoty Juvenile teams. The report refers twice to a "much bigger boy" and adds "apparently for no reason whatever", when referring to the blow delivered when the injured player was going away.

Fort McMurray, a forward on the Kitscoty club, is an eligible player on our club (some doubts of that have been suggested from other quarters), who up to that time had not received a penalty in four games. Before losing his temper, which I do not try to condone in anyway, he had taken considerable punishment from the injured player. He revealed the evidence of this fact to his coach in the dressing room between periods. It is extremely unfortunate for both boys that the blow should have had such serious results. However in the heat of a hockey game when the going gets rough you do not stop to measure the height of your opponent before taking action.

A meeting of the officials of the league was called on the following Saturday to deal with a letter from the Vermilion manager, Mr. Joe McIntyre, referring to this incident. The decision taken to suspend Fort McMurray for two games, was in the interests of clean hockey in this league, and was seconded by myself. The game between these two clubs last night was a fast, clean game and the referees are to be congratulated for keeping the game well in hand at all times.

Sincerely yours,
C. A. Richardson,
Mgr., Kitscoty Hockey Club.

THE STAGETTES

Six members attended a brief business meeting Monday Jan. 28 in the club room. Minutes and correspondence were read. A donation to the Boy Scout Building fund was approved.

Now a casual reminder to members who were to remind others of essential duties to be carried out within the week — "How many forgot? Bake sale! Everytime I mention the word I get a rise out of no less than six Stagettes. We must consider par a goal to reach and our former perfect place of sales would be ideal now from where I see it. Think it over."

We will meet at Kay Stewart's apartment for the next meeting Jan. 5th and we'll keep on eating our own cooking. Keep handicraft in mind for the near future. See you all then on Feb. 5th at 8 p.m.

Time And Money Lost

Last year, Canadians lost 172,700 years of working days all through illness which might have been prevented. This loss represents over five hundred millions of dollars at one dollar an hour. Add to this the approximate 900 millions that Canadians [illegible] annually on medical and dental care and 7 per cent of the national income has gone down the [illegible]. Add to this the millions of dollars spent on social welfare in this country last year and we [illegible] a staggering pile of money. Poverty is the greatest single cause of social problems, and illness is the biggest cause of [illegible]. Prevention of illness means prevention of poverty, with subsequent prevention of social problems.

HI-SCHOOL HI-LITES

Basketball competition leads our Vermilion School activities because of a close series of games played since the holiday season. On Jan. 4, in the V.S.A. auditorium, the High School played host to the Marwayne High School for basketball games [illegible] the Girls' and Boys' "A" Teams of both schools. The Vermilion girls won with a score of 29-9 and the boys were victorious with a landslide score of 64-7. The [illegible] added to the spirit of the game with some rousing yells. The following Friday the Boys' "A" Team played the College team and were victorious with a 38-27 count over the opposing team. The week after that the Girls' "A" Team played the College and the fast game ended with a tie score of 21-21. The girls' team then proceeded to win over Wainwright on the 19th by a score of 24-22. They accompanied [illegible] High teams on the trip to Wain[illegible].

Our congratulations go to this year's Taylor, Pearson and Carson rink consisting of Brent Long, Donald Stewart, Bill Tough, and Pat Bentley, for the wonderful curling they did in both the Zone Playdowns in Vermilion and the play-offs in Edmonton. As there was some excellent curling in the Zone Playdowns which they won here in Vermilion, we have no doubt that the curling done in Edmonton was even better. Thanks to all the students and teachers who worked in the booth on the 18th and [illegible].

The school is especially grateful to the Vermilion Rotary Club who made it possible for us to send our curling team to Edmonton to compete in the Taylor, Pearson & Carson play-offs as they gave us a generous cash donation towards the boys' expenses.

At the height of the curling season the point totals in the three-house league competition favor Carmen with 33 and one-half points. Service has a stronghold on second position with a total of 22 points and Laurier trails the league with 2 and two-thirds points.

There will be a High School dance in the form of a "Valentine Frolic" on Friday, February 8. Vegreville is invited; and there may be a basketball game between the Boys' teams before the dance.

Since examinations are written about every two months, it's short time to study for the next set. Don't you agree?

Junior High School Activities

Basketball drew to a close with a flourish when the Vermilion boys and girls 'A' teams journeyed to Wainwright and played a doubleheader with the Wainwright 'A' teams on Saturday, Jan. 19th. The Vermilion boys scored a close 21-18 victory while the girls lost their game by a score of 20 to 10.

For the past week the curling rink has been buzzing with the activity of enthusiastic curlers from the Junior high. Participating in a round-robin competition are eight rinks, skipped by the following: Dorothy Jean Stewart, Wynn Pockett, Margaret Rooks, Betty Leahy, Allen Forbes, Jimmy Sinden, Merilyn Smith and Frances Cambridge. Rink standings will be posted in our next Junior high press report.

For the remainder of the school year, Jean Pus will be the press representative for the Junior high school.

NEWS from ISLAY

The 4-H sewing club met Jan. 16th at Mrs. Moncrieff's. The next meeting will be at the school Jan. 30th. The roll call will be answered by a sample of cloth and its uses. Elaine Sherriff was elected secretary in place of Marion Teskey who has resigned. Frances Kowalski was elected vice-president.

Clarence Robertson returned home Monday after undergoing an operation.

Keep in mind the W.A. meeting on Feb 7th at Mrs. Jean Axley's.

Hear Don Clayton on Friday night Feb. 1st in the Islay hall sponsored by Home and School Association.

The next Home and School meeting will be Feb. 12th. Come and hear reports. It is a possibility that the annual meeting of the local school will be the same night so watch for posters. Two trustees are to be chosen as Mr. Chas. Robertson is leaving the district.

Material has arrived for insulating the ceiling of the hall. After this week the men will be putting it on. We think they will be glad of any extra help. The entrance will be remodelled too in order to make for more warmth.

Mr. and Mrs. Jimmie Miller of Edmonton, were week end visitors with Jim's folks Mr. and Mrs. J. E. Miller at the store.

An interesting item seen in a down east paper "The Land" says [illegible] which C. F. Greene might like. The Elford family at Islay, Ontario, four of its members over 90 years. Miss Elizabeth had reached her 100th birthday, is hale and hearty, does her own work, so do the other three, Ambrose 96 years, Will 95 years and Mary 92 years. There are still others younger, some still live on the farm on which they grew up as children. A picture of the four was in the paper [illegible] do not appear [illegible] are cousins of the [illegible] of which Mrs. David Martin is a member.

Mrs. [illegible] Terrance has purchased the house and lot 13 in block 1 next door to Bill Axley. That is good, makes another home occupied in Islay.

Mr. Anderson, Ralph and Bessie Muriel and Gladys Stone spent a very enjoyable evening at Mr. and Mrs. Ev Inman's seeing their movies. There are some grand pictures.

Mrs. Lila Waterfield was a visitor to Edmonton for [illegible] days this week.

On Feb. 8th the 4-H grain club will meet at the home of the Teskeys for reorganization and a social evening.

The Alberta Wheat Pool held an evening for business and entertainment recently in the Islay hall with 125 in attendance. Mr. Roy Kent, delegate, gave a report of the convention. Mr. Milo Fleming showed some very high class and interesting films, one being on soil conservation and one on the life of the Monarch butterfly. Some comic films were also shown. The gathering was completed with a lunch supplied by Mr. and Mrs. Bill McLean, Islay Wheat Pool agent aided by country ladies. Mr. and Mrs. Christianson, Wheat Pool superintendent from Vermilion were present, also Mr. and Mrs. Hinton, grain buyer from Borradaile.

Despite constant exposure to falling prices and rising costs a survey made by the Louisiana state university shows that farmers are less subject to recurring headaches than any other occupational group.

Kinsmen Midgets Win Second Game

Vermilion Kinsmen Midgets defeated the Marwayne Midgets 6 to 3 in a game played at Vermilion on Wednesday night.

Omstead of the Marwayne club registered the first goal on a low hard shot shortly after the opening whistle. However, Ferguson deadlocked the count when he backhanded Marfleet's pass into the net. Ackerman of the locals fired an unassisted counter to make the score 2 to 1 at the end of the first period.

Green scored the first goal of the second period on a pass-out from Maggs to give Vermilion a 3 to 1 edge but Kvill of Marwayne narrowed the margin to 3 -2 shortly after. Gannon sent the locals further ahead on a pass from Green; Dargatz then skated in on a rolling puck inside the blueline and sent a blistering shot into the Marwayne net to make the score 5-2 at the end of the second frame.

Hemmingway scored the only Vermilion goal in the third on a relay from Dargatz. Halfway through the period Kinshella scored the last goal of the game the final score reading Vermilion 6 Marwayne 3.

Each club received two penalties in the game which was officiated by two Vermilion Juvenile hockey players, Lee Coyne and Clarence Mistal.

The next Midget game is slated for Monday evening, Feb. 4th when Vermilion Midgets will host the Lloydminster Midgets.

Eaton's Northern Alberta Playdowns in Vermilion February 4, 5, 6

1956 Provincial Champions

Shown above is the rink of Mrs. W. T. Bull of Edmonton, winner of the Eaton Provincial Playdown. Members of her team (right to left) Mrs G. Willoughby, lead; Mrs. A. Stewart second; Miss Vonnie Clary, third, and Mrs. Bull. Also included in the above picture (centre) is Mrs. D. S. Sinclair, Northern Alberta Delegate who accompanied the Alberta rink to the Western Canada Championship held in Vancouver. The Mrs. Jack McAllister rink of Vancouver, B.C. won the Western Canada Championship, 1956. Saskatoon, Saskatchewan, will be the host city for the 1957 Western Canada Championship.

Past Provincial Winners

1951 - Mrs. Bernie Brodeur, Edmonton Club, Edmonton.
1952 - Mrs. Doris Bull, Granite Club, Edmonton.
1953 - Mrs. Doris Close, Medicine Hat.
1954 - Mrs. Dorothy Thompson, Edmonton Club, Edmonton
1955 - Mrs. Ethel Morton, Calgary.
1956 - Mrs. Doris Bull, Granite Club, Edmonton.

History of Eaton's Western Canada Playdowns

The Eaton Playdowns were originally organized in 1951 and were held in Alberta only. There were two divisions, North and South, whose winners played off for the title. Likewise in 1952. In 1953, the Playdown was made more truly Western by the addition of the Manitoba and Saskatchewan provinces. Another big change was evident in 1954, when British Columbia was accepted and represented at the Western Canada Championship held in Edmonton, Alberta. The same year Alberta was divided into three zones: North, South and Peace Association. It is hoped that before too many more years pass, it will be a Dominion-wide event.

When Eaton's took over the sponsoring of the Playdown they arranged the following financial system: Competitors must pay all their own expenses through their zone and divisional play-offs. Eaton's then sponsor travelling and living expenses through the Provincial Playdown and Western Canada Championship. They also present a Provincial and Western Canada Trophy accompanied by Merchandise Certificates of considerable value, to the winners to denote they have merited this honor and Provincial and Western Pins.

THE DRAW

A very important part of the running of the Playdowns is the Draw. Last year for the first time, Mr. D. S. Sinclair instituted the double knockout draw for the open City Playdown, which proved very successful. This method of play will also be used for the first time in a Northern Alberta Playdown this year at Vermilion, under the capable direction of Mr. Sinclair.

Pleasant Valley News

Such nice mild weather with good roads and lots of sunshine. Why go out to the coast where there is fog and rain every day?

Mrs. Gillies and yours truly spent a few days in the city last week, visiting Bill and Lea Gillies.

A nice long chat was enjoyed also with Mrs. Charles Robertson and the girls. A little later on that same day we met our old friends Henry and Rosie Joy from Kitscoty.

On Saturday a shopping tour was made of the city. By the crowds of people around one would think that it was Christmas time all over again. During the day we met Mrs. Black, the former Jean Mercier and daughter.

On Sunday afternoon Bill and Lea took us over to visit Mrs. Dupruit who is in the St. Joseph's hospital. She really was surprised and pleased when we all walked in with big smiles. She gets quite lonely there for old friends. It is pitiful to see some of the patients who are so glad to see people come in for a chat.

It all makes one feel that we should be so thankful to be able to walk and get about in beautiful sunshine and fresh air. Yes fresh air is right, it's 15 below today. Thanks for your kind letter Mrs. Wallington, we hope to see you on Saturday.

Lovely weather at time of writing this section of the news, 20 above so why complain about a few cold days.

Spring is not too away as there are hyacinths in bloom, a lovely mauve and blue primula and african violet.

Mr. and Mrs. Ken Reid and family were supper guests at the Lloyd Gould home Friday evening. On Sunday night Mr. and Mrs. Christie Clarke were guests for supper at Betty and Lloyd's home.

Mrs. Gordon Gould and family journeyed to Vermilion on Sunday night and enjoyed supper with Mr. and Mrs. Norman Mercier.

Mrs. Gillies spent last week at the home of the writer.

Hello Mrs. Simmons, we received word that Arnold Alward passed away at Lloydminster hospital. Sorry that we could not get the message to you.

World population is now nearly one-fourth above pre-war.

ELECTRIC TOOTHBRUSH

Electric toothbrush for the home gives your teeth the dentist's professional gleam, says The Financial Post. With spiral bristles, brush is whirled in clockwise or anticlockwise direction by a small motor. But there's no danger of electric shock or bruising of mouth tissues, claims the manufacturer. If too much pressure is applied, brush action stops automatically. Price in the U.S. is $19.95, extra brushes $1.95 each.

Wedding Bells

GANNON—COOPER

Holy Name Church, Vermilion, was the scene of a quiet and informal wedding on Monday morning, January 28th, at 10 o'clock, when Joanne, youngest daughter of Mr. and Mrs. Vernon H. Cooper of Vermilion, became the bride of Allan Patrick Gannon, eldest son of Mr. and Mrs. Cecil F. Gannon, also of Vermilion. Rev. Father Landrigan officiated at the nuptial Mass.

The bride, who entered the church on the arm of her father, carried a white prayer book, a gift of the groom. She was attended by Miss Sheilah Toner as bridesmaid. Mr. Leo Gannon, cousin of the groom, acted as best man.

Organ music during the ceremony was played by Mr. James McGaughey, and a hymn "Panis Angelicus" was rendered by Mrs. Lena Williams and Miss Alice Toner.

Following the ceremony a wedding breakfast was served at the Brunswick hotel dining room for the bride and groom, attendants and immediate members of both families.

Mr. and Mrs. Gannon left by car Tuesday afternoon for Wildwood where they will make their home for the present and where the groom is empoyed by Halliburton Oil Well Cementing Co.

Best wishes of a host of friends accompany the young couple to their future home.

McLAUGHLIN'S SELF-SERVE

LOCAL NEWS

John Brimacombe is home again after an extended holiday trip which took him practically all the way around the United States and across Canada. Travelling by bus and train he went down the west coast through Oregon and California to the Mexican border, then to New Orleans and Jacksonville and down the east coast of Florida to Fort Lauderdale and Miami. At Miami the wonderful Florida weather was greatly enjoyed. The trip from Miami to Chicago was made by Eastern Airlines, and from Chicago to Toronto and Oshawa by train and bus. The last lap of the journey from Toronto was by TCA via Calgary.

Several rinks of Vermilion curlers played in the bonspiel at St. Paul last week and enjoyed the event immensely. They all claim that the hospitality of the people of St. Paul cannot be surpassed or indeed equalled. Bringing home second in the Grand Challenge were skip Roger Rowe with Glen Gibbons, George Webb Jr. and Norman McGinnis.

Larry Fry of Dewberry, aged 11 years, caught a large yellow butterfly on the outer side of the door of his home. Larry has the early harbinger of spring in a glass jar and is feeding him on plant leaves.

McAuley — Born to Mr. and Mrs. J. H. McAuley (nee Mildred Mix) of Brandon, Man., on Jan. 13th, 1957, twin boys, Barry William and Brian Henry.

February 1st, which is this Friday, marks a 50th anniversary for two citizens of the town of Vermilion, anniversaries of their arrivals here. They are Gordon Dunsmore and Claude Bishop. Gordon had come from Manitoba while Claude, with other members of the family, was on the last leg of a long trip from England. Claude himself was just a small boy at that time.

In Edmonton to see some of the curling games for the Northern Alberta high school championships were Mr. and Mrs. Carman Long, Mr. and Mrs. E. M. Stewart, Mr. and Mrs. N. N. Bentley, Mr. and Mrs. Lester Metcalfe and Mrs. M. Tough. Numbered among the spectators for the finals were a large number of Vermilion young people from the U. of A. and Dr. and Mrs. A. C. Bradford and Dolores.

Mrs. M. A. Fallow and two children of Edmonton spent last week end in Vermilion, visiting the former's mother Mrs. L. L. Kehoe Sr., and sister Mrs. Wm. McLaughlin and Mr. McLaughlin.

Dr. R. A. Anderson and Dr. E. Young attended the mid-winter conference of veterinarians of the province which was held at Red Deer last Friday and Saturday.

Mrs. Wm. B. Mix has been at Brandon visiting her son-in-law and daughter Mr. and Mrs. J. H. McAuley and their twin sons, born Jan. 13th.

Mannville and District Local News

A rink skipped by Len Manz with Ken Scoggins, Phil May and Les Kreller won out in the Macdonald Brier playoff here and are now curling on Tuesday and Wednesday at Vermilion.

Miss Beryl Swain returned to Edmonton with her aunts and will visit at Namao with Mrs. Batt and also at Redwater before returning home.

At time of writing news of Mrs. R. Lugg is better and she is slowly improving. Her many friends wish her the very best and hope she will be back in Mannville before too long.

A group of young people gathered at the home of Miss Connie Gerhart on Wednesday last to honor Miss Marlene Rathje whose wedding to Mr. Roy North was an event of that week. Miss Rathje was presented with lovely and useful gifts from her former school friends.

Mr. R. Bodard is the contractor in chareg of remodelling the Malin 5c to $1 store. Goods will be displayed to better advantage upon completion of the renovations.

MARWAYNE

The 6th annual Hobby fair sponsored by the United Church W.A. will be held in the Elks hall on Thursday, March 7th. Watch for further notice.

Jimmy [illegible]re of the Royal Navy stationed in Nova Scotia has been home on leave.

Mrs. E. B. Johnson and little daughter Elnormae of Dawson Creek, B.C. visited with her parents Mr. and Mrs. Berg for a week.

Congratulations to Mr. and Mrs. 'Bunny' Arsenault of Derwent on the birth of a daughter in the Vermilion hospital, also Mr. and Mrs. Howard Beck and Mr. and Mrs. Cundliff (nee Ilene Hames) daughters in the Lloydminster hospital.

Mr. Dow and Terry went to Edmonton recently to the christening of Mr. and Mrs. R. McMillan's (Stella) three children at their home.

The 4-H club held a skating party last Friday night at the dam on Holly Dow Jr.'s farm.

Twelve tables were filled for the whist drive sponsored by the Home and School on Friday, Jan. 25th. Mrs. W. Hancock and Mr. D. Kvill won the first prizes while Mrs. R. Milne and Mr. H. Hathaway the consolations.

Hobby classes are held every Wednesday evening under the leadership of Mrs. Anderson of Hazeldine. Anyone wishing further information call Doris Gudzowaty or Dorothy Fairbairn.

Service next Sunday Feb. 6th in St. George's church will be at 7.30 in the evening.

IN MEMORIAM

In loving memory of our dear mother

MARTHA FOWLER

who died Jan. 30th, 1948

"You can only have one mother
Patient, kind and true
There are few in all this world
Will be as kind as you
For all her loving kindness
She asked nothing in return
If all the world deserts you
To your mother you can turn
So you who have a mother
Cherish her with care
For you'll never know the heartache
Till you see her vacant chair."
Lovingly remembered by her family.

DENTAL CARE

Only 35 per cent of the Canadian population receive dental care of any kind in any one year. At that, Canadians spend over 72 million dollars on dental care annually. The use of fluoridated water would prevent as much dental disease as the total number of dentists now in Canada are able to treat.

Nurses' Assoc. Award Scholarship To Frances Pockett

The Vermilion branch of the Registered Nurses Association met at the home of Miss A. Keith for the regular monthly meeting on Monday Jan. 28th.

Miss Frances Pockett, daughter of Mr. and Mrs. Lorne Pockett is the winner of the $30. scholarship and will be presented with the cheque at the capping ceremony in February by Mary McLaughlin. Congratulations Frances.

Are there any contenders for the scholarship from the Vermilion high this year?

The nurses assoc. are giving a special prize to the winner of the Home Nursing and Physical Education course at the school of agriculture again this year.

The Nurses are also offering 1st, 2nd and 3rd prizes, $5, $3, and $2 respectively to the students in grades 5 and 6, 7 and 8, 9 and 10, 11 and 12, entering the Cancer Poster contest. Come on boys and girls, get your paint brushes out and make some posters.

Miss Keith and hostesses served a delicious lunch to the 10 members present following the business meeting and all enjoyed a social hour. There are even a few proud grandmothers among the nurses now. They even know what it is like to be on T.V. Isn't that right, Hilda? Maybe all will be in the movies. The social convener wants pictures of all members taken when they were little girls for the next meeting.

IN MEMORIAM

In loving memory of our beloved husband and father

JOHN McMILLAN

who died January 31, 1953

"Deep in our hearts you are fondly remembered,
Sweet, happy memories cling round your name;
True hearts that loved you with deepest affection
Always will love you in death just the same."
—Lovingly remembered by wife, Angus and Sandy.

IN MEMORIAM

In loving memory of a dear mother

MRS. NORA DEFORD

Kitscoty Sets Back Bob Cats 4-2

Playing an aggressive game for the whole sixty minutes the Kitscoty Juveniles set the local Bob Cats back on their heels by administering a 4 to 2 defeat last Saturday night right here in the Cats' own backyard. It was only the second defeat absorbed by the Ferguson-coached team this year.

The visitors ran in two counters in the opening period, first by Venner and the second by Venner from Weilland. Yarmuch then picked up Ireland's pass to beat goalie Mason and the period ended with Kitscoty up 2-1.

The Bob Cats notched the only counter of the second. Taylor from Shepanski and the score was all tied up 2-2 going into the third.

The final frame opened with both teams striving for that tie-breaker and possible game winner as goals were scarce all night. It was Weilland who got the big one batting in a rebound from Gerrits. Gerrits was a tower of strength for the visitors all evening and played practically sixty minutes.

It looked as if the Bob Cats had tied it up when Yarmuch came out of the penalty box picked up the puck going right in and scoring. However it was ruled no goal as Yarmuch was apparently offside.

With less than a minute to go Coach Ferguson pulled goalie Hough and threw out six forwards. The attempt backfired when the puck was batted directly into the open goal from the face-off just outside the blue-line. Franke getting credit for the Kitscoty clincher.

It was a closely played and exciting game with Kitscoty having a little edge on territorial play.

Referees were Russell Carroll and Ralph Gray.

Mannville L's Split with Dewberry In Week-end Hockey League Action

MANNVILLE — The Mannville Legion-sponsored Juvenile hockey team journeyed to Dewberry on Friday, Jan. 25th for their first league encounter with that team. The Legions came up with an 8 to 5 win, their second in as many starts and put themselves in third place in the four team league. Croft with three goals was the big gun for Mannville while Swain picked up four assists and one goal for a big five-point night. Other Mannville point-getters were Prior 2 goals; Modin and Gerhart with one goal each and Bury two assists. The three points for this win put Mannville six points behind Vermilion and Kitscoty who each had nine at time of writing.

On Saturday, Jan. 26th, Dewberry paid a return visit to Mannville and went away with an 8 to 7 triumph. The local Legions were a bit over-confident after their Friday win. This coupled with another breach of training rules certainly showed up in their disorganized play. It is hoped that the lesson is well learned and that in future not played on early morning dance hall floors. Swain scored the hat trick but the big point-getter for the night was J. Jones of Dewberry with five goals and one assist. His linemate Machon came up with one goal and four assists.

Next home league action is scheduled for Friday, Feb. 1st but due to some other school activity this game may be called for some other date, most probably Thursday, Jan. 31st.

BUFFALO COULEE ACTIVITIES

The regular Home and School meeting was held last Wednesday with a very interesting program. During the business session, a motion was passed supporting Resolution 36 passed at the Alberta Home and School Conference. This pertained to granting to the Indians the right of appeal to our courts to protest their eviction from the Hobemma Reserve. Apparently Mr. Pickerskill is in favor of putting over a hundred of these native Canadians off the reserve with no place to go and no means of support. A petition of protest signed by all present and the secretary was instructed to write to our Federal M.P. regarding the matter.

Mr. S. Hinton, our retiring Divisional School Trustee, gave a report on the reasons why strict bylaws had been laid down for the use of the school gym-auditoriums. However, at a recent Divisional School meeting these regulations were relaxed in connection with Buffalo Coulee since it is the only one in a rural area and its use is now left to the discretion of the Divisional Trustee and the Local School Board.

We were very privileged to have as our guests Mr. Lawson Allen of Chauvin, Vice-President of the North Central region of Alberta Federation of Home and Schools: Mr Frank Exton and Mrs. Cranston, both of Chauvin Home and School. Mr. Exton brought greetings from their group and Mrs. Cranston, program convener, gave an interesting account of some of their "Learn to Swim" campaign.

Mr. Allen, as guest speaker, told of the work which they are striving to do in bringing about a closer co-operation between the local groups and the Alberta Federation. He stressed the value of sending delegates to the Conference and to the Banff workshop who will come back with enthusiasm for their local. With the building of about twelve hundred new class rooms in Alberta this year the teacher shortage will still be very acute and he urged that parents do all they can do to interest our young peope in this profession and do something to make it more attractive for them.

Following the meeting, lunch and a social half hour was enjoyed.

At a recent meeting the Students' Union held their election of officers for the second term of the school year. Following were elected: President - Pearl Kocowski; Vice-President Colin Kennedy; Secretary Betty Caron; Treasurer Carolyn Renaples and Sports Convener Ernest Emmott. The students are holding a skating party this Friday evening, January 25.

The C.G.I.T. have been collecting good used clothing for the Hungarian relief and have a big box ready to go to Edmonton.

Eight mens rinks are in competition for the Zone play off for the Macdonald Brier. While the most optimistic hardly expect to make Kingston, competition is keen for at least going to Vermilion.

A ladies rink composed of: Ruby Larson, Eristine Duncan, Lil Smith and Lilian Pheasey are entered for the T. Eaton play offs. Best of luck ladies. Since the finals are to be held in Vermilion this year we should get a chance to see some good curling.

Best wishes from the B.C. curling club to the Vermilion High School boys who won the right to represent this zone in the High School Competition in Edmonton.

Mr. and Mrs. Lloyd Everett and Lorene spent the last week end in the city. They visited the Alf Greens and found them enjoying the city. Mr. and Mrs. Harold Barlow who had been in the city a day earlier in the week also called on the Greens.

Paradise Valley

Curling is the order of the day. The ladies are taking part in the McLaugiin bonspiel. A mixed spiel is starting the first of the week at the local rink. Hockey is going strong with the Pee Wees and they have shown that they are coming hockey stars.

Patients in the Lloydminster hospital this week include Mrs. Fred Brassington and Monty Hoskins.

Annual meetings will be held as follows: P.V. Memorial hall on Saturday afternoon; P.V. school district Saturday, Feb. 2, P.V. Rural Electrification Co. on Jan. 31.

The weather is much better now than it has been for the past week. It is hard to take these sub-zero temperatures after the mild December we enjoyed. Let's hope this pleasant weather continues.

Mr. and Mrs. Percy Stoddart and family and Mrs. Fred Strett were recent visitors at Red Deer visiting with Mr. and Mrs. W. Stoddart.

Highly Successful Year Reported At Mannville United Church

MANNVILLE — Despite the low temperature a record crowd attended the annual congregational meeting and potluck supper held in McQueen Memorial United church Wednesday evening, Jan. 23rd.

The meeting opened with the singing of the hymn, "Blest be the Tie That Binds". Brief greetings were extended to the congregation by the chairman, Rev. Ian C. Holter. Upon completion of the meetings the election of officers to the Board of Stewards followed elected were Mrs. Hugh Doherty; Mr. Ralph Rudd; Mr. Art Baker and Mr. Ross Ewing. Mr. Art Baker, Sec.-Treas. presented the financial report showing another successful year.

Mr. Roy Hay, presented the Session report. It proved most interesting to all present, particularly the numerous calls our minister had paid to the homes in the community and to the local hospital. Also of interest was the fact that a new preaching point had been opened at Woodvale during the past year.

Mrs. Hugh Doherty presented the W.A. report, reviewing a most active and profitable year, not only financially but educationally.

Mrs. Ronald Bang, in presenting the Sunday School report, remarked that the system of holding the Sunday School for the entire hour of the church services had proven very satisfactory. On the last Sunday of each month Mrs. Van Dusen and Mrs. Rudd show the children a film strip which is not only entertaining but educational and gives the regular teachers the opportunity of attending the church services. Mrs. Bang expressed the opinion that the Sunday School had enjoyed a most successful year.

Mrs. Archie Hubbard, presented the C.G.I.T. report. Miss Joan Lynch is the leader and is assisted by Mrs. Hubbard. The C.G.I.T. meets every two weeks on Monday evenings and engage in various activities from copper tooling to Carol singing. A wonderful training for any girl.

Mrs. Fred Proudfoot presented the Explorers report. Mrs. J. Park assists with the meetings which are held every two weeks. Devotional period, handicraft, etc. comprise the meetings. This is a very interesting group to work with.

Mrs. Ross Ewing presented the Mission band report. Mrs. Ross Leitch assists Mrs. Ewing and either June Van Dusen or Elaine Rae play the organ for the meeting which opens with a "Know Your Bible" song. This is followed by a Bible verse given by each child, handicraft and a religious story or moral etc. A very good group and interesting to work with.

Mr. Ralph Rudd, represents the Building Committee report. Progress of this committee towards their objective is not encouraging.

A vote of thanks was extended in appreciation of the splendid co-operation and support given by all committee members, leaders and many others who had given invaluable assistance which had ensured a highly successful year for McQueen Memorial United Church.

By Edna M. Craig, District Home Economist

"HELLO, HOMEMAKERS"

Are you planning to recover your kitchen floor? If you are, you will no doubt be puzzled by the various types of coverings. Here are a few hints of floor coverings which you might find helpful.

WHAT TO LOOK FOR

The first thing we homemakers think about is: "Is it easy to keep clean?" Then "Is it attractive?" "Is it durable?" "Is it comfortable to work on and live with?"

The floor covering that is picked out is the one that says "yes" to all the above considerations and also is the one which meets the pocketbook.

Before deciding on the floor covering decide what traffic it is expected to bear then choose the material most suited to that traffic.

For kitchens tile is becoming more and more popular. There are a variety of tiles available. This variety often leads to confusion so here are some descriptions to guide you in your selection.

LINOLEUM

Is available in tile or in continuous sheets. It is made of ground cork, linseed oil and various chemicals, mixed together and pressed onto a backing of jute burlap. The thicker the linoleum the longer it wears. Some of the designs are printed on the surface some are inlaid. The inlaid design will last longer and look brighter after long use. Linoleum is relatively inexpensive.

RUBBER

Rubber is available in tile flooring. It is extremely resilient, quiet and comfortable. It is expensive but it is also durable. Most of the disadvantages have been overcome so at present it is quite resistant to injury by grease, alkali, sun and heat.

ASPHALT

Asphalt is inexpensive. It is a popular type of tile and is durable. One of the few types which can be laid over concrete.

PLASTIC

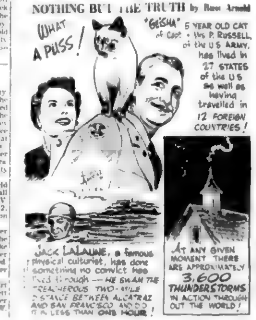
Usually called Vinyl tile. It is good looking and long lasting. A little more expensive than linoleum or asphalt.

If you would like more information on floor coverings, send for our booklet on "Flatter Your Floors" or pick it up at my office in Wainwright. These pamphlets are also available from the District Agriculturist's office in Vermilion.

Congratulations to Mr. and Mrs. Geo. Spak on the birth of a daughter, a sister for Gloria. This is keeping things balanced ... School ... boys.

Best wishes to Mrs. Beatrice Fraser who is a patient in the Vermilion hospital.

NOTHING BUT THE TRUTH by Ross Arnold



Honored On Their 25th Wedding Anniversary

On Saturday Jan. 12th a group of relatives got together and called at the home of Mr. and Mrs. D. Bowman to celebrate their 25th wedding anniversary.

It was a complete surprise as the anniversary really took place in December but owing to sickness and other happenings they decided to postpone the celebration.

Mr. J. H. Ford, best man at the wedding 25 years ago, made the presentation with a few well chosen words. Mr. Ford presented the "bride and groom" with a beautiful set of dinnerware.

The table was covered with a white lace cloth on which was a beautiful three-tiered wedding cake made by the "groom's" sister Mrs. May Braithwaite and beautifully decorated by Mrs. Spicer Sr. and Mrs. Braithwaite.

Several other people heard the news during the evening and called to give their good wishes.

There was a variety of entertainment some of the very small girls sang songs. Mr. Alex McMullan, cousin of the "bride", sang several Irish songs and had the crowd really laughing with some of the words he got into them.

After a delicious lunch Mr. and Mrs. Bowman thanked the guests for giving them such a nice surprise party, and the evening closed with many good wishes.

Traffic sign at edge of town—"Go twenty or pay it".

Better Use of Brains

The U.S. appears to be making better use of its Hungarian refugees than Canada, observes The Financial Post. Perhaps twenty are now employed in Canada as engineers and scientists. More than five times this number are so employed south of the border although U.S. employers have had only twice as many to choose from. Same skill distribution in both groups.

ALCOHOLISM

There was a rise of 200 per cent in the rate of first admissions to Canadian mental hospitals for alcoholism with and without psychosis between 1945 and 1953. In Ontario alone, between January 1946 and May 1953, 6,300 persons were treated for alcoholism. An alcoholic runs three times the normal risk of death.

NEWS from DEWBERRY

FRIENDLY PIGEON

Visitors to Dewberry need not be alarmed if a pigeon lands on their heads while walking along the street It is a very tame pet of the Machon family. The Machons have had many pets before and with gentle care and understanding have made them very tame The pigeon seems to like its name "Lucy" Some time ago Mr and Mrs Machon had a tame prairie chicken.

FINE HOCKEY CLUB

Words of praise are passed along to the management and coach of the Dewberry Juvenile hockey club for the excellent job they are doing Mr Angus Smith the manager, and Mr Neil Jones the coach have this year a club of 16 year old boys and under comprised of only three town lads and the rest all from the country taken strictly from the Dewberry high school Only one player, Jimmy Jones, comes from south of the track. Had these boys been given the chance our Pee-Wee organization is now giving, we do not doubt but that they would be leading the league. However they are proud to be in the league and are making very fine showings in all of their games to date, playing at the same time real sportsmanlike hockey.

Glen Ewen and Edsel Bowman got nothing more than a shaking up and bruises when a tie rod break caused their car to go into the ditch north of Marwayne last Saturday

Several square dancers including the Parkers and Browns journeyed to Mannville last Friday to hear an ace caller.

At Greenlawn Saturday night Mr. Walter Parker who has been giving lessons in square dancing all winter was given a microphone as a gift of appreciation.

Several movie cameras have made their appearance in Dewberry since Xmas The one of Neil Jones has been busy with such sports as hockey and curling. In the Bantam league hockey games last Saturday Neil took pictures of the four teams.

Last Saturday games of the little hockey league in Dewberry saw the Blackhawks beat the Leafs 3 to 1 while the Red Wings held the powerhouse Rangers to a one-all tie. The Wing's new defenceman Leslie (check-em-out) Anderson was acquired in a player deal from the Leafs. All these teams have the proper sweaters of their clubs and are under the supervision of the school, H. Willis Croft, J. Anderson, Jim Jones and Arthur Redman.

Our congratulations to Harry Craige on his recent marriage to a B.C. girl. A shower was held in their honor at the home of Mr. and Mrs. Roy Findlay. Harry will work at Blind River, Ont., in the spring.

Chicken pox is noticed visiting at several homes in the district while the flu has some on their backs too.

The Dewberry Ladies' bonspiel will start Jan. 29th. They have three events and plan a banquet on the evening of the first night.

ROADS WIDE OPEN

To date very little snow has fallen and people are still able to drive anywhere, even in fields without trouble. Brush on roadway has been cut for a distance of ten miles north of E. Garnier's to allow for road improvement.

NEW HEATING SYSTEM IN HALL

Dewberry hall has now been equipped with overhead propane heating which will be appreciated very much. Just one more change the ladies who served up the lovely turkey supper at the curling banquet would like about ten keyholes cut in the kitchen door . . . "They couldn't all hear what the men were saying." Tch! Tch!

Jim Jones and his gang of curlers representing Dewberry in the Taylor & Pearson playdowns won two of their games at Vermilion.

Vermilion Firemen's 13th annual Valentine Ball will be held in the Elks hall on Tuesday, Feb. 12th. 29-31

"Peter Pan" Featured Offering At Ice Capades Feb. 11th to 16th

Sir James M. Barrie's immortal story "Peter Pan", which will be the featured offering of the 1957 Ice Capades at the Edmonton Gardens, Feb. 11 to 16, is one which until now has been staged for audiences only in London, New York, Los Angeles, Chicago and Philadelphia.

From its premiere presentation, at the Duke of York Theatre in London in 1904, through the following 52 years, it was apparent that the illusion of flying, made possible through the aplication of magic star dust, was probably the most attractive feature of Barrie's fantasy

However, it has not been possible for theatre-goers in other cities to witness "Peter Pan" and its flying illusion because of the problem of costly equipment and transportation of the equipment from city to city

But the full implication of the Peter Pan story, complete with its characters soaring through the air on their journey to Never Land, appealed to the imagination of Ice Capades producer-president John H. Harris.

Joseph Kirby, noted English producer, who had staged Kirby's Flying Ballet throughout Europe for many years, signed a contract with Mr. Harris so that skating stars might "fly through the air with the greatest of ease."

Kirby's flying equipment had been used on the North American continent only three times. The first was when Jean Arthur starred as Peter Pan; the second when Harris himself used a portion of Kirby's flying equipment in a previous Ice Capades as a "trial run". At that time Harris had Kirby's word that whenever he staged "Peter Pan" for the ice rink he could have the Kirby equipment.

It all means that just before the opening night, a man will be working 100 feet above the Gardens floor, making the air safe for Peter Pan. He'll be installing a cable through a hole in one of the roof beams and from this rope of steel Hazel Franklin who is skating as Peter, will fly with Wendy, John and Michael to Never Land.

The flying apparatus involves the block-and-tackle principle. High on a platform, at one end of the Gardens, will be two huge cable drums. These drums will control the cables that keep Peter and his friends in the air

The fliers will be 30 or more feet from the floor and men on the floor can send them hurtling through the air merely by pulling at guide ropes they will hold in their hands. These floor men will swing the skaters back and forth about 70 or 75 feet in either direction.

So successful is the illusion that the mechanical side of the operation is not apparent to the audience and all that is seen is the truly magical effect of Tinker Bell's star dust

Box office seat sales for Ice Capades opened last week at Mike's News Stand and will be open weekdays from 9:30 a.m. to 5:30 p.m. Mail orders should be addressed to Ice Capades International, in care of Edmonton [illegible]

Evening performances begin at 8:30 with a Saturday matinee at 2:30.

OBITUARY

MRS. MABEL CURTIS McKAY

Mrs. Mabel McKay, who passed away on January 1st, 1957, was born in Osakis, Minn., on Aug. 9th, 1878, and spent most of her girlhood days in that county.

In 1900 she was married to Charles Roy McKay who passed away Feb. 16th, 1939. There were six children in this household, three daughters and three sons. One daughter died in 1920.

In 1901 Mr. and Mrs. C. R. McKay filed on a homestead in the Heather Brae district which later became the Albury district. In 1911 they operated a store and post office in their home, later selling it out in 1916. In 1920 they sold their farm and moved to Summerland for the deceased's health, staying in B.C. until 1926 when they moved to Castor. There they lived until 1935, moving to a farm south of Bawlf where Mr. McKay died. Mrs. McKay then came to Vermilion in 1941 and lived with Mrs. Patterson until 1943 when she and Francis took over the sheep ranch belonging to Chas. Robinson north-west of town. In 1945 they bought the farm where she lived until her death at the age of 78 years and 5 months.

She leaves to mourn her loss two daughters Mrs. Grace Bitcon of Port Coquitlam, B.C., and Mrs. Ivy Patterson of Vermilion; three sons, Clifford of Bawlf, Francis of Vermilion, Kenneth of Leduc. One brother Loren resides in Seattle, Wash. There were 19 grandchildren, 21 great grandchildren.

The funeral was conducted by Rev. C. W. MacKay on Friday, Jan. 4th at 4:00 o'clock in the First United church, Vermilion A solo was sung "Beyond the Sunset" by Albert Mix.

Honorary pallbearers were Charlie Mix, Fred West, Norman Armstrong, Bill McIntyre, John Haseniuk.

A second funeral was held at the Bawlf United church on Monday, Jan. 7th at 2:00 o'clock in the afternoon. Due to the inclement weather the graveside service was conducted by Rev. Brundage at the church. Pall bearers were Wilbur Cunningham, Dean Cunningham, Jim Cowie, Jack Orr, Clifford Baumle and Hughie Connelly. Interment was in Melville cemetery south of Kelsey

Meyer's Funeral Home was in charge of arrangements with the help of Burgar's of Camrose

PARADISE VALLEY NEWS

The Paradise Valley Hall club held their regular meeting on Wednesday, Jan. 23rd. The attendance was quite small. The club will sponsor a booth during the mixed bonspiel. Dances will be held on Feb. 1 and 15. The Ladies' Hall club wish to express their thanks to Mr. Joe Knor for his donation to the club.

W.A. ELECTS MRS. GORDON

The afternoon of Jan. 8 found thirteen members of the Paradise Valley W.A. of the United church gathered in the church basement for their annual meeting. The slate of officers as follows is practically the same as last year: President—Mrs. Jas. Gordon; Vice-Pres.—Mrs. Chas. Bleakley; Secretary — Mrs. L. Knutson; Treasurer — Mrs. L. Matheson; Work Committee — Mrs. D. Clark, Mrs. G. Guy and Mrs. K. Brassington; Cupboard Committee — Mrs. R. Bleakley and Mrs. J. Storms; Youth Sponsor — Mrs. C. Elliott; Gift and Card Committee — Mrs. J. Guy and Mrs. R. Bleakley; Catering Committee — Mrs. C. Elliott, Mrs. A. Nickle and Mrs. G. Venner; Press - Mrs. H. Fair; Visiting Committee — Mrs. E. Kragnes and Mrs. W. Gunn. The largest financial success of 1956 was the chicken supper which realized $279 and the sale of work in connection netted $63. It was decided that the meetings would be held in the afternoons for the remaining winter months. The next meeting will be held Tuesday, Feb. 5 and in the event of cold weather the ladies will meet at Mrs. Gunn's with Mrs. P. Dobson as co-hostess. Many thanks for the tea towels donated by the ladies at the Xmas party. The W.A. ladies served lunch at the annual congregational meeting of the United Church on Jan. 17th. With the advent of another year it would be encouraging to see more ladies attend the meetings and participate in the activities of the W.A. An afternoon of fellowship with the ladies would be enjoyable and new ideas, especially of money-making ones are always appreciated by the organization. Come as a member or a visitor all will be welcome Mrs. P. Robertson and Mrs. J. Storms served a delicious lunch at the close of the meeting

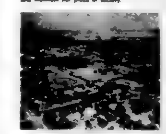
YOUR ALBERTA

THERE ARE ALL SORTS of services offered by your provincial government that are not common knowledge among the people for whom they are intended. For example, the government is in the annuity business, with a branch of the provincial treasurer's department handling their sale. A rate of 3½ percent is provided for, for a maximum annuity of $1,200 at age 60.

ANOTHER LITTLE KNOWN SERVICE comes from those offered by the Department of Education through its Vocational Training Division. The branch offers rehabilitation training to persons suffering from a handicap. They become self supporting and self respecting and are thus removed from charity rolls. The department for example has helped a widowed mother learn how to type and so become able to support her family, helped polio victims according to their capabilities, and even helped a person losing self confidence to regain it, and be able to hold a job and maintain her place in society.



Lethbridge.

THE ISAAC WALTONS of the province are inspecting their lines and hooks just about now, impatient at winter's tardiness in departing. A branch of the government, the Fisheries Branch of the department of Lands and Forests, is also busy preparing for the approaching fishing season.

TALKING OF FISHING, don't forget the importance of that sport to the tourist industry and the importance of all other aspects of your government's activities in encouraging people to visit here and return again and again each year.

MOTORISTS using the province's highways will soon see new types of signs along the roads' edges. They will be signs identifying towns and places, and there will also be smaller name signs and highway marker signs.

WITH ALL THE HOUSEBUILDING going on in Alberta, there is considerable appreciation by those involved in changing land ownership for the system of land registration there is in Alberta. The Land Titles Offices, part of the Attorney General's Department, operate under what is known as the "Torrens system of land registration".

THE EFFORTS OF the Alberta Government Telephones to switch all phone services to the province to the new dial system is now moving apace.

BE SEEING YOU SOON!

OUR LETTER FROM EDMONTON

Municipalities To Benefit From Proposed New Industrial Tax

EDMONTON. — All indications continue to point to a rousing session when members of the legislature gather in Edmonton Feb. 14th.

The latest report is that the government may be ready to introduce legislation to impose a provincial industrial tax. It would take millions of dollars in direct revenue away from municipal governments and replace it with provincial grants from money raised by the new tax.

Although there is nothing official yet, the current word around government circles is that legislation is being drafted and officials are juggling figures to determine what the proposed new tax arrangement would mean to municipal governments.

Details of the plan are not yet complete. For one thing, the government has yet to decide what types of enterprise will be classified as industry. Manufacturing plants certainly will be, but the problem is what to do with commercial business firms. A line must be drawn somewhere between the plant which processes raw materials and the neighborhood store which sells groceries and confectionery.

When the plan is a little more definite, the government likely will call in the executives of the municipal organizations and outline the proposal. The reception it gets may have a decided bearing on whether the scheme ever reaches the legislature, but the present indications are that the government plans to introduce something along that line.

The idea of a provincial industrial tax is nothing new. It first arose during the 1955 session of the legislature when two private members (Ray Reierson and A. R. Patrick, both cabinet ministers now) introduced a resolution calling on the government to consider such a tax.

The argument in favor of such a tax is that the revenue from industrial expansion should be enjoyed by all residents of the province rather than just by those living in the municipality where the industry is located.

The 1955 resolution was passed by the legislature after several cabinet ministers, including the Premier, spoke in favor of it. There were suggestions at the time that the two private members were 'flying a kite' on behalf of the government. At any rate, the government has been considering it ever since.

If the plan is put into effect, there would be a uniform assessment and the province would collect from industries the taxes now paid to municipal councils. The revenues collected would be distributed among all the municipalities, on a formula which has still to be worked out.

However, it is expected there would be special consideration for municipalities in which industrial expansion and the resulting rapid population growth have created great demands for costly municipal services.

It would appear that the proposal has many good features, although the government probably will want a firm expression of opinion from municipalities before going ahead. Another factor to bear in mind is that the industrial tax idea is tied in with the overall review of provincial - municipal financial relations, currently in progress.

An industrial tax might well be the first step in the proposed revamping of the revenue structure. If so, it will be reflected in the budget to be handed down during the session by Provincial Treasurer Ted Hinman. It could cause a tremendous increase in the government's total budget over last year's $242,000,000.

MAJOR CHANGES IN MOTOR VEHICLE, HIGHWAY LEGISLATION

Major changes in motor vehicle and highway legislation are expected during the forthcoming session of the legislature. Highways Minister Gordon Taylor held a meeting this week with representatives of interested organizations.

Changes are expected to be made in the motor vehicle inspection and safety sticker program, which the minister admits is open to abuse. The main problem is that some garage operators are lenient in granting safety stickers in order to retain customers, while the operator who checks a car thoroughly and refuses stickers to unsafe cars, runs the risk of losing business.

There also may be changes in the system of road signs, and samples of proposed new signs were to be on display at this week's meeting.

The highways department also is lining up a program of granting driving licenses for five years. This ties in with the plan to maintain an individual record on every licensed driver in the province. The meeting was held to obtain the views of interested groups before legislation is introduced.

NEWS from KITSCOTY

Mrs. Dorothy Topley of Creston, B.C. spent the past ten days here visiting with her parents Mr and Mrs. Lawrence Watt and other relatives.

Mr. and Mrs. F. O. Seward have returned home from Vancouver where they spent the past two weeks visiting relatives and friends.

Sgt. Ken Tinney and Mrs. Tinney accompanied by the latter's father Mr. R. M. Mathewson, all of Edmonton, spent the week end here visiting with Mrs. Mathewson.

Mr. and Mrs. Ted Porkorski and friends of Edmonton were week end visitors here at the home of Mr. and Mrs. Donald McLean and family. We are pleased to report Don is home from hospital and is getting around on crutches.

Miss Calista Goertzen spent the past week in Edmonton attending a course in Civil Defence.

David Potter was presented with a gift from several of his young friends last Friday evening, as he leaves this week end for Novia Scotia to take his basic training in the Canadian Navy.

Mr. Ross Stevens of Edmonton spent the week end here with his folks.

The Kitscoty hockey team won their game in Vermilion against the Bob Cats 4 to 2 on Saturday night and tied the same team here on Sunday afternoon before a goodly crowd of hockey fans.

The Kitscoty W.I. sponsored a very interesting film on Cancer last week and were very pleased to see so many attend on such a cold night, especially those from the country. What happened to you town folks? Too far to walk?

The Legion Polio canvass is still on. Don't forget to donate to this worthwhile fund, also keep in mind the Polio tea sponsored by the Ladies' Auxiliary to the Kitscoty Branch of the Canadian Legion, which will be held in the Tracy Memorial hall on Friday Feb 15.

It is now time for enrolment in the 4-H grain club. Any interested farm boy or girl 12 to 20 should immediately make application to the club leader Mr Milton Christoffersen.

INFANT MORTALITY

400,000 babies are born each year in Canada and of these, 10,000 are born with no medical assistance. In the first year of life 13,841 babies die. Of these, 8,348 die in the first four weeks of life. Canada still ranks 11th among nations in infant mortality.

Manufacturers Life Reports Record Year

A new record for service to Manufactures Life policyholders and beneficiaries was set in 1956, when the Company paid out more than $43 millions in death claims, matured endowments, annuity payments and other policy benefits including $5½ millions in dividends to policyholders. The total of benefits paid since the incorporation of the Company in 1887 now exceeds $630 millions.

Assets held in trust for payments of future policy benefits now total $716 millions—an increase of more than $63 millions for the year. Government and government guaranteed bonds constituted 12% of assets, while corporation and municipal bonds totalled 47%; mortgages made up to 24% of assets, preferred and common stocks 6%; cash and other assets amounted to 11%. The net rate of interest earned was 4.59%.

The mortality rate was favorable and the Company's Contingency Reserve and Surplus now amount to more than $47 millions.

Bowtell Bulletin

At time of writing folks we are still enjoying open roads and nice weather.

Mrs. N. Ronaghan spent Saturday night at the writer's home. Nora reports she is glad to be back to Vermilion. The cold and snow is much better than rain and fog.

Mr. and Mrs. J. Repp, Mr. and Mrs. Robinson and family, Lynn Davidson, Frances Sherwood enjoyed a turkey dinner at the Lippert home on Sunday.

Mr and Mrs. Williams and family, Mr. and Mrs. A. Maggs and family visited Sunday at the Sherwood home.

William Walker is noticed driving a nice new truck.

Mr. and Mrs. Dedelly visited Sunday at the Knutson home.

Sheila Duddy spent Wednesday night with Beverly Sherwood.

Mrs. Williams spent two days in hospital recently having her teeth extracted. While she was away Mrs. Robinson had the baby.

Brush cutters are busy along the old highway by Harrison's. It looks as if we may have a new road next summer.

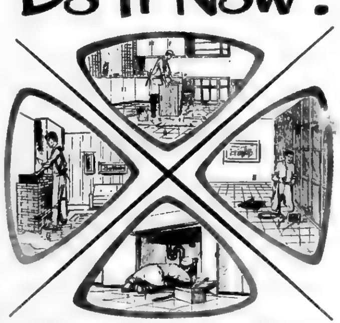
Do "It" Now!



Traditionally, winter has been an "Off Season" for carpenters, masons, electricians, plumbers, plasterers and other tradesmen. This does not have to be the case. Manpower and materials are in heavy demand during the spring and summer, but are readily available in winter. In the light of modern conditions, there are a great many projects which might just as easily, and sometimes better, be commenced during the winter months.

If you have a job that can be done in this "Off Season" ... DO IT NOW. You'll be helping all industry ... you'll be providing gainful employment — and you'll be reducing the incidence of lost wages, lost purchasing power and welfare costs.

McCloy Wins Eaton Northern Championship, Manley Second

(By Margaret Bentley)

In an exciting, hard - fought series of games Mrs. J. McCloy of the Thistle rink, Edmonton, won the Eaton Northern Alberta Ladies' Curling championship in competition with Mrs. D. Manley of the Edmonton Granite rink, in Vermilion Wednesday evening.

In accordance with the ruling that every other year the Eaton Northern play-offs must be played elsewhere than in the city of Edmonton, Vermilion's invitation to hold the playdowns here in 1957 was accepted a year ago. Since that time preparations have been underway to make this event a success and a credit to the curling facilities and hospitality of Vermilion.

The president of the Vermilion Ladies' Curling club, Mrs. Emma Locke, and her executive, Mrs. Edna David, Mrs. Ivy Pare, Mrs. Emelia Payment, Mrs. Hilda Cross, Mrs. Gertie Simonsen, Mrs. Doris Greenwood and Mrs. Betty Stephens, were in charge of arrangements to ensure that ice was available, a banquet planned, and necessary publicity taken care of.

Sunday noon four of the Eaton Northern executive, Mrs. W. Bull, Mrs. D. S. Sinclair, Mrs. Jessie Laudan and Mrs. L. E. Olson, arrived in Vermilion and were entertained at a luncheon in their honor at the home of Mrs. Locke, where they had the opportunity to meet members of the Vermilion executive and to co-ordinate and finalize the competition plans.

Monday morning at 8:30 the curlers, fifteen rinks from the various zones in Northern Alberta, and from Edmonton, were welcomed to Vermilion by Mayor M. Hill, who officially opened play by throwing the first rock. The curlers then marched around the rink led by three pipers.

The first draw got underway by 9:00 a.m. and there were three draws that day, the last one finishing in the late afternoon. At this time the Vermilion Board of Trade held a reception for the curlers and those helping in the playdown arrangements. The banquet, arranged by the Vermilion Ladies' Curling club and sponsored by the Eaton Northern Association, followed the reception.

Mrs. Locke presided at the dinner table, calling upon Mrs. Bull to introduce the members of her executive who were present at the head table. Mrs. Locke introduced her executive, and took the opportunity to extend a very hearty welcome to the visitors.

The annual meeting of the Eaton Northern took place Monday evening at which time there was a discussion of policy and various reports were received. It was mentioned that it was hoped that the Western Canada Ladies' Curling Association will be enlarged to encompass the whole of Canada, as does the Brier for the men.

Wednesday noon the executive were guests of the Board of Trade at lunch.

FOUR LOCAL ENTRIES

Locke of Vermilion, Larsen of Buffalo Coulee, Squires and Wickett of Lloydminster were the four entries from the local zone. Tuesday morning's draw saw the elimination of both Larsen and Locke, the latter going down to defeat at the hands of the Manley rink who were the only foursome to enter the third day of competition without a single loss.

Manley won the 'A' section of the double knockout play in the final game Tuesday evening but lost the top honors in 'B' section in Wednesday morning's open draw to McCloy. That set the stage for a two-out-of-three series of games for the championship. These games went all the way, with the result that the two Edmonton rinks played each other in four contests, taking all Wednesday to decide the championship in McCloy's favor. In one previous game, the 12 noon draw on Monday, Manley had defeated McCloy 16 to 7.

At the conclusion of the final game Wednesday prizes were presented to Mrs. McCloy and her rink by Mrs. Bull. Then, because Mrs. McCloy is president of the Alberta Northern and couldn't very well make a presentation to herself, the vice-president, Mrs. D. S. Sinclair, gave Alberta Northern pins to the winning rink.

Mrs. McCloy as president, was able to give the second place prizes to the runner-up, the Manley rink.

United Church Reports Higher Receipts During the Past Year

The annual meeting of First United Church was held in the church hall on Jan. 30th.

The board of stewards provided their usual fine banquet which was served by the men from the carving of the turkey down to the last detail. The men, as would be expected, called on the ladies to do the cooking.

Following the banquet the meeting got underway with Mr. S. C. Heckbert as chairman. Reports were received from all departments covering the year's work.

LADIES ELECTED

A new and interesting departure was made in the usual order in the election of two ladies to the Session. The four members elected were Mrs. Jas. A. Smith, Mrs. Clarence Burr, Tom Davis and Wm. Baranyk.

In the committee of Stewards, three members, G. F. Stephens, N. N. Bentley and F. Welsh were re-elected and Charles Upshall is a new member.

In giving the financial statement, Mr. G. F. Stephens reported higher receipts in the past year but expenses were also higher and he asked for greater effort this year to meet the constantly rising expenses.

Rev. C. W. MacKay closed the meeting thanking the congregation and organizations of the church for their co-operation during the past year.

John G. Koroluk Dies At 60 Years

John George Koroluk, aged 60 years, passed away at the Vermilion hospital on January 28th. Well known in railway circles, he had been section foreman at Borradaile but was transferred into Vermilion quite a number of years ago.

He leaves one son William in the R.C.A.F. and stationed at Portage la Prairie, Man., and one daughter, Mrs. L. M. Spohn (Effie) at Grand Prarie, Alberta. There are three grandchildren.

Funeral services were held at the First United Church, Vermilion, on Thursday, January 31st at 2 o'cock in lthe afternoon under Masonic auspices, the deceased being a member of Gratton Lodge, A.F. & A.M. at Irma. The Rev. C. W. MacKay officiated.

Moyers were in charge of the funeral arrangements.

Advance Fair Lists For Ladies' Work

Ladies' Advance Prize Lists for 1957 Fair are now available at the office of S. C. Heckbert, Secretary-Manager. A copy will be gladly sent on request. 31-2

Vegreville S. C. Candidate To Address Meeting at Mannville

MANNVILLE. — Peter Stefura, Social Credit candidate for the Federal constituency of Vegreville, will address a public meeting in Mannville on Saturday night, Feb. 9th at 8 p.m. in the Legion hall.

Hon. R. D. Jorgenson, Minister of Welfare for the Province of Alberta, will also address the gathering.

Bereaved by Death Of Father

Mrs. Bert Moses was bereaved by the death of her father William Phillips, who passed away at his home in North Battleford recently. Funeral services were held on Saturday, Jan. 19th.

Mrs. Moses spent some two weeks with her mother and father prior to his death. Mr. and Mrs. Moses and the family all attended the funeral.

Colt Born to Purebred Arabians

A purebred Arabian stallion colt has been foaled at the farm of Mr. and Mrs. Orley Omness. This is from the Arabian horses owned by Mr. and Mrs. John Nelson. These are being kept at present by Mr and Mrs. Omness.

Mother of the colt is Raffnaya, with the sire being El Gattall. The new arrival made his appearance on February 1st.

Beauty Nook Closes

Elsewhere in this issue Mr. and Mrs. R. B. Carmichael announce the closing of the Beauty Nook. This was necessitated by the ill health of Mrs. Carmichael who operated the beauty parlor.

Nephew of Local Lady Champions 'Country-less Man'

Mrs. H. B. Reah, well known resident of Vermilion, is greatly interested in the case of the "Man Without a Country," Christian George Hanna, whose fight to stay in Canada has attracted Dominion-wide attention and sympathy.

The reason for Mrs. Reah's extreme interest is the fact that her nephew, Donald S. White, a young lawyer in Vancouver, is championing the cause of the country-less man.

Lawyer White is the son of Mrs Reah's brother, Mr John S. White who has often visited in Vermilion. In fact, he lived in the district back in 1906.

The Vancouver Province has devoted many front page columns to pictures and stories of Hanna and White. One of the stories opens this way: "Christian Hanna's 'fight for freedom' is being led by a 26-year-old city lawyer who first became interested in his plight when he read about it in The Province."

As a result of Mr. White's legal efforts the stowaway was allowed to leave the ship, and has won the right to a hearing of an application to land in Canada.

Former Vermilion Lady Inherits $200,000 – Dies Two Days Later

Two days after inheriting close to $200,000, Mrs. Margaret Kerr, 64, wife of a retired Toronto clergyman, died yesterday at her Brook Avenue home following a lengthy illness.

An active church worker when her husband, Rev. Malcolm S. Kerr, held charges in Western Canada. Mrs. Kerr came to Toronto ten years ago when her husband retired from the active ministry. The retired couple attended the St. George's United church.

On Tuesday, in a will probated by the surrogate court, it was disclosed that Mrs. Kerr was bequeathed a large share in the estate of her farmer uncle, Thos. A. Crow of Victoria Park Ave., Scarboro, who left gross assets of $558,269.

Yonge St. property valued at $105,000 was left Mrs. Kerr in addition to one-third of the residue of the estate after legacies totalling $69,500 were made. The initial estate will be reduced by almost a third through federal and provincial succession duties. Provincial authorities were not able to estimate what share the government would take.

Born in Alberta, Mrs. Kerr was active in church work and the W.M.S. when her husband held charges at Fort Saskatchewan, Vermilion and Camrose, Alberta. She was a member of the quilting society at St. George's church. Besides her husband she is survived by a daughter, Mrs. G. B. Pearson of Toronto.

Co-Op. Annual Meeting Friday, February 15th

Annual meeting of the Vermilion Co-operative Association, Limited will be held on Friday Feb 15th, 1957 commencing at 12.30 p.m. in the basement of the Catholic church. A buffet lunch will be served. Everybody welcome. 31-2

Midget Play-Offs To Start Here Feb. 13

The Vermilion Midgets will play host to the fast-travelling Vegreville Midgets on Wednesday, Feb. 13th at 8 p.m. in the Vermilion arena. The Vegreville club, a perennial provincial contender, will play the Vermilion boys in a two-game total point series in the first round of the Alberta Provincial play-offs.

Turn out Wednesday night and cheer the boys on, a little applause works wonders with these lads and you will enjoy yourself immensely.

Juveniles Start In Provincial Play-offs At Mundare Sunday

Vermilion's Bob Cats have entered the Provincial Juvenile play-offs and play their first game at Mundare this Sunday afternoon. The return engagement is scheduled for Vermilion on Saturday, Feb. 15th at 8:15 p.m. Keep this latter date in mind and turn out en masse to see our local boys in action. They have been dishing up good exciting hockey and are well worthy of a crowd of 500 fans at the game on Saturday next week, Feb. 16th.

Buffalo Coulee Rinks In Spotlight At Wainwright

Playing in three finals all at the same time in the Farmers' bonspiel at Wainwright last Sunday evening were no less than three rinks from the Buffalo Coulee club, and what is more, each of the rinks won their game. This means that first prize in three competitions came home with the Buffalo Coulee boys.

The Grand Challenge was won by skip Henning Haverslew with Matt Majury, Bill Eyben and Brent Macnab.

The second event was captured by skip Dick Eyben, Jno. Kochan, John Eyben and Bernard Eyben.

The fourth event went to skip Herbie Danouden, Jim Cameron, Hubert Rogan and Ken Kennedy.

Still another B. C. rink won 4th in the Grand Challenge. This was skip Ted Marfleet, John Hull, Geo. Eyben and Lloyd Everett.

Revered Mannville Lady Passes Away

MANNVILLE. — One of the best known and revered old timers of Mannville, Mrs. George Whitson, passed away in her 83rd year on Wednesday morning Feb. 6th after a brief illness.

She came to Mannville in 1905 from Ontario travelling from Edmonton by team. They were among the first settlers in the district.

Mrs. Whitson was always active in community and church affairs, taking a great interest in them all. She was predeceased by her husband in 1950.

Funeral services will be held at the United church, Mannville, on Saturday, Feb. 9th at 2:00 o'clock p.m. The Rev. Ian Holter will officiate. Interment will be in the Mannville cemetery.

Surviving members of the family are four sons: Hector of Pincher Creek, Leslie of Edmonton, Harold and Russell of Mannville and two daughters: Mrs. Mabel Majeau and Mrs. Florence Bodard both of Mannville. One sister Miss Mary McLean lives at Regina. There are 19 grandchildren and 8 great grandchildren.

Moyers Funeral Home, Vermilion, in charge of arrangements.

Correction in Report Of Mannville Meeting

An error appeared in the report of the annual meeting of the McQueen United church at Mannville which appeared in the Standard last week. The paragraph in question should have read: "Mr Ralph Rudd presented the Building Committee report. The progress of this committee towards their objective is most encouraging."

This appeared as "not encouraging" due to a tear in the copy at time of setting.

Tuesday Feb 12th — Annual Firemen's Ball. The event of the season — Elks hall, Vermilion. 29-31

Annual Town Meeting Monday, February 11

The annual meeting of the Town of Vermilion will be held in the Elks hall on Monday, Feb 11th at 8 o'clock. Reports will be given by His Worship Mayor Hill, chairmen of the various committees, auditor, and secretary-treasurer, for the year ending Dec. 31, 1956.

A report will also be given by Mr Frank Welsh, town representative on the Vermilion Municipal Hospital board.

TERMS OF MAYOR AND TWO COUNCILLORS EXPIRE

The terms of two councillors, D. R. Mitchell and E. Herzog, expire this year. Both are firm in their intention not to stand for re-election, meaning that successors will have to be found for them. Mr. Mitchell has completed six years on the council. While Mr. Herzog has been on the council for only one year, completing an unexpired term, he wishes to concentrate on fewer organizations, being involved in too many at present.

MAYOR'S TERM EXPIRES

The two year term of Mayor Melvin Hill also expires this year and to date he has been non committal as to his intentions. No one else so far has voiced any desire for the office, all apparently being well satisfied with Mr Hill in the chair.

NOMINATION DAY FEB. 18

Nomination day follows on Monday, Feb. 18th, and election day is two weeks later, Monday, March 4th.

Everyone interested in town affairs is urged to attend the public meeting on Monday, Feb. 11th at 8 p.m. in the Elks hall.

Scales Rink Champs Of Zone 8 In Consols Play

The Vermilion club rink of Bill Scales skip, George Webb Jr., 3rd, Harding Brix 2nd and Ken Martin lead, won the play-off game in the British Consols Zone 8 play-off here last Saturday night.

The runner-up was the rink of Dr. Smith, Jim Sellers, Dr. Jensen and Bob Richer of Lloydminster.

Dr Smith won Section 'A' of the play-off from Scales 9 to 5. Scales then won Section 'B' from Smith 9 to 6. The deciding game on Saturday was the Vermilion rink all the way with the score at the end of the 10th reading 14 to 2. The local curlers were right on while the Lloyd rink had lost their touch for that game.

LOSE IN EDMONTON

The Vermilion rink went to Edmonton Tuesday to compete in further British Consols play but lost both their starts on Wednesday in the double knockout so were eliminated from further competition.

New Farm Home Destroyed by Fire

The new farm home located along Highway 16 at the corner west of Borradaile, owned by Mr. and Mrs. Alf Robinson, was completely destroyed by fire on Thursday evening, with all contents. Mr. and Mrs. Robinson were in Vermilion at the time and the fire was first discovered by John Nelson who was driving by.

The Vermilion brigade responded to the call for help but after travelling the five miles to the fire little could be done to save the house.

Mr and Mrs. Robinson formerly operated the Koknee store and post office for many years. They will move back to the Koknee district for the time being and occupy a vacant house near the store.

Legion Curling Play-Off Sunday

Vermilion curlers can now turn their eyes on the local Legion rink composed of Bill Sutherland skip, Bill Scales, Vic Tillett, Neil McLean, and Lawrence Webb, spare. This rink has advanced to the zone finals of the Legion provincial play-downs. The next step will be payed at Viking on Sunday. Rinks taking part are from Viking, Cold Lake, Vermilion and Camrose.

Skaters, Note!

Change in arena schedule as this is hockey play-off time — the arena will be open for general skating on Monday evenings with Wednesday evenings reserved for hockey games. So, it's skating Monday evenings from now on.

Well Attended C. G. I. T. Rally Held in Vermilion Monday

An enjoyable and very well attended rally was held in the United church hall when the Vermilion C.G.I.T. were hostesses to groups from Vegreville, Dewberry and Buffalo Coulee.

Twenty-five girls and their leaders from Vegreville, thirteen form Dewberry and twelve from Buffalo Coulee were welcomed on their arrival by Mrs K. Stewart, departmental superintendent, and Margaret Goodwin, president of the Vermilion groups. After grace was sung the girls took their places at the table where a bountiful supper was served.

While the tables were being cleared the girls took part in a sing song. This was followed by amusing skits given by each of the four Vermilion groups.

The girls then divided into groups for "buzz" sessions. Each group reported its opinions on the subjects for discussion. These summaries were varied and interesting.

All lined up in two's for the procession into the church. Margaret Goodwin was organist and members of the Vermilion group conducted the devotional under the capable leadership of Norma Harle. Mr MacKay spoke briefly on the topic "The Power of Influence."

The Juniors taking part in the service were Jacqueline Bell, Dorothy Tovell, Joan Stephens, Vivien Tillett, Sharon Surby, Ruth Stewart, Lynn McPherson and Karen Colburn.

Miss Margaret Goodwin expressed the pleasure of the Vermilion C.G.I.T. at having the three groups visit them. The Vermilion girls were thanked for the pleasant evening of entertainment by a member of each of the visiting groups. The rally was ended with the singing of taps.

The Vermilion C.G.I.T. express their sincere thanks to Mrs. Fred Stewart who so kindly assisted in the serving of the meal and the washing of the dishes.

Election for S. D. Trustee Friday, Feb. 15th

Electors of subdivision 4 of the Vermilion school division are reminded of the election for school trustee which will be held on Friday, Feb. 15th between the hours of two and four o'clock p.m. The polling places are announced elsewhere in this issue of the Standard. The candidates are D. C. McGrath of Tolland and C. Arnot Brown of Vermilion.

This Hen Thought She Was A Bear!

Bill Dixon has a Barred Rock pullet on his farm which became a trifle mixed up last fall and decided that hibernation was the thing to do not by choice but by force of circumstances. Digging into a straw stack on Tuesday Jan 29th, the three Dixon boys Tony, Don and Bruce discovered a perfect cave formed by the straw over some willow trees. Exploring further in the cave, which was quite a sizable one, the boys were amazed to find a hen's nest containing a number of frozen eggs. While examining these and pondering on their existence there they were startled by a flurry of wings and by the cackle of a hen. Lo and behold there was a hen in the cave but what a hen! She had apparently been sealed up there since the threshing last October when the bushes had been covered up. She was very much alive, extremely thin, her beak was long and transparent and looked artificial, like plastic, the usual red comb and face was colorless, her toe nails so long she could hardly walk, and her face was entirely covered with feathers. This hen had no access to water for nearly four months and her only food was what she could scratch up within the confines of the cave. It is thought the bird must have gone into a state of semi-hibernation.

When put into the hen house the first thing the hen did was to take a long, long drink of water. The light in the hen house at first bothered her and she tried to hide away from it. Within a couple of days she was quite sprightly and is now right at home with the rest of the flock.

Annual School Meeting Friday, February 8th

The annual meeting of subdivision 6 of the Vermilion school division will be held in the Junior high school on Friday, Feb. 8th at 8 p.m.

Reports will be given by C. N. Brennan, town representative on the school division board, superintendent S. D. Simonson and the secretary-treasurer J. R. Robson. As a new and large school is planned for Vermilion this summer a good attendance of ratepayers should attend the meeting.

William Mayer Dies At City Hospital

William John Mayer passed away at the Aberhart Memorial hospital on Sunday, Feb. 3rd at the age of 20 years.

Well known in Vermilion, he is survived by his parents here, Mr. and Mrs. Martin Mayer, two brothers, Martin Jr. in Vermilion and Frank of Edmonton, and four sisters, Mrs. F. Wyodyn of Grand Centre, Mrs. J. Frey, St. Andrews, Elizabeth and Jane of Vermilion.

Funeral services are being held this Thursday morning at 10 o'clock at the Holy Name Catholic church with Father Landrigan officiating. Interment will follow in the Roman Catholic cemetery.

Moyers are in charge of the funeral arrangements.

Dave Andrew Relates South American Trip

A well attended meeting at the School of Agriculture last week enjoyed an illustrated report of his recent visit to South American countries, given by D. A. Andrew, Secretary of the Canadian Hereford Association.

In welcoming the audience to the meeting N. N. Bentley, Principal of the School of Agriculture, expressed pleasure in greeting the large attendance of farmers and their families, many of whom had known Mr. Andrew when he had been a member of the School staff. He reported that Mr. Andrew had addressed the students earlier in the day when his pictures and the accompanying commentary proved highly interesting and instructive.

In the course of his journey to the World Conference of Hereford Breeders held in Buenos Aires last summer Mr. Andrew took a large number of colored pictures from which he made selections to show his Vermilion audience. They included pictures of street scenes, city architecture, livestock shows, social events, and luxurious ranch homes. Adults and young people alike are indebted to Mr. Andrew for the opportunity he afforded them to become better acquainted with so many of the social and agricultural features of the South American countries.

QUALITY SEED TO BUY

The recent announcement by the Canadian Wheat Board that producers will this year again be permitted to deliver up to a total of 400 bushels of commercial wheat, oats, barley, rye or flax seed over the quota, proceeds of which may be supplied against the purchase of registered or certified seed, indicates that the Board is fully conscious of the part that good seed plays in maintaining quality and is anxious to assist in this direction.

An added provision, this year, that will be helpful where seed is shipped freight collect, allows the producer to receive settlement for sufficient grain to pay the freight charges. However the total quantity of commercial grain delivered may not exceed 400 bushels and the proceeds of this grain may not exceed the cost to the producer of the Registered or Certified seed grain purchased plus the freight charges thereon.

As formerly, up to 130 bushels of Registered or Certified seed wheat, oats, barley, rye or flax seed (or any combination of these grains up to 130 bushels) may be purchased under this plan.

The special arrangement for over-delivery will be particularly helpful this season because of the tight delivery situation that exists and it should assist materially in the distribution of high quality seed for which there is expected to be a good demand.

THE STAGETTES

Kay Stewart's apartment was the scene of a social gathering on Feb. 5th. Mrs. Kay Bell was a guest and former Stagette of the original club formed in Saskatoon in 1932. It was most interesting to hear Kay's opinions, suggestions and comments on past, present and future Stagettes. The 'once a Stagette always a Stagette' motto rates high and Kay would be right with us at a Stagette re-union wouldn't that be wonderful, especially if we held it in Vermilion. The Constitution By-laws have been restricted some in the past few years and still remain the ties that bind.

A delicious lunch was served by the hostess. Our next meeting will be at Eileen Young's home in the form of a Handicraft Feb. 19th.

ROAD HAZARD INSURANCE

Recently a farmer living not far from Vermilion took out a 'Road Hazard Policy' covering his livestock that might get on the road. Within a short time a pig got killed and he collected $60. The policy covers public liability as well. The premium is something under $7 a year.

BUMPS ON THEIR BACKS

From now until April bumps form on the backs of most cattle in this area. Inside the bumps are the cattle grubs commonly called warbles. As soon as air holes are seen on these bumps is the time to treat with derris powder and kill the grubs. The cost of keeping warbly cattle is at least $10 each. The poison can be bought at hardware and drug stores.

HIGH GRADING HOGS

T. H. Rayson of Paradise Valley advises his hog grading reports for 1956 showed an average for Grade 'A' pigs of 23% and 39% for 'B' 1 grade. A total of 3182 pigs were shipped by Mr. Rayson during the year. As the average for all Alberta was only 19% for grade 'A' in 1955 the record at Paradise Valley is setting a mark for other districts to shoot at. These farmers know that it pays well to raise grade 'A' pigs.

AGRICULTURAL SHORT COURSES

Every farmer should plan on attending the three-day short courses to be held at Lloydminster, Vermilion and Mannville. Speakers from Lacombe, Edmonton and Saskatoon will discuss farm topics. The meeting will be held during the last week in February. As many as 300 people attended the meetings last year. Don't miss these good meetings.

LACOMBE PIGS

Farmers are asking me nearly every day when the Lacombe breed of pigs will be available. It will likely be several years before this breed has been thoroughly tried out so no breeding stock can be bought yet. It might be of interest to pig raisers in this district to learn that Mr. Annesley Bell of Vermilion was assigned a Lacombe boar for cross breeding trials.

BULLS ON LOAN

Since I announced the bull loaning policy two weeks ago several groups have started to organize. All we need is a list of five farmers who will form a group to organize a Livestock Improvement Association. This is the last call so would anyone interested please contact this office right away.

"HELLO, HOMEMAKERS"

WOMEN WANTED

Are there several girls over twelve in your district who can't find enough to do in the summer months? A 4-H garden club will provide a summer of worthwhile work and play. But these clubs need leaders and for the leaders we look to you, the homemaker. The only requirements are that you like youngsters and have all kinds of patience. I will give you all the help you need in organizing and carrying out the project.

However, since seeds must be ordered in April, we ask that Garden Clubs organize in March. So if you're willing to be a leader, now is the time to interest the girls and obtain information on the club.

This district should be one of the leading 4-H districts in Alberta. Let's go all out to have the best clubs.

VALENTINE CANDY

With Valentine's day not far away the children will be excited about the school party. Perhaps some of you will be delegated to the candy supply squad. If so, here's a candy recipe which is easy and [illegible].

OPERA ROLL CANDY

- 1 cup nutmeats
- 1½ cups icing sugar
- 1 egg
- ½ teaspoon vanilla
- 24 marshmallows, quartered (or use minature marshmallows.)
- 4 squares chocolate melted with 1 tablespoon butter.

To the sugar add—beaten egg, 1 cup nuts (not chopped) and marshmal[illegible]. Add the cooled chocolate and butter mixture. Work into rolls on waxed paper. Keep in refrigerator—slice when ready to use.

HINT FOR THE WEEK

When making ice box cookies pack the dough into small tins (frozen juice tins best). When you're ready to cook them, cut out the bottom of the cans and push the dough through. You can use the edge of the can as a cutting gauge. Then you'll have round even cookies for little effort.

Letters to the Editor

The Standard does not hold itself responsible for opinions expressed by correspondents

Vermilion, Alberta,
Feb. 6th, 1957.

The Editor,
Vermilion Standard.
Dear Mr. Cooper:

We of the Wildmere Women's Institute have often wondered why Vermilion, with its airport, paved streets, and artificial ice, couldn't even rate a decent rest room.

A few years ago our president met with the Board of Trade and was told that there was a rest room in the Government building. However, it is up a long flight of stairs and is not open on Saturdays.

Surely a town with a population of 2500 where the week's supply of groceries are bought, where machine companies have their distributing point, where the streets are lined with farm trucks and cars especially on Saturday night where the picture show is usually filled after 9:00 p.m., could do something for the ladies who have to change their wee folk or feed them in some corner restaurant booth.

Our idea of a rest room is that it should be in the central part of town, and on the street level where mothers with babies and small children, and also where aged folk could make use of it in comfort.

We are one and all behind Mr. Boulton and whatever organizations are helping him. May they succeed in this project so that to the signs on the outskirts of Vermilion may be added "A Modern Rest Room — open 24 hours a day".

Thanking your for the use of your space.

Yours truly,
Mrs. Naomi Cruthers,
Sec'y., Wildmere W.I.

Bride Feted At Mannville

MANNVILLE. — A shower in honor of [illegible] North (nee Marlene Rathje) was held at the home of Mrs. J. F. Schock on Thursday of last week.

After several interesting contests, Marlene was [illegible] a miniature Red & White store filled with many [illegible] useful gifts. Lunch was served after Mrs. North fittingly thanked those present.

Among those [illegible] Mrs. Jas. Summers (Marlene's grandmother) and Miss Pearl Lyons, both of Cherry Grove, and whom everyone was pleased to see.

Sixteen Years Ago

JAN. 30th, 1941

Gerald F. Stephens was elected president of the Vermilion Board of Trade.

Mrs. G. J. Stockwell passed away at Clandonald.

The Buffalo Coulee M.D. council was composed of Messrs. Wear, Pheasey, Ramsay, Dunsworth, Dew and Currey.

Mrs. Harry Scott was elected president of the Canadian Legion W.A.

Rev. Canon Barfoot was elected Bishop of the Edmonton diocese.

32 Years Ago

JAN. 29th, 1925

Wm. Roebuck was elected as secretary of the Isley United church and Charles Mooney the treasurer. N. McInnes was chairman of the Board.

It looks as if the town elections will be very quiet this year with all vacancies being filled by acclamations; W. A. F[illegible], mayor, and M. A. [illegible], A. Y. Law, J. A. Kirkpatrick as councillors. J. W. G. Morrison has announced his retirement as mayor after six years in that office.

James A. Smith, M.P. Advocates Ten Points To Benefit Canadian Agriculture

Three weeks ago today the fifth session of the 22nd parliament commenced. The debate on the Speech from the Throne was concluded on January 23rd. The Throne Speech itself contained very little in the way of proposed legislation to relieve the critical position of Canadian Agriculture, nor did it make any provisions for the payment of cash advances on farm stored grain which recently released report of the Gordon Royal Commission recommends. It failed to suggest any cure for the ever increasing rise in the cost of living. The Speech did not forecast any increase in Old Age pensions or other Social Security measures. Perhaps many of these matters will yet receive favorable consideration from the Government. We must remember that all authoritative sources are forecasting an early election.

On January 22, I spoke on the debate in reply to the Speech from the Throne and during the course of my remarks, I asked the government to take immediate action with regard to ten proposals which we feel would help relieve the crushing burden now borne by Canadian agriculture. These proposals were:

CASH ADVANCES ON FARM STORED GRAIN

1. A system of cash advances on farm-stored grain, payment of these advances to be administered by some agency other than the Canadian Wheat Board, and the cost of administration to be borne by the government.

GOVERNMENT OWNED STORAGE FACILITIES

2. Immediate action to be taken toward the extension of permanent government-owned storage facilities and the renewal of the policy of encouraging the use of temporary off-site storage facilities to enable farmers to deliver their grain.

FOREIGN SALES POLICY

3. Introduction of an aggressive and realistic foreign sales policy as far as our agricultural products are concerned.

PARITY PRICES

4. Opening of a thorough investigation into the merits of the two-price system of marketing our agricultural products with a view to establishing a parity price for all agricultural products.

FLAX AND RYE

5. The marketing of flax and rye to be handled by the Canadian Wheat Board.

EQUALIZATION OF FLOOR PRICES

6. Equalization of the floor prices paid on hogs all across Canada and a raising of these prices to bring them in line with estimated parity using the period 1943-1945 as the base period.

FARM LOANS FOR YOUNG FARMERS

7. Amendments to be introduced to the Farm Loan Act to make this act of some use to young men wishing to enter the agriculture industry.

CROP FAILURE INSURANCE

8. The enactment of an all-risk insurance plan which will assure the farmers of Canada a just income in case of crop failure or some other disaster.

STIMULATE TRADE

9. The acceptance of sterling and the currency of other lands to stimulate trade with those countries, and

BOX CAR DISTRIBUTION

10. The immediate appointment of a transport controller with power to see that there is an equitable distribution of box cars in the west at all times.

We are hoping that the government will soon bring before us the Canadian Wheat Board Act and a resolution to amend the Prairie Farm Assistance Act so that the scope of this Act may be enlarged.

CHATSWORTH CHATTER

After an absence of some months we have again taken to collecting and contributing news — hope we can do better this year.

Roads are very good out this way and weather is certainly making up for last year's severe and unpleasant winter. The days are already noticeably lengthening, and before we know it — spring will be here.

A number of the young folks of the community were home for the holiday season: Gilbert Hutchinson visited at his parents' home; Mr. and Mrs. Rudy Scheilbelhofer of Red Deer at her parents' home, J. K. Thompson's.

June and George Honey and little son Bobby, accompanied by Mr. and Mrs. G. Honey, Sr., were visitors at the Henningsen home for the week end of Dec. 29. Bobby celebrated his first birthday anniversary on Sunday, Dec. 30th.

Also visitors to Jack's home here were Jack and Diane Thompson, Debbie and Gerry, and Jim Hawryluk of Edmonton, on Sunday, Jan. 13th. They have since been transferred to Fort St. John, moving north on Jan. 25th.

The Chatsworth Country club held their January meeting at the home of Mrs. John Hasenuik on Thursday 17th and although it was quite a nice day there were only eight members present. However a very sociable meeting was enjoyed and donations were made to the Polio fund, our membership to the Canadian Association of Consumers was re[illegible] ensued re the comfort station in town, all being agreed that it would be welcomed, especially by mothers with little children. The Sick comittee reported flowers sent to a member bereaved by the passing of her mother. Nickel draw was won by Mrs. R. Good. The social was dispensed with, all enjoying a chat over the tea cups instead, wiht lunch served by the hostess assisted by Mrs. M. Farkash and Mrs. H. Henningsen. Missed from the meeting were Mrs. Albert Tovell who was ill; Mrs. Arthur Tovell, visiting in Ontario, and Mrs. R. Hutchinson whose little son Randy had been ill in hospital and came home that day. The next meeting is to be held on Feb. 21st at Evelyn Henningsen's.

The annual meeting of the Community club was held at Jim Thompson's Jan. 22 with 14 in attendance. J. K. Thompson was re-elected president; J. Farkash Jr. vice-president, Mrs. J. K. Thompson, secretary-treas. andd irectors named were Mrs. Ralph Wilson, H. Henningsen and Albert Tovell.

The matter of moving the school from its present site to one on the power line so as to solve the lighting problem, was discussed and further information is being sought on this subject.

The January meeting of the F.U.A. local was held at the Henningsen's on Jan. 14 with 18 present. Highlight of the meeting was a talk on 'Civil Defence' given by Mr. George Martin of Vermilion, this proving most interesting. The February meeting is to be held on Friday, the 15th at Chatsworth school, in the evening and it is expected that Mr. Buckingham will be present to give a talk. It is also planned to have films shown. Lunch will be served and everybody is invited to attend for a social evening.

Mrs. Bitcoff of Port Coquitlam, B.C. was a recent visitor at the home of her sister Mrs. W. Patterson.

Mr. and Mrs. Charlie Farkash and little son Allen visited at the home of Charlie's mother, Mrs. M. Farkash recently.

Winner of the wool filled quilt raffled by the Country Club was Mr. Percy Sloan of Mannville.

PARADISE VALLEY NEWS

The High School bonspiel is going strong as we write these news items. We hope to get a report of the spiel and the banquet being held in the school auditorium for a later issue. The mixed bonspiel has been held up by the school bonspiel but will get underway Monday night again.

The second set of square dance lessons in Paradise Valley are now underway with Johnnie Maxwell of Vermilion calling. There are eight squares enrolled. Ken Warring will be behind the mike for the regular square dance on Wednesday Feb. 13th. On the 27th John Maxwell will call for the graduation dance of those now taking lessons. March 13th will be the P.V. birthday dance with added attractions of novelties, birthday cake etc. Henry Lien will do the honors. Please keep in mind those three dates and plan to attend as many as possible as all square dancers are welcome.

We learn with deep regret of the sudden death of a former old timer of the Paradise Valley district in the person of Charles Bell who passed away in Vancouver recently. Mr. and Mrs. Bell moved to Vancouver many years ago. He had homesteaded south of town and farmed for many years before moving west. Our sincere sympathy to his sorrowing wife.

Patients in the Lloydminster hosital this week include Mrs. Fred Brassington and Mrs. Arthur Clarke.

We have had everything in the way of weather during the past week, cold one day milder the next, anyway it was not monotonous, you never knew what to expect next. The roads are in very good shape and no snow plowing to be done.

LOCAL NEWS

The Rev. and Mrs. K. A. Mitchin wish to announce the birth of a son, John Robert, on Jan. 31st, 1957, at the University hospital in Edmonton.

Mrs. Lottie P. Herne is visiting friends in town for a few days following an absence of some five months. A month was spent in eastern Canada with visits at Ottawa, Montreal, Toronto and Niagara Falls. Two and a half months were spent in Cleveland with her son Cyril and family. Once back in the west she stayed with her son David and wife and family in Calgary.

Mr. and Mrs. Stewart Barr of Edmonton were in town for the week end visiting at the home of their parents.

Mr. and Mrs. Irvin Gordon were recent week end visitors in Edmonton visiting daughter Isabell.

No Allandale news appears this week due to the fact that Mrs. O. Conroy is staying in town at the home of Mr. and Mrs. Milo Fleming and helping to care for the children. Mrs. Fleming is presently a patient in the University hospital.

Mrs. Alma Johnston (nee Alma Alton) was in town from Edmonton this week watching the lady curlers playing in the Eaton play-offs. She is this year the president of the Granite Ladies' Curling club in the city. Alma is a graduate of the Vermilion high school living in these days north of Vermilion and then in the Kitscoty district.

Mrs. Jas. D. Adam was a visitor in town this past week, a guest at the home of her sister Mrs. E. Corley.

Mr. and Mrs. Keith Chalmers and family spent last week end at Provenance visiting Mr. and Mrs. Carl Smith. The many former Vermilion residents there are gradually getting settled in that power plant town.

Mr. and Mrs. Vic Rogers are away on a month's holiday to California where Vic's dad lives. They are travelling in a 1957 model Dodge Royal sedan and anticipate a most enjoyable holiday.

Mr. and Mrs. E. T. Rooks recently had their whole family together again as Miss Sylvia Rooks was home from Winnipeg Miss Florence Rooks from Pocahontas. Mr. and Mrs. Russell Barton came from Kitscoty and Mr. and Mrs. Herbert Sutton from Lindberg to join the family in reunion and complete the gathering. Florence spent the week end here while Sylvia returned to Winnipeg Wednesday of this week.

Mr. and Mrs. H. R. Wilton left this week end to take up residence in Vulcan, Alberta, where Mr. Wilton will be employed in the C.P.R. workshops.

Mrs. Jack Mackenzie of Edmonton was in town this week and attended the banquet for the lady curlers on Monday evening. She was watching some of the Eaton curling play-offs. She said that husband Jack was curling in the bonspiel at Jasper this week.

K of C's Show Grey Cup Film

The Knights of Columbus, Vermilion Council, played host to members of other lodges and service clubs and their wives, at their annual showing of the Grey Cup film in the Catholic church hall last Thursday evening.

Jim Ferguson Grand Knight of the local council, spoke briefly in making the visitors welcome, stating that the Knights hoped to make this 'Guest Night' an annual affair.

After the film was shown Albert West of behalf of those present, thanked the Knights of Columbus for their invitation and an enjoyable time.

The entire film this year was in color and the photography, taken from much closer up than in former years, provided an exciting action-packed film that more than once had the audience applauding.

It is understood that this film is being brought back again in the very near future under the auspices of the Vermilion Fish and Game League.

Miss Betty Bentley and Rex Beake were in town from Edmonton for short visits with their parents on Sunday.

NEWS from ISLAY

Mr. C. C. Mitchell, Post elevator agent at one time here, now of Thorsby, is in Islay hospital. Nothing wrong with our medical set-up when one comes so far.

The 4-H Sewing club met Jan. 30th in the school. A Valentine party is planned for Feb. 20th when mothers and a friend are invited. Roll call next time will be your favorite female and male singer.

The Students' Union will hold a carnival on the Ice Feb. 22 and a masquerade dance in the hall. All sports will take place at the rink, weather permitting, but the judging of costumes and crowning of the Queen will be in the hall. Junior costumes will be judged at 8 p.m. and adults at 12. Children are selling tickets now so you may cast your vote for Queen as follows: Jean Hanson, Peggy Brown, Shirley Fuseth. One ticket gives you entrance to the hall for the first part of the dance, but two tickets admits you for the whole evening, that means the dance for which follows the judging of the costumes.

SOCIAL CREDITERS ATTEND WELLS

Thursday of last week a group went to Kitscoty to hear the reports of the Social Credit delegates who attended the convention in the fall. Gerald Kent, Art Hancock and Joe Hobart. Mr. Aalborg called at Islay and with him were Mr. Allan, Mr. Moncrieff, Mr. Hollington, Mr. Uiva McFadyen. A good evening was enjoyed.

This week two rinks are participating in the Kitscoty bonspiel. There is a list of very interesting prizes. Wives are hoping the men bring some of them home. Bill Shaw, Bill King, B. Teskey and Albert Van den Dolder make up one rink and Paddy McGuigan, Dalt Torrance, Ed McFadyen and Hardy Ford the other. A banquet was enjoyed Tuesday night.

Charlie Robertson was in Edmonton last week and got the family moved into their house recently purchased. We discover it is a former home to Mrs. Ernie Moore. She will be happy when she returns from New Brunswick and finds Islay folks close neighbors. Charlie asked my new Mrs. Henry Olds at the Royal Alex when they were in to see one of their new grandchildren. She is evidently having more treats.

Mrs. Buchanan had supper on Tuesday evening with the Moncrieff's.

Mrs. Winnie Torrance had dinner guests last Wednesday with the Stones and on Thursday she was in Vermilion.

The second sheet of ice has been finished so that evening curling is not so late, finally got in. Quite a number interested, although the rinks are mined. All seem to be enjoying it. Nine women are taking part.

Well, Annie and Harry, I've tried to get news, have quite a time. Oh yes, the new ceiling in the hall is going on and it really looks nice, it's a neat piece of work. Syd Mountford is engineer and today Ralph and Ken were up on the scaffold . . . they seemed to be having a real visit. Need you Harry.

Wins Prize At Capping Ceremony

One by one, each of 71 probationers at the University Hospital school of nursing, stepped up at a ceremony in the auditorium of the Nurses' residence Friday evening to receive her cap, white cap, symbol of first achievement in her professional training.

Another highlight was the presentation of prizes to outstanding students. Mrs. E. F. Donald presented the Women's Auxiliary prize for outstanding merit in pre-clinical nursing to Barbara J. Green of Vermilion.

Wildmere Winks

Remember folks, Friday, Feb. 15th is the voting day for school trustee. Get out and vote to show the man of your choice you are behind him. Voting is only from 2 to 4 o'clock. Plan to vote.

Congratulations to Mr. and Mrs. Clayton Smith and Mr. and Mrs. Ernie Rund both of Wainwright on the births of baby sons. More great grandchildren for Mrs. Henry Smith of Vermilion.

Mrs. Gibson and Mary, Mrs. Albert Smith and Betty, Mrs. Cruthers and the writer enjoyed a trip to Wainwright on Saturday to watch our curlers in action in the bonspiel held there last week. Gilbert Harrison's rink skipped by Cliff Cruthers was the only rink from our district to win a prize, getting 4th in the third event. Buffalo Coulee curlers did very well.

The league games at our local curling rinks get underway this week with nine men's and one ladies' rink taking part this winter.

Modern square dance lessons are now under way at Tuscaville school. Some from our district are taking part. Johnny Maxwell is the caller.

BUFFALO COULEE ACTIVITIES

Curling is still the big order of the day. The Eyben rink skipped by Dick Eyben was a close decision from the Majury rink skipped by Henning Haver. A slew in the final game of the Buffalo Coulee play-offs to represent the club in the Brier competition in Vermilion.

All week very pleased to have the B. C. rink skipped by Ruby Larsen win a play-off berth in the Eaton competition. Our very best wishes go with these rinks in their games.

Congratulations to the Vermilion High School boys in reaching the final of the play-offs in Edmonton.

On Wednesday of this week the ladies are holding a day of curling with a pot luck supper at the rink. Quite a number of ladies who have never curled before as well as ex-curlers and the regulars have made up a total of about eight rinks. Maybe it will bring out a lot of new lady curlers for next year, provided achieving muscles don't discourage them too much.

A square dance was held in the Lyn. last Saturday night. This is the first one held this season. There wasn't a very large crowd, but the club decided if enough people were interested they would arrange for a class of instruction at the new dance which is to be held on Saturday, Feb. 9th. New officers elected were Albert Cleland, president, and Mrs. Gordon Green, secretary. Anyone interested please contact Mr. Cleland or Mrs. G. Green.

Mrs. H. Wear, who went to Toronto with her daughter Mrs. A. Towell, is expected home the end of this week.

Mr. and Mrs. Green came home one day last week for a check-up on the farm. It was very cold so he didn't do much visiting.

Congratulations to Barbara Green who received her cap in the capping ceremony of the University hospital recently. Bar bara had the highest marks in her class in the examinations.

Mr. and Mrs. Albert Cleland went to Edmonton on Monday to attend the golden wedding anniversary of Eleanor's grandparents. They were accompanied by Mrs. Lorrett Samuelson and Gert.

A six-crown attended church on Sunday afternoon. Next service will be on Feb. 10 at 3 p.m.

The Ashurstside C.G.I.T. are invited to a rally in the Vermilion United church on Feb. 6th.

DO IT YOURSELF!

Make home repairs, alterations, the economical way DO IT YOURSELF!

DID YOU KNOW . . .

—that you can get enough Ceiling Tile, in a 16"x16" size, and prefinished, to cover a 12'x12' ceiling for as low as $22.00?

—Or, if you wished to cover the walls on a 12'x12' room with Plasterboard you could get enough for just $28.20?

— and Smooth Plywood to cover a rough floor 12'x12' leaving an ideal surface for lino. or tiles, would only cost you $15.00?

These are only some of the values to be had at The Crown!

Manville and District Local News

Two rinks from Manville attended the Club 16 bonspiel at Provost Saskatchewan on the week end. Mr. and Mrs. Jack Cuxford, Mr. and Mrs. Les Manz, Dr. and Mrs. Hoskood and Mr. and Mrs. Fred Proudfoot rendered to the Ford for the 'spiel.

Mrs. Cuxford, accompanied by Mrs. F. McLaughlin, Mrs. J. Painter of Manville and Mrs. S. McGreevey of Edgerton on Sunday, treed a rink in the Ladies' spiel at Chauvin and lost only one game, bringing home the prize in the Chinook event.

CARD OF THANKS

The Matron and Staff of the Islay Hospital wish to thank Mr. Jack Machon and Mr. Nixie Curtis, Dewberry for their kindness in providing pie-kages for the patients during the Christmas season.

Take it from ED SULLIVAN:

Meteor's thrifty Six saves dollars . . . makes sense!

Fuel economy is just one of the many reasons why more and more Canadians with a thrifty nature are climbing aboard the "Meteor Six bandwagon." First cost is substantially lower. Operating costs are slim. And Meteor's Six is so well-engineered, so beautifully designed, that a serviceman rarely sees it—except at auto shows! Add to these facts the high 144 hp. rating and short-stroke low friction design, and you can see why Meteor's Six is Canada's most modern, cost-savingest engine. It's available in all magnificent Meteor Niagara models. Climb aboard—it makes good sense.

No complaints as the weather and roads are still being good to us. Time is going fast and spring will soon be here. The seed catalogs are already coming in too, one can spend time imagining as the pages with their lovely colored pictures of plants are looked over.

Everybody should be on the lookout as there are six hoboes roaming around the district — they certainly surprised the writer on Wednesday, some looked like hoboes and some didn't.

Among these is a cute little lady who is quite gay, so look out they'll be at your door any day!

Now for the clues . . . these ladies are the Bowtell Busy Bees, trying to raise a dollar or two; no cake you can bake, no dress you can't change, for each one of these there is a $1 fine.

Sunday visitors at the home of Mr. and Mrs. Bert Gould were Betty and Lloyd, and Mrs. Alward and Dennis. Gordon and Doreen Gould and family were dinner guests at the home of Mr. and Mrs. Shaw in Vermilion.

Thanks for all the kind letters and cards folks—will be answering them all soon. Having to stay indoors these nice days is not so pleasant, but spring will soon be here.

News is a little scarce, no excitement of any kind.

Mrs. Gillies is staying for a few days with Betty. They plan to bring the baby home this week.

Busy Mannville Ladies Attend Regional Conference, Vegreville

MANNVILLE—A number of local ladies attended the Regional conference of the Alberta Liberal Women's Association in Vegreville on Saturday, when Mr. John Haar and Mrs. K. Montgomery were guest speakers.

After an address of welcome from Mayor Morton, the president of the Vegreville Association Mrs. Koshuta introduced Mrs. P. Regan of Edmonton who acted as chairman of the meeting. Mrs. Regan said the theme of the meeting was "Women as Citizens" and commented on Five great women who played such a part in the history of the country.

Mrs. Regan introduced Mr. Haar, Federal Liberal Organizer. He brought greetings from Mr. Prowse who was unable to attend due to other commitments. Mr. Haar spoke on the political activity of women in the political campaign. Then he went on to give figures on the family allowance, the number of recipients of the old age pension, and the amount spent on defence. He went on to say that the next 25 years will be the most crucial. He spoke of the educational program and the cultural education program the government is undertaking.

Mr. Haar answered questions from the question box including: Why is the government following the 'tight money' policy? What is the government's policy in regard to the near East situation?

Mrs. Montgomery spoke on her trip and impressions as a delegate to the United Nations. She gave a general outline of the General Assembly, commenting on the efficient way in which everything was accomplished. After a speech by each delegate the speech was interpreted for the rest within 20 seconds. And resolutions were placed before the delegates in their own language within 20 minutes. The chief delegate for each country takes suggestions back to his own government.

Mrs. Montgomery spoke on the interesting women who were representing their various countries at the U. N. And when she returned last month for the session she noticed the youthfulness of the representatives from some of the newer countries. There are now 80 delegates, ten from each of eight countries. She was very proud of Canada's part in the U. N. Mr. Pearson has a fine mind and the Canadians are trusted.

At the close of the meeting a delicious buffet supper was served by the Vegreville ladies.

More children in the 5 to 14 year age group die by accidents than by all 9 principal diseases combined. The main causes of death due to accidents from birth to 14 years of age rank in this order: Motor vehicles, drowning, fire and explosions, poisonings, falls.

SQUARE NOTES From Circle 8

Fifteen squares crowded the Legion hall last Saturday night to dance to guest caller Art Ziegler of Vegreville. Twelve clubs representing Lloydminster, Paradise Valley, Elk Point, Mannville, Dewberry, Vegreville, Ryley, Greenlawn, Hazeldine, Blackfoot, Clandonald and Wainwright joined in with the Circle Eight of Vermilion to make a very enjoyable evening. It is very gratifying to hear your visitors say that they just wouldn't miss a square dance in Vermilion. You have often heard it said that someone would sooner sleep than eat — well, we now have some who would rather square dance than sleep so that must just about rate square dancing as tops.

February 18 is the next square dance in Vermilion. In place of just an ordinary one, there is definitely a treat in store. We are all gathering in the Elks hall to help caller Johnny Maxwell celebrate his 21st (ahem!) birthday; he knows no better way to stay young than to square dance. Johnny says it will be a free dance with the exception that he asks the women to please bring a pie and he will very generously top it with ice cream. To date we know that at least eight callers will be present for the big occasion. Amongst the callers and making his first appearance in Vermilion will be the very well-known 'Scotsman' Jimmie Lindsay. No doubt many of you used to listen to him over station CHED last year.

Feb. 18th has been circled on many calendars so if you are a square dancer and this is the first you have heard of the big party, please accept this as your invitation to square up!

A series of lessons is now being offered at Thorncliffe school. The second lesson will be on Feb. 8th and it is still not too late to join. There is particularly a shortage of young ladies. If there are any town girls who would like to take the lessons, the boys will be only too glad to provide transportation, and girls, you should see the handsome looking stag line!

Many Attractive Productions In "Ice Capades", Edmonton Gardens, Feb. 11-16

In addition to the featured presentation of "Peter Pan", the 1957 edition of "Ice Capades" includes a novel offering titled "Autorama".

It's but one of the attractive sequences in the two-hour and 30-minute show which comes to the Edmonton Gardens Feb. 11 to 16.

"Autorama" represents precision skating at its finest, taking as its theme a phase of everyday life close to millions of persons, the automobile. Also represented are kindred themes such as service stations, tires, traffic policemen, traffic lights and police motorcycles.

The costumes are fetchingly adapted to the motif, made of tissue embroidered solidly with chalk sequins. Each costume is designed to look exactly like the newest of the new in automobiles. Distinguishable are the radiator, tail lights, the signal lights and bumpers, which are chrome finished. These latter attachments have been made of butyl plastic which, with its rubber base, is substantial enough to permit dipping in a chrome nickel bath.

Among other imaginative productions in "Ice Capades" is "Fantasy in Pink" featuring the entire roster of Ice Capets and Ice Cadets in an elaborate costume sequence. The girls in the ballet wear costumes on each of which has been embroidered 2,590 mirrors and more than 11,000 pink sequins. The boys' jackets are semi-military in effect and an over-the-shoulder jacket with pink fox trimming adds a swagger effect.

Others among the ten main production numbers are "Black and White Ballet," "County Fair" and Ravel's "Bolero".

Tickets are obtainable from Mike's News Stand, Edmonton. Mail orders should be addressed to Ice Capades International, in care of Edmonton Gardens.

Evening performances begin at 8:30 with a Saturday matinee at 2:30.

WOODVALE NOTES

We are sorry that the first news reaching us after many weeks is bad, that of the burning of the home of Mr. and Mrs. Alf Robinson on highway 16. It is not in our district but Mr. and Mrs. Robinson had lived in and operated the Koknee store for so many years that everyone feels they still belong here and therefore their friends and former neighbors were quite shocked to hear about their loss. Sympathy is already taking a more tangible form in the raising of a fund to help them and though we all hope that will help and comfort them it can never replace the loss of a new home and all belongings.

Congratulations are extended Mr. and Mrs. Ken McCrae on the birth of a baby boy in Vermilion. Mrs. McCrae then Evelyn Sherriff, taught for several years at Union school.

It might be of interest to some of our readers who met Mrs. Tonita Herringa at our place last summer to learn that she had a 9 lb., 9 oz. baby boy on January 26th.

Two rinks skiped by Tolland men took part in the farmers' bonspiel at Wainwright. The one skipped by Bill McGrath won one game and lost three but report a real good time was enjoyed. The foursome of Kaare Selte, Art Lysons, Frank Gibson and Gilbert Harrison got into the prize money but at time of writing we were unable to find out which prize. Congrats boys!

The dance at the Woodvale Community centre on Feb. 1st was attended by a fair crowd who as usual had a good time.

Mr. and Mrs. Grant Robinson of Edmonton came down Saturday to see their parents after hearing of the fire. They brought Margaret Watt with them for a visit to her parents. All left on Sunday afternoon after a family gathering at the home of Mr. and Mrs. Archie Robinson.

We just heard that Mr. and Mrs. Alf Robinson will move into the empty house beside the Koknee store for the time being.

Florent Van Wageningen left on Monday for Calgary where he will attend the Dairymen's Association annual meeting and later he will go on to Banff to see his cousins.

MARWAYNE

A friendly exchange of games between the Marwayne and Kitscoty Curling clubs took place on Tuesday, Jan. 29. The rinks of J. Manson, F. Tupper and R. Hutchinson were drawn to play in Kitscoty while G. Inglis, C. Miller and Paige came to Marwayne. Kitscoty came out on top with four wins, one tie and one loss.

Marwayne High school hockey team played two games away from home this past week losing to Paradise Valley 7 to 4 on Monday night and to Vermilion 6 to 3 on Wednesday night. The same two teams will play in Marwayne this week.

Remember the Women's Auxiliary tea in Mr. Elliot's office on Feb. 9th, 3 to 6 p.m. Proceeds for the Polio fund.

The Home and School will hold a card party in the school Friday, Feb. 8th. Military whist and crib will be played. Everyone welcome. Starting time 8:30 sharp.

The Home and School meeting will be held Wednesday Feb. 13. Guest speaker will be Mrs. Hunter, third vice-president of the Alberta Federation. Parents please try to attend this meeting.

The road surveyors have finished their work and left town. They expect to be back about May 1st when the road work will start again.

Mr. and Mrs. Reinheimer and Judy visited with her sister Mrs. Pokorski in Edmonton over the week end.

Harley Rea of the RCMP is home for three weeks.

Dave Rose is a patient in the Lloydminster hospital, also Elmer Parker.

Mr. and Mrs. Alex Nohnychuk are back from their trip to Vancouver and Victoria and report eight inches of snow in Victoria!

Those going from here to the Burns supper in Lloydminster last Monday night report a very nice time.

Sympathy is extended to Mr. Peterson and to the Panshot family in the tragic loss of wife and mother.

The annual United Church meeting will be held in the church Thursday evening Feb. 7 at 7:30. The Rev. R. Smith will conduct the meeting.

United Church service will be held at 7:30 p.m. Sunday Feb. 10th.

Bob Cats, Legions Play Overtime Tie

Vermilion Bob Cats and Mannville Legions played an exciting hard fought 3-all overtime tie here Saturday night before a crowd of slightly over three hundred people.

Lorne Scoggins in the Mannville goal turned in a stellar performance. Early in the third he was struck on the forehead by a deflected shot, and received a long gash. He came back, patched up, and played just as brilliantly as before.

LINE-UPS

MANNVILLE — Scoggins; [illegible] Manz, Craft, Keuschnig, Bury, Prior, Kurylo, Swain.

BOB CATS — Hough; Stewart, Robinson, Stephens, Ireland, Shepansky, Ford, Callaghan, Coyne, Mistal, French, Waldenberger, Yarmuch, Edwards, Taylor.

STATISTICS

First period — Bury (Gerhart, Prior); Keuschnig (Kurylo). — Penalties: Stewart, Kurylo, Shepansky (2).

Second period — Shepansky (Taylor). Penalties: Swain, Shepansky.

Third period—Ford (Stephens, Shepansky). Penalties: Hasinoff, Ireland, Kurylo.

Overtime—Penalties: Hasinoff, Ford.

Russell Carroll and Jerry Marshall refereed, keeping the game well in hand.

MANVILLE WINS 3-1

Mannville Legions won a 3-1 decision from the Bob Cats in a regular league fixture played at Mannville Tuesday evening.

Kinsmen Midgets Lose To Lloyd'r

Vermilion Kinsmen Midgets were defeated by a strong skating Lloydminster team by a score of 3 to 0 on Monday night.

The Lloydminster club took an early lead when Fleming split the Vermilion defence and beat Russell on a low shot. Before the first period ended Lloydminster added another counter on a goal by Florence assisted by Borne.

The second period was a close-checking session but the visitors added another goal when Darral backhanded a pass-out from Abraham to make the score read 3 to 0.

There was no scoring in the action-packed final twenty minutes. However, Ireland and Niven were banished for five minutes each for fighting to liven up proceedings.

The Vermilion Midgets travel to Lloydminster on Friday night for a return game and on Wednesday Feb. 13th they meet the Vegreville Midgets at Vermilion in the provincial play-offs.

LINE-UPS

Vermilion — Goal, Russell; defence, Dargatz, Green, Gannon, Link; forwards, Callaghan, Maggs, Leahy, Hemmingway, Marfleet, Ferguson, Kindrachuk, Ackerman, Ireland.

Lloydminster — Goal, Abraham; defence Niven, Dinnie, Rendal, Stevens; forwards, Abraham, Fleming, Vic Smith, Bob Smith, Seurth, Powell, Blair, Borne, Florence, Kowal.

Referee: Lee Coyne.

Honored on 25th Anniversary of Wedding

On January 19th an open reception was held from 3 to 9 p.m. at the home of Mr and Mrs. Fred Clark in the Thorncliffe district, the occasion being their 25th wedding anniversary. During this time almost one hundred friends and relatives called on them extending their best wishes and congratulations.

The bride and groom of twenty-five years ago received their many friends and relatives behind a wedding table centred with a most beautifully decorated 3-tiered wedding cake. This was baked by Mrs. Wiechar and decorated by Mrs. Clark.

Fitting tribute was paid to Mr and Mrs. Clark in the toast proposed by their friend and neighbor, Mr Keith King.

Mrs. Josephine McCaig, on behalf of the Women's Institute, presented Mr and Mrs. Clark with a beautiful bouquet of cut flowers. Among the many lovely and useful gifts received was a gorgeous chest of silver, South Seas pattern, from Fred's only brother Leeman and his girls and their husbands, and Fred's father. A beautiful Silver Leaf pattern china tea set was received from their many friends.

Following the presentations Mr. and Mrs. Clark graciously and sincerely thanked each and everyone present for the many beautiful cards, flowers and unexpected gifts and the many good wishes received.

A bountiful lunch was served by Mrs. Calrk's sister Mabel, sister-in-law Doris, nieces Grace and Florence, and two very good neighbor ladies, Mrs. Cecil King and Mrs. O. Clark.

During the evening a few guitar and banjo selections were played by Miss Shirley Underdown and Mr. Fred Martin of Vermilion.

Mr. and Mrs. Leo Bezaire and Mrs. Scotty Hines rendered a beautiful song, "How Near is Heaven," accompanied on the guitar by Mrs. Hines' brother, Slim.

Mr. George Stewart and Mr. Clarence Bezaire played a few violin and guitar selections, among them the bride's father's favorite song, "When You and I Were Young, Maggie."

Mrs. Fred Martin was in charge of the guest book.

Folks who were unable to attend the reception phoned and wished Mr. and Mrs. Clark the best for many years to come. Among there were Mrs. Clark's old school chum Mrs. Fred McEachern of Unity, Sask. On Sunday more friends called on Mr. and Mrs. Clark to wish them well on their twenty-fifth wedding anniversary.

WILL PLAY — For dances for anybody, or anyplace. Full set of traps (drums). Also 2½ octave Xylophone. Phone 538. 31-3

John B. Roushorn Laid To Rest At Mannville

MANNVILLE. — The funeral service for the late Mr. John B. Roushorn, who passed away in the Mannville hospital on Jan. 22nd in his 92nd year, was held in the United church, Mannville on Friday, Jan. 25th at 2 30 p.m.

Rev. Ian Holter officiated and interment was in the Mannville cemetery. The pallbearers were Messrs. Dwight Blackburn, Jake Christenson, Oscar Younge, Ralph Boe, Nelson Cundal, and William McCauley.

Mr Roushorn was one of the best known old timers of the Mannville district; his homestead on the road to Myrnam and St. Paul was a stopping place for many in the early days. He was always ready to lend a helping hand whenever a neighbor might need it. He took an active part in and about the farm until just a few years ago. he was a great lover of horses and always treated them well.

He leaves to mourn, two sons Jim and Herb at home; two grandchildren, Mrs. Nancy Gordon of Mannville and Mrs. Ethel Burgar of Vegreville, and eight great grandchildren; also two sisters and one brother in Michigan, U.S.A. His wife predeceased him on Sept. 20th, 1932.

Moyer's funeral home was in charge of arrangements.

Many beautiful floral tributes as well as memorials, cards and expressions of sympathy were received.

Mannville Legions Have Big Week-end In E. A. J. H. L.

The Mannville Legions of the Eastern Alberta Juvenile hockey league collected for themselves two wins and a tie in the three league games played over the week end and on Tuesday. The Legions appear to be a much-improving club and might well be the team to beat come play-off time.

Saturday night — Legions 2, Vermilion Bob Cats 2.

Sunday afternoon — Legions 7, Kitscoty Monarchs 2.

Tuesday evening Feb. 5th — Mannville Legions 5, Vermilion Bob Cats 1.

MRS. C. J. McCORMICK TRACES FAMILY TREE

Local Lady Finds That Relative Named Edmonton

By MARGARET BENTLEY

Mrs. Cliff McCormick, formerly Miss Ada Tomison, has often stood wistfully gazing at the inscription on the Hudson's Bay store in Edmonton which reads "[illegible] Edmonton was established for the Hudson's Bay Company in 1795 by William Tomison. The Company as fur trader and merchant has since been active in life of this community."

Having been told that Tomison was such an unusual name that anyone bearing it was related to her family, she wondered [illegible] this were so, and such being the case, what relation was William Tomison to her? She knew of no living relatives who could give her the information about the family.

Even when she went to Scotland to visit some eight years ago, she was unable to find out about William. She didn't visit the Orkney Islands, the site of the old family home because she knew of no living relatives there. [illegible] she found that shipboard acquaintances sometimes turn into firm friendships, and so it was that Mr. and Mrs. Robert [illegible] of Munson, Alberta, whom she had met on the ship, became friends and came to visit the McCormicks last summer.

In the course of casual conversation the Stangers mentioned that they had visited the Orkneys and there had seen Tomison's School which had been [illegible] by William Tomison whose benefactions had included provisions for the school which was started in 1851. They also mentioned that there was a Mr. J. Tomison, a retired staff member of the school, who was still living in South Ronaldsay, Orkney, Scotland.

Mrs. McCormick wrote to Mr. Tomison and learned that he was a first cousin of her father, and the last living male Tomison. He was able to tell her that William Tomison, chief of the Hudson's Bay Company's inland trade was indeed a relative. He was her grandfather's brother, the relationship known to the Scotch as great grand-uncle.

William had been one of the hardy pioneers instrumental in opening up Western Canada along the North Saskatchewan river. At the time when he was in charge of the establishment of the trading posts along the river for the Hudson's Bay Company there was keen rivalry in the fur trade among the French Canadians, the Hudson's Bay Co. and the independent traders. There were no punches pulled, and the tricks of the trade were many.

One time there was a considerable number of Indians gathered about the Hudson's Bay post ready to trade. The Canadian William Holmes, sent out eighteen men with pistols and tobacco — and ten gallons of rum. It was unfair. But it worked. The natives freely enjoyed the rum, and then were reminded of the Nor'western ruling that any native drinking their rum was bound to trade with them. To [illegible] of compliance with this ruling the Indians' horses were locked up in the Nor'western's stockade until all the pelts had been traded in.

On another occasion when the first of the clumsy Hudson's Bay Company's York boats had been built, to the amusement of the Voyageurs who used the graceful, speedy canoes, it was necessary for the Tomison's men to cut and lay down logs to portage their unwieldy craft. It worked just fine for them. But when the Canadians came to carry their packs and canoes over the familiar portage they stumbled and fell and cursed, especially toward dusk when the path lay in the shadow of the trees. All this to the delight of the Hudson's Bay men.

In spite of being a good "Company man" William was nevertheless a strict, dour, religious fellow, and sometimes these characteristics were in opposition. There were many instances of lost trade because he could not bring himself to issue rum to the Indians as freely as the Nor'westers did.

Nevertheless, in the keen, often bitter, competition for the beaver skins which led the traders further and further along the Saskatchewan river, Tomison was in the forefront in the establishment of new trading posts. He built Hudson House on a strategic site beside the wide stretch of river between the present cities of Prince Albert and Battleford. Later, and of particular interest to present day residents of the Vermilion district, Tomison established Buckingham House, a few miles downstream from the present Elk Point. But even in the rich fur bearing territories of Hudson and Buckingham Houses the supply of skins was soon depleted, and the traders must needs move west. In due course the Nor'westers erected a post, Fort Augustus, in 1794, at the confluence of the Sturgeon and Saskatchewan rivers. Hearing of this, and that the district was rich in beaver and otter "so numerous that the women and children kill them with sticks and hatchets", Tomison founded a trading post within a stone's throw of his rivals and called it Edmonton House in honor of the deputy governor of the Hudson's Bay Company, Sir James Winter Lake, who lived at Edmonton in Middlesex.

This was the beginning of Edmonton which after three moves, was situated at its present site. The trading post became Fort Edmonton then a town, a city, and finally the capital of the province when Alberta was formed in 1905.

Mrs. McCormick wishes that she had known of her great grand uncle's accomplishments when she herself was pioneering in Western Canada. In 1922 she came as a soldier's wife to homestead with Cliff about 11 miles north of Vermilion. Western Canada had changed considerably since William Tomison's day but there was still plenty of need for the hardy spirited, and it would have helped to know that one of the first of the pioneer's was one's grand uncle.

Even as late as 1922 it was a time of making use of the materials at hand, of "make-do" with the limited resources available, and the human resource of ingenuity had to be drawn upon frequently. Mrs. McCormick recalls one trip home from town during which the harness broke. There she was, many miles from home, very little hope of passing traffic, and settlement so sparse that there was no one within miles of her. What to do? Not even a short piece of string or rope to be had! It is said that necessity is the mother of invention, and so a handkerchief was brought into service. Not to wipe away futile tears, but to be torn into strips which could be knotted together to form a sort of rope. This makeshift arrangement held the harness together until the homestead was reached, and Cliff said of her pioneering spirit "you'll do."

Sitting in her comfortable and attractively furnished home complete with all the necessities and a great many luxuries, Mrs. McCormick remarked that in comparison with the hardships of the early days there really weren't any grounds for complaint now, but it was a real thrill to have had such close connection with the beginnings of Western Canada.

Since the end of World War II the Canadian steel industry has expanded more rapidly than steel industry of any other major nation.

Dewberry Home and School Hear Civil Defence Talk

The Dewberry Home and School met on Jan. 16th with a goodly attendance . . . of women! Ladies having no escort paid a penalty of five cents. We wonder did the men stay away to swell the coffers or could it be they all went to the hockey game?

Minutes of previous meeting were read and adopted. The financial report was presented and proudly adopted as it showed a favorable balance of $288.25. A report was given of the Cheer Fund amounting to $33.94 which was contributed at the December meeting to help make Christmas more pleasant for those who might need it.

Members were notified that at the Marwayne Home and School at 8:15 on Feb. 13th an address would be given by Mrs. Hunter, vice-president, of the Alberta Federation of Home and School. Visitors are invited.

The question of the Hobbema Indians being put off their reserve was then brought up. Mrs. Mackay moved, Mrs. H. Craig seconded, that a petition be circulated among the members protesting against such harsh treatment.

Mr Ashley Cooper, Editor of the Vermilion Standard, then gave an enlightening talk on Civil Defence and showed the film of the mock air raid in Calgary staged last year. All found both talk and film very interesting. Meeting then adjourned.

Lunch was served by a few hen-pecked husbands whose wives ruled — "No hockey on Home and School night!"

OUR LETTER FROM EDMONTON

New Drivers Licensing Plan To Be Effective This Year

EDMONTON -- The Alberta highways department this year will embark on an entirely new approach to the licensing of drivers and the problem of keeping a check on their performance.

Starting with the new fiscal year April 1st. motorists will pay $5 for their driving licenses and the licenses will be good for five years. Tied in with this, the department has started an individual file for every licensed driver to maintain a continuing tab on accidents, charges and convictions.

It will be several years before the results of the new program can be fully assessed, but it apears to have general support and, from details released so far, looks like a better and more efficient way to handle licensing.

Details of the program were announced last week by Highways Minister Gordon Taylor, at a conference attended by representatives of organizations interested in motor vehicle administration and traffic safety.

According to the plan, the new driving license will be effective from the driver's birthday. Anyone with a birthday before Mar. 31st — the end of the fiscal year, will have to buy a new license when they go on sale in March and April.

Those with birthdays between March 31 and Dec. 31 will be able to wait to buy their licenses. For example, anyone with a birthday in August will buy his new license in August. The old license will remain in force until the driver's birthday arrives.

This way, there will be no annual rush for licenses during March and April. Instead, they will be sold a few at a time every month as motorists become a year older. Then, presumably, there will be few sold until 1962 except to persons who reach the legal driving age of 16 years between now and then.

In addition, there will be four classifications of drivers under the new scheme. Class A will be entitled to drive any vehicle on the road, including buses, school buses and taxis. Tests will be stiffer and medical certificates will be required.

Holders of Class B licenses will be permitted to drive anything but buses, school buses and taxis. Class C has been left open for future reclassification, while Class D drivers will be permitted to operate private cars and public service and commercial vehicles with a gross weight of less than 8000 pounds.

One big advantage of the five-year-system is that it will permit the introduction of regular testing for all drivers. Highways department officials are convinced the trend is definitely toward a universal testing program, and a test every five years is considered about right.

The individual file system will help with the testing program, too. Its main function will be to provide statistics and keep a constant check on the performance of drivers. To facilitate the work, electronic sorting machinery and punch card equipment have been installed in the highways building.

Using perforated cards carrying information on drivers, the machines can analyze the data and come up with statistics in minutes, while it would take clerks, hours to do the job manually.

With the new system, the department hopes to single out the drivers who are causing the majority of accidents. Their licenses won't necessarily be suspended, but there will be an attempt to find the faults and correct them. If, for example, the machines find a certain age group involved in a large number of accidents, all drivers in that age group might be called in for driving tests.

Mr. Taylor announced all the details at his conference, and then listened to suggestions from delegates. It made a good impression on those present, and convinced them the minister wanted an expression of public opinion before introducing any major changes. Wonder why some other cabinet ministers don't take a lesson in public relations from Mr. Taylor?

The highways minister also had good news for those Alberta towns which are being by-passed and threatened with obscurity as new four-lane highways are built.

New road signs will be erected to point out access roads leading to towns off the highway. Besides giving the name of the town and the distance, the signs will inform tourists that there is accommodation for them.

As Mr Taylor pointed out, towns which were once on the main highway have built up facilities for tourists over the years, and a serious economic problem arises when the new roads don't carry travellers through the towns.

Another new type of sign, to be erected mainly at junctions, will tell the tourist about special attractions. For example, a highway leading from a main artery to a lake resort would have a sign bearing the name of the resort and the words "Resort Centre" along with the distance. If the road leads to an area noted for hunting and fishing, the sign will say so.

This idea went over well at Mr Taylor's conference, and it should make travel in the province more pleasant for tourists.

INDUSTRIAL TAXES

Premier Manning last week confirmed our forecast that the legislation likely will be introduced during the forthcoming session to impose a provincial industrial tax. He said it will be aimed mainly at heavy industry, and the revenue will be distributed among municipalities -- especially those which have problems caused by the development of industry.

W. I. Farewell Departing Member

MANNVILLE. — Members of Happy Centre W.I. met together recently to bid farewell to one of its most faithful members, Mrs. R. McLaughlin who is leaving the district to make her home in Edmonton.

Mrs. McLaughlin will be sorely missed by this group as she has always been one of the most willing workers and is also a past president. Although the reason for the get-together, which was held at the home of Mrs. R. H. Scott, was a sad one, a happy afternoon was spent in games and contests, culminating in a delicious lunch.

Mrs. A. Hubbard, vice-president presented Mrs McLaughlin with a W.I. spoon, and all best wishes for success and happiness in her new home.

WILDMERE WINKS

We were sorry to hear that Mrs. A. Carlson, Mrs. B. Risdale of Vermilion, and Mrs. Bert Gould of Islay have been on the sick list. A speedy recovery is wished you fine folks.

Well done Vermilion High school curlers — while you did not come out on top you did very well. Your town and district is proud of you.

At the Gay 90s banquet last Wednesday evening 126 sat down to a turkey supper to which everyone did full justice. Only one thing was wrong and that was the places were set too close together for comfort in eating. 147 tickets had been sold but as it was a cold night some could not come. After the tables were cleared dancing was enjoyed until midnight with Young & Fortier furnishing the music. Mr. T. Thompson was M.C. We were pleased to see Mr. and Mrs. Harry Young at the dance. Mr. and Mrs. W. Funnell favored the crowd with a couple of songs which everyone greatly enjoyed. A young man helped out on a violin for some of the square dances.

The bonspiel held last week at the Wildmere rink was enjoyed by young and old, curlers and non-curlers alike. In the Grand Challenge the rink skipped by Bob Martin with Gilbert Harrison third, Wally Westman 2nd, J. Veitch lead won first prize. Second went to Skip Kaare Seite, Buster Newman, Chas. Goal and Ralph Thomson. The second competition was won by Skip Cliff Cruthers, Howard Coburn, Lloyd Howard, R. Cosh; second went to Skip Billie McGrath, Forest Seale, Rolf Martinsen and Bill Garnett. Curling was thus started off in grand style and regular draws have now commenced.

Kaare Seite, Art Lysons, Cliff Cruthers and George Harrison comprised the rink that played in the Macdonald Brier play-offs.

Gary Cruthers of Wainwright spent a few hours at his home in Wildmere Sunday evening.

In a recent letter to the Wallingtons, Tom Best wished to be remembered to all his friends here. He is enjoying his holiday except that they are having a cold, snowy winter in Ontario.

Helen Newman of Battleview district spent the week end with Maureen Cruthers of Wildmere.

The Wildmere Beavers Girls' club had a very successful dance on Friday night at Basswood. A big crowd attended. Charlie Sweeney was M.C. and Eyben & Cleland furnished the music. The girls also sold home-made candy. We were sorry their supervisor Mrs. R Dibben was sick and unable to attend. Mrs. F Gibson took her place.

On Saturday Cliff Cruthers helped his son George and family move to their new home south of Minburn. We all wish you every success George and Lily.

Frank Gibson of Basswood is the proud owner of a new GMC truck complete with box. It looks nice Frank.

L. Graham is visiting at the home of the writer this week. The man for whom he worked at Kindersley, Sask., sold his farm and livestock and is retiring.

We had nice chats on Saturday with Mrs. Woodruff, Mrs. Edward, Mrs. Sherwood, Mrs. W. McGinnis, Mrs. Les Mayers, Mrs. McMillan, Mrs. Lee and Mrs. Moore. The afternoon really slips by when one meets so many old friends.

Funniest thing seen: The manager of Hillside Service eating buns and drinking tomato juice at the Gay 90s banquet.

Funeral Services Are Held For Neil Albert Taylor

The funeral service of the late Mr. Neil Albert Taylor, of 12906 96th Street beloved husband of Mrs. Margie Taylor, who passed away on Tuesday, January 8, 1957 in his 29th year, was held in The Chapel of Chimes, on Thursday, January 10 at 2:00 p.m.

Rev. Dr. T. W. Young officiated, and the interment took place in the Mount Pleasant Cemetery. Pallbearers were Messrs. Earl Olson, Orval Jones, Patrick McNamara, William Morgan, Garnet Ferguson and Morley McCalder.

He is survived by his loving wife, Margie and his parents, Mr. and Mrs. Bert Taylor, one sister Mrs. Norma Donnelly, and one borther, Lorne, all of Edmonton. Also his maternal grandparents Mr and Mrs. Patrick McNamara.

Many beautiful floral tributes were received from his olving wife, Margie, Mom, Daddy and Lorne; loving sister Norma; Gary, Cameron and Patti; Grandma and Grandad McNamara; Aunt Clarise, Uncle Charlie, Pat, Una and Shirley, Andy; Clara and Gerald; Aunt Nell; Unce John; Jerry and John; Alec; Dad, Tressa and boys, Marguerite and Earl, Grandpa Alice and Arne, Millie and Dutch, Norma and Gladys, Tom and Irene, Ole and Ethel, Dorsey, Trudy, Linda and Rodney, Mr. and Mrs. Harry Wilson and family, Anne and Charlie Burns, Dan and Bert, Ken and Scotty, Ruth and Bill Morgan, Leola and Fred, George and Doris and families, The Pilkie Families, Jack and Edith Wiltse, Herb and Robbie Bricker, Russell and Lily, Betty and Tom, Walter and Tra and family, Morley MacCalder, Boyd and Gwen Vigus, Mr and Mrs. McGinnis, Thelma and Wes. and family, John Kile, Hazel Read and family; Mr. and Mrs. C. No. 796; Val and Virgie, Ivan and Alice and family, Lulu and Jim, Ellie and Charlie, Dave, Annie and family, Mrs. Hannah Olson, Johnnie Alexander and Ruth, John and Tena Wiebe and family, Jim and Norah Sutherland, Mildred Darol and family.

Flowers received at the residence: Claude and Marge, Norma and Garnie, Arthur, Laura and [illegible], Bob, Elvie and family, Ria, Larry, Lorraine, Lena, Mrs. Benson, Kay, Frank, Helen, Mary Ann, and Mrs Johnson, Ted, Agnes, and girls, Bill and Iris, Bob and Margaret, June and Bill; Edith Robertson, Dan and Emy and Howard, Officers and Members of G I A, the Dawson family, Jack, Janet and boys, Mr. and Mrs Felix Duval, Nora, Amos and family, Civil Service Association, Branch No. 2.

Memorial tributes were received from George and Eva, Earl, Tressa and family and Mr and Mrs J Dowson.

Many beautiful cards, letters, and expressions of sympathy were received.

The Chapel of Chimes, Roy and Owen, Funeral Directors.

CARD OF THANKS

We would like to express our deep appreciation to our many Vermilion friends for their kind letters, cards of sympathy and floral tributes in the loss of our loved one.

Your Future is Here ... In Alberta

WHEN THE PAYCHECKS STOP coming in regularly, there is concern in the household. Old Man Winter has in the past brought about conditions that have resulted in scarcity of pay checks for many. He's being thwarted more often these winter days as result of co-operative efforts between private concerns, the federal employment authorities and the provincial government through its Department of Industries and Labour. The joint efforts of these groups, who started a "Do It Now" campaign, has resulted in a much higher level of continued winter employment.

AND SPEAKING OF PAYCHECK LACK, it often happens that adversity hits a family that brings about income and other lacks. It may be lack of money, or lack of responsibility, lack of mutual affection, any one of many possible lacks. The result is sometimes broken home, and cause of a bitter memory imbedded in a child's mind, that will stay there for life. It's always the children who suffer most.

WHEN THINGS BECOME DIFFICULT the Department of Public Welfare can always help the Municipality to step in and care for the material needs of the kiddies. It can't replace the love and affection that exists between members of every family. So the efforts of this branch of the department, with the co-operation of municipal authorities, are today directed to maintenance of family units wherever possible. This is achieved by soliciting the sympathetic help of neighbors and community at large to help the stricken family help itself back up to a level of social and economic solidarity. There is, where necessary, financial help available by means of grants to the local authorities through the department. But more often than not its the help of neighborly interest that is needed. Know anyone you can help to maintain his family as a family?

We'll be seeing you again next week, watch for us.

THE LUNCH BOX MEAL

So your family is a lunch box family! Whether it's Dad's hearty appetite you'll satisfy or the children's hunger pangs you'll appease. REMEMBER, the lunch each member of your family carries to work or to school is one of the three main meals for the day!

It is a meal in a lunch box—plan it accordingly! The packed lunch takes an added significance if it is to play its role as a meal rather than just a midday snack. Efficiency and endurance at work, progress and well being at school are affected by the foods your family eat each day. Many teachers are concerned because they find that some of the children who take a packed lunch are often listless and tired during the afternoon session, probably due to insufficient food value in the lunch. These children do not get the most out of their schooling and their general progress and well being is affected. Each lunch should contain one food from each of the following groups.

1. MILK—to drink or eat. Cold milk, hot milk drinks, cream soups, these all carry well in a Thermos bottle. Milk puddings and custards carry well in jars with tightly fitting lids.

2. FRUIT OR VEGETABLE OR BOTH. Celery, carrot sticks, turnip sticks are crisp and good. Whole tomatoes, wedge of lettuce, radishes, and fresh fruits are easy to pack and carry. Fruit or vegetable salads, tomato or fruit juices can be used for variety. Stewed fruit, fruit pie or tarts are popular favorites. Apples, oranges, pears, bananas—at least one of these should be included every day.

3. MEAT, Fish, Poultry, Peas, Beans, Nuts, Eggs, Cheese. Suggested fillings for sandwiches: sliced cold meat with mustard or relish, ground meat seasoned with celery, onion, or chili sauce. Baked fish, canned fish moistened with lemon juice or vinegar, diced chicken with celery and mayonnaise, chopped egg with onion and salad dressing; or creamed cheese. Sandwiches can be made more interesting by a variety in breads.

4. BREADS. Enriched white; whole wheat, cracked wheat, brown, buttermilk; light and dark rye, raisin or fruit loaf, cheese loaf, and French loaf. For variety substitute fresh, crusty rolls or wholesome muffins.

OTHER SUGGESTIONS

Stews, soups and baked beans with crisp bacon packed in jars to be heated wherever there are facilities for heating. baked spareribs or cold chicken; hard cooked or devilled eggs; meat turnovers and meat patties.

These can be made from ground beef or sausage meat seasoned with onion, tomatoes and sage. These suggestions can be given on alternate days with sandwiches.

AVOID MONOTONY

It is important not to give the same food on the same day each week. Nothing is more monotonous than to know that you are going to have cheese sandwiches every Thursday and cold meat every Monday. Vary the shapes of sandwiches from triangles to squares or bars. Choose gaily colored paper napkins and containers for the children and a good sized white napkin for Dad.

Especially for the children, a daily surprise packet will be an appetite tempter. Try neatly wrapped packages of washed raisins and nuts, a gaily decorated gingerbread man, several juicy dates stuffed with nuts or a favorite fruit. Even Dad will welcome a surprise — his favorite cheese or a timely cartoon clipped from the daily paper. One enjoys one's food all the more when one is in a good humor!

PACKING IS IMPORTANT

The ideal lunch box is made of metal, with a convenient carrying handle, well ventilated and easily cleaned. It should be washed and aired daily. Some simple identification mark will help to avoid loss and misplacement. Wrap like sandwiches together to prevent mingling of flavors or pack them in plastic bags. Wrap sandwiches, fruits, and vegetables separately in waxed paper to ensure freshness. A damp cloth over the waxed paper will help to keep them overnight.

Beverages, puddings, canned fruit or salads should be packed in jars with tight fitting lids. Put heavier foods on the bottom to prevent crushing. Don't forget the napkin, spoon, fork and salt and pepper if needed.

YOUR "PREP" CENTRE

You'll always be organized and on time if one corner of your kitchen becomes the "prep" centre for lunch boxes. Choose a shelf near the bread box. Stock it with paper napkins, waxed paper, elastic bands, small jars with tight fitting lids, extra spoons, sharp knives and a bread board. Keep seasonings, salad dressings, mustard and vinegar handy. Jars of prepared sandwich fillings that will keep well in the refrigerator will be welcomed when time is precious.

Leaflets on lunch box meal hints and suggestions are always obtainable at the Health Unit office at Vermilion or at the sub-offices at Wainwright, Kitscoty and Innisfree.

BOWTELL BULLETIN

Congratulations to Rev. and Mrs. Minchin on the birth of a baby boy in an Edmonton hospital on Friday, Feb. 1.

Mr. and Mrs. Robinson of Borradaile had the misfortune to have their nice new house burn to the ground Thursday evening. Nothing was saved. Johnny Nelson was the first one to notice it and give the alarm. By the time help arrived it was too late to get near the burning building. Mr. and Mrs. Robinson were in Vermilion at the time.

We wish to extend our own and the district's deepest sympathy to the Koroluk family in their recent sorrow. Mr. Koroluk was one time section foreman at Borradaile.

Mr and Mrs. Walker celebrated their 38th wedding anniversary Jan. 29th.

Mr. and Mrs. Knutson were visitors at the writer's on Monday afternoon.

Mr. and Mrs. Leslie Sherwood were guests for supper Sunday at the Robinson home.

It was nice to see Fred Gould and Jim Thompson at church on Sunday, making an attendance of fifteen. Mrs. N. Ronaghan is kindly playing the organ for us. Don't forget church this Sunday folks.

Mr. and Mrs. E. Lippert and family, Mr. and Mrs. J. Repp and Francie enjoyed a social evening Thursday at the home of Mr. and Mrs. F. Robinson.

A carload of ladies enjoyed a day hobo-ing on Wednesday. A nice time and lunch was enjoyed at Mrs. B. Gould's. Sorry we weren't home when you called girls.

Miss S. Johnson is visiting her parents at time of writing.

Congratulations and all good wishes go to the newlyweds Mr. and Mrs. A. Gannon.

Agricultural Short Courses Planned at VSA and Mannville

The Vermilion Agricultural Society in co-operation with the Provincial Department of Agriculture is holding short courses for farm men and women on Tuesday, Wednesday and Thursday, Feb. 26, 27 and 28 at the Vermilion School of Agriculture, and at the Legion hall, Mannville on Feb. 27, 28 and March 1. A cordial invitation is extended to all interested to attend.

An endeavor has been made to have subjects of real value dealt with by well qualified speakers and it is believed that the time involved would be well spent by those who can afford the time to attend. There is no charge of any kind.

The program for the three days will be published in full in the issue of the Standard next week. Those interested may attend one or more sessions as they desire.

Mr. Bentley, Principal of the School of Agriculture, has kindly consented to provide for coffee breaks at appropriate times and this feature of the three days should add to the enjoyment at Vermilion.

Identical courses will be held at Mannville starting on Wednesday and running through Friday, March 1st. The Agricultural Society is co-operating with the Mannville organization for the benefit of farmers and farm women of that district.

Nomination Day Set For Monday, February 18

The offices of mayor and two councillors of the town of Vermilion have expired and nominations to fill those positions will be received at the town office on Monday, Feb. 18th, "Nomination Day" between the hours of 11 a.m. and 12 o'clock noon.

Mayor Hill is completing two years in the chair and while his nomination papers have been filled out he has not yet committed himself by signing them. The two councillors who have completed terms are D. R. Mitchell and E. Herzog. Both have announced that they are not standing for re-election.

The field is therefore wide open until Monday noon, and while there has been little excitement in municipal circles, usually some surprises crop forth on nomination day.

School Board Needs Three Trustees

The local board of Vermilion School District No. 1448 are in need of three trustees. The terms of chairman Don Taylor, trustee Claude N. Brennan expire while a vacancy already exists on the board due to the moving away from town of O. Gunderson.

The annual meeting of the school board will be held on Wednesday next week, Feb. 20th at the Junior High School at 8 p.m. Everyone is invited to attend. The trustees to fill the three vacancies will be nominated and elected at this meeting. Reports will be given by the four school principals and various school officials.

Everyone interested in education is invited to attend this meeting.

Midgets Take A Trimming In The Prov. Playdowns

Making their re-entry into the Provincial Midget play-offs after several years, the local Kinsmen Midgets received a resounding set-back at the hands of the experienced Vegreville Midgets on Wednesday night 12 goals to 2. It wasn't that the locals weren't good, but was due to the fact that the Veg crew iced an exceptional team. They should capture the Midget title without too much trouble judging by their performance here Wednesday. The visitors gave as nice a display of hockey as seen on local ice for a long time.

The two Vermilion goals were scored by Ron Hemmingway from Kindrachuk and Marfleet; Mans. For Vegreville Kassian, Swyripa, Cairns, Diachuk, Miller, Shavchuk, Chomyc and Cucheron did the scoring.

Russ Carroll and Lee Coyne refereed.

The second game of the two-game total series will be played at Vegreville Friday night.

Obtain High Marks In Music Exams

Young people in Vermilion writing the recent examinations in Theory of Music received some very high marks. Merilyn Smith, daughter of Mr. and Mrs. Jas. A. Smith, passed her Theory 1 with First Class Honors. She is a pupil of Mrs. K. A. Minchin. Donald Galloway, son of Mr and Mrs. Robert Galloway, wrote Theory 2, passing with First Class Honors. Donald spent only four months on the work which usually takes ten months to complete, as he wrote his Gr. 1 Theory in June, passing with the high mark of 87. Mrs. Sybil Roebuck is his music teacher.

James McGaughey, a young man who has already earned a reputation as a pianist, was successful in obtaining First Class Honors in grade 4 Counterpoint and Honors in grade 4 Harmony. Jim is a pupil of Wm. B. Elford.

The examinations were conducted by the Royal Conservatory of Music of Toronto.

Bobcats Win First Game In Provincial Juvenile Playdowns

Playing in the provincial Juvenile play-downs, the Vermilion Bobcats won their first game at Mundare on Sunday afternoon last, coming home with a two-goal lead. The series is a two-game total goal affair.

The second game will be played between the two teams here on Saturday evening, Feb. 16th, commencing at 8.15 sharp, and a crowded arena should greet these young contenders for provincial honors. The Bobcats are playing smart, heads-up hockey, and a great game is in prospect.

Bobcats 3, Mundare 1

Scoring for the Bobcats at Mundare were Jim Shepanski with two and Mistal with one. Assists went to Ford, Taylor and Coyne.

The Bobcats played through the whole game without a penalty and there was only one meted out. This was to the Mundare goalie.

Don't forget the game Saturday, Feb. 16th at 8.15 p.m.

St. Saviour's Now Debt Free; Complete Building Program

The annual meeting of the parishioners of St. Saviour's Anglican church, with a goodly representation from the rural parishes was held on Monday evening in the Parish hall. The meeting was preceded by a pot luck supper which unfolded itself into a sumptuous banquet.

The gathering was a very happy affair, made more so by the announcement during the meeting that St. Saviour's was now entirely debt free, the last of the loans resulting from the ten-year building program had been paid off. This is indeed a remarkable achievement when it is recalled that during the past ten years the Parish has built a new rectory, a new Parish hall, completely renovated the church, as well as later adding a vestry, and this summer building a garage.

The financial statement as given by secretary Lorne Pockett revealed that receipts in the general fund totalled $7173.00 during 1956 with a balance remaining in the bank on Dec. 31, 1956, of $360.00. Disbursements during the same period amounted to $6941.00.

In a second fund earmarked "building fund" receipts were $1680 with net balance of $272. A third account set aside for repairs and maintenance of the rectory has $237.00 as a credit balance.

It was felt that the parish had a right to feel proud of their standing at the present time, but there was no thought of resting on laurels in either spiritual or physical fields of endeavor.

Mr. Don Keen told of Sunday School progress in the absence of Mrs. D. R. Mitchell. Ninety-one pupils were enrolled with an average attendance of 61.

Many and varied were the activities of other organizations of the church. Miss Eleanor Evans told of the Dramatic Club; Mrs. Gladys Fooks of the Altar Guild; Mr. Tom Watts for the choir. Mr. Jack Kneale reported for the Men's club; Mrs. Ian Davis for the Badminton club; Mrs. W. Boulton revealed that there were 76 enrolled in the Little Helpers.

ELECTION OF OFFICERS

Sixteen were nominated for the twelve positions on the vestry. Voting revealed the following elected: J. R. Robson, K. King, J. W. G. Morrison, Don Keen, J. V. Kneale, K. Chalmers, Gib Stephen, C. N. Brennan, Ashley Cooper, Wm. Fooks, Mitchell Taylor, Jas. Thompson.

Rector's Warden is E. H. Buckingham and People's Warden is L. N. Pockett.

E. H. Buckingham, K. Chalmers and J. R. Robson were elected delegates to Synod, with alternates being D. Keen, K. King and J. V. Kneale.

In charge of the "Every Member Visitation" are Jim Robson and Keith Chalmers.

High School Percentage Attendance

Statistics compiled by the Canadian Teachers Association show that the percentage of population attending school between the ages of 15 and 19 has moved up from just under 25% in 1921 to well over 60% today

During the same period the percentage has more than doubled for 19-year-olds and has almost quadrupled for 20-year olds.

One of the most serious 'leaks' in our educational system, points out The Financial Post, has been the large dropout of students before completing the high school course A great many simply stayed until they reached the minimum school leaving age Now nearly twice as many are completing high school and entering university as there were 30 years ago That surely is solid progress

Local Boy Enjoying Year of College in Switzerland

Ernie Braithwaite, 19-year-old son of Mr and Mrs Joe Braithwaite of Dewberry Alberta and a last year Commerce student of the University of Alberta Edmonton, is enjoying a winter of university and hockey in Switzerland Ernie had the pleasure of being accompanied by one of his University classmates, Edward Ratway of Spruce Grove, Alberta who is also attending university and playing hockey

Ernie and Ed, two valued members of the 1955-56 University of Alberta Golden bears hockey team, left last October for Geneva, Switzerland, where they are acting as playing coaches. They are also attending the University as well as aid in the coaching in minor hockey teams These boys have been sponsored by the University of Geneva who are interested in raising the general culture of hockey in Switzerland.

The boys will compete in a league comprised of other Swiss teams, most of which are controlled by Canadians. Their credits obtained in University there will not be recognized in Canadian Universities.

The Swiss teams generally play a number of Exhibition games in Italy and France as well as league games. As Canadians, Ernie and Ed are eligible as members of an All Star team against several national teams which tour Europe such as Russia, Czechoslovakia and Germany. They usually do a fair amount of travelling and as a result see quite a bit of Europe.

Switzerland itself is one of the most beautiful of all European countries. It is a tourist resort country and wealthy people from many countries, spend their holidays there. There are many natural rinks and a great deal of skating takes place in the mountains. The native language is a combination of French and German. Most of the rinks in Switzerland are outdoor as the mild weather is quite mild and averages about 20 degrees above throughout the winter. Ice skating is also very popular in Switzerland as at the other European countries, and the world top skaters in figure skating and things considered it is a wonderful experience for the two of them and one they will doubtless always remember.

The boys head of the wonderful time they are having and all the excellent food. Their personality has endeared them to all those who have come in contact with them.

The boys are even fortunate to have their spending money given to them. They were also presented with fountain pen sets and brief cases.

To sum it all up the boys say it is an experience you could never learn from books This is an international progress valuable to students from all parts of the world, one girl being from South Africa.

ASK REBUILDING OF HIGHWAY 41

Whereas Highway No. 41 from Walsworight to the junction of Highway No. 28 is in such condition as to permit snow blocking and water to lay across the highway in various places; And whereas the road bed generally, has deteriorated to such an extent, that maintenance of same has little effect; Therefore be it resolved that the Council of the Town of Vermilion request the Hon. Gordon Taylor, Minister of Highways, to rebuild Highway No. 41, from Walsworight, to the junction of Highway No. 28."

Instructions to the Secretary: Write Haddin, Davis & Brown as to progress being made with respect to tenders for housing (memory plan).

Meeting adjourned.

Cape Breton may be the oldest name in North America's history. Basque fishermen are thought to have named the island after their own Cape Breton, on the Bay of Biscay near the border of France and Spain.

"HELLO, HOMEMAKERS"

Spring Wardrobe — Are you planning to sew your new Easter frock? If so, you will be on the look out for materials and patterns right now.

The dress and jacket or coat ensemble are very much in the fashion picture at the Easter Parade. Make the dress in print, the coat in a matching or contrasting tweed with the print, its ideal for that you have the two costumes earlier in the summer and fewer gown ones to ripen in the house.

TIP FOR THE WEEK

For your own safety's sake, no matter what you are carrying, whether a big or little load, always be sure when once you've picked it up, that you can see over it Many a serious accident has been caused because the person carrying the load could not see around it. If you can't see it, you might step into a hole, miss a step or run into somet thing.

Nylon Stockings -- Did you know that nylons are now being made by a new type of construction called "twin thread" or "double thread". If one breaks, the other thread still holds and prevents a run. These stockings are not new however: in fact they are cheaper and have a softer, duller finish.

Tomato Planting—For earlier ripening tomatoes plant your seed before March 1st. Then when its time to transplant your plants will have a head start. You'll find that you have the plants earlier in the summer and fewer gown ones to ripen in the house.

PARADISE VALLEY NEWS

On Tuesday Feb. 5th 17 members and one visitor attended the PVWMA meeting held at Mrs Gunn's Mrs. Frank Brassing ton and Mrs. Fred Sirett led the devotional period The group voted to send a donation again this year to the United Church Leadership school at Naramata, B.C. The program for the World Day of Prayer, which is for March 8th, was as discussed. Further particulars will be printed on this at a later date when something definite is decided There will be a tea a baking sale and an apron sale at the United church at 2 p.m. on Thursday, March 14th. It was decided that each member would sew two baby gowns to help replenish the supply of same at the Lloydminster hospital. The next meeting will be held at the home of Mrs P. Robertson on Tuesday, March 5th at 2 p.m. Mrs. Dave Clark will be the co-hostes. Mrs. Gunn and Mrs Parke Dobson served a tasty lunch at the close of the meeting.

The mixed bonspiel ended on Thursday night with Garnley's rink taking first with Baxter's rink taking runner-up. In the second event Johnson s rink nosed out Herbert's. In the 3rd event Rayson won over Brassing ton in the final The Hall club catered to the spiel.

We wish to extend our sympathy to the family of the late Mrs Dow who passed away recently in an Edmonton hospital Mrs. Dow was an old timer of the Dewberry district where she farmed for several years before moving to Vermilion Mr. Dow died several years ago.

We understand that the Red and White store operated by Mr and Mrs R. Stewart has changed hands. Mr and Mrs Floyd Henry have taken over the business We regret to say that Roy has not been enjoying very good health and will go to Lamont for a check up and treatment We wish Mr. and Mrs. Stewart leave our hamlet and hope the change will be beneficial to Mr Stew art

The weather? The best! The coldest! What more can we say?

WILDMERE WINKS

Remember folks, this is White and Blue week. Take care of yourself so that you will not be one of the hundreds who will suffer blindness this year

We are sorry so many of our friends have been and are yet on the sick list Mrs. Alexander and Mrs. G. Sykes are in the Battleview wave in hospital but are now home and feeling much better; Mrs. Stone, Mrs. Fraser and Mrs. F. Eyben all of the Buffalo Coulee district are hospital patients and Aubrey Reid of Wildmere is also in the hospital All these fine people we wish a speedy recovery to health and home.

Everyone was very sorry to hear that Mrs. Ed Ostle suffered by Mr and Mrs. A. Robinson of Ostle house at Borradaile.

Please take note folks! The Wildmere-Tolland Mutual Telephone Co. will hold their annual meeting at the Preston Central school on Friday, Feb 22 at 2 p.m. Plan to attend and support your telephone company

Lawrence Graham left on Sunday evening by bus for Edmonton where a job was awaiting him with Canada Catering Co. He did not know when he left just where he will be working

Curling has been going along great at the local rink It is kept busy four nights a week and Saturday a social game on Sunday.

Love is an item we omitted last week Wildmere W.A. held a meeting on Jan. 31st at Preston Central with a fine turnout. Mrs. Cruthers had the devotional which was just a bit different when she recited "Railroad to Heaven" which was fine and Mrs Hoise sang a duet entitled "Lifting Up the Pilgrims Are You Going?" Next meeting Mrs. Smith has the devotional Mrs. MacKay and Mrs. West are being invited to attend the Mannville meeting and everyone hopes they will be able to be there.

We had a nice chat Saturday with Mrs Wilson who just got back from a visit to Ontario where she said the snowplows were busy every day. Glen Graham and family visited their son George and family of Mannville on Sunday George and Lily are everyone

New Troops Are Organized

Progressive Meeting of Scout Council of Battle River District

A well attended meeting of the Battle River District Council, the Boy Scouts Association, was held in the Derwood Public school, Walsworight, on Thursday evening Jan. 1 when Mr H. B. Holloway, Provincial executive commissioner, the Boy Scouts Association, was present to give helpful information.

Representatives from Walsworight, Camp Walsworight, Edgerton and Vermilion were present and the newly-formed Beaver group of Chauvin sent nine representatives. Buffalo Coulee also had two representatives in attendance.

The President Dr. Don Hauch conveyed an apology from Dr. White, the vice-president, who could not attend on account of an eye injury.

Welcome was extended to Chauvin who have so recently become active again and also to the Buffalo Coulee representatives who were attending for the first time.

One of the most important parts of the agenda was the discussion on the acquisition of a miscellaneous property to the plot of land at Arm Lake for a permanent Scout camp site and at time as a definite lease can be negotiated with the Provincial land will provide a pleasing camp site and be of great benefit to the Scout troops in the district.

Mr. Gordon Ross, District Commissioner from Vermilion reported that Mannville now had a Cub pack under the leadership of Mr. H. C. Alden and the Canadian Legion were sponsoring this pack. A group committee had been formed at Islay and there was already a waiting list of 18 cubs with Mr. King as the leader. Town Driving Cub packs were in operation at Vermilion but a new Scoutmaster would be needed for the Vermilion Scout troop. Buffalo Coulee had a Scout troop, Mr. Sieverson acting the Scoutmaster and Mr George Spak the assistant. The district commissioner also reported on the extensive additions and facilities to the Vermilion Scout hall which would provide much needed amenities.

The assistant District Commissioner Mr Harold Harvey of Walsworight reported on the organization at Chauvin and said a very strong Scout Group committee was now in operation there with a Scout troop of 8 and a Cub pack of 12. He reported the Town of Walsworight had a very large Cub pack and Camp Walsworight was progressing with a Scout troop of seven or more and a Cub pack of 27

Consideration was given to the sending of a Scout from Edgerton to the World Jamboree this summer which would be held in England. Approval was also asked by Camp Walsworight group for special additions to their gold neckerchief, a buffalo crest and dark green border, in keeping with Camp Walsworight colors Approval was granted.

Mr W. Wilkinson, Camp Walsworight first cleric and WOI McGonigal were appointed instructors to the Camp Walsworight troop for fire instruction and field craft respectively.

A Bronze Arrowhead course for patrol leaders was also being arranged. Mr. Harvey (ADC) being in charge of this.

Dr. Hauch asked the members to consider a design before the next meeting for a district council emblem so that the trends of those concerned should be working over time

Mr Holloway spoke at length on training courses which would or could be held and he gave helpful guidance on many points which needed clarifying.

At the conclusion of the meeting the ladies of Walsworight Group committee provided a satisfying lunch and Rev. Anderson of Chauvin thanked them on behalf of those present.

NEWS from ALLANDALE

No complaints about the weather: so far a winter with very little snow and lots of mild spells.

Sunday afternoon, Jan. 20, Mr. and Mrs. Rufus Omness from New Sarepta were dinner guests at sister Erna and Bill's. Daughters Janice and Irene stopped in town at sister Luriene's, the Jack Hatskin home. Mrs. Nora Ronaghan had been visiting with her brother Rufus and family and they brought her home. On Jan. 10th they all spent the evening with their niece, Della, the Walsh family, in the city.

Jan. 29th Mr and Mrs. Wilbur Hogaboam spent the week at the home of their niece, Mildred and Louis Baldock.

Mrs. Erna Armstrong accompanied her sister Mrs Ronaghan to Elk Point on Feb. 6th to visit sister Gertie Swanson, returning home the next day.

Sisters Mrs. Mabel Lee, Mrs Erna Armstrong and Mrs. Nora Ronaghan phoned long distance recently to sister Mrs. Stella Mayers at Watkins, Minn. She is keeping fine, helping others, plans on returning home the latter part of March.

It was good to see Chatsworth Chatter again. Glad, too, you are with us, Pleasant Valley and hope you are enjoying fine health again. Perhaps some of the correspondents not heard from for some time may join us soon we miss you.

Mrs. Wm. Cross appeared on TV in the city, being interviewed at curling. Mrs. Della Walsh was thrilled at seeing someone from home on their TV.

Mr. and Mrs. Don Wilson had a gathering of relatives and friends on the evening of Feb. 9 in honor of the latter's father's birthday, Orley Omness, which was Feb. 10th. We were very happy to have brother Rufus and Ruth with us: the family [illegible] from New Sarepta that day. Their daughter Lurlene has the same birthday as Uncle Orley. During the evening euchre was played, and music with Mrs. Ruth Omness at the piano. A delicious lunch was served and lastly a beautiful birthday cake, baked and decorated by the hostess, and which held 60 candles and "A Happy Birthday to You."

A very pleasant week was had at the Fleming home in town, helping while Mrs. Fleming was away. Her parents, Mr and Mrs. Hingeman from Esther, Alta., were visiting at the same time and are enjoying their holiday yet with their daughter Marguerite, Milo and family.

Last Sunday afternoon, Bob Maggs, Don Wilson and children called, as we all know Bob is very interested in Arabians. The wee colt is doing fine. Bob had his projector and films, so enjoyed his moving pictures. The Ort Stromes and Bob and Mary Maggs called in the evening and the [illegible] family were supper guests.

Feb. 2nd [illegible] and Mrs. Johnny Nelson, daughter Alva, [illegible] Lee, and Mr and Mrs. [illegible] Hall were callers, taking many flash snaps of the newly born Arabian colt. The Nelsons called the following week and took moving pictures.

On the morning of Feb. 12th Olga and George Starko, children of Mr and Mrs. John Starko, were taken to the Vermilion hospital to have their tonsils removed. Both are under school age.

Mr and Mrs. Louis Baldock and Mr and Mrs. Herb McPhee were visitors at the Starko home on the evening of Feb. 11th.

Four more families, Martins Sr., Mrs. Dorothy Johnson and son Ronnie, Ted Christmas and Mr and Mrs. Christman Sr. have been connected with the Campbell Lake R.E.A. It's marvellous that the work could be carried on in the winter.

Closing Thought: "Giving it means more than bestowing material gifts and money. It means giving cheer, kindness, joy, instilling hope and courage by patience and love, bringing sunshine and sweetness into sad lives."

Tip for Canada: The American Automobile Association, representing United States motorists, has called for higher taxes on heavy commercial trucks to reduce the portion of highway costs borne by motorists.

Christ Church At Mannville Reports Record Receipts

MANNVILLE. — On Jan. 23, Christ Anglican Church, Mannville held its annual congregational meeting at which time all organizations reported a brisk and most successful year with financial returns at an all time high.

In his review of 1956 the vicar, the Rev C. C. MacPherson said that the greatest and most satisfying achievement had been the building of the new church. He felt that the response shown by the people and various church groups in this project reflected the solid approval of all in this venture of faith. He also expressed his warm thanks to all who had supported and worked for the church so loyally and wholeheartedly during the past year.

The annual reports were presented by the following members of the congregation: W. Osborn — Peoples' Warden the financial statement and 1957 budget; A. E. Williams — the chairman of building fund the building report; Mrs. Nellie Whitson — Sunday School Superintendent the Church School report; Mrs. Frankie Kreller — past president of Happy Hour W.A. the H.H.W.A. report; Mrs. [illegible] — President, the Christ Church W.A. report; Mrs. A. Rutherford — Treasurer the Christ Church memorial fund report; Miss Kay Sutton — Sec.-Treas., Vestry report; J.A. and G.A. reports were given by the Leader, Mrs. Jessie MacPherson.

The officers elected for the new year were as follows: Vicar's Warden—Mr. Maurice Mercer, People's Warden — Mr. W. Osborn (re-elected); Vestry — (re-elected) J. Johnstone, R. Lugg, R. Leitch, A. E. Williams, J. McLackie, J. Cuaford, and one new member M. Malin; Lay Delegate to Synod — A. E. Williams and Maurice Mercer.

Projects planned for the new year are: An increase in church membership through the work of every member of the congregation to be carried out by evangelization; plans formulated for the celebration of the 50th anniversary of the parish later this year; an all-out effort to complete the basement at the earliest opportunity.

The meeting concluded with a lunch served by the W.A.s.

NEWS from ISLAY

CONSERVATIVES HOLD ENTHUSIASTIC MEETING

On Wednesday, Feb. 6 a meeting in the interests of the Progressive Conservatives was held in the hall. Mr. Roy Kent of Irwinville and Mr. John Anderson of Dewberry who had been delegated to Ottawa, also Mr. Allan Ronaghan, were speakers. Mr Ronaghan showed a film on Federal Government explaining the set up, which many of us did not know; the other two speakers told of what they saw and learned at Ottawa. It was with regret that Mr. Smallwood of Irma, candidate for this riding, was not present due to sudden illness that afternoon in his family. Much enthusiasm was evident. It was Mr. Ronaghan's opinion that this party should make their theme educational as part of their work. There was a large attendance.

Mr. Alf Turner visited in Islay on Monday.

Several truckloads of cattle have been shipped out of here the past week or so.

W. A. MEETS

The United Church W.A. met last Thursday Feb. 7th at Mrs. Bill Axley's home with a good attendance. Quite a large number of the missionary envelopes came in for the Boyd-Shields project. We had one quilt waiting to be disposed of and it was soon bought by Mr. Bill King's sister who is visiting here from Victoria. We have one on hand at present to quilt, given us by Mrs. Martin Sr. The travelling apron is to be used again for Missionary work — sew on a patch, having put in 1c per inch of waist measurement, and the apron will be auctioned after the money has been removed. Mrs. Lila Waterfield is giving the apron. Last year Mrs. Vi Schaffer proposed the apron project. It has turned out very successfully. Mrs. Sweet and Miss Bessie Anderson attended the W.M.S. Presbyterial at Vegreville and will report on it the next meeting at Mrs. King's. Mrs. Irene Martin took charge of the Devotional period, an article from "The Observer" was read of a lady in Yugoslavia who had a dream of receiving a letter from Rossland marked "Church Mission Work". She had never heard of Rossland but searched maps, finally obtaining from a friend in England a small book with names of places with 3000 and more population. She discovered Rossland in B.C. She wrote to Rossland and marked the envelope "Church Mission Work". The minister's wife in Rossland got it, and through that, help was sent to the lady school teacher and the sister, with clothing for the very poor. A friendly state now exists between the two ladies. They say this is a "coincidence with God's finger in it."

Mr. A. Anderson received the sad news of the passing of his brother at Roland.

The Bill Shaw rink won the second competition in the Kitscoty bonspiel and besides the large trophy which they keep for one year each curler received a nice prize.

Greenlawn Goodwill Club

The Greenlawn Good Will club met at the home of Alma Rainey recently and the annual meeting was held. The gathering was called to order by the acting president Mrs. W. Jones. The secretary read the minutes of the last meeting which were adopted as read on motion of Dagmar Holeman and seconded by Margaret Sweet.

From old business on hand Margaret Sweet made a motion that members take the meetings in alphabetical order. This was seconded by Verna Boyce and carried.

It was suggested by Myrtle McMullen that a press reporter be appointed for each meeting. A new idea introduced by Margaret Good was that a door prize be supplied by the club at each meeting.

Officers elected are: President — Gladys Boyce; Vice-President — Dagmar Holeman; Sec.-Treas. — Gladys Boyce; Sunshine Club — Berta Lumley and Doris Jones.

Berta Lumley made the motion that the regular business be dispensed with at the February meeting and that the secret pals be honored by playing novelty whist. Seconded by Myrtle McMullen and carried. The secretary was instructed to purchase the prizes and the meeting will be held at the home of Gertrude Blacklock on Feb. 21st. Secret Pals will be revealed through the exchange of Valentines.

The president then declared the meeting adjourned and the sixteen present enjoyed a delicious lunch served by the hostess.

Happy Birthday, Ledue!
TEN YEARS AGO THIS WEEK AN IMPERIAL DRILLING CREW DISCOVERED OIL NEAR LEDUC, ALBERTA. THAT DISCOVERY HAS AFFECTED THE LIFE OF ALMOST EVERY CANADIAN

SINCE LEDUC
In 1946, Canada's own oil fields met only nine percent of her demand. Today, they produce about 70 percent of a demand which has increased by three times.
In 1946, Canada's proven oil reserves were 72 million barrels. Today, there are almost three billion barrels, a 40-fold increase.
In 1946, there were just 455 miles of oil pipeline in all Canada. Today, there are more than 5,000 miles.

The crew at Imperial Leduc No. 1 that winter's day knew that very few wells drilled in unproven territory find oil in commercial quantities. This could be just another well in a long series of failures . . . 133 of them at a cost of $23,000,000 . . . which Imperial had drilled in western Canada.
When Imperial Leduc No. 1 "came in" on February 13, 1947, the elated crew knew they had made an important discovery. What they couldn't know was just how important their discovery was, for Imperial Leduc No. 1 encouraged not only Imperial but hundreds of other companies to look for . . . and to find . . . more oil in Canada.
What were the results?
• A fast-growing oil producing industry, employing thousands.
• New refineries, and expansion of old ones.
• Birth of dozens of new industries.
• Large savings of foreign exchange that would have been spent on oil imports.
• A surer supply of oil for Canada.
Nor has this development reached its peak. Though about four billion dollars have already been invested in finding and developing Canadian oil, experts predict another 20 billion will be spent during the next 25 years, bringing us still more industries, more jobs, and, of course, more oil.
Leduc's birthday was a happy day for us all!

Traffic Safety Rules Discussed At Rotary Meeting On Friday

Rotarians were all attention at their meeting last Friday, and well they might be, for the speaker was Jim Ferguson, Traffic Officer of the Highway Traffic Board.

The speaker was introduced by George Senz, with the [illegible] in charge of Ed Herzog who acted as chairman.

The speaker dealt with common rules of the roads which many drivers were guilty of violating. Among these were passing on hills and curves, a very common one; sounding your horn when overtaking and passing another vehicle — this is required by law and is rarely observed; allowing vehicles to pass on bad roads, muddy or narrow roads. The law requires you to stop and further states that if the other vehicle becomes stuck you are to help it out; no U turns between intersections; pulling to the curb when the fire siren sounds; be sure of the right of way before turning left at intersections; observe stop signs on entering towns and particularly when entering a highway; cars and trucks must come to a full stop behind school buses, and wait until signalled to proceed by the bus driver.

Accidents should be reported to the R.C.M.P. at once.

The audience was admonished not to risk an accident for the sake of saving a few seconds or minutes.

The talk was an exceptionally interesting one, given in an easy-to-listen-to conversational manner. Mr. Ferguson was warmly thanked by Martin Shalka on behalf of the Rotarians.

Happier people: Continuing the falling trend of the previous two years, the number of divorces in Canada in 1955 was down to 5,796 from 5,922 in 1954.

Mannville and District Local News

The collection received at the film and talk sponsored by the W.I.'s at the school auditorium was $23.87. After expenses of $5, the balance will be credited to the 1957 quota for the Mannville Cancer Society.

Mr. Fred Schock of Waseca is visiting with his sons in Mannville. He is at the home of John Schock at present.

Messrs. Bob Wilson and Lyle Miller of Chauvin and Mr. V. Mobray of Edmonton are curling in the local bonspiel and are visitors at the Mercer home.

Mr. Harry Croft of Edmonton is here for the spiel and renewing old acquaintances while also curling with Fred Proudfoot. Mr. and Mrs. Casey Anderson and small daughter and Mr. Stan McGreevey are also here for the week visiting with Mrs. C. Mercer.

Miss Bell of Innisfree is spending a few months in Mannville and is staying with Miss K. Sutton.

Don't forget the Home and School meeting Thursday, Feb. 21st. Lt. Armey will show films on army work in regard to youth. There will also be a display by the Cadets. These should both prove very interesting.

Rev. C. MacPherson accompanied by Rev. T. Rayment of Edmonton spent the first part of the week visiting in Saskatoon.

Mr. and Mrs. Bert Osborn and children of Edmonton are visiting with the former's parents, Mr. and Mrs. W. Osborn.

There were a great many relatives and friends gathered in Mannville on Saturday for the funeral of the late Mrs. Whitson. She was a very well known old timer of the district. Mrs. W. Lamb and Mrs B. Dickson of Edmonton spent part of the week end with friends after motoring down for the funeral, as did Messrs. Robert and Stanley Jones, also of Edmonton. Mr. Hector Whitson came from Pincher Creek.

Mr. and Mrs. Empey and daughter spent the week end with the latter's parents, Mr. and Mrs R. Bodard.

Miss Betty Proudfoot was home from university for the week end.

Mannville Couple Married 50 Years

MANNVILLE.—One of Mannville's old time couples, Mr. and Mrs. Harry Arnold, celebrated their Golden Wedding anniversary on Sunday, Feb 3rd. Due to the illness of their daughter, Mrs. R. Lugg, the day was spent quietly. Mrs. Arnold motored to Edmonton to visit with her daughter and Mr. Arnold talked to her by phone.

Mr. and Mrs. Arnold were married in Tamworth, England, in 1907 and came to Canada in 1910. They lived both south and north of town before moving into Mannville.

Mr. Arnold worked with Burns and Co. which was later NADP until his retirement in 1951. Mrs. Arnold taught music in Mannville for many years. Both Mr and Mrs. Arnold have been active members in church work, Mr Arnold serving as Vicar's warden and Mrs. Arnold as organist.

Mrs. Arnold was instrumental in planning and practising many of the school and town concerts both at Braes and Mannville and helped a great deal with festival work in past years.

Although there was no celebration, Mr. and Mrs. Arnold were remembered by the church and many of their friends with gifts, cards and telephone messages. Two daughters, Mrs. Lugg and Mrs. E. Hubbard and one granddaughter, Karen, live in Mannville, and a granddaughter and a great granddaughter Mrs. Joe Dowirki and Joanne live in Edmonton.

Reverse trend: The population of the Yukon Territory in 1951 was only one-third of its population in 1901 when gold was luring folk north by the thousands.

More than 1300 fires occur in an average week across Canada according to the All-Canada Insurance federation. Total annual cost of such fires is more than $80,000,000.

NEWS from KITSCOTY

Mr. and Mrs. Hugh Leighton spent the past week in Edmonton while Hugh was receiving [illegible].

Mr. and Mrs. Archie McLean, accompanied by Mr. and Mrs. Stuart Jamieson and Mrs. Stan Gerritts, were all Edmonton visitors last week end. Mrs. Gerritts visited with her mother Mrs. M. Miller who is reported to be seriously ill in an Edmonton hospital.

Hospital patients at the time of writing are Mrs. Jack C. Potter in Islay hospital, Mrs. C. K. Miller, Mrs. James Crewes and Mr. Everett Miller in Lloydminster hospital. Best wishes are extended to all for a speedy recovery.

Mrs. Orval Bille of Crossfields is at present spending a few days here with her parents Mr. and Mrs. E. Joy.

Mr. and Mrs. R. Milligan and Robert of Edmonton spent the week end here with Mr. and Mrs. Henry Joy where they all helped Mr. E. Joy celebrate his birthday on Feb. 10th.

Mrs. R. M. Matheson spent a few days in Edmonton visiting relatives and friends last week end.

Mr. Russell Lang returned from Dawson Creek, B.C., on Monday to take Mrs. Lang and the children and to drive their car back to Dawson Creek where they plan to reside in the future. Good luck and success are extended to them in their new home.

Mrs. H. Batty spent last week end in Edmonton where she accompanied a music pupil, Miss Janet Kent for her Toronto Conservatory Gr. VIII singing examination, and then visited with her daughter and son-in-law Mr and Mrs. L. Kohlruss and family until Monday.

Sincere sympathy is extended to Mr. and Mrs. Archie Nelson and family in the passing of Mr. Nelson's father at Lloydminster last week.

Four rinks of lady curlers are attending the Marwayne Ladies' bonspiel this week.

Don't forget Kitscoty Ladies' bonspiel starts Tuesday, Feb 26. Closing date for entries is Saturday Feb. 23 at 6 p.m.

Longer Life For Nylons

There's a new type of construction available in ladies' nylon stockings. It's called 'twin' or 'double thread' and the benefits are marvelous. The two thread knit gives double indemnity against runs; if one thread breaks, the second still holds, claims Miss Helen Moeeson, Extention Clothing Specialist, Alberta Department of Agriculture. It would seem such a stocking would be pretty heavy. Not a bit of it! It is reported to be not only sheerer but has a softer, duller finish.

And when buying stockings, plan on a hosiery wardrobe. This should be assembled not only with an eye for color and style, but the weight of the stocking should suit your ensemble. Manufacturers are making it easier for ladies to select the right stocking for the right occasion according to weight by labelling their nylons 'walking sheer', 'dress sheer' or 'evening sheer.' If your stockings are not giving you the wear you expect, says Miss Moeeson, it may be because you are wearing an 'evening sheer' for work and these cannot be expected to give the same wear as 'walking sheers'.

The high school hockey team played Vermilion at Vermilion on Saturday night losing by a score of 3 to 1.

Mrs. A. Ferguson was in Edmonton for the week end.

Mrs. Ray Flewell is a patient in the Lloydminster hospital.

The youngest daughter of Mr and Mrs. M. Kneen is a patient in Islay hospital.

Sympathy is extended to the Stewart, Tupper and Pinski families in the death of mother and grandmother; also to Mr. L. Nelson and family in the sad loss of wife and mother.

The new Canadian Utilities man here, Mr. Gene Chester and family, have moved into the house recently vacated by J. Wright. Mr. and Mrs. Wright are now making their home in Vegreville. Marvin Little is back on the job again for the Utilities, after his accident.

Mr. and Mrs. J. Thompson of Lloydminster were week end visitors at the home of Mr. and Mrs. Ramsey; also Miss J. Richardson of Lloydminster at the Harrington home.

Jean Milne was home for the week end, also Betty Kilsloner home on Sunday.

Mr. and Mrs. Cliff Pinsent are at home for a visit with Mrs. Pinsent and Roy.

Mr. and Mrs. M. Gudzowaty have brought home their chosen daughter, a sister for Maury.

HOBBY FAIR MARCH 7

We hope many are preparing for exhibits to the Hobby fair on March 7th. Handicrafts may well become Alberta's newest industry. Come and see what others can do and bring your own handicrafts or curios. Usefulness of the hands will bring rich rewards in good health, sanity, happiness and thrift.

Pleasant Valley

It is 30 above today — how pleasant can it get? The months are certainly going fast, which means housecleaning and gardening. What a nice thought!

Mrs. Doreen Gould journeyed to Edmonton Sunday night to see "Ice Capades" and do a little visiting here and there.

Dinner guests at the writer's home on Sunday [illegible] daughter Jean, Keith and family; Laurence, Chrissie and family.

Mrs. Gillies is spending a few days with the Jory family in Vermilion.

Mr. and Mrs. Alex Dupuit were supper guests at the home of Lawrence Gould on Thursday. It was little Linda's 9th birthday. Turkey with all the trimmings, angel cake, ice cream—yum yum. The writer missed it all.

Mrs. Norah Ronaghan was a supper guest at David Giles home on Sunday, while Fred and Larry Playne enjoyed supper that day at the Chrissie Gould home.

Where are those hobors these days, anybody seen them yet? Only wish yours truly could get out of jail and do a little visiting. The roads are good and the weather nice. However, she does hope to attend the next Busy Bee meeting and say something for a change.

Hi, there, Mrs. Carroll; there are six more hyacinths in last Lovely, aren't they?

"The Store for Men"

Princess Anne W. I.

The regular monthly meeting was held at the home of Mrs. Michael Simonet the evening of Feb. 6th with 12 members and 3 visitors present, Mrs. P. McCambridge, Mrs. Alan Mead and Mrs. Paul Mudryk.

Following the usual opening procedure, the roll call was answered with suggestions for helping your child enjoy school.

Minutes of the last meeting were read and approved.

Handicraft convener Mrs. McIntyre discussed the new list and articles allotted to members. There was also a discussion of the "Hope Chest" for Tweedsmuir competitions.

Convener gave a report on the successful home baking and apron sale held on Jan. 26th and this opportunity is taken to thank Mrs. Stephens for the use of space in her beauty shop for the sale.

The Social Service convener, Mrs. G. Mead, gave a full report on activities of the past year. A bale of used clothing was sent for Hungarian relief in January.

Sunshine convener reported two cards sent to patients in the hospital in January.

Correspondence was read on: The Status of Women; Canadian Utilities Services available to groups.

The treasurer's report was read and adopted. The president, Mrs. West, on behalf of the branch, presented a cup and saucer and guest book to Mrs. Alan Mead.

The topic for the evening was on education and the committee convener, Mrs. Frances Parchewsky, read two very good papers entitled "Significant Difference Between Reading Yesterday and Today", and "How Can a Parent Help the Reading Program?". A short discussion period followed.

The social was capably handled by Mr. McIntyre who instructed us in the making of foam rubber flowers. The meeting was adjourned with the Mizpah. Lunch was served by Mrs. A. Simonet and Mrs. M. Simonet.

McLAUGHLIN'S SELF-SERVE

LOCAL NEWS

Mr. and Mrs. Thomas K. Pain formerly of Henley, Sask., and their three children, have taken up residence in Vermilion. Mr. Pain is the new butcher in charge of the Co-op Meat department.

An old friend was heard from recently in the person of George Law who resides in Vancouver. George says that the whole family is well and really enjoys the milder coastal climate. During the Xmas season the weather was particularly nice and the Laws had a full family gathering numbering 22. George attended an A.O.T.S. meeting a short time ago and four men from this district sat together, Wm. Porter of Dewberry, Lewis Gardiner of Hazeldine, Joe Young an old timer of Vermilion and George himself. All their wives were on the committee that served the dinner for the evening. Although he is retired now Mr. Law is quite busy with his hobbies, with the blind and deaf, and blind-deaf taking up a lot of his interest and time. In closing he passes on greetings and best wishes to his host of old friends here.

Harold Heidebrecht who always seems to have fond memories of his boyhood home of Vermilion, sends along his sub from Ottawa and in a line or two says that he has just returned from two weeks with the RCAF band spent in the Montreal area. In June the band is slated to tour Europe for six or seven weeks. Harold says "Say hello to all the folks in Vermilion for me. Guess that it will be a long time before I have the pleasure of visiting there again."

The names of Mr. and Mrs. Hugh MacPhee were omitted from the list of those who sent mass cards in the obituary of the late Mrs. Katherine MacPhee.

Mr. and Mrs. Sam Soldan of Consort renewed acquaintances in Vermilion on Sunday.

A. R. Clark is planning to leave on Feb. 23 for a trip to England. He will sail on the Britannic and return April 6th aboard the Corinthia. Canadian National made all the arrangements for the trip.

BORN— To Mr. and Mrs. Ross Himmilrech at Grande Prairie on Wednesday, Feb. 6th a son, Blair Ross.

LEGION CURLERS LOSE

Playing in the zone play-downs at Viking on Sunday the Vermilion rink of Bill Sutherland, Bill Scales, Vic Tillett and Neil McLean lost out in two closely contested games by scores of 9-7 and [illegible].

CELEBRATE 81st BIRTHDAYS

Mr and Mrs. O. O. Whitson of Elk Point celebrated their 81st birthdays on the 2nd and 4th of February respectively. This couple came from Oklahoma in 1907 with some other very well known pioneers who settled in the north, namely Mr. and Mrs. Bill Waltze and family, R. H. Johnson and family, Charlie Stewart and family and a number of others. Some filed on land in Landonville, with others going on to Edmonton. Mr. and Mrs. Whitson lived for several years at Landonville where the former was the first mail carrier carrying the mail from Landonville to Vermilion and return by horse back. Leaving Landonville the Whitsons moved to Edmonton, then went to Ardmore near Cold Lake where they homesteaded for the second time. On retiring from there they moved into Elk Point where they have now lived for several years. Mrs. J. T. Johnson of Vermilion made them a birthday cake, and Mr. and Mrs. Jim Johnson and Martin Aarbo helped them to celebrate, wishing Mr. and Mrs. Whitson many more happy birthdays.

Attend Capping Ceremony, Edmonton

Miss Frances Pockett was among the student nurses to receive her cap at ceremonies held in the General hospital in Edmonton this week. Besides receiving her cap Frances was presented with the scholarship awarded by the local branch of the Graduate Nurses' Assoc. Attending the ceremony were Mr. and Mrs. Lorne Pockett, Miss Joy King and Mr. and Mrs. Whitey Wilson.

Curling in the annual bonspiel at Lloydminster this week is a Vermilion rink composed of Daryl Currah, Roger Rowe, Glen Gibbons and Vern Wiles. Up to last reports the quartet hadn't been defeated and had reached the eights of the Challenge.

Andrew Wood of Dewberry, director of the F.U.A. spent a week in Ottawa as a member of the F.U.A. lobby group.

Mrs. J. F. McNaught of West Monkton, Ont. is visiting at the home of her sister, Mrs. Chas. E. Thompson owing to the illness of her father, Mr. Parsons. Mrs. McNaught plans to remain for several months.

Chas. Upshall and Herb Brobeske of the Macleod staff left Vermilion last Saturday for Winnipeg where they are attending a sales convention organized by the Company. The trip to Saskatoon was by bus where they boarded the Canadian National. Mrs. Upshall is visiting relatives in Regina and will join the men for the journey home.

Miss Margaret Wilson of Edmonton spent last week end visiting her parents, Mr. and Mrs. Clarence Wilson north of town.

Mr. and Mrs. G. K. Crosby and family of Edmonton spent Saturday and Sunday visiting at the home of Mr. and Mrs. Chas. E. Thompson.

A radiosonde quite complete was found by Geoff Dorey, Wes Lovell and Tom Gannon on the latter's farm just south of the Grizzly Bear Coulee on Thursday afternoon last week. Even the parachute was still attached and in good repair when the instrument was spied hanging from a tree. Another radiosonde was found by George Richardson on his farm in Island Hill district.

Mr. and Mrs. Mark Norton and family of Edmonton were in town Sunday, visiting the former's parents here, Mr. and Mrs. R. H. Norton.

Three rinks of Rotarians from the local club played in a Rotary spiel at Vegreville on Sunday and report a very enjoyable event. It was wound up by a banquet served in the very commodious waiting rooms of the rink.

The many old friends of Harry L. Doan will be interested to hear that he is spending some time in Florida at the present and really enjoying the very warm weather there. He left Windsor about mid-January for the sunny south. The Windsor area and Ontario in general according to Harry have had a very bad cold winter. According to him too living is very reasonable in Miami but the motor traffic is terrific — cars and more cars.

CARD OF THANKS

We wish to thank our friends, relatives and neighbors for their many kindnesses on our silver Wedding anniversary [illegible] many [illegible] lovely gifts, flowers and cards. All this [illegible] never forget [illegible] wedding anniversary. Thanks [illegible] folks.

Mannville Legions Win and Lose In Juvenile League Games

MANNVILLE Showing a complete reversal of form from their Tuesday win over Vermilion Bobcats, the Mannville Legions dropped a 5-1 decision to the same club in a Juvenile league encounter played in Mannville on Thursday, Feb 7th. The loss settled the issue for Mannville in the league standing and relegated them to third place regardless of how their next two games come out. The Bobcats out-hustled the Legions at every turn on Thursday and were well worth their win. The locals are going to have to tend more to their playing if they hope to reach the finals in the play-off. Allan Swain was missed by the Mannville squad, but all things considered no one player can be responsible for such a change in the team's play. Over confidence from one or two wins appears to be a disease that afflicts the Legions and unless this can be overcome there will certainly be no championship brought to Mannville.

LEGIONS 13, DEWBERRY 7

On Saturday, Feb. 9th the Dewberry Juveniles came to town for their last league appearance and were thumped to the tune of 13 to 7 by the Legions. Twenty goals in a hockey game is a lot of goals and any team that scores seven shouldn't be losing the game so it appear that Mannville's defence is porous material even in winning.

There were three "shirt tricks" picked up by Mannville players, going to Swain, Manz and Modin. Pryor came next with three assists which also speaks well for itself. A total of 15 penalties were handed out by referee Bernie Chrysler, with 6 to the visitors and 9 to Mannville. For those who claim that the games are not being handled strictly enough, this should satisfy their longing for disciplinary action. Perhaps the league has found an efficient referee.

Following are the scoring statistics for Mannville including all games to date.

	G	A	Pts.	Pen.
Manz	11	8	19	2
Croft	9	10	19	4
Swain	13	5	18	16
Gerhart	4	5	9	9
Prior	4	4	8	6
Modin	4	2	6	0
Bury	2	3	5	2
Hasinoff	0	3	3	8
Willes	1	2	3	6
Kufeldt	1	2	3	0
Kurylo	1	2	3	2
Keuschnig	1	0	1	2

Scoggins goal: 52 goals in 11 games for G. A. average of 4.73 per game.

V.S.A. Alumni Holds Re-union At Spruce Grove

Over seventy former students from the Vermilion School of Agriculture gathered at the curling rink in Spruce Grove last Saturday for a curling party and social evening.

The 'reunion' was organized by the Edmonton Branch of the V.S.A. Alumni Association whose efforts proved highly successful in bringing together former students currently located in Edmonton and the surrounding area. In addition to the inevitable 'gab fest' of such occasions some twelve rinks of the more athletically inclined engaged in a short-draw bonspiel. All enjoyed the sumptuous lunch featuring roast turkey with all the trimmings.

The current staff and students at the school were represented by a party including Mr. and Mrs. K. M. Stone, Mr. and Mrs. Wm. Baranyk and Arne Carlson, who were joined in Edmonton by Mr. J. E. Hawker, the Superintendent. Whether by accident, design or skill this group won the Grand Callenge for curling and produced the winner of the special door prize.

The gathering heard [illegible] on activities at the school this winter and made plans for further activities of the Alumni Association. The next event will be the spring open dance at the School of Agriculture on March 8th.

SQUARE NOTES

On Saturday, Feb. 16, Johnnie Maxwell is treating all square dancers at his 21st (?) birthday party. It's going to take place in the Elks hall at 8:30 p.m. There will be seven callers: Jim Lindsay, Henry Lien, Harold Schacher, Art Ziegler, Walter Donnenworth, Walter Parker and Johnnie. There will not be any admission charged, but all ladies are asked to bring a pie to be topped off with ice cream. Doesn't this sound like a grand party?

Come on, square dancers, let's help Johnnie celebrate his birthday. See you Saturday at the Elks hall!

Signs of An Early Spring?

Iris and Joan Christman of Clandonald drop the Standard a line and say that they think spring must be coming soon, as they saw a robin Feb. 11th. The red-breast was sitting in a tree by their barn singing joyfully.

Two reports of pussy-willows very much in evidence came in, one from Ted Dell who spied the growth near Lashburn, Sask. on Sunday, and the other from Tom Watts who noticed the pussies in the Derwent district.

Attend St. Paul Presbyterial At Vegreville

Mrs. Clarence Barr in the official capacity of secretary of Christian Stewardship of the St. Paul United Presbyterial, Mrs. Neil MacLean, President of the First United church W.M.S. and Mrs. H. P. Long and Mrs. Lyle Robinson as delegates, attended Presbyterial held in Vegreville on Wednesday, Feb. 6th.

The guest speaker was Miss Gertrude Hamilton, M.A. Miss Hamilton has spent 30 years of her life as an educational missionary, chiefly in Japan. Miss Hamilton outlined the progress made in that country in Christian Education, also Japanese thinking and attitudes toward democracy and Christianity. She drew comparisons of the backgrounds of Japanese people and those of the Western world. She said that since the war, the Japanese people have given much thought and consideration to democracy and Christianity.

She spoke of the importance of education in Japan and of the work of the Women's Christian College and International University. In the evening she gave an illustrated address to the youth groups of the church.

Pee-Wee Hockey At Dewberry

Sorry, boys, and interested readers for being so tardy in getting this written up. Shall try harder to be more regular.

The scores for the January 19 hockey games were: Rangers 5, Leafs 1; Hawks 1, Wings 0. This reporter was not around that Saturday, so cannot give any personal opinions. However, goal scorers and assists were: For Rangers Art Mead 3 goals, Robert Hartwell 2 goals, Wayne Garnier 1 goal, 1 assist, Stanley Hartwell 1 goal and Jerry Hartwell 1 goal. In that same game Francis Mahais notched 2 goals with 1 each going to Ralph Fry and defence man Norman Poitras, all of the Leafs. The one goal scored in the second game was apparently a bit of an accident with Larry Fry knocking the puck into his own net while trying to clear. The last Hawk to touch it was Harlin Fry, Larry's brother, who gets credit for the goal.

On January 26th, the Rangers and strengthened Wings played to a 1-all tie. Stan Hartwell from Wayne Garnier scored for Rangers and Harvey Rainey tallied for the Wings, knocking in the rebound from his brother Dwaine's shot. Stan Garnier, Gilbert Mathison and Allan Gray all received penalties in this contest. The second game saw Hawks defeat the Leafs by a 4-1 count. Goal getters for the Hawks were Joe Fluney, Donny Fluney 2, and Gary Mathison. Donny Fluney also picked up one assist. Larry Fry, a new Leaf, picked up their lone goal.

Penalties were handed out to Joe Fluney, Terry Anderson, Lynn Parr, Dwight Mowbinney and Norman Poitras.

The first game Saturday was Leafs vs. Wings with the Leafs coming out on top by a one-goal margin. Sorry, fellows, but the writer has no statistics at all for this game.

In the second game Captain Stan Hartwell led his Rangers to a 5-3 victory over the Hawks by scoring 2 goals. Singletons for Rangers came from Stan Garnier, Art Mead and Jerry Hartwell. Robert Hartwell clicked for an assist. For Hawks it was Bruce Applegate on a nice pass from Rudie Hawrylak, Harlin Fry and Mandt Lofthaug. There were no penalties in the second game.

Word has it that the boys have games coming up soon with Clandonald and Paradise Valley. A team is definitely going to P.V. on Saturday but the Clandonald game is not final at time of writing. Lots of luck in those games fellows!

Thorncliffe Forms Social Club

On Jan. 31st at 8 p.m. a meeting was held at the Thorncliffe school to form a local club. After a lengthy discussion of pros and cons everyone voted in favor of forming a club.

The club will be known as the Thorncliffe Hill Billies. The officers are Harold Clark, president; Margaret Sweeney, secretary-treasurer. The executive is made up of Harry and Thelma Sweeney, Ruth and James Moses, Helen and John King, Margaret and Fred Clark and Jack Clark Junior.

The ladies will look after the lunches and wash the cups. The men will take turns at collecting for dances. They will also clean the school and do any necessary repair work.

The club further decided to buy two dozen more cups, a wet floor mop and soap.

There are at present eleven paid up members. Anyone interested in joining the Thorncliffe Hill Billy club please contact Miss Margaret Sweeney, phone 2710 or Harold Clark at 2707.

School Concert Plays To Appreciative Audience

MANNVILLE The school concert on Friday last was well attended and the program put on by the pupils of the East school was varied and very much enjoyed by the audience. The teachers are to be commended for such a splendid concert considering the many difficulties that confronted them during the past weeks. Casts had to be changed due to pupils bein gout of school with measels, scarlet fever, etc. And due to illness, Mrs. Bang not only had to take over Mrs. Gamble's class but also the work of preparing the pupils for two plays. Comments were all favorable and it is to be hoped that the teachers and students will continue these school concerts. All students are given a chance to participate in them in one way or another and the parents appreciate seeing a lot of school work enacted out by the pupils of the various grades.

A pantomine "The Robbers' Lair" by Mrs. Enfield's class gave the program a bright start. The story read by Lorraine Stewart in the first act and by Beverley McLaughlin in the second act portrayed the story as it was enacted out by the students.

In a vocal duet, June Wright and Carol Nicholson were accompanied by Jimmie Croft. Jim was the pianist for most of the concert.

"Robin Hood" and "The Dragon Who Liked the Cake" by the grade five room brought forth a great deal of applause from the audience. The costumes and scenery added much to the plays. These were the pupils that Mrs. Bang coached when Mrs. Gamble went to the hospital for an operation.

The tumbling display by the boys and trained by Mr. Bohaichuk was well worth seeing. This is the first time that there has been a large enough stage for such a display—usually it has to be carried out on the floor and the audience does not get a very good view. But this time the boys could be seen even from the back seats.

Between the various acts selection by Lillian Zahara on the accordian and Clara Brokop on the piano, accordian duets by Connie Gerhart and Richard Wasalasko and violin solo by Barry Weaver accompanied by June Weaver on the piano provided variety to the program and made scene changing seem a matter of moments.

Mr. Doherty as chairman thanked the unseen contributors for their work in making the program a success. The loud-speaker lent by Mr. Peskiloets was beneficial in the plays.

"No Television Tonight" by Mrs. North's room with rock and roll Elvis Presley and Mothers old school chums chorus was very well acted. The scenery was very well done throughout the program.

"Rendevous" sung by the girls of Mrs. Ross, Mrs. Thompson and Mr. Bohaichuk's room and acted out by the shepherdess, shepherd and street cleaner and with lovely scenery added charmingly to the program. The girls voices blended and they were well trained.

The two choral speeches "Bells" and "Congo" coached and led by Mrs. Park and Mrs. Morrison gave a wonderful demonstration of what can be accomplished by the raising and lowering of many voices and the different meanings and impressions the inflection of the voice can portray. These pupils were exceptionally well coached.

The Grade 10 play "Let's Change Places" added a bit of spice to the evening's enjoyment. The pupils taking part had the parts well learned and appeared completely at ease on the stage.

The High School have been studying the works of Robert W. Service and chose "The [illegible] Cocktail" to depict. [illegible] Hawley gave a short talk on Mr. Service and his [illegible] with the Marvydale [illegible]. Then Marlene Phillip read the poem while the cast enacted it.

Thanks again to the teachers and pupils for a most enjoyable concert.

Varsity Guest Week-end, Feb. 28 To March 3rd

More than 10,000 people are expected to visit the University of Alberta campus this year when the university throws its doors open to the general public on "Varsity Guest Weekend" scheduled this year for Feb. 28 to March 3.

Varsity Guest Week end from its beginning six years ago has increased its scope to include four days full of educational and entertainment features. This weekend, sponsored and directed by the student body is designed to acquaint the citizens of Alberta with the work being carried out at the university. An especially warm invitation is extended to senior high school students and their parents.

Doug Burns, director of the weekend, said the program will include musical concerts, variety shows, guided tours of campus buildings and displays and an interdenominational religious service.

Marwayne F.W.U.A.

MARWAYNE There were 25 members present at the regular meeting of the F.W.U.A. held at the home of Irene Johnson on Monday evening Jan. 28th. Doreen Allen and Violet Elliott were cohostesses.

The meeting opened with the singing of "Join Our Union". By the way there are now 75 members with dues all paid for 1957.

Dorothy Milne delegate and Lillian Tupper visitor to the convention gave most interesting reports and agreed with the rest of those who have been to conventions that one gets a great deal out of attending such functions, as well as helping their own organization.

Pyjamas were given out to be sewn for the hospital, also the names of Pollyanna pals.

At the next meeting which will be held at the home of Clair Perks on Feb. 25th there will be another collection of used clothing and shoes for the Unitarian Service Committee so please bear this in mind. Also roll call will be a suggestion for the F.W.U.A. conference program held at the Vermilion college in June.

Former Riverton District Resident Passes Away

LITTLETON Victor Gray, husband of Anna (Tullson) Gray died October 29 at the Community Memorial Hospital in Ayer after a brief illness. He was born in Sauke Center, Minn. February 1, 1890 the son of James and Drusilla (Yeager) Gray. He lived for awhile in Alberta, Canada before coming to Littleton in 1923 to make his home at the farm on Hartwell Avenue. He was a member of the Congregational Unitarian Church of this town.

Besides his wife he is survived by three sons, Willis A. of Island Pond, VT, Eugene R. of Pepperell and six grandchildren.

Funeral services were conducted by the Rev. Robert Hadley, pastor of the Congregational Unitarian Church in Littleton at the Gray farm on Hartwell Ave. Bearers were his three sons and Edward [illegible], [illegible] Eriksen of Littleton and Gordon McLaughlan of Andover. Burial was in the family lot in Westlawn Cemetery, Littleton.

Mr. Gray lived in the Riverton district for 14 years before moving to Littleton, Mass. and is well remembered there.

The name of Kicking Horse Pass in the Rocky Mountains owes its origin to the fact that a geologist named Dr. Hector, first white man to use the pass, was kicked by his own horse during the crossing.

Re-elect Officers Masonic Temple

The annual meeting of the Vermilion Masonic Temple Association was held Tuesday evening in the recreation room of the Temple with a goodly number of the members present. The meeting was presided over by the President C. T. Heckbert with J. K. Greenwood as Secretary. The financial statement presented and adopted by the meeting showed that the Association was in good standing even if some heavy unavoidable expenditures had been met during the year. Plans for further improvements and possibly renovations were discussed to receive the attention of the executive in the present year. C. T. Heckbert as president and J. K. Greenwood as secretary-treasurer as well as the old executive were re-elected to office. The thanks of the meeting were extended to the officers and executive for their fine work and the excellent financial report submitted.

Speaker At Mannville Reviews Work of Canadian Cancer Society

MANNVILLE. — On Friday evening at the school auditorium Mr. Tom Stevens, field supervisor of the Canadian Cancer Society, again reminded the audience of the seven danger signals of cancer and the advantage of early diagnosis. There is at present no known cure for cancer but it can be stopped if treatment is started in time. Newspaper articles and film meetings are a powerful part of the education plan of the Cancer society. Mr. Stevens was introduced by Mr Doherty.

Mr. Stevens then spoke of the welfare part of the Canadian Cancer society. Cancer dressings, drugs and medications are supplied free by the society. Where there is the necessity for a housemother to look after a patient's family, or plastic surgery necessary - these are taken care of by the society.

The cost of research is tremendous as was shown by the film. "Horizons of Hope". Men and women are also devoting their lives to finding a cure for for the ever-increasing cancer. Mr Stevens thanked the local people for their help in the cancer drives and hoped they would continue to help in the fight against this dread disease.

Other films shown were "Canadian Crusade" which demonstrated how the cancer cells increase and take the place of the good cells in various parts of the body; and "The Doctor Speaks His Mind", which was a typical town with the local doctor commenting on the patients who discovered cancer in time to have something done about it and the ones who paid no heed to the warning signals.

An entertaining film "Nature's Half Acre" was a Walt Disney production showing the wonders of nature from spring right through summer, fall winter and the beginning of spring again.

On behalf of the local W.I.'s, Mrs. Rutherford thanked Mr. Stevens for his informative talk and the self-explanatory pictures.

Coffee and sandwiches were served by the W.I. groups.

OUR LETTER FROM EDMONTON

Legislature Opens Thursday; Pre-Session Caucus Meeting Held

EDMONTON Everything was in readiness here in the capital for Thursday's opening of the third session of the 13th Alberta legislature, Feb. 14th.

Cabinet ministers have been running themselves ragged attending five or more meetings a week as they whip the government's proposed program into shape, and pore over the departmental estimates to prepare the budget

The 37 Social Credit MLA's and 15 Liberal members gathered Wednesday in separate parts of the legislative building for their annual pre-session caucus meetings. The Social Crediters discussed the government's proposed legislation while the Liberals had to be content with guessing at it and deciding what part they will play in the Throne Speech debate and budget debate.

Workmen have completed the redecoration of the assembly chamber and the new oil portraits of Queen Elizabeth and the Duke of Edinburgh, purchased for an estimated $4500 have been hung on the government side of the house.

Colorful ceremonies which date back to the beginning of the British parliamentary system, were planned in detail for the official opening by Hon. Dr. J. J. Bowlen, lieutenant-governor, who was to be greeted with a 15-gun salute as he arrived to read the Speech from the Throne, outlining government plans

Some 375 guests were to watch the proceedings from special seats on the floor of the house, and afterward were to attend a tea given by Mrs. E. C. Manning and the wives of the other cabinet ministers.

The provincial municipal financial review and the liquor act investigation still shaped up as the major issues of the session, and are expected to cause the lengthiest and most heated debates.

How much of the "new deal" in municipal financing will be introduced this year remains a big question. Provincial Treasurer Ted Hinman is the only one who can answer it, and he hopes to do so as early as possible in the session.

Indications are that only some phases of the new financial arrangement will be introduced this year, but the way will be paved for others.

Other matters will include a major change in the hospital treatment plan, to extend it to all Albertans, and a revision of the Labor Act. In addition to all that, of course, there will be the usual list of fairly minor bills which take considerable time to process.

The members are expected to spend about two weeks on the Throne Speech debate, and another two weeks on the budget debate. Mr. Hinman probably will bring down another record budget, calling for expenditures well in excess of last year's $342,000,000.

NEW SOCRED MEMBER TO TAKE SEAT

Galen C. Norris, the new member for Stettler riding, was in the house on opening day as an invited guest. He was to be sworn in the following day and was to take his seat and second the reply to the Speech from the Throne Arthur Dixon, Social Credit (Calgary) was to move the reply

Mr Norris, a Social Crediter, was the successful candidate in a by-election last fall. The by-election was made necessary by the death of Social Crediter John E. Clark.

DENIES EASTERN PROPAGANDA

Premier Manning last week denied that the Social Credit movement has forsaken any of its monetary principles in an effort to gain power in the next federal election.

He criticized a news report from Ottawa which, among other things, suggested that the B.C wing of the SC party had drawn up the national platform and that much of the movement's original monetary theory had been dropped.

The premier said he worked with Solon Low, national Social Credit leader, on the national platform. He added the platform is "100 per cent in accord with what Social Credit has consistently stood for"

Mr. Manning promised that Social Credit would not forsake its principles for political expediency or for any other reason. Reports like the one from Ottawa, he said, are "fostered deliberately to suggest a split in the party."

LESS MARGARINE

Canadian margarine makers report slip in output in 1956. Early estimates place year's production at 124.7 million pounds, slightly less than previous year's 125.1 million pounds. Monthly output ranged from July's 6.4 million to October's high of 13.8 million. At year-end, stocks on hand were larger than at the same time a year earlier; 3.2 million pounds vs. 3 million pounds.

Constituency News of The W. I.

FIVE POINT — JAN. 10

Home — Mrs. Bill Kuchik.

Attendance, 15 members and two visitors, Mrs. Thompson and Mrs. Muriel Lugg.

Roll call answered with a New Year's resolution or a recipe. The Welfare convener reported sending a parcel to Meryl Smith and Alex Gordon while they were ill. The social convener reported that they just broke even at their last dance after Ed Summers and Hugh Thompson kindly donated $1 each for the music. The bazaar and bake sale and raffle netted $86.45.

Correspondence received consisted of a thank you note from Meryl Smith, Christmas card and letter from Leone Ryan in Florida and receipt from constituency convener for dues Five Point W.I. to donate sandwiches and a pound of coffee for the Cancer film to be shown Jan. 25th.

Mrs. te Kampe gave a report of the library meeting and $10 was contributed to the library. Mrs. te Kampe appointed as a member of the Library board. Mrs. McCauley re-appointed as rest room representative. Subscriptions fom Home & Country were renewed for the 17 members and dues were paid. The 1957 program was partly drawn up. A citizenship paper entitled "The Banishing Cabinet" was given by Mrs. Bob Gordon. The meeting adjourned after a cushion was raffled and mystery parcel won. Hostesses were Mrs. Kuchik and Mrs. Metrunec served a lovely lunch.

VERMILION — JAN. 8

Home — Mrs. J. D. Perkins.

Attendance — 11 members.

Mrs. Dell Astley as the guest speaker gave an interesting Home Economics paper. This was followed by a general discussion on the questions that Mrs. Astley gave to each member. It was a lively discussion and enjoyed by all.

The program for the year was arranged. The sick convener reported sending flowers to a patient in the W.I. ward at the local hospital. Also filled a card full of nickels for the Cerebral Palsy fund. Decided to collect 100 pounds of old woollens to have made into blankets. The treasurer Mrs. J. Perrier read an interesting clipping on the Wetaskiwin W.I. Mrs. Flo Maskell enrolled as a new member A delicious lunch was served by Mrs. O. Clark, Mrs. M. Clark and Mrs. J Perkins.

PRINCESS ANNE JAN. 7

Home — Mrs. A. Simonet.

Attendance — 10 members

Roll call was answered with new ideas for the 1957 program books. A minute's silence was observed in memory of a departed member, Mrs. Mabel McKay. It was moved that A.W.I and Const. dues be paid

The house card parties that proved so successful last winter will commence this Friday Feb. 1st. Another box of used clothing for Unitarian Service committee is being packed. A sale of baking and tea aprons is to be held Jan. 26th in Vermilion.

HAZELDINE — JAN 8

Home — Mrs. Lloyd Quist.

Attendance — 11 members.

Roll call answered by naming a favorite movie star. It was decided to raffle a lovely rose-colored satin bound wool blanket, tickets to be ten cents or 3 for 25 cents. Mrs. D. Beckett asked the members to meet at her home to make up the ticket books. The handicraft list was further discussed and various members chose the articles they wished to make.

Mrs. J. K. Whiteside who was responsible for the social showed her movie films that she had taken on their trip last summer to Yellowstone, Arizona and Mexico. These were lovely pictures and were most interesting and educational. A delicious lunch was served by the hostesses Mrs. D. Beckett and Mrs. W. A. Anderson.

WILDMERE BEAVERS Jan. 12

Home - Mary Gibson

Attendance — 13 members and supervisor Mrs. Roy Dibben who brought the material that is to be made into a table cloth for Mrs Martin. It was decided that each member embroider her name on it in remembrance of her as former supervisor. It was decided to put on a Valentine party on Feb. 15th as a social evening for the community. A Bobby Burns dance was also planned for Jan. 25th.

A letter was written to Mrs. Sloan asking her to come to one of their meetings.

CLAYSMORE — JAN. 9

Home — Mrs. M. Woywitka

Attendance — 13 members and three new members were enrolled, namely Mrs. B. Woywitka, Mrs. F Leverredge and Mrs. P Pidruchney.

Roll call was answered with hints for a bazaar. The Xmas party was discussed and it was decided that next year a concert would be staged. Mrs G Watling, Mrs. J. Bauer and Mrs F. Watling are resonsible for supplying the lunch from the Claysmore group for the Cancer films to be shown in Mannville Jan. 25th. The program committee handed out the books for next year. Mrs. J. Willes and Mrs. R Bauer are to send for bazaar material. Mrs. J Bauer moved that dues be paid Mrs A. Olstad gave a brain tickler for the social. A lovely lunch was served by Mrs. M. Woywitka and helpers.

Each member subscribed to Home & Country. A dozen uniforms, to be made up by the members, are being ordered from the Unitarian Service committee.

Cancer film and talk on Jan. 24th sponsored by Kitscoty club A hamper of delicacies is being made up by members for patient who is very ill.

LETTER FROM CONVENER

Dear Members:

Mrs. Kondrowski, Publicity convener would like the branches to send her a detailed account of their activities (in between meetings) e.g., Hobby fair -what is it? Who sponsors it? Who were the conveners? What was displayed? Was it competitive? Any prizes? Was it free or admission charged etc? Also anniversary birthday parties, citizenship teas, etc. All can be reported in this manner She can use this information to help the other branches, it helps to make her items more interesting reading etc So please do this and thank you

I would like to take this opportunity of expressing Mrs Bielish's and my own appreciation of all those who accepted the responsibility of taking office In giving of your time and efforts you are doing a great deal towards helping your branch your community and our country and thus humanity as a whole

There is a growing recognition of the value of the Federation in the way its views and opinions on matters affecting the public are being sought by government departments, etc The more good things we are interested in the more ardent we live and high in the list of good things comes our international body the Associated Countrywomen of the World The basic principle of the ACWW is to do everything possible by study and action to further friendship and mutual understanding between countrywomen of all nations thus working towards a better and more united world Through ACWW we can do something beyond the reach of governments. We can make person to person contact by means of letter friends Are many of the branches doing this corresponding with Institute members in other countries?

February is the birthday month of the Federated Women's Institutes of Canada All members who possibly can should attend a church service on the second Sunday in February in a group or at a church of your choice

The roads that lead into the House of Prayer are called 'Meditation' The roads that lead out are the roads of service and the roads of love

Your Const. Convener

Your Future is Here... In Alberta
THOSE OF YOU WHO LIVE IN THE COUNTRY might be aware, but we will wager few city folks know, that it takes about 18 million bushels of seed grain to plant Alberta's fields in the spring. Most of this seed must be cleaned before it is suitable for planting. That's where the 18 municipal Seed Cleaning Plants in the province do a yeoman job. They operate on a round-the-clock basis these days to help ensure a good clean crop this year. And that can mean a good crop economically.
THESE SEED CLEANING PLANTS, by the way, are built and operated by the people of the district they serve, with the advice and financial assistance where required of the provincial Department of Agriculture.
AS THIS MATERIAL REACHES PRINT, it is likely the Provincial Legislature will be in session. It convenes February 14. It is surprising to consider the number of people who have never been in the gallery during a sitting. We would suggest that you, and your family visit the Legislative Building some afternoon during the sitting. The visitor's gallery is reached from the third floor of the Legislative Building, and is open to everyone. The only rules are, don't try to take pictures, or take notes of speeches being made on the floor. The press gallery, over the Speaker's chair, is the only place writing is permitted off the floor. The conduct of your business in government is interesting. It will pay you to visit the House

CANCER

WHAT IS CANCER?

The human body is made up of millions of tiny cells. Under healthy conditions these cells divide and grow only to produce normal body growth, i.e. increase in size from childhood to adult life and also to replace tissue lost in ordinary wear and tear. In cancer the growth and division of a number of cells 'run wild' and they grow in a disorderly and uncontrolled manner in some part of the body. Sooner or later some of these cells break off from the original growth and lodge in other parts of the body and there set up secondary growths. There are many types of cancer and each presents its own problems. Cancer occurs mainly in middle-aged and elderly people but no age group is immune; it is about equally divided among males and females.

WHAT CAUSES CANCER?

The exact cause of cancer is unknown although scientists can produce certain types of cancer in animals by using various techniques, for example, the application of chemicals.

There is no evidence that cancer is caused by a germ and so it is not contagious or infectious — there is no evidence of doctors or nurses getting cancer from a patient despite the close contact with them. One type of bone cancer can result from a severe injury but it is not believed that this applies to other types of tissue. Cancer is not caused by eating refrigerated food, any particular combination of food or using aluminum utensils.

There is a little, but no definite evidence that cancer is hereditary; if either one or both of an individual's parents have had cancer he or she should be more alert in looking for suspicious conditions but should certainly not adopt a 'Fatalistic' attitude. There have been many cases where both mother and father have had cancer but none of their children developed it; many people develop cancer when there has been no evidence of it in their parents.

TREATMENT OF CANCER

Cancer can be cured if treatment is begun early and so diagnosis at the earliest possible stage is important. The treatment is confined to surgery, X-ray and radiation therapy. Home cures such as pills, powders, salves, etc., and advertised sure and secret cures are useless; they are also dangerous as they can delay proper treatment until it is too late to be of use. It cannot be emphasized too strongly that early diagnosis is essential, so if you have any suspicion that you may have cancer consult your doctor immediately. It must also be remembered that there is absolutely no disgrace in having cancer.

WARNING SIGNALS

The main warning signals of cancer are:

1. Any sore that does not heal.
2. A lump or thickening in the breast or elsewhere.
3. Unusual bleeding or discharge.
4. Any change in a wart or mole.
5. Persistent indigestion or difficulty in swallowing.
6. Persistent cough or hoarseness.
7. Any change in normal bowel habits

If you become aware of any of these consult your doctor immediately.

Seven Rinks In Teachers' Bonspiel

MANNVILLE. — The teachers of the Mannville-Minburn-Buffalo Coulee sub-local held their annual bonspiel in Mannville on Saturday, Jan. 26th.

Seven rinks, one from Minburn, one from Buffalo Coulee and five from Mannville participated. Perfect co-operation from the ladies of the Home & School, the weather and the curlers made the day an unqualified success.

Each rink curled four six-end games, receiving 2 points for a win and one point for a tie.

At the end of the day the rink consisting of Ilene McDonald, Hanna Drury, Lily-Anne Allen and skipped by Jack Park had won 8 points to qualify for first prize, while the rink skipped by Malcolm Morrison and made up of Lily Park, Muriel Lugg and Les Brown won second with five points.

All agreed that the day was an enjoyable one.

Since the discovery of oil at Leduc just a decade ago, the average Canadian has more than doubled his consumption of oil. By 1980, he is expected to be using 50 percent more than he uses today. Western oil discoveries have provided Canada with large supplies of an essential commodity.

BOWTELL BULLETIN

Deepest sympathy is extended to the Dow family on the loss of a loving mother.

Lorne Moore is back helping at the Pierman ranch after spending some weeks in the east.

Mr. and Mrs. Les Sherwood spent the week end with the former's sister and family, Mr. and Mrs. J. Repp.

The writer was requested to remind all on our telephone line, through the columns of the Standard, that one long ring is an emergency.

Sandra Moore was a guest over the week end with Phyllis Lippert.

Mr and Mrs. A Morrison were visitors to Edmonton for a few days recently.

Visitors to the Knutson home were Mr and Mrs. J Seminiuk and Mr and Mrs. Sherwood.

Mr and Mrs. G Millar were Sunday visitors to relatives at Viking.

Some 25 ladies enjoyed a social afternoon at the home of Mrs Repp. After a number of games were played a goodly number of useful household articles were presented to Mrs. A. Robinson to help set up housekeeping again following the loss of their home and belongings by fire. The presentation was made by Mrs. R. Watt. A delicious lunch was served to close the day.

Some six tables of cards were played at the hall Friday evening. Prizes went to: Ladies' 1st. Mrs. Harrison. 2nd. Mrs. Burton and consolation Mrs. Michaels. Gents: 1. Robt. Repp. 2. Mrs. R. Repp playing as a gent, consolation, Jack Seminiuk.

The stomach flu is going the rounds of our district. A mild winter seems to bring lots of illness.

Mr. J. Kay of Tulliby Lake visited this week at the home of his daughter and family, Mr. and Mrs. F. Robinson.

The snow plow was out for the first time Wednesday. A good thing too, as two carloads of ladies were stuck in the snow by Morrison's corner.

ANNUAL MEETING

The twenty-sixth Conference and annual meeting of the Canadian Council on 4-H Clubs will be held in the Fort Cumberland Hotel, Amherst Nova Scotia, March 4 to 6, 1957. Supervisors of 4-H work in all provinces, Council directors and others will be attending.

This will be the Councils' first meeting in the Maritime provinces. Special speakers will be Mr W R Shaw Charlottetown, former Deputy Minister of Agriculture for Prince Edward Island and Mrs. John McLean, farm housewife from Eureka Nova Scotia. Mrs McLean is a native of England and in 1951 her husband was awarded a Nuffield scholarship for a six month study of agriculture methods in Great Britain.

The programme being arranged for Monday and Tuesday are open to all delegates, guests and visitors. More than eighty are expected to attend.

Her first stop —the bank
When Mrs. Wilson planned to go shopping, her husband Tom said: "Meet you at the bank." It was a natural thing to say, for going to the bank is just a part of everyday life.
In the bank, Mrs. Wilson noticed Miss Ellis the schoolteacher . . . Mr. Cooper the storekeeper . . . and her neighbour's son Bobby, adding to his savings account.
When Tom arrived, he grinned: "Seems like everybody goes to the bank." It's true Canadians find the chartered banks such a safe and handy place to keep money that practically everybody has a bank account. There are now more than 10 million deposit accounts in the chartered banks—more accounts than there are adults in the country.

Vermilion Rotary Club Sets Attendance Record For January

Members of the Vermilion Rotary club are receiving congratulations from near and far for having established a unique record of attendance for the month of January. Four regular weekly meetings each with 100 per cent attendance of members made a perfect score of 100 per cent attendance for the month.

A feature of the Rotary Club organization is that regular attendance at club functions is carefully noted and recorded. Strict regulations lead to cancellation of membership for irregular attendance. Clubs with the best attendance records with the Rotary District are reported each month and awards are made each year for the highest average attendance. The Vermilion Club has always stood near the top but its perfect score for January has attracted notable recognition.

Should a member miss a regular meeting of his own Club he may 'make up' for such absence by attending a meeting of another Rotary club. This provision became particularly significant to the Vermilion club when, after three 'perfect' meetings, two of the members were in Eastern Canada. Concern developed at home as to whether they were going to get their attendance at some other club. Secretary Tom McPherson dispatched telegrams to absentees Jim Smith and Cliff McCormick. Jim who was engaged in his official capacity offering advice to Mr. St. Laurent in the House of Commons was easily located but Cliff who was on his own time and schedule in the course of a holiday trip was harder to find. However, in due course confirmation of their attendance at Rotary meetings came in and the Club's record was established.

President Reg Mitchell has received congratulations for the Club's attendance record from District Governor Harry Hutchings and from Past D.G.'s Glen Peacock and Ryerson Christie as well as from Rotary's International headquarters at Evanston, Illinois.

Close Race Features School Div. Election

A feature of elections held in Vermilion school division was the heavy vote and close race in subdivision 2 where J. E. Miller of Kitscoty polled 189 votes to win over J. J. Davis of Streamstown with 184 votes. The election was for one year to complete the term of Thos. Clutterbuck, resigned.

In subdivision 4, D. C. McGrath was re-elected for a 3-year term defeating C. Arnot Brown 114 votes to 35.

Mayor Hill Returned; All Civic Positions Filled by Acclamation

No elections are necessary in Vermilion this year as all civic positions were filled by acclamations on Monday, nomination day.

Melvin Hill was nominated for mayor for a further two year term and met with no opposition for that position.

Two vacancies on the council were filled by acclamation also, the two nominated being Clifford J. McCormick and Kenneth E. Rowe, both well known business men.

The governing body of the town will thus be comprised of Mayor Melvin Hill, councillors G. W. Sutherland, C. K. Chalmers, C. E. Thompson, E. A. Locke, K. E. Rowe and C. J. McCormick for the year 1957.

Town representative on the hospital board is Frank Welsh; and the member on the Vermilion school division is Claude N. Brennan.

Parent-Teacher Interviews Invited

As a means of observing Education Week, the staff of the Vermilion Junior High school is inviting the parents to school for individual parent-teacher interviews on school days between March 5th and March 15th from 4 to 5 p.m.

All parents of pupils attending Junior High school will receive letters on Feb. 28th from the classroom teachers. These letters will outline the plans for the interviews.

Parents are under no obligation to arrange interviews but those who wish to do so will be made most welcome by the teaching staff.

V. S. A. Will Present Dramatics Program

The annual 'Play-Nite' program will be presented at the School of Agriculture on Saturday evening March 2nd.

This program which in former years has attracted a good attendance of local people will feature three one-act plays. Roles will be filled by students under the direction of members of the teaching staff.

The set of three plays provides considerable variation in type, setting and characterization. Mr. L. Seath is directing production of a comedy; Mr. K. Stone and Mr. H. Cooper are producing a rural play, while Mr. A. Palin's [illegible] is a more serious drama.

In addition to local visitors, a considerable number of students' parents who will be attending "Parents' Guest Weekend" will have an opportunity to see the plays.

Town Financial Position at Year End Good; Surplus $11,392

Presentation of the financial statement for the year 1956 at the annual meeting by Auditor Mitchell Taylor, revealed that the Town of Vermilion had operated well under its budget so came up at the end of the fiscal year with a tidy surplus of $11,392.07. The Utilities Reserve balance sheet has an amount of some $30,805.79 to the credit of the town with a grant from this fund of $3300, the amount of the interest yearly, to the general expenses of Vermilion.

The statement also revealed that the amount of uncollected taxes was growing to a certain extent, not enough to be alarming but the tendency was there nevertheless. Arrears as at Dec. 31, 1955 stood at $18,787.43 but during 1956 $8,533.70 of this had been collected. In 1956 uncollected amounted to $13,081.44. These with penalties brought the arrears up to $22,246.71 at present.

In 1956 91% of the year's levy had been collected, namely $136,627.20. The complete levy was $149,888.64. The total property assessment was $2,502,185.

All phases of the financial statement were examined in detail. The ratepayers present seemed to like the new form of statement which was prepared by Mr. Taylor in a manner designed to impart more information to anyone interested.

Total revenue for the year totalled $182,309.75 with expenditures of $170,917.68, leaving the surplus of $11,392.07.

Apart from tax revenues the largest receipt was a grant from the Alberta Government of $20,356.73.

Water and Sewer department showed revenues of $46,091.54 with actual expenses of $40,085.73. These latter included debenture debt charges or payments of $9,716.52 on principal and $9853.14 of interest. With depreciation figured at $9348 this left an excess of expenditure over revenue for the year of $3,[illegible].

ATTENDANCE LARGER

G. F. Stephens was moved to the chair with a larger than usual gathering of ratepayers in attendance, 62 being in evidence and two of this number were ladies Mrs. W. L. Roebuck and Mrs. W. F. Stewart. Tom Wilson was appointed secretary of the meeting.

A very satisfactory report was read from the municipal inspector following inspection of the town office books and records. It contained praise for the office staff of Mr. Tom Wilson, Mrs. W. B. Elford and Miss Marjorie Smith.

Councillor G. W. Sutherland led off with his report of the public works committee. Sidewalks had been constructed, road oiling program continued and quite a footage of lanes gravelled.

Harry Scott asked some questions about sidewalk policy as regards costs, and George Martin advocated a one-way street at the Doug Maxwell residence corner before an accident occurred there.

UTILITIES DEPARTMENT

Councillor Keith Chalmers announced that the water conditioner system approved by the burgesses of the town a year ago, would be here in March, at which time tenders would be let for the construction of the building to house the plant. The building would be erected over the town wells in the valley.

Twenty-two new water and sewer services had been installed during 1956. There were now only 8 residences with neither water or sewer, 7 more with no sewer, two business places hadn't these services while 4 had water only.

LIBRARY USE INCREASES

Use of the public library showed an increase during the year with 117 adults and 127 juniors being members. Books taken out numbered a little better than 11,000. This report came under the jurisdiction of Cr. Charles Thompson who also handled the sanitation report dealing with the new garbage can system.

TRIBUTE TO FIRE CHIEF

In reporting for the committee of Recreation, Police and Fire, Cr. E. A. Locke paid tribute to the work of Tom Conboy who had been forced to resign as fire chief due to ill health after eleven years of sterling service. Ken Urquhart had been chosen by the brigade to replace Tom.

In regard to policing the committee meets several times each year with the R.C.M.P. and Inspectors when matters of town policing are discussed.

As to recreation Mr. Locke stated that this winter four outdoor rinks have been flooded as well as the arena for skating purposes. Last summer a recreation instructor was again employed and gave excellent service. Two lifeguards had been kept at the beach during the popular swimming hours.

HOSPITAL BOARD MEMBER REPORTS

The first report given at the meeting was that of the hospital board member, Mr. Frank Welsh. He reviewed briefly hospital finances, and progress towards finishing the huge building project begun some two years ago. This construction is now in its final stages with the renovation of the original wing, built in 1919-20, into a modern home for nurses. The nurses have heretofore been housed in the attic.

The hospital project came under severe criticism, all of it being, unfortunately, too late to be of any value. As Mr. Welsh pointed out, the whole plan had been adopted by the board and commenced before he came on the hospital board, so that he could neither take the blame or 'praise', whatever there might be, in connection with it.

MAYOR REVIEWS YEAR

His Worship Mayor Hill then reviewed the year's activities, generally tieing up the various reports and summing up progress made. He had praise for the members of the council, office staff, and the members of the public works crew with special mention of Superintendent Cecil Weldon, and John Gordey of the public works department.

The Mayor had words of tribute for the invaluable services rendered by retiring fire chief Tom Conboy, at the same time welcoming Ken Urquhart as the chief of the Vermilion Fire Brigade. The R.C.M.P. had given good service and have again been retained for the ensuing year.

BUILDING PERMITS

Mr Hill mentioned that building permits had been low in 1956 but from reports it appears that 1957 would see some major construction in the town. Permits in 1956 totalled 32 to the value of $79,035.

The town council has before it at the present time a new zoning program which is proving a very involved and complicated procedure.

ADVOCATES MORE INTEREST IN CIVIL DEFENCE

The Mayor advocated more interest in Civil Defence and praised George Martin, Civil Defence director for this area, for his efforts in promoting civil defence planning and seeing that many took the civil defence short courses both in Edmonton and at the Canadian Civil Defence college at Arnprior.

In closing, the Mayor noted that progress during the year, while not spectacular, had gone on steadily, and he predicted a continuance of this progress in the year to come.

Mayor Hill's remarks brought forth a number of questions after which J. W. G. Morrison, as one who had been through the mill of councillor and mayor, moved a sincere vote of thanks and appreciation to the mayor, councillors and hospital board member.

Agricultural Short Courses Next Week

The Vermilion Agricultural Society in co-operation with the Provincial Department of Agriculture is holding short courses for farm men and women on Tuesday, Wednesday and Thursday, Feb. 26, 27 and 28 at the Vermilion School of Agriculture, and at the Legion hall, Mannville on Feb. 27, 28 and March 1. A cordial invitation is extended to all interested to attend.

An endeavor has been made to have subjects of real value dealt with by well qualified speakers and it is believed that the time involved would be well spent by those who can afford the time to attend. There is no charge of any kind. Those interested may attend one or more sessions as they desire.

Mr. Bentley, Principal of the School of Agriculture, has kindly consented to provide for coffee breaks at appropriate times, and this feature of the three days should add to the enjoyment at Vermilion.

Identical courses will be held at Mannville starting on Wednesday and running through Friday, March 1st. The Agricultural Society is co-operating with the Mannville organization for the benefit of farmers and farm women of that [illegible].

Programs may be obtained from E. H. Buckingham or from Chester Gamble.

Sudden Death Of Aubrey Rendell

Aubrey Rendell, for many years a well known and active farmer of Wildmere, and for the past few years retired but still living in that district, passed away suddenly in the Vermilion hospital on Tuesday, Feb. 19th. He was 69 years of age.

Mr. Rendell leaves his wife, one sister in California and three sisters in England, to mourn his loss.

Funeral services will be held at St. Saviour's Anglican church, Vermilion, on Saturday, Feb. 23 at 2 o'clock p.m. Interment will be in the Vermilion cemetery. The Rev. K. A. Minchin will officiate. Moyer's Ltd. in charge of the arrangements.

Vermilion Rink Wins Challenge At Lloydminster

Pick of the 64 rinks curling in the Lloydminster bonspiel was a Vermilion quartet skipped by Darryl Currah with Glen Gibbons third, Roger Rowe second and Vern Willis lead. The boys defeated a rink of three Lloyd. curlers skipped by Dobry of Viking in the final of the Grand Challenge, thus going through the 'spiel undefeated.

Juvenile Hockey Statistics Next Week

Because the statistics for the first game played between Kitscoty and Mannville at Kitscoty are not available at the time of writing it was felt advisable to withhold the final resume of individual and team statistics for another week. Watch your next week's Standard for the final standings, the top ten point-getters and the league bad man in the Eastern Alberta Juvenile Hockey league.

Special Program At H & S Meeting

The Home and School meeting will be held in the Junior high school on Tuesday, Feb. 26th at 8 00 p.m. Mr. H. Doherty, principal of the Mannville high school will give a talk on "Health and Personal Development."

A playlet will also be presented by the parents depicting the changes from one generation to another.

Wins Clendenning's "Shirt Trick"

Three more players of the Mannville Legions in the North Eastern Alberta Juvenile Hockey league came up with "Shirt" tricks in their game against the Dewberry Eagles on Saturday, Feb. 9th. For their efforts each of these boys Allan Manz, Allan Swain and Nelson Modin, win a famous "Bluestone" sport shirt, contributed by Clendenning's Family Wear, Vermilion.

Win Challenge At Mannville

Skip Aldous Kent, with Reg. Mitchell, Vic Tillett and Eddie Lyons came home with the Grand Challenge from the Mannville bonspiel. The final was won [from] Shackleton of Ft Saskatchewan.

Pioneer Lady, Mrs. Jean Stephens, Passes On

A resident of the town since 1907, Mrs. Jean Rigg Stephens, widow of the late Henry N. Stephens, passed away in the Vermilion hospital last Saturday morning, February 16th. Mrs. Stephens had been taken to hospital Thursday morning because of feeling tired. On Friday she was resting comfortably but slept peacefully away early on Saturday morning.

A pioneer lady of the town, Mrs. Stephens lived out her life in graciousness and serenity, held in highest esteem and affection by a very large circle of friends and acquaintances. She and the members of her family have played a dominant part in the life of Vermilion since the earliest days of the history of the town, her husband building and opening the first store here in 1904.

Mrs. Stephens came from Glencairn, Ont., and joined her husband in 1907, living here since that early year. Gifted with music she was active in choir and concert work and was ever a staunch supporter of her church.

Mrs. Stephens was predeceased by her husband in April 1926, and by one son Fram in August, 1937. Left to mourn the passing of a loving mother are three sons, Dr. Harry Stephens, St. Paul, Minn.; Dr. Clive and Gerald in Vermilion; and two daughters Miss Margaret in Vermilion and Mrs. R. A. Bowman (Agnes) of Placentia, Calif. There are 8 grandchildren and 5 great grandchildren. Two sisters survive, Mrs. Marion Bravender of Vancouver and Mrs. Martha Wing of Toronto.

Funeral services were held on Tuesday afternoon, February 19 in the First United church, the very large number in attendance was testimony to the esteem and respect held for the deceased. A comforting message was given by the minister, Rev. C. W. MacKay.

A choir led the singing of special hymns with Mrs. A. M. West playing the organ.

Honorary pallbearers were old timers of the town and district, Messrs. A. M. West, H. B. Evans, Howard Baker of Edmonton, J. W. G. Morrison, Dr. H. J. Clarke, W. S. Cash.

The active pallbearers were W. A. Anderson, S. C. Heckbert, G. C. Long, J. R. Boake, N. N. Bentley and A. H. Cooper.

Interment took place in the family plot at the Vermilion cemetery. Moyers were in charge [illegible].

Prov. Leader To Visit Salvation Army

Captain T. Stewart, Provincial leader of all branches of Salvation Army Young Peoples work in Alberta will visit the local Corps Saturday and Sunday, Feb. 23 and 24. On Saturday evening at 7 30 p.m. the Young People of the Sunday school and Corps Cadet brigade will present a variety program concluding with dramatic scenes of the beginnings of The Salvation Army. The Captain will also present the awards for Sunday School attendance in 1956. On Sunday Captain Stewart will be conducting the regular worship services at 11 a.m. and 7:30 p.m. The public is heartily invited to attend all of these services.

Dewberry Ladies Win at Marwayne

MARWAYNE — Sixteen rinks entered the Ladies' bonspiel on Tuesday and Wednesday Feb. 12 and 13. On Tuesday play went on all day except from 5 to 7 p.m. when a hot turkey banquet was served in the community hall by the W.A. of the Anglican church. Following the supper a toast was made to the Queen. All the rinks were introduced by the Secretary Amelia Young, each skip saying a few words. The President Martha Hutchinson read two amusing monologues and Pat Hines played three numbers on the accordion. On Wednesday the warm weather caused the roof to drip so only two sheets could be used but play went on until late into the night to decide the winners.

GRAND CHALLENGE

1st Bowman, Dewberry; 2. Tyler, Kitscoty; 3. Espetveidt, Marwayne; 4. Bell, Marwayne.

SECOND EVENT

1st. Jones, Dewberry; 2. Stuart Kitscoty, 3 Iarrt, Marwayne; 4. Connator Kitscoty

THIRD EVENT

1. Shereyko, Streamstown; 2. Young, Marwayne, 3. Dale, Marwayne; 4. Shaeffer, Blackfoot.

Lucky draw for the raffle was won by Steve Donichuk, Marwayne.

46th Annual Bonspiel Starts At Vermilion Monday, Feb. 25th

Vermilion's 46th annual bonspiel will start on Monday, Feb. 25th and run for four days. The entries are limited to 72 rinks and the first 72 in are the fortunate ones, as entries in this 'spiel have often numbered over the eighty mark. Entries should be in the hands of Secretary Russell Carroll not later than Saturday, February 23rd.

Five complete competitions will be played with the short draw being used as in the past several years. There are five outstanding trophies and four complete sets of prizes for each event.

Last year the Steve Zamlak rink of Derwent won the major event, the Grand Challenge; the Telford Memorial went to Don Laurenceson of Mannville; Vermilion Beverages was won by Jack Park of Mannville; Brunswick Hotel went to Len Manz of Mannville, and the Vermilion Hotel to Fred Braithwaite of Dewberry.

On Tuesday evening, Feb. 26, the curlers' annual get-together will be held in the Elks hall at a smorgasbord from 5:00 to 7:00 o'clock.

BINGO!

The Vermilion Elks Bingo is rapidly coming to an end - only a limited number of cards are now available. 54 numbers have already been called so if you're the lucky one and pick the right card, you could win yourself a smart 1957 Dodge almost immediately.

The Elks lodge needs your assistance at this time in order to make the bingo a success so please lend your support once again.

The number called on Saturday Feb. 16th was under the B 14.

The "Cross" bingo, the X bingo and E bingo have been won. The "Box" bingo has yet to be claimed.

Next number will be drawn Saturday Feb. 23rd.

Conservatives Plan Meeting Dewberry

DEWBERRY.—A Conservative meeting in the interests of John Diefenbaker will be held in the Dewberry Hall on Thursday, Feb. 28th at 8 p.m. Progressive Conservative candidate for Battle River-Camrose, Clifford Smallwood of Irma, will be among the speakers for the evening.

Cam Mitchell Dies At Islay

An employee of the Alberta Wheat Pool for 29 years, Cameron Colin Mitchell, aged 58 years, died in the Islay hospital on February 14th.

Born at Nipawin, Man., Mr. Mitchell came west to Alberta in 1920 and was employed by the Bank of Montreal at Leduc, Red Deer and Islay to which point he came in 1924. In 1928 he joined the staff of the Alberta Wheat Pool at Islay where he served as elevator operator until 1947. He was then transferred to Thorsby.

During his stay at Islay he was active in all community affairs. When informed at Thorsby that his condition was serious Mr Mitchell came back to his home village and hospital.

Mrs Mitchell died in 1952. Surviving are three daughters, Mrs. Yvonne Steinhauer, Edmonton; Mrs. Fred Hoffman, Rimbey and Mrs. Gordon Farwell, Didsbury, four sisters, Olive and Opal, Winnipeg, Mrs. Islay Sherven, Leroy, Sask., Mrs. Doreen McDonaugh, Vancouver, two brothers, Andrew Winnipeg, and Graham, Atikokan, Ont. There are two grandchildren.

Rev. G. M. Hutchinson officiated at funeral services Monday at 2 p.m. in the Andrews and McLaughlin chapel. Burial was in the Mount Pleasant cemetery, Edmonton.

Mrs. Ethel Reed Dies In Victoria

Mrs. Ethel (Pidge) Reed (nee Maggs) passed away on Monday, Feb. 18th at Victoria after a lengthy illness. She leaves to mourn her loss her husband, Mr Frank Reed, four sons and one daughter. The family lived for many years in the Vermilion district.

LOU HICKS OBSERVES 85th BIRTHDAY

Well known pioneer of the area, L. R. Hicks, celebrated his 85th birthday at his home in Vermilion on Monday, Feb. 18.

Bobcats Win First Round Play-downs

Vermilion Bobcats won the first round of the provincial Juvenile playdowns by ousting the Mundare team in a close two-game total goal series by a score of 10 goals to 9. The first game played at Mundare gave the Bobcats a two goal margin as they won 3-1. Playing here Saturday the Mundare boys won 8 to 7.

The Saturday game was an up and down affair. At the end of the first period Mundare led 2 to 1; at the end of the second Bobcats were in front 7-2; at the end of the game, Mundare 8, Bobcats 7.

Scoring for Vermilion was done by Lee Coyne with 3; Bob Waldenberger 3; Wayne Ireland, 1; assists Edwards, Shepanski, Coyne, Mistal, Ford and Callaghan.

For Mundare it was Kamchuk, Ruzicky, Onyskiw, Isinchuk (2), Kuchner, Kostiuk, Sweka.

Bonspiel Winners Decided, Mannville

MANNVILLE. — Good ice conditions, rinks from many different clubs, an excellent banquet, close games with many spectators all helped to make Mannville's men's open bonspiel a marked success.

Thirty-three rinks in all took part, with the following clubs represented: Edmonton, Fort Saskatchewan, Chauvin, Irma, Buffalo Coulee, Vegreville, Innisfree, Vermilion and the home club.

Grand Challenge event got off to a good start at 9 a.m. Monday morning, while the last game in the second and third events was Friday night. The following rinks were successful in taking home the prizes:

GRAND CHALLENGE — 1st, Kent, Vermilion; 2. Allanach, Ft. Sask.; 3. Rosequist, Vermilion; 4. Thumlert, Mannville.

MERCHANTS — 1. Jones of Irma; 2. Chomik, Innisfree; 3. Dellmaky, Mannville; 4. McGreevey, Edmonton.

CITIZENS EVENT — 1. Manz, Mannville; 2. Laurenceson, Mannville; 3. May, Mannville; 4. Croft, Mannville.

Lunches were served at the rink by members of the Ladies' Curling club and the banquet was catered to by the Anglican W.A.'s.

Cuts Firewood On 84th Birthday

(Extract from Bowtell Bulletin)

Peter Cartwright celebrated his 84th birthday on January 29th by going out into the bush and cutting a load of firewood. He hauled the logs home, started the tractor and sawed the wood up into stove lengths. As would be derived from this Peter, who lives in the Union district, enjoys very good health and is a frequent visitor in Vermilion, and is keenly interested in community events in his and surrounding districts.

This brings to mind that another well known farmer, John Arnold of the Bowtell district, is 73 years of age and has cut and hauled home 47 big loads of wood.

The two fine old timers are still very much on the job.

Legion Plans Zone Rally In Vermilion Friday, March 1st

Bob Allan, Zone Commander for the Canadian Legion has announced that a zone rally will be held in Vermilion on Friday, March 1st at 8.00 p.m., and that he has secured several prominent speakers for the occasion. Bill Williams, the Provincial President of the Legion will be the principal guest speaker. Mr Brown, the D.V.A. administrator will also be in attendance. A very interesting program is thus assured and what these Legion leaders have to say will be of great value to all veterans.

The ladies' auxiliary will provide lunch and the meeting will be followed by a smoker. This should prove a very enjoyable evening and it is hoped that all veterans will [illegible] — Friday, March 1st at 8:00 p.m. in the Legion hall.

A MATTER OF CONCERN—

In ordinary conversation we realize when people gather, discussion will turn sooner or later to school matters, usually local schools, our own children, teachers and the curriculum. With this evident interest in education it is always surprising that only a fraction of one per cent of those who could, attend the annual school meetings. At the annual meeting of rural districts of the Vermilion school division held on Feb. 9th, eleven electors attended; three of these were ratepayers at large, all the remainder were officials or members of the local board, at the annual meeting of the Vermilion local district on Wednesday evening, nine turned out with no one present not directly concerned with teaching or the board. Not a very good interest or encouraging sign. From a business point of view [illegible] people. On the occasion of the annual meetings this year board members were particularly anxious to obtain the reaction of people generally to the proposed building plant, but can only do so to find that no one has any suggestions or complaints and that everyone is 100 per cent satisfied with the school administration.

The month of March is Red Cross month throughout Canada. Your help is needed now- be generous.

The Editor,

Dear Sir:

In a recent issue of this paper I read of the intention of the Municipal Council and Agricultural Service Board to include boars under the Pure Bred Sire Area regulations.

As a livestock producer and tax payer I would appreciate an explanation of this whole policy by any party of these two groups.

I have been questioned by a few neighbors in this regard and there are several aspects of this not clear to us.

1. Must all boars kept in the area be registered as is the case with bulls?

2. Can permission to enter on private property be secured for the purpose of inspection?

3. Can these regulations be enforced that have there been any convictions under the present by law?

4. Does it not imply a false and unrealistic value to a registration paper?

5. Would it not be better to let pure bred livestock sell on its own merit and give purchasers the price reduction without strings attached?

6. Is it not distasteful to the many democratic minded of our local government to support a regulation that violates as to dividuals freedom on his own property?

MORE NEWSPAPER FOR STANDARD SUBSCRIBERS

For some months past subscribers to the *STANDARD* have been receiving more news for their money as the size of the paper has been increased. The page is now seven columns wide instead of six, and is two inches longer, conforming to modern trends in newspapers. Thus in a twelve page issue such as this the reader obtains 12 extra columns plus the additional length which amounts to practically one column per page. Subscribers have thus been more than recompensed for the small increase in the price of a yearly subscription that took effect October 1, a larger newspaper containing advertising of importance to every local and district resident and containing news of things you do and all about the folks you know, coverage given by a local newspaper only

GETTING BIGGER

Canada is growing at the rate of 48 persons every hour, 24 hours a day, points out The Financial Post Business Survey. Dun and Bradstreet population increase was 36,450. Experts predict Canada's population to pass 17 million within 19 months. By the beginning of 1957 estimates place the total at 16.3 million, which is also the 1956 gain 3.3% or 526,000. This compares with annual increases of 378,000 in 1955 (2.5%) and 404,000 in 1954 (2.7%).

As a breeder of pure bred livestock I am always in competition with farmers who do not use pure bred sires and need this competition to prove the value of pure or known lines. It's often noted, especially in the production of hogs, that so-called "commercial" stock has more vigor and liveability than registered stock. Since this is more important to some farmers than grading why should we interfere?

Many bred livestock breeders have been blamed for promoting this Pure Bred Sire Areas and I point out that it is not true.

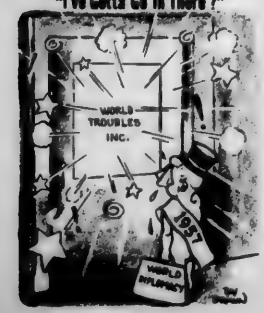
I write not to question the value of good breeding stock but to point a finger at a very undesirable trend. There seems no end to the nooze of restrictions that can close about agriculture when someone in authority decides that good farming practices can be legislated into a district.

If there is a case or justifies then the Pure Bred Sire Areas (outside of improvement districts) will someone please come to its defense"

Yours very truly,
Ideal Producer

Getting Bigger

Toronto's three daily newspapers are "thinking" about publishing Sunday editions, says The Financial Post. The Telegram apparently is farthest along in the process, followed by Globe and Mail in that order. Ontario Legislature would presumably make any necessary changes in the statutes to permit Sunday publication



Funeral Services Are Held For Mrs. Geo. Whitson

MANNVILLE—Funeral services were held on Saturday, Feb. 9th from the United Church, Mannville for Mrs. G. Whitson who passed away at the age of 63 after a brief illness. Rev. T. Holder officiated and interment was at the Mannville cemetery. Pallbearers were Messrs. Maurice Mercer, Emmett McLaughlin, Robert McCauley, Milton Finlay, Bill Mercer and Willie Reed.

Mr. Holter paid tribute to Mrs. Whitson in his address, quoting from the poem "Little Old Lady Passing by", which could almost have been written for her. She was, he said, a pioneer in the true sense of the word and he read from her own story of the early days and some of her experiences, tribulations and joys of those days before Mannville was a village. She was cheerful and bright under any circumstances. Mr. Holter paid tribute to her kindliness and love and her zest for living; she was interested and active in civic, church and social affairs right up until the night she suffered a stroke.

Part of the service in the church was taken by members of the Eastern Star lodge.

She leaves to mourn, four sons Hector of Pincher Creek, Leo Ile of Edmonton, Harold and Russell of Mannville; two daughters, Mrs. Mabel Majeau and Mrs. Florence Bedard; 21 grandchildren and 7 great grandchildren; two sisters, husband predeceased her in 1953 and one son, Clarence, in 1927.

Many beautiful floral tributes as well as memorial and cards of sympathy were received.

"HELLO, HOMEMAKERS"

HELLO HOMEMAKERS

The arrival of seed catalogues heralds the approach of spring. We leaf through them slowly, dreaming of a summer ahead. Turn dreams into constructive planning and the results will be a more attractive home in the summer and more variety in the winter menus.

WIDEN YOUR HORIZONS!

Did you know there are thirty-five vegetable varieties which will grow well in this area of Alberta? How many varieties do you grow? There are also numerous ways of preparing these vegetables. Just think how many new ideas you can add to your menus!

COLOR OF THE LANDSCAPE

Besides vegetables there are many flowers and shrubs you can grow. They will add color and interest to your farm and home yards. Plan your flower beds for season long color and beauty. A little time spent in studying the seed catalogues will tell you when certain flowers will bloom and what size they are expected to reach.

Make your garden project a family project for beauty and economy.

CLEANING TIPS FOR FER.

Have the men around your house put four casters on a board big enough to hold your scrub pail. Saves unnecessary lifting to move the pail.

To clean dog or cat hairs off furniture, wring a rubber or silicone sponge out in cold water. Rub this over the upholstered furniture or rugs. It picks up loose hairs and lint.

To clean smudge marks from woodwork and obtain a nice shine, use half pail of lukewarm water with a tablespoon of liquid wax added to it.

Have you a favorite recipe you would like to share through this column. Just send it to me in care of Box 31, Walsworth or bring it to my office when you are in town. If you live near Vermilion you could leave it at the Department of Agriculture office there.

ALISO—METCALF

Miss Margaret Ann Metcalf, daughter of Mr. and Mrs. L. R. Metcalf of Vermilion, recently became the bride of Mr. Laurie Oswald Aiho, son of Mr. and Mrs. A. Aiho of Thorhild, at a colorful afternoon ceremony at Knox United Church. Rev. R. Clegg officiated in a double-ring ceremony before an altar banked with spring flowers and silver candelabra.

Given in marriage by her father the bride chose a full length gown of sheer French illusion lace over pearly white satin. The fitted bodice of the gown was designed with short capped sleeves and standing lace collar. From a fitted seamline the bell-shaped skirt widened to the floor. Her matching lace mittens came to flip-points at the wrists and a floor-length fingertip veil of illusion was caught to a matching headpiece, with sequins and pearls in teh sequins. She carried a cascade bouquet of deep pink Delight roses, with Calla lilies and spikes of hyacinth.

Attending the bride, the maid of honor, Miss Vera, sister of the groom, wore a strapless waltz length gown of azure blue net over blue satin, with matching stole.

Miss Beverley Campbell of Edmonton was the bride's maid. Both maids assisted as bridesmaids, wearing waltz length gowns of azure blue. The attendants of the bride carried semi-cascade bouquets of frosted white carnations and spiked hyacinth, with matching head-pieces.

Mr. Leo Aiho attended his brother as best man. Ushers were Mr. Howard Metcalf, brother of the bride, and Mr. Art Bergquist of Calgary.

"The Wedding Prayer" and "O Promise Me" were sung by Miss Krieger of Lamont to the accompaniment of Betty Simmons at the organ.

For her daughter's wedding Mrs. Metcalf chose a tan suit with yellow and brown accessories, with a corsage of yellow sweetheart roses. Mrs. Aiho, mother of the groom, wore a brown check dress trimmed in white with brown accessories. She wore a corsage of pink sweetheart roses and hyacinth.

At an early evening reception at the Park Hotel, Dr. Young of Lamont proposed a very fitting toast to the bride which was aptly responded to by the groom.

For their honeymoon to Spokane and Seattle, the bride donned a blue dress coat, with picture hat, matching gloves, tan shoes and bag. Her ensemble was attractively completed by a corsage of white catalia orchid.

Mr. and Mrs. Aiho will reside at New Sarepta for a few months and then make their home in Calgary.

Men Who Make Alberta

THE CONSTRUCTION WORKER

The rapid, almost unbelievable growth of Alberta and her towns and cities since the beginning of World War II, has made necessary a huge program of construction of homes, buildings, power plants, highways and bridges.

Without this work, and without the men skilled in the use of the machines and equipment necessary to do it, our expansion and economic growth would come to a tragic stop. People cannot live without shelter, industries cannot operate without power and commerce cannot exist without the means for communications and transportation.

The men behind the construction jobs are a rugged breed. As well as their skill, they are called upon to provide to their jobs their honest sweat and at times their courage as well . . .The building of a new and growing country cannot be left in the hands of weaklings. Even in this age of machines, brawn and fortitude are required.

We all owe a tribute to these shock troops of civilization . . . the men who build what others are so glad to use, the monuments to civilization that are transforming the face of this province and giving us all a better, more comfortable way of life.

PEOPLE ARE OUR GREATEST NATURAL RESOURCE

Report from The Alberta Legislature

— By REN MASON —

EDMONTON There were few major surprises in the Throne Speech read at last Thursday's opening of the legislature, but there were enough vital issues outlined to guarantee an interesting session.

Lieutenant-governor Dr. J.J. Bowlen officially opened the session and read the speech which contained the usual sketchy outline of the province's financial and planning's government proposes to introduce.

The speech forecast a farm credit union to provide capital loans for young farmers, a new hospital treatment plan, further funds for irrigation projects in southern Alberta; a revision of the Labor Act to include pay for equal work, and establishment of a commission to study northern development.

It also promised a revolving fund to assist rural municipal telephone companies, and said more power will be appropriated for the rural electrification revolving Fund.

LEARNING IS TO MEET CURRICULUMS

A body will be set up to study major curriculum changes in high schools and secondary high school programs, teacher training nurseries will be extended, and the government will consider the possibility of a uniform salary scale for all teachers employed by school districts, divisions and counties.

PUBLIC HEALTH PROGRAM

The public health program will be enlarged, with new regulations to control the hazards of radiation and air pollution. The Salk polio vaccine program will be extended to make the protection available to all Albertans under 21 years by the spring of 1958.

NEW CANCER CLINIC

A cancer clinic will be built in Calgary, a virus research addition will be built to the provincial laboratory in Edmonton, and an institution will be erected for the treatment of emotionally disturbed children

TAX ON INSURANCE PREMIUMS

The government will introduce a tax on insurance premiums, expected to earn about $1,500,000 annually It would replace a tax field recently vacated by the federal government Certain taxes under the Amusements Act will be repealed

There also will be a revised and updated Oil and Gas Resources Conservation Act, and the speech promised extension of mothers allowance benefits to mothers whose husbands are in tuberculosis sanatoriums or have voluntarily committed themselves to mental hospitals.

The speech contained only the vaguest notion of what are expected to be some of the livelier issues and neglected others altogether

LIQUOR CONTROL ACT

It merely hinted at possible changes in the Liquor Control Act by saying the report of the special eight man liquor committee will be presented.

PROVINCIAL MUNICIPAL REVENUES AND RESPONSIBILITIES

There was no mention of the proposed provincial - municipal revenues and responsibilities, started last year will be continued this year. Sweeping changes are expected eventually, but only minor legislation is anticipated this year. For example, red tape will be eliminated from about 20 municipal acts which requires government approval before local councils can take action on matters "which properly come within local jurisdiction"

FARM CREDIT UNION PROGRAM

The proposed farm credit union program is seen as a compromise offer to farm groups which have been asking the government to make loans available to help young farmers become established.

Officials say the scheme will call for a contribution from those who want to borrow money for land. Its operation would be similar to that of hundreds of regular credit unions in the province

HOSPITAL TREATMENT PROGRAM

The new hospital treatment program would be a modification of the existing provincial-municipal plan. It would cover everyone in the province, at an additional cost of about $5,000,000 a year, and would be designed to fit in eventually with the proposed federal-provincial plan.

EQUAL PAY FOR WOMEN

Changes in the Labor Act providing equal pay for women who do the same work as men, would be in line with requests made by labor and women's groups over the past few years.

All of these things add up to what could be a long and heavy session for the 61 members of the house. Most of the major issues have been revealed by government officials and the session opened, but there are enough controversial items to spark some peppery debate.

One paragraph of the speech in particular, which says nothing definite but could mean a great deal, may have local repercussions. It says the government believes "it is of the utmost importance in the reorganization of provincial municipal responsibilities and the allocation of revenues accruing from . . . natural resources that all practical steps be taken to improve the financial position of the individual and municipalities between his dependence on the state for social and economic security."

Translated from official doublespeak, the paragraph means the government still is considering giving the population a direct share in the profits from natural resources. Premier Manning has often referred to the possibility of paying "citizens' participation dividends."

Does the mention in the speech mean some action will be taken this year? No one is saying for sure. Will it mean questioned about it, ministers and members maintain strict silence.

OPENING CEREMONY

The lieutenant governor was at home Cal week recovering from an attack of influenza which kept him in hospital for about two days But he couldn't be kept away from the opening ceremony and donned his full dress uniform, heavily decked with gold braid, to be on hand

The opening was carried out with all the traditional color and ceremony A 15-gun salute was fired to the governor arrived to the limousine accompanied by his military aides. He took the salute from an air force guard of honor in the flower-decked main rotunda of the Legislative Building before entering the crowded assembly chamber to read the Throne Speech

More than 600 persons watched the opening including some 300 invited guests who later attended a tea given by Mrs Manning and wives of cabinet ministers

An added bit of formality this year was the swearing in of a new member He is Galen C. Norris Social Credit who was successful in a by-election in the Stettler riding last fall He succeeds late John F. Clark who was unopposed in the by-election

Mr Norris seconded the reply to the Throne Speech on Friday, the second day of the session. The offer it was moved by Arthur Hobert, Social Credit member for Calgary.

On Monday of this week, the Throne speech debate was launched by J. Harper Prowse Liberal opposition leader

Benefit Dance Is Well Attended

The benefit dance held at Bowtell on Feb. 12th in aid of Mr. and Mrs. Alf Robinson was well attended and a nice sum was turned over to them. The Bowtell community would like to take this opportunity to thank the following for helping make this dance a success: Mr. and Mrs. Funnell and Mr. and Mrs. Horpestad, Mrs. A. Burton, J. Miller, O. Repp, Tom Roth, Don Wilson. Also the following stores for their kind donations: Craigs, Stephens, Co-op., Kupin's, Jarock's, McLaughlin's, Shop-Rite, Nelson-Hill, Northern Hardware, Long's Drug Store, Boake's Drug Store, Vermilion Bakery, Vermilion Standard, and Bowtell Community Association.

CARD OF THANKS

We wish to express our sincere thanks to all of our neighbors and friends who in any way helped the night of our fire, with special mention of Mr. Logan Gow and George, and Mr. John Nelson for calling the fire department and obtaining help, and letting us know of the fire.

We would also like to thank the Busy Bees for the wonderful shower and thanks to Mrs. Repp for the use of her [illegible] for the shower, and to the Bowtell community for the benefit dance. The action of the orchestra in donating the music is also deeply appreciated.

Thanks are extended also to the people of the Kokmee and Tolland districts for their generous donations, and to Mr. and Mrs. McLean of Kokmee and Mr. and Mrs. Lysons of Tolland for collecting.

Many thanks to all who have given so many wonderful parcels. Such kindness will never be forgotten.

Alf and Gladys Robinson.

KITSCOTY

Miss Arlene Joy and cousin Miss Lena Davies of Edmonton spent the week end here with Arlene's parents Mr. and Mrs. Henry Joy.

Edmonton visitors last week end were Mr. and Mrs. Russell Sutton and Miss Margaret Miles, and Mr. and Mrs. Joe Cooper.

Mr. and Mrs. Chas. N. Grey, Mr. and Mrs. Ken C. Gray and family all attended Mr. C. H. Gray's brother's funeral in Edmonton on Saturday. Sincere sympathy is extended to them in their bereavement.

Mr. R. M. Mathewson of Edmonton is spending a few days here with Mrs. Mathewson.

Pleased to report Mrs. J. C. Potter and Mrs. C. K. Miller are home from the hospital. Best wishes are extended to Mr. Ev. Miller and Mr. Elmer Lang, who are patients in Lloydminster hospital.

We regret to report the passing of Mrs. Mary Miller in an Edmonton hospital last Friday after a long illness. Sincere sympathy is extended to the family in their bereavement.

Mr. and Mrs. Arthur Hale are spending some time in Edmonton with their daughter and son-in-law, Mr. and Mrs. E. Cottagen and family.

Congratulations are extended to Mr. and Mrs. E. Cottagen on the birth of a son on Feb. 15, a brother for Glenn.

NEWS from ISLAY

Come to the Carnival Friday Feb. 22nd. All the sports events and the judging of the floats will take place on the ice beginning at 1:30 p.m., weather permitting. All other events will be held in the hall in the evening. Junior and elementary costumes are to be judged at 8 o'clock and Junior high and adults at 12 midnight.

The Moncrieff family visited the Cosh family at Preston school on Sunday afternoon.

The Home and School Association sponsored a whist drive and dance Friday night. There was a fine attendance, many coming from Dewberry and Kokmee for the cards. Winners were Ladies' 1st, Mrs. Patsy Robertson and consolation Mrs. Carlson; Men's 1st, Bill Axley, consolation Bill Bowman of Kokmee.

The Home and School Association met Tuesday Feb. 12th. The program was interesting, each of the executive had a part to provide and Mr. Martin had Mr. McGuigan give a partial report on Civil Defence as he learned it in the east. Some of us didn't sleep too well after but all of it is necessary. The annual meeting of the school was held at the close and by that method a good attendance was had because all waited for lunch. A fourth room was needed they felt. The two trustees appointed are Ken Reid for a three-year term and Jim Horricks for the two-year term finishing Charlie Robertson's term. Mr. Moncrieff gave his report. We find that our attendance is high and doesn't appear to lessen. A fine constructive bit of criticism was delivered by Chas. Robertson when he said "Usually we think of the larger schools having the best instruction but when Mima went in to the city school the teachers there said she must have had an excellent instructor as she was 'tops' in her grade 9 work. Her instructor was Mr. Merlin Moncrieff.

Mr. D. Martin and Mr. R. Anderson attended Presbytery at Bonnyville Monday Feb. 18.

Mr. and Mrs. Bill McLean and children spent the week end at Mannville visiting Mrs. McLean's parents.

Miss Erva Sweet, nurse in training at Lamont is home on holiday.

The community was saddened last week with the passing of C. C. Mitchell who had come here for a medical check and rest. He had been a resident of Islay for many years, first in the bank and later as Pool elevator agent, going to Thorsby in 1948. He died in the Islay hospital.

On Sunday guests for dinner at the home of Mr. and Mrs. Caro were daughter Bertha and Mrs. Van Oss and three children of Lloydminster, Mr. and Mrs. Freestone and two daughters of Borradaile.

Billy Axley Jr. had a birthday Feb. 17th, he was three years old and celebrated Monday when ten little friends were in to help him. A gay time was had and a cake with three candles. Jean survived!

Mr. Frank Hutchinson was in town Saturday, he says they like Edmonton. Looks as if they won't be back to the farm as he was down to either rent or sell the farm.

A donation to the U.C. Building fund in memory of the late Mr. C. C. Mitchell was received from Mr. and Mrs. Milton Christoffersen of Kitscoty. It came to the church secretary.

ANNOUNCING TO THE RESIDENTS OF ALBERTA

Financing Plan of THE ALBERTA GAS TRUNK LINE COMPANY LIMITED

The Alberta Gas Trunk Line Company Limited has been set up by an Act of the Legislature of Alberta, to build, operate and own the pipeline system which will be the vital connecting link between the gas of Alberta and the Trans-Canada Pipe Lines Limited system. The Company's first operation will be the construction of its $10,963,000 line to the Bindloss and Provost areas, from which Trans-Canada will draw its first gas next Fall.

FIRST PUBLIC SHARE OFFERING CONFINED TO RESIDENTS OF ALBERTA

To insure that the people of Alberta are given the opportunity to invest in the pipeline and participate in the development of Alberta's Gas Resources, the Company has adopted the policy of restricting this offer of Class "A" common shares to bona fide residents of Alberta.

This Issue: 2,552,320 Class "A" common shares

Arrangements have been completed to raise approximately $12,750,000 through the sale of 2,552,320 of its Class "A" common shares to Alberta residents. The offering price to the public will be $5.25 per share.

How to Purchase Shares

Bona fide residents of Alberta who wish to obtain shares are invited to place their order with any Registered Alberta Investment Dealer, Local Banker or Provincial Treasury Branch. For such orders to receive consideration, full payment must be made at the time of ordering, and orders must be placed prior to close of business Saturday, March 2nd, 1957.

Kitscoty Monarchs Top Hockey League

KITSCOTY — Kitscoty Monarchs won a decisive victory over the Vermilion Bobcats last Tuesday to capture first standing in the Eastern Alberta Juvenile League.

Although the Monarchs were short-handed and had only one line for play, their determination and ability to play rugged but clean hockey, enabled them to over power their opponents who were greater in number.

The first period ended with Kitscoty taking a 2-1 lead and the second ended with a 2-all tie. However the Monarchs came back in the third to win by a score of 4-2.

Edward Gerrits, proved an inspiring asset to his team-mates getting one goal and one assist.

Jim Welland was a big point getter for the Monarchs, paving the way with two goals.

Defenceman, Lloyd Frankie, clinched the game with his fine stick handling and unassisted goal in the last period.

Vermilion goals were scored by Coyne and Ford, and although the Bobcats put up a stiff battle, proved no match for the Monarchs.

Referee, A. McGladrie, handed out only one penalty to each team during the entire game.

The Kitscoty line-up was as follows: Goal, Mason. Frankie and Venner Conarroe, Gerrits, Welland, Tipper, Rayson, Laird, Potvin, and Sheppard.

The support of loyal fans keeps the team in good spirits.

Let's see everyone out to cheer the boys on to victory in the play-offs.

SQUARE NOTES From Circle 8

February 16th was the second biggest night in Vermilion's square dancing history exceeded only by our Jubilee dance. Over 400 dancers and seven callers gathered to help Johnny Maxwell celebrate his birthday. Visitors came from miles around with a whole square travelling from Edmonton, a square from Provost and many from Sedgewick, Lougheed, Warwick, Hayter, Hillmond, Marshall, Lloydminster, Blackfoot, Kitscoty, Heinsberg, Clandonald, Derwent, Elk Point, Myrnam, Mannville, Minburn, Paradise Valley, Wainwright, Hazeldine, McLaughlin, Bawlf, Rivercourse, Greenlawn and Albert.

Our next dance will be held in the Elks hall on March 2 with Harold Schacher doing the calling and two weeks later on Mar. 16 Jimmie Lindsay from Edmonton will be our guest caller. For these dances the members of the Circle Eight will please remember to bring sandwiches as there will be no pie (we ate it all on the 16th — 160 pies and 12 gallons of ice cream!)

THE STAGETTES

There was a job to do for everyone at Stagettes Tuesday night, Feb. 19th. Although not too much progress was made, but now that everyone has a fair start and Kay passed the count of seven the next handicraft lesson will continue in silence to the tune of Guy Lombardo or Elvis at least until someone gets off the beaten path and starts counting all over again. Tania and Eileen worked on the Log Book which is almost up to date now, it was hard telling who was doing the supervising, from the writer's point of view it should rate second at National this fall. Speaking of prizes, we expect Kay to take honors again at the fair this summer with her needlepoint, now that we have established what it is she is doing, "Wild Alberta Roses" in picture form. Ann is another prospective exhibitor, and is working on a very interesting project, more about that later.

After two hours of work the hostess served a very delicious lunch. Thanks Eileen.

The next meeting will be on March 5th in the club room. We hope our president will be back from holidays and the secretary feeling fine by that time. Keep counting gals!

Mannville Legions Close Out Schedule On Winning Note

MANNVILLE — The final game of the season's schedule for the Mannville Legions and Dewberry Eagles was played in Dewberry on Tuesday evening, Feb. 12th. The Legions took the measure of their hosts to the tune of 6 to 2. Although there was nothing at stake with regards to the league standings both teams played hard and gave a very pleasing exhibition of hockey.

The Legions' defence played a heads-up game and gave Scoggins a much less busy evening than he has had in previous games. The clearing and carrying of the puck out of their defensive zone was being well done all night. The pony line of Gerhart, Manz and Croft came up with their usually fine game and for still being of Midget age this trio show up very well in the Juvenile league. Every forward worked hard and forechecked the Dewberry team relentlessly with the result that Jones who usually runs wild in a game, was held pointless.

If the Legions keep up this style of play from here on in, a statement made by this writer earlier in the season that Mannville will be the team to beat in the play-offs, may well prove to be true.

PLAY OFF GAMES

The semi-finals between Kitscoty Monarchs, the league's top-place finishers, and the third place Legions commenced Sunday, Feb. 17th at Kitscoty, the next to be played Saturday Feb. 23rd at Mannville. The third if necessary will be at Kitscoty on Sunday, Feb. 24th.

VALUABLE PLAYER AWARD

The sponsors of the Canadian Legion Memorial trophy for the Legions most valuable player award must now make their selection and this could prove a difficult assignment. Action in the play-offs does not apply for this award but only season and league schedule play form the basis of decision. It is hoped next year to have the Mannville fans ballot for this award.

Following is the statistical standing for the Legions at the end of the league schedule:

PLAYER	G	A	Pts	Pen
Manz	15	8	23	2
Swain	14	5	19	20
Croft	8	10	18	6
Prior	5	6	11	18x
Gerhart	4	6	10	8
Modin	4	3	7	0
Bury	2	3	5	2
Willes	2	2	4	6
Kufeldt	1	3	4	0
Ponto	2	1	3	2
Kurylo	1	2	3	2
Hasinoff	0	3	3	8
Keuschnig	1	0	1	2
Winters	0	0	0	2

Scoggins in goal allowed 54 shots past him for a G.A. of 4.5 per game.

1x — indicates 10 minute misconduct added to other penalty times.

Mannville Wins Semi-Final Opener

MANNVILLE — Displaying power in every department, the Mannville Legions climbed all over an under-staffed Kitscoty Monarch crew for a decisive 12 to 1 win in the first game of a best of three semi-final series in the Eastern Alberta Juvenile League play-off.

The Kitscoty team were limited as to man power, but notwithstanding this the Legion attack was not to be denied. A power-house line of Ponto, Schreyer and Holding accounted for eight of the Mannville goals, and Holding with four assists and Schreyer with 3, tallied up a point total of 8 and 6 points respectively for the game. The pony line were also in on the scoring summary as is usual in any Legion action.

The defence played a much improved game and their efforts show up in the lone goal scored against them. The entire team is to be congratulated for this game because it was entirely a team effort. It must be a great feeling for a coach to see his charges perform in such a manner and a lot of credit is forthcoming to Leo Kreller for his work with the boys in this league. He has given unsparingly of his time and efforts towards hockey in Mannville, and this season more particularly toward making the Legion's entry a real league contender.

Next game of the series is slated for the Mannville rink on Saturday, Feb. 23rd and a third game, if necessary, the following Sunday.

Buys Herd Sire From Robinson

Mac and Jack Rowan, Shorthorn breeders of Plenty, Sask., recently acquired a new herd sire when they bought Glenrobin Favorite 15K from W. L. Robinson & Son, Vermilion.

This new bull will be two years old in April. He is well developed with a good head, thick fleshing and sturdy legs. He is sired by Killearn Landmark and is a full brother to Glenrobin Lady [illegible] Reserve Grand Champion [illegible] at Saskatoon Jubilee show in 19[illegible].

CHATSWORTH CHATTER

After enjoying a very pleasant January with one or two short lived cold spells, February is dishing out some rather winter weather at time of writing. Practically all roads are open for motor traffic and with the warmth of the sun, winter seems almost over. During the past week or two cattle have been out grazing on stubble and pasture, certainly some difference to a year ago now.

Mrs. Noel Garnett and little son Glenn, spent last week visiting at the home of Mrs. M. Farkash, Mrs. Garnett's mother.

The February meeting of the F.U.A. local was held at the school on Friday the 15th with Mr. Buckingham present as guest speaker. His talk on "Forage Crops" was attentively listened to by the crowd of some fifty people young and old. Due to a previous engagement Mr. Hozack was unable to be present to show films much to the disappointment of all especially the children. However it is hoped that a showing may be arranged for some future meeting. J. Farkash Jr. and R. MacDonnel are responsible for plans for March meeting. Lunch was served at the conclusion of the meeting and an enjoyable visit was spent over the coffee cups.

A whist party is to be held at the school on Friday evening 22nd under the auspices of the Community club. It is hoped that a good crowd will turn out. There will be prizes and lunch is [illegible].

"you can't beat experience"

For 26 years Cominco has been supplying Prairie farmers with fertilizers developed and manufactured in Canada to meet the needs of Prairie crops. You can't beat experience . . . and more than a quarter of a century of fertilizing experience stands behind every bag of Elephant Brand.

A continuing research program at Cominco has kept pace with changing needs and new fertilizing techniques. New products—better Elephant Brand fertilizers for every crop and soil are constantly being developed. And the effectiveness of every fertilizer in the Elephant Brand line has been proven by thousands of field tests and demonstrations.

For help with your fertilizer problems and to ensure you have the right fertilizer for your needs, see your Elephant Brand agent. Use his years of fertilizing experience as well as the experience of the Elephant Brand district supervisor, a trained agriculturalist. Make sure you get the first and finest fertilizers — and the best experience — in Western Canada!

Facts About The Canadian Hungarian Relief Fund

Canada through the Canadian Red Cross is playing a major role in the Hungarian Relief operation in Austria and Hungary. Financial support is vital now if Canada is to assume its share of the humanitarian needs of these brave people.

All money donated to the Canadian Hungarian Relief fund will be used to assist victims of the revolt in Hungary and the refugees in Austria.

Donations are valid for income tax purposes.

The fund is being administered by the Canadian Red Cross Society.

In Austria — Fund receipts will provide clothing, food, drugs and care for 45,000 refugees not accommodated in 26 Red Cross camps.

In Hungary — Fund receipts will provide food, clothing and drugs for victims of the revolt. Relief supplies there are being distributed by the Hungarian Red Cross under the supervision of the International Committee of the Red Cross, the traditional neutral intermediary in time of conflict. Relief supplies are warehoused in Vienna and go to Budapest by truck, rail and barge. ICRC convoys make regular trips from Vienna to Budapest with loads of food and drugs. Clothing and hospital supplies are sent by rail and barge.

The 45,000 refugees in the 26 Red Cross camps represent 65 per cent of the refugees in Austria. These are the larger establishment and their accommodation ranges from 500 to 3600.

The Canadian Red Cross now has three medical-social welfare teams in Austria handling the administration of three camps.

A team of four Canadian Red Cross nurses is handling nursing services for refugees at Canadian staging camps in The Netherlands.

The objective of the Canadian Hungarian Relief fund is $500,000. On Jan 22 donations had reached $422,601 or 84 per cent of the objective. A similar American Red Cross appeal raised over $5,000,000 in two months.

MARWAYNE NEWS

The High School hockey team won over Paradise Valley by a score of 4-2 in Marwayne Wednesday Feb. 13th.

The Home and School meeting held Wednesday, Feb. 13th had a very good attendance. Visitors were present from Islay, Dewberry and Tullaby Lake Associations. The guest speaker, Mrs. Hunter, was unable to attend. There was however a lively discussion on the teacher housing problem in this division. After hearing from speakers of the different points it was quite agreed that the housing is inadequate and far behind other divisions in the province. Three films were shown. Miss Baldwin's room won the "Free Reading Book" for the second time, for having the most parents present. Military whist and Cribbage will be played at the

WILDMERE WINKS

In our chat with friends in the last notes we should have included Mrs. R. Mead and Mrs. D. McGrath. We are pleased to hear Mrs. McGrath Sr. is feeling quite well this winter.

On Friday evening the Wildmere Beavers Girls' club had a Valentine party at the school where a nice crowd gathered. Cards and games were enjoyed followed by a delicious lunch served by the girls and their supervisor Mrs. R. Dibben. All in all it was a very pleasant evening.

Rev. Minchin held service on Sunday at Preston Central with a fair attendance. Fred Haines read the Scripture and Rev. Minchin gave an interesting sermon on how one can serve the church. He will hold service again on March 3rd.

A [illegible] large crowd attended card party in the school on Friday, Feb. 22nd. Ladies bring lunch. Everyone welcome. Admission 50 cents.

The Brown family, Edmonton, were home on Saturday to help the other members of the Sonley family celebrate Mr. Sonley's 81st birthday.

Mr. and Mrs. Clyde Allen and family and Mrs. Lucas spent Sunday at Evesham, Sask., visiting friends near their former homes.

Muriel Craig was home from Lamont for Sunday. Mrs. Chas. Boyce and Donald attended the Ice Capades in Edmonton.

The Handicraft group under Mrs. Anderson's leadership meet each Wednesday evening at the homes of the different members. All ladies are invited to attend and learn about any handicraft one is interested in and wants to learn. Call Mrs. A. Fairbairn or Mrs. Gudzowaty for further information.

Don't forget the Altar Society of the Roman Catholic church are holding a tea and bake sale next Saturday, Feb. 23rd from 3 to 6 p.m. in the Legion hut.

Service in the United Church next Sunday at 7:30 p.m., conducted by a minister from Lloydminster. The Explorers will hold their "Family Night" program in the church on Feb. 28th at 7:30 p.m. Everyone is welcome to come and bring all the family. The C.G.I.T. will have a film "The Sun Never Sets" at the service on March 3rd.

the annual meeting held at Kitscoty Saturday last. The amount of material there is to cover it should be a two-day affair now.

Wildmere W. A. held their February meeting on Wednesday last with a good attendance and one visitor, Mrs. George Harrison of Battleview W.A. Four ladies joined, Mrs. W. J. Garnett, Mrs. W. T. Garnett, Mrs. Rendell and Mrs. R. Dibben. We now have sixteen members.

President Mrs. Holte was in the chair and opened the meeting with our theme and a prayer. Mrs. A. Smith had the devotional period "How to be attractive", not only for ourselves but for Jesus. The ladies plan on holding an Easter service. Our secretary, Mrs. R. Dibben felt that being treasurer too was too much for one person so Mrs. A. Smith was elected to fill the latter position. At our [illegible] meeting Rev. MacKay [illegible] Mrs. Wear are to attend.

Gary Cruthers spent Sunday at his home in Wildmere returning to Wainwright that evening.

At the trustee election on Friday Mr. Duff McGrath was re-elected, a job he has faithfully filled for several years.

Several rinks from our corner are curling in the Buffalo Coulee bonspiel this week.

Quite a number attended the dance at Thornclife after the girls' party was over here. A nice crowd attended there too and a good time was enjoyed. Fortier and Young furnished the music. How do you like the new name you got that night folks? Charlie Sweeney was M.C.

J. C. Wallington and Mrs. W. J. Garnett are the two contestants running for the hospital board from our district. Election will be held in March.

We were in town on Friday last week and talked to Mrs. J. Grant Sr. of Clandonald, Mrs. Williamson of Claysmore, had a cup of tea with Mrs. J. Powell of Turkey Hill and Mrs. Moore of Deer Lake.

We are indeed sorry to hear Mrs. Riley of town has been on the sick list. She is one of the writer's old neighbors and a very speedy recovery is wished her by her many friends and neighbors of Wildmere.

Don't forget the annual Telephone meeting on Friday, at 8 p.m. Feb. 22nd at Preston Central school.

Qualifies For Short Course

Angus McMillan of the firm of Mitchell Agencies left last Saturday by plane for Hartford, Conn., for a special two weeks' short course at a school at the head office of the Insurance Company. Angus qualified for the course and all-expense trip by virtue of selling sufficient life, accident and sickness insurance. On his way through he plans to stop at Toronto and New York. On the return journey he will visit a cousin in Montreal whom he has never seen, having only a correspondence acquaintance with him.

E. M. Stewart is a visitor to North Battleford and Prince Albert this week.

CARD OF THANKS

I wish to thank Dr. C. W. Stephens and the nursing staff of the Vermilion hospital for the care and attention received while I was a patient there, and to the many friends for their visits, cards, flowers and gifts of fruit.

Mrs. Bessie Stone.

CARD OF THANKS

I wish to thank Dr. E. G. Evans and the nursing staff for the care and attention I received while a patient in the hospital, and the comrades of the Legion for the gifts of fruit and the many friends who remembered me.

Wm. Mapstone.

IN MEMORIAM

In loving memory of Robert George McCann — who passed away Feb. 20, 1948.
—Ever remembered by his loving wife and family.

CARD OF THANKS

I wish to extend my sincere and heartfelt thanks to all who were so kind to me during my recent bereavement.

Dolina MacMillan Becomes Bride of James Robinson

WAINWRIGHT. — An attractive wedding was solemnized at the Blessed Sacrament Church, Wainwright, on Wednesday afternoon, February 6th, at 3.30 p.m. when Miss Dolina MacMillan and Mr. James Alexander Robinson were united in marriage.

Father Schnerch performed the ceremony for the daughter of Mrs. Duncan MacMillan of Clandonald, and the son of Mr. and Mrs. James Robinson of Wainwright.

Given in marriage by her brother, Alex MacMillan of Clandonald, the bride wore a floor length gown of white chantilly lace over net and satin with lily point sleeves. Her fingertip veil was gathered softly to the Juliet cap, studded with seed pearls, and she carried a bouquet of red roses. Her only jewellery was a pearl necklace, gift of the groom.

Miss Flora MacMillan, sister of the bride, as maid of honor, chose a floor length gown of salmon pink net over taffeta with matching head piece, and carried a bouquet of colored carnations. Miss Pat Madkins of Edmonton was bridesmaid. She chose a gown of pale blue net over taffeta with matching head piece. Her bouquet was also of colored carnations.

Mr. Lloyd MacKinnon and Mr. Russ Harding were best men, and ushers were Mr. John Stinert and Mr. Ted Warawa.

Mrs. Emery Pinkoski played the wedding music and soloist, Mrs. Elmer McLeod, sang "O Perfect Love."

For her daughter's wedding Mrs. MacMillan chose a gray suit with blue and pink accessories, and a corsage of pink and white carnations. The groom's mother, Mrs. Robinson, chose a light brown dress with green accessories, and a corsage of white carnations.

Following the ceremony a reception was held at the I. O. O. F. Hall for 80 guests. The bride's brother, Mr. Rod MacMillan of Clandonald, escorted the bridal party in playing a march on the bagpipes.

The bridal table was gaily decorated with bouquets of mixed flowers and centered by a three tiered wedding cake, embedded in tulle, flanked by candles. Father Schnerch proposed the toast to the bride to which the groom ably responded. Dr. J. D. Wallace gave several well chosen words of advice to the groom.

Following the reception, the brides brother, Mr. Rod MacMillan, favored the guests with a few Scottish tunes on the bagpipes.

For a wedding trip to Calgary and points south the bride donned a grey tweed suit with white accessories, complemented with a corsage of red roses.

On their return, they will reside at Wainwright, Alberta.

Out-of-town guests at the wedding were Mrs. Mary Miller of Vancouver, Mr. and Mrs. Rod MacMillan, Mr. and Mrs. Alex MacMillan, Mrs. John MacMillan, of Clandonald, Mr. and Mrs. Angus MacMillan, Vermilion, and Mr. Don Philips of Calgary.

Happy Birthday Party At Derwent

MR AND MRS. JOHN REBRYNA

A surprise party on his 71st birthday was given in honor of Mr John Rebryna at the home of his daughter on January 19th.

Mr Rebryna was born in the Ukraine in the town of Kaminka near Keiv on Jan. 19, 1886. He came to Canada in 1912.

On his arrival here he worked in Vermilion then settled on the farm six miles north-east of Derwent where he still resides.

All of the children and grandchildren were present at the party and a very happy time was enjoyed. Mr. Rebryna received many valuable gifts for which he graciously thanked everyone.

Campaign Opens in Battle River-Camrose

S. C. Heckbert, Liberal Candidate, Addresses Camrose Meeting

CAMROSE.—S. Carl Heckbert, Liberal candidate for the federal constituency of Battle River-Camrose addressed a dinner meeting of two hundred and forty persons at Camrose on Monday evening last, when leaders from the entire Western section of the riding gathered to start off the campaign for an election doubtless in prospect for the month of June.

S. CARL HECKBERT

Mr. Heckbert dealt effectively with major problems confronting an essentially agricultural constituency, discussing the problems with which those engaged in agriculture are confronted in the present difficult circumstances. He urged that members of the farming community should endeavor to consolidate their views of solutions to the problem and then place their wishes in the hands of their elected representatives.

The speaker stressed the urgent necessity of electing representatives who could deal with requests in caucus where policies are laid down for the guidance of the Parliament of Canada and through which the voice of the people may be heard. He pointed out that for years the people of Battle River-Camrose had been electing parliamentary representatives who represented minority groups only and who had little opportunity of bringing vital problems to the attention of the Government of the day.

Mr Heckbert pointed out the fact that outstanding men, such as Mayor Wm Hawrylak of Edmonton and Mayor Don McKay of Calgary were being selected to assist in Alberta's representation and urged that a solid core of Liberals be elected to Parliament with a view of securing united action in pressing the views of Western Canada. Intimating that a great many Eastern people felt that Canada began at Montreal and ended at Winnipeg, the speaker declared that the time had come for concerted action and the support of those who may logically be expected to gain attention from the Cabinet

The speaker impressed the large audience with his sincerity of purpose in seeking election to the House of Commons and with his evident desire to render service to the constituents of this large riding, his experience as president of the Provincial Command of the Canadian Legion and a member of the Dominion Executive Council during and after the Second World War when he was instrumental in the formation of Canada's re-establishment policy for veterans and through his connection with the agricultural life of the province as a member of the staff of the Provincial School of Agriculture at Vermilion for many years, as well as an administrator in the civic field as councillor and mayor of the Town of Vermilion for a lengthy period, should be of value to the electors of a Western economy and there is a strong feeling throughout the constituency that his candidacy will be supported by members of all parties who are beginning to feel that the election of representatives of minority groups is not in the best interests of the Western provinces and the essentially farm constituencies.

Mr Heckbert is well known throughout Alberta and has maintained unusual interest in farmers and their problems. It is felt that his inclusion in the representation for Alberta should be of value in the next few years. The enthusiastic reception of his initial address of the campaign at Camrose would appear to augur well for the success of his candidature.

Vitally interested in all things Canadian Mr Heckbert urged his audience to adopt a personal interest in the welfare of our country and ended his remarks by suggesting a credo for Canadians, as follows

"I believe in Canada
A land endowed by God with the richness of His bounty,
Founded by our forbears as a land of promise and a home of freedom
And built by their sweat and toil
A land wherein two great streams of culture met and mingled to form a nation
Now consecrated by the blood of her sons who lie in far-off foreign fields.
I believe in Canada
A priceless heritage that is ours to guard and to keep and to pass on untarnished
So that our country may fulfill its destiny for the benefit of our children and their children
And for the greater good of mankind in the ages yet to come."

Gas Service For Islay, Minburn, Innisfree, Lavoy and Ranfurly

Northwestern Utilities, Limited announces that during 1957 it anticipates expenditures of approximately three million dollars on additions and extensions to its existing natural gas plants and for the purchase of sundry equipment. This expenditure will raise the Company's total assets above the fifty million dollar figure.

During 1956 the Company installed 7,150 new services on its lines in newly connected communities of Bruderheim, Chipman, Edson, Josephburg, Hinton, Hilliard, Lamont, Millet, Mulhurst, Onoway, and Sylvan Lake. This year it is providing for an additional 5,450. Of these 800 will be in the eight new communities to be servd from extensions of the Company's present system. At the end of 1956 the Company was serving a total of 70,008 customers in 44 communities in Central and Northern Alberta.

The peak daily demand for the Company's entire system during 1957-58 winter is estimated at approximately 315 million cubic feet. This woud be an increase of 19 million cubic feet over the current winter of 1956-57.

A major item in the capital program is $520,000 to serve the communities of Evansburg, Entwistle, Wildwood, Islay, Lavoy, Ranfurly, Innisfree and Minburn. The first three of these will be served with gas from Northern Canadian Oils Ltd. transmission line between Wabamun and Hinton. The Company at the present time serves Hinton from this line. The community of Islay will be served by a five mile line from the Company's Lloydminster transmission line. The communities of Lavoy, Ranfurly, Innisfree, and Minburn wil be served by a transmission line from the Viking field

Approximately $385,000 has been allocated for expansion of the Company's production facilities. Of this $140,000 is tentatively provided for the drilling of four new wells in the Fort Saskatchewan Field.

Over $375,000 has been allocated for improvements to the distribution systems in the City of Edmonton and other communities served by the Company. Another $385,000 is being provided for extensions to the existing distribution systems to serve new customers.

Over $700,000 will be expended on service installations for new customers and for meters and regulators.

Northwestern's 1957 capital program includes the commencement of construction of a new office building. Money for this purpose is not included in the three million dollars for additions and extensions.

The office building several floors of which will be available for lease, will be built just south of Jasper Avenue on the west side of 104th Street. It will be a fully modern, air conditioned, twelve story building

Dewberry Ladies' Aid

Sixteen members and two visitors attended the February meeting of the Dewberry Ladies Aid at the home of Mrs. S. Webdale

The meeting was opened with the singing of "The Church's One Foundation". This was followed by Mrs. Hornigold's reading from the Bible and Mrs. M. Braithwaite's reading from the Upper Room.

The minutes of the last meeting were read and the financial and Sunshine reports were given. Catering to the ladies' curling banquet added $37.14 to the funds.

Canvassing the community for building funds for the church was discussed.

Eighteen boxes were filled with home-baking and were distributed to various community members.

The March meeting will be held at the home of Mrs D Munro.

Before the discovery of oil at Leduc in February, 1947, Canada had only two oil fields of any significant size. One was Norman Wells, N. W. T., which was too remote to serve populated areas. The other, Turner Valley had been producing oil since 1936 and was declining.

Claysmore W. I.

The regular monthly meeting of the Claysmore W.I. was held Feb. 13th at the home of Mrs. F. Watling with 13 members and two visitors present. The visitors were Mrs. Clark from Clovelly and Mrs. V. Schreyer of Claysmore.

After repeating the Creed the members responded to roll call "Paper on Suez Canada". The minutes of previous meeting were read by the secretary and declared approved by the president, Mrs. F. Watling. The treasurer gave her report and it was adopted as read. It was moved that all outstanding bills be paid

The Social Services convener, Mrs. J. Willies reported gifts sent to Mrs. A. Olstad and little Leslie Bauer, recent patients in Vermilion hospital, also to Mr T. McCauley patient in the University hospital Edmonton.

Correspondence included: Letter from the Rest Room committee of Mannville requesting us to send a representative; literature on Canadian Status of Women; letter from Miss Craig of Wainwright stating topics she might demonstrate should she visit our branch.

The Study Topic for the afternoon was "United Nations". Mrs. G Watling, convener, gave a very interesting paper on the subject.

Bazaar material was then distributed. A dance is planned for Feb 22nd The fun period was conducted by Mrs. R. Bauer, the prize going to Mrs. M. Woywitka.

The March meeting will be held at the home of Mrs A. Olstad on the 13th. Collection was taken and the meeting adjourned. All enjoyed the dainty lunch provided by the hostess

Health Unit Notes

MEASLES

This is still a common disease amongst children and parents should be able to recognize the early symptoms so that they can isolate the child and put other children in the family in quarantine if necessary.

RED MEASLES

The child has a fever and is irritable and may vomit. Sneezing, a dry cough, watery red eyes and a running nose are followed on the fourth day by the appearance of the rash. This rash is blotchy red and covers the whole surface of the body and lasts three or four days.

Red measles is quite a severe illness and the child should be kept in bed in a well ventilated room and protected from draughts. The room should be darkened while the child's eyes are inflammed. A light diet with plenty of fluids should be given and care should be taken that the bowels act regularly.

A child with red measles must be isolated for ten days and should not return to school until fully recovered. If there is not a complete recovery after two weeks, a doctor should be consulted.

All children in the household who have not had measles must be quarantined for two weeks and this means not going to school and NOT playing with children who have not had measles.

GERMAN MEASLES

Red measles can be distinguished from German measles by the rash which in the latter case appears on the 'first' day of the illness. Also in German measles the glands behind the ears and at the back of the neck are swollen. German measles is not as severe an illness as Red measles and the only severe symptoms are usually nose bleeds. The rash disappears within two days. The child must be isolated for seven days but there is no quarantine for contacts.

NOTIFICATION

The law requires that measles be notified to the doctor or the Health Unit.

MUMPS

As in most other infections the first signs of illness are irritableness in the child, lack of energy and a desire to sleep. The child may or may not complain of a sore throat. The swelling soon appears in front and below the ear on one or both sides and chewing is usually painful.

Keep the child in bed and give plenty of bland drinks avoiding things too acid and too hot. The child may get up when the swelling subsides but should not return to school for at least a week and only then if perfectly well.

Adults as well as other children who have not had mumps should be kept away from the patient but they need not be quarantined.

Complications in this disease are swelling and inflammation of the ovaries or testes which may cause sterility in later life but this can be avoided if the patient is kept at rest in the acute stage of the illness and adequate convalescence is allowed before return to active life.

These diseases have been very prevalent this fall and winter and early recognition and rigid isolation are the only ways to prevent further spread.

Veterans' Land Act Provides Additional Farm Loans for Veterans

The lack of sufficient long term farm credit at low interest rates has long been one of the major problems in successful farm developments and has been responsible for a large number of good farmers giving up farming. The C.M.H.C. and private loaning organizations have loaned tremendous sums of money at comparatively low interest rates on terms up to 25 years for urban housing. The amount of individual loans has been sufficient to enable the average urban dweller to purchase a house. Similar loans have not been available for farmers with the exception of those who apply or have been established under the Veterans' Land Act.

About a year ago the Canadian Farm Loan Board was given power to increase the maximum loan to farmers but it is still far from being adequate in many cases.

Under Part 1 of the original Act a total of $6000.00 was available to qualified veterans to assist them to become established farmers. $4800.00 could be used to purchase land and a $1200.00 grant was available to purchase stock and equipment. The full $6000.00 could be used to purchase land if stock and equipment were made available from some other source. A 10% deposit was required on the cost of the land to the Director.

Establishment under Part 1 is still available and Part 3 of The Veterans' Land Act now provides for an additional loan up to $3000.00 providing the veteran is able to put up $1.00 for every $2.00 supplied by the V.L.A. This makes a total of $9000.00 available from V.L.A. and an overall of $10,500.00 with the veteran contributing 10% of the first $6000.00 plus one-third of the next $4500.00 which would mean a total of $2100.00 to be paid by him. Used Re-establishment Credits must also be repaid.

For veterans already established, Part 3 of the Act is also available to purchase additional land and for permanent improvements such as buildings, clearing and breaking and water supply. To qualify for the additional loan a veteran's contract must be in good standing and it be shown that the additional loan would contribute to a successful establishment. An established veteran may use permanent improvements he has effected with own funds or excess cost paid by him on the original establishment as his one-third contribution in lieu of cash. If his contribution is not available this way, he may put up one dollar for every two dollars loaned by V.L.A. to a total of $3000.00. The interest rate on the additional loan under Part 3 is 5% Under Part 1 the interest is still 3½%.

It is felt by V.L.A officials that the additional loan together with assistance given in farm planning and management will contribute greately to better economic conditions on V.L.A. farms and raise living standards to a point where it will be attractive to continue operating.

St. Paul United Presbyterial Convened in Vegreville

Vegreville United church was the scene of the annual meeting of the St. Paul United W. M. S. Presbyterial on Wednesday, Feb. 6th. Registration showed 79 delegates and friends representing 15 different points in the Presbytery.

President Mrs. I. Hamilton of Wainwright presided at both the morning and afternoon sessions, which were opened with devotional periods conducted by Mrs. K. James of Holden and Miss J. Noftle, recently appointed W. M. S. Missionary at Vilna. A welcome was extended by Mrs. J. Ziegler of Vegreville, Mrs. McLean of Vermilion replying. Greetings were also extended by Rev. Seward of Bonnyville on behalf of the Presbytery. Mrs. J. Lee of Lloydminster on behalf of Presbytery W. A. and the Rev. T. E. Thomas on behalf of the Session of the Vegreville United church.

Reports from the many departments of W.M.S. were very encouraging. Our allocation of $3311 was over-subscribed by $49. It was decided to apply the excess to the Scholarship Fund for Canadian and Overseas students. Our Literature Secretary Mrs. R. A. Sonley of Marwayne was unable to be present due to serious illness. She was remembered in prayer.

Mrs. F. W. Laing and Mrs. J. C. Campbell of Vegreville conducted a reverent memorial service for five of our members who have died within the past year. Mrs. Bruce Bird, also of Vegreville gave a fine interpretation of the beautiful vocal solo "Life's Weaving".

Our guest speaker was Miss Gertrude Hamilton of Toyo Eiwa School in Tokyo. Miss Hamilton made us realize the immense differences in background of the Japanese people when compared with ours, and also the marked contrast in pre-war and post-war Japanese thinking. As a result of the American occupation, which liberated the Japanese people from militarism, democracy and Christianity have both been deemed worthy of serious consideration by Japanese.

Education is considered of primary importance in Japan. Both the church and government schools insist on kindergartens and continue the zeal for learning right through to the universities. International Christian university which was started as a memorial by the United States three years ago, continues its steady development. This university has already made a significant place for itself in Japan both as a Christian institution and as one with a high academic standard.

Another great devlopment in Japan is the United Church of Christ in Japan, known as Kyodan. Sixty per cent of all Protestant churches have united since the war in this great enterprise and the denominational boundaries are crossed and eliminated whenever possible. It is planned to hold the World Convention on Christian Education in Tokyo next year with an expected attendance of five thousand delegates. This great new church also is extending its influence to rural, industrial and occupational centres, rather than concentrating on the cities.

Miss Hamilton also spoke to a meeting of younger people in the evening, showing beautiful pictures of Japanese life. We feel it was indeed a privilege to hear her.

The installation of new officers for 1957 was conducted by Rev T Thomas. Mrs. Lyle Robinson of Vermilion paid tribute to the retiring president Mrs. Hamilton, whose fine leadership for the past four years has resulted in making the three amalgamating presbyterials truly united in to one of real co-operation and fellowship.

WOODVALE NOTES

February is always the month for annual meetings and our district had a few too. The Woodvale Community club called one for the 11th and combined it with a card party. It was too bad that at the last moment the telephone company arranged one for the same evening and therefore the attendance was less than usual. But the interest is still keen and plans were made for another dance to be held on March 1st. The only new member on the executive is Mrs. Dave Sweeney while Mr. Arnot Brown stayed on as president and Mr. John Hohol as secretary-treasurer.

There was a bigger crowd than usual at the telephone meeting and a change in executives took place there as both Mr Harry Turner and Mr Joe Ahlgren resigned after many years of service. Mr. Clifford Crocker is the new president and Mr Bob Lamport new secretary-treasurer while Mr Robert Galloway and Mr Roger Watt are new directors. It was decided to renew part of the main line this coming summer and that the fine for not working on the line will be raised to $10

The Red Cross Auxiliary held a meeting on Feb 6th at the home of Mrs. R. McQuid with nine members working on a quilt and Susan and Irene Wolters dropping in after school and helping with serving the lunch. The quilt and a cash donation were later sent to Mrs. Alf Robinson; another donation was made to the polio fund. Miss Edna Craig, District Home Economist, has been asked to come to the March meeting and lecture on cleaning clothes and floors. The meeting again to be held at the home of Mrs R McQuid on March 13th with the other members supplying the lunch.

Members are reminded that March is the month of the annual Red Cross drive and are asked to bring their donations to the meeting. A bundle of very nice remnants, a gift from the T Eaton Company was distributed to be made into aprons, blouses and dresses.

The schoolchildren had a very enjoyable Valentine party on the 14th in the afternoon with all the pre-school age children as excited and pleased guests. More Valentines than ever seemed to change hands and after a delicious lunch was served the happy party came to an end. The Willing Workers are planning a concert for April to raise some more money for their project.

Mrs Edith Pettinger sons Bob and Jim from Edmonton were week end visitors at the home of the writer.

Springlike weather still prevailed over the week end and [illegible] gets wintry again as [illegible] we have quite a few tulips [illegible] daffodils [illegible] reminding [illegible] of spring. We had a fringed tulip with an eight inch diameter when completely opened. This is the biggest one we ever grew.

MACHINERY MAINTENANCE

Fortunate are those farmers who serviced their machinery last fall prior to storage. They will have very little to do to prepare their equipment for spring operations. Others who have not had the opportunity to attend to this matter would do well to do something about it now as few can afford costly delays at seeding time.

[illegible] Assistant Extension [illegible] Alberta Department of Agriculture advise checking the following list to see if you have all your machinery ready for the work ahead.

1. Service the tractor according to the operator's manual.
2. Check and lubricate tillage [illegible] parts.
3. Sharpen discs and shovels.
4. Check wheels, horizontal and vertical [illegible] for correct adjustment.
5. Clean grain box and fertilizer attachments.
6. Correctly adjust furrow openers.
7. Calibrate seeding equipment to ensure correct seeding rate.

Your Future is Here... In Alberta
IN A RECENT advertisement, we made mention of a cost study undertaken by the Department of Agriculture. Only a few highlights were mentioned in the space we had here. The next issue of "Within Our Borders" will see the whole table published. A few extra copies will be available for mailing in answer to enquiries that have been received as a result of the ad.
"WITHIN OUR BORDERS" is a twice monthly publication, available without charge to those who request it, which tells of government activities in the way of services and happenings. It also contains stories about non-government happenings in the province that are a credit to Alberta. Just write in and ask for it.
THE PUBLICATION IS the responsibility of the Department of Economic Affairs. That's the department that looks after advertising, publications, public relations, handicrafts, recreational activities, libraries, auditoriums, films and photographs, industrial development, and tourist travel. It's always on the lookout for ways to improve the economic, industrial, social or cultural well being of Albertans.
ONE OTHER BRANCH handled by Economic Affairs is the Immigration Branch. Much of the initial immigration work is done through Alberta House in London. If you have friends or kinfolk in the United Kingdom who are contemplating coming to this country, we'd suggest you advise them to get in touch with Alberta House. There's a wealth of information on hand there to help them determine their most advantageous steps in coming to this province.

Wildmere Women's Institute Notes

The W.W.I. met at the home of Mrs. F. Gibson on Feb. 18th with 13 members present. The meeting opened with O Canada and the Creed. Roll call was a Valentine candy. Minutes of the previous meeting were read. Business arising out of the minutes was re uniforms. Mrs. Garnett had a letter from Dr. Lotta Hitschmanova saying they were all taken out, but sent a pattern to make little vests or sweaters for small children out of sock legs or any suitable woollen material and that is to be our project for March. Mrs. Garnett had cut out several patterns off the original one and these were given the members to use.

Treasurer's report was given by Mrs. W. J. Garnett. Mrs. F Haines, Sick convener, reported one member, Mrs. R. Dibben being sick. Social Service convener, Mrs. N Garnett, had sent her a get-well card. The secretary, Mrs. C Cruthers said she had been requested to write a letter to the Vermilion Standard re rest rooms, which she had done.

At this time Miss Edna Craig, District Home Economist stationed in Wainwright, came. She spoke on Leathercraft which some of the members were interested in. She had a purse which she handed around for everyone to see how it is done. She said leather when well prepared, is one of the loveliest materials to work with. She also brought along samples of etching, huck-weaving and basket weaving. Questions were asked on handicrafts, knitting, huck-weaving and finishing off sweaters. Miss Craig said never to sew sweaters on a machine; also to use mostly three colors in huck-weaving and not more than five at the most, but she stressed three colors were best.

Stuffed toys out of terry cloth, nylons or foam rubber are washable. Everyone enjoyed her talk very much and our president, Mrs. W. T. Garnett, heartily thanked her for coming and we hope to have her back at some future date.

Next was the topic by Mrs. R. Dibben "Carbon Tetrachloride used as a cleaning fluid in a closed room is more deadly than carbon monoxide fumes and should never be used unless there is good ventilation. It acts on the liver and intestines. It was truly a good paper.

The Social was by Mrs Wallington who read a Social Service paper by Mrs. T. Henderson of Ramsey W.I. It was well thought out and Mrs Henderson is to be congratulated on her fine paper. It was very interesting.

Johnny Jump Up was won by Mrs. W. J. Garnett.

The meeting closed with "The Queen".

The next meeting will be held March 8th at Mrs. F. Haines. The roll call will be the name of an Irish song. Topic will be by Mrs. N. Garnett; Social by Mrs. Wilson; lunch by Mrs. Cruthers, Mrs. D Dibben and Mrs. R Dibben by the hostess and helpers after

A dainty lunch was served by the hostess and helpers after which everyone departed homeward.

Paradise Valley

The World Day of Prayer program will be held Friday, Mar 8th at 3 p.m. in the United church. Ladies of some of the other churches of P.V. will be participating. Everyone of any denomination is welcome to attend this service.

The regular meeting of the Ladies Hall club was held in the hall on Monday, Feb. 4th with twenty seven members present. Further plans for the "Fun Fair" on March 1st were made. An "Old Time" dance will be held in the P.V. hall on March 15th. The next meeting will be held Monday Feb. 18 in the hall. Please note change of night and place.

Mr and Mrs. W D Birch of Hinton are spending a few days with friends and relatives in the town and district.

The Legion put on a dance on Friday night with the Starlighters from Edgerton providing the music. A fair crowd attended.

Several rinks from the local club are taking part in the Rivercourse bonspiel this week end. Curling at the local rink is the order of the evenings.

The weather? Colder, but we can't complain.

DO IT ALL

New power mower not only cuts the grass, but also grades and seeds the lawn, sweeps leaves and can be used to clear snow, says The Financial Post. A hardy simplified transmission allows the machine to pull loads of up to 1,000 lb. Pneumatic rear tires offer excellent traction on any surfaces. Steering mechanism permits mower to turn to turn on a 25-in. inside radius.

Civic Leaders

Each community has its leaders, men who devote their time and talents to public service. They spearhead the drives for better roads, parks and playgrounds, water systems and other local improvements. Lending their efforts and experience to the promotion of common interests, they are a necessary and important part of community life.

The desire to be of public service also motivates your utility company. It takes pride in the development of the community and its members take an active interest in civic affairs. They belong to local progressive organizations and contribute to community welfare.

Vol. XLVIII. No. 34. Vermilion, Alberta, Thursday, February 28th, 1957. 12 PAGES $2.50 A YEAR

Red Cross Campaign Opens March 1; Local Quota $2,600

The 1957 campaign for the Canadian Red Cross Society begins on March 1. The quota for the Vermilion area remains at $2600.00 and this amount can only be raised if all are prepared to do their share.

Through wars, disasters, and trouble at home and abroad the Red Cross is active. The Blood Transfusion Service, Crippled Children's Hospital, Outpost Hospitals and Nursing Stations, Disaster Services, Veterans' Hospitals, International Relief, and Swimming and Water Safety are all supported by the funds raised. Vermilion hospital phones its blood requirements and the supply comes down on the bus that day. Only 3% of Red Cross workers are paid personnel; 97% are unpaid volunteers.

When the canvasser calls on you, please help this worthy cause. D. R. Mitchell and J. R. Robson are again acting as Campaign Managers for Vermilion area. Your subscriptions may be left at Mitchell Agencies, the School Division Office or at the Canadian Bank of Commerce.

Canvassers are urgently needed. Will you help?

Bonspiel Reaching Final Stages

Paege and Chivers Meet for Challenge; Carruthers, Jack Park Telford Memorial

The Vermilion bonspiel has narrowed down to the final stages and but for a very warm Wednesday afternoon the first two events the Grand Challenge and the Telford Memorial, would have been completed Wednesday evening. As it was, two full draws were lost due to the drip from the roof of the rink.

Fifty-nine rinks started out in the spiel. Of these 35 are visiting quartets and 24 are local entries.

PAEGE, CHIVERS IN FINAL

The final of the Grand Challenge is scheduled to be played at 8:30 this Thursday evening with Paege of Kitscoty meeting Les Chivers Canadian Utilities rink. To reach the finals Paege won from Christie of Blackfoot, while Chivers eliminated the Jack Baddock rink, also of Vermilion.

ALL VISITOR FINAL IN TELFORD MEMORIAL

An all-visitor final is featured in the No. 2 event, the Telford Memorial, with Carruthers' Lashburn rink meeting Jack Park of Mannville. Reaching the semi-finals in this event were Reynolds of Wainwright who lost to Carruthers and Walt Laurenceson of Mannville, defeated by his fellow clubman, Jack Park.

At press time three rinks had made the semi-final of the No. 3 competition, Cundal of Mannville, Glen Gibbons, Vermilion, and the Solar Contruction of Edmonton.

Complete coverage will be given in next week's Standard. The bonspiel will be completed Friday evening.

4-H Turkey Club Reorganizes for '57

MANNVILLE — A reorganization meeting of the Vermilion 4H Turkey Club was held at Mr. Buckingham's office under the supervision of Mr. Lett, Assistant District Agriculturist. The meeting was brought to order by last year's president, Josie McDonald. Tony Dixon led the members in the 4H pledge.

This year's officers were elected as follows: President, Tony Dixon; vice-president, Stell Dziwinsky, secretary, Shirley McDonald; and news reporter Josie McDonald. The chair was then taken over by the new president. Mr. Letts was called upon to give the members some advice on how to improve the Club.

At the next meeting, Josie McDonald and Don Dixon will report on how to prepare for the baby turkeys and raise them for the first three or four weeks.

It was decided by the members present that anyone wishing to join the turkey club should have their names in to Mr Letts or Shirley McDonald not later than March 15th.

The next meeting will be held March 23rd at 3:00 p.m. in Mr. Buckingham's office. The executive are required to meet three-quarters of an hour earlier to plan a year's program.

Vermilion Girl To Appear On T-V This Saturday

Miss Betty Bentley, daughter of Mr and Mrs N N Bentley, and who is now teaching at the Calder school in Edmonton, will appear on television this Saturday afternoon, March 2nd at 4:30 p.m. The program on this occasion is in keeping with Education Week and Betty conducts the rhythm band of Grade 1 children while they play two selections. Those who have TV sets will no doubt be interested in seeing this particular program.

Ladies' Bonspiel A Great Success At Mannville

MANNVILLE. — Hurricane? No. Dust storm? No. Lady curlers arriving in town? Yes, that's it!

The ladies bonspiel was indeed a success with plenty of good curling for those watching. Nineteen rinks from Fort Saskatchewan and Edmonton to the west, North Battleford to the east, Dewberry to the north and Buffalo Coulee to the south, along with others from Vermilion and Minburn and local rinks, all helped to make the 'spiel a success.

The United Church W.A. catered to a lovely banquet in the church hall. The Anglican W.A.'s catered at the rink.

Prizes were as follows:

Grand Challenge—

1, Larsen, Buffalo Coulee, 2 Jones, Dewberry; 3, Bowman, Dewberry; 4, Mercer, Mannville.

Merchants —

1, Williams, Vermilion, 2, Caron, Vermilion; 3, McLuckie, Mannville; 4, Coxford, Mannville.

Citizens —

1 Whitson, Mannville; 2, Allanach, Fort Sask., 3, Hasinoff, Mannville; 4, Campbell, North Battleford.

Special prizes were awarded as follows: Larson of Buffalo Coulee for going off the scoreboard first; Wagner of Minburn for the largest end scored (7).

APPRECIATION

We wish to publicly thank the Vermilion Fire Brigade for their prompt response and efficient work at the chimney fire at our house last Thursday. As a result of the efforts of the brigade no damage resulted.

Garden Club To Hold Meeting

The Vermilion Horticultural Society will hold their annual meeting at 8 p.m. Tuesday, March 5th in the Court Room.

The guest speaker will be Mr. R. Delalande of Lloydminster. He will show a good number of slides taken during the past season.

The speaker has judged the Vermilion Flower Show several times. He is a well known authority on growing flowers and vegetables.

Mr Hugh Evans, president of the Vermilion Horticultural Society asks everyone interested in gardening to come out to this meeting and hear the guest speaker.

HI-SCHOOL HI-LITES

On Friday, February 8, the Vermilion High School held a Valentine Frolic at the armouries. Before the dance a very close and interesting game of basketball was played between the Vermilion Boys' "A" Team and the Vegreville Boys' "A" Team. The final score was 37-27 in favour of Vermilion.

Immediately after the game, the dance started. To the first fifty people entering the dance hall a ticket was given on a record. Diane Taylor was the lucky winner. Marjory and Bob Waldenburger were also lucky winners on Friday. They won first in the elimination dance and were well rewarded for their efforts with a "dress-me-doll" and a "shaving set". Congratulations to all of you.

February exams are now over and report cards will be received on Friday.

On Saturday the Vermilion High School will hold their annual curling bonspiel. The competing towns invited are: Kitscoty, Paradise Valley, Dewberry, Clandonald and Marwayne. The Grand Challenge winners will be presented with individual trophies.

The House League standing is as follows: Carmen first with 30½ points, Service following with 25 two-thirds points, and Laurier trailing with 5 points.

Good luck to every one at the bonspiel!

Bobcats Drop First Game 3 Goals to 5

Dewberry Here Saturday; Second Game In Semi-Finals with Bobcats

Dewberry won the first of the best of three semi-final series from Vermilion Bobcats by a score of 5 goals to 3 at Dewberry on Wednesday evening and thus take a one-game lead in the Juvenile play-offs to gain the league finals.

SECOND GAME SATURDAY

The scene of action now shifts to the Vermilion arena where the two teams meet in the second game on Saturday evening at 8:15. The third game if necessary will also be played on Vermilion ice.

Mannville and Kitscoty are playing off in the other half of the semi-final with the winners to meet for the handsome K of C hockey trophy.

The league ended with Kitscoty in top place followed by Vermilion, Mannville and Dewberry. In the semi-finals the first place team meets the third place holders and the second and fourth teams clash. These are best of three game series.

DEWBERRY 5 VERMIL 3

Ice conditions were not too good following a warm, sunshiny day at Dewberry Wednesday, but a closely contested game ensued. Sharpshooters for the winning Dewberry Eagles were Redman with two, Poitras, Rainey, Matheson, 1 each; Irven, two assists.

For Vermilion Ford, Yarmuch and Waldenberger scored one each with assists to Shepanski, Coyne and Robinson.

Annual Hobby Fair Marwayne March 7

The 8th annual Hobby Fair will be held in the Marwayne Elks hall on Thursday, March 7. This event is sponsored by Marwayne United Church Women's Association and from all reports is truly a remarkable exhibition of handicrafts.

Harry Mazurpa Moves Tailor Shop

Harry Mazurpa who has carried on his tailoring business in his shop on Main street for several years has moved to a new and more commodious location. His shop is now one door north of the Brunswick hotel where he will occupy the premises recently vacated by Canadian Utilities offices.

In this bigger shop Harry will enlarge his business projects and besides acting as agency for Leon's Cleaners at Vegreville and Page Cleaners of Edmonton he will open an agency for modern laundry and for cleaning and blocking hats. In addition too he is agent for a well known made to measure suit company and will carry a good stock of ready to wear jackets and pants. For complete details see his display advertisement in this and succeeding issues of the Standard.

St. Paul Juveniles To Play Here On Wednesday

St. Paul Juveniles will play the Vermilion Bobcats in an exhibition hockey game at the Vermilion arena Wednesday March 6th at 8:15 p.m. A good game is in prospect so come out and see the boys perform.

V. S. A. Will Present Dramatics Program

The annual 'Play-Nite' program will be presented at the School of Agriculture on Saturday evening March 2nd.

This program which in former years has attracted a good attendance of local people will feature three one-act plays. Roles will be filled by students under the direction of members of the teaching staff.

The set of three plays provides considerable variation in type setting and characterization. Mr L. Seath is directing production of a comedy; Mr K Stone and Mr H. Cooper are producing a rural play, while Mr A Palin's selection is a more serious drama.

In addition to local visitors a considerable number of students' parents who will be attending "Parents' Guest Weekend" will have an opportunity to see the plays.

Westpoint Service Management Change

The Westpoint Service Station is now being operated under entirely new management, Mr Percy Walsh having taken over the business from the former proprietor, Mr. Bill Simmonds. Dependable 24-hour service is available at all times.

Mr. Simmonds is moving to Calgary and plans to leave for the southern city this week.

Plant Superintendent Gives Talk At Board of Trade Meeting

J. V. Kneale, superintendent of the Canadian Utilities power plant was the guest speaker at the weekly meeting of the Vermilion Board of Trade on Wednesday giving a short talk dealing with the area served by the Vermilion plant, capacity of the plant, peak outputs, increase in peak loads since the installation of the plant, number on the staff, payroll, taxes paid and yearly expenses in the operation of the plant exclusive of fuel. Maps were distributed showing the areas served from Vermilion and another indicating the rural electrification areas.

The capacity of the Vermilion power plant is 17,000 kilowatts and it has a value of some three million dollars. Ten thousand square miles are served from here and this includes some 70 towns and villages, the air force station at Cold Lake, all the oil wells in the Lloydminster field as well as 60 rural electrification areas. New License Plates On Sale March 1st

The new 1957 Alberta motor vehicle license plates will go on sale throughout the province on March 1st according to an announcement by H. R. Clark, registrar of motor vehicles.

[illegible] Alberta plates will conform to standards set by international agreement. The new issue is 6in by 12in. Bolting holes smaller in size than last year are seven inches apart in width and 1¼ inches apart in height.

Automotive manufacturers requested a uniform license size in North America with the intention of preparing a new more [illegible] for plates on vehicles. The change is expected to be made in the 1958 models.

Motor vehicle registration in Alberta to the end of December totalled 376,531. Officials expect the 1957 [illegible] exceed 400,000.

Mr Clark urged motorists to purchase their registration licenses at an early date to avoid the rush of the last few days prior to the final [illegible] April 30th.

Three School Trustees Elected At Annual School Meeting

Three trustees were elected to the Board of the Vermilion S.D. 1146 at the annual school meeting held Wednesday night last. Two of the trustees Don Taylor and C. N. Brennan were re-elected for two-year terms while the third E. Clendenning is a new comer to the board. His term is also for two years. Continuing on the five man board are Ernest Schurman and Ashley Cooper.

Only nine attended the annual meeting and four of these were principals, four were members of the school board, and the ninth was Miss Knapp of the high school staff. Thus it can be said that everyone must be satisfied with the administration of the schools in town, and are quite content to have those in charge continue on the board.

Figures revealed in the various reports that there are now 760 young people attending the schools in Vermilion. These are distributed as follows: primary school 126, 5 rooms; elementary school 269, 10 rooms, junior high school 238, 8 rooms, high school 127, 6 rooms.

At the same time last year there were 739 students in the schools. Twelve of the increase is in the high school where 115 were attending one year ago.

Mr C N Brennan gave a report on the building plans for Vermilion's new school in the east end which will eventually accommodate high school and junior high school students. The plans and specifications will be completed about mid-March and tenders called immediately thereafter. The new building will have the equivalent of 16 classrooms and will include a large gymnasium.

CONTINUE WINTER HOURS

Following some discussion it was decided to continue the present contentious school hours for the month of March. This gives a short noon hour of only an hour and a quarter, cuts down recess time but allows dismissal at 3:30 p.m. This proves of great advantage during the winter to rural pupils who attend schools by bus but rushes dinner somewhat for those little ones in town some of whom have nearly a mile to walk home.

LOVE, LAW AND ADVERTISING

A Vancouver lawyer is quoted as attacking advertising with this argument

"The object of advertising," he said, "is not to operate in the public interest. It is to sell the goods of the manufacturer who pays the bills. The advertising salesman preys upon whatever frailties of human nature are most likely to induce sales — pride, vanity, fear of personal shortcomings and sexual [illegible]ity."

Well, now, that is a good example of one of the most subtle arts of argument the piling of truth upon truth to get an answer that is altogether false! True, there's probably not an advertising man alive whose sole [illegible] from 9 a.m. to 5 p.m. is the good of his fellow man. His object is to benefit himself. Same with the manufacturer. In fact, you could search the country for a long time before you could find a man or woman—and this includes lawyers—whose motives are always free of self-interest.

[illegible] the lawyer overlooked was that all these self-seeking people even lawyers—[illegible] do operate in the public interest. However self-seeking a manufacturer might be, however strong his disdain for his fellow-creatures, he must still face the fact that if he's to prosper he must give people something they want, thereby making them happier. This is one of the crosses [illegible] advertising people must bear.

As for pride and vanity, there are different ways of looking at these. I'll bet that the same Vancouver lawyer keeps a reasonably sharp crease in his pants, because they look better on him that way. Vanity? Or perhaps it is because pressed trousers are essential to success in law as they usually are.

Even the Vancouver lawyer who argues so persuasively against advertising can hardly expect us to believe that he keeps his trousers pressed in the public interest!

As for fear of personal shortcomings and sexual curiosity, I think that in spite of the Vancouver lawyer and in spite of advertising, most individuals hit their own stride in this field and I won't enter that argument.

The fact is that advertising is all part of the principle of producing and distributing the goods and services the people want. Advertising helps create full employment, profits, a higher standard of living, a lot of general prosperity, and leaves a high degree of personal freedom. It is persuasive rather than compulsory. Socialists don't believe in it and lawyers seldom use it. Socialist countries are seldom prosperous and lawyers' fees are not considered to be bargains.

Show me a town where the tradesmen don't advertise and I'll show you a backward, rundown town that'll get smaller and less attractive as the years go by. Show me a town where the tradesmen do advertise and I'll wager its streets are neat and and prosperous. Which town best serves the public interest?

Motorists Must Stop Behind School Buses Or Face Penalty

The practice of some motorists in risking accidents by failing to stop when buses are discharging passengers is causing alarm and complaints, according to Paul Lawrence, Safety Director for the Alberta Safety Council.

Police attention is being drawn to these complaints, as the Motor Vehicles and Traffic Act has certain provisions for the [illegible] of school children [illegible] buses.

One section of the says that "When a conveyance which bears either the sign 'School Bus' or 'School Van'" has stopped to receive or discharge passengers, no driver of a vehicle shall overtake and pass such conveyance until all passengers who are about to enter or leave the same are safely clear of the path of the vehicle"

Another section of the act says "When a conveyance which bears the sign 'School Bus' or "School Van" has stopped to receive or discharge passengers, no driver of a vehicle approaching from an opposite direction shall pass such conveyance at a rate of speed greater than 25 miles per hour"

There are fairly stiff penalties for those who violate these provisions of the act. On conviction for the first offence, the fine may be $50.00 and costs. There may be a fine of $100 and costs for the second offence and $200.00 and costs for the third or subsequent offences.

The standard practice in discharging children who must cross the road is to have them pass in front of bus. They usually do so with great caution but this does not relieve the motorist coming up behind the bus from making a full stop until he is sure all the children are in the clear.

As all school buses are painted in the distinctive 'school bus yellow' and have black letters five inches high spelling out 'School Bus" or "School Van" it is felt that motor car drivers should have no difficulty in identifying the vehicle carrying school children.

Nevertheless, school administrators and parents are greatly alarmed over the failure of many motorists to stop when school bus is taking on or discharging passengers.

To some extent this may be a matter of enforcement. Safety Council officials feel that citizens and the school bus drivers should do their utmost to co-operate with the police and take the license number of motor cars which [illegible] obtained. Parents also should urge their children to support the efforts of the school boards and bus drivers by observing proper conduct at all times on the bus or van.

The value of having school patrols on the buses also is being recognized to a wider extent. Some Alberta school divisions are giving more attention to this phase of protection and it is expected that the system will be expanded this year. These patrols have no authority to enforce traffic laws on the highway but they can serve a useful purpose in assisting the bus driver during the loading or unloading of passengers and maintaining supervision of the pupils just as school patrols do in the cities.

In some states of the U.S. school buses operate standard revolving or flashing red lights similar to the lights on top of police cars. These lights flash when the vehicle has stopped thus helping to alert other drivers to use great caution.

If it were thought advisable to adopt such measures in Alberta an amendment to the present legislation might be necessary.

Death of Mrs. Beatrice Fraser

Mrs. Beatrice Inez Fraser of the Auburndale district passed away at Wainwright on Feb. 23. She was 61 years of age. She came to the district in 1917 and was predeceased by her husband in 1937.

Left to mourn the loss of a loving mother are one son Edward of Wainwright and one daughter Mrs. C. Collet (Bernice) of Vancouver.

Funeral services were held on Wednesday, Feb. 27th at 2 o'clock p.m. at the A[illegible] church, with interment following in the Mount Auburn cemetery. The Rev. C. W. MacKay officiated.

Moyers were in charge of the funeral arrangements.

BUFFALO COULEE ACTIVITIES

Twenty-five rinks competed in the annual B.C. men's bonspiel which wound up Friday night. The weatherman co-operated this year allowing all draws to be run off on schedule. The Challenge event proved quite a thrilling affair with extra ends being necessary in both semi-final games and in the final. The Cleland rink required an extra end to defeat Bob Rowe's rink from Vermilion and Roger Rowe lost on an extra end to the Majury foursome. The Cleland rink, skipped by Harold Cleland with Ab at third, Lorentz Samuelson second and Willie Cleland leading, again had to go an extra end to defeat the Majury rink skipped by Henning Haverslew to take the Challenge trophy and first prize. In the second event the Eyben rink skipped by Dick Eyben, John Kochan third, J. B. Eyben second and Bernard Eyben lead took first with the Harrison rink of Battleview 2nd, J. Coxford of Mannville 3rd and A. Roland of Minburn 4th. The consolation event went to the Donily rink from Wildmere, with the Hull rink 2nd. Manz of Mannville 3rd and Osterberg of Wildmere 4th.

Mrs. Ruby Larsen with Eristine Duncan, Lilian Phenney and Margaret Gibson captured the Challenge at Mannville bonspiel and on Saturday Mrs. Larsen with Ruth Haverslew, Eileen MacDonald and Lily Anne Allen took first in the second event at the Innisfree ladies' bonspiel. Just keep up those winning ways when you get to Vermilion spiel ladies!

In the recent election for the divisional board trustee Oswald Bauer was the successful candidate to replace Mr Sidney Hinton who retired this year.

Congratulations to Mr. and Mrs. Walter Hinton on the birth of a son at the Mannville Municipal hospital

The sympathy of the community is extended to Eddy Fraser and his sister Bernice on the passing of their mother, Mrs. Beatrice Fraser at her home on Saturday night. Mrs. Fraser had been in the hospital for some time but had returned home less than two weeks before her death. The funeral will be in the Auburndale United church on Wednesday at 2 p.m.

The four groups of the Auburndale W.A. will hold their central group meeting at the home of Mrs. Ruth Haverslew on Wednesday evening, March 6th.

Several rinks from Buffalo Coulee are taking part in the Vermilion bonspiel this week — good luck boys!

Leadership Course Designed To Aid School Principals

A leadership course for school principals will be held, for the second successive year, in connection with the 1957 U of A summer session

Directed by the university, it is essentially a co-operative venture of the Alberta School Trustees' Assoc. the A.T.A., the Alberta School Inspectors' Association, the Department of Education and the Faculty of Education.

It will run for three weeks, from July 8th to July 26th, and will take place at Concordia College. Attendance will be limited to seventy principals sponsored by district, divisional and country school boards.

There will be general discussions on the latest developments in administration, supervision and educational leadership.

A most important aim of the course is however that school principals should receive help in dealing with actual problems which confront them in the course of their own work. They will have the opportunity of discussing their difficulties under the guidance of experienced administrators and of specialists in various educational fields.

In order that this aspect of the course should be fully prepared, it is proposed that school boards will be in a position to name their course members by the end of February.

Derwent Elks Curl In Edmonton

DERWENT — Derwent curlers enjoyed the Elks bonspiel held in Edmonton from Feb. 17 to 19. The rink consisted of skip Steve Zazulak, Clarence Algot 3rd, Carl Novalkowski 2nd and Constable Girling lead.

Fish Grip

Catching a fish sometimes is difficult enough. But holding the slippery, squirming thing while you remove the hook is often more so, says The Financial Post. It's even dangerous for fins are sharp. But there's a handy grip made of heavy gauge aluminum and stainless steel that makes the task an easy one. Will not rust or corrode, it's said, and anodized model is available for salt water [illegible]

Many Attend Parent-Teacher Interview Day At Mannville School

MANNVILLE. Parent-teacher interview day was held at Mannville school on the afternoon of Monday, Feb. 18th from 1 to 6 o'clock. In order to make the interviews possible, the school board allowed the pupils to be dismissed at 12 noon. Parents had previously been contacted, and those who indicated that they would attend had been sent an appointment sheet indicating the times and places for interviews with the teachers of each of their children. An effort was made to schedule appointments at the times most convenient for parents, and to have all of an individual parent's interviews scheduled in consecutive ten-minute periods, so that no one had to wait unnecessarily. This effort proved successful on the whole, with the result that the afternoon's interviews progressed smoothly and, in the main, right on time.

Three hundred and fifty-nine interviews took place, which means that the parents of 80% of the student body conferred with the teachers of their children. Attendance was greatest in the elementary school (grades 1 to 6) with 72%, while 42% of the parents of high school pupils interviewed the teachers.

The benefits expected of parent-teacher interviews on an organized basis were stated to be:

1. Parents and teachers become better acquainted.
2. By exchanging information about each child, the parent finds out the strengths and weaknesses of his child in school, and the teacher learns a great deal which may enable her to teach the child better.
3. Pupils whose achievements during the first half year indicates possibility of failure may be discussed, and action jointly planned by parent and teacher which may result in better progress.

The results of the interviews are now being assessed by parents and teachers. While it is too early to make definite conclusions, it is felt that parents, in general, appreciated the opportunity to talk to the teachers of their children, and that teachers learned much which will enable them to understand the children better.

It is thought that a parent-teacher interview day may become an annual February event.

Wheat Medicine

The Gordon Commission makes it very clear that radical changes in government wheat marketing policy are needed, declares The Financial Post.

Summarized briefly and bluntly these call for lower guaranteed prices or lower amounts of wheat per farmer at guaranteed prices in periods of surplus. Until production and marketing get more into line, the report would put the brakes on large-scale irrigation and other projects that would tend to increase wheat production and it would encourage growers to switch from wheat to cattle and other farm products for which there will be a growing demand.

That is not going to be palatable medicine for a country that can grow wheat more easily than anything else and which has been growing it on the comfortable assumption that the government would buy every bushel at high prices regardless of world markets. But palatable or not, that is the kind of medicine that will have to be taken.

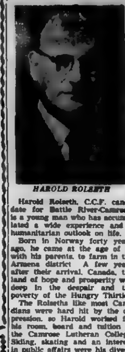
CCF Candidate For Battle R.-Camrose



HAROLD ROLSETH

Harold Rolseth, C.C.F. candidate for Battle River-Camrose, is a young man who has accumulated a wide experience and a humanitarian outlook on life.

Born in Norway forty years ago, he came at the age of 13 with his parents, to farm in the Armena district. A few years after their arrival, Canada, the land of hope and prosperity was deep in the despair and the poverty of the Hungry Thirties.

The Rolseths like most Canadians were hard hit by the depression, so Harold worked for his room, board and tuition at the Camrose Lutheran College. Skiing, skating and an interest in public affairs were his diversions; they cost but little and they enriched his physical, mental and moral being.

He graduated from the Edmonton Normal and has been a teacher in the Camrose Schoool Division for eighteen years. He is a graduate of the University of Alberta and vice-principal of Rosalind high school.

As a married man with three young sons, he puts to excellent use his several hobbies, especially those requiring knowledge of carpentry and electrical wiring. He is a good manager, for among his many duties to home, school and community, he still finds time to curl.

Through the years the C.C.F. has claimed much of Mr. Rolseth's time and attention. He has served this humanitarian political movement in many capacities and always efficiently and well. He gives best in his own words the reason why this has been so, 'I have a great deal of respect for those who toil, and a great love for that section of humanity which produces the real wealth upon which life depends."

The C.C.F. take pride in having Harold Rolseth as candidate. He is a man well equipped by education by intellect understanding and love of his fellow men. He grew up and lives in the community which he seeks to further serve. His experience has been the experience of his fellow citizens in Battle River-Camrose. He is truly "one of their own." adv

Record Car Sales

GOOD START. Strong auto sales are bolstering early '57 business optimism generally writes Jack McArthur in the Financial Post.

Canadians went on a record January buying spree for motor vehicles, early estimates indicate.

Total January motor vehicle sales in Canada apparently hit around 32,000-35,000 units about 35% higher than last January and 10% or more above the previous record January, in 1953.

The amount of instalment buying which made the increase possible however, he warns may be inviting even tighter controls on instalment credit and tougher restrictions might nip growth prospects in many fields.

Quota Club At Lloydminster Sponsors "Quest for Talent" Show

LLOYDMINSTER.—The Lloydminster Quota Club is making immediate as well as long-term plans to institute a "quest for talent project in Lloydminster and district, Mrs. Ida McKechnie, president of the Quota Club, announced today. Purpose of the project is a two-fold one—firstly, to find and encourage local talent, and secondly to raise funds for furnishings in the Lloydminster and District Senior Citizens' Lodge, now under construction next to the Lloydminster hospital.

Mrs. McKechnie stated that the club has a special committee working out the details, not only to present a talent program for the public but to have it broadcast on Radio Station CKSA. Present plans call for one program about mid-April and a series next fall. The first program will be held at Lloydminster and it is hoped that participants will be drawn from a large area.

In their quest for talent the Quota Club is appealing to artists young and old to take part. Winners will be disclosed by popular vote and by judging for exceptional talent. The audience will "purchase" votes during the performance and the contestant with the largest number of votes will be declared the popularity winner. The judges will judge the contestants to determine the most talented participant. Prizes will be awarded in both cases, as well as to runners-up

Arrangements are being made with Radio Station CKSA to broadcast the program, following which listeners may vote for their favorites. It is expected that the Lloydminster Quest for Talent program will be held in the High School auditorium on the evening of April 13th.

Entrants will be limited to age 12 and over and the number of contestants for the show will be limited to 20. Those wishing to participate may enter by writing to P.O. Box 793, Lloydminster. Entry forms will appear in next week's issue of the Lloydminster Times.

Mrs. McKechnie urges all artists to enter early due to the limit set on the number competing. She points out that if entries exceed the number required, arrangements will be made to audition in advance.

OBITUARY

George Frederick Hardwick

On Feb. 11, 1957, George Frederick Hardwick of 2829 Woodland Drive, Vancouver, passed away at the age of 73 years. He is survived by his loving wife Emma; 1 son Clifford; 3 grandchildren: 5 nieces, Mrs. W. S. Porter and Mrs. R. Shaw, Vancouver; Mrs. L. Shrigley and Mrs. Vic Watkins, Alberta; Mrs. C. MacDonald, Saskatchewan.

George Frederick Hardwick or Fred as he was more familiarly known, was an old timer in the Dewberry district, coming there in 1907 and making his home one-half mile south of the present town. He was always very interested in public affairs and was active in forming the old Harewood school district, also the present Dewberry school district, a faithful member of the United Church, and a member of the U.F.A. in the early days.

He passed away at his home in Vancouver where he had lived for seventeen years, and was buried from Mount Pleasant Funeral Chapel, Vancouver, B.C. Among the pallbearers were four old timers of the Dewberry district, Mr. Matt Braithwaite, Mr. Malcolm MacIver, Mr. Sandy Ewen and Mr. Jim Armstrong. Many beautiful floral offerings were received.

Mr Hardwick leaves to mourn his loss, besides his immediate family and relatives, many devoted friends and neighbors.

More than 161,000 Canadians of all ages participated in the Canadian Red Cross Water Safety program last year.

News from Thorncliffe

The annual meeting of the Thorncliffe Mutual Telephone Co. was held on Wednesday, Feb. 20 at 8:30 p.m. at the Thorncliffe school. Seven subscribers were present, too bad so few people take interest in the affairs of their company. All should make a resolution to support the company one hundred percent at the next meeting, at least those who are near should attend.

Mr Frank Farkash was there in person to obtain details of having a phone installed. After a few minutes of discussion it was decided to instal a phone for Mr Farkash if the government permits.

Mr Tom Thompson is still our president a position he has filled very efficiently now for nine years. The directors are the same as for the past two years, namely Cliff Hollen and John Frederick for the north circuit and Leo Bezaire and Fred Clark for the south circuit. Mrs Margaret H Clark is secretary treasurer. Rent is as formerly, $2 per month and is to be paid to the secretary treasurer every three mnths. Her address is just Vermilion R.R. 3.

It was decided to order a meter and Mr Lowell McIntosh will construct a trouble box to be used on line 27. Line 15 now has one and this instrument certainly saves the men many unnecessary miles of travel when time is precious.

It was decided at this meeting to renew the telphone line from John Fredericks to highway 41 this coming summer, and that the fine or charge for anyone not working on the line will be $8 for every day omitted.

The meeting adjourned with a hearty vote of thanks going to the ladies for the lunch

The Thorncliffe young and old folk are enjoying and learning modern square dancing at the Thorncliffe school now, thanks to our real good caller Johnny Maxwell, and with the help of his wife Cora we are really learning the how of modern square dancing. You who are not taking the lessons do not know what fun you are missing. If you ever get the chance to take these modern square dance lessons, for goodness sake do not turn them down as square dancing is fun!

The average size of the Canadian family during 1953 was 3.8 persons. Newfoundland, of all the provinces, had the greatest average size at 4.5 persons.

WOODVALE NOTES

The annual meeting of the Woodvale school district took place last week. The reports were favorably received and Mr A. Thompson was elected as a new trustee taking the place of Mr C. Crocker.

The talk to be given by Mr S. C. Heckbert on his trip to the Southern U.S. and Bermuda and the showing of slides had to be postponed last Thursday owing to the extremely cold day. The many persons, young and old who were interested in hearing Mr Heckbert, will have to wait until early April.

Mr and Mrs Arthur Pelletier and their four children are leaving this week for their new home on a farm four miles out of Perigord, Sask. They will be missed by their family and friends. They have been in the district for over two years and it is hoped they'll be back for a visit once in awhile.

Camille Goutier and his bride are expected to take their place on the family farm any day now.

Mrs Marcel Benoit, whose husband is stationed in Wainwright for a two months' course is staying with her parents Mr and Mrs Paul Goutier. She arrived accompanied by her sister Cecile and Mr Jerry Helten of Camrose who after the week end returned to that city where Cecile is a nurse at the hospital.

A letter from the Municipal council in answer to an F.U.A. petition to have the roads maintained in such a way that farmers can cut the weeds along the roadside without gravel damage to their mowers, can be read at the Tolland store where it has been posted.

Sincere sympathy is offered to Mrs Aubrey Rendell on the death of her husband who was well and favorably known in our district. She herself has made many friends too in the short time she has been in Canada, and we hope they will be able to console her some in her loss.

The many years Duff McGrath has served on the School Division board were appreciated by the people as they voted his re-election with a large majority.

Bill McGrath played on a foursome at the Buffalo Coulee bonspiel and his rink got fourth prize in the third event.

Cold and some snow has made the past week quite wintry.

NEWS from CLAY

Trustee elections are over — we do hope that when the municipal elections come up much more interest will be shown in them. Congratulations to Mr. D. McGrath on his re-election in subdivision 6 of the Vermilion school division. Mr. McGrath has served us well.

Many happy returns of Feb. 26th is wished Mr. Herman Caro. On that date he was 72 years young — happy time is being had at their house. Jack is home from Kitimat for a visit.

The carnival was held Friday night and the ice races in the afternoon although it was cold. Feasts and customers were shown in the hall. There was a fine showing so it looks as if there may be another carnival this year. There were six floats both 4-H clubs exhibited.

One ladies' rink is playing in the Kitscoty hospital this week. It is composed of Mrs. Irene Wilson, Mrs. Jean Axley, Mrs. Bill Hanno and Miss Maureen Gillespie.

Walter McCaughan's store is undergoing a paint job. It really looks nice and bright

quite a job having to move every last thing, a section at a time. Just stay in and you will be agreeably surprised.

Education week in March 3rd to 9th. The National slogan is "Education — Everybody's Business". Now come out to the Home and School Association meeting the second Tuesday of the month. Are you interested in the curriculum of our Alberta schools? Want it changed? Do you know what your child is being taught, or is supposed to be taught? Your input make it your business to find out

Discussions, Debates, Nominations Feature Vermilion River Meeting

The annual ratepayers' meeting of the M. D. of Vermilion River No. 71 was held in the Community hall, Kinsley, on Saturday Feb. 18. The meeting opened at 1 p.m. with Mr. Wm. Lloyd Brown taking the chair. The secretary read the minutes of the last ratepayers' meeting held Feb. 18, 1956, after which Mr. J. Kelly, Revey, gave his report as follows:

"Before giving my report, I would like to take this opportunity on behalf of the Council, of paying respects to the memory of Mr. Jack Curtis who died suddenly last November. For over thirty years Mr. Curtis was connected in various ways with this municipality.

The winter of 1956 will go down as being one of the worst in history from the point of view of snow removal. Approximately three times as much money was spent last winter in snow removal as during a normal winter. Conditions in the spring necessitated a heavy patch work expenditure as the gravel surface construction program on grant projects 51% miles of road were graded at a cost of $97,000 and 15½ miles of road were graded gravelled at a cost of $80,000.

With the completion of the two motor grader sheds in Streamstown and Islay, all motor graders are showing signs of life. Graders are now housed in our own heated sheds. The Streamstown and shop will undoubtedly have to receive attention in the immediate future. Two new Caterpillar motor graders were purchased this year.

Owing to the falling off of tax receipts towards the end of August, the Council found it necessary to borrow money in September, in order to meet our school requisitions. Tax collections however, stepped up to a remarkable degree towards the end of the current year, enabling us to repay this loan and our books show tax arrears are practically the same as last year.

Note of caution, however, should be sounded here. Over one-third of the parcels of land in the M.D. at the end of 1956. This is a very

Tree Crops Are Profitable, Says Grant MacEwan

The addition of a new crop-trees to the list of major Canadian farm products is applauded by agriculturalist Grant MacEwan, in a forthcoming broadcast in his "Country Commentary" radio series.

Mr MacEwan's discussion of "trees for tomorrow" will be aired Sunday, February 19th, on radio stations throughout the three Prairie Provinces.

"I'm glad to see that farmers in the agricultural fringe areas of both Saskatchewan and Manitoba are planting trees," he states. "Their trees will represent another string in their mixed farming bow and while the cash return may be slow, many of them will be using non-marginal land for a most suitable purpose."

In addition to their value as a marketable crop —as fence posts, lumber or power poles — trees add to the attractiveness of the landscape and help to control wind erosion. Reviewing the results of shelterbelt plantings carried on under the Prairie Farm Rehabilitation Act, Mr MacEwan states "shelterbelts and hedge rows reduce the velocity of crosswinds to a distance of at least 20 times the height of the trees."

"Nominee Country", which Grant MacEwan will be presenting every Sunday over Prairie radio stations by the Consolidated Mining Smelting Company of Canada Limited, manufacturers of Elephant Brand high analysis fertilizers.

New Trafic Signs

Uniformity of traffic signs has been recognized by traffic authorities throughout the world as one of the major steps toward reducing highway accidents. Here Vicki Deverill shows samples of the signs that have been authorized by Ontario as part of the standardization programm. They were exhibited at the annual convention of the Ontario Good Roads Association in Toronto to familiarize county and township officials with the type of signs that have been approved. Made of retro-reflective material, the signs show up in headlights with exactly the same shape, color and appearance as they have in daylight. With standardized signs traffic authorities say most of the confusion caused by many of the mishaps of motoring on unfamiliar roads or highways will be eliminated. Identification by color is an important part of the system which received close attention are the the public works expenditure of over half a million dollars and the school requisitions of over $400,000. Many searching questions were asked by the ratepayers about these two items. It was noted also that our grants from the Government were the highest ever recorded. Very little change was noted in the amount of arrears carried forward. It was also brought out that the amount collected in taxes over the year was in excess of 90% of the current levy in 1956. A temporary loan was arranged during 1956 and this was the first time that the municipality had borrowed money for some considerable time.

Better Baby Buggies

New baby carriages include a more comfortable ride for the youngster and is easier for the mother to manipulate at curbs, reports the Financial Post. Carriage's two front wheels have hinged suspension system that lets them drop gently from the curb, a compressed-air cylinder on the axle guides wheel back gently to their normal running position. Baby is spared a bump.

NEWS from KITSCOTY

L. F. Speelman, National grain buyer of Kitscoty, received word from his office that he had become a member of the "20-Year Club." This is a very exclusive club, and it is indeed an honor to belong. It means that he has not received a single demerit for the past twenty years. Congratulations, Mr. Speelman.

In the Vermilion School Division elections held recently James E. "Red" Wright in subdivision 2 polled 189 votes to win over J.J. Davis of Streamstown by 5 votes. The election was for one year.

Mrs. Hilbert Reuben, who is spending some time here with her parents, Mr. and Mrs. J. H. Masson, spent the past week at Slave Lake visiting with Hilbert who is employed with the company there.

The members of the Kitscoty Women's Institute paid a surprise visit to the home of Mr. and Mrs. J. R. Fox to honor Mrs. Fox on her 70th birthday on Wednesday, Feb. 24th. A gift was presented to Mrs. Fox to show the appreciation of the W. I. for all the good work she does on the visiting committee, writing letters, and cards to folks in hospital, and visiting the shut-ins whose days are brightened by her cheery visits. A social hour was enjoyed followed by a dainty lunch.

Canada's Per Capita Use of Oil

1946: Average consumption of oil in Canada, per person, was about 362 gallons a year.

Today's average consumption, per person is about 577 gallons per year.

By 1980, average consumption per person is expected to be about 900 gallons per year.

Labor Outlook

Labor experts here expect this summer's shortages of workers to be less widespread than they were last year, reports The Financial Post.

The 1957 employment outlook, they say, will be more spotty than the remarkably wide spread of 1956 and 1955.

But this doesn't mean that you'll be able to get the labor you need. The available workers will not necessarily be in the right place; nor will they have the right skills.

In some skilled occupations—probably in most — the labor squeeze will be just as tight as last year.

In some it may be worse.

Travel between Canada and the United States by rail, through bus, boat and plane in the first 11 months of 1956 showed an increase of three per cent over 1955.

How Far Out Do We Own?

As a nation with one of the longest coast lines, Canada has a vital interest in a proposal coming before United Nations to codify the law of the sea, says The Financial Post.

One of the major matters to be settled is how far a nation's sovereignty out from has extended. Back in the 15th century there was no argument. Spain and Portugal claimed most of the Pacific and Atlantic as well as the Indian Ocean from shore to shore. However, a few wars and centuries later, ownership has been pretty well whittled down among trading nations to a standard 3 miles.

This was about the extreme range for shore-based cannon in those days and that was why the three mile limit was chosen. But modern artillery can shoot several times three miles and what with that and offshore fishing, oil and other wealth in and under the sea, most claims now are for at least 12 miles offshore and some nations have claimed up to 200.

There is room for a good deal of friction in the present confusing situation. The UN will be doing a useful job indeed by giving the world a new set of rules.

Former Manville Man, Wm. Smith, Killed In Truck Tragedy

MANNVILLE—Funeral services for the late William H. Smith of Edmonton, who passed away Jan. 31th were held Jan. 19th. Leath was due to a truck tragedy which occurred near Valley Hill. Interment was in the Bremmount cemetery and Rev. C. C. MacPherson of Manville officiated.

The deceased was born at St. Albert, Edmonton, on Dec. 24th, 1914 and after his father's death in 1915 Bill moved to the Stevenson district. Most of his childhood days were spent there on his uncle's farm. He attended school at Silver Willow and at Streamstown. In 1939 he married Miss Marion Thompson of Mannville. To this union were born three children, Ruth, Shirley and Franklin.

Bill resided in Mannville for a number of years where he gained many friends. He was a hard worker, honest, upright, depend able, a friend to old and young alike. He was patient and cheerful at all times and brought a ray of sunshine to all who knew him. To him no task was too great and he was always ready and willing to help whenever and whoever needed or wanted help. His prominent memories he left behind—and he did his best at all times.

Bill moved to Edmonton with his family in 1954 from where he resided until his death.

He leaves to mourn, his loving wife Marion, two daughters Ruth and Shirley, and one son Franklin, all at home; his mother Mrs. Ruth Albright, Dunnigan, Calif., and four sisters.

Many beautiful floral tributes, donations to memorials, etc. and messages of sympathy were received.

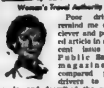
College Students Visit Mannville

MANNVILLE.—On Thursday, Feb. 21st six students and Dr. J. Thompson of St. Stephen's College (United Church) visited Mannville where a young people's rally was held. In spite of the cold weather attendance was good, boys and girls coming from as far as Cold Lake and Bonnyville. The purpose of the student visit was to present the challenge of the church as a vocation today to our young people. Theme of the program presented was "Who will go" and a film by that name was enjoyed by everyone later in the evening. Dr. Thompson took the worship service.

The W. A. provided the supper which was appreciated by all.

Tips on Touring

By Carol Lane
Women's Travel Authority



Poor drivers are rapped in a clever and pointed article in a recent issue of Public Safety Magazine. It compared poor drivers to animals, and described the seven main types. How many have you met?

The chimpanzee hangs on to the car roof with his left hand while he drives with his right. He's a sure set for all kinds of monkey business in traffic.

The Jack rabbit driver zigs and zags through traffic.

The ostrich driver thinks that if he ducks his head behind the wheel and pays attention to nothing, nothing can harm him.

The road-hog is a familiar species and needs no description. He's the most reviled and unpopular inhabitant of the highway zoo.

The elephant plants himself in the middle of the lane, drives too slowly and can't be budged. He causes a lot of jack rabbits to zig and zag around him, regardless of his size.

The peacock driver preens and struts as he moves, thinks he's the pride of the road and drives accordingly.

The turtle is last on the block list. He's as versatile as he is common. He can be a show-off who thinks his own neck (and everybody's body) is the speeding and weaving or he may turn up as the blockhead who just doesn't understand fast modern driving, requires a little thought, good coordination and control.

Consideration to the other fellow is not common among animals in the zoo and it's a big thing in the kind of safe pleasant driving that intelligent motorists prefer.

HAPPY CENTRE W.I.
The Happy Centre W.I. held their February meeting at the home of Mrs. W. Osborn with Mrs. O. Younge and Mrs. Swenson joint hostesses.
Highlight of the meeting for the 19 members and 3 visitors present was an enlightening talk by Mrs. J. I. Jones on "Women's Rights" followed by a brisk question period.
During the business part of the meeting the secretary, Mrs. D. Croft, reported that serving at the curling rink for a period of two weeks had proved quite successful financially.
It was decided to split the office of secretary-treasurer and the new treasurer elected was Mrs. M. Mercer. Roll call — "Bring your baby or childhood pictures" made an interesting as well as hilarious contest as each member tried to guess identities. Mrs. A. Hubbard was the winner giving seven members the correct names. Mrs. H. Whitson won the "pig in a poke"

CATERERS WANTED
Any club interested in catering at the curling rink for the two days of the ladies' bonspiel March 12th and 13th, please contact Mrs. Ivy Pare phone 417, not later than Wednesday, Mar. 6th. 34

Why Do So Many Canadian Babies Die

"The carelessness and irresponsibility of many Canadian women and the inadequate equipment for the care of premature babies in many Canadian hospitals is costing the nation thousands of future citizens each year. "With the world's second highest standard of living, Canada rates only thirteenth in the fight against infant mortality", says Frank Croft in February Chatelaine, "because far too many Canadian women fall in their obligations as mothers or mother-to-be."

More than half of Canada's expectant mothers do not consult a doctor until well advanced in pregnancy, and they do not take advantage of available prenatal care. Hospitals report they could handle twice as many patients at their clinics as now attend. A comparison with the women of other countries has shown up this neglect, which is proved by experience with New Canadians, who are regular and obedient patients, and attend clinics when available.

The loss of premature babies is the greatest single handicap in our infant mortality standing. At least half the prematures could be saved with proper hospital care and equipment, but too often our hospital services are sadly inadequate.

In 1954 our infant mortality rate was 32.1 deaths for every thousand live births as compared with 56.3 in 1944. Although some progress has been made, we still lag behind other nations of our size, and are needlessly losing more than 4000 babies a year.

A drawback in the fight against infant mortality is the lack of detailed records of the causes of death. Countries having this information have been able to pinpoint the most feasible targets in the fight to keep the death rate low.

WILDMERE WINKS

It just seems we cannot write any news but that of sorrow—we learned on Monday that Mrs. Beatrice Fraser of Auburndale had passed away. She was a very fine person and her passing is greatly mourned. Her fine courage and bright outlook on life amid her sickness was a marvel to behold. Her husband predeceased her several years ago and she leaves a very devoted son Eddie who lived with her and a daughter Bernice in Edmonton. God closed her eyes in peaceful sleep to wake upon the golden shore.

The annual school meeting was held at Preston Central school on Wednesday evening, Feb. 20 with a good attendance. Ray Osterberg was re-elected as trustee and Mrs. Frank Gibson as trustee at large succeeding Mrs. Seale who has served faithfully for the past three years. Among other business brought up was a new teacherage which is indeed badly needed at our school. Both teacherages are far too small for teachers with families.

Laurence Graham is with the Canada Catering Co. near Cochrane. They have plenty of snow there he reports.

The annual telephone meeting was held last Friday evening at Preston Central school with a small attendance. Roy Dibben is president, J. Wilson, secretary-treasurer and the directors other than Art Lysons we do not know. No trouble man was appointed. Bill Garnett and Frank Gibson held that job last year so likely will carry on.

The rink skipped by Frank Gibson with Cliff Cruthers, Dick Donily and Howard Coburn at Buffalo Coulee won first in the third event. Well done boys. Prizes were electric irons.

Warren Marfleet of town brought his mother, Jackie, Eddie and Joanie out for a visit to the Cliff Cruthers' home on Sunday afternoon.

We are pleased to see Chatsworth and Dewberry news in the Standard again. Clandonald, where are you?

Mrs. Cruthers visited Sunday evening with Mrs. Gibson while the men were curling in Vermilion.

We had nice chats on Saturday with Mrs. C. King (who is visiting daughter Joy in Edmonton this week), Mrs. J. J. Eyben, Mrs. Holte, Mrs. A. Morrison, Mrs. F. Clark and Mrs. Sherwood — we will have that cup of tea another day.

Say, talking of tea, where did you Triangle ladies have your afternoon tea on Saturday?

Miss Ardelle Symes of Battleview spent the week end with Maureen Cruthers in Wildmere.

Charlie Goal of Triangle, Lloyd Howard of Wildmere, Frank Farkash of Thorncliffe and Billie Veitch of Battleview have had Mr. Horpstad of Vermilion cutting brush. Certainly makes a difference to the looks of the countryside.

Donnie Fadden cut a finger on his left hand quite badly Monday.

Congrats to all the happy and proud parents who have had recent additions to their families.
(Continued next week)

HOLIDAY COMMON SENSE

After years of annual proclamations the federal government has finally decided that Victoria Day and Thanksgiving will be permanently fixed and on a Monday.

No longer will it be necessary to wait for an annual announcement. Calendars can be printed and holiday plans arranged well in advance. Most people, and certainly all business, will be grateful.

But why stop with that, asks The Financial Post?

The day we celebrate Confederation should also be fixed on a Monday, perhaps the first Monday in July.

In this modern age a holiday in the middle of the week is of little use to anyone. It is merely a day on which we stay home from the office or factory. It is not like a holiday added to a week end which gives a real break. And for business there is no confusing and costly shutdown in the middle of a week.

Consult **Reg. Mitchell** about this question:

"The only auto accidents I have had were on icy streets and roads, where it's hard to keep a car under control. With damage suits running so high, I'd feel better with $25,000 auto insurance instead of $10,000. Does this added protection cost only about $6 per year?"

Visitors From B. C.

Cliff Pinsent of Courtenay, B.C., were recent visitors in Marwayne and Dewberry. In Marwayne they stayed with Mr. Pinsent's mother and brother Mrs. Pinsent Sr., and Roy. In Dewberry they were guests of Mrs. Pinsent's sister and husband, Mr. and Mrs. John Porter. They also enjoyed visiting old friends.

Pre-Lenten Supper Held At Derwent

DERWENT. — A pre-lenten "Pyrohy" supper sponsored by the Ukrainian Catholic church committee was held on Feb. 20 at the National hall. Refreshments were served and a dance followed the supper. A large crowd attended.

McROBERT — Word comes from Yellowknife, N.W.T., of the birth of a son William James (Billy), 7 lbs. 15 ozs., to Mr. and Mrs. Bob McRobert, formerly of Hazeldine. A brother for Gerry.

Thorncliffe F.U.A.

Thorncliffe F.U.A. met at the home of John King on February 12th with a good number present.

The main discussion of the evening centred around collection of F.U.A. dues by the Municipality.

Next meeting of the Thorncliffe local will be held at the home of Hugh Stewart on March 12th. You are urged to attend.

During the past 16 years, overseas shipments of the Canadian Red Cross have been valued at $100,000,000.

Miss Nell Long is home after spending some five weeks in the sunny south, visiting her brother Will at Palm Springs, Calif. and sister-in-law Mrs. Frank Long in Los Angeles. The trip from Edmonton and return was made by air.

Miss Anne Stewart was a member of the University ladies' swimming team which competed in the inter-Varsity swim meet at the University of Saskatchewan in Saskatoon last week.

Miss Kay Simonson was home from Edmonton for the week end.

Mr. and Mrs. Allan Gannon of Wildwood spent three days the middle of this week visiting their parents in town.

Miss Jean Kibblewhite, second year student at the Faculty of Education at Alberta University, spent last week end visiting her parents, Mr. and Mrs. W. A. Kibblewhite.

Mr. and Mrs. John Doherty had as their visitors Mr. and Mrs. Ed Gendall and little girl Laurie. Mrs. Gendall is the former Kathleen MacInnes and is a granddaughter of Mr. and Mrs. Doherty. They were here for Mr. John Doherty's 78th birthday on Saturday, Feb. 23. He is enjoying good health other [illegible].

Mr and Mrs Nick Kowalchuk were business visitors to Calgary for a few days this week.

Mrs. R. B. Carmichael left for Windsor, Ont., last week on receipt of news that her mother was ill at the family home there. She travelled TCA.

Ralph Wilson found a radiosonde on his farm located 5½ miles north on Monday of this week. The radiosonde is a weather instrument which is sent aloft by means of a balloon. While in the air it operates as a radio transmitter of the temperature, pressure and moisture through which it passes. The balloon bursts at the height of about 16 miles and the radiosonde floats to earth on an attached parachute.

CARD OF THANKS
We would like to express our deep appreciation for the many acts of kindness, messages of sympathy and beautiful tributes received during our recent bereavement.
The Stephens Families

CARD OF THANKS
I wish to extend my sincere thanks to Dr Evans, the matron and staff of the Vermilion hospital for the care and attention given my husband while he was a patient in the hospital, and to all my friends and neighbors for the kindnesses received during my bereavement.
Mrs. Aubrey Rendell.

IN MEMORIAM
In loving memory of Margaret Ann and Henry [illegible] Sweeney who passed away October 19, 1951 and February 25, 1955.
Ever remembered by their loving Family.

Dr. C. F. Bentley of the Dept of Soils, University of Alberta, was a visitor in town this week while he addressed short course meetings in Vermilion and Mannville. While here he was a guest at the home of his brother, Mr. and Mrs. N. N. Bentley at the School of Agriculture campus.

James B. Bell, school superintendent from Spirit River, spent Sunday in Vermilion renewing acquaintances. Jim was in Edmonton attending a conference and took advantage of the opportunity to spend Sunday in town.

Mr. and Mrs. E. T. Rooks and daughter Margaret attended the 25th anniversary celebration of their daughter-in-law's parents, Mr. and Mrs. Fred Frisby which was held in the school at Lindberg on Monday evening, Feb. 25th. A very fine time was enjoyed.

Mr. and Mrs. Percy Cross, who have been living in Winnipeg where their daughter resides, have now returned to Vermilion.

Mr. and Mrs. Johnny Nelson have purchased two landscaped lots in Lloydminster and plan on building in the spring.

Pleasant Valley
(Held over from last week)

It is a little colder outside at time of writing, but warm within. We have six beautiful hyacinths in full bloom, four pink and two blue. The perfume from them is simply grand. The Amerallis lily has four coral blossoms in full bloom. Do come Nora — these flowers have been looking for you all winter.

The writer had lots of callers last week. Annie Clark, Isobel Sherwood, Thelma Robinson — what a good time girls, come again!

On Saturday evening Mr and Mrs W J Potvin were supper guests at the home of the writer. The time seems to fly by when a little visiting is done and a little chin-wagging indulged in.

It's housecleaning time around here so the visitors come to enjoy the uproar too. Fred Shaw is busy at the Bert Gould home, plaster boarding the bedrooms and painting.

The Bowtell scribe mentioned about two carloads of ladies getting stuck in the snow. Are you sure they weren't menfolk? One never hears of ladies getting snowbound! The writer hasn't seen that much snow this winter. It's very bare here and the fields were blowing Friday.

Sincere sympathy is extended to the family on the death of Mr. Cam Mitchell in Islay hospital.

It is just like a spring day today, the weather has turned. It won't be long now there will always be spring time and harvest.

Gordon Gould's family were supper guests at the home of Mrs. Teskey on Sunday. A turkey was devoured with all the trimmings. The occasion was a special one, Jackie's birthday.

The men are now busy hauling grain to be cleaned at the mill, getting ready for spring.

On vine clad eaves, and in leafy trees, we will hear the robins sing. Clusters of lilies in the shade in golden ease they stand the richest flowers in all the land."

The Canadian Red Cross stockpiles relief supplies for any emergency in League of Red Cross Societies warehouses in Geneva, Marseilles and Ankara.

Factory shipments of Canadian [illegible] jumped more than 27 per cent in 1955 over the preceding year. The 1955 shipments totalled 153,632 units.

Mrs. Neil McLean Installed New President United Church W.M.S.

The Women's Missionary Society of the United Church held their second meeting of the year in the church and this was featured by the installation of the new officers for 1957.

Mrs Clarence Barr was in the chair and the committee in charge of the devotional was Mrs. Carroll, Mrs. Muir, Mrs. Mrs Maskell and Mrs. C. Barr. Mrs. M. Hill who is in charge of the Book gave a talk on "Bible Lands". It was the road that St Paul travelled to Rome from Corinth and proved very interesting.

Rev. C. W. MacKay then conducted the installation service duly installing the officers for 1957, a beautiful, inspiring and uplifting service. Mrs. C. Barr, the retiring president, then vacated the chair and the incoming president Mrs Neil McLean (one Scot to another) took over the office. The officers for 1957 are:

President — Mrs Neil McLean
1st Vice-Pres. — Mrs. A. M. West
2nd Vice-Pres. — Mrs. E. W. Hart
3rd Vice-Pres. — Mrs. J. W. Muir
Treasurer — Mrs H. P. Long
Recording Sec. — Mrs M. Barr
Christian Stewardship — Mrs. M. Hill
Corresp. Sec. — Mrs. D. Folk
Departmental Secretaries and Community Friendship Supply — Mrs. R. Good, Mrs. E. Rooks
Missionary Monthly & World Friends — Mrs L. Metcalfe
Literature — Mrs. G. Dunsmore
Press — Mrs E. Filgate
Temperance and Christian Citizenship — Mrs. W. L. Roebuck
Cradle Roll — Mrs J. French
Baby Band — Mrs F. Maskell

Roll call revealed that there were 22 members and four visitors. Two delegates' reports were received. Mrs. H. P. Long gave a splendid report of the day she had spent at the United Church in Vegreville. Mrs. A. Robinson spoke of the wonderful talk Miss Hamilton, the missionary, gave at Presbyterial.

Business was then conducted and reports taken for the month. The meeting came to a close with the repeating of the Mizpah. The committee in charge served a very dainty St Valentine Tea, much enjoyed by all.

Juvenile Star Badly Injured

Billy Taylor, starry left winger of the Juvenile Bobcats, suffered a bad injury in the second game of the provincial playdowns against Mundare. Billy was run into the boards in the very first period of the game and taken from the ice, visibly in great pain.

Following medical attention he was found to have suffered a broken left forearm, and a broken thumb. Last winter when playing hockey in Battleford, his home town, Billy suffered a badly broken foot. After being released from hospital here he went home to North Battleford where he is still convalescing. He was in Vermilion Wednesday to have the arm X-rayed and reports the injured member appears to be mending nicely.

Gerry Schmidt who had his jaw broken in an unfortunate incident early in the hockey season is also coming along well and will soon be able to even eat normally. Knowing the spirit and character of both these lads, it is safe to predict that they will be right back playing hockey again next season.

"Ted" Davies Dies At Victoria, B.C.

Former well known Vermilion business man, B. C. Edward Davies, passed away in Victoria, B.C., on Feb. 24th. He was 69 years of age. The family home address is 13330 Pandora Ave., Victoria, B.C.

The deceased lived in Vermilion for many years carrying on a butcher business. Interested in town affairs, Mr. Davies was a member of the council for six years and belonged to the Vermilion Masonic Lodge. Eleven years ago he sold his business and interests here and moved to Victoria.

Surviving members of the family are his wife Margaret; two daughters, Mrs. T. Reesor of Calgary, Mrs. W. Stewart of Victoria; and one son Donald of Victoria.

Funeral services were held at McVall Bros. Funeral Chapel, Victoria, on Wednesday, Feb. 27 at 3 p.m. Rev. J. E. Smith officiated. Interment was in the Royal Oak Burial Park. There were no flowers by request.

Former Islay Man Dies In Edmonton

George Guernsey who was the C.N.R. station agent at Islay many years ago, died in Edmonton on Tuesday, Feb. 26th. The funeral services will be held this Friday afternoon, March 1st.

Mr. Guernsey was transferred from Islay to Lashburn where he worked until his superannuation, moving at that time to Edmonton. His brother-in-law Mr. A.W. Elliott resides in Vermilion. Members of the Elliott families here plan to attend the funeral.

Kitscoty Lodge Rink Wins Masonic 'Spiel

KITSCOTY. — Rinks skipped by Ev Inman of Islay and James Elliott of Marwayne, members of the Kitscoty Lodge A.F. & A.M. won the trophy at the Masonic district bonspiel held at Vegreville last Saturday.

District Deputy Grand Master Ernest Meiklejohn of Kitscoty Lodge, made the presentation of the trophy to his own lodge brothers.

Two Vermilion rinks were in attendance skipped by Gordon Larsen and S. C. Heckbert.

Dr. Goodwin Marks 89th Birthday

Dr. A. H. Goodwin who lived here for some time with his daughter-in-law, Mrs. Agnes Goodwin, observed his 89th birthday in Edmonton recently where he now makes his home. Dr Goodwin came west in 1891, practised dentistry in Edmonton and Vegreville, tried his hand at ranching and real estate while in the latter town, and was mayor there for five years. He further had the distinction of being the first person in Vegreville to own a car.

Dr. Goodwin's 89th birthday came in for considerable attention and the Edmonton Journal devoted a whole column to this esteemed, and to those who know him well, very remarkable pioneer.

Last year the Canadian Red Cross Blood Transfusion Service provided 124,133 free clinical RH tests for expectant mothers.

High School Basketball Play-Offs Slated For March 15 and 16

Plans for the High School Basketball Play-downs are in progress for the trophies donated by "Clendenning's Family Wear" and "Boake's Drug Store" of Vermilion. This is an annual competition which has included the Vermilion School of Agriculture. Last season the School of Agriculture won both the girls' and boys trophies and therefore are sponsoring the competition this year. The dates set are March 15 and 16 at the School of Agriculture Gymnasium. It is expected ten to sixteen teams will be entered, and it will be a double knock-out affair ensuring each entry of at least two games.

Mr Clendenning of "Clendenning Family Wear" is giving two pair of girls' basketball shoes, one pair to each girl considered by the Judges as the greatest asset to her team in the final game. The same will apply to the boys, says Mr. Clendenning.

It is hoped the event will be a success, in that many teams enter in this fast growing sport of Basketball.

If your team has not received a letter about this tournament, contact S. Moore, Vermilion School of Agriculture, before March 9th.

Watch for further news concerning this event.

Blackfoot Rink Wins At Marwayne 'Spiel

MARWAYNE. — The Marwayne men's annual bonspiel was held from Monday, March 18th to Thursday the 21st with 37 rinks entered and very cold weather prevailing. The sumptuous banquet, served by the men in the community hall on Tuesday evening was very well attended.

Winners of the various events were:

GRAND CHALLENGE
1 Guthrie Blackfoot, Bodard Lloydminster, 3, London Dewberry, 4 Schmidt Vermilion.

SECOND EVENT
1 Manson Kitscoty, 2 Harvey Streamstown; 3, Gorman, Lloydminster, 4, Inglis, Kitscoty.

THIRD EVENT
1 L. Quist Dewberry; 2 Bobroski Marwayne; 3, Rahn Marwayne, 4 V. Quist Marwayne.

The L. Quist rink curled and won five games on Thursday.

The Canadian Red Cross Society is active in almost 1,300 Canadian communities.

Bobcats Ousted By Vegreville in Prov. Juvenile Playdowns

Vermilion Bobcats were ousted from the Provincial Juvenile playdowns by Vegreville by a score of 8-3 in the game played here and 8-0 in the second game of the two-game total goal series.

The game here last Wednesday evening is reported as being very rough, with the visiting Vegreville team resorting to many questionable tactics entirely unnecessary as they have plenty of hockey ability.

Vermilion sharpshooters were Jim Shepanski from Ford; Lee Coyne, Brian Ford. For Vegreville Semeniuk, Ferguson, Shandro, Kassian, Dahoun 2, Morgan and Kitt.

Boy Scouts Celebrating 100th Anniversary in Local Programs

This week the local groups of Boy Scouts, Wolf Cubs, Girl Guides and Brownies are joining with other similar groups across the world in celebrating the 100th anniversary of the birth of Lord Robert Baden-Powell the founder of the Movement and at the same time, the 50th anniversary of the actual founding of the Movement. It was in 1907 that Baden-Powell held his first camp of 20 boys in England which proved to be the starting point of the Scout Movement.

In Vermilion, special programs were held at the various meetings during the week to help celebrate the occasion. In addition, a joint church parade was held at St. Saviour's church on Sunday evening, attended by a large number of boys and girls representing all the various groups. All those in attendance were in the uniform of their group, and the flags of the various organizations were carried and presented at the church. During the evening, the story of the beginning of the Scout movement was told to all those gathered.

In July of this year a special World Jamboree is to be held in England to mark the anniversary year. Canada's 212,000 Scouts will join with the six and one-half million Scouts from all over the world by being represented at this Jamboree. Some 1500 Canadian Scouts will join with Scouts from about 100 countries all over the world by meeting together in a spirit of brotherhood and good fellowship. The last World Jamboree was held at Niagara-on-the-Lake in Ontario in 1955 which was attended by several Scouts and the Scoutmaster from Vermilion. Vermilion Scouts have also attended in past years, two Canadian Jamborees held in Eastern Canada as well as an American Jamboree at Valley Forge in Pennsylvania.

New Highway Signs Will be Used This Year

New type of highway direction and identification signs will be used henceforth by the Department of Highways, it was announced this week by the Hon. Gordon Taylor, Minister of Highways. Above are shown examples of some of the new markers, as displayed at the Highways Conference held last week. Left, Mrs. W.C. Taylor, of Wainwright, representing the FWUA at the conference, and Mr. C. Bruce, of Rocky Mountain House Chamber of Commerce, admire details of one of the new signs as pointed out by the Hon. Mr. Taylor. The signs will have white background on which will be black letters or figures. Larger centers off main highways will have descriptive wording under their names, as above. All signs will employ larger letters than previously and almost all will be visible at night, from reflecting paint. Highway marker signs will be as sample shown at right.

"HELLO, HOMEMAKERS"

ATTENTION GARDEN CLUBS
Seeds will be available after March 1st. Since some of the seeds will be planted indoors and require transplanting you'll want to get your application in right away. Don't forget to put on the location of the farm and the birth date of the member. Those of you who have already sent an application, can send in a list of any new members who might have joined.

BRUSHING CLOTHES
Do you have trouble keeping your coats and suits lint free and sparkling clean. If you wear them often give them a thorough weekly brushing with a stiff clothes brush or a vacuum cleaner. Keep a small clothes brush handy for brush-up jobs when wearing them. Also a handy lint remover is scotch or adhesive tape. Wrap a length of it around the back of your hand, sticky side up. Brush quickly over the garment. The sticky surface will remove all lint or dust. Don't depend on it for a thorough cleaning though.

For a smart appearance at all times brush shoulders and collar before leaving the house. This is particularly true with black or navy blue coats.

Here's a candy cookie your children will love.

⅝ cup brown sugar
½ cup butter
1 egg
1¼ cups flour
½ tsp. cream of tarter
½ tsp. soda
2 tsp. vanilla
1 cup whole salted peanuts

METHOD: cream the butter and sugar, add the egg and beat until blended. Add the dry ingredients and blend. Lastly add the whole salted peanuts. Bake at 375 degrees F. for five to eight minutes. (Be sure the peanuts are quite fresh.)

TIP FOR THE WEEK
Are you a Scrabble fan? End all squabbles over turning the board by putting your lazy susan to work under it. It will turn the board smoothly without disturbing letters.

DEWBERRY NEWS

Dewberry ladies playing in the St. Paul ladies bonspiel this week are Iris Hodgson, Anne Dennill, Rose Bruce and Joyce Anderson.

Four Dewberry hockey teams, all using different players, took part in games last week end. The boys under 12 played a 3-3 tie at Paradise Valley, under 14 lost to Clandonald high, under 18 lost to Mannville. The seniors combined with Heinsburg for a 5-3 win over Glendon at Heinsburg.

Jack Young was home for a week end visit from Edmonton. He is now employed as a clerk in the C.P.R. freight sheds.

Vic Dennill and company with their hounds caught 8 coyotes in two days. Very good hunting.

A rink of Dewberry ladies skipped by Mrs Frank Bowman won the Grand Challenge event at Marwayne ladies 'spiel.

Vermilion W. I.

The regular meeting of Vermilion W.I. was held Feb. 12 at the home of Mrs. W.J. Bell. There were 16 members present and we were happy to welcome Mrs. Hilda Cross as a new member and Mrs Coombes, Mrs. Culford, Mrs Larkins, Mrs Fry, Mrs. Cameron and Mrs. Machan as visitors.

Mrs. E. Rooks reported 10 get well cards, and 3 sympathy cards sent. Flowers were sent to the hospital and Mr. and Mrs. Fred Clark on their 25 wedding anniversary.

A start is to be made on the Tweedsmuir History competition.

The President, Mrs. Olive Clark read an interesting paper on the founding of the first W.I. This was made possible by the farsightedness of Mrs. Adelaide Hoodless aided by a few other. The result was that on February 19, 1897, the first W.I. was founded at Stoney Creek, Ont. From that small beginning we now have an organization which extends around the world and has over 600 branches with a membership of over one half million.

At the close of the meeting a tasty lunch was served by Mrs. W.J. Bell assisted by Mrs. G. Dunsmore and Mrs. Hilda Cross.

Gas Co. Releases Interesting Film

A 16 mm. colored motion picture on Alberta's natural gas industry, produced in Alberta, has recently been released by Canadian Western Natural Gas Company Limited and Northwestern Utilities Limited. The 25-minute documentary film is believed to be the first such record of the gas utility industry in the Province. It was filmed on location in Alberta.

The film has been made available for showing through the Gas Companies and prints have been supplied to the Department of Education and Department of Extension, for further distribution throughout the Province.

Dewberry Home And School Meets

The Dewberry Home and School met on Feb. 14th with a smaller attendance than has been usual during the rest of the year.

The minutes were read and adopted. Volunteers for new lunch committee were Mrs. J. Maltais, Mrs. E. Davies and Mrs. E. Durnin. Mrs Brown moved and Mrs. Roy Jones seconded that lunch be served again on day of the parent-teacher interviews. Carried. Lunch committee consists of Mrs N. Jones, Mrs Wm. Holmen and Mrs Ewen. Mrs. Witzaney moved, seconded by Mrs. Haskell that Home and School buy cocoa to be used when lunch is served to visiting hockey team. Carried.

The program for the evening was a 'question box'. The two questions that provoked most discussion were supervision of the rink and the advisability of taking Grade 12 in two years. Also, should we have departmental examinations in Grades 10 and 11. Opinions were divided on all questions and lively discussions took place.

A pantomine was then put on by some of the younger teachers and helpers. It was much enjoyed. Since our glamour girl did her part so very well we are wondering whether she is a good actress or was it a case of practice makes perfect?

The usual good lunch was served after which the meeting adjourned.

Shower Former Dewberry Girl

A pleasant afternoon was spent in the Dewberry hall on Feb. 8 when a shower was held for Mrs. Steve Fajz (nee Bernice Romanchuk).

Assisting in opening the gifts were Bernice's mother — Mrs. John Romanchuk, her sister-in-law Mrs June Romanchuk and Jean Prouse. When thanking everyone for the useful and very lovely gifts, Bernice said the shower came as a complete surprise as she had been on her way to Vermilion. She also extended an invitation to anyone visiting Sudbury to call on them.

A beautiful lunch was served by several Dewberry ladies.

Mr. and Mrs. Fajz were married on September 11 at Victoria B.C. They have been spending the last few weeks in Dewberry with Bernice's parents, Mr and Mrs John Romanchuk.

The young couple are making their home in Sudbury, Ont.

The Canadian Red Cross will celebrate its 50th anniversary in 1959.

NEWS from ALLANDALE

Our weather — we've had some good and some, just winter. Cold, snow and wind, so far only to 20 below, and as yet not very much snow. Brings to mind a letter just received from a [illegible] in Montana near Great Falls [illegible] part. "Since the first of the year we have had some real winter weather in fact the worse we have had in several years. We had a lot of snow, then the wind blew for one whole week and did the snow ever drift! Real blizzards, cars stalled, roads all blocked, busses snowed in and schools closed (a picnic for the kids) for almost two weeks, and the temperature stayed from 20 to 65 below. Drifts were from 12 to 14 feet high in places. Does that sound like your weather? The weatherman keeps on saying we get all these storms from Canada." Sounds like our last winter.

Interesting news from folks away well known in the district: Mrs. Gordon Mayhew (Anna O'Fee) and three daughters of Bawlf won third prize in the Grand Challenge at the Rosalind Ladies' open bonspiel, prizes were four coffee percolators. Congratulations!

William Porter, son of Mr and Mrs Winston Porter (Bridie O'Fee) of Ottawa Ont., was just in grade 10 winning a gold medal and the O'Gara Scholarship in No. 26.

Congratulations to Mr. and Mrs. Paddy Steward (Claire O'Fee) of Dawson Creek on the birth of a son, Jan. 28th.

Valley View recently opened an $11,000 two-story curling centre. Mr and Mrs Gus Throndson's son-in-law Enoch Lundblad president of the men's curling club cut the ribbon at the offical opening. The ladies' curling club served free coffee and doughnuts. There are now 50 rinks playing 24 men's and 12 ladies', and 14 school rinks. Various activities are carried on in the new community centre building.

The Allandale W.A. met at the Baldock home on Feb 14th in the evening with a good attendance of eleven ladies and 17 men. We welcome visitors. The men folk made arrangements for buying the school for a community centre. Next meeting to be at the Omness home March 14th in the evening. Lunch Mrs E Armstrong and Mrs. M. Wilson.

Congratulations to Mr and Mrs. Art Roberge of Lloydminster on the birth of a son, Roger Joseph, on Feb. 17th.

Mr. and Mrs. Harold Swanson and daughter Beverly from Fort Saskatchewan, were visitors at the latter's sister's, the I. Nelson home on Feb. 16th. The next day they joined Mr and Mrs. I. Nelson and sons Vernon and Leslie on a trip to Ferguson Flats to visit the sisters' parents Mr. and Mrs. Ockerman and families, returning home Monday. Lee kept the home fires burning and did the chores.

Mr and Mrs. Milo Fleming and family from town and the latter's parents Mr and Mrs. Newton Bingeman were dinner guests at the Omness home on Feb 17th. Granny and Grandad were leaving the next morning for home at Esther, Alta. Mr and Mrs. Ralph Strome and family called in the afternoon, Mr. and Mrs. Johnny Nelson and Alva in the evening, to spend the night.

Miss Lorna Nelson from Lloydminster spent last Wednesday at Uncle Orley's and Aunt Ellen's after attending the dance in Clandonald.

Mr and Mrs Johnny Nelson took delivery of a new car in Vermilion on Feb 19th, a 1957 Chevrolet Bel-aire, 4 door sedan.

Mrs. Louis Baldock left on Feb. 17th to spend a few weeks with her daughter Beryl and Tommy Greaves and family in the city.

Our sympathy to the Maggs family on the loss of a dear sister, Ethel. Mrs. Reed was well known in the district.

Birthday greetings to Bill Armstrong, an old timer of the district, on his 75th birthday on Feb 22nd; and may you have many more.

Son Jimmy and Verna had a surprise for dad on his birthday having him and mom over and daughter Myrtle and Norman Anderson from Lloyd., daughter Ruth from the city, also neighbors Woody Wilsons and Herb McPhees. Cards were enjoyed and moving pictures shown, belonging to McPhees and Wilsons.

A belated birthday greeting to Mr. John Arnold on his 73rd birthday on Jan. 18th, also an old timer of the district. We are rightly proud of his ambition. Not many young folk would endeavor such work as cutting and hauling wood, and a grand supply, too.

Mr. Andy Wood called on us Feb. 21st. He's D.R.O. for the coming councillor election Mar 18th. Orley is R.O. for this district. Voting is in the school.

Mr and Mrs. Johnny Nelson and daughter Alva, and Mr and Mrs. Wallie Curtis of Dewberry left on Feb 23rd for an extended trip to the States, visiting relatives and friends, going as far south as Hill City Kansas, to visit Mrs. Nelson's uncle Homer and Aunt Emma Tomson. On their way home they plan on visiting brother Earl and Zanatello Nelson and family at Vancouver, and friends there.

Mrs John Arnold is spending a week in town, going in on the 23rd caring for the children and keeping house at the Srilas Lee home. Mr and Mrs. Lee accompanied Mr and Mrs. Jimmy Ronaghan East, leaving on Feb 24th. Jimmy is taking delivery of two trucks. They will visit sister Esther and husband while in Ontario. Mrs Mabel Lee is caring for her grandchildren at the Ronaghan home in Wainwright.

Closing Thought: "Friendship is a chain of gold, shaped in God's all perfect mold; each link a smile, a laugh, a tear, a grip of the hand, a word of cheer. As steadfast as the ages roll, binding closer soul to soul. No matter how far or heavy the load, sweet is the journey on Friendship's Road."

OVERWEIGHT & ITS DANGERS

Anyone who is 15 or more pounds heavier than his ideal weight is considered overweight. For those still in their 20's or younger a little extra weight does no harm. For people over 30 it is not good.

Overweight is a danger signal, particularly for those over 40. Overweight people develop diabetes, heart disease, high blood pressure, and other life-shortening conditions earlier, and are apt to die younger, than those people whose weight is normal. They are poor surgical risks and have less resistance to infection. Stout women are more likely to develop complications in pregnancy.

WHAT MAKES ONE FAT?

Most people are fat simply because they eat too much. This does not necessarily mean that they stuff themselves with large quantities of food. It does mean that they take in more calories than their bodies can use. This is often surprisingly easy to do, particularly for a person who has poor eating habits.

Some people blame their overweight on metabolism (the rate at which their bodies use energy) and on the glands which regulate metabolism. In a very few cases poorly functioning glands may contribute to overweight. Even [illegible] the overweight patient who is under a physician's treatment for glandular disorders is able to lose weight when his food intake is regulated.

What many people do not realize, however, is that the body's energy requirements usually change after age 30 to 40. As a person gets older, metabolism slows down, and fewer calories are needed to maintain weight. The trouble is that eating habits usually stay exactly the same, while physical activity often decreases.

Heredity is often claimed as a cause of overweight. Careful studies do not bear this out. Heredity does determine the type of body build a person has, but when people from overweight families change their eating habits it has been proved that they too, can lose weight.

Actually, most overweight people readily admit that [illegible] poundage comes from overeating. They say they just don't seem to be able to stop. Knowing why a thing is hard to do sometimes make it easier to change.

HOW TO LOSE WEIGHT

Physical condition, degree of overweight, and individual living habits must all be carefully evaluated before an effective safe reducing plan can be worked out. No one can do all this for himself. Only a physician has the necessary skill and equipment to decide how much, how fast, and with what treatment a person should lose weight. What benefits one [illegible] harm another. Therefore a reducing program should be undertaken only under medical supervision.

Anyone who really wants to get rid of excess poundage can do it. Lots of people have with determination and persistance. Desire and will power are "musts" in any reducing program.

Everyone knows that self denial is not easy and that changing long-established habits takes the strongest will. Therefore, a person who is trying to do this difficult job deserves the help and support of his family and friends. Few people are able to persist in any course of action in the face of commiseration, indifference, ridicule, or opposition from those they love and respect.

To be worth anything a loss of weight must be permanent. Therefore, anyone who wants to benefit from a weight reduction program must make up his mind that he is changing his eating habits for life. Going back to old patterns will only pile up the pounds all over again. Unless this fact is accepted reducing efforts will probably be wasted.

REMEMBER

Your Future is Here... In Alberta

STARTED MAKING PLANS for your holidays yet? Ever think of "seeing Alberta first"? Write the Alberta Travel Bureau in the Legislative Building. They've a wealth of ideas.

WHILE THE DEPARTMENT of Economic Affairs might have the responsibility of operation of the auditoriums, the Department of Public Works had the task of designing and constructing them. In addition, the staff of the department had the task of making sure the structures did what they were intended. Experts spent many a weary hour in the freezing darkness of a winter's night testing the acoustics as building progressed. Daytime noises would have spoiled test opportunities.

IF THE SCARE headlines are worrying you these days, there might be comfort in formation of a Civil Defence and Disaster organization in your community. Under the terms of The Civil Defence Act, the municipality effecting the organization will be reimbursed by grant for two thirds of the cost of the approved projects. Under agreement with the federal authorities, the province in turn is reimbursed for half its expenditure. Thus, the federal, provincial and municipal governments each share equally the cost of a civil defence project.

WITH THE END of the school term in sight for many students in the province, there is some consideration being given by many as to the vocation they will follow on graduation. One of the more popular professions for girls is that of nursing. In some instances, the matter of finances interfere with the hopes of the young lady who would wear a cap. To take care of this problem, a number of scholarships have been set up which may be applied for by qualifying applicants. And in addition, there is a loan fund which may be used to help the student nurse through her training. Application to the Department of Education will bring details promptly.

Be seeing you soon—

Report from The Alberta Legislature

— By KEN MASON —

EDMONTON.—There is little doubt now that the liquor question will spark one of the major battles during the current session of the Alberta Legislature.

The eight-member liquor committee tabled its report in the house last week, and as earlier forecasts indicated, it recommends no really drastic changes and suggests that Alberta continue to be governed by laws which have been altered only slightly since prohibition was repealed in 1924.

The only two fundamental changes recommended are abolition of the individual permit system for buying liquor and provision for plebiscites in Edmonton and Calgary to determine whether men and women should drink together in beer parlors as they do everywhere else in the province.

Beyond that, things would be left much as they are. The committee says there should be no new types of outlets such as cocktail lounges, and no liquor sales in restaurants or on trains and planes. It recommends against relaxing the law prohibiting advertising liquor and beer in the province.

But the really strange thing about the report is that four of the eight members including the chairman Edgar H. Gerhart (SC Edmonton) disagree with it. There would have been no majority report had Mr Gerhart voted on the recommendations, but he abstained in order to avoid a stalemate.

The four dissenting members all have submitted minority reports which appear at the end of the main report. All four believe there should be a province-wide vote to determine public attitude toward the liquor question.

Besides Mr Gerhart, the members who disagree with the report are Richard Hall (L Athabasca), Nick W Dushenski (CCF Willingdon) and Ira McLaughlin (SC Grande Prairie). Those who agree with it are Education Minister A. O. Aalborg, J. Percy Page (PC Edmonton), Chester Sayers (SC Camrose) and Harry Storm (SC Cypress).

Mind you, the report has only been tabled, and won't be debated until debate ends on the Speech from the Throne. Whether the legislature adopts it is anyone's guess. The only certain thing is that there will be lengthy and bitter discussion, because opinions vary widely.

Members who want no easing of the liquor laws will point out that about 140 of the 165 briefs received were from religious and temperance groups which want the government to hold the line.

Those who want broadened liquor laws and new types of outlets are bound to claim the committee wasted considerable time and $20,000 on public hearings and travels to other provinces and the U. S. just to find out that everything is fine under the existing laws.

There will be argument that Alberta would be the only province in recent years to review the liquor laws and recommend little change. It will be pointed out that inquiries in Ontario, British Columbia and Manitoba resulted in relaxed laws.

Some members will accuse the the committee of ignoring the fact that more than 70 per cent of adult Albertans hold liquor permits and presumably enjoy the odd social drink. And perhaps the greatest weakness of the report is that the members are, in fact, split down the middle.

The issue is so controversial that it won't be surprising if Premier Manning calls a free vote with every member voting as his conscience dictates. The fight isn't over yet, and it's bound to be a lively one.

DIVIDENDS IN SPOTLIGHT

The big question of the session so far is whether Premier Manning's government has decided this is the year to begin paying dividends to citizens from ever-increasing natural resources revenues.

Mr. Manning may have dropped a hint during the Throne Speech debate last week when he said the 1957-58 budget will contain "concrete proposals" aimed at making the individual citizen more aware that he has a direct share in the huge profits from oil and natural gas.

He refused to outline what these "concrete proposals" might be, but repeated earlier statements that the government wants to reduce the individual's dependence upon the state for social and economic security. In the past he has mentioned the possibility of direct "citizens' participating dividends."

All this has created an atmosphere of suspense in anticipation of the budget, which may be brought down during a special night sitting this week.

RESOLUTIONS SHORT LIVED

Members of the opposition were active during the first week of the session, but as usual their resolutions aren't going far. The Social Credit majority has voted down a CCF resolution calling for compulsory car insurance and a Liberal motion asking for establishment of an air ambulance service.

Among resolutions still under debate were a Liberal motion asking the government to pay the cost of calfhood brucellosis vaccinations and a CCF motion calling on the government to hold a conference on provincial-municipal financial relations.

RECORD CAR SALES

Car sales last year smashed all records, reports the Financial Post. Canadians bought 408,663 shiny new cars (5% more than in '55) with retail price tags totaling $1,125 million (up 10%). New commercial vehicles numbered 91,398 (plus 16%), worth $326 million (plus 40%). Altogether 498,061 new vehicles were sold for $1,451 million, 7% more in number, 15.5% higher in value.

Overall cost of moving traffic now being carried by bus in Canada is five or six cents a ton mile as compared with the current railway revenue of 1¼ cents per ton mile.

Canada's population on Jan. 1, 1956, totalled 15,218,000.

BONNELL BULLETIN

Must be nearly spring folks, George Lind is busy painting all the interior of his house and Mrs. Harrison is painting the kitchen at her home.

Visitors at the writer's were Allen Coutts, George Gow, Mrs. Ronaghan, on Sunday.

Mr. and Mrs. Sherwood and Beverly visited Sunday at the Walker home.

We wish to extend our own and the district's deepest sympathy to the Stephens' family in their bereavement.

Some fifteen members gathered at the home of Mrs. Fulton for the March Busy Bee meeting. Two new members joined: Mrs. M. Warawa and Mrs. Fulton. Mrs. Carol won the draw. Much discussion took place regarding cleaning and repainting the interior of the community hall. Watch for advertisment of a dance to be held in the near future. Place of next meeting is at Mrs. E. Jones. Lunch by Mrs. B. Gould and Mrs. O. Repp.

Thanks are extended to George Gow for helping the writer's family on Monday.

Mrs. Scott is one brave lady driving back and forth to her teaching duties at Thorndlife during the past weeks of cold weather.

Sorry to report Doris Pierman has been on the sick list.

Mrs. Gillies, Mr. and Mrs. F. Robinson were visitors Tuesday at Granny and Grandad Jones.

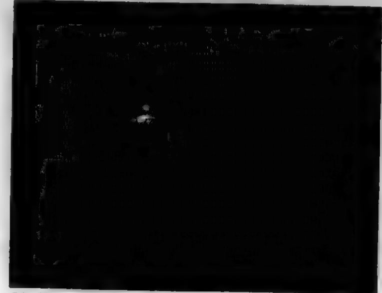
New Zone Commander of Legion Takes Office



Ralph Rudd, of Mannville, a member of the Canadian Legion Branch there, and a veteran of the R.C.A.F. from 1940 to 1945, was elected as Commander of Zone 3 at a Legion rally held in Vermilion on Friday. The oath of office was administered by Mr. Selmer Hafso, District Legion Commander from Viking.

Mr. Rudd, the new zone commander, succeeds Mr. Bob Allen of Vermilion in that office. Ralph was born at Valhalla, near Grande Prairie, but spent most of his life at Stettler. He joined the R.C.A.F. in 1940 and served through the war years to 1945. Following his discharge he settled at Mannville in 1946 where he now operates a real estate and insurance business, and is the Treasury Branch agent. Since coming to Mannville he has been very active in Legion affairs and was president of the branch from 1951 to 1955, and has been secretary since that time.

Shown in the picture from left to right are Mr. Rudd, Mr. E. Scott, District Supervisor for the Dept. of Veterans Affairs; Mr. Bill Williams of Taber, Provincial President of the Alberta Command of the Legion; Mr. Selmer Hafso of Viking; Mr. Geo. Martin, Vermilion, chairman of the meeting; Mr. Bob Allen, retiring zone commander, of Vermilion.

Ladies' Annual Bonspiel Next Week

Fifteen entries from visiting rinks have already been received for the annual Ladies' open Bonspiel which will be played here next Tuesday and Wednesday. Also in are the entries of eight local rinks.

The visiting rinks are coming from quite an area, from St. Paul on the north to Wainwright on the south, from Vegreville to the west and from Lone Rock, Lashburn and Marshal to the east, with almost all points between represented. It is expected that thirty rinks will be in the draw on the opening morning.

The curlers will rest a little on Tuesday night when they gather at the annual banquet in the Legion Hall.

Bobcats Bow Out Of Juvenile Play Offs

Dewberry eliminated the Vermilion Bob Cats from the Juvenile league play-offs on Saturday night when they took the second straight game 8 goals to 6. Dewberry had won the first encounter played there 5 goals to 3.

This advances Dewberry to the league finals where they meet the Mannville Legions.

Dewberry went out in front in the first period on goals by D. Jones, J. Jones and Redman with the same three players each picking up assists on the plays. Jim Shepanski, and Mistal from Coyne kept the Bob Cats right in the game.

Each team scored twice in the sandwich session and that period ended Dewberry 5, Bob Cats 4.

Adding to their points for the visitors were Rainey from Ewen, Rainey unassisted. Callaghan from Stewart, and Shepanski were the Bob Cat marksmen. Vermilion at one time enjoyed a 4-3 lead, only to see it slip away on them.

Edwards put the locals on even terms early in the third with Yarmuch and French in on the combined play, and then Ireland again put the Cats out in front 6 to 5 when he combined with Callaghan. The Dewberry boys then took fire and rapped in three counters to safely tuck the contest away as well as a berth in the finals.

Ewen scored from Rainey, Mathieson from Rainey and then Rainey completed his shirt trick by scoring his third goal assisted by Ewen. Rainey had a big night for Dewberry, scoring 3 goals and getting two assists. He thus qualified for a sport shirt from Clendenning's Family Wear.

Russ Carroll and Sandy Ewen refereed.

LINE-UPS

Dewberry: McMullen, Holman, E. Jones, Whiteside, Romanchuk, Poitras, D. Jones, J. Jones, Redman, R. Mathison, Rainey, Ewen, Elliott, F. Mathison, Brock.

Vermilion Bob Cats — Hough, Stewart, Robinson, Ireland, Ford, Shepanski, Waldenberger, Callaghan, Coyne, Mistal, French, Yarmuch, Edwards.

Paege of Kitscoty Wins Challenge; Annual 'Spiel Completed Friday

A steady curling, evenly-balanced quartet of curlers from Kitscoty won the premier honors in Vermilion's annual open bonspiel. Skip Harley Paege with George McGregor, Alf Franke and Harry Hippe, ran up six consecutive victories to take home the Grand Challenge. It was the first time in the 46 bonspiels held here that the big prize had gone to the sporting little eastern town. Runner-up was the Canadian Utilities local rink with Les Chivers on the tee, John Jacobson, Bill Flechuk and Ray Zipse. The Don Christie rink of Blackfoot won third while skip Jack Baddock with Jack McIntosh third, Albert Miller and John Hamlin were fourth prize winners.

Play was completed early Friday with winners as follow:

TELFORD MEMORIAL (No. 2)

1. Jack Park, Les Kreller, Fred Watling and Elmer Kreller, of Mannville.
2. Gordon Carruthaurs, Frank Teplin, Hal Polinsky, Fred Killinger of Lashburn.
3. Walt Laurenceson of Mannville.
4. Reynolds, Wainwright.

VERMILION BEVERAGES (No. 3 event)

1. Glen Gibbons, Dave Chase, Stan Jones, Brian Callaghan, Vermilion.
2. Bill Specht, Peter Mudryk, Mick Convey, Mike Maik, Clandonald.
3. Cundal, Mannville
4. Solar Constr., Edmonton.

BRUNSWICK HOTEL (No. 4)

1. Bill Scales, Darrell Currah, Harding Brix, Joe Winter, Vermilion.
2. Don Laurenceson, Bill Ross, Nick Woyewitka, Jim Glasgow, Mannville.
3. Ed Lyons, Vermilion.
4. Aldous Kent, Vermilion.

VERMILION HOTEL (No. 5)

1. Albert Rattray, Allan Dixon, Murray Moore, Ed Meyer, Wainwright.
2. R. W. Moore, Wes Beaton, Ed Rechell, Jack Stanlforth, Lashburn.

Drips are always troublesome and two draws were lost due to the drip from the rink roof on Wednesday afternoon.

Fifty-nine rinks actually competed in the spiel with 22 local and 37 visiting foursomes.

The Neil Jones rink of Dewberry had the distinction of scoring the biggest end, a seven. It's a lot to count all at one time.

The 'smorgasbord' was improved greatly this year, the crowd apparently enjoying it immensely. Catering was by the lady curlers. It is a big undertaking to feed more than 200 men with bonspiel appetites.

Drawmaster Al Locke and his crew of able assistants were very much on the job while Club President Ron Payment was much in evidence during the curling fiesta.

The bonspiel, designed as a highlight for the curling season, certainly fulfilled its objective—with most curlers resolved to get in there next fall right from the start of the curling activities.

Myrnam Juveniles Here Saturday

Another exhibition hockey game will be played at the Vermilion arena this Saturday night when the Myrnam Juveniles will cross sticks with Vermilion Bob-cats. The game with St. Paul on Wednesday night was exciting, and the one on Saturday against Myrnam could be just as good. Be on hand for it.

Tax-paid withdrawals of cigarets for the consumption in Canada 1955 reached an all-time high of 24,376,087,000.

Sudden Death of Alex Manyluk

Alex Manyluk, who has resided in Vermilion since the year 1919, passed away at the Vermilion hospital Monday March 4th. He was 57 years of age. While Mr Manyluk had suffered ill health for the past two years, he had apparently improved considerably of recent months and was feeling much better. Stricken on the previous Thursday he had been taken to hospital, passing away Monday.

The deceased was born in July, 1899. He came to Alberta in 1912 and farmed in the Myrnam district. In 1919 he moved into Vermilion where he worked on the railroad, and ran a livery barn during the early days. At the time of his illness he was a stationary engineer with the Canadian National.

He leaves to mourn his loss his sorrowing widow, two sons Frank in Calgary and Stanley of Vermilion and one daughter Mrs. Melvin Arthur (Olga) also of Vermilion. One sister Mrs. John Borhan lives at Myrnam. A son, Flight Lieutenant Wm. Manyluk, was killed in action with the R.C.A.F. during the last war. There are seven grandchildren.

Funeral services are being held this Thursday afternoon March 7th at St Saviour's Anglican church.

Moyers are in charge of the funeral arrangements.

Mannville And Dewberry In Juvenile Final

Mannville Legions and Dewberry are at present playing off for the championship of the Eastern Alberta Juvenile league and possession, for one year, of the handsome trophy donated by the Vermilion Hotel. The final series is a best two of three game series.

Playing at Dewberry on Tuesday night the Mannville Legions took a one-game lead in the series by a score of 6 to 3. The second game is scheduled for Mannville this Thursday evening. A third if necessary will also be played at Mannville.

Mannville Legion Member Elected Zone Commander At Rally

Ralph Rudd, well known as a young community business man of Mannville, was elected Commander of Canadian Legion Zone 3 at a mammoth rally held at the Canadian Legion hall here on Friday evening.

Over 120 Legion members and their wives were present with official delegates registering from Vegreville, Mannville, Innisfree, Kitscoty, Marwayne and Mannville. Only two branches were missing, Myrnam and Two Hills. Each of the delegations were accompanied by other Legion members, accounting for the very splendid attendance.

The election of Mr. Rudd was enthusiastically received, and after being ushered to the front by Piper Rod McPhee and Acting Sgt.-at-Arms A. E. Moore, the new zone commander took the oath of office administered by Selmer Hafso of Viking, District Commander of the Legion.

Mr Rudd succeeds Mr. Bob Allan of Vermilion. It was Mr Allan who arranged the very successful zone rally.

The rally opened with the Advance of the Colors. Bob Allen, zone commander for the past two years, opened the meeting and then turned the chair over to George Martin, also a former zone commander. Tom Thompson, President of the Vermilion Branch, welcomed the visitors.

Speakers called on included Mr Fred Brown of Edmonton, Welfare Supervisor of the Dept. of Veterans' Affairs; Mr. E. Scott of Edmonton, District Supervisor, Dept. of Veterans' Affairs; Mr. Hafso, District Commander of the Legion from Viking.

The guest speaker was Mr. Bill Williams, Provincial President of the Alberta Command of the Canadian Legion, who came all the way from Taber in southern Alberta to be present at the rally.

Mr. Williams in his remarks stated his pleasure at seeing the officials from the Department of Veterans' Affairs present. The relationship existing between this department and the Canadian Legion cannot be beaten. Membership in the Legion in the province for 1956 had reached 28,000; already in 1957 there were 16,000 paid up members. The polio drive was meeting with fair success, with the objective being $130,000, ten thousand dollars more than a year ago. The Legion Poppy campaign last fall was the best ever in the Dominion.

Following the completion of the program of speakers and the election, the hall was cleared, tables set up, and refreshments served. John Webb emceed an impromptu program of songs, instrumentals, recitations and community singing. It made for an extra enjoyable social evening, with much commendation and praise for those responsible for arrangements.

EDUCATION WEEK

"Education is everybody's business not only from March 3 to March 9 which is being observed as Education Week, but everyday of the year and on into the future." Raymond Dupuis, Q.C., President of The Canadian Chamber of Commerce stated today.

"The Canadian Chamber," continued Mr Dupuis "believes there exists, in Canada as in other countries of the Western world, a pressing need for a re-evaluation of the place and prominence given to education. The Chamber recognizes the necessity of strengthening our educational system, in order that an adequate supply of qualified graduates may be available to meet the ever-increasing demands of our expanding economy.

"Businessmen and business organizations can aid the educational process by co-operating in vocational guidance and training programs, by plant visits and Business-Education days, by setting up scholarships and contributing to endowments and by co-operating where feasible in research programs designed to improve educational programs and facilities.

Canadian Red Cross Home Nursing courses provide "help-yourself" instruction for treatment and care when illness strikes the home.

Adults Value Education

Over 1,000,000 Canadians are engrossed this year in "after-dark" learning, according to Gordon Harkins, associate director of the Canadian Association for Adult Education, quoted in the March issue of Liberty magazine. At Toronto's Central Technical School last fall teachers signed on 2,000 the first night, says Liberty writer Lee Montgomery. Universite de Montreal reports that in the initial 5 years its extensions department has jumped to 180 courses for 1,500 students. Ryerson Institute, Toronto, offers 194 subjects to more than 5,000 night students; and Montreal's McGill has 165 evening courses which attract 7,000 people.

A $12-lessons-by-mail course on "How to Invest Your Money" is booming at the University of Toronto Extension, says the Liberty article. Women make up 40% of the enrolment, lessons are mailed to such distant points as the Yukon, Newfoundland and Hong Kong.

Night school students can go right through high school and college, or they can better their chances for employment by learning trades such as welding, woodworking and plumbing. And, says the Liberty article, a Toronto church offers a course for engaged couples and brides and grooms, offering top speakers on a variety of topics ranging from mixed marriages to sex adjustments, for $5 a couple.

Of Many Things . .

By AMBROSE HILLS

SMALL PUSH

"The town was ready to go ahead," the man said. "It had been standing still, but it had everything it really needed to go ahead. Then this new fellow came along and he gave it a little push. Whoosh! Things started happening and they've been happening ever since. The place is bursting out at the seams."

"What did he do?" I asked. "What kind of a push?"

"Oh—it didn't take much. You know how it is when your car is stuck in the snow. Doesn't take much of a push—just one person can do it. That's how it was with this town. This fellow just organized a meeting or two... and the merchants got together and put on Saturday Night Sales, and then he suggested a corner playground for our own youngsters and visiting families—and things like that. People that used to go to other towns started coming here—just for that little difference. It [illegible]"

Come to think of it, it really doesn't take much to make an all-important difference. A pipe manufacturer once said that by adding a little silver band to his pipes, he won smokers over from the plain ones, and got a much higher price. It was just that bit of difference that was needed to turn the trick.

Home runs are often won by a nose—a mere fraction of a fraction of an inch. Just a spark of energy at the right moment and an important race is won. Maybe it works the same with towns and with homes and men—the little extra, the just or little extra, can make such a big difference.

I think it was the famous surgeon, Sir William Osler, who said he never despaired of a patient or student who was the smallest bit better today than yesterday. Dramatic change wasn't needed for progress—just that little gain was all he looked for.

There's something inspiring about the notion of improving just a slight fraction today over yesterday. The task is not too great to frighten anyone. Surely, it should be possible to do just a little bit more today than was done yesterday!

And when that begins to happen, progress seems to have a way of accumulating at compound interest. One gain contributes to another. One man's effort inspires a neighbor. First thing you know, everything's humming.

Wonderful what can result from one small push to start things rolling.

CLANDONALD HALL

Showing at the Clandonald hall this week end, Fri. & Sat. March 8 and 9 "Pickup on South St." a good drama with Richard Widmark, Jean Peters and Thelma Ritter. Mar. 15 & 16 "Lucky Me" in technicolor.

DERWENT THEATRE

Showing at the Derwent theatre on Sat., March 9 and Mon., March 11 "The Country Girl," with Bing Crosby, Grace Kelly; an Oscar winner, so don't miss it. Wed. & Thurs., March 13 & 14 "Phffft." Don't try to say it, see it. A fascinatingly funny comedy. Mar. 16 & 18 "Easy to Love."

Vegreville Const'y Liberals Nominate Fred Megara

MANNVILLE.—The Vegreville Federal Constituency Liberal Association held a nominating convention in Mundare on Saturday, March 2d. A large crowd attended the convention and there were 233 registered delegates. Several from Mannville attended.

Mr Fred Megara won the nomination over Mr. Rihal from Chipman.

John Decore, M.P. has represented the Vegreville riding since 1949. A resolution was passed thanking Mr. Decore for his devotion in representing the people during his term of office.

Several guests were in attendance. Mrs. Raegen brought greetings from the Alberta Women's Liberal Association. Mr J Dechene, M.P from Athabaska spoke highly of Mr. Decore in representing the Vegreville riding at Ottawa. Mr. Decore Jr. spoke on behalf of the Alberta Liberal Association.

Mayor Hawrelak stated that politics mean the ability to discharge our duties as citizens. We must build our country for a greater tomorrow.

Unity liberty and freedom following from ocean to ocean will make our country a true democracy, stated Mr Decore.

Mr. Megara asked the support of the convention in his campaign. We must, he said, be prepared to plan and work hard to keep the position as strong as Mr. Decore and his faithful workers have made it.

The convention closed with Mr. Steve Romanchuk president, Mrs. John Koshuta secretary, and the executive members representing each area, all re-elected for the term.

It was noted that one of the newspapers — not the VERMILION STANDARD — reporting the numbers drawn, omitted to print two numbers which were drawn some time ago. We are sending each newspaper a complete list of the numbers drawn to date.

Next Saturday another number will be drawn. This will give everyone an opportunity to check off their cards without any danger of errors.

Fifty-five (55) numbers have now been drawn. Buy your extra cards at once. You could win a 1957 Dodge with the lucky card for $2 if you hurry. There are only a few more cards available. These may be obtained at the following places: Walter Fisk, Vermilion; John Taschuk, Clandonald; Henry Meyerman, Derwent; Neil Jones, Dewberry; Linda's Coffee Bar, Mannville, or any member of the Elks in Vermilion.

The following is a list of all numbers drawn to date. Your next week's paper will have another number.

Numbers drawn to date are:
B — 1, 3, 4, 9, 13, 12, 11, 7, 15, 14
I — 21, 24, 22, 26, 27, 18, 13, 25, 30, 18, 28, 20, 17, 29
N — 42, 33, 38, 32, 39, 34, 44, 35, 41
G — 57, 51, 50, 47, 55, 59, 52, 54, 46, 53, 56
O — 73, 67, 70, 74, 71, 68, 75, 61, 65, 64, 60

All the bingos have been claimed except the blackout for the car.

FARM WELDING COURSE

On March 18th a five day course on farm welding will start at Vermilion. Programmes and application forms are available by mail or at the counter of the District Agriculturist's office in Vermilion. Only 24 men can be handled so the first applications received will be accepted. Also some applications will be taken from each district. Here is a good chance for young farmers and older ones too get training in farm welding.

PACKAGE BEES

Orders will be taken again for package bees to be supplied by the Alberta Honey Producers Co-Op at Edmonton. The price for two pound packages is $5.20 F. O. B. Edmonton.

FORAGE SEED AVAILABLE

Enough forage seed has been assigned to this office for 25 demonstrations for trying out forage seed for seed growing or for weed control or erosion control. The seed is half price. The orders will be filled in order of receipt. First come first served.

HORTICULTURAL GUIDE

A new issue of the Alberta Horticultural Guide is now on hand. Write or call in for your copy. This booklet contains a lot of information on the best varieties of vegetables, fruits and flowers for this area. Also, new treatments for insects and plant disease control are listed and discussed.

ORDER CHICKS EARLY

Mr. G R. Milne, Poultry Supervisor advises ordering baby chicks early as the pullets start laying when egg prices are higher than later on in the season. These kind of things have to be watched if one is to make money from raising eggs.

WHICH VARIETY IS BEST?

The 1957 booklet on "Varieties of Grain Crops for Alberta" is available. Now is the time to check the report on varieties and see if you should not get a start in one of the new varieties.

MEETINGS BEING PLANNED

During March and April we like to hold Agricultural meetings throughout the district. F. U. A. locals and other groups are asked to include an address along with their usual program. Let me know what you wish. We can take motion pictures along and a generator in case you are not on the power line. The District Home Economist is available for women's meetings.

"HELLO, HOMEMAKERS"

HOUSE PLANTS

Spring comes early to house plants. As soon as the days begin to lengthen, the plants will begin growth activity. It is a good time to begin cuttings particularly those of the African violet.

PLANT CLEAN UP

Dusty leaves prevent an adequate contact with air. The dust may also provide excellent conditions for pests. Wash your plants thoroughly. This can be best be done by a fine spray of clean warm water. Any bottle equipped with a spray—such as a window spray jar—is ideal for the purpose. A clothes sprinkler will also serve. You'll be rewarded with a bright green plant, rather than a dusty one.

AFRICAN VIOLETS

This plant enjoys a warm, moist atmosphere. It is grown from leaf cuttings which root best in the early spring. It should be rooted in water, planted in a 2½ inch pot; then transplanted to a 4 inch pot.

The African Violet should not be watered too frequently. It can be watered from the top if care is taken to avoid wetting the leaves. It can be watered by placing the pot in a pan of water but the plant should never be left sitting in water.

SLICING CAKES

If you would like to split layers of a cake in two, it is easily done with a piece of fine thread. Use a piece long enough to encircle the cake. Cross the thread and pull both ends. You'll find your cake is evenly sliced. To remove the top layer, insert a double piece of wax paper between the layers and lift the top off.

CANDLE HOLDERS

Is there a birthday coming up in your family. Use colored life savers for candle holders. They add a colorful note and can be eaten.

Short Course For Women Is Much Enjoyed At Mannville

MANNVILLE. — A very successful short course for women was held in the United Church hall on Feb. 28th and March 1.

There was a record attendance both afternoons. Mrs. H. Doherty introduced Miss Edna Craig, Home Economist from Wainwright and Miss Bernice Murray from the Extension Service, Department of Agriculture.

Miss Craig stressed the use of Canada's Food Rules. The average housewife needs 2200 calories per day. Her closing thought, "Your food becomes you", meant eliminating any worry over dieting if these rules were followed closely.

Miss Bernice Murray demonstrated proper lighting in the home. Tricks for better sewing were illustrated with samples showing many short cuts. Miss Mosson, clothing specialist from the Extension Service, was introduced to the gathering by Mrs. R. Whitson. Miss Mosson was very outstanding in explaining the tricks in sewing which save time and energy.

On Friday afternoon Mr. Bentley from the Vermilion School of Agriculture gave a very enlightening talk on 'Farm Accounting' to a joint meeting of men and women.

After the coffee break, when the ladies had returned to the United Church hall, Miss Carol Saunders asked "What's Wrong With Our Home Decorating?". Her talk was illustrated with posters which she had had the ladies judge for themselves previously. Simplicity, convenience in planning and honesty of design were the main points to home decorating.

"Accessories Do Count" was the topic chosen for Miss Mosson's second talk. The number of accessories is not important, but the type. A simple dress, hose, hat, shoes, purse and gloves chosen to match or blend together will portray a perfect unit. The well dressed woman today has simplicity as her aim. Both Miss Saunders and Miss Mosson were introduced by Mrs. S. Jackson.

The course was very educational. Probably the sponsors, the Department of Agriculture, the Vermilion School of Agriculture and the Minburn Service Board will again sponsor a course next year.

The women would like to thank Mr. Chester Gamble for enabling them to attend such a course, and the United Church W.A. for the coffee served in the afternoon.

Five Year Driver License Plan Will Keep Tab On Road Habits

New type drivers' licenses, valid for five years and effective on the driver's birthday, will be issued to Alberta vehicle operators this year. The scheme is designed to keep a closer long-time check on accident prone drivers, as well as greatly reduce the annual issuing rush period.

Thousands of drivers whose birthdays fall between April 2 and December 31 will have free driving time on their 1956 licenses. However, an operator whose birthday falls between January 1 and March 31 will have to purchase his license on or before April 1. Licenses issued this year will expire on the individual's birthday in 1962 or 1963.

Electronic sorting machines and punch card equipment has been installed in the Highways Department Edmonton office. A separate file will be kept on every licensed Alberta driver. Convictions, complaints and results of tests will be recorded in the file. The electronic equipment will be used to prepare application forms for mailing to drivers well in advance of the 1962 or 1963 expiry date.

The new system will also replace the method of issuing separate licenses for passenger car operators and chauffeurs. Every license will be printed on the same form but will have four different classifications. Class A operators license will permit the operation of any vehicle including buses, school buses and taxi cabs. A medical certificate will be required annually.

Class B licenses will entitle the holder to operate any vehicle except buses, school buses or taxi cabs. Class C covers operation of farm trucks and Class D will authorize the holder to drive any passenger car, commercial or public service vehicle with a gross weight of less than 6000 lbs.

The new licenses will cost $5 instead of the $1 fee for the one-year licenses.

Won't Drop 'Kindergarten of the Air'

Home and School Associations are up in arms because of rumors that the CBC is planning to drop the program "Kindergarten of the Air" from the schedule. However, R.S. Lambert, CBC Supervisor of School Broadcasts quashed the rumors today by announcing that the Corporation plans to continue the program indefinitely.

Within the past week, Mr. Lambert has received letters from local Home and School Associations in Arrowwood, Black Diamond, Calgary, Edmonton, Indus, Lacombe, Rocky Mountain House, Wellington and Withrow, all in Alberta. A request to keep the program on the air came from as far north as Fort Resolution, N.W.T. The letters provided a clear indication of the esteem in which the program is held.

Typical of the comments received were the following: "The parents have found this program most useful for helping young children to develop habits of attention, observation and co-operation." The forty-one members of the Leslieville Home and School Association strongly urge the CBC to continue broadcasting this excellent program for pre-school children. We believe that this program prepares a child for school work and is every bit as important as any school broadcast". "At our last general meeting . . . we had a motion, made and carried, asking you to keep the program for pre-school children on the air. The vote was unanimous in favor of keeping this program. As one mother stated, "It is one of the finest programs for the pre-school children, and mine never miss it". "We appreciate the educational value of this program to our pre-schoolers and Kindergartens. Our teachers also find it helps the grade ones".

Speaking in Toronto today Mr. Lambert said the CBC is still investigating how the rumor started. He indicated that the National Advisory Council for School Broadcasts had at no point considered dropping the program from the Trans-Canada Network schedule.

SQUARE NOTES From Circle 8

"Square Up!" said caller Harold Schacher in the Elks hall on March 2. Fifteen clubs eagerly responded with many of our visitors travelling a long way to be with the Circle Eight. A whole square came from North Battleford and many from Marshall, Lone Rock, Lloydminster, Blackfoot, Mannville, Vegreville, Camrose, Paradise Valley, Myrnam, Derwent, Clandonald, Greenlawn and Elk Point. We were also pleased to have some Circle 8 members who had not been present for a long time as well as our ever-faithful attenders. We do hope to see a few more of our old members back, with a special plea to all female members as we have had an acute woman shortage all season.

Our next dance on March 16th in the Elks hall will feature guest caller Jimmie Lindsay of Edmonton, the caller that many of you listened to over CHED and hoped some day to get a chance to dance to in person. Local ladies will please remember to bring sandwiches.

On Wednesday, March 6 four squares held their graduation party at the Thorncliffe school. The Circle 8 will be very pleased and proud to welcome them as members of our club.

The North Eastern Square Dance local extends an invitation to all square dancers to attend a very short business meeting followed by a social this Sunday March 10 in the Elks hall. In place of the usual box lunch, the ladies will please bring a pie. The aim of your 'Local' is to promote square dancing in North Eastern Alberta, so please show your appreciation by attending at 2 p.m.

Tips on Touring

Women's Travel Authority

Are you a flat tire when it comes to fixing flats? If you must answer in the affirmative to this question, here are some tips which may keep your next tire-changing test from becoming a fiasco.

1. Make sure, before you leave home, that all your tire-changing equipment, such as jack, hand pump, lug wrench are safely in your car and situated so you can get at them quickly.

2. Have your tires, and especially your spare, carefully checked before you leave home.

3. If a flat occurs, try to maneuver onto a firm level surface to change your tire.

4. Carefully block both wheels on the opposite end of the car from the flat.

5. Remove the spare tire from the trunk before elevating your car on the jack.

6. Place your jack at a slight angle opposite to the direction the car tends to slip as it is being raised.

7. Loosen the nuts while the wheel is only partially jacked and still resting on the ground. Then jack the car completely to remove the nuts and replace the tire.

Remember these hints, and you won't fall flat next time you have to change a tire.

Nearly eight million dollars a week must be collected in taxes to pay federal old age security pensions, and an equal amount to pay family allowances.

NEWS from ISLAY

Mr and Mrs Frank Hutchinson who have been in Edmonton for the winter were down last week and called in on Wednesday. They have sold their farm to Bruce McLennan. Later on, possibly early May, they will have a sale of everything including machinery and household goods.

The hospital has added another nurses' aide to the staff.

Omer Easton is a patient in Islay hospital.

The women's rink from here participating in the Kitscoty bonspiel brought home pillow cases.

Wednesday of last week Mrs. Sweet had a friendship tea too and a very pleasant afternoon was spent. Some contests held brought out some serious thinking and the tea swelled the W.M.S. funds.

Mrs Violet Schaffer is busy these days quilting. She has made two tops and one now on the frames. Hi Mrs Bothwell, here is where you could put in some of those quick stitches of yours.

Two carloads, the Andersons and Stones, the Martins, Mrs. Moncrieff and Mrs Schaffer attended the play night at the Agricultural college in Vermilion and enjoyed the plays very much. Plenty of talent there. We are hoping to hear the operetta.

Miss Erva Sweet nurse-in-training at Lamont is home on a three weeks holiday.

Considerable remodelling is underway in the Community hall. It will provide for more seating and also make the hall much warmer.

Keep in mind the Home and School meeting Tuesday March 12th.

Church service Sunday March 10th at 7:30 p.m. The Sunday school is flourishing. 44 present last Sunday and there are even yet more children who could attend.

HEALTH HORIZONS

New Hope For The Arthritic

No chronic disease is more widely spread on the North American continent than arthritis. Fortunately, the majority of the victims represent moderate or light cases only but, nevertheless, they are often severely handicapped and suffer considerable pain. It is, therefore, exciting to learn that specialists describe a new drug as "of great value in the mild to moderate arthritic."

The preparation, Cordex, combines one of the oldest of antirheumatic drugs, aspirin, with the most recently discovered and most powerful of all the hormones which have proven to have an effect on arthritis and the related rheumatic diseases. This substance is prednisolone, a derivative of one of the hormones secreted by the adrenal glands.

From Arthritis Clinic of St. Elizabeth Hospital in Youngstown, Ohio, Drs. M. M. Sauca, Vitalij Holonko, K. M. Forster, and Dario Nalagan reported a collaborative study in which the drug was employed in 400 patients. In describing their findings in the Ohio State Medical Journal, the physicians wrote that the treatment resulted in "notable improvement with a minimum of side effects." In no group of patients did the therapy fail. Results were described as "fairly good" in rheumatoid arthritis, and "good" to "very good" in those forms of the disease which are called osteoarthritis — very widespread in older people — gouty arthritis, and non-specific arthritis.

Cordex, the physicians explained, represents a "new therapeutic approach to the treatment of arthritis" which combines the traditional efficacy of salicylates, such as aspirin, with the advantages of modern hormone therapy. "The advent of this combined therapeutic approach," they continued, "has given the physician a new tool in the treatment of the many cases of mild and moderate rheumatic diseases not adequately controlled by salicylates alone."

The specialists also have begun to use another preparation, Cordex-Forte, for the more serious cases of arthritis, in which the dosage of prednisolone is tripled. In 100 trials with this drug, "a marked improvement was noted with minimal side effects." Both Cordex and Cordex-Forte used in these studies were supplied by The Upjohn Company.

Anglican Men's Club Enjoy Chinese Food

When a supper of Chinese food was mentioned a month ago as a possible menu for the monthly meeting of the Anglican Men's club, a number of the members were rather dubious about liking the dishes. All doubts went out the window on Monday night when the same doubting Thomases were seen to make even a third trip for extra helpings of the tasty viands.

Dr Lynn was in charge and he graciously gives the credit for the very successful sweet and sours and chow mein, to his wife. It was good and the amount that was consumed was truly amazing.

But that wasn't all that was enjoyable an the Anglican men's meeting the guest speaker was Jim Ferguson, Inspector with the Highway Traffic Board, who spoke on rules of the road. He gave many interesting facts and figures on road accidents, road rules, and many helpful hints as aids to safe driving.

Following his talk, Mr Ferguson was kept busy for an additional hour discussing certain traffic situations and answering questions.

Great Strides In Oil Exploration Since Leduc

Canada's most famous oil well recently celebrated its tenth birthday amidst evidence that some of its most exciting results are still to come.

Representatives of industry and government met in Edmonton on February 13th to mark the tenth anniversary of the discovery of Imperial Leduc No. 1—the famous well which sparked developments that have moved oil from a minor role to Canada's number one mineral.

[illegible] in oil wells, pipe lines, and new refinery construction add up to an imposing list, the mood of oil men on the eve of the celebration was plainly, "You ain't seen nothing yet"

The men in the producing side of the oil business say that in the next quarter century they expect to discover from seven to ten times as much oil as they now have in reserve.

And the industry's economists say that the petroleum outlook is going to mean more jobs, bigger plants, larger supplies of products and a greater variety of them. Instead of consuming one-and-a-half gallons of oil products as he does today, the average Canadian will probably be consuming two-and-a-half gallons a day by 1980.

Much of the present and future stature of the Canadian oil industry can be traced back to Imperial Oil's discovery well at Leduc the well that changed the story of western Canadian exploration from one of persistent discouragement to vigorous enterprise. Before the Leduc discovery Imperial alone had drilled 133 wells in the Canadian west and all were dry. After Leduc, the oil producing industry moved into high gear, achieving the following imposing results.

In 1946, Canada imported more than 90 per cent of the oil she needed. Today Canadian oil wells are producing 65 per cent, on balance, of the nation's oil needs and these needs have tripled in the meantime.

The number of producing oil wells in Western Canada increased during the decade from about 393 to about 10,000. Their output has increased from about 20,000 barrels daily in 1946 to an estimated 540,000 barrels daily now.

Canada's oil pipe line system has grown from 419 miles in 1946 to some 5,700 miles today. Included are two great arteries pumping the new Canadian crude to market—Interprovincial, which is the world's longest crude oil truck line, running 1,772 miles from Edmonton to Sarnia; and Trans Mountain, which was pushed through terrain to the Pacific coast.

Edmonton, Calgary, and other prairie centres have seen rapid population growth and prosperous times as new businesses came in to serve the oil producers.

Provincial revenues of Western Canada have been increased by payments for land acquisition and royalties.

The oil industry's total investment since Leduc has now reached almost 3½ billions, and new investments are being made today at the rate of more than $1,500,000 a day. Between now and 1980, oil men expect to spend about $20 billions to provide facilities for finding, producing, moving, refining, and selling oil products which, they say, can be translated into jobs, payrolls, and better living.

United Church Presbytery Elects Officers At Annual Meeting

The annual meeting of St. Paul United Presbytery of the United Church of Canada was held in Bonnyville Feb. 18th and 19th. Ministers and lay delegates were present from the following places: Ashmont, Bonnyville, Edgerton, Irma, Lloydminster, Mannville, Ryley, Vegreville, Vilna and Wainwright.

Inspiring worship services were given by Rev. W. Morgan, Miss J. Noftle, Vilna, Rev. J. E. Thomas, Vegreville and Rev. I. Holter, Mannville. They led all present to think of the greater work that may be done, through the unsearchable riches of Christ, as the good news of the Gospel is spread.

Rev. D. W. MacPherson, chairman of Presbytery, spoke on the "Outreach of the Gospel", saying that for too long a time the Overseas Mission of the Church has been the charity section, and not the main business of the church. belief in Christ is a solemn vow to dedicate ourselves to telling others.

Visitors at the meeting included Dr. T. Hart, superintendent of missions, from Edmonton, Miss Ruth Simpson, deaconess, Edmonton and Rev. R. A. MacLaren, principal of Naramata Training School. During the supper hour, Rev. H. Inglis paid tribute to Dr. Hart for his many years of work in this part of Alberta. Rev. D. W. MacPherson presented Dr. Hart with a gift of money on behalf of those present.

Dr. Hart, as guest speaker, delivered an impressive sermon during the evening service. He spoke on the parable of the pounds, and our need to use the gifts God has given us. This evening service, and the communion service that followed were conducted by Rev. O. Seward of Bonnyville.

The Christian Education report given by Rev. I. Holter, told about the need for Sunday school teachers and leaders of youth groups, especially of leaders for boys' groups. Rev Bob McLaren in announcing the forthcoming tour of Naramata students, said that no town is too small for such a meeting. "In these far off lonely places you may find gold." Miss Simpson spoke briefly on vacation schools.

Rev. H. Inglis presented the Home Mission report, dealing with the grants to certain churches, many of them needing less than in former years. The Missionary and Maintenance report given by Rev. R. Smith, told of increased givings in 1956, the importance of this missionary fund and the 1957 objective for this presbytery of $12,000.00. All organizations of the church should help with these givings. Rev. R. E. Eskdale gave the report on Evangelism and Social Service, that covered such subjects as the schools for elders and the need for education on Sunday observance. Giving his report on the National Evangelistic Mission, he was assisted by Rev. C. Swallow and Mr. K. Fisher.

Mr. Fisher spoke on the A. O. T. S. organization, and urged that more such groups be started. He spoke of the camp at Lake Whitney. He told of improvements made in 1956, and the hope for a well on the premises in 1957.

Members welcomed Rev. T. E. Thomas, recently inducted at Vegreville. They also agreed that four former churches be united into one pastoral charge, to be named Kitscoty.

The Lay Association meeting was presided over by Mr. Fred Madden, Vermilion, with Mrs. A. J. Thorsley Ryley, as secretary-treasurer. The main business dealt with the raising of a scholarship fund to help students take a course at Naramata.

The following officers were chosen for the 1957-58 term:

Chairman, Rev. H. Inglis. Secretary, Rev. O. Seward; Treasurer, Rev. C. Swallow; Christian Education, Rev. I. Holter; Colleges & Students, Rev. W. Morgan. Evangelism & Social Services, Rev. T. E. Thomas. Home Missions, Rev. H. Inglis; Information & Stewardship, Rev. D. W. MacPherson. Overseas Missions, Rev. D. W. MacPherson. National Evangelistic Mission, Rev R. E. Eskdale. Pensions Rev C. Completely new styling from hooded headlamps to taillights features Oldsmobile for 1957 with the most sweeping model change in 30 years, as presented in this Super '88' Holiday coupe. Sky-line beading down the roof extends into the rear deck and sets off the twin-strutted rear windows with three separate glass areas. Distinguishing the new front end are the new "hi-lo" bumper, twin front fender rocket emblems and parking lights adapted from the experimental Golden Rocket. Inside there is a new strut-mounted instrument panel and a wide variety of new upholstery fabrics and colors. Mechanically, there is a new 277 h.p. "Rocket" engine, improved front and rear suspension, 14-inch wheels and a more efficient dual-range heater.

MARWAYNE

There were six tables for cribbage and six for military whist at the card party sponsored by the Home and School on Friday last. Cribbage winners were M. Gudzowaty playing as a lady, and W. Hancock, consolation, Mrs. Gray and E. Meiklejohn. For whist Mrs. G Midgley, Sinclair Miller and Mrs. W. Hancock performing the hat trick by being high winner three times in this series of parties. Consolation: Mrs. Gardener, L. Berg and Mr. and Mrs. W. McDonald. There will be another card party this Friday, March 8. The Home and School meeting will be Tuesday, March 12.

The W. A. of St. Georges church held their monthly meeting at the home of Mrs. Ray Hutchinson, on Friday last. A Mothers' Day tea is being planned, the day however has not yet been set. Anyone wishing to buy shower gifts etc. contact the Dorcas Secretary Mrs. A. Fairbairn as new things are always being added to the box.

The 16-year and under girls' hockey team took on the 14-year and under boys' team for a game on Tuesday evening. The boys came from behind in the last period to win by a score of 6 to 4.

Three high school rinks went to Vermilion to curl on Saturday in the high school bonspiel and the Craig rink won second in the second competition.

Sympathy is extended to the Berry family in the loss of husband and father Mr. Geo. Berry; also to the Shaw family in the sudden passing of Mr. W Shaw's oldest brother Mr Johnson Shaw at Nakusp, B.C. last Monday.

The handicraft group will not meet this week but will meet on the 13th at Mrs. Vernie Quist's home when they will glue the fibre flowers and make chenille lilies.

Mrs. A. Ferguson spent a week end in Edmonton recently and while there attended Margaret Metcalfe's wedding.

Home for the week end were Mr and Mrs. B. Arsenault, Tyson, Spence and Donna Thompson. Mrs. Shaw and Doug and Eleanor Moorehead spent a few days in Ashmont with Mrs Shaw's mother Mrs Dora Kopp.

Mr. Simpson is in the Lloydminster hospital and Mr. Dave Rose in the Col. Mewburn hospital Edmonton.

Muriel Hames and Joyce McLean have gone to Calgary to take Nurses' Aide courses. Mrs Florence Hames is working in Muriel's place in the Co-op store.

Mr and Mrs. Chester and family of Canadian Utilities have moved into the house lately occupied by L. Bobroski.

Some of the winners of the cash vouchers at the Elks Bingo were Mr. A. Fairbairn $20, and others who received $5 were Mr and Mrs. Sinclair, A. Nohnychuk, Mrs J. Culford, Mrs. F Graham, Ray Connon, Mrs. H. Tupper, Mrs. McMurray.

All ladies are invited to the World Day of Prayer in the United church on Friday March 8th.

The Explorers' Group affiliated with the W.M.S. at their 'Family Night' last Thursday. Mrs. Sweet of Islay, Presbyterial secretary of Explorers groups, was present to help with the affiliation and receive donation from the group. There was a good turnout of parents and friends to see and hear the very good program put on by the group and know what they are doing. Service next Sunday at 7:30 p.m. put on by the Explorers. Last Sunday the C.G.I.T. showed slides of the various mission fields and the countries they are studying about.

We were pleased to hear of plaques given at the banquet at the Agricultural short course put on by Lloydminster Chamber of Commerce and Department of Agriculture, to four young farmers in this district, for different farm projects. Mr. and Mrs. Alex Nohnychuk for home improvement and raising standard of hogs; Mr. and Mrs. James Hale for general farm and home improvement in appearance. Mr and Mrs. Homer Hines for summerfallow where trees were later planted and Mr. and Mrs. Don Harvey for killing quack grass on summerfallow prior to planting tame hay. This is a commendable project for the Dept. of Agriculture and the Chamber of Commerce. Several farmers from the district attended the short course.

Save Engine Wear

Drinking that last enjoyable cup of coffee in the morning takes about the same length of time as a proper engine warm up according to a leading Canadian automobile service authority.

Present day motor oils provide much greater protection for engine parts in cold weather starting than did the oils used in "the old days". It is pointed out that the fluidity of the modern motor oil allows it to circulate freely at extremely low temperatures.

However, in spite of this technical improvement in the oil there still exists a considerable need for care in starting a cold engine. Under no conditions should a cold engine be idled at high speeds or driven while cold at speeds exceeding 30 mph.

Proper procedure, according to J. A. Dykes, director of service, Chrysler Corporation of Canada Limited, is to start the engine and allow oil pressure to build up to operating normal before moving the vehicle. If an immediate start is required it is suggested that the car be driven at speeds not exceeding 30 mph until normal operating temperature is attained. The best possible solution is, of course, to allow the engine to run at a fast idle until it has reached the required heat.

As Mr Dykes points out, this takes about as long as that last cup of coffee. Since the interior of the car will also be warm by that time the personal comfort of the driver will be at a maximum and wear and tear on the engine will be at minimum. Longer engine life will be the result.

THOSE WERE THE DAYS

Records . . A Farm Barometer

Income tax time is rolling around again and it can mean a nerve-racking experience if the proper records have not been kept. It's pretty hard to know what's what unless some sort of a guide is provided in which the various entries can be made throughout the year. Simplified yet adequate accounts are what a farmer needs, not only at this time of the year for income tax purposes, but whenever improvements or additions are desired. Booklets which make accounting simple are available upon request from the Alberta Government Extension Service. For those who really want to delve into the subject, short courses on farm accounting are given at various intervals throughout the year. Accounting is but one of the many important phases of successful farm management.

Current films are shown regularly to hospitalized veterans in 52 institutions through the Canadian Red Cross Film Service.

SCIENCE IN YOUR LIFE

Farmyard Fever

An important medical fact often overlooked by many lovers is that pets and other apparently harmless animals can be a threat to our health, and even our lives. Medical authorities estimate that contact with many

animals results in some form of infection or infestation. One of the commonest is ringworm, a fungal infection of the skin which is not a worm at all but is caused by a fungus carried by cows.

There are few diseases so destructive to both man and animals as anthrax and hydatid cysts. In the U.S. alone, it has wiped out 187,000 heads of dairy products and cost calves to a single year, and affected more than 10,000 persons.

In addition, thousands of other troublesome sufferers probably go undiagnosed annually, making expensive pests out, for the disease can result itself under a variety of symptoms, ranging from a general "rundown" feeling to a variety of organic disorders. It can even be confused with such serious typhoid fever, tuberculosis and malaria. Characteristically, the disease causes severe chills, a high fever and fall over a period of days, and may prove fatal to the victim.

More growing attention is treating brucellosis, particularly in its acute phase—to the antibiotic drug Terramycin. Research is going on in Canada in an investigation carried out in Guelph, Ontario, the drug showed prompt improvement in all the acutely ill patients, reducing their temperatures to normal within two to four days after treatment.

Brucellosis can only be control ed and for all, however, medical experts assert, by signing it out in animals. To achieve this goal, a concerted drive is now being launched in many parts of the world In the U.S., right measures by veterinarians, backed by public health officials, have qualified a district in the number of cases recorded in recent years. With proper control, the U.S. today may pass some when brucellosis is one of the most dreaded of the handful of sicknesses can remember

the Snapshot Guild

The penny bore — just a wonderful snapshot caught at the sullen hogwood.

"On-The-Spot" Family Snapshots

Most of us who listen to the radio have come to recognize two important types of news broadcasts: the coverage of "special events" planned and scheduled in advance, and the "on-the-spot" reporting of events as they just as it comes off the wire. And it takes both kinds to give a complete record of what's going on in the world around us.

The same principle may be applied equally well to the family snapshot album we do.

A roving eye and a ready camera — that's all it takes to catch the hundreds of picture opportunities every day in family lives and how it functions in its day-by-day existence. Slightly cluttered backgrounds, catch-as-catch-can poses, far-from-perfect lighting — these are fads into relative unimportance, for perfection (though nice to attain) isn't the essential goal. What really matters is that the snapshots tell a story of daily life as it's lived in your home and that's the kind of story captured in permanent pictures form.

Ever so often, however, the family observes "special events" and these planned occasions are the highlights in any picture record. Mary Jo Johnny's Farewell or Kathy's first dance or Susie's first batch of cookies. You have a chance to plan ahead a little — do a better job than usual to preserve, spadooning because there's time to consider just what pictures you want to picture, against what background and with what lighting.

Now, this doesn't mean that planned snapshots should become posed snapshots — far from it! Spontaneity of action — the effect of catching things just as they happen — doesn't have to be sacrificed simply because you've thought about some details in advance. It's merely a case of "getting set" for something that's going to happen anyway — and being as casual as ever about your picture-taking.

—John Van Guilder

Whitmore Winks

Mr. Thos. Best arrived home on Friday last to Wildmere after spending the past two and a half months visiting relatives at Smith Falls, Ont. and at Adanac, Sask.

Wildmere community received a sad shock when it was learned of the sudden passing of a good neighbor and friend, Aubrey Rendell. We all knew he was sick and in the hospital but no one thought his book of life was to close so soon. He farmed for many years then sold his farm and moved to the coast. After the death of his first wife he moved back and has since made his home with Mr. George Haines. He married again only a little over a year ago and his widow survives him. Aubrey, as he was known to everyone, was always willing and ready to help a neighbor and will be missed. We along with the community extend our heartfelt sympathy to his surviving wife and his sister Mrs Wall of California who lived for some time in Wildmere; also to his three sisters in England. A filled church on Saturday for the funeral service showed the esteem in which he was held, and sympathy for his wife in her hour of sorrow. Rev. Minchin gave a short but comforting message.

Mike Malek Should Have Been Radio Announcer

People who happened to be listening over CJCA late last Saturday afternoon were surprised to hear a familiar voice carrying on a conversation with Curly Garlock, well known CJCA announcer of Curly's Corral. It appears that there was an official opening of a new implement agency at St. Paul and Curly was there covering the event. Mike Malek was also in the crowd wearing a handsome ten-gallon white Stetson. The hat caught Curly's eye and he called Mike to the mike. "Where did you get that fine hat?" asked Curly. "In Minnesota this past summer," replied Mike. "I've always had a little trouble wearing it because my 11-gallon head doesn't fit a 10-gallon hat. However, I've often wondered what you would look like in this hat, Curly, so try it on." Curly donned the Stetson to the delight of the crowd.

Meeting Mike on the street on Tuesday he said that he was in St. Paul with his wife, Mr. and Mrs. C. Ostropolski and family and Mrs. Ben Klatt. He says he often listens to Curly Garlock on CJCA and was glad of the opportunity to meet him.

Wins Shirt Offered By Clendenning's

There is another happy young hockey player this week and this time it is a high scoring forward from the east, Leo Rainey of Dewberry. Rainey snapped in three goals on Saturday night playing against Vermilion Bob Cats and this qualifies for a new sport shirt presented by Clendenning's Family Wear. Just to give good measure young Mr. Rainey figured in two other goals as well, a very good evening's work.

New Members Join Rotary Club

The following new members were admitted to the Vermilion Rotary club at the Friday meeting of Feb. 15th: Ken Greenwood, Alex Palin, Stan Jones, Walter Duncan and Carl Heckbert. Chairman of the meeting Ross Boake introduced the newcomers while Gerald Stephens read the charge.

Speaker for the meeting Martin Shalka was introduced by Gordon Park. He spoke on the origin of our present liquor control act in Alberta tracing it from the time of Confederation at which time there was no control over sales of liquor at all. Later a permit system was instituted by means of which the R.C.N.W.M.P. tried to keep some semblance of control.

Following this a liquor licensing system was established by the North West Territorial Government at Battleford. During this period the hotels were given the privilege to sell liquors, being the stopping and meeting places of fur traders, settlers and other pioneers. This system was inherited by the province [illegible].

Prohibition from 1916 to 1924 nullified the existing act. After the plebiscite held in 1923 which favored government sale of all liquors, sale of beer on licensed premises etc. the present Liquor Control Act was passed. It has remained to this day with minor changes from time to time.

Changing public opinion in the province had prompted the Government to establish a committee to study the present situation. The report of the committee will be some guide to the Government either retaining the present Liquor Act or amending it.

Following the address the speaker was fittingly thanked by Mr. Aldous Kent for what proved to be a most interesting and enlightening address.

Mannville Couple 40 Years Wed

Some seventy friends and relatives gathered at the home of Mr. and Mrs. Joe Horricks on Saturday March 2 to pay tribute to this esteemed couple on their 40th wedding anniversary.

Mr. and Mrs. Horricks came to the Mannville district some 36 years ago and settled on their farm in the Stony Creek district. They have two sons, six daughters and twenty grandchildren of which one son, three daughters and ten grandchildren were present. Two brothers and a sister of Mr. Horricks from Edmonton and Westlock also attended.

The table of the bride and groom was laid with a beautiful knitted cloth made by Mrs. Horricks and centred with traditional three-tiered wedding cake made by two daughters, Mrs. James Goshko and Mrs. Ed Schneider of Mannville. Among the many beautiful gifts presented to the couple were a hostess chair, magazine and smoker stand from the family.

Mr. A. Upton on behalf of the neighbors and friends made the presentation of a beautiful table lamp.

Mr. W. R. Jory of Vermilion proposed a toast to this very fine pioneer couple and wished them many more anniversaries. Mr. and Mrs. Horricks both replied and thanked everyone for the lovely gifts, cards and good wishes, but above all for the cherished friendship through the years.

Delicious refreshments were then served to close a very happy evening.

Fine English china is becoming increasingly popular in households across Canada as evidenced through recent showings of new china and earthenware. Canadian women state the reason for this is the striking and delicate new patterns offered for 1957, as seen here in Wedgwood's new Strawberry Hill pattern.

Seventy Attend Home and School Meeting; Playlet Greatly Enjoyed

The Vermilion Home & School Association held their regular meeting on Feb. 26th at 8 p.m. in the Junior high school. There were about 70 members and visitors present and all enjoyed a very interesting program.

The business was dealt with very efficiently by the president, Mr. N. H. Armstrong, to make way for the lighter side of the program.

As Dr. Russel was unable to attend, Miss Salisbury of the Health Clinic took over and gave the facts on the Salk Polio program. The vaccine used is very safe as it has been tested several times in the manufacturer's laboratories, and then retested in the Edmonton laboratories before being distributed. It is sealed in lots of 6 c.c. ampules (6 shots) and must be used once it is opened. The prescribed dosage per person is 3 shots.

The first shot is given, followed in about a month's time by the second. The third shot is given about seven months after the second. The three shots give on the average 60% immunity. Any attacks are much less severe with no paralysis. However supplies are not coming through as desired. Children from Grades 1 to VI have been done, also children starting school this fall. Children from Grades VI to XII are to be done in April and June, also expectant mothers.

Thanks of the Association are extended to Miss Salisbury for her talk, also to the entire Health Unit for their services.

PLAY GREATLY ENJOYED

Next item on the agenda was a playlet, a short scene depicting the changes from one generation to another. The cast included Grandfather, Mr. Ross Taylor; Father, Mr. E. Clendenning; Mother, Mrs. Kay Payne; Teen-age Son, Mr. Ralph Wilson; Teen-age daughter, Mrs. C. Moren.

This was greatly enjoyed as it was rather comical, to say the least. It left you with the feeling that teen-agers aren't so different, but times have certainly changed.

Address by Mr. Hugh Doherty

Main speaker for the evening, Mr. Hugh Doherty, principal of the Mannville high school, gave a very interesting and comprehensive outline on the course, Health and Personal Development, for grades 7, 8, 9 and 10.

At the time, Mr. Doherty is editing a revision of this course, which deals with both the physical and mental health of the pupil. The idea of the course is to help the student become aware of his emotions, to help build a sound character, with good ideals and to help the student to learn to control his feelings.

Mr. Doherty described the course in likeness to a time bomb with a delayed action, as one cannot see any immediate reaction in the early part of the course. It covers things from getting acquainted with the school to helping the student select a vocation.

Many thanks to Mr. Doherty for the time and effort spent on behalf of the Association. The talk was much appreciated by all.

This ended the meeting and adjournment was made across the hall for lunch, and the usual friendly discussion that goes with it. Next meeting will be held on March 26th, the last Tuesday of the month, in the Junior high school, starting at 8 p.m.

The Association is doing its best to produce some more interesting programs, so if you have not been to a Home and School meeting yet, or haven't been to one for a while, come along with neighbors and friends. You will find it interesting. It is not necessary to bring anything outside of yourself, and perhaps a friend. Everyone is welcome.

The Home and School meetings are actually just friendly gatherings of parents and teachers, to acquire added knowledge in order to help their children. It is not necessary to do any more than look and listen and to feel free to voice an opinion if you wish to do so. The teachers are happy to discuss individual children with their parents at the school, while the Home and School tries to promote a better relationship between the parents, the teachers and the pupils, along with those matters pertaining to the Home, the School, and the child.

Here's hoping to see you at the next Home and School meeting.

LET'S NOT FORGET

The Great Plains area of the United States is suffering from one of the worst drought periods in its history. In many regions, the situation has become desperate because in recent years crop growth has been insufficient to produce a protective trash cover.

A Warning. During the past decade favorable moisture conditions have permitted most prairie farmers to produce an abundance of crop residue to protect their soils. Unfortunately, this period of "wet years" has lulled many farmers into a false sense of security. In driving across the prairies last Fall, it was alarming to observe the absence of a protective trash cover on so many summerfallow fields. Even in those districts that suffered most severely in the dry years of the 1930's, and where a few years ago, every scrap of crop residue was utilized as a trash cover, thousands of acres are now being left exposed to the destructive effects of strong winds and heavy rainfalls. No one can say, of course, that the drought now gradually spreading northward from Texas will reach the Prairie Provinces. On the other hand, no one can say that it will not. We do know, however, that drought periods are natural to this country. Consequently it is fool-hardy for prairie farmers to forget the heart-breaking lessons of the "thirties". We just cannot afford to leave our fields bare and exposed to the ravages of soil erosion.

Trash Protection. Crop residue, when properly used, provide much needed protection to the soil. They not only shield the soil from wind and rain but return to it the all-important organic matter so necessary to good soil structure and high productivity. A trash cover costs little, but in protecting our prairie soils against wind and water erosion "it is worth its weight in gold." Let's not forget — severe droughts have occurred in this country. What is now happening in Texas, Oklahoma and Kansas can happen here. We must protect our prairie soils.

Litniak-Karpchuk Vows Are Pledged At Derwent

DERWENT — A very pretty wedding was solemnized at the Greek Catholic church at Derwent when Miss Elizabeth Karpchuk became the bride of Mr. Edward Litniak of Edmonton. Rev. Cherkiawski performed the marriage ceremony.

John Karpchuk, a brother of the bride, gave his sister in marriage. For her wedding the bride chose a floor length gown of chantilly lace and net over satin, the strapless bodice modified with a matching bolero, styled with lily point sleeves.

A crown head-dress of pearls and sequins held in place her fingertip veil and she carried a bouquet of red roses.

The bride was attended by her aunt, Mrs. Jennie Rogutski as matron of honor and the bridesmaids were the Misses Mildred Jablonski and Evelyn Hanasyk. All wore waltz length gowns in yellow and blue.

Mr. Bill Popowich was best man and the groomsmen were Mr. Harry Leskiw and Mr. Mike Zabarowski.

Little Dianna Bielech was a pretty flower girl, accompanied with little Paul Jablonski as page boy.

The bride's mother chose for the occasion a grey dress of lace and sequins.

A wedding reception of 400 guests was held at the National Hall. Music was supplied by Emil Rogutski and his orchestra from Edmonton.

Mr. and Mrs. Litniak will reside in Edmonton.

The national free Blood Transfusion Service of the Canadian Red Cross began operation in British Columbia in Feb., 1947.

Province Maintains Modern Milk Laboratory

Milk, one of the most nearly perfect foods known to man, is also one of the most perishable. To ensure that consumers get a high standard in both sanitation and nutrition, the Dairy Branch of the provincial Department of Agriculture maintains a modern laboratory in Edmonton. Here are tested all samples sent in by the 42 health unit health department and dairy branch inspectors located throughout the province. This control service is regarded as one of the major factors behind Alberta's rising consumption of fluid milk and cream. Over the past six years farm production for the fluid market has gone up steadily. It is now 77,119,000 pounds over the 226,263,000 pounds produced in 1951 adding $3,638,000 to the daily farmers' pay cheque for a total of $12,772,000 in 1956. The above photos illustrate some of the controls exercised. Top: A Dairy Branch inspector shows up [illegible] at a plant to "lift" a sample straight from a dairy farmer's daily shipment. The sample will go to the lab for a bacteria count and sediment test. If found below a certain minimum standard the producer will be notified. Bottom: Laboratory workers swing into action on a series of processed milk samples forwarded by a local health unit inspector. These samples are picked at random from a plant's supply slated for the delivery route. Various tests establish sanitation of handling facilities, proper pasteurization, bacterial count before and after processing, butterfat content, etc. Minimum butterfat content allowed in Alberta is 3.25 per cent for milk. Intensity of the milk control service is reflected by 7,296 samples handled by the laboratory in 1956 compared with only 1,113 in 1951.

$500 Scholarships Available in Food Technology

Two sholarships of $500 each, given annually by Nabob Foods Division of Kelly, Douglas and Company Limited, Vancouver, will be awarded to students in the Faculty of Agriculture. One of these scholarships will be open to students entering the third or fourth year of the course in Food Technology, and the other will be open to students completing the fourth year of the course in Food Technology and proceeding on to the fifth year. To be eligible for these scholarships the recipients must have high standing and indicate special interest in the field. They will be selected on the basis of scholarship, research and personal qualities. If no student qualifies for one of these awards they may both be given to students in the same year of the course. During the summers between successive years of their undergraduate course, the winners will be offered the opportunity of employment with the Company. Without obligation to either the Company or the winners, permanent employment may be offered on graduation to those who have enjoyed the awards. Students interested in being considered for the awards should consult the Dean of Administrative and Inter-Faculty Affairs.

CHED Increases Power to 10,000 Watts on Third Anniversary

On Sunday March 3, Radio Station CHED Edmonton celebrated its third anniversary with an increase in power from 1000 to 10,000 watts to become in three short years Edmonton's most powerful radio voice. This power increase means extended coverage of CHED's broadcast signal throughout Central and Northern Alberta.

CHED since its inaugural broadcast in Edmonton on March 3rd, 1954, has gained a reputation as a truly progressive station. CHED has brought to its listeners many innovations in radio programming and introduced the "block program" format to radio in Edmonton. In serving new thousands throughout the entire Northern and Central portion of the province, it is not the intention of the station to alter their policy of music, news and sport to any appreciable degree. CHED is primarily a music station, and music will remain its chief bill of fare. Listeners will continue to hear generous quantities of the nation's favorite songs sprinkled with the popular ballads of days gone by.

DISTRICT NEWS

However, as a service to its enlarged listening audience in the Edmonton area, the station will feature added weather coverage and up-to-date road reports. CHED's hourly newscasts will place more stress on district news and information of particular interest to country residents.

"WIN-A-CAR" CONTEST

To commemorate its ten-fold power increase CHED is conducting a "Win-a-Car" contest and listeners may enter the contest simply by sending the name of their favorite CHED announcer or personality to "Win-a-Car" Contest, CHED Edmonton. The lucky listener whose letter is drawn will win a 1957 Mercury Monterey.

During its three years of operation CHED has introduced many ideas and features which have kept Edmonton and district listeners buzzing with excitement. Among the most spectacular of these is the fleet of three two-way radio-equipped station wagons which take listeners directly to the scene of any major catastrophe or event of general interest. The 'Mobile Cruisers' have given CHED listeners front-line seats on Jasper Avenue for the Grey Cup Victory parade; taken them underground into a damp dimly lit sewer shaft 700 feet underground as a team of doctors worked feverishly to perform an emergency operation to save a trapped man's life.

DON ROLLANS

Last fall, CHED sent news director Don Rollans to Russia. This was the first time a newsman from a private Canadian radio station has been sent behind the Soviet Iron Curtain since the end of the war. Rollans' trip to Moscow resulted in an outstanding documentary series of impressions and tape recordings "Rollans in Russia" which was also carried on four other Western Canada stations.

Recently, CHED's sport director Bryan Hall, returned from a reporting assignment to New York city. This series of recorded interviews with some outstanding American sport personalities will be featured on CHED in the near future.

MUSICAL PROGRAMMING OUTSTANDING

Of course the backbone of CHED's listener appeal is very definitely the station's musical programming. A large part of the day at "The Station That Plays the Hits" is devoted to playing current favorites. But, music for everyone finds its way to the turntables at '1080.' Western and Country music lovers are well looked after by be-whiskered Dick "Ol' Dad" Taylor with his various shows of live and recorded talent.

FOR EARLY RISERS

Morning risers are whipped into shape to meet the new day by sharp and genial John Barton, with time and temperature checks and peppy wake-up music on "Yawn with John". "C.B." (Claude Blackwood), the masterful M C of Canadian Radio, slides in around 9:00 a.m. to entertain housewives, off and on, until the supper hour. Jerry Forbes, CHED's production manager takes a turn behind the microphone as he presents "Something for the Girls" just before the noon-hour scramble. Catering more to the younger set are three music specialists D. J.'s Rod Stephen, John Dolan and Jack Fox.

ONCE AN HOUR "GIVE-AWAY" GAME

A popular feature on CHED is its once-an-hour '1080' give-away game. '1080' offers the lady of the house brain-rattling riddles with huge jackpots at stake. Thousands of dollars have been given away to city and district residents since '1080' was launched on CHED last fall. This novel and entertaining quiz show is heard on CHED every hour on the hour, from 9 in the morning until 5 in the afternoon.

NEWSCASTS EVERY HOUR

CHED newscasts are heard every hour on the half hour. In addition to news director Don Rollans, a staff of professional newsmen gathers and edits the news around the clock. Bud Bolton reports overnight developments to CHED's vast early-morning audience. Wilf Sennet and Dave Prendergast share the afternoon and evening newscasts while City Editor Frank Dolphin tracks down stories from the police, civic and provincial government beats.

REPORTERS BY THE THOUSANDS

CHED is the only station in Alberta that can count its news reporters in the thousands! Every week, CHED pays $10 for "The Top News Story of the Week". These honorary reporters phone CHED newsroom at all hours of the day and night to report late breaking city and district developments.

CHED is housed in a two-storey modern office building at 107th street and 100th avenue, Edmonton. Forty-one persons are employed at the station. The transmitter is located just west of the city near the Edmonton Golf and Country club. A new, 10,000-watt transmitter has been installed to carry the station's stronger signal which is beamed from two 315-foot towers. The new transmitter was shipped to Edmonton from Cedar Rapids, Iowa, and is the first transmitter of this type installed in Canada for commercial radio broadcasting.

See the Standard's advertising columns for more information about station CHED.

Farmers In M. D. Sow 56,000 lbs. Of Grass Seed In 1956

The following is a summary of the minutes of the meeting of the Council of Municipal District of Vermilion River No.71, held in the Municipal Office, Kitscoty, on the 12th and 13th of February, 1957.

PRESENT: Reeve Kelly, Crs. Heath, Stone, Wallington, McGuigan, Wheat and Anderson.

The minutes of the previous meeting of the Council, held on January 8 and 9, 1957 were adopted as presented.

The Financial Statement of the M.D. January, 1957, was accepted as read.

The accounts, as approved by the finance committee, were passed for payment.

Moved by Cr. Anderson that four additional street lights be placed in Clandonald. Carried.

It was decided that one copy of the book "Local Government in Alberta" be purchased.

Moved by Cr. Wallington that we request the Department of Highways to make the necessary arrangements to increase the width of the railway crossing at NE 1-50-2-W4th, and at the SW 23-50-3-4th, and SE 28-50-3-W4th, by sixteen feet.

This motion was also carried.

The Report of the Field Supervisors of Alberta, as compiled by the Department of Agriculture, was covered in a discussion with Mr Hozack explaining the statistics, answering questions and outlining experiments conducted in the Municipal District with DE GRANULAR soil sterilant. He revealed that 56 thousand pounds of grass seed was used by the farmers in the Municipal District in 1956, compared to 35 thousand in 1955, and remarked that the two year total was an indication that a considerable number of farmers were seeding some land to grass, even though the price of grass seed was very high. Mr Hozack also presented a review of the Rat Control Program for the Province of Alberta.

Moved by Mr McGuigan that seed be purchased for distribution under terms of the M.D. Gully Control Program. Caried.

It was decided that four tons of Polybor Chlorate and four tons of Sodium Chlorate be purchased.

[illegible] granted permission to construct a power line on the road allowance south of the SW 13-50-2-Wth with the express provision that the line be moved at the expense of Canadian Utilities if the road is ever widened.

The Municipal District voiced no objection to the construction of a power line on the road allowance bordering Sections 22 and 23-55-6 Wth.

The Municipal District decided to rent a safety deposit box from the Bank of Commerce, Vermilion, at a cost of $12.00 yearly rental.

Winspear, Hamilton, Anderson & Co. were appointed auditors for the Municipal District for 1957.

The budget for T.L.M.N.S., covering the period April 1, 1957 to March 31, 1958, in the sum of $4597.00 was passed.

A temporary permit was issued to Wes J. Williams to use a bunk house, located on the premises of Pioneer Auto Wrecking in Rural Lloydminster, for living quarters until May 1, 1957.

The Council raised no objection to the proposed establishment of garage and service station to be located on Lot "A", Plan 3424 HW and Lot "B", Plan 1525KS, being Pt SE 2-50-1 W4th, and that this feeling be communicated to the Department of Highways.

Underwater

For getting about under water, there's a torpedo-shaped unit that propels the swimmer—conserving energy and thus reducing oxygen requirements, says The Financial Post. The under water taxi starts or stops, climbs or dives, twists or turns under the finger-tip control of the operator who rides at the rear. Machine is driven by a propeller powered by a rechargeable battery.

FARM VARIETY PLOT

Our Crop Testing Plan will again distribute, free of charge, to farmers who are interested in growing, at home, a small demonstration plot, seeds of some 30 different varieties of wheat, oats, barley and flax.

This is an opportunity to study and compare as they grow, not only the standard types, but also most of the newer and more promising varieties. Supplies are limited.

What does YOUR label read?

Delay in Grain Movement Not Fault of Car Supply

WINNIPEG—While the C.N.R. has plenty of box cars to move grain at the present time, there is no point in moving it when there is no place to take it in, C.N.R. president Donald Gordon said here in a recent interview.

"We would like to be moving grain now," he said. "We have the box cars, but Lakehead facilities are completely plugged."

Mr. Gordon explained that the excess of box car was one of the "ironical facts of life" about Canadian railroading. "When peak load periods arrive in the summer, people tend to forget that we were in a position to move a lot of grain in February. It is not a question of box car shortages. We just can't move everything at the same time," he said.

As solutions to the problem, Mr. Gordon suggested that additional storage facilities could be built at the Lakehead—a costly proposition—or that country elevator facilities could be increased.

BUFFALO COULEE ACTIVITIES

Still another bonspiel! This time it was the ladies who took to the ice last Saturday for a one-day affair. It makes a fairly strenuous day, but all report a good time. It was a beautiful day which makes it all the better for ladies driving.

Once again Ruby Larsen with Ernie Duncan, Irene McDonald and Lillian Towe emerged the winners of the Challenge. Ruby must be carrying a rabbit's foot this year. Second went to Lilian Pheasey's rink and third to Ruth Haverslew's, both B. C. rinks, and fourth to the Mercer quartette from Mannville. In the second event it was Irene Wilson from Wildmere, second Van Dusen, Mannville, with third and fourth going to Corley and Rowe, both of Vermilion.

Supper, provided by the lady curlers, was served in the rink.

Mr. and Mrs. Jack Bauman have been in charge of the lunch concession at the rink this year and Jack has been the caretaker and ice-maker.

Two rinks from B.C. are entering the Vermilion ladies' 'spiel next week.

The Students Union held a dance at the gym on Friday night with several students from Vermilion, Wainwright and Irma attending. Music was supplied by Sheila Emmott's orchestra. Mr. Bauman has requested that some of the parents as well as the teachers attend these functions to supervise, so Mr. and Mrs. Ken Kennedy and Mr. and Mrs. H. Barlow were at this one.

HOME & SCHOOL MEET

The Home & School held their February meeting last Wednesday night, having had to postpone it from the previous week on account of the men's bonspiel. Mrs. Ruth Everett, president, conducted the business part of the meeting.

A point system program drawn up by the executive for grades 7 to 10 inclusive was presented for consideration. This would give points in academic, sports and outside activities, working towards a crest and other awards during the four years. After some discussion it was decided to think it over and make a final decision at the next meeting on March 20th.

HOBBY FAIR

The Home and School is sponsoring a Hobby Fair and Antique Display on April 12th at the B.C. gym. Anyone having something to enter is asked to contact any member of the executive or the committee in charge which consists of Mrs Mary Arthur, Mrs Beryl Green and Mrs. Norah Eyben. It is hoped that everyone will help to make this venture a success.

The Boy Scouts and C.G.I.T. expect to contribute to it as the girls are now taking copper tooling and the boys are going to start on woodwork.

Following the business meeting a buzz session was held on Discipline. The next meeting is to be on Vocations when it is hoped to have several speakers to present their views to the Junior High School students.

Quite a few ladies from B. C. enjoyed the short course at the V.S.A. last Thursday.

Report from The Alberta Legislature

— By KEN MASON —

EDMONTON. — No one had formally labelled it as such at the time of writing, but Alberta's 1957 budget will certainly be known as a "share the wealth" budget.

Delivering the budget address last Friday night, Provincial Treasurer E.W. Hinman disclosed that later this year the government plans to pay dividends of around $20 to more than 300,000 [illegible].

The budget called for record-shattering expenditures of $385,-489,945 during the coming year and, among other things, indicated appropriation of $2,000,000 to set up a credit union to provide capital loans for young farmers and $1,000,000 to launch a rural telephone revolving fund.

The dividends will be made available to all Canadian citizens over the age of 21 years who have lived in Alberta for five or more consecutive years.

They will be known officially as Oil and Gas Royalty Dividends. According to the government, they will represent the individual citizen's direct share in the millions of dollars the treasury takes in every year from oil and gas development.

Mind you, the dividend plan won't come into being until legislation is introduced and approved by the House. But the plan has received the endorsation of the Social Credit caucus and there is little doubt about the Socred majority carrying such a move which is considered sure-fire bait to keep the party in solid with the voting public.

In his budget address, Mr. Hinman said the House will be asked to set aside $11,000,000 for the dividend fund. This represents one third of oil and gas royalties for the preceding fiscal year.

Under the plan, dividends will increase as royalties increase. The only hitch apparent so far is that the dividends will be subject to federal income tax.

Mr. Hinman says there are many details to work out before the plan can go into operation. No one knows definitely how many Albertans will benefit, but it is estimated that more than 300,000 will qualify.

It should be pointed out that the scheme has nothing to do with the Social Credit basic dividend plan which was a major part of the party's campaign for power in the 1930's. Basic dividends were to be based on SC monetary reforms while, in Mr. Hinman's words, the royalties dividend plan "simply recognizes that the citizens are entitled to a direct share in the wealth from natural resources."

The scheme is a major departure from the government's past policy which has been to use the revenue from natural resources to create new capital assets for future generations, such as highways and public buildings.

Mr Hinman explained that the government believes the present generation is considered assets to future generations which more than offset the amount required for the dividends.

The dividend plan probably will provide ammunition for one of the major battles during the current session. Many opposition members feel the government should continue its policy of using assets to create new assets. Some also think it would be more help to the individual to reduce taxes, such as the gasoline tax.

There had been broad hints before about the possibility of dividends, but Mr. Hinman made the first positive announcement.

SECOND BUDGET

The soft-spoken provincial treasurer, delivering his second budget speech since he was appointed to the post also called for abolition of amusement taxes on all admissions of 60c or less, as a means of helping suffering suburban and small-town theatres.

Other highlights of the biggest budget in Alberta's history:

Cabinet ministers' salaries will be boosted by $1,500 to $10,000 a year; members of the legislature from points outside Edmonton will receive sessional expense allowances of $15 a day in addition to their $3,600 indemnities.

RECORD HIGHWAY PROGRAM

A record highway program is indicated, at an estimated cost of $63,405,285; operational and capital school grants will increase by $4,000,000 to $74,000,000; health department spending will be $27,-333,000, including $800,000 to finance Alberta's share in the federal-provincial hospital plan, if it starts during the fiscal year; major revenue items forecast for the year include $60,000,000 from oil rights sales, $35,000,000 from royalties, and $24,000,000 from the gasoline tax.

The budget debate was to be started Monday, and a lively session appeared in prospect.

Other major business in the house this week included a bill amending the act which allows establishment of producer-controlled marketing boards. A vote on establishment of a board is expected to be held in June among some 60,000 egg producers.

The amendment prohibits a marketing board levying a fee on producers for the purpose of establishing a fund to equalize prices.

INDIAN ACT

The House passed (almost unanimously) a Social Credit resolution asking Ottawa to repeal section 12 of the Indian Act, under which 118 Indians were threatened with eviction from the Hobbema reserve south of Edmonton. Only J Harper Prowse, Liberal leader, and Hugh John MacDonald, Calgary Liberal, voted against the motion. The rest of the Liberals and members of all other parties agreed the section should be eliminated.

As if the budget debate won't be heated enough, this week in the House promises to produce fireworks over the liquor committee report. Members were to begin debating it on Tuesday, and all indications pointed to a real battle over the question of whether Alberta will relax or not relax the liquor laws.

Paradise Valley

Friday unlucky? Not for the Grade 11 and 12 students of the P. V. high school. Friday morning great excitement as the above students and their teachers boarded a bus piloted by Albert Teasdale left for Edmonton for a week-end at the capital, the guests of Hon. A. Aalborg, Minister of Education. They will visit the University and the legislature in session.

Remember the tea, home baking and apron sale at the United church at 2 p.m. Thursday, 14th March. Come and bring your friends.

Mr. and Mrs. R. A. Stewart left on Friday for Lamont and Edmonton. Mr. Stewart will enter the Lamont hospital at a later date for treatment.

The P. V. Ladies' Hall Club sponsored a Fun Fair on Friday evening. A good crowd turned up and we have an idea the returns were good.

A 27-voice mixed choir from the Alberta Bible Institute of Camrose will hold their first concert of the spring tour in the Paradise Valley hall at 8 p.m. on Friday, March 8th. They will go on to present concerts in Saskatchewan, Manitoba, North Dakota and Southern Alberta. The local congregation of the Church of God is sponsoring their appearance in the Paradise Valley hall. Following the concert a 50-minute film, "The Master's Face" will be shown. Young and old alike will enjoy this film. There is no admission charge, but a free-will offering will be received. Don't miss this good music and really challenging film. Friday, March 8th at 8 p.m. Come and bring [illegible].

Bowtell Bulletin

We have had cold wintery weather the last few days but never mind folks, spring will soon be here!

Visitors to Edmonton this week were Mr. and Mrs. Freestone and Mr. and Mrs. Williams, Miss D. Gow, Mrs. D. Harrison and Donna Rae.

Sorry to report that Mrs. Dedelly and Mr. Walker are on the sick list.

Isabell, Jimmy and Frances were visitors Sunday at the Knutson home.

Mr. G. Shondenberger who at one [illegible] on the Morrison farm and who now lives at Ft. St. John, visited Sunday night at the Harrison home.

Mr. and Mrs. L. Gould and Mr. and Mrs. B. Wells visited over the week end at the home of Mr. and Mrs. J. Repp.

The writer enjoyed a nice visit in town Saturday with Mrs. Sayna (nee Mary Payne) and had tea with Mrs. Wallington and Mrs. Knutson.

Tough Road For Motorists

The future looks costly to road users — both truckers and car users, says Jack McArthur in The Financial Post.

The last few weeks have seen a marked change of opinion on who should pay higher road-building costs. The user of the roads seem to be elected as the man to foot most of the bill.

Ontario has jumped its gas tax from 11c gallon to 13; also hiked the tax on diesel fuel from 11c to 20c. This may encourage increases in other provinces.

The Ontario Toll Roads Committee suggested that users should pay more.

Earlier the Gordon Commission on Canada's Economic Prospects said owners of motor vehicles should pay more.

The Commission further gave the impression it felt that heavy trucks might very well be paying too little toward highway costs; and said an annual municipal tax on motor vehicles seems a reasonable way to increase revenue.

These events—all within a few weeks— look like the beginning of a trend.

If the trend continues, road-users are going to pay increasingly higher taxes and license fees.

Fish Finder

Where are the fish? New electronic fish finder, for use in salt or fresh water, leads the angler right up to the fishing spot, reports The Financial Post. Indicates the size, number and location of the fish without disturbing them.

PARADISE VALLEY NEWS

Two accidents during the past week. Mrs. Wilson Adams fell and broke her arm while Miss M. Adam broke her ankle while coasting. Both spent sometime in the Lloydminster hospital but are now home. Robert McLean and Erine Walters Jr. are also home after their spell in the hospital. Mrs. Arthur Clarke is still in hospital.

Commencing on March 2nd the mail will change again for Paradise Valley, McLaughlin and Rivercourse. It will now arrive and depart on Tuesday's, Thursday's and Saturday's at the same hour it has been doing.

The meeting of the Paradise 4-H Beef Club was held in the school auditorium Monday evening Feb. 11 with all 14 members present also 11 visitors. The meeting opened with the 4-H pledge. There were plans made for the next months debate, also for a special meeting March 18 which D.V. Greech will speak at. There will also be a film. The highlights of the evening was a halter making demonstration led by our club leader Mr. N. Stepenoff. Lunch was served in the school lunch room.

Miss Beatrice Silk of Perth, Western Australia is visiting with relatives in the district and in Edmonton. Miss Silk is a niece of Mr Geo. Silk and a daughter of Mr William Silk who homesteaded in the Oxville district many years ago. He later moved to Ontario and then to Australia where he still lives. Mr. Silk passed on several years ago. Miss Silk is making around the world trip and will go to England from Canada to visit relatives there.

The Weather? Well we have had the coldest of the winter. One thing we have had very little snow to contend with and the roads are still O.K.

Today is Saturday, the day of the Lloydminster Board of Trade annual hockey tournament. Do you remember the old days? With a special train and the whole country side making the trip to give support to the P.V. Hockey Club under the management of George Kitching. And for seven years they took home the Shield. Today very few attended. Two of our local boys are playing with the Kitscoty entry in the junior class.

On February 22 the Men's Hall Club sponsored an Amateur Show in the Memorial Hall. They apreciate the co-operation of the public in making this venture a success, especially since the weather was bitterly cold. A number of contestants from a distance who had entered were unable to attend. Thanks to those who volunteered to help in the program, namely Mr. and Mrs. David Clark and Mrs. Emily Welsh in a vocal trio and Mr Eric Collins and Mr. Harold Plum in a piano and violin musical selection. Prizes are as follows Pre-school—Vocal Duet by Bart and Glen Clark. Action Song Diane Knor and Doreen Stepenoff. Vocal duet-senior Selection 1st Sharon Holgate and Valerie Teasdale, 2nd Sharon Dobson and Shirley Nynetvold. Piano duet Maureen Gordon and Maureen Dobson. Piano Solo Billy Reinhart. Vocal Solo- Milton Allin. Chorus- The Brownies. Orchestra Harmony Kids from McLaughlin.

The Ladies Hall Club served lunch following the program. Thanks to the judges Mrs. A Weeks, Mrs. A. Nickle and Mr Eris Collins who so capably judged the contestants, also many thanks to all who generously helped with the music for the dance which followed the program.

The Valley Maids C.G.I.T. met at the home of their leader Mrs. Gunn on Tuesday April 18th. Patsey Johnson gave a demonstration on "Know Your Line" to be well dressed. Plans were made for the next meeting to be held on Tuesday Feb.28 at 7:30 at Mrs. Gunn's. Miss Craig, District Home Economist from Wainwright will visit the group at this meeting and mother's are invited. Notice change of day for meeting.

Of Many Things . .

By [illegible]

ON YOUR SIDE

My daughter, Kathy, in Grade Two at school, came home with eyes aglow the other day, saying, "We chose sides at school and Susie chose me first!"

Remember the days when the two captains would play hand-over-hand with the baseball bat for first choice of players? And how you waited for your name to be called?

How fond you were of the captain wise enough to want you on his side! How important you felt if chosen first! And how hard you tried not to care at all if yours was the last name to be called.

Life can be beautiful, indeed, if there are people in it who want you on their side. We all need somebody on our side, or unless we're incurably self-satisfied egoists, every task is grey and dull and difficult.

It is a two-way street, this business of choosing up sides in life. We do not need to form teams to play against other human beings, but we do need to form teams to face the rigors and trails that living imposes upon all of us.

The beauty of a fine marriage, for example, is based largely upon the spirit of "We two against the world." Man might accomplish his dreams alone, but never with the same ease of satisfaction as when he has a team mate pulling for him every bit of the way, sharing disappointments and triumphs alike.

The other night I watched the Boston Bruins pull out of a slump in their hockey series. I'd expected their success, because I'd heard a member of their group declare a few nights previously, that their team spirit even away from home had 'begun to jell.' That was next best to getting back to the friendly spirit of Boston where the city folks were all pulling for them.

And there is consolation for even the loneliest of men and women in the sure knowledge they have a team mate always available in their own Creator who promised that He would be with them even unto the end of the world. He is ready to be on your side the moment you decide to choose Him.

Glamorous Ski Suit

Mink provides the ultimate touch of elegance to this ski suit by Irving of Montreal. Collar and mitts are of royal pastel mink and the fabric is a rich brown blend of "Terylene" and wool. The tuck-in jacket is double-breasted and a skier's delight is the permanent crease in the tapered slacks, a special bonus added by the man-made fibre "Terylene". The tight fitting peaked hood completes this cold weather ensemble. Fabric by Leach Textiles Limited.

WILDMERE WINKS

We were indeed sorry to hear of the recent passing of Billie Hansen of Wainwright. He and Jim Wallington were great friends and homesteaded together in the Ashmerdale district. Billie retired to live in Wainwright in [illegible] where he resided until his death. He was laid to rest on Feb. 21st. One by one the pioneers of the west are passing on to their well-earned rest.

Ashmerdale church was filled to overflowing to pay last respects to a fine neighbor and friend, Mrs. B. Fraser. Rev MacKay gave a very comforting service to the bereaved. The heartfelt sympathy of everyone is extended to the sorrowing family and relatives.

The writer attended the short course on Thursday at the college where 90 ladies gathered that afternoon. It was greatly enjoyed; also the joint session with the men after tea when Mr. Bentley spoke on 'Farm Accounting'. One met as well many fine ladies to chat with.

Several from Wildmere and Rosswood attended the dance on Friday night held at Woodvale Community hall. A large crowd attended and enjoyed the evening. For-You orchestra provided the music and Danny Watt was M.C.

The ladies of the Wildmere Curling club played in Buffalo Coulee bonspiel on Saturday and won first in the second event. Well done ladies!

Doris Fadden of the Vermilion hospital visited Saturday with her parents Mr and Mrs. L. Fadden of Wildmere.

On Monday evening Mr and Mrs. R. Doolly, Larry and Diane and Mr. and Mrs. J. Wallington were visitors to the Fadden home.

Mr and Mrs. Bud Brooks of the Triangle district have sold their farm and are moving to Czar shortly. This family will be greatly missed and every success is wished them in their new home.

Another family of the Battleview district Mr and Mrs. J Stranahan and Billie have moved to Wainwright. Owing to ill health Jimmie had to give up farming. Mr and Mrs. Glenn Beckman have moved onto the Stranahan farm.

Our deepest sympathy goes out to the Stephens family on the loss of heir mother. She was truly a pioneer lady a spirit she never lost coming as she did to this raw and unsettled area. It was this courage and optimism that enabled these people to look beyond their hardships to a bright future, and with that spirit she endeared herself to everyone. One always felt uplifted after chatting with her. She was forever helping others and her pleasant smile and ever cheery word will be greatly missed by all who knew her. These pioneers leave behind them such unselfishness and so many acts of kindness, wonderful memories not soon forgotten. The family had the care, guidance and love of a wonderful mother. Rev MacKay gave a sermon at her funeral so befitting the life she lived amongst us. The packed church bore testimony to the high esteem she and her family held in and around Vermilion. May God comfort them all in their loss.

Canadian Sales Up 40% In Record Year For Sun Life

New insurance during 1956 largest amount ever sold by a Canadian company in any year; policy dividends again increased; $7 billion insurance in force.

New life insurance sold by the Sun Life Assurance Company of Canada in 1956 amounted to [illegible] million, an increase of $83 million over the previous year and once again the greatest amount of life insurance ever sold by any Canadian company in one year. In Canada, a 40% increase was reported. Sun Life's 86th Annual Report to Policyholders, just released, also discloses that life insurance in force has now passed the $7 billion mark, an all-time record. The Company is again adopting new and increased dividend scales which will further reduce the cost of insurance to policyholders. As a result of these increased scales, Sun Life will pay $31 million in dividends to policy holders during 1957, or $2,700,000 more than in the previous year and more than twice the amount paid out only nine years ago. During 1956, the Company paid a total of $137 million in benefits to policyholders, largest amount ever distributed by the Sun Life in any year. Living policyholders and annuitants received $84 million of this amount. Benefit payments since 1871, when the first Sun Life policy was issued, have now exceeded $3,140 million.

George W Bourke, Sun Life President, in reviewing Company results for the 12-month period, stated that full advantage had been taken of favourable conditions for a record sale of life insurance by the Sun Life. By mobilizing the savings of millions of policyholders, life insurance is playing a vital part in providing the funds needed for the tremendous capital expansion that is taking place today.

[illegible]

[illegible] in new business during the year was $239 million of group insurance, or 30% of the total, bringing group insurance in force to more than $2½ billion. Sun Life's worldwide total of insurance in force now has reached $7,[illegible],000,000, an all-time high. Annuities payable currently and in future under group pension plans and individual contracts totalled $162 million per annum at the end of 1956. Life insurance and annuities combined, are the equivalent of $9,175,000,000 of life insurance. The division of this figure among the major territories in which the Company operates is Canada, 40%, United States, 36%, [illegible] and other Commonwealth countries, 13%, elsewhere, 2%.

[illegible]

An increase in assets of $90 million took place in 1956, and Sun Life assets now stand at slightly over $2 billion. "During the year 1956, even though tighter credit conditions existed in Canada and the United States, the Sun Life advanced $89 million in new mortgage loans throughout the two countries," Mr Bourke said. "Our mortgage loan account now stands at $460 [illegible]."

Sun Life's report revealed that the success of the year's investment operations was reflected in the gross interest rate earned on the Company's assets, which increased from 4.17% in 1955 to [illegible] in 1956.

[illegible]

Mr Bourke concluded by saying that with the prospect of continued expansion, the volume of new life insurance will continue to grow. "In the highly competitive atmosphere in which we operate," he declared, "the Sun Life will continue to be responsive to public needs and anxious at all times to improve the service we have to offer."

A copy of Sun Life's complete 1956 Annual Report, [illegible] the President's review of the year is being sent to each policy holder. Further details may be obtained from Geo. S. Maxwell, phone 381, Vermilion, or from Roy Watkins, phone 494, Vermilion. —adv

Helps for Baby Sitters Available

The Alberta Safety Council has announced [illegible] kits outlining courses for Baby Sitters are still available. Comments from those who have used the material have been most favorable and the Council believes that Women's Organizations, Business Girl's Clubs, Community Leagues, and Home and Schools Associations and such groups would find this material useful in program planning. Kits may be obtained by writing or [illegible] The Alberta Safety Council, 10226 Jasper Avenue, Edmonton, telephone 21791.

The film, "You're in Charge" which was on order when the kit was prepared has been received and has been placed in the film library, Department of Extension, University of Alberta.

The kits give an outline for an actual course in baby sitting with special emphasis on safety.

An awareness of the danger spots around the home is of importance to baby sitters who are now employed by their thousands in Alberta, according to officials of the Alberta Safety Council.

The Council points out that surveys have shown that three deaths to children under five years of age occur in the home.

The National Safety Council found in a recent year that 25 per cent of the fatal home accidents to children of four years or less were due to burns, scalds or explosions. Swallowing of poisons was responsible for about seven per cent of the home accident deaths of young children.

"It is important that the child should be told by the parents when they are leaving and that the child knows the baby sitter's name," said a safety official.

Also, there should be a written time schedule for the child's play, meals, bath and sleep.

During winter, there are several vital points of information for the baby sitters; these include the control of fires or heating system, lighting and turning off the kitchen stove, safety areas where the child has been taught to play. Also, are medicine, lye, cleaning agents, etc. out of the child's reach?

Most frequently, baby sitters are required in the evening. In case of emergency, the baby sitter should know the telephone number where the parents can be reached. If they cannot be contacted by telephone, who should be called? Where are the first aid supplies? The baby sitter also should be given the fire department number in case of a fire.

The baby sitter should look in to the bedroom frequently to see whether the child is in danger of falling out of bed, smothering or is insufficiently covered.

If the telephone or doorbell rings when the child is being bathed, let it ring until the child can be removed safely from the tub.

Scissors, pins, fans, matches, cigarette butts, medicines and powders should be kept out of the child's reach at all times.

The baby sitter must be prepared to give undivided attention to the child, being in charge of a priceless possession. It is a challenge to keep a careful watch over and assure the safekeeping of these youngsters who are so eager to explore the world about them. By keeping a close tab on the child, the baby sitter will preserve a happy home.

AT ANNUAL MEETING OF VERMILION RIVER M. D.

Many Progressive Projects Are Reported By The Agricultural Services Board

A. Hozack, field supervisor of the Vermilion River M.D., gave the following report of the work of the Agricultural Service Board, at the annual meeting of ratepayers held at Kitscoty on Feb. 16th.

The Agricultural Service Board consists of the following members: Chairman, Jim Wallington, councillor, Vermilion; John Anderson, councillor, Dewberry; Henry Haan, ratepayer, Rivercourse; Sol Lemp, ratepayer, Dewberry; E. H. Buckingham, District Agriculturist, Vermilion; A. Hozack, Supervisor, Streamstown; Reg Kay, Sec-Treas., Kitscoty. Three meetings were held during the year 1956.

WEEDS

Owing to the wet spring, considerable less spraying was done all over the M.D. resulting in an extra large growth of weeds in fields and road allowances. Many complaints were received from ratepayers about badly infested fields and, in some cases, road allowances. Most of our complaints had no names signed on them. 4200 pounds of Polybor Chlorate was sold to the farmers at $5 per cwt., and 4256 pounds of Sodium Chlorate sold at $5 per keg. The Council has decided to supply all chemical necessary to treat Toad Flax patches found on road allowances.

BANGS

Our Bangs program is almost completed for this winter with a total of 10,808 heifer calves vaccinated.

WARBLE FLY CONTROL

Approximately 30,000 head of cattle in the M.D. are treated for warbles each year. We are hoping that in the near future ranchers and farmers will be able to vaccinate their cattle for both warbles and lice but until that time comes, let us try and make the warble fly program bigger and better for 1957.

COYOTE CONTROL

Our coyote control policy seems to be going along favorably, but so far we have not been able to get the farmers to put in a report on how many coyotes they have killed. However, the following is a list of poison issued:

Scent 118 bottles, Strychnine Pellets 2980, Cups 2148, Beef fat 37 pounds, Shells 54. Approximately 2400 pounds of horse meat has been treated with 1080 and distributed on: A. T. Hines' lease; Tulliby Lake Cattlemen Assoc. lease (north of Saskatchewan River); O. B. Colony (south of river); Scotty Hines, Vermilion.

Review of rat situation in the municipality revealed the following figures: Farms checked in 1955, 731, 1956, 606; farms still infested in 1955, 65, 1956, 20; farms infested but exterminated, 1955, 64, 1956, 125; farms exterminated but reinfested in 1955, 2, and 1956, one.

About the same number of farms became infested as during 1955, indicating that rats are invading from the east at the same rate. However, there was an improvement in extermination, as only 20 infested farms remained at the year's end, as compared to 65 at the end of 1955.

PRAISE FOR RESIDENTS, HOPE FOR FUTURE

Our pest control officer distributed 2900 pounds of dry warfarin and 1400 packages of the water soluble warfarin. There is much credit due to residents along our eastern border who have co-operated with municipal and government officials in the war against rats. With continued vigilance our M. D. can remain free of of this ancient and expensive pest.

Your Canadian Red Cross is on the job serving you whenever and wherever there is a need for help.

UNDERWEIGHT AND ITS DANGERS

Anyone 20 per cent. or more below his ideal weight is considered underweight. Definite underweight is not [illegible] in young people [illegible] are [illegible] growing. It may be a symptom of disease. The glandular disorders so often erroneously blamed for overweight are much more likely to show themselves in loss of weight or inability to gain. Even when there is nothing wrong, people whose weight is too far below normal are more likely to suffer from fatigue and poor physical endurance. Resistance to infection is often lowered. Tuberculosis strikes more often among adolescents and young people who are underweight than it does among those whose weight is closer to what it should be.

What Causes Underweight?

Certain disease and glandular disorders can cause underweight. In healthy people, however, underweight comes from eating too little, from poor eating habits, from over-activity or too little rest, and from worry or prolonged tension.

Many people eat too little for much the same reasons which make others eat too much. Habit frequently plays a part. Meals are irregular in some families, sometimes poorly prepared, and eating is considered the least important of the day's activities. It is not surprising if the children from such families grow up with an indifferent attitude toward food.

Emotions may also play a part. The feeling of being unloved, dissatisfaction with personal relationships, discontent over a job, money, or social restrictions, and other reasons of this kind cause some people to react with indifference to eating just as they cause others to over-eat. Keen rivalry, a wish to take part in everything, or too great an absorption in school or social activities sometimes cause over activity and underweight among [illegible].

How To Gain Weight

As in overweight, the first step is to see a physician and have a thorough physical examination. It is important to find and correct anything which may be wrong. Efforts to gain may be useless unless this is done.

The same principles apply to gaining weight as to losing it, but in reverse. Underweight people must take in more calories than they use, so that there will be some left over to store as fat.

Will power can be as great a factor in gaining weight successfully as it is in losing, particularly for people who do not like many of the essential foods. They must learn to say "yes" to enough of the right foods, regardless of their wishes, just as firmly as their fat friends need to say "no" to forbidden extras.

As in overweight, it is important first to include the essential foods in the day's meals. These foods are necessary for maximum health, whether a person's weight is to high, too low, or just right. Some underweight individuals whose food choices have been poor may find that they are able to gain merely by making sure that they include these foods in their diet. Others need to study ways to add extra calories.

[illegible]

The body uses fewer calories at rest than when active and least of all during sleep. Therefore, any extra sleep or rest which an underweight person gets will help him to gain. Whatever energy can be saved during waking hours by riding instead of walking, sitting instead of standing, and relaxing as often as possible will add to the calories saved.

A healthy person who decides to gain weight and who sticks to his program of taking in more calories than he needs, and of spending as few as possible in needless physical activity, can be sure that sooner or later his efforts will meet with success.

[illegible]

1. Eat regular meals at regular times. Omitting a meal particularly breakfast is a strain on the body and a major cause of fatigue.

2. Never eat when emotionally upset or overtired. Relax or rest first.

3. Highly seasoned foods stimulate the appetite.

4. Clear tea, coffee or bullion have no caloric values and may be freely used when reducing. Take thick soups to gain weight.

Many Projects At Marwayne F.W.U.A.

The regular meeting of the Marwayne F.W.U.A. was held on Monday evening Feb. 25th at the home of Mrs. Boem with Mildred Sinclair and Lil Hamernyk as co-hostesses. Twenty three members and one visitor were present. The meeting was opened with the singing of "Let Me Call You Sweetheart" and roll call was answered by suggestions for the Conference program.

Pyjamas were turned in for the hospital and a big collection of used clothing was sent to the Unitarian Service committee in Edmonton.

A motion was made to send 25 cents per member to the A.C.W.W. 'Pennies for Friendship' This fund is to send our delegate, Mrs. Armstrong, to the A.C.W.W. conference in Ceylon this July.

It is planned to have June Craig, Household Economist, attend the May meeting.

Louise Parker's name has been sent to the provincial office as nominee for Jr. F.U.A. Queen. If she is chosen to represent District 7 all will be selling tickets for votes for her.

The committee appointed for the Horticulture show is as follows: Golline Kvill, Ollie Midgety, Della Protsch and Gladys Hutchinson.

A number of aprons on hand were auctioned and the money given to the Sunshine fund as there has been a great demand on this fund with so many sick people to remember the past two months. The next meeting will be March 24th at the home of Clair Perks.

The last F.U.A. meeting was held at O.H. Quist's with 18 members present. Next meeting is March 11 at Geo. Doull's.

Canada's newest and most easterly Red Cross Outpost Hospital is located at Carbonear, Newfoundland.

CLAYSMORE CLIPPINGS

Congratulations to [illegible] McCauley who obtained [illegible] class honors on her grade 5 music exam, written in Edmonton. She is taking music lessons from her sister Donna McCauley.

Jim Horne was a hospital patient for a few days last week.

Several from the district have been ill with flu and measles.

Tom McCauley was home from Edmonton for the week end.

[illegible] of Vegreville was a Sunday caller at the McCauley home.

Week end visitors at the Allan Olstad home a week ago were Mrs. Odin Olstad of Edberg and Mr and Mrs. Victor Karlstrom and Mike Karlstrom of Meeting Creek. Mrs. Mike Karlstrom who had spent the past five weeks at the Olstad home returned with them.

A jolly anniversary party was held at the Jack Willes home Saturday evening for Mr. and Mrs. Tim Nelson. During the evening a mock wedding was held. Principals in the wedding ceremony were: Minister—Mrs. Ernie Livingstone; Bride — Joe Bauer; Groom — Nettie Bauer; Best Man — Mrs. Oliver Willes; Bridesmaids — Ernie Livingstone and George Watling; The Bride's Mother — Mrs. Geo. Watling; Bride's Father — Mrs. Allan Olstad; Soloist — Mrs. Jack Willes. The bride and groom of nineteen years really enjoyed the evening. At midnight a lovely turkey supper was served.

Mr. and Mrs. Art Bauer of Lashburn were local callers this last week end.

Congratulations go to Mr. and Mrs. Victor Bauer of Whitehorse on the birth of a 9 lb. 13 oz. baby boy on March 1.

Discussions, Nominations Feature Vermilion River Meeting

(Continued from last week)

INCREASING MILL RATE TROUBLESOME

Mr. H. Stewart asked the council what their attitude was towards the ever increasing mill rate as it was his impression that farm costs are at a very high level and that present taxation had reached its peak. The Reeve replied stating that the present mill rate of the M.D. which is 20 mills is comparable with the municipal mill rate of 1946, which was 15 mills. This seemed to indicate that the Council of the M.D. were doing their share in attempting to hold the mill rate down. It was then brought up that the present school mill rate seemed to be taking a large share out of the municipal revenue. A great deal of discussion followed on the topic of rising costs of education and the following resolution was passed in this regard.

Moved by Mr Hugh Bowman seconded by Steve Krushinsky, that we suggest to the Council that we do not raise the present municipal mill rate.

SCHOOL EXPERIENCES

Mr. McGrath then spoke briefly, explaining that a large percentage of school requisitions was being spent on teachers salaries and on capital expenditures. According to a recent survey of school enrolment over the past two years a levelling off of school attendance would indicate that a peak had been reached in this respect. It was also pointed out that, although the overall tax school division is experiencing a very large building program, it is the schools in the hamlets that these schools will satisfy people's needs for many years to come.

MINISTER OF EDUCATION SPEAKS

The Hon. A. O. Aalborg, Minister of Education for Alberta, spoke on the subject of taxation, pointing out that the local rate of taxation was directly dependent upon the services demanded by the ratepayers. He also spoke briefly on the three alternate forms of taxation, namely:

1. Real Property Tax.
2. Sales Tax.
3. Income Tax

As the boundaries of this municipality are the same as those constituency of Alexandra, which he represents, Mr. Aalborg appealed to the ratepayers for their views to further guide him in his capacity as a member of the Government of Alberta, and to the Cabinet. Mr. Aalborg also pointed out that a great deal of the discussion carried on that day was of a nature that would be more fitting at the annual school meetings which seem to be very poorly attended in this area. He then went on to explain that the Municipal Assistance grant, which is paid to all M.D.'s in the province out of the provincial revenue from the gasoline tax in Alberta, accounted for $130,000 of the municipal revenue. The maximum grant obtainable by any M.D. is $130,000.

COLLECTION OF UNION FEES FAVORED

Moved by Mr Ralph Wilson, seconded by Mr. Karl Markland, that:

"Whereas the Farmers' Union of Alberta has as its objective the welfare of rural people, and

Whereas they have requested an amendment to the Municipal Act to permit the collection of their membership dues along with taxes, and

Whereas such a system of collection would be entirely voluntary with each ratepayer signing a regulation form requesting his dues to be collected in this manner before such collection could be made, and furthermore that each ratepayer could revoke such a requisition at any time, said

Whereas the Farmers' Union of Alberta has agreed to recompense the municipalities for the extra work that would be involved on a basis satisfactory to both parties.

Therefore be it resolved that this meeting go on record as supporting the proposed amendments to the Municipal Act and instruct its constituency to submit the action known to the Department of Municipal Affairs."

Some discussion followed this resolution which was then put before the ratepayers for a vote and carried.

The field supervisor gave his report and this appears in full elsewhere in this issue.

It was suggested by ratepayers present that the Field Supervisor include a report on seed cleaning plants in this area with his report in future years.

ASK FOR RE ASSESSMENT

"Moved by Mr. Hale, and seconded by O. H. Quist that we ask for a re-assessment in this M.D and the old assessment be used for 1957. Lively discussion generated out of this motion, and the reeve was asked as to what recommendations, if any, had been made to the Assessment Commission after their recent sitting in this Municipality. The Reeve stated that as of this date no recommendations had been received. Mr. Aalborg was then asked if he held any optimism that there would be any reduction in the present assessment. Mr. Aalborg replied that he could not say definitely, but that he would do his best to see that the assessment was reduced.

TEA, APRON SALE

St. Saviour's W.A. will hold a spring tea and apron sale on Saturday, May 4th in the parish hall. 9-3

With regard to the recent sittings of the Alberta Assessment Commission, Mr. Aalborg pointed out that, although no word had been communicated to the M.D. he was under the impression the Alberta Assessment Commission was awaiting the report of the 1957 Court of Revision. By combining the results of their findings with the decisions given at the Revising Court of Revision, they would be in a better position to judge whether or not inequities, in fact, result from the recent general assessment. The motion of Mr. Hale and Mr. Quist encountered considerable opposition, but was carried.

At this point in the meeting a great majority of the ratepayers were leaving the hall, indicating that perhaps the Council should investigate measures that could be taken affording the ratepayers a longer period of time for discussions at the annual meetings.

PENALTY ON TAX ARREARS

"Moved by Mr. A. Hancock, seconded by Mr. J. Hale, that the penalty on arrears of taxes set by the 1957 Act be the same as the past, but calculated only on the amount of those expressed in parts of a year in which taxes are in arrears, providing the Dept. of Municipal Affairs permits." This motion was carried.

ASK FOR QUALIFIED ROAD ENGINEER

"Moved by Mr. H. N. Knoen, seconded by J. Hale that the Council of the M.D. of Vermilion River No. 71 appoint a qualified road engineer to have complete charge of all municipal road work within the limits of the said municipal district. This superintendent to have his instructions from, and be responsible to, the Council as a body, and not any individual member of the Council."

This motion was carried by the ratepayers present.

"Moved by Mr. R. C. Galloway seconded by Mr. J. Hale that we ask the Council to explore the possibilities and to support the idea that some other way of financing gravel be found, so as to equalize the costs to all working people."

This motion was carried.

About 6:30 p.m. it was moved by I.D. Inman and seconded by Wm. Shoreyko that the meeting adjourn. Motion carried.

Your Future is Here... In Alberta

IN CASE YOU'RE WONDERING how there could be more books in your hometown community library, you might want to know that the association is The Library Act. Last year, there was an appropriation of $97,000 set aside by administration of the Act. A grant system is provided to approved libraries consisting of an establishment grant of $1.00 per capita for regional libraries and annual grants of 25 cents per capita or matching book grants of up to $600 for books and $50 for periodicals.

OIL WELL DRILLING has been called nonchalant a risky business from the financing standpoint. It also could be a risky business if the men engaged in production were not regular and exacting in safeguards employed by the drilling companies and generally enforced by their own safety men. Despite this supervision there is a feeling of responsibility to Alberta citizens on the part of the Department of Industry and Labor, in seeing that these safety factors are present and operating. As result, there is a rigorous system of inspection, from derrick top to sludge pit, undertaken by Inspectors from the department. The result is a remarkably low incidence of accidents for oil workers in this province.

THIS IS ONLY ONE INDUSTRY that has its safety precautions checked and re-checked by the department. All elevators, all factories where there is employment, in fact, all facets of industry in this province come under their competent and conscientious inquiry under the eye of the Department's inspection branch.

Words for "Your Alberta" equals most words.

Auditor's Certificate

I have examined the books and accounts of the Vermilion Municipal Hospital District No 2 for the year ended December 31st, 1956. My examination was conducted in accordance with generally accepted auditing standards and included such tests and other auditing procedures as I considered necessary in the circumstances.

In my direct verification of patients accounts receivable has yet been made and inventories are included in the attached statement on an estimated basis.

Subject to the above comments on patients' accounts receivable and inventories I report that, in my opinion the accompanying statement of financial position and the related statements of revenue and expenditure and application of tax requisitions and proceeds from sale of contracts, present fairly the financial position of the Municipal Hospital said Municipal Hospital District as at December 31, 1956, and the results of their operations for the year ended on that date.

350 Attend Alumni Re-union At School of Agriculture

ALUMNI RE-UNION

Well over 350 persons attended the annual Alumni Open House Dance at the V.S.A. last week. The occasion allowed for the many students from all classes over the past twenty years to meet old mates who had not met since their graduation and to renew opportunity to visit and renew old acquaintances.

The beautifully decorated gymnasium of the school and the popular music supplied by the Beaubiens Combos provided all that the people needed to make this event a most successful social highlight of the season.

PUBLIC SPEAKING CONTEST

The annual public speaking contest brought forward a total of nine students to compete for the coveted trophy which now bears the names of winners each year since 1948.

Contestants included Johnny Kamples of Gibbons; Lois Olsen, Sawtl; Allen Featherstone, Langford Park; Carman McGhan, Edmonton; Jim Hook, Kamloops, B.C.; Anna Sebeda, St. Albert; Ray Manchuk, Waugh, Herb Irish (President), Arne Carlson, Cwynne

Topics selected proved most interesting and the speakers also played exceptional ability. Floor manager was Gordon Hamilton and straight-forward presentation of floor views and ballots provide a most interesting program.

EXPENDITURE

Five teams are entered in each of the leagues of Vermilion Curling Rink in Two Hills, Vegreville, Chauffeur, Wainwright, Vermilion and the School of Agriculture.

The general public will have the opportunity to see the final games in the V.S.A. gym Saturday evening between 7 and 9 o'clock.

GYMNITE MARCH 23

Interest in Physical Education and Sports at the V.S.A. currently centered on preparation for the display that will be presented on Saturday evening, March 23.

Classes under the direction of Miss Ruth Hall have prepared a program that will feature acrobatic sensations, pyramid work and other gymnasium exercises.

Kitscoty Pupils Pass Music Exams

KITSCOTY. — At the recent Royal Conservatory of Music of Toronto theory examinations held in Kitscoty, the following pupils of Mrs. Elsie Batty were successful in obtaining the following standings:

Grade 2 Flint Class Honors — Mary Mihalkewon of Vermilion; Phyllis Kent and Janet Cwanson, both of Marwayne

Grade 2 Honors: Dennis Duckering, Kitscoty.

In Edmonton at the examinations held by the Conservatory Janet Kent of Marwayne was successful in obtaining First Class Honors in singing, Gr. 5.

Former Islay Lady Dies In Edmonton

Mrs Emma Selina Olds, a lady who had lived in Islay and district for thirty years, passed away in Edmonton March 7th after a lengthy illness. She was 75 years of age.

Mr and Mrs. Olds moved to Edmonton in July of 1956 and resided at 12240 86th street.

Surviving members of the family are her surviving husband Henry, one son Douglas at Hilliard and eight daughters: Mrs. F. Belcher, Islay, Mrs. A. Dekken, McLaughlin, Mrs. A. Sheffler, Hyde, Mrs. H. Riley, Edmonton, Mrs. B. Grossman, Vegreville, Mrs. A. Dawson, Vermilion and Gladys at Edmonton. Also surviving are 27 grandchildren, 4 great-grandchildren and two sisters at Rosetown.

Funeral services were held at the Funeral chapel, 10564 — 124 Street, Edmonton, on Monday, March 11 at 2 p.m. with interment following in the Islay cemetery. The Rev. C. W. Hicks, Rector of Vermilion officiated. Morris were in charge of the arrangements.

Gloria Weaver Is Crowned Queen At Mannville Carnival

MANNVILLE On Wednesday, March 6th Gloria Weaver was crowned Queen of the Mannville Ice Carnival by Mayor A. E. Williams. Her attendants were Dorothy Gardner, Iris Seiver and Marg Schebel. Calle Hilsdoff and Bruce Nesbitt were crowning bearers. Rev. Cessie Mann carried the crown. The Queen and her attendants were escorted to the throne by Kenny Smith, Ronnie Dan Cameron, Ronnie Hilsdoff and Ronnie Nesbitt. Each escort carried a bouquet of red roses.

Following the crowning ceremonies, curling, broomball, skating and skiing races took place with keen competition. Results were as follows:

Grade 2 Girls Broomball — Group I: 1st Girl Mercer 2nd Marjorie Winters, 3rd Jerry Hathorn; Group II: 1st Lorna Ross and John Bolsinger, 3rd Marion Scott, Bolsinger; Group III: 1st Lynda Schumann and Janet Clark, 2nd Susie Woodward and Pat Thompson and Dianne Allison and Donna Majeski.

Various events in the Grade 5 girls his ken game between the Pepsi and the Pops. The Pops won 6-3 in favor of the Pepsi. Penalties were frequent, with spirits and a swing and a miss all added much interest to the battle.

In spite of the first cancellation the carnival was a success and successfully. Special thanks are extended to the Grand Trunk and all who contributed to its success.

Famous Band To Give Concert Here March 23

Vermilion Branch of the Canadian Legion has arranged with the R.C.A.F. band to give a concert in Vermilion Very likely the date will be March 23rd. As everyone knows this is one of the finest military bands in Canada and everyone should take advantage of this opportunity to hear them.

It is hoped that there will be a good turnout of Vermilion and district people for this event, as the ratio in attending a concert presented by the P.P.C.L.I. band, in cities and larger towns auditoriums of more than a thousand music lovers have attended these grand concerts.

The Lord's Day Alliance of Canada serves from coast to coast. It has provincial branches. It was first organized in 1888.

Lashburn Rink Wins Challenge, Locke Tops Second Competition

By Margaret Bentley

Mrs. B. Thompson of Lashburn defeated the Bowman rink of Dewberry, to take the Grand Challenge Cup in the Ladies' Curling bonspiel held on Tuesday and Wednesday of this week. The other curlers on the Lashburn rink were Mrs. Ralph Stevenson, Mrs. Jim Flak (formerly of Vermilion), and Mrs. Harry Rendek. The Bowman rink was skipped by Mrs. H. McKnight, who substituted at the last moment for her mother in a very able demonstration of curling skill. Her rink mates were Mrs. L. Dunstig, Mrs. G. Ewen and Mrs. J. Sakala.

VERMILION WINS IN PRO VINCIAL FINAL

In the second competition, played for the Professional Shield, two local rinks, skipped by Mrs. Jack Locke and Mrs. G. Carson, played the final late Wednesday afternoon with the Locke rink taking the shield. Playing with Mrs. Locke were Mrs. D. Bennett, Mrs. C. Cawthorpe and Miss Doris Schmidt. Mrs Carson received prizes for the runner-up rink of Mrs. John David, Miss Lila McCrisk and Mrs. Herb Brebrooke.

FINALISTS IN MERCHANTS

Mrs. Sparkes of Lloydminster defeated Mrs. Le Lacheur in the Buffalo Coulee club to take first place in the Merchants competition. Both these skips had taken top honors during this Eaton playdowns about a month ago to win a place in the provincial finals. In the semi-finals of the Merchants' event the Lacheur rink had won over the only other ladies' rink from Lloydminster, Cooke entered in the spiel, the Pheasey quartet, to gain a berth in the finals.

CITIZENS' EVENT

Two out-of-town rinks, O'Connor from Lashburn and Mercer from Lloydminster, played the final game in the Citizens event with O'Connor taking the honours.

There were 25 rinks entered in the Vermilion spiel, eight of these being the full complement of sheets available for play. The curlers from out of town represented a wide area, coming from Mannville, Buffalo Coulee Wildmere Vegreville, St. Paul Edmonton Kitscoty, Lloydminster, Wainwright and Dewberry. The draw was ably managed by Al Locke and Lorne Perfect. the four competitions being completed for an entry of 25 rinks in two days, with the last final played Wednesday evening.

ENJOYABLE BANQUET

An excellent turkey banquet prepared and served by the Legion Auxiliary took place in the Legion hall on Tuesday Mrs. Locke, president of the Vermilion unit, was chairman for the banquet entertainment which included a humorous song by Mrs. M. Shalka and Mrs. E. Curley. This was followed by a most enjoyable solo by Mrs. Shalka. The curlers were given an opportunity to sing too, in a song led by Mrs. Shalka. Mrs. W. Bell proposed the toast to the Queen, and Mrs. D. Maxwell toasted the visitors. The reply given by Mrs. M. Mercer of Mannville. The forthcoming draws were announced by Lorne Lester. Jack Puckett, a full slate of curling enthusiasts attending, having been arranged Mrs. K. Greenwood was the convenor of the committee in charge of arrangements for the banquet.

Open Mixed 'Spiel To Start Monday

An open mixed bonspiel will start on Monday evening March 11th at the Vermilion curling rink commencing drawn at 8 p.m. and resume afternoon. The bonspiel is open to members of the curling club and their friends. Entries close Monday noon and two spots Make up your rinks and give your entries to Lorne Puckett, ph. 384 or Ken Wilson, ph. 284 as a good spiel is hurry with these entries.

Mr and Mrs John A M Craig returned to Prince Albert on Tuesday after visiting for a few days in Vermilion, guests at the home of their daughter and family, Mr and Mrs R. M. Stewart.

RED CROSS BLOOD TRANSFUSION SERVICE SAVES LIFE OF VERMILION WOMAN—

Value of the work carried out by the Canadian Red Cross was vividly demonstrated at the Vermilion hospital last week when blood for transfusions was rushed from Edmonton after midnight by two lady Red Cross workers. The transfusions saved the life of a Vermilion woman, Lucille Beaugard.

Towards the dead of night Mrs. Beaugard was found to be hemorrhaging badly. It was too late to catch the train which would have brought the life-sustaining blood for transfusions to Vermilion by 3 a.m. Due to Mrs. Beaugard's great loss of blood it was unlikely that she would have survived until a car could have made the long return journey to Edmonton.

Red Cross headquarters in Edmonton solved the vital problem. Following a telephone call to them two young lady Red Cross workers were roused, and even though it was midnight, set out for Vermilion with the blood, collected, stored and supplied free by the Canadian Red Cross Blood Donor service. They arrived in good time, delivered their precious parcel stayed only long enough for refreshments and then left on the return trip in order to report for their work at the usual time in the morning.

In the meantime the transfusions were given to the sick woman. She began to improve and continued to do so. In a few days she was able to be taken to an Edmonton hospital for an operation. It is now several days since the operation and Mrs. Beaugard has made wonderful progress towards recovery.

It is coincidental that such an evidence of the work of the Red Cross should occur during the 1957 Red Cross drive for funds in Vermilion, but such life giving incidents are happening some place all of the time. It is your donation to the Red Cross which makes the Blood Transfusion Service and such life-saving stories as this possible. Give more than you intended when the voluntary Red Cross canvasser calls.

BEAUTIFUL SNOW FALL

About one year ago now no one had one tiny good word to speak for the abundant snow at that time. Not so over the week end when 7.1 inches of the beautiful fluffy material covered the earth here with twice as much snow as we have had all winter. Even though it made travelling a bit difficult in spots remarks were heard on every hand on the very welcome snowfall. A variety of reasons were advanced — the moisture in the spring will be welcome and decidedly needed, it was required to keep the summerfallow from blowing; the pot holes and sloughs will be full in the spring and thus help the ducks in the nesting season; it will provide a supply of lovely soft water to fill up our lake, which, by the way is very low at present, due to some bad leaks in the spillway; and then snow has been scarce this winter and coming now it can't stay around very long. No doubt about it, Nature hit the jackpot this time, pleased practically everybody—and that's a mighty tough job!

WILDMERE WINKS

Wildmere W. A. held its March meeting Thursday evening last at Preston Central School. The meeting opened with Mrs. Holte, president, in the chair, and she read a few chapters of Companion to the Catechism. Visitors to the meeting were Rev. MacKay, Mrs. [illegible] Mrs. A. Tovell, Albert Holte and Frank Gibson. Mrs. Hughes had the devotional period. She chose "World's Day of Prayer" which was to be held on March 8th, a very interesting paper. The W. A. plan to hold their Easter church service on Sunday, April 14th. After the business was over, Rev. MacKay and Mrs. Wear gave talks that enlightened the church board and W. A. The Wildmere board is to meet with the Auburndale board some time in the near future. At our W. A. in April Mrs. Hughes had the devotional period and Mrs. Howard is to serve lunch. Our president heartily welcomed our visitors and hopes they attend soon again.

The Students Council dance put on by the Preston Central school pupils was held at Rosewood community hall Friday evening with a large crowd attending. Roberts orchestra from Wainwright furnished the music. Danny Watt, Chas. Sweeney and Jack Veitch all helped in being emcees. The pupils, teachers, mothers and fathers are to be heartily thanked for the good time enjoyed.

A ladies rink comprised of Mrs. Cruthers, Mrs. Howard, Mrs. Gibson and Mrs. Martin are curling in the Vermilion 'spiel this week.

Margaret and Doris Fadden were visitors with their parents, Mr. and Mrs. L. Fadden over the week end.

On Wednesday evening the Wallingtons called for a short visit at the Harold Friesen home in Wildmere where a pleasant evening was enjoyed.

On Sunday Peggy Graham was one among many caught in the traffic jam on the slippery Vermilion River hills. She tried to get home but just [illegible] get up the south hill, so [illegible] and then couldn't get up the north hill. She spent three hours before getting up and returning to Elk Point again.

The writer had tea [illegible] Mrs. Stone, Mrs. Wiley and [illegible] Shattuck of Kitscoty, also [illegible] Mrs. Moore and Edna and [illegible] Mrs. C. Cruthers on Saturday.

Mr. and Mrs. Fred Haines and family and Mrs. Randall visited the Wallington home on Sunday.

Saturday evening Mr. and Mrs. R. Martin of town had a party for Don Gibson who was leaving for his home at Woodside, Man. on Sunday from Wainwright. Three tables of canasta were enjoyed. Mr. and Mrs. Cliff Cruthers won consolation prizes.

Mrs. Arthur Tovell of Chatsworth visited last week with her sister Mrs. Hughes of Preston Central school.

"GREEN ACRES"

GRASS SEED ORDERS

Two weeks ago it was announced that farmers can deliver grain on the quota in paying for grass seed as well as registered seed. There are several agents in this area for the Alberta Seed Growers' Co-Op.: Gordon Ross, Feed Mill, Vermilion. Seed Cleaning Plant at Marwayne and Paradise Valley: and the Municipal Office, Mannville. Also Roy Jory, Vermilion is agent for the Canada West Seed Co.

RUST ON FLAX

Flax rust almost destroyed some fields of flax in this district last year. The old reliable Red Wing variety is susceptible to flax rust so it looks like we will have to give up growing Red Wing and use either Marine or Raja if we are going to get away from the rust menace.

WARBLE FLIES

Now is the time to kill the warble fly grubs. When bumps on the backs of the cattle show a scab and underneath the scab there is an air hole it is the time to scrub derris powder into these holes to kill the grubs. Derris Powder can be bought at any drug store. The instructions are on the package. Why not kill the warble flies now and save up to $10.00 per animal for next year?

ORDERING BULLS

In Vermilion River M.D. farmers can get a bonus of 15% on purebred bulls bought through the department. A farmer can pick his own bull but he must not take him home until he is inspected on the seller's place. Bulls can also be bought under this plan at bull sales but the application must be signed and handed to the bull buyer or to the District Agriculturist before the sale starts. The bull buyer must buy the bulls under this plan at the bull sales.

QUALITY IN PIGS

At last farmers in this district seem to be taking some pride in the top grading pigs they are raising. They are making more money also when the pigs grade "A". In 1956 the average was 21.2% grade "A" pigs in all Alberta. In this district (Crop District 10) it was 22.2%.

SEED TESTS

Some samples of oats have tested around 30 to 60% germination. These oats looked alright but did not stand up to the germination test. It would appear that all seed should be tested this year. It can be done at home in the kitchen or handed to your elevator agent.

Health Unit Notes

PREPARING THE CHILD FOR REGULAR DENTAL CARE

By the time Junior is 2½ or 3 years of age he is ready for his first of many regular twice-a-year visits to the dentist.

Why start so young? Cavities don't wait for children to grow up. Sixty per cent of three-year-old children already have tooth decay. If these cavities are filled while they are small, they won't get big. If they are neglected, the child may lose some of his first teeth before the permanent ones are ready to come in. This often means that the second teeth are crooked, making it easy for tooth decay and gum disease to develop.

Many mothers don't realize that the primary teeth are far less sensitive to pain than permanent teeth, and small fillings are practically painless. It's a good idea to start your child on the habit of regular dental visits at an age when they can be pleasant experiences. The child who makes a friend of his dentist at an early age, and who keeps having the teeth repaired while decay is in the first stage, will never fear dental work.

Tooth decay is most active during childhood; yet it is then that the growth of the teeth and jaws goes on. It will save many discomforts and [illegible] in later years to see that the child's teeth are always in first class condition.

Regular maintenance of the teeth usually makes it possible to bring a child to adulthood without the loss of a single tooth. In Canada today, the average 16-year-old has already lost two permanent teeth. This is needless, and is often the cause of teeth growing crooked, not meeting properly and not being able to chew well. Neglected mouths often suffer from gum disease too, and it is a tragic, but not uncommon sight, to see people in their early twenties with complete sets of false teeth.

It is mother who makes the [illegible], and it is also [illegible] who prepares her child for his dental date. It should be treated as a matter of fact, not a subject for discussion. It should be described like any other excursion, above all, a mother should not give her child the idea of fear. Many adults like to exaggerate their sufferings in the dental chair, which may have been real enough in the days before local anaesthetics were widely used. Never frighten your child by tales of torture, or threats of the drill or anything else so silly. If you do, you will be storing up trouble for him for yourself.

It is not hypocrisy, but quite true, to tell your child that if he goes to the dentist regularly and looks after his teeth at home, he will enjoy his dental visits. Children brought up this way look forward to a session with their friend, the dentist.

Never try to fool your child. Don't tell him you are "just going downtown", then suddenly swing into the dental office without warning. If he is faced with corrective work, like straightening the teeth, don't pretend that it won't be a nuisance. If your child trusts you, he can take the bad news.

Of course you have been telling your child to brush his teeth or rinse his mouth after every meal even since before he first had teeth. But now the dentist will tell him too, and Junior will begin to think that maybe there's something to it. It will be years before he will brush his teeth without urging, but it should be possible before long to have him head for his toothbrush at the first reminder.

The reason it is so important to brush your teeth immediately after eating is that tooth decay is caused by acids produced by bacteria feeding on sweet food particles in the mouth. Brush them right away, and you've brushed out the possibility of decay.

Decay is increased by sweet foods — such as cake, jam, pies, and candy. Encourage your child to eat the foods for health: milk, [illegible]s, vegetables, meat, fish, eggs, cheese and whole-grain cereals. Limit his candy-eating to after meals, just before tooth-brushing.

Mr. and Mrs. J. Horricks Honored On Fortieth Wedding Anniversary

MANNVILLE — Some seventy friends and relatives gathered at the home of Mr. and Mrs. Joe Horricks on Saturday, March 2nd to pay their tribute to them on their fortieth wedding anniversary.

Mr. and Mrs. Horricks came to the Mannville district thirty odd years ago and settled on their farm in the stony Creek district. They have two sons, six daughters and twenty grandchildren, of which one son, three daughters and ten grandchildren were present at the gathering. Two brothers and one sister of Mr. Horricks from the city also attended. The bride and groom's table was laid with a beautiful knitted cloth made by Mrs. Horricks and centred with a traditional three-tiered wedding cake made by the two daughters, Mrs. James Goshko and Mrs. Ed Snaider of Mannville.

Among the beautiful gifts presented to the couple was a hostess chair, magazine stand and smoker stand from the family. Mr. A. Upton, on behalf of the neighbors and friends made a presentation of a beautiful table lamp.

Mr. Jory of Vermilion proposed the toast to the very fine couple and wished them many more anniversaries, to which both Mr. and Mrs. Horricks replied and thanked everyone for the gifts, cards and good wishes, but above all for the cherished friendship through the years.

Delicious refreshments were then served to close a happy evening.

Guests present from out of town included Mr. and Mrs. Geo. Horricks of Edmonton, Mr. and Mrs. John Horricks, Mrs. Ernest Stanton and Mr and Mrs. James Stanton of Westlock.

Mannville Legions Win Juvenile League Trophy

The handsome Vermilion Hotel trophy, emblematic of Eastern Alberta Juvenile Hockey league supremacy, has found a home in Mannville for 1956-57 season.

On Tuesday evening, the Dewberry Eagles and the Legions hooked up in the third game of the best-of-three final and it was a thriller. After 19 minutes and 45 seconds of overtime play, Prior scored the winning goal for Mannville, on an assist from Modin.

For two and one half periods the Legions played brilliant hockey and had built up a 4 to 1 lead. At this time, however, the Dewberry boys, who gave the appearance of being men-on-a-mission, came to life and rapped in three quick goals to force the overtime session.

In the first ten minute bargain period there was no scoring and the second such extra frame had all but elapsed before the issue was finally settled. The Eagles scored a goal in the sudden death second overtime period only to have it called back and disallowed when Mannville were penalized for having too many men on the ice. The official's whistle was not heard above the din of the fans as the Dewberry rush converged on the Legion's goal. It was several minutes before the pandemonium was quelled and the game resumed.

Both teams played it hard and fast from the initial face-off and some of the best offensive and defensive gems of the entire season were crowded into this final effort. The Legions were shorthanded time and again as a result of eleven penalties but their penalty-killing antics were a real pleasure to watch. J. Jones was the outstanding man on the ice for the visitors, but the boys all turned in a real game. For Mannville, Willis' sterling play both on defence and in organizing rushes was by far the best attempt put forward. The Pony Line was as usual dangerous every time out and the second and third stringers were in there as never before, evidenced by their scoring of the winning counter. It was an entire team effort on both sides and neither should feel too badly about losing nor too effervescent over winning since one small break either way in the overtime periods could have settled the matter.

This game followed on the heels of another overtime game played on the Mannville freeze on Thursday, March 7 when the Eagles walked off with a 6 to 5 win.

At the conclusion of the game Mr. Martin Shalka of the Vermilion hotel presented the Captain of the Legions, Danny Hasinoff, with the trophy.

So now the inaugural year of the Eastern Alberta Juvenile Hockey league is a matter of the past. Several situations have arisen for which the League was not prepared, but with this earned knowledge in the minds of all concerned, next year should prove to have a much more harmonious strain, and the league [illegible] smoothly. If a fifth team could be added to the four now comprising the circuit and maintain a juvenile status in its player roster, this league then will have brought a much-needed stimulus for the cause of organized sport among the towns and villages in this part of the province. The sponsoring organizations that have put teams in the league for the 1956-57 season are to be congratulated for their splendid efforts and the public should feel urged to attend to it that they will be on hand next season right from the start to support both the sponsoring bodies and the teams.

Final game statistics for the Mannville Legions were as follows:

Player	G	A	Pts	Pen
Scoggins				2
Gerhart				2
Manz		1	1	2
Manz		1	1	2
Croft	1		1	2

Report from The Alberta Legislature

— By KEN MASON —

EDMONTON. — Dividends and liquor made headlines in the Alberta Legislature last week. The Social Credit government's oil and gas royalty dividend plan cleared its first major hurdle when the House defeated a Liberal non-confidence motion attacking the "share-the-wealth" scheme.

The first battle over liquor ended with the House formally receiving the contentious report of its special liquor committee, but there still appeared to be strong opposition on both sides of the assembly to its major recommendation—that there be no new outlets for liquor.

Social Credit members voted in a solid block and handed a 36-22 defeat to the dividend non-confidence motion. Only a handful of Social Credit-ers spoke in support of the plan, but they made it clear they all like the idea.

Opposition forces, on the other hand, made it clear they intend to fight the dividend plan right down to the wire. The only Opposition member who voted with the government was the Independent Social Credit-er from Leduc, R. Earl Ansley, whose heart is still with the members on Mr. Speaker's right.

Liberal leader Harper Prowse introduced the non-confidence motion when he launched debate on the $285,000,000 budget. He summed up Opposition feeling toward the plan when he pointed out that the money could have been used for welfare, education, schools, hospitals, roads, or to assist municipalities.

The Opposition leader also branded the plan the "final act of irrevocable folly," called it an "insult" to Albertans, and asked how such a thing could be considered "when there is so much that needs to be done."

An argument so far unanswered by the government was advanced by W. J. C. Kirby, Conservative member for Red Deer. He said that if the government has met all its obligations and still has $11,000,000 left over to pay dividends, then it has a surplus.

If there is a surplus, he said, then the government is extracting more money from the people in taxes than it has a right to do. Therefore, he reasoned, the people will be paid the dividend at their own expense. He urged the public to express disapproval by refusing to register for the dividends.

The case for dividends was expressed by Hon. F. C. Colborne, minister without portfolio, who said the plan will do nothing more than distribute money which is the people's by right.

He said the plan in effect is a tax rebate scheme. If a man and wife have property taxed at $400 and they receive $40.00 in dividends, it will amount to a 10 per cent tax reduction. If the same two have property taxed at $200, the tax relief would be 20 per cent.

Mr. Colborne pointed out that the Opposition has no objection to tax relief, and he added the Alberta plan would give most relief to those who have the least. He also emphasized that it is not a true Social Credit dividend because it is not based on monetary reforms. This remark just may have been directed to some of the back-benchers on the minister's side of the House, because a few have been hailing the plan as fulfillment of the 1935 promise.

LIQUOR DEBATE IN THE HEADLINES

The liquor debate ended with no clear indication of the outcome. There appeared to be a leaning on both sides toward the idea of a province-wide plebiscite to let the public decide. Out of 22 members who spoke, 16 did not concur with the major recommendation, that there be no new types of outlets.

However, the liquor question is such a hot political potato that everyone seems afraid to make a move. Privately, some Social Credit-ers say a motion calling for a plebiscite would pass if an Opposition member introduced it and called on a Social Credit member to second it, thereby keeping it non-political. The only thing certain is that nobody wants to take the blame.

Premier Manning of course has concurred in the report. And while saying he personally wants no relaxation in liquor laws, he urged everyone to vote freely without regard to party policies.

The house last week also voted down two opposition resolutions. One, proposed by Richard Hall, Liberal [illegible], was the perennial one calling for a provincial Hansard or verbatim record of debates. The other was a Conservative motion for establishment of an indemnity fund to compensate livestock producers from damage caused by hunters.

Politics aside, an interesting publication has come to our attention. It is an 84-page book tracing the history and progress of the Leduc district— the district which launched Alberta's oil boom.

Compiled by a committee, the book gives a picture of the Leduc area from before the railway arrived in 1891. The biographical section deals with many pioneer families, and settlements within the area are also covered. The editor-in-chief was C. H. Stout, of Edmonton, a retired newspaperman, who homesteaded west of Leduc.

Juvenile Hockey League Completes Very Successful Initial Season

The Eastern Alberta Juvenile Hockey league completed its first season of operation on Feb. 9th, 1957. The team standings were as follows: Kitscoty, Vermilion, Mannville and Dewberry.

During the twelve game schedule the league executive found that many situations arose which had neither been anticipated nor provided for. However, it was expected that there would be such problems to be faced and as each presented itself an attempt was made to satisfy the parties concerned. By experience it has been learned that a constitution must be drawn up before the league resumes play next season.

It is hoped that 1957-58 will see the league functioning with greater efficiency and increased enthusiasm.

Certainly, the weatherman has been most co-operative this season, especially with those clubs who are dependent upon outdoor ice surfaces. Fan support has been good throughout the four participating centres and it is anticipated that each club's supporters will increase as the league becomes more firmly established.

Special commendation is due the Vermilion Athletic Association for initiating the E.A.J.H.L. idea and especially to Tom McPherson and Fred Stewart, members of the V.A.A.A. for the time and effort donated to a worthwhile undertaking. To all the officials, goal judges, timekeepers, official scorers, etc., the league executive expresses its appreciation for the help given and the interest shown.

Statistics for the play-off games will appear next week.

A special "Thank You" is extended to the staff and editor of the Standard for the excellent publicity given the league during the schedule; to Mr. E. Clendenning for his "shirt trick" and to the Vermilion Hotel for donating a league trophy, a sincere expression is due.

Rotary Club Honors High School Student

The Vermilion Rotary Club with Ed. Corley in charge of the program stressed the value of Education Week in Canada when at the March 8 luncheon Miss Olga Ulan was the guest speaker. Other guests included Miss Eileen Bauer, Grade 12 student, Vermilion High School, who accompanied Miss Ulan; and Rotarian John Craig of Prince Albert.

The speaker was introduced by Si Simonson who stated that while now completing Grade 12 at Kitscoty High School, Miss Ulan was an outstanding student, having been awarded the Governor General's medal for Grade 9, while attending a rural school. She was now planning to enter the Faculty of Education, University of Alberta at the next session.

Miss Ulan thanked the Vermilion Rotary Club for the financial assistance which had helped to make possible her attendance at the Fourth Annual United Nations Summer School at Banff for one week in August. This course is sponsored by the Alberta Branches of the United Nations in Canada with the co-operation of the Department of Extension, University of Alberta. Miss Ulan's address proved that she had obtained some accurate knowledge of the United Nations as a world force for enduring peace and of its work in economic and social problems. Referring only briefly to her notes, she appeared to enjoy the opportunity of relating her experiences at Banff to the gathering and her pleasing manner captivated her audience.

Lectures were briefly reviewed on "Man's Search for Peace," "Comparative Cultures" with particular reference to Russian culture and the Communistic bloc, and "World Geography" with reference to Russia and her satellites.

Miss Ulan urged that a Vermilion high school student attend the 1957 course.

Following the luncheon Miss Ulan visited the high school where she addressed the student body.

Mannville Old Timer Passes Away

MANNVILLE. — Word has been received of the death of Mrs. Sam Johnston of Saskatoon. She would have been 94 this July. Mrs. Johnston lived with her sister Mrs. Wilson, until she became blind, then she entered a nursing home where she remained until her death.

Mrs. Johnston was one of the pioneers of this district, coming here with Mr. Johnston from Humboldt, Sask., about 1910. Both Mr. and Mrs. Johnston were very active in church affairs, the Orange Lodge and civic affairs. Mr. Johnston passed away in 1932 and Mrs. Johnston carried on in the furniture store until 1940 when Mr. and Mrs. R. S. Johnston took over the business and Mrs. Johnston moved to Saskatoon.

She is survived by her son Russell, one sister Mrs. Wilson of Saskatoon and one brother in the U.S.

Funeral services were held in Saskatoon on Thursday.

OBITUARY

GEORGE DOUGLAS CAVIL

George Douglas (Dougal) Cavil of Dewberry, aged 73 years, passed away in the Vermilion hospital on March 10th. Funeral services will be held on Friday, March 15th at the First United church, Vermilion, with interment in the Vermilion cemetery. The Rev. C. W. MacKay will officiate.

Mr. Cavil is an old timer of this area as he homesteaded in the Landonville district in 1906. For the past five years he has lived with his brother William at Dewberry.

Surviving members of the family are his brother William, two sisters, Mrs. R. B. Conacher of Toronto, and Miss Jessie B. Cavil of Montreal.

Moyer's are in charge of the funeral services.

WILLIAM NETTLETON

William Nettleton, well known and respected resident of the Clandonald district since 1911, passed away on March 7th at the Elk Point hospital. He was 79 years of age.

Predeceased by his wife in 1920 he is survived by two sons, Edward and John, both of Clandonald, and four grandchildren.

Funeral services were held on Tuesday, March 12th at St. Saviour's Anglican church, Vermilion at 2 o'clock in the afternoon. Interment followed in the Vermilion cemetery. The Rev. B. L. Brown of Clandonald officiated.

Moyers of Vermilion were in charge of arrangements.

MRS. KATHLEEN CRICHTON

Mrs. Kathleen Crichton of Kitscoty, aged 84 years, 11 months, passed away in the Lloydminster hospital on March 10th. She had lived in the province since 1906.

Surviving members of the family are one son Charles at Kitscoty, a sister Mrs. S. Emery in Calgary, and one brother in Idaho.

Funeral services were held in the Kitscoty Community hall on Wednesday afternoon, March 13 at 2 o'clock, and interment followed in the Kitscoty cemetery. The Rev. R. R. Smith of Lloydminster officiated.

Moyer's were in charge of the arrangements.

Agricultural Short Courses Held At Vermilion and Mannville

Two highly successful Agricultural Short Courses were held at Vermilion and Mannville from Feb 26th to March 1st inclusive. They were very well attended, with over 300 attending at each place during the three days. Topics ranging from livestock, field crops, etc. to farm records and farm business analysis were discussed by the speakers present.

All sessions at Vermilion were held at the Vermilion School of Agriculture, while those at Mannville were held in the Legion hall. A very welcome feature of the afternoon sessions were the refreshments provided by Mr. N. N. Bentley and his staff at the school, while the Ladies' Auxiliary to the Canadian Legion catered to those present at Mannville.

On Tuesday at 1:30 p.m. the official opening took place at Vermilion. Mr. Bentley welcomed those present, stating that he was very pleased to be able to assist in the operation of such a program and that the real value of an Agricultural School in the district was not realized unless it was used to the fullest extent. His Worship, Mayor Hall then officially opened the program by stressing the importance in keeping up to date in a changing economy. He expressed regret that there were not more present because he felt every farmer in the community could benefit from the talks given.

On Wednesday at 1:30 p.m. the official opening took place at Mannville. His Worship, Mayor Williams extended a greeting from the town to those attending. He stated that town and country people had a great influence on one another, and that close cooperation by both parties was essential for the best interests of all concerned. He also expressed the view that short courses such as these would help the farmer to solve their many and varied problems.

On the first day, Mr. J. Stothart, Superintendent of Lacombe Experimental Farm stressed the importance of proper breeding and feeding of swine in order to secure the greatest return possible. He also spoke briefly on the Lacombe breed of hogs, stating that they were developed to use in cross-breeding rather than to displace hogs already on the market.

In the afternoon session, W. H. T. Mead, Livestock Commissioner spoke on the breeding and feeding of beef cattle. He also mentioned possible performance testing in the future and its merits in the beef industry.

A. J. Charnetski, Livestock Supervisor for the Alberta Dept. of Agriculture then gave some very convincing reasons for raising sheep in this area.

The problems facing the small farmer were discussed by S. S. Graham, Assistant Director of Extension. He stated that the farm must be treated as a business and suggested several methods to help in becoming more efficient in production.

Dr. C. F. Bentley, Soils Dept., U. of A., discussed soils and fertilizer requirements under different conditions. He discussed the formation of soil and why we need to maintain it in the best possible condition. He also mentioned various ways of maintaining and improving the fertility of the soil.

Special Crops for the area was the topic discussed by R. L. Pharis, Supervisor of Crop Improvement and he mentioned various crops which could be grown here. These alternatives were needed because of the grain marketing situation, but he stated that our conditions were suited best for cereal production. Crops such as rape, flax, durum and forage seed were discussed with advantages and disadvantages of each mentioned.

Farm Law was discussed by F. J. Richardson and great deal of valuable information on wills and leases was obtained by those present. It was emphasized that it is highly important to have a will in order to save much confusion in case of death. The importance of having all leases in writing was mentioned in order to avoid disputes and embarrassment later.

Tillage implements were discussed by C. A. Cheshire, Extention Engineer. It was emphasized that we should endeavor to match the machinery to the size of the farm for most economical use of them. Various types of implements were shown and the place of each on the farm.

In a joint session with the ladies, a very important part of farm business, accounting, was discussed by N. N. Bentley, principal of the School of Agriculture. He outlined several very good reasons for keeping records and emphasized the usefulness of records when analysing the farm business. Complete records help a great deal in the calculation of income tax and it was noted that anyone with a complete set of records could fill out his income tax in about one-half hour.

It is still not known whether the age of a tree has any effect on the strength of the wood cut from it. Tests by the Forest Products Laboratories of Canada have shown no relationship between wood strength and the age of a tree but there is no definite proof that there is no such relationship.

Marwayne Hobby Fair Again Successful Event

The 6th annual hobby fair sponsored by the W.A. of the United Church was again, as in other years, a decided success. The interest of the townspeople and country folk still keeps up in that nearly 475 people viewed the many and varied exhibits. It was wonderful to walk around and see the variety and excellence of the handwork shown as well as the different collections, heirlooms and antiques.

The exhibits included knitting, embroidery, cut work, hardanger, crocheting, huck weaving, cross stitch, copper tooling, needle-point, petit point, glove making, wood work etc.

The Wolf Cubs received the certificate of merit for their display, all of which related to Cub activity. The Boy Scouts had a large display of knots; the F.W.U.A. put in separate articles in place of a group display; Mr. Spence had a display of garden oranaments and Wayne Hale of bird houses; Mrs. Dudlyke had a good display of the several banners she had made; the Explorers group had a map of the countries studied in their missionary program of S.E. Asia and some articles from each country; the CGIT group had a doll dressed in CGIT uniform and articles from countries studied at the meeting. Also with this was an interesting display of genuine Chinese articles owned by Mrs. Sam Wong. The beautiful plastic jewelry was made by a man in Vegreville. A beautiful large exhibit of copper tooling by Mrs. Rea shows what can be done at home in one's spare time. Mrs. Wm. Berenyk had a lovely costume of the Ukraine, showing a stamp collection started before 1861. Coins, and money exhibits, and rock collections were also on display, some of them gathered in this district and named. The Parker family showed trophies and ribbons won last year at the Lloydminster fair, the larger trophy loaned for the year and smaller one to be kept. This was in the glamour class for horse and rider. Exhibits covered a wide area from north of the river and as far west as Vegreville and Mannville.

Jean Leslie is to be commended on her display of cross stitch, tray and other articles.

The school work exhibit was much larger than other years and revealed a high degree of excellence. The pupils are fortunate in having teachers who are interested in the crafts. Cash prizes were given at the program for children under 12 years who won.

The lunch bar did a good business all day. Exhibits were on view until after 6 o'clock when all went to the community hall for a play "After the Chicken Supper" put on by some of the W.A. members (which was a riot); a showing of two films; sixteen grades 4 and 5 pupils sang and danced the rye waltz very creditably; the Explorers Group sang two songs and T. Person played the mouth organ and guitar which all enjoyed. Lloyd Berg showed the films and was the capable chairman for the program.

Mr. Buckingham and his assistant judged woodworking and photography; Mrs. Moore and Mrs. A. Rogers of Lloydminster the other exhibits. Mrs. Moore gave an informative talk on aids to exhibitors. Handicraft and hobby fairs take different forms in different districts and they do help people to find out what their neighbors are doing, to exchange ideas and improve standards. Plan now what you will make during the year for the next hobby fair.
